#### Chapter 2671: Ximen Lingyu's Catharsis (4)

##### 2671 Ximen Lingyu's Catharsis (4)

At this moment, seeing Jiang Linxian, Han Fei couldn't help but feel an inexplicable sense of closeness. He knew that this was undoubtedly Jiang Linxian.

Jiang Linxian couldn't help but be moved, but before she could speak, Ximen Linglan coldly interrupted the warm reunion of the mother and son. She said, "I don't have time to watch you reunite here."

She looked at Han Fei. "As I said, from today on, we have nothing to do with each other."

Seeing that Ximen Ling'an was about to wave her hand again, Han Fei quickly interrupted her, "Wait a minute... Ao Wutian said that this game was set up for 100,000 years. But you've destroyed it and Ao Wutian is dead. What will happen to you?"

Han Fei had an idea. "Linglan, enter my Void Temple. My senior brothers and sisters are very nice."

"Heh ~"

Ximen Lingyu sneered. "I'm the Seventh Temple Master of the Time Temple. I just broke a game and killed one person. Do you think this is a big deal? The Time Temple doesn't lack time at all."

Han Guanshu and Jiang Linxian were both stunned. They had no idea what Han Fei and Ximen Linglan were talking about.

However, the Void Temple, the Time Temple, the Seventh Temple Master, and so on all sounded very powerful.

After that, she waved her hand, and a golden-gray light fell into her palm. Han Fei saw that it was a strange circular device that was spinning like a moon or a sun stone.

"Chaotic Clock?"

Han Fei immediately guessed that it was the supreme treasure Ao Wutian mentioned, the Chaotic Clock.

Immediately afterward, Ximen Ling'an broke through countless timelines with a palm, forcibly opening a channel between this place and the Time River.

She said, "After leaving this place, you can reestablish the connection with the Void Temple. From now on, you have your path, and I have mine. You walk to the future, and I look back. The karma between us has been severed."

"...Linglan..."

Buzz!

At that moment, this was no longer a palace. Han Fei, his parents, the Ancient Life Tree coffin, and Liu Qiansi appeared in the Time River.

And here, Ximen Ling'an was nowhere to be seen.

"Cut off karma?"

Han Fei looked at the flowing tide of time around him, which was full of blue flowing light, and roared, "Shit... You think you can cut it off so easily?"

Han Fei wasn't stupid. He wasn't a newbie. How could he be fooled by Ximen Lingyu's words?

The Time Temple doesn't lack time at all? The plan that they had set up for 100,000 years had been destroyed, and a Great Monarch-level powerhouse had been killed. Was this a small matter?

Perhaps Ximen Ling'an had a high status in the Time Temple now, and the Seventh Temple Master might be one of the supreme thrones of the Time Temple. However, this matter couldn't be resolved so easily.

What was the Demon Purification Pot? It was something that even the gods had to compete for. How could a Great Monarch let it go so easily? No matter how strong the Time Temple was, it couldn't have a large group of Great Monarchs, but Ximen Linglan killed one of them. How could it be a small matter?

At this moment, Liu Qiansi was still trembling and muttering, "I'm alive, I'm alive, I'm alive again."

Han Guanshu hurriedly said, "My son, what's going on?"

Jiang Linxian: "???"

Han Fei said, "Don't talk to me. Let me make a call... Uh... Whatever..."

Han Fei frantically activated the Void Mark. "Eldest Senior Brother, Eldest Senior Brother, Eldest Senior Brother, Eldest..."

"I'm here."

Seeing that the Eldest Senior Brother finally responded, Han Fei immediately said, "Senior Brother, it's an emergency. Can you help me get someone out of the Time Temple... Blah, blah..."

Han Fei spoke in a hurry, and Han Guanshu and Jiang Linxian were dumbfounded, wondering what was going on.

Although they didn't know what Han Fei was doing, they didn't dare to say anything because Han Fei looked so nervous and what happened today was too strange.

Han Guanshu knew that it would be at least 200 years before he could meet Jiang Linxian. But the woman just now waved her hand, and he had crossed 200 years in that time that almost couldn't be crossed.

Then, the woman waved her hand again, and they came out of the palace that was almost impossible to come out of and returned to the Time River.

More importantly, there seemed to be a complicated relationship between the woman and Han Fei.

At this moment, Han Fei and the Eldest Senior Brother finished speaking. The Eldest Senior Brother was silent for a few seconds before saying, "Little Junior Brother, I can't take this person back."

Han Fei asked, “Why? Eldest Senior Brother, you are so powerful.”

Eldest Senior Brother said, “Some things are not as simple as you think. Just now, I felt the anomaly of the Master of Time. This person’s strength is no weaker than me. Secondly, according to what you said, Ximen Linglan might be punished, but she definitely won’t die. Not everyone can be a temple master of the Time Temple. No mortal in the history of the Time Temple can become a temple master of the Time Temple. If she comprehended time, it’s very likely that she didn’t just comprehend time, but directly comprehended the divine path of time. Therefore, this woman must be the strongest Heavenly Talent of the Time Temple in millions of years. No one can kill her, and the Time Temple won’t let her leave the Time Temple. At most, she will be punished.”

“Oh, is that so?”

Han Fei couldn’t help but heave a sigh of relief. He didn’t know that Ximen Ling’an was such a Heavenly Talent. In that case, he was at least a lot more at ease. As for the matter between them, although he couldn’t do anything for now, he didn’t believe that they would never meet again. Now that he knew that Ximen Ling’an was still alive, how could they have nothing to do with each other?

However, this matter couldn’t be rushed. Since nothing big would happen to Ximen Ling’an, he could at least be at ease. As for how to make it up to this woman, Han Fei seemed to have already had an idea.

However, Eldest Senior Brother continued, “Although I can’t bring Ximen Ling’an back from the Master of Time, I can’t let go of the fact that the Time Temple schemed against the disciples of the Void Temple and even used the Chaotic Clock. Little Junior Brother, go do what you should do. I’ll talk to the Master of Time...”

“OK... Eldest Senior Brother, please ask the Master of Time not to punish her severely. Just let her stay in seclusion for a hundred years... It was Ao Wutian who stole the Chaotic Clock and plotted against me. Although he’s dead, he did this b\*stard thing.”

Eldest Senior Brother said, “Everyone has their own fate. It’s her business how she should be punished. Everyone needs to experience countless tribulations to have great achievements. No one is an exception. If she’s such a Heavenly Talent, she’s no exception. If I interfere, it might affect her luck. Therefore, it depends on you. If you want me to protect her, I will.”

Han Fei: “...”

Han Fei pondered for a moment. “Will it affect her becoming a god?”

The corner of Han Fei’s mouth twitched. “Well... then forget it.”

### [God of Fishing](#)

#### **Chapter 2672: Ximen Lingyu’s Punishment (1)**

##### 2672 Ximen Lingyu’s Punishment (1)

Since Eldest Senior Brother said that he was going to talk to the Master of Time, it must be a “deep talk”. Eldest Senior Brother didn’t mention the Void Mark, and he was going personally. This “talk” couldn’t be simple.

Unfortunately, Han Fei probably couldn't see it. Now he had mixed feelings and couldn't put them into words. When he saw Ximen Linglan again and heard about her experience, Han Fei thought that if he didn't get over it, it might become his inner demon.

No one would become a peerless Heavenly Talent so easily. Ximen Ling'an had used all her strength and was on the verge of death before she figured out an amazing path.

But in Han Fei's opinion, it didn't matter if she had figured out a great path or not. What mattered was that Ximen Linglan was still alive and in the Time Temple.

Now that he thought about it, Han Fei felt that the women around him seemed all quite unlucky yet unique.

He didn't know where Xia Xiaochan's reincarnation body was, or how long she would sleep. Ximen Linglan seemed to hate him very much now, but Han Fei didn't feel that way. This woman's love was hot and unrestrained, and she always dared to love and hate. She was like this before and now. Even if she became a Great Monarch, she wouldn't hide it at all. As for Jiuyin Ling, he didn't know where she was. She had a clear mind and a unique way of thinking. If she stayed with him, he would probably have a headache too.

However, no matter how many feelings he had, he was still happy that Ximen Lingyu was still alive.

In any case, no matter if their meeting was good or bad, there were many benefits to this meeting. Ximen Ling'an had suppressed her emotions for 100,000 years and finally had a chance to vent, and his regret seemed to have been somewhat made up for.

As for how Ximen Linglan would explain to the Time Temple, he would find a way to ask about it later.

"Master, Master, can we leave quickly?"

Liu Qiansi, who had never experienced love, had just escaped death, so he felt as if he was on a roller coaster. If it weren't for his powerful master, he felt that he would have been scared to death.

"Ah! Oh..."

Han Fei finally came back to himself, only to see that Old Han and his mother were both looking at him. They didn't dare to say anything, as if they were afraid that what they said would interrupt Han Fei's train of thought.

Han Fei hurriedly said, "Dad, Mom, let's go back first."

As for the Ancient Life Tree Coffin, Han Fei wanted to put it into his Origin Star, but he couldn't do so after trying. However, he could understand it. This was in the Time River, which was different from the timeline of his Origin Star, so it was natural that he couldn't contact it.

However, in the Time River, majestic vitality burst out of the coffin of the Ancient Life Tree, which seemed to be protecting Xia Xiaochan with vitality, so it was not a big problem.

Han Fei activated the Great Dao of Time and the group quickly crossed the Time River, and the surrounding scenery changed. Han Fei discovered that the speed of traveling with the current was more than ten times faster than against the current, and it seemed to show signs of accelerating.

He hadn't noticed this before, because he had never carried out a long-term flow and reverse flow in the Time River, so he couldn't perceive it. Now, he perceived the speed problem in the Time River. Did it mean that if one went against the flow for a long time, their speed would become slower and slower? Or rather, the closer one was to the ancient, the harder it was to go against the current. Instead, the closer one was to the future, the easier it was to go against the flow.

Han Guanshu and Jiang Linxian had seen a lot of things. When they first saw Han Fei, it was impossible for them not to be surprised. But now seeing Han Fei leading them all the way, they calmed down.

Han Guanshu put on a gratified smile, as if he felt that his long-term plan and everything he had done didn't seem to be a loss. His son was too hardworking.

It had only been a thousand years since he set up everything, but Han Fei's current strength had already reached the Perfected Star Transformation Realm. This speed far exceeded his expectations.

In fact, Han Fei was also a little surprised, because Old Han and his mother originally established the sea in the Raging Sea. When they entered the Abyssal Chasm, they were only in the Sea Establishment realm.

Perhaps because of the Time Worm and the Space Worm, they had the ability to travel through time and space, but the places they could travel to were none other than the primeval land where the Lava Giants lived.

Logically speaking, with their strength back then, it was impossible for them to survive in the primeval land, because Sea Establishers basically couldn't even withstand the chaotic flames there, unless the strong masters of the Lava Giants protected them.

But now, Han Fei had seen that his mother should have already proved Dao. His father was no longer a peak-level Venerable like when he was in the Yin-Yang World, but a Perfected Star Transformation Realm cultivator, and he was definitely very powerful.

At this moment, Jiang Linxian was smiling. She seemed to be a little gratified just like Han Guanshu. She didn't expect her son to be so outstanding.

Han Fei couldn't help but blush. "Why do you keep staring at me?"

"Hehe..."

Han Guanshu said, "Your mother hasn't seen you since you were born. What's wrong with her staring at you? By the way, what happened to Xiaochan? I saw that she seemed to be in a deep sleep. Did something happen to her?"

Jiang Linxian asked, "Is she my daughter-in-law?"

Han Guanshu nodded. "I haven't had the time to go back to see you, so you don't know. Xiaochan is the little princess of the Merman Royal Family. Her talent and bloodline are both extraordinary. Besides, she and Fei'er are childhood sweethearts. She is definitely going to be our daughter-in-law."

### [God of Fishing](#)

### **Chapter 2673: Ximen Lingyu's Punishment (2)**

## 2673 Ximen Lingyu's Punishment (2)

Han Fei looked at the coffin of the Ancient Life Tree and said solemnly, "It's a long story. Xia Xiaochan actually has the bloodline of a god, but because she's pregnant, the baby is very likely to be a divine child. The divine fetus needs too much vitality, and no one in the Raging Sea at that time can help her. So I asked my senior brother to put her in the Ancient Life Tree to keep her safe."

Han Guanshu and Jiang Linxian were both shocked. Divine bloodline?

Han Guanshu was also puzzled. "Does Xia Xiaochan have the divine bloodline too?"

"Too?"

Before Han Guanshu could explain, Jiang Linxian said softly, "I see that the vitality on this coffin is gradually fading. Can it last until it returns to the Raging Sea?"

Han Guanshu asked, "I have no idea. How should we deal with it?"

Before Han Fei said anything, Jiang Linxian said, "Although this tree coffin is full of vitality, if the Divine Embryo swallows vitality, coupled with the consumption of 200,000 years of vitality in this round trip, I'm afraid this coffin will decay even if it can hold out until it returns to the Raging Sea. But Fei'er, with my strength, I can probably protect her."

Han Fei shook his head. "Thank you, Mother, but it's not necessary. I have a Chaotic Spiritual Treasure. If nothing goes wrong, it shouldn't be a problem to extend its life by another 100,000 years."

"A Chaotic Spiritual Treasure?"

Jiang Linxian and Han Guanshu couldn't help but click their tongues. What had Han Fei experienced all these years? How could he even have a Chaotic Spiritual Treasure?

How could his son take out such a treasure so easily?

"By the way, who is this?"

After all, Jiang Linxian was a Dao Proving Realm powerhouse, so when she saw that Han Fei had been carrying a green bamboo rod with a strong vitality, she knew that it was also a Dao Proving Realm powerhouse.

Han Fei: "Oh! My follower, Liu Qiansi."

Liu Qiansi trembled. "Old masters, how are you?"

Slap!

Han Fei patted him. "What are you talking about? Do my parents look old?"

Liu Qiansi was speechless, but under Han Fei's threat, he still changed his words. "Hello, Masters."

Liu Qiansi thought to himself, How damn weak am I? One master is not enough, and now there are two more?

Jiang Linxian replied gently, "Qiansi, don't listen to him. Cultivators just call each other by name. My name is Jiang Linxian. You can call me Xianxian. This is Han Guanshu. You can call him Shushu..."

The corners of Han Fei's mouth twitched. Come on, Mom, how can your names be so cheesy?

"Cough, cough ~"

Han Guanshu coughed and seemed a little embarrassed, but he couldn't bear to blame Jiang Linxian. He just said gently, "Xianxian, our son is here."

Jiang Linxian smiled. "Fei'er won't mind, right?"

Han Fei turned his head away. "I don't mind. It's up to you."

Liu Qiansi didn't dare to do what Jiang Linxian said. He thought to himself, You don't know how terrifying your son is. I dare not call him that!

Liu Qiansi said, "Liu Qiansi greets Master Xianxian and Master Shushu."

Jiang Linxian smiled faintly, her eyebrows slightly curved, and she seemed to have the affinity of a girl. But she didn't talk about this form of address anymore. She knew Liu Qiansi wouldn't dare to call them by their names.

However, on second thought, Han Fei was clearly only in the Perfected Star Transformation Realm, but he could already subdue a demon plant at the Dao Proving Level. Was this normal?

Only Han Guanshu was still frowning. Jiang Linxian was the only one who called him "Shushu", but no one else had ever done that before. It felt a bit weird.

...

Buzz!

The speed of flowing with the current was very fast, especially when no one stopped them. Now that the scheme of the Time Temple had been exposed, it was impossible for them to attack him, neither did they dare. Otherwise, if Eldest Senior Brother was angry, who else in the Time Temple could stop him except the Master of Time?

It was hard to tell how much time had passed in time. After Han Fei consumed almost 60% of his spiritual power, they finally broke through the Time River and went to the Raging Sea under the guidance of the Vast Ocean Navigator.

"Huff!"

Han Guanshu was slightly focused. "Huh! We're back? Huh, is this outside the Abyssal Chasm?"

Han Fei said, "The chaos in the Raging Sea has been pacified by me, and now the human world is unified. The small world where the Yin-Yang World is located has long been moved out by me, so we will naturally appear outside the Abyssal Chasm."

Han Guanshu was surprised. "I believe that the human world has been unified. With your strength, no one should be a match for you in the Raging Sea."

Jiang Linxian said, “Fei’er, the Ancient Life Tree is rotting. Do you want to use the Spiritual Treasure of Chaos you mentioned now?”

At this moment, the vitality on the Ancient Life Tree that had left the Time River was pitifully little. This vitality would probably completely dissipate in two or three hundred years at most.

Besides, this Ancient Life Tree coffin was almost full of wrinkles. It seemed that it could only barely prevent itself from shattering on the spot.

With a flip of his hand, Han Fei took out the Divine Blood Bodhi that Senior Sister Green Lotus and Senior Sister Red Lotus had given him. This thing was born from divine blood. In addition to extending one’s life by hundreds of thousands of years, there was an extremely low probability that it could illuminate one’s divine path. After it was swallowed, it could strengthen one’s bloodline and improve the power of one’s soul. It could also possess a trace of the will of a god and withstand a basic divine tribulation.

This Divine Blood Bodhi was shockingly powerful. Han Fei had planned to use it, but the coffin of the Ancient Tree of Life was decaying, which meant that the power protecting Xia Xiaochan’s body was gone. Without the protection of the Ancient Tree of Life, the baby in Xia Xiaochan’s stomach would probably devour vitality again. Ordinary treasures would not be very effective on her.

### God of Fishing

#### **Chapter 2674: Ximen Lingyu’s Punishment (3)**

##### 2674 Ximen Lingyu’s Punishment (3)

Besides, how could ordinary treasures give birth to a divine child? Only the hint of a god’s will in the Divine Blood Bodhi could be absorbed by the Divine Fetus to temporarily protect Xia Xiaochan.

When the Divine Blood Bodhi was taken out, Liu Qiansi buzzed and trembled. Jiang Linxian and Han Guanshu were shocked. As soon as this thing was taken out, the surrounding vitality immediately became thick and sticky. Furthermore, they could even vaguely see colorful rays of light, which even carried the pressure of a terrifying powerhouse.

As for such a treasure, even if they didn’t covet it at all, when they saw it, they couldn’t help but want to eat it.

Because the Ancient Tree of Life had been opened, Han Fei didn’t need to open it with a Monarch-realm strength anymore. Instead, he directly opened the coffin and stuffed the Divine Blood Bodhi into Xia Xiaochan’s mouth. He didn’t let her swallow it, but just kept it in her mouth and let her digest it slowly.

After doing all this, Han Fei issued an order in his heart, and the phantom of mountains and rivers appeared. Then, Xia Xiaochan was absorbed into his Origin Star.

Slurp~

Liu Qiansi asked, “Master, do you still have the fruit? Can you give me some of its skin?”

“Hoho, do you think it’s possible...”

Liu Qiansi: “...”

Jiang Linxian smiled. "Fei'er, don't be so strict with Qiansi... Let me take a good look at you."

...

"Uh ~"

Han Fei was slightly embarrassed. This feeling of being looked up and down was really a little strange.

Jiang Linxian walked around Han Fei and then grabbed Han Guanshu's hand with a smile. "Shushu, our son has grown up so quickly."

Han Fei: "???"

Han Guanshu said, "Xianxian! Fei'er has experienced countless tribulations in this world. How can he not grow up?"

Jiang Linxian gestured. "Fei'er was so small last time I saw him."

Han Fei: "???"

Han Guanshu looked at Han Fei with a smile. "Although your mother looks like a fairy when she doesn't speak, she's actually like a child..."

Han Fei nodded quickly. This was completely different from the Jiang Linxian he saw at first sight, and completely different from the Jiang Linxian he saw in the Sea Quelling Painting before.

At that time, Jiang Linxian looked like a dignified and cold goddess, but at this moment, her image was ruined.

"Humph ~"

...

Jiang Linxian snorted. "You are like a child, not me! Fei'er, I can tell that your Qi and blood are extremely powerful, and your strength seems to be fluctuating unnaturally. Have you already condensed five Dao Locks?"

Han Guanshu echoed, "I feel it too."

Han Fei nodded. "Five Dao Locks. I have to prove Dao within a hundred years, or my current body won't be able to carry my strength."

Han Guanshu chuckled. "When you become strong, the way you talk has even changed."

Jiang Linxian asked, "Prove Dao in a hundred years? In the Raging Sea?"

She sensed it and said, "I'm afraid this place is not suitable for proving Dao. The power of the Heavenly Dao in this world vaguely suppresses me, but I feel that this strength doesn't seem to be enough for you to prove Dao."

Han Fei said, "Not in the Raging Sea, but in the... Sea Realm."

"Sea Realm?"

Han Guanshu and Jiang Linxian looked at each other and stopped frolicking. Han Guanshu said, "Is it the place where the Human King has gone to?"

Han Fei nodded. "Yes, Gu Tingnan has proven his Dao now, but he's still oppressed in the Sea Realm."

After that, Han Fei told Jiang Linxian and Han Guanshu about the situation in the Sea Realm. When they heard that 90% of all the humans that Gu Tingnan took out had been enslaved by the Ten Thousand Scale Race for 100,000 years, the smile on their faces disappeared.

...

Jiang Linxian's face was slightly cold. "What a great Ten Thousand Scale Race."

Han Guanshu said, "Don't be rash. Didn't Han Fei just say that the power the Ten Thousand Scale Race showed on the surface is far from their true strength? Behind the Ten Thousand Scale Race, there will even be Great Monarchs."

Jiang Linxian said, "I'm not stupid. Fei'er, if the Ten Thousand Scale Race is really so strong, how can you deal with them? Right, I didn't ask before, but I can sense that the girl who saved us seems to be very powerful. Who is she? What realm is she in?"

Han Fei said, "Well... Linglan is a Great Monarch at this moment, and she should be a very strong Great Monarch. As for Linglan, she is..."

Jiang Linxian asked curiously, "Is she also my daughter-in-law?"

Han Fei blushed. "Our situation is rather complicated... Alas, I failed her..."

Jiang Linxian and Han Guanshu looked at each other in bewilderment. The Great Monarch-realm daughter-in-law was failed by their son... What kind of drama was this?

Han Guanshu couldn't help but say, "You dare to bully a Great Monarch? Aren't you afraid that she will slap you to death?"

Han Fei's face changed. "This matter was actually caused by you, Mother."

"Me?"

Jiang Linxian was dumbfounded. What does it have to do with me?

...

Han Fei asked, "Was the Ideal Palace built by you? You intercepted a section of the Time River. Do you still remember it?"

Jiang Linxian asked, "Don't tell me you met her when you went back to the past? But that section of the Time River was very small and could only carry the power of the Sea Establishment realm at most..."

Han Fei had to tell them what happened between him and Ximen Lingyu. He had no choice. If he didn't explain it clearly, there would be many things that he couldn't explain to them.

Han Guanshu and Jiang Linxian listened attentively like they were listening to storytelling. Jiang Linxian was sometimes worried, sometimes happy, sometimes angry, and sometimes regretful. It was obvious how fascinating the story between Han Fei and Ximen Lingyu was.

### God of Fishing

#### **Chapter 2675: Ximen Lingyu's Punishment (4)**

##### 2675 Ximen Lingyu's Punishment (4)

Jiang Linxian almost burst into tears when she heard that Ximen Ling'an turned herself into a knife.

Liu Qiansi was dumbfounded. What are they talking about? These humans are really strange. They are still wiping their tears here even though they have already proven their Dao. It's simply baffling.

Jiang Linxian sighed. "Ling'er is a good woman. If that's the case, it's not bad to have two daughters-in-law."

Han Fei: "..."

In fact, Han Fei was also thinking about this problem. But after thinking about it for a while, he felt that the two women were not in good shape. And even if he wanted to, he couldn't find them one by one now.

Xia Xiaochan was easy to find, but it was impossible for him to go to the Time Temple even if he had proven Dao, let alone take Ximen Ling'an out.

Han Fei took a deep breath and said, "Okay! Let's not talk about this for the time being. Dad, Mom, enough about me. How did you get caught up in that period of time?"

This time, Han Guanshu could no longer hide anything, because Han Fei was strong enough to save them out.

Jiang Linxian said, "Back then, we were forced to seal the Yin-Yang World and the Water-Wood World in the Abyssal Chasm. But you know the upper limit of strength growth in small worlds. No matter how strong you are, it's difficult for you to prove Dao. Even without the Heavenly Dao Dharma Eye, it's actually very difficult for anyone to prove Dao. But we can't go out. We can only explore the Abyssal Chasm through the Space Worm... Fei'er, do you know about the Space Worm and Time Worm?"

Han Fei said, "I know a little bit. If you're not going to enter the Time River again, these two insects might be of great use to me."

...

Jiang Linxian said, "Then they're yours. It's not a good thing to have these two worms. Only when we really step into the Time River will we discover how simple our previous thoughts are and how far away our goal is."

Jiang Linxian continued, "Because of the Space Worm, we found an Ancient Primeval Land. Fortunately, the Space Worms broke through space and attracted the attention of the strong masters there. Otherwise, we might have died the moment we entered that place."

Han Fei said, "I know. I've already been to the Lava Giant Race."

Han Guanshu asked in surprise, "That passage is not easy to pass, is it? It's said that it's easy to collapse. How did you get there?"

Han Fei said, "That passage is very stable for me. Continue."

Jiang Linxian didn't doubt him and continued, "We lived with the Lava Giants for a long time. We told them about the Raging Sea, and they told us about ancient legends. Later, the Lava Giants discussed their cultivation methods, and we found out how laughable our previous cultivation methods were. Under the guidance of the correct cultivation methods, your father and I cultivated at an extremely rapid speed. Because the primeval land didn't lack resources, we quickly reached the peak level of the Sea Establishment Realm. With the help of the strong masters of the Lava Giants, we even opened the sky in a short hundred years."

However, as you can see, the ancient legend of the Lava Giants is too tempting. It just so happens that we have mastered the Time Worm and the Space Worm, so after we entered the Star Transformation Realm, we had the idea of entering the Time River.

Later, it became simple. We simply fell into a fog in the Time River. Although we could walk out, we could only give the Space Worm and Time Worm to one person at a time to let him slowly walk out for a period of time, and the other person could only wait in the palace.

Han Fei nodded. From that moment on, his father and mother had already been schemed against. It was just that they were relatively weak at that time and didn't know that they had been schemed against.

Han Fei wasn't in a hurry to tell them now. He just said, "By the way, since we're back, let's go to the Lava Giants first! I have an agreement with the Grand Elder."

Jiang Linxian smiled. "Okay! I miss them too."

...

...

Just when Han Fei and the others decided to go to the Lava Giants first, a trial regarding Ximen Ling'an was going on in the Time Temple.

A powerhouse whose face couldn't be seen clearly with time flowing on the surface of his body was sitting on a towering throne.

Below, eleven strong masters who were enshrouded in the law of time looked at the young woman who was bound by the Lock of Time in silence.

The strong master on the throne said, "Ximen Ling'an, do you plead guilty?"

Ximen Ling'an looked up at the strong master on the throne and said simply, "Yes."

The latter continued, "I'll give you a chance to prove your innocence and even a chance to make up for your mistake. As long as you can bring that person back, I'll forgive you."

A faint smile appeared on her face. "I'd better plead guilty."

“How dare you! Ximen Ling’an, don’t think you can be unscrupulous with your master protecting you!”

“I have nothing to say. I killed Ao Wutian, stole the Chaotic Clock, and set that person free. I’m willing to be punished.”

Although Ximen Ling’an didn’t steal the Chaotic Clock, since Ao Wutian was dead, she didn’t bother to explain.

...

Bang!

The person on the throne slapped the throne angrily, and the temple masters of the Time Temple all fell silent.

The man shouted, “You don’t know repentance. You’re giving up your bright future for a man. Foolish... Since you refuse to admit your mistake, go ponder over your mistake. Come out when you’ve figured it out.”

The person on the throne shouted, “Ximen Ling’an, the Seventh Temple Master of the Time Temple, stole the Chaotic Clock, killed a fellow Great Monarch, Ao Wutian, and secretly destroyed the 100,000-year plan of the Time Temple. Her crimes are unforgivable. She was exiled to the River of Eternal Darkness for 100,000 years, suffering bone-burning and soul-tearing pain every day. Before the time is up, no one is allowed to plead for mercy for her.”

### God of Fishing

#### **Chapter 2676: Eldest Senior Brother Reasoning with Time Temple (1)**

##### 2676 Eldest Senior Brother Reasoning with Time Temple (1)

In front of the throne of the Void Temple, eight awls of time formed by mystic time and filled with Dao Patterns condensed one after another.

Puff, puff, puff!

“Eight Soul Release Awls? My lord...”

“Pfft!”

Among the Temple Masters, a woman was about to step out and beg for mercy when a Snake of Time suddenly crawled out of her mouth.

The Master of Time said coldly, “As I said, before the time is up, no one is allowed to plead for mercy for her.”

Except for this Temple Master, no one was moved. Someone shook his head slightly. The Soul Release Awl was a seal that released the power of perception. Eight Soul Release Awls could magnify the senses of Ximen Ling’er’s body and soul by eight times.

Although she wouldn’t die, to be honest, 100,000 years was too long. It was simply worse than death.

“Puff ~”

“Cough ~”

Six Soul Release Awls entered Ximen Linglan’s body in a row, and the latter didn’t make a sound. Just when the last two Soul Release Awls were about to enter Ximen Ling’s body.

Suddenly, the two Soul Release Awls exploded, and the time law and mysterious patterns wrapped in them exploded.

Buzz!

Instantly, all the Temple Masters stared at the field, where a white-robed man suddenly appeared in the hall of the Time Temple with his hands behind his back.

“A god?”

All the Temple Masters were shocked. Whoever could do this couldn’t be a Great Monarch, so there was only one answer, which was that this man was a god.

Ximen Linglan also looked at this person in surprise, feeling puzzled.

On the throne, the Master of the Time was still sitting upright, and his voice was indifferent. “Void, long time no see.”

The person looked gentle. There was no smile, seriousness, or solemnity on his face. He looked emotionless.

Ignoring the Master of Time, he looked back at Ximen Linglan and said gently, “I am Han Fei’s Eldest Senior Brother. I approve of you...”

“Do the people of our Time Temple need your approval?”

Boom ~

The Eldest Senior Brother frowned slightly, turned around, and punched out. It was like a river of stars flowing, like the sacred hand in the distant void, shocking and amazing.

Bang! Bang! Bang!

The punch seemed to have shattered tens of millions of years of time. Seeing that the fist mark was still there, the Master of Time finally had to get up. As time seemed to become illusory in front of him, the booming sound spread out in the endless time.

This sacred and solemn temple was like ash in his hand, dispersed by the power of the void.

As for the Temple Masters, they were all shocked. This Master of Void was indeed powerful. With a single punch, he destroyed the temple. This was not as simple as a palace. This was a time domain formed by time entanglement!

Outside the temple was the Time River. At this moment, everyone was exposed to the Time River, and the throne of the Time God was also gone.

The Eldest Senior Brother said gently, “Can’t you see I’m talking? It’s very rude to interrupt others.”

Under the mask of the Master of Time, he snorted but didn't say anything else.

He knew that if he really fought the Master of the Void, he wouldn't have a good ending. Besides, the Time Temple was in the wrong in this matter. Considering Void's personality, it was already beyond his expectations that Void didn't directly smash the door.

Seeing this, Ximen Linglan was not shocked. She knew that Void had the strongest combat power in the Three Temples, so she was not surprised at all.

However, Ximen Linglan still said, "Senior Void, this is an internal matter of our Time Temple, and I deserve this punishment. Please don't interfere."

The Eldest Senior Brother said gently, "That's right. However, I'm not here to intervene in your trial. It's my Little Junior Brother's business to save you. I'm here to reason with the Time Temple. You're not bad, so I approve of you. A piece of void is my gift to you, my sister-in-law."

Ximen Linglan hurriedly said, "Senior, I have nothing to do with you. I don't need any gift. Besides..."

Ximen Linglan felt that her throat was itchy, and she didn't finish her sentence.

The Eldest Senior Brother still said gently, "The relationship between you and my Little Junior Brother hasn't been cut off. How can you say that we have nothing to do with each other? We're family, so I should give you a gift."

After that, Eldest Senior Brother reached out and gently touched the center of Ximen Ling's eyebrows. However, there was no light, no real thing, as if nothing had happened.

After Eldest Senior Brother finished speaking, the Master of Time said leisurely, "You interrupted her."

Eldest Senior Brother looked back, still with his hands behind his back. "Yes, so I'm going to be unreasonable now..."

The Temple of Time: "???"

Boom...

The Time River around Eldest Senior Brother began to reverse. A finger pierced through time and tore open a void in the river.

Boom...

In the next moment, Eldest Senior Brother and the Master of Time were both gone, leaving only the corner of the Master of Time's clothes.

...

In a flash, the Master of Time returned.

But everyone knew that although he only disappeared for a moment, who knew how long it had been? What if they froze time and were fighting?

Even if they fought for 10,000 years, in the eyes of outsiders, it was just a moment.

At this moment, the Master of Time waved his hand and the Time River began to close. As he sat down, the throne under him appeared again. Time condensed into a palace. In a moment, it returned to the previous magnificent palace scene.

#### **Chapter 2677: Eldest Senior Brother Reasoning with Time Temple (2)**

##### 2677 Eldest Senior Brother Reasoning with Time Temple (2)

The Master of Time looked at Ximen Linglan quietly and snorted. He didn't inject another two Soul Release Awls into her body but said annoyingly, "The trial is over. Take her away!"

When everyone disappeared in time, the Master of Time was still sitting on the throne, but his hands were trembling.

...

The Lava Giants' settlement.

For the Lava Giants, Han Fei had only entered the Time River for a few days.

Because of Han Fei's appearance, hope revived in many people's hearts. The Grand Elder hadn't even figured out how to tell his clansmen that Han Fei had left.

However, this time, with a swish, Han Fei, Jiang Linxian, and the others appeared on the primeval land together, causing spatial fluctuations, so the Grand Elder and another Monarch came to Han Fei and the others almost immediately.

"Didn't you just go in... Huh, Xian, Han Guanshu?"

The Grand Elder looked shocked. He was surprised at Han Fei's return, but then he found that Jiang Linxian and Han Guanshu also came back, which shocked him.

Jiang Linxian said, "Grandpa Elder, Uncle Fire Spear, long time no see. We're back."

The Grand Elder didn't speak for a long time.

The other Monarch of the Lava Giant Race was named Fire Spear. Because Han Fei came and left in a hurry, he didn't spend much time with the Lava Giant Race, so he wasn't familiar with him.

However, Jiang Linxian and Han Guanshu didn't leave until they entered the Star Transformation Realm, so they were more familiar with the Lava Giants.

Fire Spear put on a brilliant smile. "It's great that you're back."

Although Fire Spear was speaking to Jiang Linxian, he couldn't help turning his eyes to Han Fei. He knew that the Grand Elder had made the right bet this time.

He gambled three times in a row, but he made the right bet on the third time. It was a miracle that Han Fei really brought them back from the Time River.

The Grand Elder naturally understood the significance of this. With his eyesight, he could naturally see that Jiang Linxian had proved Dao. Jiang Linxian had proved Dao, which meant that even the two of them might leave this primitive land.

Han Fei said, "Grand Elder, this time, we will take the entire Lava Giant race out. However, you might need to stay in my mother's and my Origin Stars for a period of time. This is because I will stay in the Raging Sea for a period of time to prepare to fight against external enemies."

The Grand Elder nodded with a smile. "Yes, yes. The human race is in a difficult situation, so you naturally have to plan well. If a war really breaks out, our Lava Giants will naturally spare no effort to help you. Let's go back to our clan. I think everyone will be overjoyed when they hear this news."

Several seconds later.

The Lava Giants' settlement.

When the Grand Elder suddenly arrived, many people asked, "Grand Elder, how is the outsider doing? Can he take us out?"

"Grand Elder, is this outsider reliable?"

"Grand Elder, why don't I see that outsider?"

The Grand Elder coughed and shouted, "Lava Giants, gather. Remember, it's everyone. Call back the hunting teams outside."

Buzz!

Bang! Bang! Bang!

For a moment, the sky was full of big balls rolling around. Very few things in the Lava Giants were worth the Grand Elder's attention. Although they didn't know what had happened, they knew that something big must have happened.

The only guess in their hearts was that there was a chance to get out. That must be the case. Otherwise, why did the Grand Elder gather all his clansmen after the outsider arrived?

At the mention of going out, everyone moved unexpectedly fast, and most of them were packing up. They were certain that they could go out.

After only a moment, the residence of the Lava Giants was already full of people. There were 4,362 people in total.

Someone shouted, "Grand Elder, can we go out now?"

"Grand Elder, it must be that outsider who can take us out, right?"

"Grand Elder, where is the outsider?"

"..."

For a moment, the scene was noisy. Everyone looked around expectantly, hoping to find Han Fei.

At this moment, the Grand Elder looked at the void and said, "Xian, come out! We actually miss you."

Buzz!

Han Fei, Jiang Linxian, and Han Guanshu walked out of the void.

The moment they appeared, it was in an uproar, and many people exclaimed.

"Hiss ~"

"It's Miss Xianxian. Miss Xianxian is back..."

"Ah! It's Brother Guanshu. Oh my god, Miss Xianxian and Brother Guanshu have returned from the Time River."

"Hahaha! I didn't expect to see you again in my lifetime."

"I almost didn't recognize you at first sight."

"Brother Guanshu, I'm Tie Fei! I took you to mine before."

"Xianxian, I am Fire Jade. I am Fire Jade."

Jiang Linxian was also very happy. With a flash, she appeared on Fire Jade's shoulder and said, "Fire Jade, why have you grown so tall?"

Fire Jade grinned and said, "We haven't seen each other for more than 80,000 years. I must have grown taller. You, on the other hand, haven't changed at all. You're exactly the same as I remember."

Han Guanshu was also surrounded by some burly Lava Giants.

### God of Fishing

#### **Chapter 2678: Eldest Senior Brother Reasoning with Time Temple (3)**

2678 Eldest Senior Brother Reasoning with Time Temple (3)

"Brother Guanshu, I'm Teng Fei! Let me show you the big sword I forged. I specially forged it for you back then, but you didn't come back after so many years."

"Brother Guanshu, don't look at the big sword. Look at the Ten Thousand Blade Mother-Child Saber I forged. This is the best work of my life. It's very powerful. I'll give it to you!"

Han Guanshu said, "Don't give it to me. Give it to my son. It's all because of my son that we can come back this time. Also, I told you that I would show you the sea. You will see it soon."

"Really?"

"Is it the sea that is not hot at all and not flowing like magma?"

Han Guanshu said, "I think it's inappropriate for you to use magma as an analogy. But you're right. When the seawater surges, it's quite similar to the magma lake."

"Hahaha, we can really get out."

Smack!

Someone patted the head of the laughing man and hurriedly said, "We should thank Brother Guanshu's son. Hey, Brother Guanshu, what's your son's name?"

Han Guanshu smiled gently. "Han Fei."

Immediately, a group of people waved their hands at Han Fei. "Nephew Han Fei, thank you so much. You're the one who brought us the hope of getting out. This Ten Thousand Blade Mother-Child Saber is for you..."

"Me too. This big sword is for you."

"I have one too. I spent eight thousand years forging this Dragon Bone God Seal with Chaotic Fire. It's a high-quality godly weapon. It's only one fire seed away from becoming an ultra-quality godly weapon. It's yours now..."

"Ah! Hahaha..."

They were unimaginably enthusiastic, but Han Fei didn't accept any of them.

Han Fei said, "Everyone, listen to me. Please keep the best weapons for yourselves. This is because the outside world is not like here. The outside world is dangerous and has many bad people and enemies. How can we fight those people without the best weapons? We don't just want to go to the outside world. We also need a territory that belongs to us, a free and unrestrained world... So, seniors, please keep the best weapons for yourselves. It's best if you don't only have one, because it's really dangerous outside."

"Hiss ~"

Someone looked solemn, but in the next moment, he shivered and nearly a hundred sets of godly weapons appeared around him. He said solemnly, "Nephew Han Fei, the outside world is so dangerous. Are these enough?"

The others followed suit. Each of them took out nearly a hundred godly weapons, which stunned Han Fei.

"F\*ck, I was wrong. Can I take my words back now?"

Are these people f\*cking monsters? Are they refining godly weapons all day long? Each of them can easily take out hundreds of godly weapons!

Liu Qiansi trembled slightly. "There are so many godly weapons. If you really don't want them, can I take two?"

Han Fei thought to himself, Of course I want them! But I've already said it out loud that I don't want them. How can I ask for them now? Isn't this a slap in my face?

However, Han Fei didn't take it too seriously. Although these were all godly weapons, there was still a gap between them and his godly weapons.

Han Fei and the Grand Elder exchanged glances. The next moment, the Grand Elder shouted, "Be quiet, be quiet..."

The noise of excitement finally died down under the suppression of the Grand Elder.

The Grand Elder shouted, “Everyone, it’s time for us to go out. As you can see, Xian and Guan Shu have returned. All of this is thanks to Little Friend Han Fei. Today, they’ve returned to take us out. However, the outside world is in turmoil, the flames of war are raging, and the human race is being bullied. We have to stay on their Origin Stars for a period of time. When the time is right, when we go to a wider world, it will be time for us to come out.”

“War?”

Someone laughed. “Grand Elder, I’m not afraid of fighting at all. I’ve fought all kinds of ferocious enemies. I once fought a hundred thousand rounds with the flood dragons. I’m very tough.”

Someone patted the flesh armor on his body. “Even the sharpest Fire Buddha Flying Fish can’t break my armor. Humph, whoever stands in our way will be flattened.”

“Yes, yes...”

Everybody was talking at the same time. Some were showing their weapons, some were showing their flesh armor, some were showing off their wounds, and some were flexing their muscles. They seemed ready for a fight.

Seeing this, Han Fei couldn’t help but sigh. These guys just had no idea about what the Sea Realm was like!

However, this was not bad. Based on the Lava Giants’ attitude, it could be said that if their team of more than 4,000 people was put in the Sea Realm, few people could withstand their bombardment unless Monarchs appeared.

Jiang Linxian also said, “OK, since everyone is here, let’s go out first. I know you’re all anxious to see the outside. In that case, let’s not chat here. After we go out, we’ll have plenty of chances to chat.”

The Grand Elder also said, “You guys, Xian, Han Fei, and the others still have a lot of things to do. Do you think they have nothing to do all day long like you? All of you, stand still and open your minds, preparing to enter their Origin Stars.”

Jiang Linxian pleaded, “Grand Elder, Elder Fire Spear, please don’t resist.”

Han Fei said, “Mother, although you have proved Dao in the Time River, you haven’t been to your Origin Star for many years, right? Can your Origin Star carry the Grand Elder and the others?”

### **God of Fishing**

#### **Chapter 2679: Eldest Senior Brother Reasoning with Time Temple (4)**

##### **2679 Eldest Senior Brother Reasoning with Time Temple (4)**

Jiang Linxian said, “It should be able to. Although I can’t be connected to my Origin Star, my strength has grown rapidly in the past 100,000 years. Besides, my Origin Star seems to be growing spontaneously under this subtle growth. Perhaps my Origin Star isn’t very strong now, and it might even be extremely lacking in resources, but it shouldn’t be a problem for them to stay there for a period of time.”

Han Fei nodded slightly. In fact, he didn't lack star resources at all. There were a lot of Sky Opening Realm powerhouses who had died by his hands, and there was also a Carefree Realm powerhouse. He would give all the power of the Origin Star of the Fist Sect powerhouse to his mother later. This way, he could solve the problems of her Origin Star in an extremely short period of time.

Han Fei said, "Everyone, time waits for no man. We need to get out as soon as possible. If you still have anything to take with you, you'd better store it in your Origin Stars."

"Nephew Han Fei, you can take us in without worry. We don't have anything to bring with us. It's just some hammers and whatnot. They have long been stored in our Origin Stars."

That being said, there were still some people who carried food such as fire flood dragons, thinking that it was better to bring some food in case.

Another moment later.

Han Fei said, "I will create a space exclusive to you on my Origin Star. Just wait for a while, and I will let you out."

Buzz!

When the world phantom appeared, the Lava Giants present disappeared on the spot.

Han Fei's Origin Star, on the other hand, was in an uproar.

The group of Lava Giants were stunned to see the towering trees, strange flowers, and colorful orchards in Han Fei's Origin Star.

"Wow! It's so cool here, and the spiritual energy is extremely abundant. It's not even burned by the Chaotic Fire. Is this a fairyland?"

"Is this a tree? This tree is green! What a big tree!"

"Hey! Can I eat this fruit? The color looks nice."

"Do you feel this land? Unlike our rock-hard land, this land has extremely rich vitality."

"..."

Han Fei specifically chose this place for them, and in this space, Han Fei canceled the time acceleration here. Firstly, these Lava Giants were very strong and didn't need time acceleration. Secondly, they were desperate to get out. If he really gave them time acceleration, one day would be equivalent to half a year.

Han Fei's voice resounded between the heavens and earth, "Everyone, you can take any of these spiritual fruits as long as you don't uproot the fruit trees."

As it happened, on Han Fei's Origin Star, the fruits had grown as big as footballs. Han Fei sometimes had a headache. These things were not easy to eat.

But as soon as the Lava Giants heard Han Fei's words, they quickly picked a spiritual fruit each.

Elder Giant Fire said, "Brother Han Fei is just being polite. Don't go too far. With so many mouths, how many spiritual fruits do you have to eat in one go? So, you can't keep picking them. After eating one, stop it."

Then Elder Giant Fire picked a peach from a peach tree.

"Gulp ~"

Instantly, Elder Giant Fire was shocked. Shit, what kind of divine spiritual fruit is this? Isn't it too delicious? Most of the people around had the same reaction.

However, since Elder Giant Fire had just given the order, many people couldn't bear to finish the fruit after taking a bite.

However, Han Fei continued, "Everyone, there are not so many rules. Eat at ease. After you eat the fruits up, they will grow back. It's not like they won't grow back."

"Crunch, Crunch, Crunch..."

Now that Han Fei had said that, there was only the sound of people gobbling.

Many people exclaimed while eating, "Nephew Han Fei, what a good man!"

Han Fei didn't really care. He was even glad that they were overjoyed by some fruits. How many good things had these Lava Giants missed?

After arranging these Lava Giants, the Emperor Sparrow said, "We will return to this place again. After you prove Dao, I need to come here to prove Dao."

"I know. So far, this should be the most suitable place for you. Now that the danger in the Chaotic Wasteland is over, I'll come here with you again."

On the other side, the Grand Elder and Elder Fire Spear had just entered his mother's Origin Star. Seeing that his mother's face seemed a little pale, Han Fei knew that it must still be a little difficult for her. After all, for so many years, she hadn't arranged her Origin Star much.

Han Fei immediately took out dozens of ownerless refined stars and said, "Mother, make do and refine these stars first."

Jiang Linxian said in surprise, "These, these resources are too much. You'd better keep them for yourself!"

Han Fei smiled and said, "Don't worry. I have hundreds of thousands of refined stars like these now. If it weren't for the fact that I'm afraid you won't be able to refine them all at once, I could take out a lot more. When we return to the Raging Sea, you can repair your Origin Stars first. We'll talk about other things when it's done."

"Hundreds of thousands?"

Jiang Linxian: "..."

Han Guanshu thought to himself, This kid is still bragging. Do you know how huge a resource hundreds of thousands of refined stars of this level is?

At this moment, there was no longer a Lava Giant here. Han Fei said, "Let's go! Let's meet Uncle Xuan and Yin'er."

### [God of Fishing](#)

#### **Chapter 2680: Eldest Senior Brother Reasoning with Time Temple (5)**

2680 Eldest Senior Brother Reasoning with Time Temple (5)

"Yin'er!"

Jiang Linxian's eyes lit up. "Okay, let's go."

Jiang Linxian had a pair of children. She had seen Han Fei and was very gratified that he was so powerful. She hadn't seen Yin'er yet. She didn't know what kind of girl Yin'er had become and if she had a man she liked.

Han Guanshu smiled and seemed to be emotional. It had been more than 100,000 years since he parted with Han Xuan. He wondered how Han Xuan was doing now.

...

The Raging Sea, the Heavenly Realm.

Nine Palace World.

"Yang Huihui, hurry up and go back to your Thug Academy. Why do you, a disciple of the Thug Academy, stay in the Nine Palace World every day?"

"Aunt, I don't want to cultivate!"

This picture was of a smart little boy wheedling with a young woman.

Han Yin'er was speechless. "How can I not know what you're thinking? Don't covet my disciple. You should cultivate hard at your age. Don't learn from your senior brothers and sisters in the Thug Academy who were busy falling in love all day long."

Yang Huihui said, "Auntie, you're wrong. I heard that my uncle has been in a relationship since he was a teenager. It was a legendary love story that made people cry. Why can't I do it?"

Han Yin'er didn't know whether to laugh or cry. "Who's your uncle? Who's your aunt? Your mother is Jiang Qin, and your father is Yang Xie. They're only my brother's senior brother and senior sister. So he is your senior uncle. How did he become your uncle?"

Yang Huihui snorted. "That's different. Among everyone, my mother and uncle got to know each other first. My mother even taught Uncle for a period of time. So Master Human Emperor is actually my mother's younger brother. Isn't it only right for me to call him Uncle? I should call him that. Since the Human Emperor is my uncle, aren't you my aunt?"

"I..."

Han Yin'er was rendered speechless again. Jiang Qin and Yang Xie were not very good at communicating, but their son was very eloquent. More importantly, this guy was shameless. Since he took a fancy to her disciple, he couldn't be driven away.

At this moment, Yang Huihui was pestering Han Yin'er with one hand waving behind his back as if signaling someone.

On the other side, outside a certain trial field, a puddle of water was silently moving out.

Han Yin'er was lost for words. "Yan'er, where are you going?"

"Ah! Master."

The water bulged and turned into a little girl, her face full of disappointment. She even glared at Yang Huihui, thinking to herself, I knew I couldn't run out. Yang Huihui, this idiot, he said his trick would work, but it's simply useless.

Seeing this, Yang Huihui immediately lay on the ground and cried. "Aunt! Yan'er and I are truly in love! I'll just show her the Thug Academy and she'll come back soon. I promise."

Han Yin'er held her forehead. "What if your senior sister, Yi Xiyan, leads her astray? Don't think I don't know why you become so eloquent. Other than Yi Xiyan, there's no one else."

Yang Huihui pretended not to hear her. "If my uncle were here, he would definitely support me. Aunt, don't be so strict! Live a good life and find a boyfriend!"

"Smack! Where are your manners..."

Yang Huihui's head was flicked. Just as Han Yin'er was about to say something, she suddenly sensed something and turned around.

"Brother?"

Han Yin'er exclaimed in delight. She never expected Han Fei to return.

Just now, she felt something strange in her bloodline. She didn't expect it to be such a good thing.

Yang Huihui was stunned and asked in confusion, "Brother?"

Immediately, Yang Huihui widened his eyes and exclaimed, "F\*ck! Uncle Human Emperor?"

Immediately, Yang Huihui jumped up from the ground with a swish, looked at Han Fei, and then his eyes widened like copper bells. On the other side, Yan'er also saw this scene and couldn't help but open her mouth. Is this Master Human Emperor? But who are the people beside him?

Han Fei grinned and said, "Yin'er! This kid is right. You should have a boyfriend. Hey, the little guys want to fall in love. Just let them. Kid, what's your name?"

"Gulp ~"

"Yang, Yang, Yang Huihui... Jiang Qin is my mother... Uncle Human Emperor, I finally meet you!"

The boy wasn't shy at all. He even stuttered at the beginning, but then he directly called Han Fei Uncle Human Emperor.

Han Fei: "..."

The smile on Han Fei's face froze. He grunted and then looked at the girl named Yan'er, extending his hand and greeting her.

Han Yin'er said, "Yan'er, come and meet your uncle."

Yan'er hurried over and bowed. "Greetings, Master Human Emperor."

Han Fei nodded slightly and then said, "Yan'er's bloodline is extraordinary, but her innate spiritual heritage seems to be damaged. It's not easy for her, right?"

Han Yin'er nodded. "Yes! Yan'er's a poor girl. Brother, please help her recover."

Han Fei smiled and nodded. "Yan'er, come here."

Yan'er looked at Han Yin'er, then took a deep breath, swallowed, and walked to Han Fei. Han Fei reached out and pressed his hand on her head. Instantly, divine brilliance descended and the Heaven Enlightenment Divine Technique burst out. The chaotic pulse in Yan'er's body was repaired, and her strength was recovering at a visible speed.

In fact, it didn't take long. In just ten seconds, Yan'er was about to fall asleep.

Han Fei said, "Yang Huihui, right? Take Yan'er to rest. She should wake up in a day. She will struggle during this period, but don't touch her."

"Yes, Uncle Human Emperor..."

Compared to Han Fei, Yang Huihui cared more about Yan'er, so he carried Yan'er and ran away.

Only then did Han Yin'er notice that there were two other people standing not far away. She couldn't help but look over. At first, her eyes were blank, then her pupils gradually dilated. She looked at Han Fei as if she was asking.

That was because Han Yin'er had discovered that the woman looked like the statue of the Sea God in the Yin-Yang World, and the man looked 70% like Uncle Han Xuan.

"Dad, Mom?"
