### **Chapter 1241 The Third Trial 6**

Did Feng Wu not know that? Of course she did, but for her broken star piece, she had to become an award-winning actress. “Brother Jun —” Tugging at Jun Linyuan’s sleeve, she batted her eyelashes at him, her big bright eyes reminding him of a deer.

With her soft voice and the innocent look in her eyes, anyone would offer her all their sympathy.

Even Feng Xun couldn’t help but feel pity for her, let alone Jun Linyuan.

In his head, Xuan Yi gave Feng Wu the thumbs up!

He was amazed by the girl. She could adapt to any circumstance. Not only was she irresistibly sweet, she was also smart and talented... No wonder even the crown prince had fallen for her.

Since his buddies were around, the crown prince naturally maintained his arrogant demeanor. Glancing at Feng Wu, he drew back his sleeve. “Don’t try to butter me up!”

He looked impatient.

Any other girl would have burst into tears and run away by now.

But Feng Wu was no ordinary girl.

Biting her lip, she gave Jun Linyuan an aggrieved look before lowering her head and nodding reluctantly.

With her pleading tone and her unmatched beauty, no man could remain indifferent to that.

The crown prince rubbed his chin, and for the very first time, he asked himself, “Am I being too harsh to the girl?”

Somehow, the tears in her eyes made him feel a little guilty.

Feng Wu bit her lower lip and remained silent.

A hush fell over the room.

“Hey —”

Jun Linyuan glanced at Feng Wu. He knew that the girl could be such a good actress, and wouldn’t believe that someone as heartless as her could get upset so easily.

However, when he saw that tears had welled up in her eyes, he felt tormented.

“What do you want?” He glared at Feng Wu.

Raising her head, Feng Wu looked at Jun Linyuan with sparkling eyes. “Are you going to give me whatever I want?”

The crown prince glanced at Feng Wu.

Feng Wu went silent. “Alright. I knew it wouldn’t be that easy.”

Then an idea struck her. "I have a suggestion!"

What?

All eyes were on her.

Feng Wu said happily, "Since the four of us are all here, how about we play a game?"

Feng Xun touched her forehead. "Do you have a fever?"

Feng Wu threw a dirty look at him and brushed off his hand. "Let's play a game that you've never heard of before!"

"What game?" Feng Xun was intrigued.

Feng Wu said, "It's called 'Truth or Dare'! Have you heard of it before? The rules are quite simple. The name is self-explanatory!"

Truth or dare?

Feng Wu's plan was quite straightforward. She was going to force Jun Linyuan to choose "dare" and give him a difficult task.

She winked at Feng Xun as she spoke, asking for his help.

Luckily, Feng Xun wasn't hopeless. He took the hint as soon as Feng Wu's eyelid twitched.

Although he didn't know what her plan was, since he was her brother, he had to help her unconditionally.

Rubbing his chin, Feng Xun said, "Truth or dare? I haven't heard of it before."

Feng Wu said, "Let's play rock, paper, and scissors first, and the loser has to choose between 'Truth' and 'Dare.'"

"If they choose 'Truth,' they must tell the truth.

"If they choose 'Dare,' they can't back out.

"Otherwise —"

### **1242 The Final Round 1**

Feng Wu grinned at the other three. "The one who backs out will look like such a loser!"

Feng Xun said, "That sounds quite interesting. Little Feng Wu, you're going to tell us all your secrets."

Feng Wu said proudly, "No, I won't. I'll definitely be the winner."

But it was no use that Feng Xun was intrigued. Jun Linyuan was the one who called the shots here.

"Brother Jun ~"

Tugging at Jun Linyuan's robe, Feng Wu eyed him eagerly.

Xuan Yi's gaze was fixed on her hand.

Boss Jun might seem indifferent to Feng Wu, but he was in fact being extremely nice.

No other girl would dare come within a meter of Jun Linyuan, let alone touch his sleeve.

"Boss Jun is going to say yes..." thought Xuan Yi and Feng Xun as they exchanged looks.

As expected, Jun Linyuan threw an impatient and dirty look at Feng Wu.

She ignored Jun Linyuan's attitude and only beamed at him. "Play with me, please. Don't you want to know everyone else's secret?"

She then dragged Jun Linyuan toward the other two, and despite the reluctant look on his face, he let her.

From an angle the crown prince couldn't see, Xuan Yi and Feng Xun smiled.

What an interesting pair.

"Where are we going to sit?" Feng Xun's eyes darted around, but he only saw two chairs at the table.

Feng Wu pressed down on his shoulders and made him sit on the floor. "There, the carpet is thick enough for you to sit on."

Feng Xun had no problem with it, but he wasn't sure about Jun Linyuan.

His Boss Jun was an uptight and graceful man, who couldn't possibly sit on the floor, even if he really was in love with Feng Wu. No, he would never say yes.

Feng Xun's mouth fell open when Feng Wu took Jun Linyuan's hand and gestured to him to sit down. "Come on. Sit here —"

The proud and respectable crown prince really sat down on the thick carpet.

Feng Xun was speechless.

They could tell that Boss Jun was a little awkward as he sat there stiffly, because he had never sat on the ground apart from when he was cultivating.

"Here we go! The game starts now!"

Feng Wu cut to the chase, for she was in a hurry!

She didn't have much time left.

She was only on the third trial, but this ridiculous mission was already driving her crazy.

There were quite a few finger-guessing games they could choose from, but Feng Wu only had one particular game in mind. "Let's start with rock, paper, and scissors."

"What's that?" Feng Xun asked curiously.

Feng Wu explained the rules to him.

“That sounds fun. Let’s start, then! I can’t wait!” Feng Xun and Xuan Yi exchanged smiles.

They decided that they would be the best wingmen possible today.

If little Feng Wu or Boss Jun lost, they would definitely ask questions about their feelings for each other.

Since there were four of them, they would have to form two pairs to play rock, paper, and scissors.

After picking lots, Feng Wu was up against Feng Xun.

She grinned at him. “I’m going to go with ‘paper’.”

Feng Xun glanced at her, and decided not to believe a word this mischievous girl said.

Hence, Feng Xun chose ‘rock’ without hesitation.

However —

Feng Wu really used ‘paper,’ so she won.

Feng Xun was dumbfounded.

Xuan Yi and Jun Linyuan had their round as well, and obviously, Xuan Yi lost.

So, the final round was between Xuan Yi and Feng Xun.

### **1243 The Final Round 2**

In the end, it was between Xuan Yi and Feng Xun.

Naturally, Xuan Yi won, and Feng Xun lost.

Hence, Xuan Yi asked Feng Xun, “Truth or dare?”

Feng Xun stared at Xuan Yi. “Truth.”

Xuan Yi nodded and smiled. “Are you sure?”

Feng Xun’s stomach lurched, but he still rested his hands on his waist and said, “Bring it on. I’d like to see you try.”

Xuan Yi grinned. “Who was the first girl you fell in love with?”

“What —”

Instinctively, Feng Xun glanced at Feng Wu, and the next second, he wanted to choke Xuan Yi!

Back at Northern Border City, he hadn’t known about Boss Jun’s feelings for Feng Wu and had really had a crush on her, but that was a long time ago!

“Dare!” Feng Xun glared at Xuan Yi. “I choose dare!”

Feng Wu didn’t get the hint, and only looked at Feng Xun curiously. “Wait, Feng Xun, who’s the girl? Do we know her?”

If not, why would he have such a reaction?

Feng Xun glanced at Boss Jun, and as expected, Boss Jun's face had darkened...

He recalled the night when Boss Jun had gone to his place and wanted to challenge him for no reason... He hadn't known what that was about back then, but he had figured everything out now.

"Dare! It has to be dare!" Feng Xun said anxiously.

Feng Wu was curious. "Which girl is it? Why can't you tell us? I'm so curious."

Feng Xun glared at her and wondered if she was asking the question on purpose.

Xuan Yi teased him. "If I'm not mistaken..."

Feng Xun glared at Xuan Yi. "Xuan Yi! Do you have a death wish?!"

Xuan Yi smiled, but didn't say anything.

Since Feng Wu was in a rush, she said, "Fine, dare it is, then. Go downstairs and catch a fish."

Feng Xun glared at Feng Wu. "What do you need that for?"

Feng Wu smiled. "Didn't you choose dare? Go catch a fish now. Remember, I want it alive."

Feng Xun had no idea what Feng Wu's plan was, but in order to avoid "truth," he had no choice but to go downstairs.

Luckily —

There were all kinds of fish in the kitchen of the World Tower, and Feng Xun scooped out the first one he saw.

He stepped out of the kitchen to find Feng Wu leaning against the doorframe.

Feng Wu chuckled when she saw the fish.

It was a black, slimy fish with barbed spikes around its mouth.

Feng Xun found it odd, but still looked curiously at Feng Wu. "What are you doing down here? Is it me or are you acting very strangely today?"

Feng Wu smiled at Feng Xun. "Guess what I'm going to do with your fish."

Feng Xun asked, "What are you going to do? You're not going to make me eat it raw, are you?"

Feng Wu grinned. "I won't, but I may ask you to kiss it."

"Hey, little Feng Wu! Have you forgotten that I'm your brother?!" Feng Xun glared at Feng Wu.

Feng Wu smiled. "Well, I'll cut you loose if you do something for me. I won't even ask you who the girl is."

Feng Xun asked, "What do you want?"

Feng Wu smiled. "It's very simple. Let's make Jun Linyuan lose, and after that, we'll make him choose dare."

Feng Xun asked, "What do you want him to do?"

### **Chapter 1244 The Final Round 3**

Crossing her hands behind her back, Feng Wu grinned at Feng Xun. She then leaned closer and whispered something in his ear. "Hey, little Feng Wu! Do you have any shame at all?" Feng Xun was astonished.

Feng Wu snorted. "Will you do it for me or not?"

Feng Xun scratched his head. "Are you that eager? Boss Jun annulled your marriage agreement already. And there's also Zuo Qingluan, the genius teenage girl, to consider. Don't you have any ambition at all?"

Feng Wu was speechless.

"How does ambition have anything to do with this? I'm only trying to finish my mission!" thought Feng Wu.

She stared at Feng Xun. "You're my brother. Are you going to say no to me?"

Of course Feng Xun couldn't say no.

"Fine, fine! I'll do it! And I'll have Xuan the Second help you with it, too. Satisfied?" Feng Xun rolled his eyes at Feng Wu.

"Brother, you're so smart!" Feng Wu took his arm in excitement.

Feng Xun said grumpily, "I'm your smart brother when you need something from me, but when you don't need me, you treat me like rubbish. Heh."

Feng Wu held his arm. "What are you talking about?"

The brother and sister bantered all the way as they went up to Beyond World.

The crown prince's face turned even more livid when he saw their linked arms.

Before Feng Wu could let go of Feng Xun, he pushed her away and complained, "How clumsy can you be? You would have sprained your ankle if I didn't grab your arm!"

Feng Xun could clearly sense the change in Jun Linyuan's mood after he said those words.

Feng Wu meant it when she said that she would cut Feng Xun loose.

Hence, she only asked Feng Xun to cut the fish open in the end, but nothing more.

From an angle Feng Wu couldn't see, the crown prince was eyeing Feng Wu suspiciously.

Soon, the second round started.

After drawing lots, Feng Wu and Jun Linyuan were paired up, but Feng Wu lost to Jun Linyuan in the first round.

Feng Wu was dumbfounded.

She had lost already, which meant that Jun Linyuan was already safe after the first round.

Feng Wu was speechless.

Xuan Yi won the round with Feng Xun, so the final round was between Feng Wu and Feng Xun.

The two of them looked at each other in embarrassment, and Feng Xun shrugged. "It seems that I can't help you."

Feng Wu was speechless.

She couldn't believe it when she lost to Feng Xun in the end.

Feng Wu: !!!

Feng Xun shrugged. "I didn't mean to."

Xuan Yi smiled at Feng Wu. "Truth or dare?"

Feng Wu bit her lower lip.

Meanwhile, the fairy reminded her in her head, "You only have 5 minutes left."

Feng Wu's stomach lurched.

Dare would take too much time, so Feng Wu said, "Truth."

"Good —"

Xuan Yi and Feng Xun exchanged looks, and both grinned. They had already decided that they would act as the perfect wingmen today.

"What do you think of Boss Jun?" Feng Xun smiled at Feng Wu.

Feng Xun was very happy with the easy question he came up with.

"Little Feng Wu, here's a great opportunity. So, use it to express your love for Boss Jun now!" thought Feng Xun.

However —

Feng Xun clearly didn't understand Feng Wu.

### **1245 The Last Moment 1**

"What do you think of Jun Linyuan?"

Feng Wu's head went blank when she heard the question.

The first thing she could think of was that she was going to kill Feng Xun!

Jun Linyuan was such an arrogant, proud, and unreasonable man that she didn't know where to begin complaining about him!

However, she couldn't say those things to Jun Linyuan's face since it would certainly infuriate him. She still needed his cooperation for the future trials.

At that thought, Feng Wu beamed at him. "His Royal Highness is handsome, unbelievably talented, and so-well endowed that no one is comparable with him. He's not just an outstanding young man, but the most distinguished leader of our generation!"

Feng Wu didn't mean a word she said, but her listeners thought she did.

The expression on Jun Linyuan's face softened and the look in his eyes was no longer as piercing... There was an affection in his eyes that even he was unaware of.

Feng Xun and Xuan Yi exchanged looks and grinned inwardly. They knew they were right! Little Feng Wu was indeed very fond of His Royal Highness.

Seeing that Jun Linyuan was happy to hear those words, Feng Wu was equally elated. Her only hope was that Jun Linyuan would help her finish all the 12 trials.

If she was right, she would find the second broken star piece after these 12 Trials of Love. That way, her beautiful master could wake up for a little while again.

Feng Wu couldn't wait.

Everyone there had their own plan and were on completely different wavelengths.

"You only have four minutes left."

There was an anxious voice in her head, and needless to say, it was the fairy.

Feng Wu's stomach lurched. She only had four minutes left, which wasn't a lot of time at all!

"Hey, let's keep going." Feng Wu beckoned at the others.

She realized that she couldn't keep playing rock, paper, and scissors, for it would take her forever to win that way.

At that thought, Feng Wu changed her plan. "Wait, I have a new idea."

All eyes were on Feng Wu, Jun Linyuan included.

The girl was always so quick-witted and she could always come up with new ideas. No matter what happened, she never seemed dispirited.

Feng Wu picked up a bottle and put it in the middle on the floor. She then said, "Let's play something new. I'll spin the bottle, and the person whom the bottle points at is the loser. They'll have to choose between truth or dare."

Feng Xun was determined to help Feng Wu, because he really wanted to see someone as aloof as the crown prince play upsy-daisy with Feng Wu.

So, he said, "Oh, what an interesting idea! Count me in! I want to play!"

Feng Xun had given Xuan Yi the heads up, so Xuan Yi didn't object to the idea either.

The crown prince didn't say a word.

They proceeded to play the game Feng Wu described.

"I'll spin the bottle." Feng Wu was so eager to see Jun Linyuan lose that she rolled up her sleeves and volunteered.

Feng Xun chimed in, "Great! We'll take turns spinning the bottle! You go first!"

### **Chapter 1246 The Last Moment 2**

Feng Wu gave Feng Xun an appreciative look, pleased by the fact that he was finally acting like a brother. Their eyes met and Feng Xun raised an eyebrow in satisfaction. I'm the most reliable brother, aren't I?

Feng Wu put her hand on the bottle and spun it clockwise.

Instantly, all eyes were on the long and thin glass bottle.

Feng Wu had calculated the speed at which the bottle should spin and had used just the right amount of strength.

If everything went as planned, the bottle would stop when it pointed at Jun Linyuan.

Finally, she wouldn't be rushed this time!

Feng Wu sighed with relief inwardly and made up her mind that Feng Xun would be the one to tell Jun Linyuan what the dare would be.

The bottle went on spinning, but was starting to slow down.

At this rate, it would stop and point right at Jun Linyuan.

In other words, she would be halfway through this trial!

Feng Wu was getting very excited when —

Feng Xun's nose tickled, and —

"Achoo!"

He sneezed right in the direction of the bottle!

At the impact...

The bottle was supposed to stop in front of Jun Linyuan, but Feng Xun's sneeze pushed it right past the crown prince.

At the impact...

The bottle ended up pointing at Feng Wu when it stopped moving.

Feng Wu was speechless.

She stared at the bottle, then slowly raised her head and looked at Feng Xun in disbelief.

Even Feng Xun was astonished at himself.

“Hm —”

Sensing the rage gathering inside Feng Wu, he immediately waved his hands at Feng Wu. “Xiao Wu, I didn’t mean to... I really didn’t mean to...”

Feng Wu was almost in tears.

The man was supposed to help her, but what did he do instead?

No, I can’t get angry, that would be a waste of time. Calm down, calm down... Taking a deep breath, Feng Wu tried her best to remain calm.

She gritted her teeth, but still couldn’t stop herself from trembling when she said, “Truth.”

“What?”

Feng Wu said, “I want ‘Truth,’ so just ask me the question!” These people had no idea what time meant to her now.

Her eyes almost spat fire when she glared at Feng Xun. If she could, she would burn the man to ash.

Only then did Feng Xun seem to hear her. “Sure. Well... the question...”

He was about to find an easy question to get it over with so that they could start another round, when the crown prince said quietly, “Feng Wu, I’m going to ask the question.”

Wow...

Everyone looked at Jun Linyuan curiously.

He had been quite indifferent since they started playing, and they didn’t expect him to volunteer to ask a question.

Feng Wu’s stomach lurched, and she had a bad feeling.

However, since Jun Linyuan had given the command, she couldn’t say no.

So, she smiled at him. “Your Royal Highness, feel free to ask me whatever you want. I’ll try my best to answer you.”

Jun Linyuan’s eyes were like bottomless pits, and he raised his eyebrows when he said, “So, the question I’m going to ask you is...”

After some hesitation, he kept his unblinking gaze on Feng Wu and asked earnestly, “Have you ever resented me for canceling our marriage agreement?”

### **Chapter 1247 The Last Moment 3**

“Have you ever resented me for canceling our marriage agreement?” How was she supposed to answer that question?

Dumbfounded, Feng Wu stared blankly at him.

Feng Xun and Xuan Yi exchanged looks and saw the smile in each other's eyes.

It was such a subtle question. If they didn't know that the crown prince was in love with Feng Wu, they would never have guessed what he meant.

Boss Jun would be so mad if Feng Wu's answer was no, for it would mean that Feng Wu didn't care about him and might actually feel happy that the marriage was off the table.

But if the answer was yes, the crown prince would probably be over the moon.

So, could Feng Wu understand the meaning of the question or not?

As it turned out, she couldn't!

She had no idea that Jun Linyuan was fond of her. So far, she still believed that Jun Linyuan found her disagreeable to the eye and that all he ever did was pick on her.

Biting her fingers, Feng Wu racked her brain, trying to figure out what answer she should give.

It was such a tough question. As she bit her nails, she threw a dirty look at Feng Xun again.

"Answer the question, then. Have you ever felt resentful or not?" Feng Xun raised an eyebrow and grinned at Feng Wu.

Time was of the essence here, so what could Feng Wu do?

"Well, it was His Royal Highness's decision, so what choice did I have? Plus, it's been a long time since it happened, so of course I don't resent His Royal Highness." Feng Wu patted her chest and was very proud of being such a magnanimous person.

Feng Xun's stomach lurched when he heard Feng Wu's answer.

Oh, no —

Before he knew it, he was looking at Jun Linyuan.

As expected, the look in Boss Jun's eyes had turned so cold that it was sharp enough to cut someone open!

The temperature around him dropped, and the coldness spread out. The steaming pot on the red clay stove was instantly frozen.

Rising to his feet, the crown prince flipped his sleeves and headed for the door.

Feng Wu was dumbfounded.

What on earth was going on?

Feng Xun gave her a nudge. "Little Feng Wu, are you an idiot? Go get him back!"

Feng Wu was speechless.

She couldn't understand what Jun Linyuan was angry about!

Just then the fairy's voice rang out in her head. "You have two minutes left."

What?!

Feng Wu looked like she had been struck by lightning as she stood there dazed. The next second, she jumped up and ran toward Jun Linyuan as fast as she could.

The crown prince was about to kick the door open, but Feng Wu blocked his way with her arms spread open. He almost kicked her in the stomach.

Jun Linyuan's eyes were bloodshot red as he stared at Feng Wu with a ferocious look in his eyes. "Out of my way!"

Like hell Feng Wu would do that. She would rather kill herself than let Jun Linyuan leave.

Her broken star piece!

And her beautiful master!

At that thought, Feng Wu decided to stay where she was. "No, I won't!"

Rage was written all over the crown prince's beautiful face, and he stared at Feng Wu with a sharp, cold gaze.

"Are you going to move or not?!"

"No!"

The next second, the crown prince's vise-like hands were wrapped around Feng Wu's neck. His knuckles had turned white, and blue veins popped on the back of his hands.

He could easily snap Feng Wu's thin neck if he tightened his grip.

Feng Xun and Xuan Yi were astonished when they saw this.

"Boss Jun —"

Feng Xun instinctively tried to save Feng Wu, but before he could say another word, Xuan Yi tugged at him.

#### **Chapter 1248 The Last Moment 4**

"Shhh —" Xuan Yi gestured at Feng Xun to keep quiet.

Feng Xun glared at Xuan Yi anxiously. "Boss Jun has lost his mind!"

Xuan Yi shook his head. "For one, even if I let you go over, can you defeat Boss Jun and take Feng Wu away?"

Feng Xun shook his head.

Xuan Yi said, "For another, if Boss Jun really wants to kill Feng Wu, would she still be alive?"

Feng Xun shook his head.

Xuan Yi went on, "I know you don't want anything to happen to that girl, but do you think Boss Jun can bring himself to hurt her?"

Feng Xun shook his head again.

Xuan Yi asked, "So, what are you worried about?"

They were whispering to each other, so Jun Linyuan and Feng Wu didn't hear any of their conversation.

Meanwhile, the young couple was staring at each other, each one more stubborn than the other, and neither would give in.

Jun Linyuan smirked. "Are you going to move or not?"

Feng Wu shook her head. "You can't leave!"

The crown prince's defiant side finally woke up!

"Who are you to tell me to stay? Little Feng Wu, you're nothing to me!" Vexed, the crown prince let go of her before he walked toward the window.

They were on the 10th floor of the World Tower, a.k.a the place known as Beyond World.

Each of the nine floors below took up dozens of meters in height, so they were several hundred meters above the ground at the moment.

Looking out the window, all they saw was curling mist and rolling clouds. It felt as though they were in a heavenly court!

The crown prince's thin lips were as red as blood, and his features were as well-defined as a sculpture.

Without another word, he prepared to jump out the window.

Shit!

Feng Wu's heart sank.

"You have one minute left!"

The fairy's anxious reminder rang out in Feng Wu's head at that moment.

Feng Wu panicked.

Jun Linyuan was much faster than she was, and if she let him go now, she would never be able to catch him in time.

And she would fail her mission!

The thought made Feng Wu even more anxious, so she ran toward the window without hesitation.

Whoosh —

She moved as fast as a flash of light.

Everyone in the room was astonished!

Feng Xun, Xuan Yi, and even Jun Linyuan were all dumbfounded.

Because they just watched as Feng Wu jumped out the window to fall down below!

Moreover, she was facing them as she fell, with her back to the ground.

“Xiao Wu!” Feng Xun screamed.

But Jun Linyuan moved faster than Feng Xun could cry out.

The second Feng Wu jumped out the window, Jun Linyuan reacted quickly and jumped out after her, making a beeline for Feng Wu.

That damn girl!

Blue veins popped on the corner of his forehead and the side of his neck.

Given how capable the crown prince was, he was able to catch up to Feng Wu when she was halfway down to the ground.

When Jun Linyuan almost had her, the girl did something incredible.

She grabbed Jun Linyuan’s hand and pulled herself down toward the ground.

What was she doing?

Did she have a death wish?

Caught by surprise, Jun Linyuan was pulled down with her.

Feng Wu ginned. “Jun Linyuan, raise me up! I dare you!”

His face turned livid.

Just then —

“Ding — the third trial has been completed —”

The fairy finally announced the good news.

OMG!

Feng Wu was so excited that she was almost in tears.

Finally, she had succeeded!

### **Chapter 1249 His Royal Highness Is Horrible to Feng Wu 1**

By then, Jun Linyuan had already landed with Feng Wu. “Oh, god! It’s His Royal Highness! His Royal Highness is here!”

“His Royal Highness just landed from above! Everybody, look!”

“We don’t get to see His Royal Highness every day. This is a once-in-a-lifetime thing!”

—

Immediately, everyone was excited and ran out as fast as they could!

Because if they ran fast enough, they would be able to see His Royal Highness up close!

Hence, all the customers of the World Tower ran out, surrounding Jun Linyuan and Feng Wu in the middle.

Even Zuo Qingyu, Dugu Yamo, and Feng Liu ran out. Moreover, they were the ones leading the crowd.

Thus, everyone saw the beautiful girl in a pink dress leaning against the equally beautiful teenager.

The girl had such an ethereal beauty that one couldn't begin to describe how attractive she was.

The teenager had the domineering and imposing air of someone born to rule, and his demeanor reminded others of the god of death!

They leaned against each other, their gazes intertwined. The lower hems of their clothes tangled together and flapped in the wind, as though they were dancing together. It was the most beautiful picture anyone had ever seen.

Seeing this, Zuo Qingyu felt something click in her head, and her stomach lurched!

No...

Zuo Qingyu had never felt so threatened before!

This Feng Wu... She decided that Feng Wu had to die. Otherwise, she would become the biggest problem for them in the future!

Zuo Qingyu clenched her fists. Her face had turned livid and her eyes spat fire.

Feng Liu had gone very pale and couldn't stop trembling. "Feng Wu, why does it have to be you? Why?! I don't believe this! I won't accept it!"

People in the crowd were all looking at them with indescribable looks on their faces.

They had almost believed it earlier when Zuo Qingyu told them that His Royal Highness was only pitying Feng Wu and wasn't fond of her, but looking at them now...

Feng Xun and Xuan Yi landed at that moment.

"Xiao Wu —"

Feng Xun was about to walk up to them, when Jun Linyuan glared at Feng Wu. He sounded like a thunderclap when he bellowed, "Do you have a death wish?!"

It was such an ear-splitting sound that everyone, including Feng Wu, felt as though they were going deaf.

"Hm —"

Before they knew it, they were covering their ears. Their heads buzzed, and they felt like throwing up.

What a frightening blast. It seemed that His Royal Highness was really angry.

Those standing in the front row stumbled back involuntarily.

The entire crowd fell back together, and there was much more room for the young couple now.

Shocked by Jun Linyuan's voice, Feng Wu couldn't think straight over the buzzing in her ears, which was awful.

She gave Jun Linyuan an aggrieved look and complained, "You're going to make me deaf..."

With her pretty face and her aggrieved voice, all men would pity her.

However, the crown prince only smacked Feng Wu on the forehead!

Smack!

"Going deaf?! Why do you care, if you aren't even afraid of death?!"

He was already frightening enough when he didn't speak. Now that he was infuriated, he reminded others of a thousand thunderclaps going off all at once!

### **Chapter 1250 His Royal Highness Is Horrible to Feng Wu 2**

The people that were already some distance away moved back even further...The crown prince's bellow almost made them go deaf, especially those who weren't as advanced in their cultivation. Blood oozed out of their ears immediately.

Zuo Qingyu and Dugu Yamo exchanged satisfied looks.

Oh my —

Here they were, thinking that His Royal Highness was so nice to Feng Wu, but then...

He was bellowing at her in front of everyone with such a ferocious look on his face. How could anyone say that he was in love with her after this? Hah!

Feng Wu had finally moved away from Jun Linyuan, but after he smacked her on the forehead, she lost her balance and fell to the ground.

"Pfft —"

A short distance away, Zuo Qingyu smirked.

As it turned out, His Royal Highness didn't like Feng Wu all that much.

Staring at Feng Wu with a ferocious look in his eyes, the crown prince said, "If you want to die, go ahead! No one's stopping you!"

He then flipped his sleeves and left.

"Your Royal Highness..." Feng Wu's ears were still buzzing, but she still grabbed Jun Linyuan's sleeve.

Infuriated, the crown prince threw her hand off and left without hesitation.

Poor Feng Wu was left behind.

His Royal Highness was mad...

Feng Wu had pissed His Royal Highness off...

Everyone in the crowd looked at Feng Wu with indescribable expressions in their eyes. Some were sympathetic while others gloated at her predicament.

Feng Wu had no idea what they were thinking, because she was lost in her own thoughts.

She was talking to the fairy.

“What about the fourth trial? What’s it going to be?” Feng Wu pressed.

She sounded worried because she had yet to recover from the previous trials.

The last two trials were finished only less than a minute before the deadline, and that was too close. She could have failed either time.

She couldn’t afford the loss.

The fairy covered her ears. “You’ve finished two trials in a row. Aren’t you tired? Don’t you need some rest?”

Feng Wu snorted. “No, I’m not, and I don’t need to rest. As long as I can find the broken star piece to save my beautiful master, I’ll do anything!”

The fairy could see the beautiful, god-like figure lying on the white jade ice bed in the ring space, and she tried to compare him with Jun Linyuan, the extremely talented teenager.

She scratched her head, for she didn’t know who to choose between the two of them.

“What’s the rush? You won’t have another trial in a few hours, so get some rest and get your strength back.” The fairy felt conflicted after stealing a look at the task on her bulletin board.

Feng Wu was about to ask more questions, when she heard a sarcastic voice.

“Gosh, Feng Wu, why are you still here? If I were you, I would have run away by now!”

Turning around, Feng Wu saw that it was none other than Feng Liu.

Zuo Qingyu chuckled and feigned a vexed tone when she spoke to Feng Liu. “Don’t be so harsh. Can’t you see how upset your sister is? You should offer her some comforting words.”

Feng Liu smirked. “Comfort her? I would have to lose my mind to do that! If she hadn’t overreached and tried to fawn on the crown prince, she would never have to endure this! If you ask me, she got what she deserves!”
