

God of Fishing

Chapter 3071: Reappearance of the Assassin (3)

On this day, Han Fei came to a place that a god called the Goddess of Night transcended the Divine Tribulation.

He didn't come here according to the Vast Ocean Navigator. He didn't need to find a treasure trove suitable for him anymore, because there was no such treasure trove left.

The Goddess of Night was one of the few gods who left special inheritances in the God Ferrying Ancient Land. She had engraved her thoughts on the path of divinity and her techniques.

However, this kind of technique was too obscure and required extremely high comprehension. It was also because of this that some talented people liked to waste time here.

Among them were people like Ye Qingchan, Zhao Longma, and Chen Fangcao. They stayed here because they wanted to peep on the path of divinity.

Han Fei's arrival immediately attracted attention. The first person she sensed was Ye Qingchan. With the Yin-Yang Dual Pendant, she could sense Han Fei even before he approached this place, not to mention that Han Fei had come here in person.

Han Fei was wondering if he should find a place to talk to Ye Qingchan alone, when Ye Qingchan invited him, "Would you like to have a talk with me?"

Behind Ye Qingchan, the two guardians all changed their expression. This was because in their opinion, Ye Qingchan was going to find a spouse through a joust, so it was not good for her to be close to any man now. Especially since Han Fei was now Feng Yu's fiancée in name.

However, Han Fei had no such scruples. He immediately responded with a smile and went to the peak where Ye Qingchan was.

Little did he know that many strong masters here had turned their eyes to them. Many people looked unhappy and even snorted.

Those who were willing to waste time here and peep on the divine path were all Heavenly Talents among Heavenly Talents. Ninety percent of the top Heavenly Talents had come to the God Ferrying Ancient Land.

Many of these people had come for the joust. Now, someone had approached Ye Qingchan first, so these people naturally didn't like him.

They were all top Heavenly Talents who were proud of their talents. Who was willing to submit to whom?

Of course, Han Fei didn't care what these people thought, nor did he care about their anger. If Ye Qingchan was Xia Xiaochan's reincarnation body, no matter how angry these people were, it was useless, because Xia Xiaochan was not someone they could touch.

On the top of the mountain, the two guardians looked at Han Fei angrily, but Han Fei sneered. "I advise you to shut up, or I don't mind killing you right now."

"What a braggart."

Swish ~

One slash, the ultimate slash of the Nine-Foot-Long Ring Broadsword. At close range, the rings of the broadsword vibrated, and the Sky-Cleaving Star-Cutting Knife Technique, containing the Draw Technique, unleashed its ultimate combat power and slashed at the person who spoke.

The other guardian was about to attack, but Han Fei casually clenched his fist and punched her back.

Ye Qingchan's face changed slightly. "Wait a moment."

Ye Qingchan pointed her finger, and sword Qi poured out. This sword was comparable to All Great Daos in One Sword. But Han Fei was too strong. Just because he didn't attack didn't mean that he couldn't take it.

Han Fei turned his fist into a palm and held the terrifying sword intent with one hand. He closed his palm and instantly crushed it.

"How is that possible?"

Ye Qingchan's pupils were constricted. Other people might not be able to tell, but the attack he launched just now was definitely not weak. Wang Han defeated her guardian with one hand and then took her attack without any effort. This strength far exceeded her evaluation of him.

Bang!

The guardian who scolded Han Fei was shattered, but Han Fei didn't crush her soul but simply shattered her body.

At that moment, countless people looked over. Wasn't Ye Qingchan inviting him over for a chat? Why were they fighting now?

However, most people couldn't help but smile in satisfaction when they saw them take action. It would be best if they fought. In this case, would Ye Qingchan still be interested in him?

Han Fei said indifferently, "If you two dare to say anything else, it won't be as simple as destroying your physical bodies."

Han Fei glanced at the two of them. The woman whose body had just been shattered looked awful, but she didn't dare to say anything else. She had sensed the danger of death from the slash just now.

In fact, if this person hadn't held back just now, she would have been dead.

Ye Qingchan narrowed her eyes and waved her hand. "You can go now. I'll talk to him on the top of the mountain."

On the top of the mountain, large arrays were interconnected and quickly blocked this place. Everyone here only had the strength of the Perfected Star Transformation Realm. Some arrays were impossible for Sky Openers to pry into.

Han Fei stood on the top of the mountain and looked down. "I have a few questions."

Ye Qingchan's voice was slightly cold. "Aren't you going to explain yourself? Why did you ask me questions the moment you came up?"

Han Fei turned to look at Ye Qingchan. "Some things have to be clarified before they have the value of explanation."

Ye Qingchan was also extraordinary. As the Holy Lady of the Miracle Forest and a strong master who claimed to be on par with Feng Yu, she naturally wouldn't be overwhelmed by Han Fei.

She said, "Your strength is definitely not as simple as it looks. You can be ranked in the top three of the God Roll of the Sky Opening realm, the same for the God Roll of the Dao Proving Level or the Carefree Level."

Han Fei asked, "Is the God Roll meaningful?"

Ye Qingchan took out the Yin-Yang Dual Pendant. "Do you know the significance of this jade pendant?"

Han Fei said, "Before explaining this problem, I need to know a few things. Firstly, is your soul missing?"

Ye Qingchan looked at Han Fei quietly for a while without any expression, and then said casually, "Yes."

Han Fei asked, "Since you have such a soul defect, why would you want to find a husband through a joust?"

Ye Qingchan said frankly, "Sometimes, being born in a big force, I have no choice. Joust for a Spouse is my only choice. Feng Yu has you in front of her, but I don't."

[God of Fishing](#)

Chapter 3072: Reappearance of the Assassin (4)

Thinking of the grand marriage proposing scene in Feng Yu's Family, Han Fei nodded.

Han Fei asked again, "Do you have a birthmark?"

Ye Qingchan's pupils were constricted, and her momentum slightly changed, revealing a trace of killing intent.

But this killing intent quickly disappeared. Then Ye Qingchan stared into Han Fei's eyes and said, "Did you peep at me?"

Han Fei smiled casually. "We've never met before. How can I peep at you? But if you don't mind, can I take a look?"

Ye Qingchan refused indifferently, "No."

Han Fei realized that it made sense. If the birthmark grew in a place that was not convenient to show, he couldn't just look at it by force.

Han Fei asked, "Then can you tell me what the birthmark looks like?"

This time, Ye Qingchan didn't refuse but said, "Tear drop-shaped, the color of glazed glass."

"Mermaid's Tear?"

Han Fei murmured, and Ye Qingchan asked, "What Mermaid's Tear?"

Han Fei said casually, "You've had this jade pendant since you were born, right?"

Ye Qingchan nodded. "Yes, it was born with me. I was born holding this jade pendant. Although it's only a mid-quality godly weapon, it should have extraordinary significance. So, who are you? Why was this jade pendant born with me?"

Han Fei said leisurely, "Alas! It's a long story. I hope you won't be excited."

At this moment, Han Fei no longer doubted Ye Qingchan's identity. He felt that this might be the time when his fate with Xia Xiaochan came again.

Ye Qingchan said indifferently, "I won't be excited."

Han Fei said, "First of all, I refined the Yin-Yang Dual Pendant. The purpose of refining it is to find you."

"Find me?"

Han Fei asked, "Would you believe me if I told you that you are my wife?"

"Heh!"

Ye Qingchan sneered strangely and stopped talking.

Han Fei said, "This has something to do with the missing part of your soul. Before you reincarnated, your name was Xia Xiaochan. We first met in a place called the Thug Academy..."

Buzz!

Just as Han Fei was preparing to tell their story, suddenly, the stone monument that recorded the Goddess of Night's Divine Path suddenly shone, and golden inscriptions were projected from the stone monument.

Even Han Fei was attracted by this sudden change, but he quickly discovered that the so-called golden inscription was a kind of divinity overflowing. In layman's terms, it was the runes produced by gods.

"Who? Who triggered the divinity of the Goddess of Night?"

"Divinity has manifested. Has anyone understood the divine path of the Goddess of Night?"

"No, it's not the Divine Path. It's impossible for everyone to see the Divine Path, but this is definitely the inheritance of the Goddess of Night."

The divine runes all rushed towards the peak where Han Fei and Ye Qingchan were.

Han Fei couldn't help but look at Ye Qingchan, thinking to himself, That's impossible! I was chatting with Ye Qingchan here, but I didn't see anything. He didn't even look at the stele of the Goddess of Night. This divine substance is obviously not coming for me.

But since it wasn't him, it must be Ye Qingchan. But wasn't Ye Qingchan chatting with him just now? Could it trigger an opportunity?

Ye Qingchan did feel something at this moment. A sense of affinity overwhelmed her. She couldn't help but glance at Han Fei, wondering if it was because he was with her that the divinity was triggered.

This was the divinity of the Goddess of Night, the inheritance of the gods. Ye Qingchan immediately broke through the barrier here and stepped out, trying to take this divinity.

However, just as Ye Qingchan descended from the peak and was about to receive the divinity, a strange stone on the mountain suddenly moved. In that instant, even Han Fei didn't expect such a thing to happen.

The strange stone instantly turned into a figure. It seemed to have used some special power, and its speed could reach nearly a hundred times the speed of light in an instant.

A cold light suddenly stabbed out. It was a simple slash, but it contained the power of laws. Even the Heavenly Dao Chains were suddenly extended at this moment.

Ye Qingchan didn't have time to react, but a bronze bell suddenly appeared.

At this moment, the streaks of divinity swept past Ye Qingchan and poured into the assassin's body.

Clang!

The attacker's knife was clearly not ordinary either. It actually pierced through the copper bell.

"Holy Lady, be careful."

"Not good."

"How dare you!"

Han Fei shot out immediately, and the Heavenly Dao Chains arrived in the blink of an eye. However, the black shadow was about to release the knife that stabbed into the bronze bell.

"Steal~"

Of course, Han Fei couldn't just watch Ye Qingchan be assassinated. This assassin had appeared once before and was very powerful, especially his stealth technique.

At this moment, Ye Qingchan knew that the Heavenly Dao Chains were coming at her, so she immediately dispersed her power after the attack, causing the Heavenly Chains to pause for a moment.

If she hit Ye Qingchan with this blow, even if the latter didn't die, half of her soul would be instantly annihilated.

Therefore, at this moment, Han Fei couldn't care less. He immediately used the Void Stealing Technique to steal the stabbing. At the same time, in order to cover up the Void Stealing Technique, Han Fei attacked.

In fact, there was no difference between 100 times the speed of light and 40 to 50 times the speed of light in such a short distance. Therefore, in the eyes of others, it was that Han Fei attacked, and the assassin seemed to have given up attacking in order to protect herself.

They didn't think it was a big deal, because this was how assassins attacked. They were very cautious. It wasn't worth it to sacrifice themselves to kill the enemy. Therefore, even if the assassination was successful immediately, they would stop.

But the assassin was crazier than Han Fei had imagined. She did something that Han Fei didn't expect. Under such circumstances, she chose to blow up the Nature Spiritual Treasure in her hand.

Rumble!

At this moment, there were five people at the center of the explosion: Ye Qingchan, the assassin, Han Fei, and Ye Qingchan's two guardians.

Han Fei had no time to save the guardians. At that moment, he summoned the Blade of Hope, grabbed Ye Qingchan with one hand, and tore open the timeline. The two of them instantly disappeared.

[God of Fishing](#)

Chapter 3073: The Real and Fake Xia Xiaochan (1)

In another timeline, Ye Qingchan's hair was messy, her clothes were torn, and she vomited several mouthfuls of essence blood in a row. Her soul was trembling, and she looked like she had been badly blown up.

However, this was already a very good result, because Ye Qingchan was not seriously injured. Such injuries could be healed in a year or two.

On the other hand, although Han Fei's battle suit was also broken, he was not injured. This was because in terms of physique, Han Fei was much stronger than her.

At this moment, Han Fei looked at Ye Qingchan's body. Well... Or to be exact, most of her body. He subconsciously glanced at her.

However, Han Fei didn't see any birthmarks where the battle suit was broken.

Ye Qingchan realized what was going on too. Seeing that Han Fei was staring at her, she blushed and changed into a battle suit.

"What are you looking at?"

Han Fei stroked his chin and said, "It's not like I haven't seen you before. Of course, strictly speaking, I haven't seen the current you."

Ye Qingchan looked at Han Fei angrily, but since Han Fei had saved her, she couldn't say anything.

Ye Qingchan looked around. "Where are they? Why are we alone here?"

Han Fei said leisurely, "This is another timeline. Why don't we ignore the assassin first? Let's finish talking here."

Ye Qingchan's face changed slightly. "Other times? Are you from the Time Temple?"

Han Fei smiled. "Have you ever seen anyone from the Time Temple as powerful as me?"

A strange look flashed in Ye Qingchan's eyes. "Go back and kill that assassin. However long you want to chat, I will accompany you."

Han Fei said, "Actually, as long as I want to find her, the assassin can't escape. Why are you in such a hurry?"

Ye Qingchan said, "That's my condition. Kill her, and I can agree to a requirement of you unconditionally, including marrying you."

"Huh?"

Han Fei was surprised. It seemed that Ye Qingchan wasn't assassinated unilaterally! She also wanted to kill the assassin. Obviously, there was some unknown story between her and the assassin.

However, this was not important. If Xia Xiaochan married him again, things would be much easier. Without the joust for a spouse, Xia Xiaochan's previous body would fuse with her current reincarnation body, and the child in her stomach could be born naturally.

"Okay! But you should recover first."

After a while, Ye Qingchan's injuries were completely recovered. Han Fei slashed back and tore the timeline apart, returning to the previous timeline.

After returning to the normal timeline, it was still at the moment of detonation of the Nature Spiritual Treasure.

In the face of the detonation of a Nature Spiritual Treasure that was probably not a low-quality one, even Han Fei couldn't withstand such a powerful self-detonation with his full strength.

But the moment he and Ye Qingchan appeared, they had already made full protection. The two of them each covered themselves with dozens of layers of godly weapons, divine shields, and other protective magic weapons.

Even so, both of them were blown a million kilometers away at the first moment.

"Cough, cough!"

Han Fei coughed a few times, and golden blood oozed from the corner of his mouth.

Ye Qingchan certainly wasn't any better than Han Fei. She spewed out another mouthful of essence blood, but these were just minor injuries.

As for Ye Qingchan's two guardians, they were not so lucky. Their bodies and souls were crushed, and their souls were blown up.

As for the culprit of this matter, the Southern Dippe assassin, she seemed to be fine in this terrifying explosion.

"No, this is not the explosion of a Nature Spiritual Treasure, but the exclusive skill of a Nature Spiritual Treasure."

Just like the Blood Sky Blade, this Southern Dippe Killer's knife also had a similar skill, which was to sacrifice a Nature Spiritual Treasure to kill the enemy.

Seeing that the assassination failed again, the Southern Dippe assassin took a deep look at Han Fei, who was next to Ye Qingchan, and then immediately escaped with the terrifying power of this self-detonation.

Many people had no time to react, including the Heavenly Talents on the God Roll. They couldn't resist this assassin with their limited strength.

But just when everyone felt that this assassin might really be able to escape, the void suddenly cracked, and the sound of broadsword rings kept ringing.

Han Fei, who was sent flying with Ye Qingchan, suddenly appeared in the distant void and slashed out a vast river of stars, cutting off the Southern Dippe assassin's escape route.

Just now, Han Fei entered the Void World the moment he appeared with the Twin Divine Technique. Therefore, he could completely keep up with the assassin's escape speed and successfully intercept her.

It was impossible for anyone to recognize him through the Twin Divine Technique. He could just say that the one next to Ye Qingchan was fake. There were many clone techniques like this.

The Southern Dippe assassin was shaken back by the broadsword and immediately retreated into the Void World.

Han Fei followed closely behind. It was not convenient for him to display many great techniques outside, but in the Void World, this assassin was no match for him.

However, the moment Han Fei entered the Void World, he saw the assassin run out again.

Han Fei: "..."

This was a small trick to make use of the time difference between entering and leaving the Void World. The time difference was very short, but for top experts, it was enough to widen the distance.

[God of Fishing](#)

Chapter 3074: The Real and Fake Xia Xiaochan (2)

Han Fei didn't know what to say. Assassins were cunning and versatile after all. They seemed to have mastered a lot of tricks that others wouldn't take advantage of.

This time, Han Fei didn't appear directly in the Void World but stayed in it. As long as the assassin dared to enter the Void World again, she wouldn't be able to escape.

When the Southern Dippe assassin saw that Han Fei didn't leave the Void World at all, her heart skipped a beat. It was easy to deal with visible enemies, but invisible enemies were the most terrifying. This was their creed as killers.

In the Void World, Han Fei was a fatal threat.

This meant that if she entered the Void World, she might be ambushed. If she didn't enter the Void World, the other party might suddenly attack her.

At the same time, because this place was already very far from the center of the explosion.

Zhao Longma from the Primordial Divine Academy thrust his spear.

Chen Fangcao from the Divine Demon Forest cut through the void.

At the same time, within a million kilometers, clouds gathered and it began to rain.

In addition, there were sword cultivators from the Flying Immortal Tower patrolling with a sword sea.

The strong masters of the City of Light cast light.

...

It was also because of the light cast by the City of Light that the Southern Dippe assassin finally had nowhere to hide.

Han Fei was not in a hurry to take action. He planned to wait for the killer to use all her trump cards before attacking her.

Sure enough, Zhao Longma, who attacked first, pierced through the Southern Dippe assassin with a spear. However, this didn't affect the speed of the Southern Dippe assassin, because she turned into a shadow and directly ignored physical attacks.

And this was her trump card. As soon as she used this technique, both Chen Fangcao's Divine Grass Technique and the Rain Demon's Rain Killing Technique were useless.

Han Fei couldn't help but sigh. Although he had long known that the Southern Dippe assassin was very strong and had personally experienced it, it wasn't until this moment that he knew that there was such a strong Southern Dippe assassin in the South Sea. He didn't even need to think to know that it would be a huge cost for the Southern Dippe to nurture such an assassin.

The three experts on the God Roll failed, and a strong master from the Mirage Sect in the Central Sea Divine Realm joined hands and shouted, "Dark Tide."

Immediately, with this person as the center, darkness spread out. In the darkness, the power of the Great Dao turned into threads of Dao runes that intertwined and spread.

The Southern Dippe assassin had to choose another direction to escape. She wasn't necessarily afraid of this kind of divine technique, but now she was surrounded by people, not fighting one-on-one, so she couldn't waste any time.

The expert from the Mirage Sect blocked the way, and an expert from the Grand Development Sect also took action. He threw out a Dao pattern talisman and set up layers of illusion arrays.

Ye Qingchan, as a party involved, was certainly not watching the show. She also took action. Having been ambushed before, she was caught off guard. Now she took the initiative to attack, and a yellow-green halo enveloped this place.

"Miracle Art, Shadowless World."

This technique was quite targeted. Sure enough, the Southern Dippe assassin instantly returned to her original state.

At this moment, the Void World trembled, and Han Fei took action. Not many people could catch such a loophole in an instant, or rather, not many people could keep up with him in speed.

Even if the Southern Dippe assassin was forced to reveal herself, not everyone could kill her with a single blow.

The eighth move of the Sky-Cleaving Star-Cutting Knife, Blood Knife Sky Breaking.

Looking around, Han Fei certainly couldn't reveal his real strength, but this Blood Knife Sky Breaking was the strongest single-target attack of the Sky-Cleaving Star-Cutting Knife Technique.

He had hidden the Dao of Slaughter God in this move and simulated the power of Qi and blood. It was impossible for others to see through it.

Seeing this attack, Ye Qingchan's eyes glowed. Han Fei's attack was very powerful. It was not something an ordinary expert in the Perfected Star Transformation Realm could resist!

In addition to Han Fei, Zhao Longma and the others also took action one after another.

At this moment, unless this Southern Dippe assassin had a high-quality Nature Spiritual Treasure or was as strong as Han Fei, she couldn't escape at all.

Obviously, the Southern Dippe assassin had realized this too. Therefore, at this moment, she only had one trump card left.

"Roar!"

Amidst the overwhelming techniques, a shocking dragon roar suddenly erupted from behind the Southern Dippe assassin. Under her, a big fish phantom soared into the sky. The moment it soared, it turned into an azure dragon and spewed out a smoke wave. The smoke wave was vast and the dragon roar was mournful.

"Is this your trump card?"

The power displayed by this big fish was indeed beyond the level of the Sky Opening Realm. However, this alone was not enough.

Although Han Fei didn't take these so-called experts on the God Roll seriously, these people did have the strength to fight Dao Provers although they were in the Sky Opening realm now. Furthermore, because

the power of this big fish had once again exceeded the level of the Sky Opening Realm, the Heavenly Dao Chains appeared even faster this time, as if they had long locked onto this Southern Dippe assassin.

Before the big fish could unleash its true strength, it was locked by the Heavenly Dao Chains. Clearly, this Southern Dippe assassin underestimated the rules of the God Ferrying Ancient Land and thought that she could make use of the characteristic of slow attacking of the Heavenly Dao Chain to unleash the power beyond the Sky Opening realm.

Little did she know that anyone whose realm was above the Sky Opening Realm had already been monitored by the Heavenly Dao here. Therefore, this trump card of the Southern Dippe assassin was wasted.

The big fish was crushed in an instant.

Boom Boom Boom ~

There was a series of explosions in the field, and the terrifying impact shook in all directions.

However, even with this level of bombardment, the figure of the Southern Dippe assassin still rushed out of the terrifying explosive power and directly rushed towards the illusion domain set up by the strong master of the Grand Development Sect.

God of Fishing

Chapter 3075: The Real and Fake Xia Xiaochan (3)

Zhao Longma roared, "Wang Han, what are you doing?"

Chen Fangcao asked, "Wang Han, what do you mean?"

Yu Donglu appeared and looked at Han Fei angrily.

In the field, only Ye Qingchan's pupils were constricted and she frowned slightly.

"He found it! He found it! Why? Because of the Companion Spirit?"

Yes, at the critical moment just now, Han Fei suddenly turned around and slashed at the attacks of the others. This was because he knew that fish—the Giant Arowana.

It was not uncommon for the Southern Dippe assassin to unleash her Shadow Body. Although there were not many such talent-type techniques, there were still many of them in the Sea Realm.

Besides, as an assassin, having such an ability could only mean that she was more suitable to be an assassin.

However, the Giant Arowana was different. In this world, Han Fei had never seen anyone else own a Giant Arowana except Xia Xiaochan.

Of course, this was not decisive evidence. Xia Xiaochan's former bloodline was a combination of the bloodline of the Merman Royal Family and the bloodline of the Heavenly Cicada family.

Xia Xiaochan awakened the Heavenly Cicada Talent because she inherited the talent of the An family, which was understandable. However, Xia Xiaochan's awakening of the Giant Arowana should be related to her bloodline as a descendant of a god.

Han Fei couldn't say that no one in the Sea Realm had awakened the Giant Arowana, but the Shadow Body, Giant Arowana, and Assassin... These three characteristics were too obvious.

Elders Senior Brother had said that Xia Xiaochan's reincarnation body had a missing part of her soul, and she would try to go back to find this missing part.

Putting all this together, it was very likely that Xia Xiaochan would become a Southern Dippe assassin.

Earlier, he had thought that Ye Qingchan was Xia Xiaochan, partly because of the Yin-Yang Dual Pendant, and partly because of the birthmark and the missing soul that he had just asked about. Ye Qingchan had admitted it.

That was why he helped Ye Qingchan. But the appearance of the Giant Arowana made Han Fei suspicious. There was obviously some secret between Ye Qingchan and this Southern Dippe assassin.

To verify if Ye Qingchan was really Xia Xiaochan, he simply needed to use the Vast Ocean Navigator. However, he was not allowed to take out the Vast Ocean Navigator at this moment.

At this moment, the Southern Dippe assassin had rushed into the domain of illusions set up by the Grand Development Sect. Han Fei looked at Ye Qingchan. "I have something to verify. If everything is as you say, I will bring back the corpse of this Southern Dippe assassin."

Ye Qingchan was not stupid. Han Fei had obviously guessed something. The Yin-Yang Dual Pendant could no longer prove their relationship.

And the power that Han Fei had just shown, the power to cross the timeline and suppress her guardians, was much stronger than she had imagined.

Therefore, if he really verified it, she might have a powerful enemy. It was not very likely, but inevitable.

Immediately, Ye Qingchan's face turned cold. "Everyone, I, Ye Qingchan, hereby promise that I will marry anyone who can kill Wang Han and that Southern Dippe assassin and embark on a divine path with him together."

Buzz!

Countless strong masters were in an uproar. Wasn't it said that she would find her spouse through a joust? Why did Ye Qingchan make such a promise here?

Many people were surprised. Just a moment ago, Ye Qingchan invited Wang Han to have a talk with her but now she wanted to kill him. Was there something going on here?

The only explanation was the Southern Dippe assassin.

Wang Han suddenly changed his mind and stopped helping Ye Qingchan because of the Southern Dippe assassin. Therefore, the problem was not Wang Han, but the Southern Dippe assassin. There must be some big secret on her, so Ye Qingchan had to kill her.

However, people died in the Sea Realm every day, and Heavenly Talents were no exception.

Now these two people were like turtles in a jar. How could they not be killed?

Zhao Longma said, "Holy Lady Qingchan, there are two enemies. What if different people kill them?"

Ye Qingchan said, "Then I can only choose between the two people who killed them. It's more convenient to choose between two people than among countless people. A single fight will be enough."

"Haha! Holy Lady Qingchan, I hope you keep your word."

As Ye Qingchan said, to choose between two people, only one fight was needed. But if all the Heavenly Talents gathered in the Miracle Forest, God knew how many battles they would have to fight, and there would be many changes.

Instantly, everyone was excited. Countless strong masters who had been waiting to watch the show took action one after another. Since it had nothing to do with them, they could ignore it. However, since it concerned their divine path, they would fight for it even if they had to die.

There were tens of thousands of Heavenly Talents gathered here. No one thought that these two people would have a chance to break out of this encirclement.

Han Fei looked at Ye Qingchan teasingly. "Sure enough, you were lying to me."

Ye Qingchan asked, "What can you do?"

Han Fei said, "That's a good scheme, but are you sure that you can stop me?"

Ye Qingchan clapped her hands coldly. One figure after another appeared behind her with swishes.

Ye Qingchan said, "You are not weak, but do you think I only have two guardians?"

Han Fei licked the corner of his mouth. "Interesting."

If circumstances allowed, Han Fei really wanted to take Ye Qingchan down. However, since Ye Qingchan was not Xia Xiaochan's reincarnation body, the identity of this Southern Dippe assassin was obvious.

"Hahaha... Hahaha... Hahaha..."

Han Fei laughed out loud, and the blood in his body soared. The Nine-Foot-Long Ring Broadsword disappeared into his body and he extended his hand, and the Creation Blood Sky Blade appeared in his hand.

[God of Fishing](#)

Chapter 3076: The Real and Fake Xia Xiaochan (4)

"I'd like to see how a bunch of trash can stop me!"

Han Fei charged in the direction of Xia Xiaochan's reincarnation body. Xia Xiaochan must have thought that the strong master from the Grand Development Sect was the weakest of these people besieging her, so she charged into the illusion domain without hesitation.

However, it was precisely because she had entered the realm of illusions that many people just surrounded the illusion. And the strong master of the Grand Development Sect certainly wouldn't let these people enter his realm of illusions to kill Xia Xiaochan. He still hoped to kill Xia Xiaochan alone and have the opportunity to marry Ye Qingchan and dual cultivate with her.

Even if he might not be the final winner, once there was a half chance, he could still get enough compensation from the Miracle Forest.

Therefore, the illusion domain was full of killing intent.

Han Fei, on the other hand, was besieged by many experts.

Most of the people here didn't know Han Fei very well. They only knew that Wang Han was the fiancée of Feng Yu, a bandit from the West Wilderness. He was very strong, but they didn't think they were weaker than him.

Therefore, in an instant, a myriad of techniques bombarded Han Fei. However, the encirclement of this battlefield was only so large. Even if the techniques could lock onto Han Fei, Han Fei could start killing before these techniques arrived.

Swish!

Han Fei stepped into the Void World. At the same time, at least thirty people entered the Void World.

In the Void World, Han Fei could unleash a terrifying speed that exceeded a hundred times the speed of light. Therefore, the moment the more than thirty people entered the Void World, they realized how stupid they were.

Swish!

As soon as someone entered the Void World, he saw a blood-colored broadsword beam flash past. The speed was so fast that he had no time to react. He could only summon his Soul Suppressing Spiritual Treasure.

"Puff ~"

With one slash, his soul was destroyed, and his essence blood was instantly sucked up by the Blood Sky Blade.

If some strong masters of the Ancient Demon Race were here, Wang Han's identity might have been exposed because he had used the Draw Technique.

However, since he could cover it up, he naturally had to. After all, the identity of a bandit from the West Wilderness that Feng Yu had given him was very good.

After using the Ragnarok, Han Fei's figure moved through the Void World.

Since the first person was killed, the others had already known how terrifying Han Fei was. They all put on various godly weapons, artifacts, and even spiritual treasure-level battle suits.

However, when Han Fei found the second person, although the person had fused with his Companion Spirit and activated a divine technique, after a single slash, the person was shattered along with his divine technique.

Han Fei didn't feel that he had done much yet, because the Blood Sky Blade had almost doubled his combat power.

The Blood Sky Blade was blood-red after drinking blood. Accompanied by Han Fei's killing intent, the Blood Sky Blade was abnormally agitated and trembled from time to time. This was because the Blood Sky Blade hadn't drunk blood for too long and was too excited. He didn't expect that after following this person, he could start drinking blood so quickly.

One, two, three...

With every step Han Fei took, he slashed out without any hesitation, and one person would die.

In less than a breath, eight people were killed in a row and their essence blood was sucked dry.

Seeing this, the others hurriedly rushed out of the Void World. Even so, two of them couldn't escape in time, so they were killed. One of them was killed in the Void World.

As for the other one, half of his body had already left the Void World, but he was still killed by Han Fei and his flesh was sucked dry.

In the outside world, it was not that no one could enter the Void World, but some people, such as Zhao Longma, clearly realized Han Fei's behavior of switching weapons.

At this moment, the Nine-Foot-Long Ring Broadsword that Wang Han was most proud of, which had even become his symbolic weapon, was put away. Instead, he used a blood-colored blade of unknown origin. Clearly, it was not simple.

Either this blood-colored blade was Han Fei's trump card, or the quality of this blood-colored blade was extremely high.

Therefore, when these people discovered that only more than 20 of the more than 30 people entered the Void World came out. There was also someone who was killed when half of his body stuck out. From this, it could be seen that more than ten people had died.

At that moment, the pupils of Zhao Longma and the others were constricted slightly. In just one second, Wang Han had killed ten Heavenly Talents of the same level as him. If it were them, they might have been able to do it, but it definitely wouldn't be easy.

However, not everyone realized this. As soon as Han Fei appeared, he found that many strong masters had already entered the arena.

He slashed back. The nearest axe cultivator who seemed to walk the Balance Dao was instantly killed with his axe. He didn't even have the time to counterattack.

"Hehehe! Who in the same realm can take one attack from me?"

[God of Fishing](#)

Chapter 3077: I Am Ye Chanyi, Not Xia Xiaochan (1)

"How is that possible?"

Some people were shocked. That slash was too fast and powerful, so powerful that his Dao Bone had no ability to resist at all. The Heavenly Dao Jade Marrow Bone that hadn't completely condensed was cut apart like tofu.

"The knife! There's something wrong with his knife."

Finally, a knife cultivator said in shock, "It's at least a mid-quality Nature Spiritual Treasure, or even... a high-quality one."

Boom~

Many people were in an uproar. A mid-quality Nature Spiritual Treasure was already very precious. For most Heavenly Talents, even the Heavenly Talents of some major forces in the Central Sea Divine Realm, it was difficult for them to have a mid-quality Nature Spiritual Treasure. Even if their forces had one, they wouldn't give it to them casually.

For example, the weapon used by the Patriarch of the Primordial Silver Wolf Race was only a mid-quality Nature Spiritual Treasure. From this, it could be seen how rare high-quality Nature Spiritual Treasures were.

As for ultra-quality, it hadn't appeared yet. Han Fei even suspected that there was no such thing as an ultra-quality Nature Spiritual Treasure.

Someone shouted, "Everyone, be careful. Let's overlay the power of our Great Daos and crush him. Otherwise, with the sharpness of an intermediate or high-quality Nature Spiritual Treasure, it can even cut open the Heavenly Dao Jade Marrow."

Although many of them were Monarchs, they were Monarchs outside, but here, they were only in the Perfected Star Transformation Realm. Many people thought that with the Heavenly Dao Jade Marrow Bone, they couldn't be killed. But at this moment, they were all horrified.

Han Fei sneered and resisted the urge to restore his original body. At this moment, he really wanted to use the Thousand Thunder Flash.

In such a group battle, the Thousand Thunder Flash was invincible. He could kill until these people collapsed.

However, if he returned to his original body, he may enjoy killing for a moment, but when the Central Sea Divine Continent saw him alone, a large number of strong masters would definitely come to hunt him down. At that time, he would really cause trouble for the Phoenix Divine Race.

In order to hide her identity, Feng Yu had been hiding for so long. He couldn't bear to expose her.

Therefore, Han Fei could only slash out repeatedly. Even though he was being attacked by many techniques, Han Fei's figure was still rampaging through the tens of thousands of Great Daos. In just three seconds, another thirteen people were killed by a single slash and had no chance to resist.

At that moment, Han Fei successfully entered the illusion domain.

As soon as Han Fei entered the illusion domain, the Heavenly Talent of the Grand Development Sect took out another Dao pattern talisman, and tens of thousands of lightning bolts blasted into this place.

Han Fei almost laughed when he saw the lightning.

Sure enough, the strong master from the Grand Development Sect saw that not only was Han Fei unaffected by the World Destruction Lightning, but a milky white halo suddenly burst out from the surface of his body. Mysterious incantations appeared, and the illusion here was shattered layer by layer.

The World Cleansing Divine Spell could cleanse evil spirits and destroy delusion and demons. This spell could purify the mind, dispel illusions, cleanse the soul, and alleviate negativity...

The Rain Demon Yu Donglu shook his head and shouted, "If we want to kill these two people, we might as well use the power of the Great Dao to cover the illusion domain to break the illusion and kill the powerful enemy."

The expert from the Grand Development Sect turned green. He couldn't resist the attack of so many Great Daos.

Just as he was about to take the initiative to withdraw the illusion domain, suddenly, a blood-colored broadsword beam swept past his eyes. Han Fei slashed across the air and drew his knife to break the illusion, instantly draining this person's essence blood.

As soon as the illusion domain was broken, Xia Xiaochan's reincarnation body turned into a shadow, trying to break through the defense and escape. Obviously, she didn't leave the illusion domain just now but tried to repair the injuries.

But to her surprise, the expert from the Grand Development Sect summoned so much power of lightning. Xia Xiaochan's reincarnation body, who had been seriously injured, had to abandon healing and continue to find a way to break through.

However, as soon as the illusion domain was activated, this place had already been surrounded. All kinds of divine techniques, soul killing techniques, sword cultivators, broadsword beams, and arrow streams emerged endlessly.

Besides, with so many Great Daos pressing down, Xia Xiaochan's reincarnation body turned around and tried to enter the Void World, only to find that this space was completely sealed and she couldn't enter the Void World at all.

At this moment, Xia Xiaochan's reincarnation body was like a small boat in a raging wave, but a huge wave thousands of meters high was coming at her opposite side, making her unable to fight back at all.

She was best at assassination. In terms of assassination skills, she was confident that she could kill anyone here. But in a head-on battle, facing such an attack, she was even at a loss.

Under her black clothes and mask, Ye Chanyi felt regretful. Was it impossible for her to escape this time?

Bang!

But the moment the huge wave was about to hit her, suddenly, a figure stood in front of her.

Bang! Bang! Bang!

Boom Boom Boom ~

All kinds of great techniques and divine arts bombarded Han Fei. However, he didn't dodge at all. Some of his power was swallowed by his body, and some was blocked and dispersed from his side.

Thousands of techniques failed to shake Han Fei at all.

Ye Chanyi looked at the man in front of her in a daze. He was the one who stopped her from assassinating Ye Qingchan twice, but he was also the one who stopped others from killing her twice. Was there something wrong with this man?

More importantly, this person was ridiculously strong. Under such a bombardment, he actually withstood it without being shaken at all.

"Impossible? How can he possibly withstand the bombardment of so many of us?"

"Even the Heavenly Dao Jade Marrow Bone in its complete state can't block this blow. Why can he?"

"Could it be that he avoided the attention of the Heavenly Dao here and used the strength of the Carefree Level?"

"Even if he is at the Carefree Level, he is not invincible. Even if an attack is insignificant to him, how can he deal with tens of thousands of attacks?"

[God of Fishing](#)

Chapter 3078: I Am Ye Chanyi, Not Xia Xiaochan (2)

Ye Qingchan's face changed slightly. She couldn't understand it either. Although Wang Han was very strong, how could he have resisted so many attacks alone?

Zhao Longma, Chen Fangcao, Yu Donglu, and the others all launched their strongest attacks. Wang Han's condition was obviously not right.

The overwhelming attacks were still going on, and Han Fei said casually, "Use the Haunting Shadow and attach to me."

Ye Chanyi was briefly stunned. How did he know that she had the Haunting Shadow Art?

However, she still attached herself to Han Fei immediately. Han Fei smiled casually. "I forgot to tell you that I have a Carefree-level body. There's only one way for you to kill me. You might be able to hurt me with a low-quality Nature Spiritual Treasure, penetrate me with a mid-quality Nature Spiritual Treasure, and kill me with a high-quality Nature Spiritual Treasure. Which of you wants to give it a try?"

"A Carefree-level body?"

"How can there be such a person?"

"Extreme Dao. If he is an Extreme Dao body-refiner, he might be able to have a Carefree-level body."

"A Carefree-level Extreme Dao body-refiner?"

For a moment, many people were stunned. A Carefree-level Extreme Dao body-refiner? What did that mean?

This meant that this person had reached the peak of body refinement in every realm before. And the peak of body refinement was the same as the peak of soul refinement. Even with this ability and talent, he still had to consume countless resources and take several times or even dozens of times more time than most Balance Dao experts to reach the peak of body refinement in every realm.

But now, this person said that his body was Carefree-level. When these people heard this, their minds kept ringing.

If this was true, then he would definitely be the first place on the God Roll. Furthermore, such an existence was basically invincible in a place like the God Ferrying Ancient Land.

Sure enough, many people stopped when they heard this. Although they didn't want to admit it, it was the truth. This person had indeed withstood everyone's attack. If it weren't for his Carefree-level body, how could he have resisted it?

Zhao Longma suddenly said, "Everyone, it's not impossible to kill someone with a Carefree-level body. His body can be Carefree-level, but the power he exerts needs to reach the Carefree Level too. No matter how much power he blocks, he needs to consume energy. It's impossible for him to block so many blows without using any power. Besides, his body can't exist without his spiritual will. His mind will eventually be exhausted. He can't last long in the face of such attacks."

Someone echoed, "That's right. Let's keep attacking him. Even if his body is Carefree-level, his spiritual power will eventually be exhausted."

Han Fei sneered. Sure enough, these people still didn't give up!

If it were someone else, they might have died here. This was because what Zhao Longma said was right. If it were someone else, this method might have worked. For example, when Han Fei was killing the ominous creatures in the Thunder Note Ancient Temple, he fought until his power was exhausted.

However, at this moment, the Blood Sky Blade glowed with blood light. At this moment, Han Fei was surrounded and outnumbered. The three abilities of the Blood Sky Blade were completely unleashed.

The double killing intent enhanced by the Blood Fighting Intent, the eighty percent knife intent enhanced by the Blood Drinking Effect, and the three times combat power enhanced by the Bloody Battle. In addition to the physique and speed that Han Fei had shown, he was still casual despite the bombardment of tens of thousands of techniques.

"Puff! Puff! Puff!"

This crazy slaughter lasted until Han Fei killed more than 300 people in a row. Some people gave up.

They had been attacking nonstop, and Han Fei was also attacking nonstop when resisting their attacks. Furthermore, Han Fei's pace was very irregular, killing enemies randomly and killing anyone he encountered.

Finally, someone said, "In the Sky Opening realm, this person is invincible. His spiritual will doesn't show any signs of exhaustion."

Without the excitement of wanting to kill Han Fei, many people came back to their senses. After all, no one would die in the joust. But now, they were really gambling with their lives.

Some people even realized that even if they successfully killed Wang Han and the Southern Dippe assassin, what could they do?

However, the conclusion they came up with shocked him. That was, he would be killed on the spot after Wang Han.

For others, even if you killed Wang Han and this Southern Dippe assassin and obtained the opportunity to dual cultivate with Ye Qingchan, as long as they killed you here, everything would return to its original state.

As for Han Fei, he had already figured this out, so he exclaimed that this was a good scheme.

At this moment, someone stopped and began to retreat to the back of the crowd.

Some people realized that the others were retreating, so they also stopped. Since Zhao Longma and the others made it sound so easy, they might as well wait for them to take the lead to find the enemy.

When one person retreated, ten people retreated.

When ten people retreated, a hundred retreated.

Similarly, the mood of avoiding battle spread almost instantaneously throughout the entire battlefield.

Although they were all Heavenly Talents of the major forces, after experiencing a battle of this level, they still admitted that they weren't the strongest. There were always some people in this world who were ridiculously strong.

When everyone retreated and looked back, Ye Qingchan was nowhere to be seen.

Not to mention Ye Qingchan, even people like Zhao Longma had disappeared.

"Damn it, they retreated faster than us. We're being used as pawns!"

[God of Fishing](#)

Chapter 3079: I Am Ye Chanyi, Not Xia Xiaochan (3)

"Even Holy Lady Qingchan ran away. It's obvious that she knew that Wang Han was terrifying."

"Everyone, I'll be on my way."

"Wait for me."

Some people began to evacuate, or rather, take the initiative to leave this place. They couldn't kill Wang Han at all.

At this moment, there was only a trembling void and the power of the Great Daos left. Han Fei stepped through the void step by step, and the Blood Sky Blade in his hand was blood-red and trembling.

Han Fei put away the Blood Sky Blade and said casually, "Okay, everybody is gone. I think we should have a good talk now."

A shadow broke away from Han Fei.

Ye Chanyi frowned and looked at the man in front of her warily. Just like everyone else, she couldn't believe that there was such a freakishly strong expert in this world.

At least in this God Ferrying Ancient Land, this guy was almost invincible.

"Who are you? Since you stopped me, why did you save me... Cough, cough..."

Ye Chanyi's black mask was covered with blood. After all, she was seriously injured after taking so many people's attacks.

Han Fei slightly frowned. He waved his hand, and divine light descended, bathing Ye Chanyi in it.

The latter couldn't help but widen her eyes and look at Han Fei. How many Daos had this person taken? Not only had his body reached the Carefree Level, but how could he also be good at this kind of healing technique?

Killing and healing seemed contradictory.

Han Fei took out his black jade pendant and said, "You should know this?"

Ye Chanyi's eyes widened. "The black fish jade pendant. Who are you? Where did you get this?"

Han Fei smiled. "If you want to know, come with me. After all, this is a place of fighting. Many people seem to have left, but in fact, they will peep at this place from time to time."

This time, Ye Chanyi didn't refuse, because for the first time in her life, she felt that she had a clear direction.

Half a day later, in a treasure land that had long been hollowed on the map, the two of them sat in a deep mountain valley.

Han Fei didn't speak but prepared a big pot and two rows of barbecue grills. "Do you remember?"

"???"

Ye Chanyi was confused. "Remember what?"

"Hot pot and barbecue!"

Ye Chanyi frowned. "I've never eaten such food before. Cultivators don't need to eat."

Han Fei said, "Then try it later."

Ye Chanyi asked, "Why don't you tell me now?"

Han Fei said, "Don't worry. I'm here. I'll tell you sooner or later!"

Ye Chanyi simply sat cross-legged to recover. It was an accident that the divinity of the Goddess of Night rushed into her body, but now it seemed to have really become her opportunity.

A moment later.

Ye Chanyi smelled an alluring fragrance, which seemed to have rekindled her need for food.

Ye Chanyi opened her eyes, only to see the flesh and blood of a Dragon Serpent cooking in the pot. It was lustrous and glowed with the light of law. If she wasn't mistaken, it was the flesh and blood of a pure-blooded Dragon Serpent of the Ancient Demon Race, and it was at least at the peak of the Dao Proving Level.

However, although the fragrance of the meat was really tempting, Ye Chanyi didn't intend to eat it because she still needed to hide herself and didn't want Han Fei to see her true appearance.

Han Fei chuckled. "Why not have a try? It's delicious."

Ye Chanyi asked, "Can you tell me now? Who are you exactly? Why do you have the black fish jade pendant?"

"Crunch, Crunch..."

While chewing the flesh and blood of the dragon serpent, Han Fei said with a smile, "Do you feel that a part of your soul is missing?"

Ye Chanyi suddenly looked at Han Fei, her eyes glowing. "How do you know?"

Han Fei smiled again. "Do you have a teardrop-shaped birthmark?"

Buzz!

Ye Chanyi suddenly rose and stared at Han Fei. "Who are you exactly?"

Han Fei waved at her with a smile. "Sit down. Let's talk slowly. Are you going to just listen like this? This is a rather complicated matter. Before that, I need to do a test."

Ye Chanyi sat down again and asked in confusion, "Verify what?"

This time, Han Fei took out the Vast Ocean Navigator without hesitation and recited in his heart. Then, the needle of the Vast Ocean Navigator pointed at Ye Chanyi and he grinned.

"Phew! As I expected..."

Ye Chanyi didn't know why the navigator was pointing at her.

Han Fei put away the Vast Ocean Navigator and then looked at her. "What's your name?"

Ye Chanyi didn't answer, as if she didn't intend to reveal anything.

Han Fei said, "Don't you want to find the missing part of your soul? If you do, tell me."

"Ye Chanyi."

This time, Ye Chanyi answered without hesitation.

"Chanyi? There's still a shadow of a cicada..."

Han Fei sighed and then said with a smile, "Let me tell you a story, OK? My story may be a bit long. Are you sure you don't want to eat anything?"

Ye Chanyi shook her head.

Han Fei asked, "You don't want me to see your real face, so you don't eat it? Because of the weird mask on your face, you don't think I can see through you, right?"

Ye Chanyi didn't speak, but Han Fei raised his hand and gently hooked his finger. The black mask on Ye Chanyi's face suddenly disappeared, turned into a drop of water, and gathered at Han Fei's fingertip.

Han Fei looked straight at her. Under the mask, there was a beautiful and cute face, which was 70% similar to the old Xia Xiaochan. She had white teeth, red lips, and clear eyes, but her cheeks were not as thin as before.

[God of Fishing](#)

Chapter 3080: I Am Ye Chanyi, Not Xia Xiaochan (4)

"You..."

Ye Chanyi's expression changed drastically. She hurriedly tried to recall the drop of water, but it was not very obedient. It hesitantly circled around Han Fei several times before returning to Ye Chanyi's palm.

But this time, Ye Chanyi didn't turn it into a mask. Instead, she was a little angry. "Why can you control my things?"

Han Fei deliberately kept Ye Chanyi in suspense. "Eat. If you eat with me, I'll tell you everything, including the details why I can control your things."

Ye Chanyi gritted her teeth, but she also felt that this person was too unruly. Just a moment ago, he was still slaughtering with overwhelming killing intent, but now, his killing intent was gone, and he was beaming with joy. More importantly, she found that she couldn't be angry with him at all.

Having no choice, Ye Chanyi finally moved her chopsticks. When she picked up a piece of dragon meat and bit it, she suddenly felt refreshed.

A rich fragrance filled her mouth. But what shocked her most was that for some reason, she felt that she seemed to be familiar with this smell.

However, she clearly knew that she had never eaten such a thing in her life. How could she feel a sense of familiarity?

Han Fei leaned his head close and asked, "How is it? Is it delicious?"

Ye Chanyi curled her lips slightly and said coldly, "Not bad."

"Hahaha!"

Han Fei laughed, which annoyed Ye Chanyi. "Are you going to tell me or not?"

"Yes, yes... Okay, the story begins like this... Once upon a time, there was a school called the Thug Academy..."

Ye Chanyi interrupted, "I'm not here to listen to your story."

Han Fei smiled. "Anyway, you have nothing to do now. There's still a long time before the God Ferrying Ancient Land opens. After listening to this story, you might find the missing part of your soul..."

"Okay!"

"Cough, cough! Then I'll start... There used to be a school called the Thug Academy. There were four students in this school, and one day, the fifth student came. His name was Han Fei..."

Ye Chanyi's face changed slightly. "Han Fei, the Human Emperor?"

Han Fei said, "Don't interrupt me. Don't mind this detail. Listen to the story first."

Han Fei talked very slowly, very carefully, and very long-windedly. From the fishery, to the arena, to the interesting things between the five of them, to the cave exploration in the back mountain of the school, to the level-three fishery...

"...So, the mayor of the Heavenly Desolate City, Li Huang, entrusted two treasures of the Heavenly Desolate City to the two people. These two things are two drops of Chaotic Original Water. One drop is called Infinity Water and can transform into any weapon. The other drop is called Metamorphosis Water, which can transform into any object..."

Upon hearing this, Ye Chanyi couldn't help but look at the Metamorphosis Water in her hand. She had guessed that the Xia Xiaochan in this story was her.

Hearing this, Ye Chanyi finally said, "Xia Xiaochan is my reincarnation body? So, are you saying that you are the Human Emperor?"

Han Fei said, "The story is still long. After I finish, if you still have any questions, then you can ask."

Han Fei continued to talk about the level-three fishery and the Places Unknown. Hearing the part that he was killed by Chun Huangdian and the Mermaid's Tear appeared, Ye Chanyi subconsciously lowered her head and mumbled, "Mermaid's Tear?"

Then it was about the Scattered Stars Island, the Thug Academy's counterattack and the destruction of the big clans in the Thousand Star City... Of course, Xia Xiaochan didn't participate in this part, but the story was still very exciting.

When Han Fei talked about the Raging Sea, where the two met again and were hunted by the Soul Sealing World...

Han Fei said, "...Xia Xiaochan was pregnant, but the strength of a Sea Establisher was limited after all. The Raging Sea can't support the birth of a divine child. Countless precious medicines still couldn't stop Xia Xiaochan's vitality from withering..."

Han Fei looked at Xia Xiaochan. "So, Han Fei asked his senior brother to help his wife reincarnate. In order to make it easier to find her, he refined a pair of Yin-Yang Dual Pendants... Of course, there's also a birthmark. Next..."

"I know what happened next."

Ye Chanyi's eyes were full of tears, but there was no emotion on her face.

Han Fei frowned slightly. "Yes, the Southern Dippe Assassin Organization should have a good grasp of intelligence. With your level in the organization, it must be easy for you to know what happened next."

Ye Chanyi closed her eyes slightly. "So this memory is what I've been looking for."

Ye Chanyi closed her eyes for a long time and then slowly opened them. "But I've been reincarnated after all. I'm Ye Chanyi now, not Xia Xiaochan."
