Chapter 2681: You Should Thank Feng Wu

He felt utterly healthy now.

Although he still had wounds, they were nothing compared with his original state.

“What happened? Am I dreaming?” Cheng Fang stared at his friends in disbelief.

Ling Hao patted him on the shoulder. “You should thank Feng Wu.”

Cheng Fang still had complicated feelings about Feng Wu, so he frowned and asked reluctantly, “What are you talking about?”

Ling Hao smacked him on the head. “Do you know how severe your injuries were?! You were lying there and covered in blood! Your breathing was so weak that we thought you could die at any moment.”

Cheng Fang said, “I know that. I hit a lot of things when I was falling. I thought I was already dead...”

Ling Hao said, “You would have been, if Feng Wu hadn’t treated you.”

Seeing that Cheng Fang wasn’t convinced, Shao Xiao chimed in.

“Ling Hao is right. You were barely breathing when we found you, and we could have lost you.” He then pointed at Feng Wu, who was cultivating on the other side.

“Thanks to Feng Wu, who didn’t mind your attitude toward her, she exhausted herself trying to save you. You owe her your life.”

Feng Wu had saved Cheng Fang three times already in total.

Cheng Fang was dumbfounded.

“She was exhausted? But how? She just needed to feed me some pills...”

“Oh, shut up!” Ling Hao smacked him on the head again. “You’re an idiot!”

Cheng Fang was confused. Why did Ling Hao say that? He had seen it with his own eyes...

Shao Xiao snapped at Cheng Fang, “Your information needs to be updated. Do you really think Feng Wu only hands out pills?”

Cheng Fang asked, “Isn’t that the case? Ye Han is the...”

Shao Xiao and the others looked at one another in frustration.

“Ye Han is what?” Ling Hao said sarcastically. “Are you trying to say that Ye Han is the Master-level medicine refiner?”

Cheng Fang stared at the others.

Wasn’t that obvious? Why did they have strange looks on their faces?

Ling Hao shook his head. "Yes, Ye Han is a Master-level medicine refiner, but you shouldn't brag about her in front of a Supreme-level medicine refiner. It only makes you sound foolish."

Cheng Fang was dumbfounded. "A Supreme-level medicine refiner? Do we have one here?"

Ling Hao crossed his hands behind his back and raised his chin. "Of course we do."

Cheng Fang laughed. "You're not talking about yourself, are you?"

Ling Hao glanced at him.

Cheng Fang stopped laughing. "There really is one?"

Ling Hao said, "Would you be alive otherwise?"

Cheng Fang's stomach lurched.

Although he hated to admit it, something seemed to have happened to him.

He asked tentatively, "Surely you don't mean Feng Wu..."

Ling Hao grinned.

Cheng Fang looked over his shoulder at Feng Wu and was astonished.

Chapter 2682: Secret Essence Mine

"No, I don't believe you! I won't!" Cheng Fang shook his head in disbelief.

All his teammates gave him indescribable looks.

Cheng Fang was astonished. "You..."

"Man, just accept it." Ling Hao smiled bitterly. "We've all been there. Feng Wu saved Wang Zhi and me as well. We all owe her our lives."

Cheng Fang said, "So, it's true..."

He was still in a state of shock.

Ling Hao said, "We all saw it with our own eyes. Do you think we're all lying?"

Cheng Fang didn't know what to say.

He blushed and glanced at Feng Wu.

A Supreme-level medicine refiner... She was so young but she was already a Supreme-level medicine refiner.

"She's just a new student and only joined us a few days ago!" Cheng Fang sighed as he looked at Feng Wu, who was cultivating with her eyes closed.

His friends felt the same way.

She was so young but had already achieved so much. It was as if they didn't belong to the same world.

“But I guess God is fair. Since she’s a genius medicine refiner, she can’t be an advanced cultivator at the same time,” said Cheng Fang.

Otherwise, no one else would have a chance.

Ling Hao asked, “Are you sure about that?”

Cheng Fang looked at him in confusion. What was he missing?

Ling Hao patted Cheng Fang on the shoulder. “I wouldn’t be so sure.”

Of course Feng Wu was a talented cultivator.

It had only been days since she joined the War Academy, but she had risen directly from Class E to Class B. As for her ranking...

Other things aside, if she could save all three of them with the vines at a critical moment, it was clear enough that she was more capable than Shan Jingfei.

She was definitely the best student in Class B now.

“Why are you all looking at me like that?” Cheng Fang was dumbfounded.

He felt that he had missed so many things.

Ling Hao patted him on the head. “Observe, and stop talking. You’ll see.”

Cheng Fang didn’t know what to say.

Feng Wu opened her eyes at that moment.

Shao Xiao asked excitedly, “Feng Wu, have you recovered? Are you alright? Do you need a few more minutes?”

Feng Wu shook her head. “I’m fine. Let’s go.”

Thanks to her treatment, everyone was in reasonably good shape. Without her, they would be too wounded or crippled to walk.

Before long, they reached a giant building.

In fact, it was more like an underground cave.

It was an enormous, magnificent cave.

To be more precise, they were in the belly of a mountain that had been cut open.

“Look, there’s something written on the wall!” Ling Hao shouted.

The others moved closer and saw something at the entrance of the cave. It read: “Secret Essence Mine.”

“Oh my god, it’s the legendary Secret Essence Mine!” Shao Xiao cried out.

Everyone turned to him in unison. “Do you know about it?”

Shao Xiao nodded.

Chapter 2683: A Swordsman in White

He knew?

“What is this place?” Ling Hao asked the question everyone wanted to ask.

Shao Xiao hesitated.

Ling Hao said, “Captain, we don’t have any other choice. If we want to get out, we’ll have to go into this mountain. If you know something, and if you’re at liberty to reveal it, could you please tell us?”

Shao Xiao nodded. “It’s not a secret. I read about this mine in a school magazine. It’s supposed to have existed for as long as the school has.

“Lu Mingzong, the founder and first principal of Imperial College, mined spiritual stones here and used them to set up the college.

“But because of geological changes and some other reasons, the Secret Essence Mine was buried underground, never to be found again.

“Who would have thought we would run into that mine here today?”

“Is it the Secret Essence Mine which shocked the entire continent?” Ling Hao asked curiously.

Shao Xiao nodded. “Yes, it shocked a lot of people. 100,000 tunnels were built to harvest the stones, and at least a million miners were buried in these mountains.”

He looked at his teammates. “The exit out of the mine is inside the mountain.”

That was to say, they could never get out if they didn’t go inside.

What a bummer.

“Do you feel cold?” someone asked.

It was Cheng Fang, the weakest of them all.

“Cold? How can it be cold? We’re students of Class B; we should be used to the cold weather... Achoo!”
Ling Hao sneezed before he could finish.

His cheeks flushed from the cold, and he couldn’t stop sneezing.

“What’s happening? Why is it so cold all of a sudden?!”

Someone shouted at that moment.

“Look!”

Everyone looked up at the sky.

They saw two people in the air.

One was a woman in a purple dress.

Her hair was so long that it touched the ground. She had a flawless complexion, but her lips were bright red, and her eyebrows were tiny dots.

Feng Wu saw her face in the distance.

Something about that woman's appearance made her uneasy.

The other one was a swordsman in a white robe.

He was in his early twenties and carried a long sword on his back. His robe flapped in the wind, giving him an ethereal look.

Neither of them spoke, but Feng Wu could feel their terrifying energy.

It was so intimidating!

What were their cultivation levels?

They were at least Spiritual Kings!

The swordsman drew out his sword.

Feng Wu's stomach lurched.

Shit!

She felt that her life was under threat.

Feng Wu had always had good instincts.

Therefore!

"Run! Get into the mine! Now!"

She had never urged anyone like this before.

It was obvious that Feng Wu was now the leader of this team, so everyone rushed into the cave as soon as she gave the command.

The next second!

Chapter 2684: Who Is He? (1)

The swordsman drew out his sword.

No one could describe that move.

They thought their eardrums were going to split open. They swayed and spat out mouthfuls of blood.

The ground opened up again.

This time, the cracks were even wider.

OMG!

Seeing this, they all realized what had happened earlier.

The ground hadn't opened up for no reason.

There was a rumbling noise when they ran into the cave.

The swordsman struck.

It was such terrifying power!

No one could describe such power.

Everyone was injured.

They all spat out blood, Feng Wu included.

Countless big rocks fell down from above like a downpour.

"Go inside!"

Feng Wu activated her Magic Soul Vines.

The vines wrapped around the others and threw them into the mine.

The mine was protected by a formation, which had probably been set up by Lu Mingzong. It was able to stop all the falling rocks.

It made sense. Since the cave hadn't collapsed after so many years, the formation was definitely working.

"How are you doing?" Feng Wu tugged at Huo Shan when she saw him lying motionlessly on the ground.

"Cough, cough —"

Huo Shan spat out the mud in his mouth and woke up.

The others all had scratches of varying degrees, but none of them were severely injured.

Cheng Fang was shaking.

He had seen how the vine wrapped around his waist and threw him into the mine. Only then did he realize how capable Feng Wu really was.

"Shao Xiao, check on everyone," Feng Wu told Shao Xiao.

Shao Xiao now understood Feng Wu's real power, so he did as he was told. "Sure!"

Feng Wu looked outside the cave while Shao Xiao was examining the others.

The two people had landed outside the cave.

The woman in the purple dress had been sliced in half, and the swordsman stood there with blood dripping down his sword.

Finally, Feng Wu could see the woman's face clearly.

She was right. The woman had little dots for eyebrows and red lips, and was wearing wooden sandals. She didn't look like a native of the Junwu Empire.

Suddenly, the swordsman turned around and glanced at Feng Wu.

It was so cold that it seemed to curdle Feng Wu's blood.

Huo Shan and the others felt as if they had fallen into an ice cave, and they had difficulty breathing.

His eyes were so frightening.

What a terrifying aura!

Time seemed to stop.

Huo Shan and the others turned around and didn't dare give him another look.

They all trembled for fear that the man would want to kill them next.

"Are we going to die?" They looked at one another and all went pale.

Were they going to be killed?

Were they going to die here?

They all wondered the same thing.

"Why are you guys here?" someone behind them asked.

Feng Wu and the others turned around and saw another team come out from deeper inside the cave. Shan Jingfei led the team, and she was followed by Ye Han.

Shan Jingfei threw a dirty look at Feng Wu and told the others, "Be quiet!"

Cheng Fang was excited to see Ye Han. "Ye Han, there you are!"

Chapter 2685: Who Is He? (2)

Ye Han angrily cut Cheng Fang off. "We were hiding safely in this mine, but you just had to barge in! If that swordsman kills us for what we saw, it's your fault!"

Cheng Fang immediately stopped talking.

Shan Jingfei also glared at Feng Wu's team and wanted to kill them all.

Feng Wu suddenly rose to her feet.

She moved toward the entrance of the cave.

Was she going out there?

"What are you doing?!" everyone shouted in unison.

Even Shao Xiao and his teammates were shocked.

They all wanted to huddle together, and hoped that the swordsman wouldn't notice them. Why would Feng Wu want to go out of the cave now?

Feng Wu found the man familiar and felt that she had seen him somewhere before.

She rushed toward the entrance without hesitation.

"Stop her!" Shan Jingfei shouted angrily.

But Feng Wu was already outside.

Shan Jingfei gritted her teeth and ran after Feng Wu.

With a wave of her hand, rocks fell, blocking the entrance. They could only look out of the cave through a narrow gap.

Feng Wu was outside while everyone else was inside.

"What are you doing?!" Shao Xiao and his teammates glared at Shan Jingfei.

Huo Shan was furious. "How can you do that to Feng Wu?! Have you lost your mind?"

Ling Hao pushed Shan Jingfei. "Move! Out of my way!"

Shan Jingfei only stood there and smirked. "She ran to her own death, and none of us could stop her. If you want to die with her, move the rocks yourself. It's none of my business!"

She thought that her words would intimidate Shao Xiao and his friends.

After all, she was the class president, and believed that every boy in the class was in love with her.

To her surprise, these boys had stopped worshipping her.

Shao Xiao was the first to work on the rocks.

Wang Zhi, Ling Hao, Huo Shan and even Cheng Fang joined him, moving the rocks away from the opening.

"You!" Shan Jingfei was furious.

Xuecheng Team also realized what was going on.

They had been astonished when they saw Feng Wu just then.

How was that possible?

They had been saved by a Class B student!

How?!

That student was from Class B!

Xue Hao decided that now wasn't the right time to figure out who the girl was. They had to save her first!

They joined Shao Xiao's team and started working.

Shan Jingfei was fuming.

"Xue Hao, Ye Hongxue, what are you doing?! Why are you helping Feng Wu? Stop!" Shan Jingfei was so furious that her face twisted.

Ye Hongxue looked at Shan Jingfei and asked coldly, "Are you giving us orders now?"

That chilled Shan Jingfei to the bone.

Ye Hongxue was right.

Xuecheng Team was here to help her kill magical beasts, and Shan Jingfei had no right to give them orders. However, they shouldn't be assisting Feng Wu either! Shan Jingfei decided to complain to Qiu Zeyu after she went back.

Chapter 2686: Spiritual Saint

While Shan Jingfei was having a row with Xuecheng Team, Feng Wu was observing the swordsman outside the cave.

The man didn't expect to see anyone come out after he demonstrated his full strength, let alone a slender young girl.

He wasn't interested in a girl like Feng Wu, and he was ready to leave after killing the woman.

He didn't even bother to look at Feng Wu and had no idea what she looked like.

However, Feng Wu ran toward the man.

The man ran too fast.

He was soon out of sight.

"Hey! Stop!" Feng Wu shouted after him.

However, the man ran off without so much as turning his head.

Feng Wu stomped her foot.

She had seen that man somewhere before, but where? She couldn't put her finger on it.

She then looked at the foreign woman.

The dead body had already started decaying from the head downward.

She was as dead as could be.

Yes, she wasn't from the Junwu Empire.

The Magic Soul Vines stirred violently in Feng Wu's sleeves.

Feng Wu opened her palm, and the vines quickly stretched out.

Soon, the vines wrapped themselves around the dead body.

Feng Wu saw the vines quickly absorb whatever was left of the woman's spiritual essence.

However, she was decaying too fast.

The vines were only halfway done before the body broke down completely.

The vines reluctantly retreated and became tiny dots on Feng Wu's wrists.

Meanwhile, a storage necklace fell into her hand.

Feng Wu's eyes lit up.

The woman was powerful enough to fight against the swordsman. Her necklace had to be worth a fortune!

However, Feng Wu didn't remember seeing it around the woman's neck.

She had probably hidden it somewhere.

Feng Wu wouldn't have found it if she didn't have the vines. How lucky.

She was going to examine the necklace she had obtained by accident, when people started coming out of the cave.

Huo Shan was in the lead, followed by Ling Hao.

"Feng Wu! Feng Wu! Are you alright?"

Huo Shan's hands were blistered from carrying all the rocks. He was so worried.

Feng Wu wasn't just anyone. She was the crown prince's favorite girl. Huo Shan knew he was dead if Feng Wu was abducted or killed.

She slipped the necklace into her chest pocket and nodded. "I'm alright."

"Where's the swordsman?" Ling Hao asked curiously.

Feng Wu said, "He's gone."

Ling Hao asked, "Just like that?"

Feng Wu said, "Yes. Did you expect him to stick around to buy you lunch?"

Ling Hao said, "Feng Wu, you know that's not what I meant. It's good that he's gone. He's just too scary. He's scarier than our principal. Who is he?"

Shao Xiao said, "I don't know who he is, but he's definitely a Spiritual Saint or higher."

A Spiritual Saint?!

Chapter 2687: Our Great Junior-level Medicine Refiner

??

Ling Hao couldn't believe his ears. "He can't be! The Junwu Empire doesn't have more than a handful of Spiritual Saints!"

Shao Xiao said, "I think he's even more capable than that."

Ling Hao said, "Shao Xiao, now you're just exaggerating."

Shao Xiao said, "I'm not."

Shan Jingfei and Ye Han charged out of the cave.

Shan Jingfei glared at Feng Wu.

She glanced at Xin Zhixuan since it was about time that Xin Zhixuan scolded Feng Wu on her behalf.

However, she didn't know that Xin Zhixuan resented her for her deception and had decided not to speak up for her.

Seeing this, Ye Han felt that it was an opportunity to curry favor with Shan Jingfei.

"Feng Wu, what's the matter with you?!" Ye Han pointed at Feng Wu. "You could have gotten all of us killed!"

"If you want to die, feel free to do so, but don't drag us down with you!"

"You could have upset the swordsman. What if he had gotten angry and killed all of us?"

"You saw how terrifying he is! He created this big valley with one slash of his sword! Killing us would be easier than breathing for him!"

Ye Han lashed out at Feng Wu.

Cheng Fang frowned. He had thought Ye Han to be a kind and cool-headed person, but why did she appear as mean as Xin Zhixuan now?

"I think that's enough..." Cheng Fang tried to hint to Ye Han when he saw that all his teammates were frowning.

However, Ye Han was annoyed.

She felt that even Cheng Fang had switched sides.

"You're all fooled by her good looks! All of you are taking her side! One day, she'll get you killed! She's a burden!" Ye Han shouted at them.

Ling Hao smirked. "We're the ones who are a burden. As for getting us killed... Feng Wu saved all our lives."

Ye Han didn't know what to say. "Now you're making up stories. With her capability, how can she do that? Cheng Fang, answer me! How did she save you?"

Cheng Fang said, "She cured me..."

Ye Han laughed. "She cured you. With what? Pills? She sure carries a lot of pills on her. Other than that, what does she have? Is she a medicine refiner now? Can she make potions?"

To her surprise, Shao Xiao's team all stared at her in a strange way, including Cheng Fang.

Ye Han wondered why that was.

The look on Ling Hao's face was full of mocking.

Cheng Fang felt sorry for Ye Han, so he told her, "Feng Wu is a medicine refiner."

A medicine refiner?

Enraged by Ling Hao's smirk, Ye Han said, "I see. She's the greatest Junior-level medicine refiner, is she?"

Shan Jingfei laughed.

But she immediately realized that as the class goddess, she shouldn't gloat. She cleared her throat and said, "Excuse me."

She then watched as Ye Han made a fool of herself.

Chapter 2688: Supreme-level Medicine Refiner

Shan Jingfei loved nothing more than seeing Feng Wu get humiliated.

However, Shao Xiao and the others gave Shan Jingfei inscrutable looks.

They had seen her as an impeccable goddess, but her reaction so far disappointed them.

Shan Jingfei couldn't care less.

She had never cared about small people like Shao Xiao. She only wanted to do what made her happy.

Hence, she gave Ye Han an encouraging look.

Ye Han became more confident.

She sneered at Cheng Fang. "Tell me. Is Feng Wu, the girl you can't stop singing praises about, a great Junior-level medicine refiner?"

Cheng Fang hadn't been able to bring himself to disagree with Ye Han before, but he finally saw that Ye Han had never been the helpless girl he had assumed her to be. Instead, she had always been a bully.

Feng Wu had saved her life, but when Ye Han got the chance, she immediately turned on Feng Wu. Cheng Fang then thought about what he had done.

Feng Wu had saved him several times, but each time, he had chosen Ye Han's side. He realized he had also behaved like an ungrateful person, just like Ye Han.

Cheng Fang flushed at the realization.

Seeing that Cheng Fang had fallen silent, Ye Han thought he couldn't keep up the lie; she became even more aggressive. "What? Are you too scared to continue? Keep bragging! Please!"

Cheng Fang was furious.

“Feng Wu is a Supreme-level medicine refiner!”

Everyone fell silent when he shouted those words.

Ye Han was astonished.

So was Shan Jingfei and her teammates.

Time seemed to freeze for a few seconds.

“Hahahahaha —”

Shan Jingfei and her teammates burst out laughing.

Ye Han was the loudest one.

She held her stomach with one hand and supported herself against a tree trunk with the other, laughing so hard that she couldn't stand straight. Tears flowed down her cheeks.

“Gosh! I thought I was going to laugh to death! Is that what you're trying to do? Kill me with laughter?”

When Ye Han finally stopped laughing, she pointed at Cheng Fang and said, “I would have believed you if you called her an Intermediate- or even Senior-level medicine refiner. You got ahead of yourself when you called her a Supreme-level medicine refiner. Do you even know how rare it is to find one?”

Cheng Fang rolled his eyes.

He knew Ye Han wouldn't believe him.

He wouldn't believe it either if he hadn't seen Feng Wu's outstanding medical skills with his own eyes. However, that was the fact.

His teammates had all seen it!

Cheng Fang looked back at Shao Xiao and the others.

Shao Xiao and his friends had bitter smiles on their faces as well.

Cheng Fang was at a loss over what to say.

Ye Hongxue wanted to step out.

She wanted to say that Feng Wu was indeed a Supreme-level medicine refiner.

Feng Wu had saved her and her teammates with the green natural essence.

However, Shan Jingfei intervened. “Supreme-level medicine refiner or not, it doesn't mean anything now.”

Ye Hongxue was speechless.

Shan Jingfei walked up to Feng Wu and suddenly raised a hand. There was a mysterious smile on her face.

Chapter 2689: The Truth Revealed

“Feng Wu, why don’t we explore this Secret Essence Mine together?” Shan Jingfei made the invitation in a condescending tone.

Shao Xiao and his friends frowned.

Before, they would have thought that Shan Jingfei was trying to be friendly.

However, after they learned what a capable cultivator and medicine refiner Feng Wu was, they were embarrassed by Shan Jingfei’s attitude.

If Shan Jingfei knew Feng Wu’s true capability, she would probably be mortified by what she was doing today.

Shan Jingfei looked into Feng Wu’s eyes with a perfect smile on her face.

Despite the smile, she came off as someone who was extremely arrogant.

Feng Wu shook her head without hesitation. “I don’t like working with you.”

Shao Xiao and his friends smiled at one another.

That was indeed something Feng Wu would say. How incredible!

Not anticipating such a reply, Shan Jingfei felt humiliated.

She stared at Feng Wu. “Are you turning down my invitation, then?”

Feng Wu almost felt sorry for the girl. “What makes you think you’re qualified to make that invitation?”

That was direct...

Shan Jingfei couldn’t keep up the facade anymore.

She glared at Feng Wu. “What’s that supposed to mean?”

Feng Wu had never thought much of Shan Jingfei. If Shan Jingfei hadn’t assumed that air, Feng Wu would have ignored her.

Feng Wu didn’t mind slapping someone else’s face when presented with the chance.

“You’re too young to experience memory loss,” Feng Wu said casually. “Have you forgotten how I got into Class B?”

Shan Jingfei went ghastly pale.

Feng Wu’s words felt like a slap to her face.

She glared at Feng Wu. “You!”

Feng Wu gave her a sympathetic look. “I was going to let it drop. After that test, everyone should know who the top student of Class B is, but you just have to challenge me. Fine. Let’s get things straight.”

“Get what straight? Are you saying you’re better than Feifei?” Xin Zhixuan snapped. “Who the hell do you think you are? Do you think you can do better than her in this hunt?”

Xin Zhixuan tried to provoke Feng Wu.

Shan Jingfei threw a dirty look at her.

Feng Wu smiled at Shan Jingfei. “So, Shan Jingfei, who’s going to tell them? Me or you?”

“I don’t know what you’re talking about!” Shan Jingfei wanted to walk away.

Feng Wu casually said, “All the tutors were there that day. So was the deputy principal. Do you deny that I defeated you?”

WHAT?!

Everyone looked from Feng Wu to Shan Jingfei.

Shao Xiao and the others had only suspected that Feng Wu might be better than Shan Jingfei, but they couldn’t be sure without seeing them in a match. However, Feng Wu had just made it official.

The two girls had fought each other before!

Shan Jingfei flushed with fury.

She clenched her fists.

Her face twisted.

She hated Feng Wu so much!

Why did she say it out loud in front of everyone? Was she showing off?!

Chapter 2690: How Exciting

Life had always been smooth sailing for Shan Jingfei, and everyone looked up to her. Such humiliation was unheard of.

She spun around and glared at Feng Wu.

Shan Jingfei was the dream girl of many boys; anyone else would feel uneasy when she stared at them.

But Feng Wu wasn’t just anyone.

She was very calm and continued smiling at Shan Jingfei.

All eyes were on the two girls.

How exciting!

Xin Zhixuan stared at Shan Jingfei, at least feeling avenged.

The satisfied look disappeared almost instantly. No one caught that look except for Feng Wu.

“Feng Wu! I’ll remember this!”

Shan Jingfei quickly recovered from her initial frustration. She readjusted her mood and directed all her hatred toward Feng Wu.

“Fine! You did defeat me in that test!”

Wow!

Everyone sucked in their breaths.

She said it!

Shan Jingfei said it herself!

She admitted she had lost to Feng Wu!

Everyone else couldn't help but recall some of the rumors they had been hearing.

Rumor was that Feng Wu was a student without talent and was one of the worst in her class. However, Shan Jingfei should have known better!

She used to be the top student in Class B, but she chose to go with the flow after losing to Feng Wu. She just let the rumor spread. Why did she let that happen?

That made the entire class look bad!

A class president shouldn't do such a thing!

Once everyone realized that, they began to look at Shan Jingfei in a different light.

She used to be the goddess of Class B and even the entire War Academy. However, that reputation seemed to be fading.

Shan Jingfei realized it as well and became even more frustrated.

Shan Jingfei glared at Feng Wu with eyes filled with fury. “I only lost once! Why are you being so smug?!”

Feng Wu glanced at her. “What? Would you prefer to lose more than once?”

Pffft!

Ling Hao burst into laughter.

Everyone looked at him.

Ling Hao said, “I'm sorry! I didn't mean it! Please continue.”

Shan Jingfei ground her teeth, whereas Feng Wu remained perfectly unperturbed.

Shan Jingfei was so angry that she laughed. “Feng Wu, I've met a lot of students from Class A, but none of them are as arrogant as you are! Do you think you're such a big deal? Fight someone from Class A. I dare you!”

Feng Wu gave no reply.

Shan Jingfei then presented some shiny crystal cores.

“Do you know what these are?” She smirked.

Feng Wu glanced at her, still looking unaffected.

However, Ling Hao and the others cried out, “Oh my god! They’re crystal cores of junior and intermediate Class A magical beasts! There are 24 of them!”

Ling Hao stared at Shan Jingfei in disbelief. “Where did you find them?!”

Shan Jingfei was a capable student, but she wasn’t skilled enough to obtain as many crystal cores as a Class A student could.
