Chapter 2601: Provocation (2)

Lu Qi became confident again and went back to slandering Feng Wu.

The neutral group remained neutral.

The fans refused to listen to Lu Qi. No matter what Wang Junwen said, they still believed that Feng Wu was a capable cultivator.

Therefore, they confronted Wang Junwen.

Zhao Zhen spoke first.

“Wang Junwen, this is Class E’s territory. Why did you bring so many people here? A challenge? We’re in Class E, and you’re in Class D. One can hardly call that a challenge, don’t you think? Aren’t you afraid that people will laugh at you?”

Yu Hong smirked. “Feng Wu dared to say that she’s better than Wang Junwen, which is a total lie! Why can’t we expose her?!”

“A lie?” Chaoge couldn’t take it anymore. “Didn’t Xiao Wu defeat Wang Junwen? Didn’t she kick you away? Was that a lie, too?”

Yu Hong’s face flushed in frustration.

Yes, both he and Wang Junwen lost. That was why they brought more people to help them this time.

Yu Hong smirked. “Cut the crap. Just answer me: Are you going to accept the challenge or not?”

When Feng Wu finished her cultivation, she woke up to find Wang Junwen glaring down at her.

She had thick bandages wrapped around her neck.

From afar, it almost looked like she was wearing a scarf.

Feng Wu frowned. “What now?”

Wang Junwen glared at her. “Five to five. Do you accept the challenge?”

Feng Wu asked, “What do you mean?”

Sun Jingyu quickly explained to her, “It’s a common practice here in the academy. Each side has a team of five people, and the members will perform one-on-one battles.

She wasn’t sure if Feng Wu could follow, so she added, “Each team selects a player, and the two players will battle. The winner will remain on stage, and the losing team will choose a second player to go up, and so on and so forth. A player only leaves the stage when they lose the battle.

“The last person left on stage is the winner, and their team wins.” Sun Jingyu then lowered her voice. “If you ask me, I don’t think you should accept the challenge.”

Feng Wu asked, “Why?”

Sun Jingyu glanced at the other team and said, "That very tall man is Lei Bao. He's two meters tall and is ranked quite high on Class D's billboard. I don't think you're his match. There's more."

She pointed at the two people next to Lei Bao. "They're Hua Yan and Hua Xu. They're brothers and are both very capable. I wouldn't stand a chance.

"Then there's Wang Junwen and Yu Hong. You can defeat them, but we can't."

She said thoughtfully, "You can defeat two or three of them, but you can't fight all five. I suggest you turn down the challenge."

Wang Junwen smirked when she heard what Sun Jingyu said. "What? Are you afraid?"

Sun Jingyu said, "We're from Class E. Normally, we aren't your match. So what if we're afraid of fighting you?"

Wang Junwen didn't expect Sun Jingyu to be so frank and was rendered speechless.

The other Class E students didn't like the way Sun Jingyu put it.

Those people had come to their own territory to insult them. Although she was telling the truth, it didn't make it any less frustrating.

Lu Qi was still trying to incite her classmates. "If not for Feng Wu, we would never have to go through this! It's all her fault!"

The number of anti-fans began to increase again.

Chapter 2602: Provocation (3)

"Xiao Wu, don't say yes!" Zi Ling tugged at Feng Wu's sleeve and shook her head. "Be patient in one moment of anger, and you'll escape a hundred days of sorrow!"

The other students of Class E were all infuriated, but they tried to talk Feng Wu out of it as well.

"Forget it. We won't blame you. Just tell them no."

"There are five of them; you can never defeat them all. You'll be killed for nothing."

"We know you're capable. You're the top student of our class, but you can't beat Class D."

Lu Qi and her friends couldn't wait to see Feng Wu's downfall, whereas both the neutral group and Feng Wu's fans tried to persuade her to not accept the challenge.

Wang Junwen sneered at Feng Wu.

Would she say no?

Feng Wu said, "Sure."

Sure? What was that supposed to mean?

Everyone gave her strange looks.

Wang Junwen was taken aback as well. She stared at Feng Wu and asked, "Is that a yes?"

Feng Wu nodded. "Yup."

Wang Junwen couldn't believe it at first, but she was then elated.

Feng Wu must have lost her mind! What an idiot! She said yes!

Fearing that Feng Wu would go back on her word, Wang Junwen said, "Today feels like a good time. Let's do it now!"

"Xiao Wu!"

The people around Feng Wu all looked at her in astonishment, including Sun Jingyu and Pei Si.

Feng Wu said casually, "I have a request."

Wang Junwen asked, "What is it?"

Feng Wu said, "Class E doesn't stand much of a chance in a five-on-five battle against Class D. We won't become your punching bags for nothing. You're going to give us some points as a reward."

Wang Junwen had been about to tempt Feng Wu with points in the first place, so she wasn't surprised by the request.

"How many points are we talking about?"

Feng Wu said, "If we win, you'll give each of our five players 5,000 points."

"No way!" Wang Junwen stared at her. "One person can transfer no more than 1,000 points per month, so 1,000 a player is all I'm going to offer."

Mr. Zhu had told Feng Wu that rule before, so Feng Wu didn't object. She nodded and said, "Alright."

Wang Junwen asked, "What if you lose?"

Feng Wu said innocently, "Aren't we your potential punching bags? Do we have to lose points as well? Forget it, then."

Wang Junwen had come here to kill Feng Wu in public.

Feng Wu never put a hit on her head, so Wang Junwen only had an excuse to kill Feng Wu in a duel.

She gritted her teeth. "Fine! Have it your way! If your team wins, each player will earn 1,000 points! If you lose, you can't blame anyone for your death. None of us can."

Feng Wu said, "Alright."

"You have ten minutes to choose your players!" said Wang Junwen.

Only so many people in Class E could take up the challenge, and Sun Jingyu and Pei Si would definitely be in the team. Wang Junwen was determined to teach them a lesson for betraying her.

Feng Wu then turned to her friends.

Chaoge said, "Count me in."

Zi Ling said timidly, "I won't help you much in the battle, but if Xiao Wu needs me, I'll join in."

Feng Wu nodded.

She then turned to Sun Jingyu.

Sun Jingyu's stomach lurched. This was the thing she feared most.

"I..." She gave Feng Wu a pleading look. "I've offended Wang Junwen, and part of her rage is directed toward me. I'm worried that..."

Feng Wu kept her gaze on Sun Jingyu.

Chapter 2603: Provocation (4)

Sun Jingyu said, "If you have to have me on the team, I guess I can do it..."

Feng Wu then turned to Pei Si.

Pei Si said, "I think Gu Xingyuan would be a better choice, wouldn't he? He's the second best student in our class and will have a much better chance." In other words, she didn't want to be on the team.

Before Feng Wu could ask, Gu Xingyuan crossed his arms, distancing himself from the crowd. He snorted. "I'm not cleaning up after you."

He then moved further away from Feng Wu.

Chu Junying gave Feng Wu a contemptuous look and followed Gu Xingyuan.

The students became very quiet.

It was supposed to be a five-person team, but there were only four members now. Feng Wu, Chaoge, Zi Ling and Sun Jingyu.

Chaoge looked at Mu Qianqian.

Mu Qianqian hesitated. Just then, someone walked up to Feng Wu. "Boss Wu, what about me? If you can't find a fifth member, count me in."

It was Zhao Zhen, the head of Feng Wu's fan group.

Feng Wu didn't know who she was, so Zi Ling introduced her.

Wang Junwen was pleased when she saw how hard it was for Feng Wu to put together a team. She chuckled coldly. "If you have a death wish, feel free to join her team!"

In other words, she was going to be ruthless.

Feng Wu asked Zhao Zhen, "Aren't you afraid?"

Zhao Zhen was so nervous that her hands shook, but she was equally excited. She shook her head solemnly. "I'm not afraid!"

Feng Wu said, "Good. You're in."

Feng Wu gathered the other four around her and told them her strategy.

Her team members cried out in surprise.

“What?!”

“What?!”

“What?!”

“How can we do that?!”

...

In the distance, their classmates were all confused. What was Feng Wu’s strategy? Why were they so surprised?

They were still wondering, when Wang Junwen shouted in a sarcastic tone, “Can we start now?”

Feng Wu nodded and led her team to the stage.

A high platform about 100-square-meters-wide stood at one end of the square. It was the battle arena of Class E, and all tests were taken there.

Pei Si gave Sun Jingyu a sympathetic look when Sun Jingyu walked past her. “You should have said no.”

Sun Jingyu smirked. “Since I’ve chosen Feng Wu, I’ll stick with her no matter what. I’m not a fencesitter like you!”

Pei Si said, “You’re an idiot.”

Sun Jingyu walked past Pei Si with her chin raised.

In fact, she was crying inwardly. She would never have come up here if her hand hadn’t been forced.

She kept her struggle to herself.

All ten people went up to the stage.

Wang Junwen looked at each of Feng Wu’s team members in turn until her gaze landed on Feng Wu. She sneered at them. “Who’s the first one?”

Wang Junwen was the first player on Feng Wu’s team.

Zi Ling stepped out and walked up to Wang Junwen.

Wang Junwen’s eyes glinted coldly.

She hadn’t heard of Zi Ling’s name until she investigated Feng Wu. She now knew that Zi Ling was in the same dormitory as Feng Wu.

Wang Junwen had brought a lethal weapon with her, something she had borrowed from her uncle, Mr. Wang. That was why she had volunteered to be the first player; she thought that she could kill Feng Wu all by herself.

Since Zi Ling was Feng Wu's fan, she decided to teach the girl a lesson.

Zi Ling hopped around like a bunny and bowed when she was in front of Wang Junwen. "Hello, Sister Wang Junwen."

Feng Wu crossed her hands behind her back and smiled. If Wang Junwen knew what her plan was...

Chapter 2604: Shocked (1)

Zhen Ya was furious when she noticed that Lu Xiao couldn't keep his eyes off Zi Ling. "Do you care so much about her?!"

They had fought numerous times because of Zi Ling, so Lu Xiao ignored her.

Zhen Ya smirked. "You better stop caring. Do you see the look in Wang Junwen's eyes? She looks like she's going to swallow Zi Ling whole. She's going to be relentless, and Zi Ling is as good as dead!"

Lu Xiao still didn't respond. Zhen Ya was so frustrated that she prayed for Zi Ling's death.

She was going to be disappointed.

After Zi Ling greeted Wang Junwen with a bow, Wang Junwen snorted. "Are you ready?"

Zi Ling nodded. "Yes."

Wang Junwen had just picked up her sword, when Zi Ling said, "I give up."

What?

Everyone was astonished.

Zhen Ya's mouth fell open.

Pei Si didn't know what to say.

All the students couldn't believe their ears.

She gave up. Just like that?

They were expecting to see Wang Junwen beat up Zi Ling, and blood splash everywhere, but none of that was going to happen!

Wang Junwen was obviously shocked by what Zi Ling said.

She stared at Zi Ling. "What did you say?"

Zi Ling said innocently, "I said I give up. The rules don't say that I can't do that. Am I not allowed to give up?"

Today, Zi Ling wore a cape with white fur trimming, and the hood had fluffy rabbit ears on it. Her hair accessories were tiny fluffy orbs that swayed when she walked, giving her an adorable look.

When she looked at Wang Junwen, she was as innocent as a bunny.

Wang Junwen was so furious that she thought she was going to explode. Zi Ling ran back to her team and gave her team members high fives.

Wang Junwen didn't know what to say.

The other students were all speechless.

Zhen Ya said, "Damn it! Why won't she die?!"

Lu Xiao glanced at her and wondered when the kind Zhen Ya became so vicious. She wanted Zi Ling to die. That was horrible.

At that thought, he took a step away from Zhen Ya, but Zhen Ya was too overwhelmed by her rage to notice.

Zhao Zhen was the second player to go on stage.

She was as lovely as Zi Ling. Walking up to Wang Junwen, she said sternly, "You're a student of Class D, but you're forcing us to take part in this five-to-five battle with you! That's preposterous! Even if you win, this unequal contest won't bring you any honor!"

Wang Junwen didn't know what to say.

She had never expected a petty student of Class E to insult her like that.

She was determined to kill Zhao Zhen.

However, before she could do anything, Zhao Zhen rested her hands on her hips and smirked. "I'm not fighting a bad person like you! It won't be a fair battle! I give up!"

She quickly ran off the stage after that.

Wang Junwen's eyes widened.

She had been insulted for nothing.

And it didn't stop there. Sun Jingyu was the next player, and she gave up as well.

Wang Junwen could live with that because Sun Jingyu wasn't all that close to Feng Wu, so it was only normal that she didn't want to die for her, but Chaoge was a different story. She hardly ever left Feng Wu's side. However, even she walked up to Wang Junwen, snorted, and said she gave up.

She ran off the stage as well.

Chapter 2605: Shocked (2)

Wang Junwen was so furious.

She would vent all her rage on Feng Wu, the last player.

Feng Wu's other teammates all gave up and didn't have even a single scratch on them, but that also meant that they stood very little chance of winning.

That was what everyone else believed.

Led by Lu Qi, the anti-fans started doing their thing again, spreading all sorts of rumors about Feng Wu.

The neutral ones didn't say anything, but they were all frowning.

Feng Wu's fans felt defeated. Despite the frustration, they managed to stay strong. They cheered for Feng Wu and tried to explain Feng Wu's defeat, saying that it wasn't a fair battle.

Up on stage, Wang Junwen stared at Feng Wu.

She decided that Feng Wu wasn't going to get away this time.

She said, "Feng Wu, are you going to act like a coward and give up just like your teammates? If so, I'll despise you as well as all of Class E!"

That was a clever thing to say.

She tied Feng Wu's behavior to the honor of all of Class E. Damaging her own reputation would be the same as damaging that of their class. If Feng Wu admitted defeat without fighting, the whole class would hate her.

All the students of Class E stared at Feng Wu.

What would she do?

If she gave in, she would be disgraced together with Class E.

If not, she would have to fight all five people, including Lei Bao, who was supposed to be very powerful.

What choice would Feng Wu make?

Feng Wu glanced at her and nodded.

Wang Junwen stared at her. "Are you giving up?"

Feng Wu rolled her eyes at her. "You talk too much."

Wang Junwen's eyes widened.

Feng Wu said, "Just get on with the fighting already. What's with all the trash-talk? Don't you know that talking too much can get you killed?"

"Me? Killed? Ha!" Wang Junwen laughed. "We're going to fight until one of us drops. If that doesn't scare you, bring it on!"

Feng Wu said, "Alright."

Wang Junwen was elated. She didn't give Feng Wu time to react and struck at Feng Wu's head with the saber that contained Mr. Wang's full power.

"Oh, no," Sun Jingyu murmured.

Everyone looked at her.

Sun Jingyu said, "The saber belongs to Mr. Wang, and he can infuse it with his spiritual essence. That is to say, Wang Junwen borrowed his power!"

“Gosh... What is Feng Wu going to do?” Many people paled.

Wang Junwen was from Class D, and she had borrowed Mr. Wang’s power to boot. Feng Wu wouldn’t stand a chance!

“Can she somehow dodge that blow?”

“That’s impossible. She’s going to die. She shouldn’t have agreed to fight to the death. Now, no one can avenge her anymore.”

Everyone was talking at the same time.

They were right. The saber was indeed Wang Junwen’s secret weapon.

She had received it from Mr. Wang, her uncle, and the saber contained his full power. The attack would be terrifying if she exerted all the energy at once.

She was confident that she would win.

However —

When she struck at Feng Wu, Feng Wu jumped up and kicked at the edge of the blade.

The saber’s energy backfired, and Wang Junwen became the target instead.

Chapter 2606: Shocked (3)

There was no way that Wang Junwen could withstand such power.

Thud!

The blade hit her on the head.

It instantly split her skull open.

What?!

Everyone stared at Wang Junwen and the saber buried in her skull.

Then, their gazes shifted to Feng Wu.

“Wang Junwen’s head is cut up...”

“She’s dead...”

“What did Feng Wu do?”

“I don’t think she did anything... She just jumped up and kicked the saber.”

“Then Wang Junwen is dead...”

“...”

This turn of events shocked everyone. Their mouths hung open, and they didn’t know how to react.

They weren’t the only ones.

Wang Junwen's four friends were equally baffled.

Yu Hong ran to Wang Junwen's side and held her body in his arms. He screamed her name, "Junwen! Junwen!"

They had managed to save Wang Junwen when her neck was cut open, but her head was split in two now, and there was nothing they could do.

Yu Hong kept banging his fists against his head. "It's all my fault! It's all my fault! You barely escaped death, but now... If I had known, I would have stopped you!"

The students of Class E didn't know what to say.

If Yu Hong hadn't brought it up, they would have forgotten that Wang Junwen had been defeated by Feng Wu once. She didn't even wait an hour before she came here, trying to get revenge with that saber. However, she couldn't be brought back to life this time.

"She totally had it coming. I don't know if I should feel sorry for her or laugh at her."

No one showed any sympathy. Not only that, they also laughed at her, making her death seem pathetic.

Yu Hong put down Wang Junwen and walked up to Feng Wu.

Feng Wu glanced at him. "Shall we begin?"

Begin? Yu Hong didn't want to die.

He knew perfectly well how formidable Feng Wu was.

"I give up!" Yu Hong gave Feng Wu a dirty look before leaving.

Everyone was speechless.

Wang Junwen had despised Feng Wu's teammates for giving up. What Yu Hong did was practically mocking her.

The third and fourth players in Wang Junwen's team looked at each other.

The battle between Feng Wu and Wang Junwen was proof enough of Feng Wu's capability. There was no need to struggle. They had no chance at all.

Both players admitted defeat without putting up a fight.

The students of Class D had given up.

Feng Wu frowned. "I still think we should have a battle. I promise I won't kill you."

The third player flushed and walked away.

The fourth player considered the offer and made up his mind. "Let's do it, then!"

Feng Wu kept her promise. They exchanged quite a few blows before she kicked the player off the stage, saying, "Good job."

The player thought, *No, it wasn't. You could have defeated me with a single blow.*

Flushing, he cupped his fists at Feng Wu and ran off.

Lei Bao was the only player left.

Chapter 2607: Shocked (4)

Lei Bao's eyes glinted coldly.

It had cost Wang Junwen quite a few points to convince Lei Bao to join her in battle. Since he had taken the reward in advance, he thought he should see it through.

Now that Wang Junwen was dead, he couldn't return the points and had no choice but to fight Feng Wu.

He stared at her. "Let's do this."

Feng Wu was far more capable than Lei Bao and could easily kill him, but she didn't want to create any unnecessary trouble.

Wang Junwen had it coming, but Lei Bao was a different story. After all, killing people should be avoided if one could help it.

Feng Wu casually exchanged a few blows with Lei Bao before kicking him off the stage.

"Wow!"

The crowd was shocked when Lei Bao was defeated.

"Did Feng Wu win the battle?"

"Lei Bao is a capable fighter even in Class D, and he just lost the battle to Feng Wu!"

"Oh my god! Feng Wu is such a hidden treasure!"

Earlier, when Feng Wu became first on the billboard, Lu Qi and her friends tried to convince themselves that it was a mistake with the system. Now, however, they couldn't deny the fact that Feng Wu had defeated Lei Bao.

Lei Bao lay flat on his stomach on the ground, too baffled to move.

He had lost.

How did that happen?

A student from Class E had defeated him.

Had this world gone insane, or had the students of Class E made unexpected improvements?

The students of Class E weren't helping either.

"Is Class D getting weaker?"

"Why do I feel that they're not as tough as before?"

"Am I correct to assume that if I go up there, I can kick some of them off the stage as well?"

“There I was, wondering how tough Class D was, and here they are, having lost a five-on-five battle to our class!”

The third and fourth players in Wang Junwen’s team were utterly embarrassed. They picked up Lei Bao and were ready to leave.

“Wait.” Feng Wu stopped them.

Yu Hong said, “Feng Wu, you’ve killed Wang Junwen. What more do you want? You need to back off!”

Feng Wu glanced at him. “What’s your relationship with Wang Junwen?”

Yu Hong said, “I... I was her boyfriend.”

Feng Wu said, “Good. Pay up. Wang Junwen promised each of us 1,000 points; we’re ready to receive what we’re owed.”

Yu Hong’s cheeks flushed in frustration.

Students of Class D could earn points a little faster than those of Class E, but the points were still as valuable to them as to everyone else. He didn’t have 5,000 points to spare.

“I don’t have so many points!” Yu Hong flushed.

Feng Wu crossed her arms and smiled at the four students of Class D. “You don’t have them, you say? In that case, no one is leaving.”

Everyone else was goggling at the four people, and Lei Bao couldn’t stand the humiliation. He gritted his teeth and said, “I have them!”

He paid all 5,000 points for his teammates.

After that, they practically fled the scene.

The students of Class E were still trying to digest the information.

Feng Wu had won the battle.

Not only that, she also killed Wang Junwen.

What was more, she defeated Lei Bao.

Moreover, she received 5,000 points from Lei Bao.

5,000 points!

Everyone in Feng Wu’s team would get 1,000 points each.

What did the other four players do?

Nothing. They jumped onto the stage, stood in front of Wang Junwen, and said they gave up.

They promptly left the stage after that.

It was the most straightforward task, and they all earned 1,000 points for it!

Earning points was always a difficult thing to do.

Chapter 2608: Formidable Feng Wu (1)

It was the most straightforward task, and they all earned 1,000 points for it!

Earning points was always a difficult thing to do.

The attitudes of the students of Class E toward Feng Wu had utterly changed. They now worshiped the ground she walked on.

Pei Si regretted it so much.

She smacked herself on the forehead.

She could have grabbed the chance while she had it, but she had been too scared to do so, and had turned down the offer. She had said no to 1,000 points.

She had only needed to tell Wang Junwen that she would give up in order to earn 1,000 points. Pei Si was so frustrated that she was almost in tears.

What was more, the looks her classmates gave her made her feel like a fool.

Despite their astonishment, the students discussed the matter avidly among themselves.

Zhao Zhen and other fans of Feng Wu capered about, shouting and laughing.

Zhao Zhen was kind enough to distribute her points so that all her fans received a little reward. Because of that, they became even more excited.

Lu Qi and her fellow anti-fans felt utterly defeated. They were filled with rage but had no way to vent their frustration.

Even more students had left the group and switched sides to the fans.

Nothing Lu Qi said could persuade them to stay, and she stomped her foot in rage.

She gave Feng Wu a dirty look. "What are you smiling about? You really killed Wang Junwen this time. Mr. Wang will make you pay!"

Her friend tugged her sleeve and whispered, "But they were supposed to fight to the death. They agreed to it beforehand."

Lu Qi snorted. "So what if they did? Mr. Wang won't be able to do anything openly, but he can make her life miserable in a hundred ways. Just wait and see!"

Her friends nodded, looking forward to seeing Mr. Wang's revenge.

Mr. Zhu didn't know whether to laugh or to cry.

Feng Wu was more courageous and capable than he had expected. He thought that if His Royal Highness really cared about her as much as he was rumored to, she had every reason to be courageous.

Something happened before the crowd scattered.

“Do you hear that?”

“Those are heavy footsteps!”

They turned around to find a large group of people.

They were students of Class D.

There were so many of them...

There were at least 1,000 students.

The Class E students paled.

What did these people want?

Soon, they were faced with all the Class D students.

There were indeed over 1,000 students.

They were led by Mr. Wang.

The energy the Class D students gave off was too much for Class E to withstand. Their eyes were bloodshot red, and they looked like they were going to collapse.

Mr. Zhu stepped forward and stared coldly at Mr. Wang.

“Mr. Wang, what are you doing?”

Mr. Wang ignored him and only stared at Feng Wu.

Frustrated, Mr. Zhu studied the aggressive Class D before looking at Mr. Wang again.

“Mr. Wang, please explain yourself! Are they all here to start a group fight with Class E?!” Mr. Zhu raised his voice.

Mr. Wang glanced at him and snorted. “We teachers should stay out of it. It’s a student matter.”

He then moved aside with a vicious look in his eyes.

Chapter 2609: Formidable Feng Wu (2)

Wang Junwen was dead. Although Mr. Wang had paid Class E a visit, Wang Junwen had still been killed in the end. The humiliation was too great for Mr. Wang to bear.

When he stepped aside, someone said quietly, “This is a student matter. Mr. Zhu, please leave it to us.”

It was Wu Lingyue, the 11th student on Class D’s billboard and the most popular girl in the class.

Mr. Zhu frowned and gave Feng Wu a concerned look. It was evident that these people were here because of Feng Wu.

Feng Wu smiled at Mr. Zhu and gave him a nod.

Mr. Zhu finally stepped aside.

“So, you’re Feng Wu.” Wu Lingyue was alarmed as soon as she saw Feng Wu.

What a beautiful girl, she thought.

Feng Wu had exquisite features and the smoothest skin. She wouldn’t blink even if Mount Everest crumbled in front of her. No worldly matters seemed to be able to affect her.

Wu Lingyue was jealous.

She felt threatened.

It was said that Feng Wu had defeated Lei Bao. That was to say, she was definitely good enough to join Class D. When that happened, Wu Lingyue wouldn’t be the most popular girl anymore.

She deemed Feng Wu the enemy of her life at first glance, but Feng Wu had no idea of any of it.

Wu Lingyue stared at Feng Wu.

“You killed Wang Junwen!

“You insulted my classmates!

“Kneel and apologize!”

Wu Lingyue pointed at her classmates behind her and raised her chin when she spoke to Feng Wu.

No matter how pretty Feng Wu was, after she knelt on the ground, no one would respect her after she went to Class D, and Wu Lingyue could still be the most popular girl.

Kneel and apologize?

Chaoge was furious. She pointed at Wu Lingyue and said, “I’m warning you, you’ve crossed the line!”

Wu Lingyue raised her hand and was going to slap Chaoge.

“How dare a mere Class E student talk to me that way?!”

However, as soon as she made a move, Feng Wu stepped out and slapped Wu Lingyue instead.

Smack!

The crisp sound resonated in the air.

Feng Wu had slapped Wu Lingyue. It was the last thing everyone expected to see.

Wu Lingyue was like a princess in Class D.

Many boys were in love with her.

As expected, everyone was astonished.

They couldn’t believe how bold Feng Wu was.

Wu Lingyue was the first to react. She stared at Feng Wu and said, “You, you...”

She covered her right cheek and didn’t know what else to say.

She had been slapped.

She couldn't believe it.

She glared at Feng Wu. "You hit me! How dare you?!"

All her classmates took a few steps forward, and nearly all the boys stood around Wu Lingyue.

Wu Lingyue was both the class president and their dream girl.

"Feng Wu, do you think I'm too afraid to kill you?!" Wu Lingyue gritted her teeth.

Feng Wu glanced at her and asked sarcastically, "Can you?"

Wu Lingyue was rendered speechless.

The pretty girl standing next to her said, "Lingyue, you don't need to show her mercy."

Wu Lingyue nodded and said to Feng Wu, "You forced Wang Junwen to fight to the death and humiliated my classmates! It's too late for you to apologize now!"

Chapter 2610: Formidable Feng Wu (3)

"Feng Wu, prepare to be challenged!" Wu Lingyue smirked.

Feng Wu was a little intrigued.

Wu Lingyue said, "You're going to fight to the death because that was how you killed Wang Junwen and humiliated my class! We're going to do the same to you! Face your death!"

The Class E students were shocked.

Seriously? Another challenge?

That was twice in a row.

Sun Jingyu lowered her voice. "We're in trouble."

Chaoge smirked. "No, we're not. Just beat them."

Sun Jingyu frowned. "You don't know what you're talking about. Class E students usually have to pass an exam to get into Class D. That is to say, they're generally better than us."

Chaoge said, "So what? We won, didn't we?"

Sun Jingyu said, "That's not the same! Lei Bao was their best fighter. Although we consider him a capable fighter, he's only an average student in Class D.

"Look at the people Wu Lingyue brought with her!" Sun Jingyu was almost in tears. "Wu Lingyue is 11th herself, and the teenagers behind her are ranked from 6th to 10th."

Chaoge said, "I don't care what their rankings are. Xiao Wu can beat them all."

Sun Jingyu was too frustrated to speak. Feng Wu couldn't possibly beat them all, because there were 1,000 Class D students here!

Feng Wu found Wu Lingyue's suggestion idiotic. "Why should I do as you say?"

After being slapped by Feng Wu, Wu Lingyue wanted to kill her this instant. She asked coldly, "What would it take to make you participate?"

Feng Wu asked, "What kind of fight will it be?"

Wu Lingyue said, "1,000 Class D students will take turns fighting 1,000 Class E students, one at a time!"

Feng Wu glanced at her. "Are you trying to turn us into your punching bags? We're not idiots. No way."

Wu Lingyue grew impatient. "You made a bet with Wang Junwen earlier, didn't you, using points as the stake?"

Feng Wu's eyes lit up. "What are you suggesting?"

Wu Lingyue said, "We can do the same!"

Feng Wu said, "Our agreement with Wang Junwen was that we would earn points if we won, but if we lost, we didn't need to pay anything."

Wu Lingyue said, "I can live with that."

Feng Wu said, "If you lose, each of your team members will give us 1,000 points."

Wu Lingyue said, "I can live with that."

Feng Wu looked at her in amazement. "You do realize what you've agreed to do, right?"

Wu Lingyue smirked. "I do, but we have one more request."

Feng Wu asked, "What?"

"You'll be the first in line! You need to fight first!" Wu Lingyue smirked. "You're going to be our first punching bag!"

She didn't want that "I give up" fiasco to happen again.

"And you're not allowed to admit defeat! If you agree to that, all of us will offer 1,000 points each as the stake.

"Agreed?" she asked the Class D students behind her.

Students of Class D were so angry because Yu Hong had gone back to tell them that Class E had humiliated Class D.

That was why they had come here full of anger.

"Agreed!" the students of Class D said in unison.

Wu Lingyue sneered at Feng Wu.

Feng Wu shrugged and asked the students of Class E, "We can all earn 1,000 points for free. Isn't that a sweet deal?"
