

## G DOCTOR 2791

### Chapter 2791: Truth

When she heard those words, Feng Jiu's eyes moved slightly and the smile on her face faded away gradually. She looked at Yun Xuexin, who lay on the bed stiffly, pale and weak, as she resisted the side effects of the medicine, and she continued to ask: "Then, was it an accident that you were attacked and injured? Or did you arrange it?"

When she asked those questions, she saw that Yun Xuexin's lips were bitten so hard that they were bleeding and blood was seeping out. Feng Jiu sneered: "Young Miss Yun, don't try to resist the real reaction in your heart. Come one, tell me, was it an accident? Or did you arrange it?"

"I arranged it.... Feng Jiu! What did you do to me?"

Her voice was stiff and trembling, her lips were bitten and stained with blood, and her red lips made her face look even paler.

She became weak and powerless as she shouted and tried to resist the words that came out of her mouth. It consumed her own strength and drained her of all her energy.

!!

"Tsk tsk!"

Feng Jiu stared at her and said: "I really didn't expect it! How can you be so cruel to yourself? When Mo Ze told me his doubts, I didn't believe him! I didn't expect it to be true. I really didn't expect it."

Her words made Yun Xuexin even more shocked and uncomfortable. She looked at Feng Jiu and bit her lips. She wanted to ask out loud but she was unable to.

Senior Brother suspected her? She did such a good job, it was so seamless. Why did Senior Brother still doubt her? Why? Why did he doubt her? If it weren't for Feng Jiu's tricks, no one would have known that she had arranged it. But Senior Brother, why would he doubt her?

"You're not a stupid person, how can you come up with such a plan? Did you think that Mo Ze would pity you for life because you are injured?"

Feng Jiu sneered. She stood up and looked at Yun Xuexin, who was lying on the bed unable to move, with her arms across her chest and said: "I don't like scheming people. Even though you are injured, but as this is of your own doing, you can't blame me."

"There is something wrong with your medicinal pill!" She gritted her teeth and said bitterly.

"Nonsense, if there was a problem with it do you think I would give it to you to eat? Do you think anyone can eat my medicinal pill?" She snorted coldly and gave her a condescending look.

Yun Xuexin was furious when she heard those words. Feng Jiu, how dare she do this to her!

“What? Do you not concede?” Feng Jiu sneered: “Even if you refuse to concede, it’s useless. You can’t beat me whether it’s in the light or dark.”

Feng Jiu retracted her gaze and looked at Leng Shuang: “Stay here and keep an eye on her. I will tell Leng Hua to arrange sending this woman out of the Manor.” If this was an accident, it would be different. But since she had arranged it herself, then she couldn’t blame her for doing this.

“Yes.” Leng Shuang responded. She was about to see Feng Jiu out when she heard Yun Xuexin’s voice behind her.

“Do you think my Senior Brother will believe a word you say?”

Feng Jiu, who was about to leave, stopped. She didn’t walk back, but she stood there watching her and waited for her next words.

“Men are all affectionate, especially to a woman as outstanding as myself. Do you think my Senior will let you drive me out? Do you think my Senior Brother will believe what I said earlier?” Yun Xuexin stared at her coldly as she attempted to sow discord.

“Let me tell you, I saved my Senior Brother’s life once, so to him, I am different!”

Chapter 2792: Person Who Came in the Night

Upon hearing this, Feng Jiu half-smiled at her as she looked at her: “You are really narcissistic, but you don’t understand my man and you don’t understand me.

After she spoke, she didn’t bother to look at her anymore and walked out. She said to Leng Hua outside: “Find a courtyard for her and send her there.”

“Yes.”

In the room, Yun Xuexin gritted her teeth in anger when she heard her speaking outside. She was too arrogant. Had she known that Feng Jiu would have such an abnormal medicinal pill, she wouldn’t have done such a thing and lost!

Leng Hua was extremely efficient. Before noon, a new courtyard had been found. After he had obtained Feng Jiu’s consent, he brought Yun Xuexin from Feng Manor to a courtyard outside.

!!

Feng Jiu instructed the servants to take care of her and didn’t pay any more attention to her. She didn’t tell Xuanyuan Mo Ze till he returned in the evening.

“So I used the truth medicinal pill to ask her all the questions.” Feng Jiu shrugged: “I didn’t expect your Junior Sister to be so cruel. If it were me, I wouldn’t be able to bear to do anything to myself.”

After he heard her words, Xuanyuan Mo Ze’s expression turned ugly. He was silent for a while, and he said: “After she recovers from her injuries, I will tell her to go home.”

“It’s fine, let’s not talk about her. It will take her ten days to half a month to recover from her injuries.” Feng Jiu said. She looked at him and asked: “When are we planning to go back? Shall we go back to your Father’s first? Or shall we go back to my Grandfather’s first?”

She thought about it and spoke again: “It has been a while since my Elder Brother and the others have gone back, I wonder when they will be preparing to come back? If we want to go, we should set off soon.”

“Well, you should arrange the affairs here as well, and we will set off as soon as we can.” Xuanyuan Mo Ze said.

The two of them sat there and discussed matters. That night, a figure avoided the two attention of the two guards sent by Feng Jiu and entered the room in the small courtyard where Yun Xuexin was staying.

“They’ve seen through your trick?” The figure who entered her room came to the bedside and looked at Yun Xuexin, who was lying on the bed, and asked plainly. He was wearing a black cloak and had a mask on his face, so his figure and his face couldn’t be seen.

When she heard the voice, Yun Xuexin, who was sleeping on the bed, opened her eyes and turned her head to look at the person who came into her room. She frowned, a little displeased: “Why are you here?”

“I came here to tell you not to forget the business. But looking at you now, it seems you can’t even get close to Feng Jiu’s body, let alone find an opportunity to make a move.”

The voice of the black-robed man became cold, he stared at her grimly: “I already warned you not to waste your time here. If this matter is not done, you will be punished when you return.”

“I didn’t expect her to return so suddenly. Her sudden appearance has disrupted my plan.” Yun Xuexin said in a cold voice.

“Plan? Hmph!” The man sneered: “Master didn’t tell you to seduce Xuanyuan Mo Ze.”

When she heard the word seduce, Yun Xuexin’s complexion changed from white to red, then from red to blush. How could she be associated with the word seduce? She was the talented daughter of a dignified family. How could her priceless self be associated with the word seduce?

“I didn’t seduce my Senior Brother.” She said through gritted teeth.

“What’s the difference between the things you did and seducing? Did you think that lying down on his bed naked was the only way to seduce him?” As soon as the man had finished speaking, she screamed!

### **Chapter 2793: Order**

“Enough!”

Yun Xuexin shouted angrily, which caused her internal injuries to hurt. At the same time, the two guards who were guarding the courtyard heard her voice and rushed over quickly.

When he heard the voices outside, the man shook his head in disappointment: "You really can't compare to Feng Jiu." After he spoke, the two guards rushed into the room just as his black robe turned and a black aura filled the air as he disappeared from the room.

"Who is it?"

The guards' shouts rang out in the room, but when they came in, they only saw Yun Xuexin lying on the bed. They looked around the room vigilantly.

"Get out!" Yun Xuexin endured the tugging pain of her internal injuries and threw a pillow at them.

When the two guards saw this, they retreated from the room. Once outside, one of them said in a low voice: "You stay here to keep an eye on things, I will go back and report to Master." Although they hadn't seen anyone, they were certain that someone else was in that room.

Feng Jiu smiled when the guard returned to the Manor and reported what had happened to her: "The two of you will retreat tomorrow! I will tell Leng Hua to arrange two maids to go over instead."

"Yes." The guard replied and stepped back.

After the guard left, Xuanyuan Mo Ze, who was in the room, asked: "You're letting her go?"

"Let her go! Besides, we are preparing to leave anyway, so let her recuperate there!" Feng Jiu said. She patted her head in annoyance: "I shouldn't have only asked those questions at the time, I've made a misjudgment."

As night fell, the two of them prepared to rest. Over the next few days, the two of them were busy with their own affairs as they made their own preparations. Therefore, Yun Xuexin, who was recuperating in the courtyard, was forgotten.

As for Yun Xuexin, she waited in the courtyard for several days. When she saw that Feng Jiu hadn't returned, and her Senior Brother also hadn't shown up, she inevitably felt disheartened. As she gradually recovered from her injuries, she was able to get out of the bed and walk about a little. She thought that she should go to Feng Manor again.

.....

But, that night, three people came in the middle of the night.

"Master wants you to go back. It's no longer suitable for you to intervene in this matter." The man who was covered in a cloak said in a calm voice as he stared coldly at Yun Xuexin, who was sitting against the headboard. He ignored her pale complexion and reached out and gestured, then two men behind him stepped forward and helped her out of the bed.

"I can't just leave, I ..." She tried to say something, but she was interrupted before she could finish speaking.

"You should understand that no one can change Master's decision once he's made his mind up. Since he wants you to go back, you have to go back." The man said coldly as he looked at her with contempt: "What's more, I've always thought that women aren't capable. There is only one Ghost Doctor in this world, and you are no match to her."

When she heard the words from the man's mouth about her being no match for Feng Jiu, Yun Xuexin's heart trembled with anger. How could she be inferior to Feng Jiu? That woman came from an unknown small town! How could she compare to her, Yun Xuexin?

"It's a pity the Ghost Doctor doesn't know what's good for her. If only she were willing to submit to Master and give up the ancient blue lotus. But this woman is stubborn and has repeatedly confronted us, killed many of our brothers. Her future can only be one where she ends up dead without a corpse!"

### **Chapter 2794: Gone**

The man's sombre voice entered Yun Xuexin's ears. She pursed her lips and didn't speak again, and allowed the two men to help her up from the bed.

"What are you going to do with Feng Jiu next?" Yun Xuexin asked.

"That's not something you should concern yourself with." The man gave her a cold look. He reached out and raised her chin and looked at her pale face, saying: "What you need to do now is take good care of your body and recover. Master has other tasks for you."

Yun Xuexin turned her face slightly and broke her chin free. She said coldly: "My Senior Brother is a Celestial strong exponent, his combat power is unfathomable. If you want to deal with Feng Jiu, you must lure him away first before you have a chance to make a move. Otherwise, no matter how many people you send, if the two of them join forces, it will be impossible for you to defeat Feng Jiu."

"You think I need you to tell me what to do? You should take care of yourself first!" The man's eyes narrowed and flashed coldly. With his gesture, the two men took her away.

After the man's eyes swept through the courtyard, he also turned and left.

The next day, when the maid arrived to wait on her, she found that Yun Xuexin was missing. Hence, she hurried back to Feng Manor to report the matter.

"What? She's gone?" Feng Jiu raised her eyebrows and looked at the maid who lowered her head.

"Yes, I went in this morning to wait on Miss Yun washing up only to find that Miss Yun was gone. Servant has neglected her duty and didn't take good care of Miss Yun. Please punish me, Master." The maid's voice trembled slightly and her heart panicked as she knelt down in front of Feng Jiu with her head lowered.

Upon hearing this, Feng Jiu waved her hand: "It's fine, get up!" She said: "Come with me to take a look." She left Feng Manor and went to the small courtyard.

When she arrived at the small courtyard, she went into the room where Yun Xuexin was staying and saw that there were no signs of a struggle in the room. The things were neatly arranged as they were before, but the quilt on her bed was lifted and not folded.

So, she looked at the maid behind her and asked: "Has this room been tidied up?"

“Master, no. When servant discovered that Miss Yun was missing, I hurried back to the Manor to report the matter. Nothing in the place has been moved.”

.....

Feng Jiu nodded and waved her hand: “That’s fine, go back to Feng Manor! You don’t need to come here anymore.”

After the maid responded, she stepped back, Feng Jiu stepped forward and stood beside the bed deep in thought. After a long time, she walked outside.

Xuanyuan Mo Ze was in the midst of instructing his subordinates and handing over his affairs when Shadow One informed him that Feng Jiu was here. Therefore, he dismissed everyone and went outside.

“Why do you have time to come over? Is there something you need to see me about?” He came outside to the courtyard and sat down, then motioned for the guard to pour two cups of tea.

“I’m here to tell you that your Junior Sister has run away.” Feng Jiu said. She came to the table to sit down and looked at Xuanyuan Mo Ze with her chin resting in her hands.

“Run away?” Xuanyuan Mo Ze was slightly surprised: “Do you mean she’s left? I thought she hadn’t recovered? Can she leave by herself?”

“I went to the court to take a look earlier, I think she has been taken away. It should be the person who injured her. There were no signs of a fight or struggle, so I think the person who took her away was her acquaintance.”

Upon hearing this, Xuanyuan Mo Ze nodded: “It’s good that she’s gone. I wanted her to leave anyway, so now that she’s gone, things won’t turn ugly.”

Feng Jiu smiled: “I still have to make a trip to Heavenly Pill Tower. I will have dinner with you tonight.”

### **Chapter 2795: Eight People**

“I’ll accompany you! I’m almost finished with everything at hand.” Xuanyuan Mo Ze said and he stood up and looked at her.

Upon seeing this, Feng Jiu said: “In that case, have someone prepare a carriage so that we can take the horse carriage to Heavenly Pill Tower.”

When they arrived at the Tower, Feng Jiu instructed Leng Hua and Du Fan to gather the Feng Guards and the steward in charge of the Tower to the backyard. Feng Jiu looked at the dozen people gathered together and stretched out her hand to place a soundproof barrier in the courtyard.

They were surprised to see that their Master had placed a soundproof barrier here. They wondered if something big had happened.

“I want to tell you that Mo Ze and I plan to go to Penglai Immortal Island to climb the Immortal Ascension Ladder soon. There is a Mystical Glory Gate at the top of the Immortal Ascension Ladder

which leads to another world. We intend to go there to improve our strength so we are preparing to bring some people with us.”

Upon hearing their Master’s words, their hearts lifted, they couldn’t help but wonder if their Master would take them there. For a time, their hearts beat violently and their palms were sweating from nervousness.

“We can’t take too many people with us, therefore, I plan to choose only eight people to go with me.” When she saw them holding their breath nervously, Feng Jiu continued speaking: “Actually, you don’t have to treat going there as a good thing. The people over there are stronger, and when you go there, you will have to start over again and be more vigilant about everything.”

“Master, we are not afraid! Master, take me!”

“Master, I am not afraid either, take me with you!”

“Master...”

They scrambled to speak one by one, fearing that they would be left behind. Although their lives were good here, they wanted to experience and improve together with their Master. But, they also knew that even though they wanted to go, not everyone could go.”

Master had probably already chosen the candidates, that’s why she said those words. At this time, they couldn’t help but envy in their hearts the eight people who were selected by their Master. However, there were so many of them and Master was only taking eight of them with her, the chances of them being selected were slim.

Feng Jiu looked at them and said in a calm voice: “The eight people are Luo Yu, Fan Lin, Gu Mo, Wei Feng, Leng Shuang, Leng Hua, Du Fan, and Bai Qingcheng.”

.....

They weren’t surprised when they heard the first seven names. However, when they heard the eighth name, they couldn’t help but look at their Master in amazement. One of them asked in confusion hesitantly: “Master, the first seven people have been with you for a long time, so we have no problem with you taking them. But why would you want to take Bai Qingcheng with you?”

Amongst them, Bai Qingcheng was the least conspicuous and ordinary. Apart from her outstanding looks, there was nothing memorable about her. Why did Master think of taking her, especially when she had motives against Master back then?

Today, Bai Qingcheng wasn’t there but was at Feng Manor. So, everyone was even more puzzled.

Upon hearing this, Feng Jiu smiled lightly: “Although she has been with me for the shortest time, her strength is also the most inconspicuous out of all of you, but she also has her own special qualities. I am just giving her a good opportunity this time.”

“As for the rest of you, don’t be disheartened. Stay here and cultivate well. If there is a chance in the future, I will take you there too. But if you want to walk up the Immortal Ascension Ladder by yourself, then your strength and character must be on a higher level.”

## Chapter 2796: Unexpected

As soon as they heard her answer, everyone fell silent. They were also aware that it would be difficult for their master to travel there, and that it would be impossible to take them all. Even so, only four of the eight Feng Guards' leaders were brought along. It was clear that the others had no chance.

"Other details will be relayed to you all later by Leng Hua and Du Fan. You may all leave! The eight of you will stay." Feng Jiu told the eight Feng Guards' leaders.

The eight of them stayed. After everyone else had left, Feng Jiu turned to the four people she left behind. "I chose Luo Yu and three others from among the eight of you to accompany me while the four of you will remain here. The burden that rests on your shoulders is not an easy one."

She spoke after a brief pause and said, "Several of you are level-headed and well-versed in all matters pertaining to the Feng Guards. I cannot take everyone there. If I do that, I will feel uneasy about how things are going here. Do you understand?"

She had the eight of the Feng Guards follow her, but she could only take four to Peng Lai Immortal Island. Afraid that they would take this as an indication that she did not think they were good enough, she had to explain her decision to them.

"Master, we understand that this place cannot be left unattended after you leave. Nobody knows more about Feng Guards or the Heavenly Dynasty Palace and how to deal with them than they do. Don't worry! The four of us will assume responsibility for Luo Yu and take care of this side so that Master need not be concerned."

When Feng Jiu heard their reply, she smiled and said, "Excellent." She nodded, took out a hand-drawn map, and handed it to them. "Here's the map I drew with the route to Peng Lai Immortal Island and things to look out for along the way," she explained. "This is the route I've taken. Pay close attention to the areas I've highlighted. I also put some of my networks and familiar contacts on Peng Lai Immortal Island."

She turned to face them and said, "I'm not sure when I'll be back, so keep these items for future use when you go to temper yourself on the Immortal Ascension Ladder. I have also included explanations of what to look for on the Immortal Ascension Ladder. You must examine it closely at that time."

"Many thanks, Master." The four men replied, took the map, and put it away.

Feng Jiu turned to face the other four people beside her. "Luo Yu, hand over the matter to the four of them as soon as possible. In two days, you must complete the task at hand. After that, we must embark on our journey."

"Yes." The four men responded, and after a salute, they left with the others.

After everyone had left, Xuanyuan Mo Ze, who sat by the side, asked, "Is it enough to take only eight people there?"

"That's enough, you can't bring too many people there." She removed the soundproof barrier with a wave, walked to the table, and sat down. "To be honest, whether they are the eight Feng Guards'

leaders or others, they have been with me for a long time. I thought long and hard about which eight people to choose from all of them.”

“In fact, I didn’t think you would give Bai Qingcheng one of the eight spots.” Xuanyuan Mo Ze smiled at Feng Jiu who sat in front of him with a troubled look. He reached out to take her hand in his. “Since you’ve made your choice, don’t worry.”

Feng Jiu smiled and said quietly, “Bai Qingcheng has completely transformed since her family experienced major changes. When she can control her arrogance, she’s quite valuable. Her exceptional talent may offer her opportunities when we arrive there.”

Chapter 2797: Besieged

“What about your brother and the others? Are you not going to bring them with you?” Xuanyuan Mo Ze asked. If she didn’t bring them, someone with Guan Xilin’s cultivation strength wouldn’t be able to make it up the Immortal Ascension Ladder and into the Mystical Glory Gate in five years.

Feng Jiu sighed softly. “That did cross my mind, but after giving it some more thought, he’d better improve on his strength here instead. I have high hopes that he made it to the top of the Immortal Ascension Ladder on his own. If he goes up there by himself, I think he has a better chance of survival. My guess is that Mo Chen will join us if he learns of our plans.”

Xuanyuan Mo Ze spoke without hesitation. “He is Old Man Tianji’s disciple. He would be better off staying here. He also seems to exude an otherworldly aura. What will he be able to do there?”

“I haven’t told him whether or not I’m going.” She stood up after she finished speaking and said, “Let’s head home! Go back and play with Hao’er.”

Xuanyuan Mo Ze’s lips curved slightly upward. “Mm-hmm.” He also stood up, took her hand, and walked out.

!!

The carriage was ready outside. Just as Feng Jiu was about to board, a group of more than 20 people appeared from the sky on their flying swords, carrying bows and arrows in their hands. The outermost part of their arrows’ tips was ablaze with flame. Their spirit energy breath surged up as they approached Feng Jiu and Heavenly Pill Tower. In this group of over 20 people, one group is moving in one direction, while another group is moving in the opposite direction.

As they drew the bow and arrow in their hands, several arrows flew out. As those arrows were about to enter the Heavenly Pill Tower, a protective shield sprang out from within. Those blazing arrows were deflected by the protective shield formed by spirit energy and were blocked outside the Heavenly Pill Tower. At the same time, the cultivators poured out of the tower, making it their centre of protection.

Feng Jiu felt relieved as she watched this scene. When she saw the group that arrived on flying swords split off in the opposite direction, she could not help feeling uneasy.

“Those people seem to be heading in the direction of the house. Hao’er is still at home. I must go back and check.”

When Xuanyuan Mo Ze heard this, he looked at those people and said, "I'll go back with you."

"But, here..." She hesitated as she gazed at the Heavenly Pill Tower.

"It's alright, they can keep it safe." Xuanyuan Mo Ze spoke softly. "How can you be certain to entrust them with the protection of Heavenly Pill Tower if they cannot protect it? Allow them to try!"

Feng Jiu nodded. Feng Jiu nodded. She then turned around and gave Leng Hua and the others the following orders: "Destroy the enemy! Protect Heavenly Pill Tower!"

"Yes!" Everyone responded. They noticed that she and Hell's Lord had lifted their vital energy and were on their way to Feng Manor.

When the dark guards and Strong Exponents in Heavenly Pill Tower saw that they were gone, they launched a series of attacks against the dozen people who were besieging them from mid-air...

Gray Wolf was squatting at a certain street corner when he learned of the incident at Heavenly Pill Tower. As soon as he heard the people on the street spreading the news, he jumped up and asked the dark guard to undo the seal on his spirit energy before rushing to Heavenly Pill Tower.

The two men arrived together and, upon assessing the situation, joined the fight immediately.

When Xuanyuan Mo Ze and Feng Jiu arrived at Feng Manor, the entire Manor was also covered by a protective shield. As they descended from the sky, they quickly assessed the situation inside the Manor.

Chapter 2798: Ah Jiu

Compared to Heavenly Pill Tower, there was an additional group of men clad in black waiting on this side, in addition to those arriving in flying swords. Together, the two groups, totalling approximately 30 people, attacked the inhabitants of Feng Manor.

Several of them had reached the level of Immortal Sacred, and two had reached the level of Immortal Venerable!

Neither the Manor's guards nor the dark guards opposed these individuals. They had no choice but to defend the place to the death. Several of them were guarding Leng Shuang, who held the child. They were all covered in blood, but they remained standing without taking a step to withdraw. Bai Qingcheng was also among them. Her blood-stained white dress was quite noticeable.

Her expression became icy. Her spirit energy breath burst up. With a stroke of her sleeve, several contract beasts swooped out and headed down there.

"Roar!"

!!

"Awoo!"

"Master! That's Master!"

When the people who were tightly guarding the place saw her return, as if the main pillar had returned, they couldn't help but put their worries aside and shouted more bravely. "Kill!"

The sound of the swords colliding came through loud and clear. Even though they were aware that their strength was inferior to that of their opponents, they did their best to fight. Xuanyuan Mo Ze had already killed a few immortal cultivators by this time.

The Celestial level Strong Exponents' strength and pressure were so powerful that they made the people below fall to the ground but also hurt their own people, so Xuanyuan Mo Ze could only kill the enemies one by one.

While the dark guards of the Feng Manor were no match for those of Immortal Venerable level, they were clearly no match for Feng Jiu and Xuanyuan Mo Ze, especially since there are several immortal beasts below to assist. The situation gradually turned around.

However, one of the Immortal Venerable cultivators who fought with Feng Jiu, glared and yelled at her. "Feng Jiu! Hand over the ancient blue lotus! Otherwise, more people will die as a result of your actions!"

"Is that so? Before that, I'm going to kill you all!"

With her hand as the sword and her vital energy as the blade, her spirit energy breath between her fingers transformed into a sharp sword. A stream of air rushed over at such a rapid rate, causing wounds to appear on the Immortal Venerable cultivator's body.

The Immortal Venerable cultivator took several steps back, attempting to avoid her attack. However, because his speed was insufficient, he fell from mid-air to the ground. When he saw that Feng Jiu was chasing him, he tried to flee.

"You can't escape!" Feng Jiu's eyes narrowed and a murderous intent flashed. She was prepared to attack, as the airflow in her hand had already condensed. The Immortal Venerable cultivator on the ground was desperately attempting to flee. He jumped and soared into the sky.

"Wanting to flee?"

She lifted her vital energy and went after him. She attacked with the fierce airflow between her fingers, but it only grazed his shoulder. She sped up to catch up with him. A figure in red arrived behind the Immortal Venerable cultivator in mid-air and put her hand around his neck. As she snapped his neck, a chilly and intimidating voice entered her ear.

"Feng Jiu!"

The sound of broken bones was masked by the powerful sound, and the cultivator in her hand died; however, just as she was about to release her grip, a black aura wrapped around her wrist and pulled her up.

"Ah Jiu!"

When Xuanyuan Mo Ze realised that the situation had taken a negative turn, he felt dread. He quickly redirected his vital energy away from Leng Shuang, who was holding the child, and rushed to Feng Jiu's location.

However, the wind and clouds in the sky changed at this time...

### **Chapter 2799: Bones and Corpses**

Hell's Lord's rage was like hell on earth. Even the cultivators who had clawed their way up from the heap of the dead shook in fear as they watched the scene that was unfolding in front of their eyes.

Mo Chen, dressed in white, stood under the tree not far away. He averted his gaze from the sky and landed on the bloody street below.

He hadn't expected Feng Jiu to return so soon but was arrested and taken to an unknown location. No ordinary person could have opened the teleportation array that appeared in the air that day or ensnared Feng Jiu with the black aura. It seemed that she should be taken away by the owner of the world annihilation black lotus.

Right then, he couldn't help but worry about whether or not she could escape the clutches of those people.

Everyone at the Feng Manor stood still outside after the men in black were killed and Feng Jiu was sucked into the black hole. Then, some people were ordered to pick up the bodies on the ground outside, while some injured people were brought inside and treated for their injuries.

Xuanyuan Mo Ze had a cold face, and his icy aura filled the Feng Manor. The silver wolf whimpered in the back, looked aggrievedly at the sky, and finally turned to go to the Manor.

If Master had contracted it, it could now also enter the contract beast's space. Cloud Devouring Beast and Old White had already entered the space and been taken by their master, leaving it behind.

Inside the Feng Manor.

The loss of Feng Jiu to the transmission array caused Xuanyuan Mo Ze to sit in the main hall with a gloomy expression, which in turn caused everyone in the whole house to be depressed. There was a palpable sense of tension throughout the entire Manor.

"Hell's Lord, Young Master Mo Chen is here." The guard outside reported. After that, a figure dressed in white began to make his way slowly inside.

Xuanyuan Mo Ze was still blaming himself at this point, and the sense of powerlessness was unbearable, especially since all he could do was watch Feng Jiu be sucked into the teleportation array and vanish before his eyes. He dared not imagine what he would do if something were to happen to her...

"The teleportation black hole appeared out of nowhere under the world annihilation black lotus' control. If you pulled her at that time, you would undoubtedly be sucked into it."

Mo Chen entered the room slowly, speaking in a gentle tone. "The suction is not on this side, but on the other side of the black hole, so it cannot be stopped," he said, looking into Xuanyuan Mo Ze's reddish eyes.

“Does she have to suffer more than others just because she is the Phoenix star?” Xuanyuan Mo Ze questioned, his voice hoarse and low.

Mo Chen entered the hall slowly and sat down. “In this world, who has not experienced suffering?” he said softly. “Some people are constantly suffering, but it is not fatal, whereas others are facing major disasters and have no way of surviving.”

“Feng Jiu has been through a lot, but every experience, even if she narrowly avoided death, has made her advance. She is already exceptional, and her path will undoubtedly differ from that of others.”

His voice was soft and soothing as if he had no anxiety or concern. He looked at Xuanyuan Mo Ze and asked, “What are you going to do next?”

He got there in time to hear what she told Xuanyuan Mo Ze, but he didn’t understand what it meant.

Xuanyuan Mo Ze’s eyes flashed with a glimmer in the dark pupil. “We were going to cultivate together, go up the Immortal Ascension Ladder on Peng Lai Immortal Island, and cultivate in the world behind Mystical Glory Gate, but I didn’t expect this to happen again before we left.”

### **Chapter 2800: No Need to Search**

Hearing this, Mo Chen glanced at him. “She asked you to continue as normal.”

“I’m going to get her back.” There was a glimmer of light in Xuanyuan Mo Ze’s eyes.

He knew she meant to let him do what they had previously agreed to do, but he was uneasy, especially since she was in the land beyond the seas. He was even more concerned about leaving her in such an unfamiliar place.

Mo Chen paused for a moment after hearing the words and asked, “When are you going to leave? I’ll accompany you!”

Xuanyuan Mo Ze gave him a sidelong glance and replied indifferently, “No.”

Mo Chen smiled softly. “It’s necessary if you want to go there. Unless, of course, you do not intend to go.”

“Master, Master.”

The voice of Gray Wolf came from outside. Not long after, Gray Wolf came in, dressed as a beggar. “Master, I heard that Ghost Doctor... uh, Young Master Mo Chen? You’re here too?” Gray Wolf was stunned for a moment when he saw Mo Chen.

“What did you do wrong, Gray Wolf? Why do you wear a beggar’s clothes?” Mo Chen smiled as he looked at him.

“Uh, this is for gaining experience. I’m gaining experience outside!” Gray Wolf shook his head and replied sheepishly. He quickly stood up straight after seeing his master’s tense expression. “Master, there are no casualties at Heavenly Pill Tower. Leng Hua and Du Fan have returned to check on the casualties in the manor first.”

“Withdraw!” Xuanyuan Mo Ze signalled him to leave with a wave of his hand.

“Yes.” Gray Wolf replied. He intended to first change his clothes before returning, so he saluted and retreated.

Xuanyuan Mo Ze was quiet for a moment before asking in a gruff voice, “What is the worst-case scenario if Feng Jiu falls into the hands of those people?” Even though he did not wish to consider the worst, he could not help hearing a glimmer of optimism in Mo Chen’s voice.

Mo Chen stayed silent. After a lengthy pause, he spoke “In fact, I don’t think you should search for her. You should also be aware that Feng Jiu is holding the Aurora Teleportation Device. As long as she finds an opportunity, she can get away from those people. If we go there, it will seem completely pointless.”

He said, looking intently at the frowning Xuanyuan Mo Ze, “What’s more, you should have faith in her. I believe that with her ability and wisdom, she will be able to survive even if she is in danger.”

Xuanyuan Mo Ze took a deep breath and sat back slightly after listening to him. As he calmed down, he realised that Feng Jiu meant the same thing.

It’s just that he was still hesitant to leave her to face the situation alone.

The maid entered, served tea to both of them, and then left with a respectful bow.

“Since you are going up the Immortal Ascension Ladder, I must return and talk to my master at some point.” Mo Chen spoke while picking up the teacup and taking a sip.

Xuanyuan Mo Ze’s eyelids quivered slightly as he glanced at him and said, “I did not ask you to accompany us.”

“Yes, indeed! You did not invite me, but I must also join.”

Mo Chen said, leisurely scraping the tea leaves on the teacup with the lid, “My Master has long since issued orders that my mission is to follow Feng Jiu wherever she goes. Sadly, I have never been able to perform this task competently.”

After hearing this, Xuanyuan Mo Ze no longer spoke, but instead took a deep breath, sipped some tea, and said, “It is time for you to return! I still need to deal with the manor’s affairs.”
