Chapter 2141: Untitled

The second prince glared at Feng Wu.

Feng Wu smiled at him while she tried to decide what to do with this man, who always tried to sabotage her plans.

She needed to be very subtle.

What would Jun Linyuan do?

Feng Xun looked curiously at Feng Wu.

He wondered what "Boss Jun" had said. Why was the second prince so frightened?

"Take him down and lock him up," Jun Linyuan, who was still cultivating in the corner, said casually.

The second prince almost jumped to his feet.

He pointed at "Feng Wu" and shouted, "Who do you think you are?! Shut up!"

Feng Wu found his question idiotic.

The person in the corner was the real Jun Linyuan!

However, she was happy to hear that she could lock the second prince up. She immediately told Feng, "Do it."

Infuriated, the second prince pointed at Feng Wu. "Jun Linyuan, how dare you?!"

Feng Wu crossed her hands behind her back and snorted.

She didn't dare, but Jun Linyuan did.

Feng always followed Jun Linyuan's orders because he only had this one master. No one else could order him around.

Hence...

"Yes."

Feng walked up to the second prince and gave him a nod. "Your Royal Highness, please come with me."

The second prince stomped his foot.

He shouted at Feng, "You have no right to do this!"

Feng gave him an indifferent look and repeated, "Your Royal Highness, please come with me."

"What if I say no?" The second prince was furious.

Would a steward defy him?

Feng didn't say another word. He put his right hand on the prince's shoulder, and the next second, he picked up the second prince as if he were made of straw.

The second prince was astonished.

He was the son of Empress Dugu. How dare this servant do such a thing?

"How dare you humiliate me like this?! I'm going to kill you!" the second prince shouted.

But he failed to notice something.

He didn't even know Feng's name.

Master Dugu was shocked as well. Before he could scold Feng, Feng had walked away.

Fearing that Feng would harm the second prince, Master Dugu quickly followed him out.

Feng Xun gave Feng Wu a thumbs up. "Boss Jun, you're amazing!"

Feng Wu rolled her eyes at him and looked at the person in the corner.

That person was the amazing one. She was just following orders.

"By the way..." Feng Xun moved closer and whispered, "Boss Jun, what did you tell the second prince? Why was he so scared? And about Lord Wu... Am I off the hook?"

Feng Wu glared at him. "How could you be so stupid? You had that man, but you still let the second prince kill him!"

Feng Xun said, "How was I supposed to know that a prince would do such a despicable thing?"

Just then, they heard hasty footsteps outside.

Thump!

Emperor Wu kicked the door open.

Chapter 2142: Untitled

Feng Wu frowned.

"Did you lock your brother up?" Emperor Wu shouted at her.

Empress Dugu was with him. It seemed that Emperor Wu had arrived so quickly because he had received the news from his wife.

Feng Wu didn't know what to say.

As the ruler of the empire, shouldn't Emperor Wu have better judgement than this? Why couldn't he keep out of it?

However, the emperor didn't feel that there was anything wrong with what he was doing.

He pointed at Feng Wu and shouted, "Jun Linyuan, is it true that you locked up your brother?!"

Feng Wu stole a glance at Jun Linyuan.

After all, it was the royal family's business, and she couldn't make reckless decisions.

Jun Linyuan gave her a nod, which meant that she could do whatever she wanted.

Feng Wu's eyes widened. Really? Could she really do whatever she wanted?

Jun Linyuan nodded a little before closing his eyes and going back to his cultivation.

He had reached the critical point and couldn't afford to be disturbed.

Meanwhile, Emperor Wu was lashing out at Feng Wu.

"Jun Linyuan! Have you forgotten what I said? The first one to solve the case can have the ring. And what did you do? You locked up your brother! You!"

Emperor Wu looked like he was going to pass out with rage.

Seeing this, Empress Dugu rushed over and steadied Emperor Wu. She cried out, "Your Majesty, are you alright? Your Majesty!"

While supporting Emperor Wu, Empress Dugu turned to Feng Wu and said, "Your Royal Highness, you've upset your father! What if something happens to His Majesty?!"

Feng Wu thought about it and decided that the real Jun Linyuan would ignore the empress.

She needed to mimic Jun Linyuan now.

Therefore, she put her hands behind her back and looked very proud.

Emperor Wu pushed Empress Dugu away. He walked up to Jun Linyuan and shouted, "You defiant son!"

However, Feng Wu cut him off before he could go on.

"Father, my brother didn't tell you why he was locked up, did he?"

Empress Dugu tried to intervene. "Your Royal Highness, you have no right to..."

Feng Wu waved her off. "If Empress Dugu knows why I locked up my brother, she probably wouldn't have urged my father to create such a scene."

Such a scene? Emperor Wu was furious.

It sounded as if he was making a fool of himself. He was the ruler of this empire!

If... If that person were here, would Jun Linyuan do this? That thought frustrated Emperor Wu even more.

Feng Wu shook her head and said, "Jun Linshen killed a man."

Jun Linshen was the second prince's name.

Emperor Wu smirked. "You sound as if you haven't taken lives before."

Feng Wu smiled. "He killed a spy to shut him up."

The emperor stared at her. "What?!"

Empress Dugu glared at her. "That's a lie!"

Feng Wu said, "Actually, he's killed more than one spy."

Jun Linshen was brought back, and with his parents' support, he shouted, "I killed the spies? Says who?! Can you prove that Lord Wu was a spy?!"

Feng Wu smiled at him. "So... Are you admitting that Lord Wu worked for you?"

Chapter 2143: Untitled

"I..." Only then did Jun Linshen realize that he had been tricked by "Jun Linyuan." He shouted, "I... I..."

Seeing that Emperor Wu was watching him, Jun Linshen found courage again. "Why are you saying that I killed Lord Wu? You have no proof! This is pure speculation!"

Feng Wu put her hands behind her back and said proudly, "It's natural that you should ask for proof. Since we have you as the witness, of course, we have material evidence as well."

Jun Linshen wanted to retort but fought back his words.

He smirked at "Jun Linyuan" and wondered what proof "he" could provide.

"If you can't prove that I killed him, then Feng Xun is the murderer! He has to pay with his own life!" Jun Linshen snorted.

Feng Xun also looked nervous. If "Boss Jun" couldn't prove it, he would be killed...

"Take his clothes off." Feng Wu stared at Jun Linshen, but she was talking about the dead body.

Jun Linshen's pupils contracted.

But Feng Wu was still staring at him, so he couldn't let her suspect anything.

By then, Master Chu, the royal physician, had arrived.

Feng Wu looked at Emperor Wu and asked, "I'll have Master Chu examine the body. Will everyone trust his conclusion?"

Master Chu was the head of the royal physicians, and Emperor Wu trusted him a lot.

Emperor Wu would trust Master Chu's conclusion.

"Yes," Emperor Wu said coldly.

Feng Wu told Master Chu, "Examine Lord Wu's body and find the cause of his death."

"Yes," replied Master Chu after he realized what was going on.

Jun Linshen and Master Dugu looked at each other. The latter nodded, reassuring him.

Immediately, all eyes were on Lord Wu's body.

At that moment, someone tried to get into the room.

The eunuchs at the door tried their best to stop the person.

However, the person struggled hysterically and couldn't be stopped.

The eunuchs were all knocked to the ground, and the person ran into the room.

It was none other than Mrs. Wu, Lord Wu's wife.

She had just received the news. As soon as she entered the room, she saw the dead body on the ground and almost fainted.

"My lord!" She burst into tears.

"Why is he... How did this happen?!" Mrs. Wu glared at everyone with bloodshot eyes.

Jun Linshen said, "Feng Xun killed him!"

Mrs. Wu stared at Feng Xun. No one could scare her now.

What a fierce woman. She didn't look like the wife of a mere low-level lord at all. Feng Xun glanced at a young eunuch next to him.

The eunuch explained to him in a low voice, "This is Lord Wu's wife. She's the daughter of Master Wu, the Master of Ceremonies."

Feng Xun nodded and didn't think much of it.

The young eunuch smiled bitterly and went on. "She's also the goddaughter of Master Eunuch Wu."

"Who's Master Eunuch Wu?"

That sounded like someone important.

The young eunuch lowered his voice even more. "He's the head eunuch and the Royal Horse Supervisor."

The young eunuch pointed at the sky.

That was to say, Master Eunuch Wu was a big boss to the eunuchs.

Feng Xun's face darkened a little.

Chapter 2144: Untitled

Master Eunuch Wu, the Royal Horse Supervisor?

That could be problematic.

Eunuchs could be great cultivation masters as well. For instance, the 12 head eunuchs in the royal palace were all capable warriors.

The Royal Horse Supervisor was the keeper of the commander's seal for the emperor and could deploy the imperial guards in the capital city. He was definitely an important person.

Feng Xun's family background aside, he was only a junior officer.

At his age, he was only a team leader in the intelligence department. Master Eunuch Wu was of a much higher rank.

Only his father was senior enough to be Master Eunuch Wu's equal.

That old eunuch had even challenged his father before.

That thought gave Feng Xun a bigger headache.

Jun Linshen still wouldn't give in. "Feng Xun killed him! It has nothing to do with me!"

Feng Xun was so mad!

He wanted to punch Jun Linshen in the face.

But Feng Wu shook her head at him.

Feng Xun snorted.

If it wasn't for "Boss Jun," he would have beaten up Jun Linshen.

But Feng Xun had made up his mind. He would find a quiet spot, blindfold Jun Linshen and kick him around to vent his frustration.

Feng Wu told Feng Xun, "Tell everyone what happened."

Feng Xun nodded. He then explained Feng Wu's method of identifying the spies and pointed out Lord Wu's strange behavior.

He said that was why he had wanted to bring Lord Wu here.

Hearing his description, Emperor Wu couldn't help but glance at Feng Wu.

He thought, "Jun Linyuan is indeed very smart, but he's too arrogant. If only he can be as obedient as his brother..."

Feng Xun went on, "With Boss Jun's method, I spotted Lord Wu because he cared too much about the Dongsang Kingdom. Over a dozen people were there, and they're all my witnesses!"

The people that had been taken away were brought back now.

Because they needed to recreate the scene.

Emperor Wu glanced at the crowd.

Everyone nodded, confirming what Feng Xun had said.

Feng Xun said, "So, we're almost certain that he's a spy of the Dongsang Kingdom."

"Nonsense!"

Mrs. Wu jumped up from the ground and charged at Feng Xun. She shouted at him, "You have no witness or physical evidence! This is pure speculation! My husband isn't a spy!"

She would never accept that conclusion because it would be a heavy blow to her family, her future, and the force behind her.

Therefore, she tried her best to deny it.

Feng Xun frowned. "They're all my witnesses."

Mrs. Wu smirked. "So what? Where's your physical evidence? Show me! Otherwise —"

"Here it is."

Someone spoke calmly from the doorway.

It was Xuan Yi.

After Mo Haolin died, Feng Wu sent him away to take care of something, and now, he was back.

"Here is the physical evidence." Xuan Yi waved the object in his hand.

Emperor Wu glanced at Eunuch Gao, who quickly took the object and handed it to Emperor Wu.

Emperor Wu took a look, and his face darkened.

Mrs. Wu's heart sank.

What was going on?

Emperor Wu was furious. "That Lord Wu really was a spy of the Dongsang Kingdom! Stop trying to deny it!"

He glared at Mrs. Wu with angry red eyes.

Chapter 2145: Untitled.

Everyone looked at Emperor Wu.

They wondered what Xuan Yi had handed to him and why he was so angry.

Xuan Yi had been sent off by "Jun Linyuan." Did that mean that the "crown prince" had planned it from the beginning? That was amazing!

Emperor Wu didn't show the others what was in his hand. He only summoned Mrs. Wu to his side.

Mrs. Wu almost fainted when she saw what it was.

"Get her out of here! Find out everything about her family!" Emperor Wu was furious.

Feng Xun was relieved and said, "So, we have reached the conclusion that Lord Wu was a spy of the Dongsang Kingdom, right?"

Emperor Wu nodded.

Jun Linshen nodded reluctantly.

He had tried to set Feng Xun's family against Master Eunuch Wu, the head eunuch. If he succeeded, he would be able to remove Feng Xun from his position.

But now, it didn't seem like that would happen.

Once Feng Xun identified Lord Wu as a spy, Jun Linshen became his next target.

"I was bringing Lord Wu to Boss Jun, when Prince Jun Linshen approached me."

Feng Xun looked at Jun Linshen and went on, "The prince usually ignores me and will proudly look away whenever we run into each other. This time, however, he tried to strike up a conversation with me."

Jun Linshen glared at Feng Xun. "Why would I try to do that? You're just a young lord. Feng..."

"Shut up!" Emperor Wu glared at Jun Linshen before telling Feng Xun to go on.

Jun Linshen could only vent his frustration inwardly.

Feng Xun said, "The prince said that carrying Lord Wu was such a tiresome job, and he wanted to carry him for me."

Jun Linshen glowered. "No, I didn't!"

Feng Xun smirked. "The courier station is a very small place, and many people were watching. Do I really need to find someone to back me up?"

Jun Linshen said, "I was only trying to help you. Feng Xun, how ungrateful you are!"

Feng Xun said angrily, "Why should I be grateful at all?!"

Seeing that Jun Linshen was trying to change the subject again, Feng Wu had to intervene. She gave Feng Xun a warning glance.

Taking the hint, Feng Xun got to the point. He cleared his throat and said, "Your Royal Highness, you admit that you took Lord Wu from me?"

Jun Linshen gritted his teeth and snorted.

Feng Xun smirked. "With His Majesty here, are you still not going to give me a straight answer? Do you think you can fool His Majesty?!"

Jun Linshen glared at Feng Xun. Since when was Feng Xun so clever?

If he didn't give a straight answer, the emperor would think that he was trying to fool him. That would be a serious crime.

Jun Linshen was infuriated, but Emperor Wu was glaring at him, and he had to admit what he did. "Sure, I took Lord Wu. So what?"

Feng Xun chuckled. "We wouldn't have to go through so much trouble if you had admitted it in the beginning."

Jun Linshen said angrily, "How can you prove that I killed Lord Wu? Show me!"

Feng Xun shrugged. "I don't know."

What?

Everyone was dumbfounded.

The young lord had been so intimidating when he confronted the prince, but now, he said he didn't know what to do next.

Chapter 2146: Untitled

Jun Linshen smirked. "Why are you saying that I killed him?"

It was obvious that he was trying to trick Feng Xun.

Despite knowing it, Feng Xun still replied, "Because you did. You killed Lord Wu!"

Jun Linshen laughed. "Young Lord Feng, you better know what you're talking about. I'm a prince. Why would I kill a low-level lord?"

Feng Xun said, "There's no use trying to deny it. You did it."

Jun Linshen laughed despite his rage. "Fine, if you say so. But in the end, if you can't prove that I killed him, you've just slandered a prince!"

Feng Xun smirked. "If I did, you can take my head!"

He put his life on the line!

They spoke very quickly, and by the time Emperor Wu tried to stop them, he was too late.

Jun Linshen said, "Fine! If you can prove that I did it, I'll admit to my crime, like a commoner!"

Feng Xun said, "Great!"

"So, how are you going to prove it?" Jun Linshen smirked.

Feng Xun shrugged and grinned. "I have no idea, but Boss Jun knows what to do."

All eyes fell on Feng Wu.

To the others, she was Jun Linyuan.

Feng Wu didn't answer Feng Xun. Instead, she turned to Master Chu and asked, "What did you find?"

Master Chu smiled bitterly. "I've examined every part of his body, including the bottom of his feet, but nothing is out of place. It seems that Lord Wu..."

Jun Linshen smiled and asked, "Master Chu, what do you think was the cause of Lord Wu's death?"

Everyone looked at Master Chu.

Even Emperor Wu said, "Tell us what you know."

Master Chu gave Feng Wu and Feng Xun an apologetic look, cleared his throat, and said, "My examination shows that Lord Wu had a weak heart. I found no external injuries, nor is there any sign of him being poisoned. I think we can conclude that Lord Wu had a heart attack and was killed by fear and panic."

Emperor Wu frowned. "Are you saying that he was frightened to death?"

Master Chu nodded. "That seems to be the case."

Jun Linshen gloated at Feng Xun.

That was in his favor.

He couldn't wait to see Feng Xun dead.

But Feng Xun wasn't worried at all, because "Boss Jun" would be there to help him.

He had a lot of confidence in "Boss Jun."

Feng Wu found Feng Xun a bit too trusting.

Since Feng Xun's life was on the line, Feng Wu had to take it seriously. She asked Master Chu, "Did you examine the entire body?"

Master Chu nodded and said seriously, "Yes, Your Royal Highness."

"What about his groin?" Feng Wu glanced at Jun Linshen when she asked the question.

Jun Linshen turned around and glared at Feng Wu.

Feng Wu ignored him.

Master Chu seemed surprised. "His groin? I don't think there's any injury there."

Master Chu was very thorough, and he hadn't missed the private parts.

Feng Wu shook her head. "The skin there is darker than elsewhere. Did you examine it closely?"

Chapter 2147: Untitled

Master Chu's pupils contracted a little. The "crown prince" was saying that...

"I'll examine it again."

He flipped Lord Wu's dead body over and looked closely at the spot that Feng Wu had mentioned. Seeing this, Jun Linshen's hands started to shake.

"There's a tiny needle mark." Master Chu reached the conclusion after examining the dead body more closely.

"So what? What does that prove?" Jun Linshen tried to remain calm.

Feng Wu smirked. "We'll see what it can prove once the dead body is dissected."

Master Chu asked for Emperor Wu's permission.

Normally, people wouldn't agree to have the body of their family member cut up, but Mrs. Wu had been taken away already...

Feng Wu said, "All men of the Dongsang Kingdom are marked on the bone. If I'm guessing correctly, so is Lord Wu."

Marked on the bone? Where did that come from? No one had heard of it before.

Emperor Wu looked at Feng Wu.

Feng Wu nodded and said, "They write 'Soul of Dongsang' on their bones along with a number."

Emperor Wu asked, "Why do you know that?"

Feng Wu said, "I extracted that information from the interrogation earlier, but I hadn't verified it yet."

Emperor Wu glanced at Feng Wu and wondered how much information "his son" had kept from him.

He then turned to Master Chu and said, "Dissect him."

Knowing how serious this was, Master Chu started immediately.

Seeing that Master Chu was aiming at Lord Wu's rib, Feng Wu added, "The mark can be anywhere. It doesn't necessarily have to be on the rib."

Master Chu stared at Feng Wu.

Feng Wu smiled and said, "That way, it won't be exposed so easily."

Feng Wu was telling him that he should uncover Lord Wu's cause of death first. The mark could wait.

Master Chu took the hint, so he cut up Lord Wu's leg first.

Soon, blood was extracted, and it had a trace of green.

"What's that?"

Emperor Wu didn't know what that meant.

By then, Master Chu was covered with sweat.

He had been so sure a moment ago that Lord Wu had been frightened to death. But now, the evidence suggested otherwise.

"It's Thousand Silk!" Master Chu's face darkened.

Emperor Wu was perplexed. "What's that?"

Master Chu heaved a sigh. "It's a potent liquid poison that can excite a person exceedingly in a short period of time. It can easily kill someone with a weak heart."

Hearing that, everyone looked at Lord Wu.

Wasn't that what had killed Lord Wu, a weak heart?

That was exactly as Master Chu had described.

Master Chu smiled bitterly and said, "The poison dissolves in the blood. I wouldn't have noticed without dissecting the body. The murderer is really good. The poison was injected with a tiny needle and the needle was removed afterward.

"Normally, I wouldn't check the groin for a needle mark. Moreover, just like what His Royal Highness said, the skin there is darker, which makes it harder to spot any mark. I would have missed it, had it not been for His Royal Highness's reminder."

Everyone looked at Jun Linshen now.

Jun Linshen was frustrated. "Why are you looking at me? Even if you can prove that Lord Wu was killed with Thousand Silk, how does that have anything to do with me?!"

Chapter 2148: Untitled

Feng Xun smirked and said, "You made contact with Lord Wu."

Jun Linshen was even more furious. "So did you! Why am I the killer?!"

Feng Xun smirked. "I was trying to catch a spy. Why would I kill him? Use your brain! I have no motive!"

Jun Linshen said, "Are you saying that I have a motive?"

Feng Xun didn't know what to say.

Feng Wu smiled and said, "You do."

Jun Linshen stared at Feng Wu. "Brother, are you trying to get me killed so that no one can challenge your position as the crown prince?"

Feng Wu smiled and said calmly, "First of all, this is a competition between you and me. The first one to solve the case will get that jade ring."

Jun Linshen tried to interject, but Feng Wu went on. "Seeing that I've been doing so well, naturally, you would want to kill Lord Wu to sabotage my plan."

Jun Linshen stared at Feng Wu and said stubbornly, "No, I didn't do it."

Feng Wu wouldn't listen to his excuse. "Secondly, if other people believe that Feng Xun killed Lord Wu, Master Eunuch Wu, the head eunuch, would hold a grudge against him.

"Jun Linshen, you've always been so petty." Feng Wu shook her head.

With his plan exposed, Jun Linshen's face turned red with frustration. He shouted, "No! I didn't do it! You can't force me to admit to something that I didn't do!"

Feng Wu smiled and turned to Xuan Yi. "Although Thousand Silk is said to be odorless and neither humans nor dogs can smell it, a type of dog with pink fur has especially acute senses. They can smell it. Now, bring me that pink dog."

She then glanced at Jun Linshen. “The killer can’t remove the smell of Thousand Silk on his hands. The dog will soon tell us who he is!”

Jun Linshen stared at Feng Wu in terror.

Feng Wu ignored him and turned to look at Master Chu.

While they were talking, Master Chu had been dissecting Lord Wu. Soon, all the flesh was removed, and there was only a skeleton left.

On the bone...

“Look! There’s something written on it!” Feng Xun cried out.

Whoosh!

Everyone looked at the bone.

Feng Xun was right. There was something carved into one of the bones on the arm.

“Soul of Dongsang. Serial number: Saturn 0003.” Feng Xun read it out loud. “I know what ‘Soul of Dongsang’ is. What does that number mean?”

Feng Wu said, “That’s easy.”

All eyes were on Feng Wu.

Feng Wu glanced at the 13 suspects. Four of them were guards.

Emperor Wu ordered all of them to leave the room.

Soon, there were only a few people left.

Feng Wu looked at Emperor Wu and said, “Master Linghu chased the Dongsang Kingdom out of our empire 13 years ago, but they wouldn’t have any of it. So, they left something behind.

“That ‘something’ is officially known as the revival list of the Dongsang Kingdom.

“There are 77 people in total. They’re divided into seven 10-man teams.

“The number on Lord Wu means that he was No. 3 in the Saturn team.”

...

The others were all astonished.

Emperor Wu was shocked because there was such a revival group hiding in the Junwu Empire.

Jun Linshen was shocked because “Jun Linyuan” had pretty much figured out everything when he still knew next to nothing.

He was filled with despair.

Chapter 2149: Thousand Silk

Emperor Wu stared at Feng Wu. "Are you sure about that?"

Feng Wu showed Emperor Wu the confession.

Feng Xun had learned quite a few things during his interrogation.

Emperor Wu grew furious as he read the confession.

Damn it!

It was abominable!

He had always thought that the Junwu Empire was the most powerful empire on the continent and that nothing could be kept from him. However, what he was reading now felt like a slap to his face.

"I'm going to interrogate them myself!" Emperor Wu said angrily.

Feng Wu looked at Emperor Wu in resignation. "Are you sure about that?"

Emperor Wu said, "Yes."

Feng Wu nodded and said, "Your Majesty, you killed the first spy when you interrogated him."

Emperor Wu didn't know what to say.

Feng Wu went on. "Then, he killed the second one."

She pointed at Jun Linshen.

Jun Linshen said, "No, I didn't!"

Feng Wu asked, "Are you saying that you didn't kill Mo Haolin?"

Jun Linshen said, "That's because he tried to kill me first, so I..."

Feng Wu nodded and said to Emperor Wu, "So, he killed the second spy."

"As for the third one..." Feng Wu pointed at Lord Wu's skeleton. "As the third member of the Saturn team, he should have been able to tell us a lot of things, but you killed him."

"I didn't kill him! I didn't!" Jun Linshen insisted.

Feng Wu smiled and ignored him. Just then, Xuan Yi came in with a pink dog.

Feng Wu asked Emperor Wu, "Your Majesty, shall we start the inspection with you?"

Emperor Wu glared at her. "How dare you suspect me?!"

Feng Wu shook her head. "I'm not suspecting anything, but if Your Majesty refuses, a certain someone will say that he's too important to be inspected."

Everyone knew whom she was referring to.

Emperor Wu wanted to know the truth as well, so he nodded and said, "Fine. Everyone should be inspected. I must know who's behind all this!"

Feng Wu glanced at Xuan Yi, who then walked the dog from the left to the right so that it could sniff at everyone, including Feng Wu.

Jun Linshen smirked. "What if it can't find anything?"

Feng Wu said casually, "Then Feng Xun is the killer."

Jun Linshen laughed. "Great!"

The dog sniffed at everyone in the room, but in the end —

It only stared at the skeleton and blood...

The process was repeated.

But the dog still didn't find anything.

Everyone gave Feng Wu strange looks.

They believed that "Jun Linyuan" could do anything and would never be defeated. Was "he" going to fail this time?

Feng Xun grew anxious.

Why wouldn't the dog bark at Jun Linshen?

Was it possible that Jun Linshen hadn't killed the man?

"Hahaha —"

Jun Linshen guffawed. "Jun Linyuan, I never thought that I would see the day you would fail a task!"

Feng Wu frowned.

Jun Linshen shouted, "Jun Linyuan, you've just gotten Feng Xun killed!"

Feng Wu smiled. "Jun Linshen, are you really that stupid?"

That made Jun Linshen stop laughing. He then stared at Feng Wu, looking surprised.

Feng Wu said, "Show us your right hand."

Jun Linshen hesitated.

"What do you want?" He stared at Feng Wu.

Feng Wu said, "I lied to you when I said that the dog could smell the poison."

What?

Chapter 2150: Untitled

Everyone stared at her.

Feng Wu said, "Apparently, someone believed it, so he's been rubbing his hand, trying to get rid of the 'smell.' His hand must be swollen by now."

Jun Linshen glared at Feng Wu.

Feng Xun reacted quickly. Before Jun Linshen could do anything, Feng Xun ran up to him and grabbed his right hand.

Feng Wu was right. Jun Linshen's right hand was red and raw.

Everyone stared at Jun Linshen.

Jun Linshen panicked.

So did Empress Dugu.

Master Dugu was shocked as well.

If they could, they would kill Jun Linshen right now.

What an idiot! He rubbed his hand just because "Jun Linyuan" said that the dog could smell the poison. He had given himself away!

Jun Linshen wanted to kill himself.

He had used up all his excuses. What could he say now?

Would the others believe it if he said that his hand felt itchy?

Frustrated, Emperor Wu glared at him. "What do you have to say now?!"

Recalling the bet, Jun Linshen burst into tears. "Father... Father..."

Emperor Wu kicked his son with all his might.

Jun Linshen was kicked away.

Empress Dugu knelt and pleaded, "Your Majesty, please forgive him. He didn't mean to... That man was a spy. He deserved to be killed..."

Seeing the weeping mother and son, Feng Wu shook her head in resignation.

Emperor Wu was very forgiving when it came to his other sons. Hearing their cries, he couldn't bring himself to scold Jun Linshen anymore.

After all, he liked Empress Dugu very much, and Jun Linshen was almost his favorite son.

Poor Jun Linyuan...

Feng Wu wouldn't give Empress Dugu and Jun Linshen what they wanted.

She mimicked Jun Linyuan's tone and said casually, "So, you won't keep your agreement. Is that it?"

Emperor Wu glared at Jun Linyuan.

Why would he want to see his younger brother in a predicament?

Feng Wu shrugged and gave Emperor Wu a contemptuous glance. "He lost the bet, and has to live with the outcome. Isn't that the most basic principle in life? If he can't keep his promise, how can he be worthy of the throne?"

"Jun Linyuan!" Emperor Wu shouted at Feng Wu.

Feng Wu sighed and shrugged. "Is this idiot all you can find to hone my ambition? You really don't have many good sons to choose from, do you?"

In the corner of the room, Jun Linyuan gave Feng Wu a quick glance before closing his eyes again.

It happened so quickly that Feng Wu didn't see it.

Since Feng Wu was Jun Linyuan now, she could say whatever she wanted to Emperor Wu.

If she revered Emperor Wu now, she wouldn't look like Jun Linyuan.

What she said was very mean.

Emperor Wu was furious.

"Neither of you shows me any respect!" Emperor Wu kicked Jun Linshen again. "You betted on your reputation as a prince, right? If you don't respect that title, you can leave the royal family now!"

Emperor Wu stormed off after that.

Had Jun Linshen been banished from the royal family? Empress Dugu burst into tears, and Jun Linshen was so frightened that he fainted.

That news was a thunderclap over his head!
