Chapter 3081: Complete Three Things, Or Hehe (1)

"It seems that you haven't awakened this part of your memory."

Han Fei told her this part of the memory. His purpose was not to talk about the memories themselves, but to awaken Ye Chanyi's missing memories. Only when her memories were restored could she relate to them.

At this moment, Ye Chanyi had only listened to the story but her memories hadn't been awakened. She only had a sense of identification with Xia Xiaochan at the level of the story. She might be touched, but she didn't have a sense of belonging.

Han Fei felt a headache coming on, and Ye Chanyi said frankly, "I'm very touched, but I'm still me. I'm Ye Chanyi."

"No, you are Ye Chanyi, but you are also Xia Xiaochan."

Han Fei said casually, "You will eventually become one with Xia Xiaochan. Otherwise, even if you know this memory, so what?"

Ye Chanyi asked, "Do reincarnation bodies have to return to their original bodies? I still have my own path to take. I have very important things to do."

Han Fei couldn't help but ask angrily, "Where is the child? Why is the child in Xia Xiaochan's stomach not your child? You should know that your soul is not complete. You just heard a story, but the story is limited. You can't accurately feel the many feelings of the person involved."

Ye Chanyi was not annoyed. "Thank you for saving me, and thank you for telling me this story. But I don't feel a sense of belonging to it. I repeat, I am Ye Chanyi, not Xia Xiaochan. I can't give birth to your child."

Han Fei gnashed his teeth in anger, but seeing Ye Qingchan so righteous and determined, he heaved a sigh in the end. No wonder Eldest Senior Brother said that it would be difficult for him to find Xia Xiaochan back. Wasn't this more than just difficult? Unless she awakened on her own, it was impossible to make it work just by telling stories!

"She is my wife. I can't be angry. I can't be angry..."

Han Fei took a few deep breaths and suddenly changed the topic. "Fine, even if you're Ye Chanyi, I did save you, didn't I?"

Ye Chanyi said, "If it weren't for you, I might have succeeded in the assassination and escaped."

Han Fei sneered. "Do you think Ye Qingchan is so easy to assassinate? Besides, I told you a story. Won't you give me anything in return?"

Ye Chanyi asked, "What do you want?"

Han Fei asked, "Tell me your story. For example, what's your relationship with Ye Qingchan? Why do you want to kill each other? How did you join the Southern Dipper? And why did Ye Qingchan want to find a spouse through a joust? These aren't big secrets, right?"

Ye Chanyi asked, "Can I go after I'm done telling you these?"

"Of course."

Ye Chanyi was relieved. "Let's start with the first question. Many people in the Miracle Forest know what my relationship with Ye Qingchan is. There is a Miracle Tree in the Miracle Forest that blooms every 129,600 years, bears fruit every 129,600 years, and ripens every 129,600 years. Every time, there are two fruits. The spiritual fruits absorb the essence of the world until they ripen, and then Ye Qingchan and I were born."

"Are you two fruits?"

Han Fei couldn't help but raise his eyebrows. "In other words, you have cultivated for 388,800 years before transforming into human form?"

Ye Chanyi said, "It's not cultivation, but natural absorption of the essence of the world. We can't cultivate before we're born."

Han Fei asked in surprise, "You didn't have intelligence when you were fruits?"

Ye Chanyi said, "I seemed to have some intelligence back then, but I don't remember."

Eldest Senior Brother must've replaced that fruit that had been growing for almost 400,000 years with Xia Xiaochan. No wonder Ye Chanyi and Ye Qingchan cultivated so fast.

Han Fei asked, "Were you very strong when you just transformed into human form?"

Ye Chanyi said, "No. We transformed into human form after transcending the Heavenly Tribulation, and at that time, we were only in the Sea Establishment realm. After we took human form, we began to cultivate with different masters. A hundred years later, we went through the Coming-of-Age Ceremony, received the baptism of the mother tree, the Miracle Tree, and opened the sky together. That was the day that everything changed. Ye Qingchan and I both saw a divine path."

"As mere Sky Openers, you could see a path of divinity?"

Han Fei was a little surprised. The Miracle Divine Tree was obviously the same type as the Primordial Star Tree. The Primordial Star Tree bloomed once every 100,000 years, bore fruit once every 100,000 years, and matured every 100,000 years to bear an Origin Ground.

However, the Primordial Star Tree hadn't become a god yet, but the Miracle Divine Tree had shown Ye Qingchan and Ye Chanyi a divine path. This ancient tree seemed to be much stronger than the Primordial Star Tree!

Han Fei asked, "Isn't it a good thing to see a Divine Path? Why do you want to kill each other?"

Ye Chanyi's eyes flickered with coldness. "Because only one of us can become a god. Besides, once either of us kills the other party, we can inherit the other party's divine path. Once one of us becomes a god in the future, she can obtain dual divinity. This is the so-called miracle."

"Dual divinity?"

Han Fei raised his eyebrows. This was the first time he had heard this.

"Divine persona should be a manifestation of a person's divinity, right? What's the meaning of double divinity?"

Ye Chanyi said, "Of course to be stronger. The Miracle Forest can stand tall in the Sea Realm because of this. In the history of the Miracle Forest, there was once a dual-divine person god who killed seven gods in a row after he had just become a god."

"One against seven?"

Han Fei slightly frowned. It sounded very strong, but there were definitely strong and weak gods. Therefore, it was hard to tell how strong the dual divinity was. However, this was enough for Ye Qingchan and Ye Chanyi to fight each other.

However, Ye Chanyi suddenly changed the topic. "This is a battle of fate. We have no choice but to fight. We were supposed to cultivate with our respective masters and then have a fight to decide who would win and who would die. But on the day we opened the sky, Ye Qingchan's master, Patriarch Heavenly Blue from the Miracle Forest, set up a trap and killed my master, hoping to end the battle before the battle of fate. My master died, but my master had another identity, a supreme-level assassin in the Southern Dipper. Therefore, I was saved by the Southern Dipper and naturally joined them."

Chapter 3082: Complete Three Things, Or Hehe (2)

How could this kind of battle concerning divine paths be fair?

Han Fei asked, "So you tried to assassinate her?"

Ye Chanyi nodded. "Yes, but it didn't work out."

Han Fei couldn't help but say, "Ye Qingchan's joust for a spouse was probably an ambush. She used it as an excuse to lure you out. She must have been fully prepared in the Miracle Forest, which is her territory."

Ye Chanyi shook her head. "No, it's not just an ambush against me. She really wants to dual cultivate with a man."

"Huh?"

Ye Chanyi narrowed her eyes and said, "Because she wants to get the third divinity."

"The third divinity? Where did the third divinity come from?"

Ye Chanyi said, "You should have heard the story of female praying mantises eating their mates, right? Dual cultivation can indeed make two people advance rapidly and take on the divine path together."

However, the purpose of taking on the divine path together is to become stronger. Therefore, even if it's me, if I dual cultivate with someone, once I become a god, I'm afraid I won't be able to control myself and will kill my husband to obtain the third divine persona. The stronger the person I dual cultivate with, the stronger my third divine persona."

"..."

Han Fei asked, "What if she can't kill her husband?"

Ye Chanyi said, "Then it will become like her and me. The difference is that if she kills the other party, she can obtain a third divine persona. If the other party kills her, he won't get anything."

"Tsk, tsk ~"

Han Fei couldn't help but click his tongue. Ye Qingchan and Ye Chanyi's path to godhood was too special, completely contrary to ethics.

Han Fei couldn't help but say, "Since you can tell me such an important secret, why don't you announce it to the world when the joust starts? That'll be exciting."

Ye Chanyi said, "So what? Even if they become enemies, that's after they become gods. Who can resist the temptation of becoming gods?"

"That's true."

Ye Chanyi said, "Because you've told me everything I want to know, I don't mind telling you these secrets. Now, I should go."

Ye Chanyi rose and was about to leave.

However, Han Fei waved his hand, put away the hot pot and barbecue, and stood in front of Ye Chanyi.

Ye Chanyi was angry. "You promised me that you would let me go."

Han Fei pretended to remember. "Oh, really? Why don't I remember? In fact, things have become very simple now. If one of you must die, it can only be Ye Qingchan. Let's go. I'll help you kill Ye Qingchan."

"No need. I can kill her myself."

Han Fei asked, "You've tried three times. When did you succeed?"

Ye Chanyi looked straight at Han Fei. "That's because of you. Otherwise, I would have succeeded twice."

Han Fei sneered. "I'm afraid you're thinking too much. You couldn't kill her twice. You could only heavily injure her. However, if you really heavily injure her, you won't be able to escape. She's using herself as bait, waiting for you to take the bait. You, alone and with a knife, do you want to die?"

Ye Chanyi said, "That's my business. I'll avenge my master myself. Besides, I'm not Xia Xiaochan now. I'm Ye Chanyi."

Buzz!

Suddenly, Ye Chanyi's own Great Dao was suppressed. She still wanted to escape, but the Great Dao here didn't listen to her.

Then, she was shackled by layers of arrays.

"What are you doing? Let go of me."

Ye Chanyi was surprised to find that her strength was being sealed bit by bit. She didn't even know when Han Fei activated the array seal.

Han Fei grinned. "Look, except for your amazing strength when it comes to assassination, you are still inexperienced in head-on combat. This means that you are used to assassination, but you haven't experienced many head-on combat trials. Therefore, once you leave your field of expertise, your strength won't be stronger than those useless people on the God Roll. However, do you know how many head-on battlefield trials Ye Qingchan has experienced over the years?"

"I'm an assassin. I can kill her as long as I have one chance."*

"Bullshit."

Smack!

Han Fei slapped Ye Chanyi's butt, and the latter's eyes widened.

"How dare you?"

Han Fei circled Ye Chanyi with a smile and stroked her waist. Ye Chanyi shivered when he touched her. She was a cold killer who killed people like flies, but she had never experienced anything like this!

"If you touch me again, I'll kill you."

However, Han Fei didn't take it seriously at all. His palm moved up Ye Chanyi's waist...

"You are shameless! If you do this again, I will definitely kill you..."

Han Fei suddenly tightened his grip and pulled Ye Chanyi into his arms. Ye Chanyi was so frightened that she closed her eyes, trembling.

Just when Ye Chanyi thought that she was doomed, Han Fei stopped moving his hands, but his voice rang in Ye Chanyi's ears, "You have quite a temper. Do you think I can't do anything to you? Look, you don't even have a decent knife now. How can you kill Ye Qingchan?"

Han Fei carried Ye Chanyi on his shoulder. "As an assassin, you shouldn't let your emotions affect you. What you need is Ye Qingchan's death, not to show people how heroic you are to assassinate her."

"Put me down."

Han Fei: "From what I know of you, you must run the moment the seal is removed."

"I'm not running. Put me down."

"Really?"

"Really."

Han Fei removed the seal. However, in an instant, hundreds of black shadows scattered. Ye Chanyi's escape technique was indeed top-notch.

God of Fishing

Chapter 3083: Complete Three Things, Or Hehe (3)

However, with a boom, a thousand lightning strikes cut through the sky.

Ten seconds later.

Han Fei continued to walk on the void with Ye Chanyi on his shoulder and said with a smile, "Look, I really know you well. For example, you're going to... ouch... bite me now..."

Han Fei felt a pain in his ribs. A certain someone's teeth were still so sharp. Now that she was stronger, her bite was also more painful.

Han Fei shook his head slightly and said, "Therefore, the reincarnation body has inherited some of the instincts of the original body to a large extent. These things are very difficult to change."

"Humph! I will definitely kill you."

"Well, if you want to kill me, you have to have a knife, right? I don't believe you have a second Nature Spiritual Treasure."

Ye Chanyi said, "If you don't believe me, you can try removing the seal."

Buzz!

After the seal was partly removed, Ye Chanyi froze for a moment and took out a dagger. Knowing that Han Fei was very strong, she stabbed him in the back.

She knew that Han Fei's body was extremely sturdy, but she didn't expect that she couldn't even break his defense at such a close distance.

Han Fei shook his head slightly. "Phew, I didn't expect you to have a Chaotic Spiritual Treasure-level dagger. However, a Chaotic Spiritual Treasure is still much weaker than a Nature Spiritual Treasure."

Feeling helpless, Ye Chanyi threatened again, "Believe it or not, I'll spread the news that you're the Human Emperor!"

Han Fei smiled disdainfully. "So what if these people in the God Ferrying Ancient Land know my identity? They can't do anything except be afraid of me and hide from me. Besides, if you really expose my identity, I'll kill anyone from the Southern Dipper I meet ... Believe me, the god in the Southern Dipper won't dare to touch me."

Ye Chanyi: "..."

Unable to escape, Ye Chanyi finally gave up. "What do you want?"

Han Fei said, "I'll take you to dual cultivation."

"Ah! Let go of me!"

Slap!

Slapping Ye Chanyi's butt again, Han Fei laughed. "However, before I dual cultivate with you, I'll take you to find a knife."

"Maniac, I have a knife."

"I'll get a high-quality Nature Spiritual Treasure for you."

"Braggart."

Han Fei suddenly stopped and put Xia Xiaochan down. "How about this? Let's make a bet. I'll help you find a high-quality Nature Spiritual Treasure, and you'll dual cultivate with me."

"Don't even think about it."

Seeing Ye Chanyi's face full of refusal and disbelief, Han Fei thought for a moment. Yes, he was talking about a high-quality Nature Spiritual Treasure. No ordinary person would believe him. So he immediately said, "I'll take you to do three things. As long as you can accomplish one of these three things, I'll let you go."

"Really?"

"Of course. But if you can't finish it, hehehe..."

"Hmph!"

Ye Chanyi thought that dual cultivation was impossible. She could only try to complete these three things first. If she couldn't... she could only run.

Half a day passed.

In a place called the Spirit Sea Stream, there were countless intertwined streams.

At this moment, a strange light was spewing out, and a low-quality Nature Spiritual Treasure appeared, causing these people to scramble for it.

Ye Chanyi was a little surprised when Han Fei and Ye Chanyi arrived. Although it was not a high-quality Nature Spiritual Treasure, it was indeed stronger than her Chaotic Spiritual Treasure.

Many people noticed Wang Han and Ye Chanyi, but they didn't take them seriously. After all, many people had come to the God Ferrying Ancient Land, and not everyone knew Wang Han.

Ye Chanyi was wondering if she should snatch the low-quality spiritual treasure, when Han Fei said, "The first thing you should do is to grab this spiritual treasure! Use this spiritual treasure to draw out the high-quality spiritual treasure... If you don't show your strength, it won't show up voluntarily. If you can get a high-quality Nature Spiritual Treasure with your own strength, you win."

Hearing this, Ye Chanyi didn't hesitate and immediately rushed out.

Although she didn't want to owe Han Fei a favor, as Han Fei said, without a Nature Spiritual Treasure, it was indeed difficult for her to assassinate Ye Qingchan. Although she was a very strong assassin in the Southern Dipper, if she wanted to obtain something, she could only hunt by herself.

But Ye Qingchan was different. The entire Miracle Forest was supporting her. If there was a chance to get a high-quality Natural Spiritual Treasure, she certainly wouldn't give it up.

On the battlefield.

However, just as Han Fei said, Ye Chanyi's combat performance was not as tough as when she was assassinating. Almost no one was her match in a one-on-one battle. However, once there were too many enemies, she was clearly restrained.

This was related to the characteristics of assassins. Many of the iron rules that assassins followed were completely impractical in head-on battles. For example, assassins couldn't press forward fearlessly.

Stealth and assassination were usual purposes of an assassin.

Of course, Ye Chanyi was stronger than these people after all, so it only took her a hundred seconds to grab the low-quality Nature Spiritual Treasure, a stiletto. However, these people were not easy to deal with. The chase of more than a hundred people almost instantly put Ye Chanyi in a passive position.

Although the Shadow Killing Technique was powerful, the others' Great Daos were not weak. Ye Chanyi could enter the Void World, and there were seven or eight people here who could enter the Void World too.

As for escaping, she couldn't. Although she didn't know how Han Fei knew that there was a high-quality Nature Spiritual Treasure here, she believed in Han Fei's judgment.

But if she didn't run, Ye Chanyi was at a complete disadvantage after only another thirty seconds.

"Everyone, seal off all her paths."

"I'll influence this place with the law of gravity. Let's compete after we solve this person."

God of Fishing

Chapter 3084: Complete Three Things, Or Hehe (4)

"Use soul attacks. Those with strong soul power, attack together."

Ye Chanyi held on for another twenty seconds or so before she was bombarded by dozens of attacks in a row.

Just as seven or eight divine techniques covered the area, a Nine-Foot-Long Ring Broadsword appeared in the air and shattered all the divine techniques.

"This person is Wang Han, a bandit from the West Wilderness. Although he is strong, there are only two of them. Let's attack together."

"If we can suppress Wang Han, the Nine-Foot-Long Ring Broadsword in his hand is definitely a treasure too."

Han Fei's voice rang in Ye Chanyi's mind. "It's a pity that you can't even solve these people in a head-on clash. Do you still think you can kill Ye Qingchan? Now I'll attract their attacks, and you'll find their attack loopholes."

Ye Chanyi gritted her teeth. Although she was reluctant, she had to cooperate with Han Fei in this battle.

Someone set up a Ten Thousand Sword Killing Array. Han Fei slashed out and broke through the ten thousand swords. While the person was shocked, he closed his hands and a soul sword shot out from his body.

But just as the soul sword slashed out, a dagger pierced him from the side.

Ye Chanyi could easily take advantage of such a loophole.

But then, Han Fei retracted the knife and launched the eighth move of the Sky-Cleaving Star-Cutting Knife, Blood Knife Sky Breaking.

As soon as this move shot out, a soul cultivator opposite him was stunned because he couldn't block it at all.

Many people were also stunned, thinking that Wang Han was so strong.

However, when their eyes fell on Han Fei's knife, six people in a row were pierced by Ye Chanyi because they were distracted for a moment.

In the next moment, Han Fei suddenly appeared in front of Ye Chanyi and assisted her in attacking.

Whenever Han Fei slashed, although he didn't directly hit the opponent's vital points, he created a slight loophole in their defense.

Puff, puff, puff!

Ye Chanyi suddenly realized that although there was only one more person, Han Fei, she was fighting too comfortably. She could almost find the opponent's flaws from the moment when Han Fei confronted them head-on.

After a while, the number of people who were pierced by Ye Chanyi actually reached a terrifying two hundred.

It was also at that moment that, all of a sudden, a drop of sand glittering with a strange brilliance floated in the air in each of the tens of thousands of streams.

Immediately, someone said in shock, "Another spiritual treasure has appeared."

Swish! Swish! Swish!

When the tens of thousands of sand particles gathered and turned into two daggers, the two daggers flew to Ye Chanyi and began to revolve around her.

For a moment, these people's expressions changed.

"The spiritual treasure has chosen its master?"

These people seemed to be tempted again, but Han Fei said indifferently, "I showed mercy just now. You have to be grateful. If you don't leave in ten seconds, kill..."

Someone was moved and sighed in his heart. These two people are too strong. If they attacked them, there was a high chance that they would be killed.

"Everyone, I'm leaving."

"There are a lot of spiritual treasures. I must be alive to take them. I'll be on my way."

"This spiritual treasure is yours."

Soon, all the hundreds of people ran away, and Ye Chanyi was communicating with the daggers.

Half a day later, Ye Chanyi suddenly opened her eyes and looked at Han Fei weirdly. "It's indeed a high-quality Nature Spiritual Treasure."

Han Fei smiled casually. "How did you feel in the previous battle?"

Ye Chanyi said, "It's because you're too strong that they keep showing flaws."

Han Fei shook his head. "No, this is cooperation, the strength of teammates. Assassins are loners. Even if it's a group of assassins, their cooperation is well-planned. They can only be strong for a while, but not for long. You are good at assassination, but poor at head-on battles. You are very strong, but not strong enough, so with your current assassination ability, it is impossible for you to assassinate Ye Qingchan. Because she is not alone."

Ye Chanyi frowned. "Now that I have a high-quality Nature Spiritual Treasure, she can't resist me."

"It's not up to you whether or not she can resist you. The second thing we're going to do now is to assassinate Ye Qingchan. This time, you still do it alone."

Chapter 3085: Outbreak of A Divine Tribulation (1)

Two days later.

This was a place called the "Dark Stone Sea" that might have been a huge lake or a sea area in the primeval era. There were jagged rocks everywhere. One of the characteristics of these rocks was that they couldn't be checked with perception. Every stone had to be refined to know if there were any treasures inside.

For ordinary people, this was actually gambling on stones, but it consumed time.

However, for ordinary itinerant cultivators, they couldn't go to dangerous places. Stone gambling was their only choice. Therefore, this dark stone sea became the most popular place for countless itinerant cultivators.

It would take at least three days to refine a stone. In the past, many people had been gambling here but couldn't obtain a single treasure until the God Ferrying Ancient Land was closed.

Some people got a spiritual treasure after refining the first stone.

A female cultivator from the Primordial Divine Academy appeared here. Behind her, two guardians followed. One of them said via voice transmission, "Holy Lady, are we really going to do this? Wang Han

has a Carefree-level body and is almost invincible in this God Ferrying Ancient Land. If he is helping Ye Chanyi, how can you take the risk of luring them out with yourself?

Yes, this female cultivator from the Primordial Divine Academy was Ye Qingchan. She said indifferently, "It's true that I didn't expect him to have a Carefree-level body. However, this isn't indestructible. Ye Chanyi is just a brainless killer. As for Wang Han... Humph, since his body is strong, I'll attack his soul."

"Stones for sale. Each of them is the best of the best, and there is a high chance that they contain spiritual treasures. Each stone only costs ten refined stars. It's outrageously cheap."

"Connate Spiritual Treasures on sale at a low price. Each of them only costs a hundred refined stars. Even if you open ten stones, you might not be able to get one. If you want to buy one, buy it quickly. Otherwise, you won't be able to get one."

"Chaotic Spiritual Treasure for sale. There is only one left, charging three divine-quality techniques, a hundred refined stars, and an ultra-quality godly weapon. In the outside world, it's simply impossible..."

Here, many strong masters set up various stalls. Of course, the quality of the items for sale was indeed excellent. Han Fei was sitting here, setting up a stall, with three Connate Spiritual Treasures in front of him, as well as seventeen or eighteen stones he randomly picked.

There was no telling who Ye Qingchan and Ye Chanyi had disguised themselves as, but they were both hiding among the crowd of itinerant cultivators.

As for the Yin-Yang Dual Pendant, it also appeared here, but it was placed in a booth. However, in this place where everyone was in the Perfected Star Transformation Realm, it was no different from junk, so no one paid attention to the Yin-Yang Dual Pendant at all.

Han Fei didn't wear his jade pendant either. Now that he had found Xia Xiaochan, the Yin-Yang Dual Pendant was meaningless. It was just a simple mid-quality godly weapon, so he gave it to Ye Chanyi.

As for how Ye Chanyi would use it, that was up to her.

...

Li Tie was in a good mood. Halfway through digging, he accidentally picked up a mid-quality godly weapon-level jade pendant. Although it was only a mid-quality godly weapon, he picked it up without any effort. Who wouldn't be happy about that?

More importantly, when he picked up this mid-quality godly weapon, he found that the jade pendant seemed to be responding to something.

"Does it have some secret?"

Li Tie was immediately refreshed and quietly refined the black fish jade pendant. Immediately afterward, he sensed an inexplicable summoning, as if something was attracting him.

After a while, he came to a market for itinerant cultivators in the Dark Stone Sea and quickly found the source of the summoning. It turned out to be a white jade pendant on a stall.

Li Tie was not stupid. He immediately put a seal on his black fish jade pendant to conceal the aura of the summoning. Then, after more than four hours, he pretended to be a passerby and walked past the shops.

"Hey, boss, why is there a mid-quality godly weapon in your booth?"

Li Tie picked up a Connate Spiritual Treasure bell from the stall and looked at it, pretending to accidentally see the white jade pendant.

The boss said, "Oh, this little fish jade pendant! I spent ten refined stars to get it from a stone. What a huge loss. Hey, do you want this bell? If you want it, I can give this little fish jade pendant to you!"

"Do you get it from a stone?"

Li Tie looked puzzled, as if thinking that if it was dug out from a stone, the value of this pair of jade pendants might be much weaker. But if it was picked up, this jade pendant might be a little valuable.

Li Tie pondered for a moment. "This bell doesn't seem to have enough defense power. Do you have a better soul suppressing spiritual treasure?"

The boss shrugged. "No."

Li Tie said, "What a pity. Hey, Boss... I quite like this little fish jade pendant. Can I buy it with a refined star?"

The boss chuckled. "Okay! Bro, if you don't mind, I can surely sell it!"

While Li Tie was talking to the boss of the stall, a dark tide was surging in this place. Countless perceptions and gazes were locking onto here.

Not long after Li Tie left the stall, suddenly, a female disciple of the Primordial Divine Academy blocked his path.

Li Tie looked puzzled. "Do I know you?"

The female disciple from the Primordial Divine Academy smiled casually. "Ye Chanyi, do you think I'll just take this idiot as a test? It's possible in another place, but no matter how you disguise yourself here, you can't escape my eyes."

[God of Fishing](#)

Chapter 3086: Outbreak of the Divine Tribulation (2)

Li Tie was confused. "Miss, I don't know what you are talking about. Is this fish jade pendant yours?"

The female disciple of the Primordial Divine Academy revealed her original appearance. "The Southern Dipper's has a divine tracking secret technique. I'm not an assassin, but I know that top assassins are often the most harmless-looking person. If I'm not mistaken, within half a day, you can trace me through the seller of the jade pendant and find me. After lurking for two to three days, or even longer, you will really attack me. Although I am not a killer, I know that you will come to kill me, so from the beginning, this place has always been under my control. Every outsider is within my grasp."

Buzz!

Suddenly, the people who were setting up stalls, passing by or refining stones all put down what they were doing and unleashed their strength.

Of course, there were also a hundred people who accidentally entered this place, thinking that it was really a camp of itinerant cultivators.

Of course, Han Fei also stood up. He had long replaced the original vendor and completely impersonated him.

At this moment, he was watching the game with great interest.

Ye Chanyi suddenly took action, holding a high-quality Nature Spiritual Treasure. In an instant, a red line of blood spewed out of Ye Qingchan's body.

However, the moment Ye Qingchan was "killed", weird blood-colored runes appeared in all directions. In an instant, this place became a huge teleportation array.

As for the two people beside Ye Qingchan, they roared and spewed out terrifying sword beams that were above the Monarch realm.

"The Sword Concealing Technique?"

This sword was not used to attack Ye Chanyi, but to seal this place, blocking Ye Chanyi's path.

Finally, Ye Chanyi couldn't pretend anymore. She didn't expect that this camp of nearly three thousand itinerant cultivators was full of Ye Qingchan's people. She had specifically observed these people. These people came and went, lively and bustling, selling goods, gambling on stones, and buying things, without any trace of performance or staging.

She didn't expect that Ye Qingchan would set up such a big trap and use so many people to ambush her.

Buzz!

Ye Chanyi's first reaction was to flee. Her plan would no longer work.

However, before she could run, this place began to turn incorporeal.

"A teleportation array?"

Ye Chanyi was shocked. Ye Qingchan could've surrounded and killed her. Why did she set up a teleportation array?

Swish ~

When the scene changed, what appeared in front of her was a huge palm mountain.

"The Land of Lost Souls?"

Ye Chanyi's expression changed drastically. In the next moment, she felt that the blood flowing in her body had completely stopped, and her body seemed to be burdened with infinite shackles. Her soul was directly expelled from her body.

Yes, this Land of Lost Souls was a land of inheritance. It was also a very special place of inheritance in the God Ferrying Ancient Land besides the inheritance place of the Goddess of Night. In this place, one's body would be suppressed, and one could only comprehend the Dao with their soul.

There was only one way to leave here, and that was to return to the body. This place was called the Land of Lost Souls, and it was the land of inheritance. To return the soul to the body, one had to withstand great pressure, and it would take at least about six hours.

Even Han Fei felt that his body was heavy and his soul was forced to leave his body. His control technique immediately failed.

However, Han Fei slashed back and killed the expert controlled by him with his soul.

Ye Qingchan's figure appeared in the sky. "I've been waiting for you for a long time. Wang Han, I have to admire your concealment technique. How can you control my people without being noticed when all my people are here?"

Han Fei laughed. "You flatter me."

"Hmph!"

Ye Qingchan snorted coldly. "You've got a Carefree-level body? Let's see what you can do now."

Han Fei shrugged slightly and looked at Ye Chanyi. "As I said, assassins have limitations. You've experienced too few head-on battles. For example, do you think you can still escape now?"

Ye Chanyi gritted her teeth. In a short period of time, repeated assassinations were indeed not in line with the assassins' rules. However, she felt that her combat power was enough after obtaining a high-quality Nature Spiritual Treasure. She didn't expect the other party to put so many people here to ambush her.

More importantly, Ye Qingchan and hundreds of other experts seemed to have been waiting here and had taken their bodies back.

Ye Chanyi said, "You can think of a way to leave on your own! I know you can do it."

Han Fei shook his head with a smile. "That's the second thing. Unfortunately, you still failed."

After that, Han Fei stepped in the air and looked at Ye Qingchan. "And you, in fact, you also fail. Why do you think I can't deal with you?"

Han Fei took a step forward and the Blood Sky Blade appeared in his hand. With a backhand slash in the void, under the Ragnarok, the soul body of a strong master was directly minced.

Ye Qingchan's face changed greatly. How could he still have such strong soul power when his body was so sturdy? Soul power should be Wang Han's weakness. How could it be?

Ye Qingchan said, "Everyone, don't hold back. Use all your secret techniques and kill Ye Chanyi's soul first."

Ye Qingchan didn't choose to do it herself, nor did she ask these people to attack Han Fei immediately. This was because she knew that as long as she attacked Ye Chanyi, she could restrain Han Fei. Even if Han Fei had other means, he wouldn't be a threat to her.

Chapter 3087: Outbreak of the Divine Tribulation (3)

Although Ye Qingchan was very strong herself, she was more cautious. After all, killing Ye Chanyi was the most important thing in her life.

However, things never went as planned.

However, Ye Qingchan didn't know Han Fei well, so her thoughts were the same as most people's. If your physique was strong, your soul was definitely your weakness.

However, when Han Fei attacked, she found that her thinking was too simple. There were nearly 3,000 people attacking the two of them with soul techniques. Logically speaking, it was impossible for them to be defeated.

However, Han Fei took out the Mystic Martial Monarch Armor and performed the Turtle Shell Sky Sealing Technique. He said, "Look, I know an outstanding assassin who is also good at soul killing techniques. However, you can't possibly have a way to deal with so many people, even if you have a high-quality Nature Spiritual Treasure. So, just stay here."

Ye Chanyi asked, "What are you going to do?"

Han Fei chuckled and didn't answer. He turned around and stepped into the range of the Turtle Shell Heaven Sealing Array.

"Kill him."

This was the first time Ye Qingchan had encountered such a difficult enemy. How could such a person appear in this world? His body was at the Carefree Level, and his soul was also extremely powerful. How could such a situation happen?

In the soul attack, the overwhelming techniques were all blocked a hundred meters away from Han Fei. Han Fei summoned the Blood Sky Blade and looked at Ye Qingchan. "Who gave you the illusion that you can kill me?"

Han Fei said casually, "Go. These bodies are all yours."

Buzz!

Swish ~

The Blood Sky Blade kept humming. He was exciting, too exciting. This guy was very murderous. He liked it very much. Although he couldn't kill so many strong masters with their souls, the essence of their flesh and blood made him experience a long-lost pleasure. If Han Fei could kill so many strong masters every day, he even felt that he could go further, break free from the shackles of a high-quality Nature Spiritual Treasure, and enter a new realm.

"Puff! Puff! Puff!"

Those experts whose bodies were suppressed by the Blood Sky Blades couldn't move at all. As the Blood Sky Blades cut them one after another, their flesh and blood were sucked dry and they were turned into dry skin and bones.

Furthermore, they could revive even if they wanted to. For ordinary people, even if they were blown to pieces and their flesh and blood turned to dust and fog, they still existed. But for these people, their flesh and blood essence would disappear after they were killed by the Blood Sky Blade. If they wanted to revive, they could only use a huge amount of resources to rebuild their bodies.

But with the Blood Sky Blade, could they rebuild their bodies?

Instantly, the nearly 3,000 people panicked.

Someone shouted, "Not good! This is a high-quality Nature Spiritual Treasure. If we don't kill this person, we will all die."

Someone was horrified. "We can only kill him by killing his soul."

Faced with the soul killing techniques of so many strong masters, Han Fei's Ten Thousand Law Sky Travelling Technique naturally had room to play, allowing him to move through space and transcend the laws of nature.

However, a Sky Opener couldn't transform laws, so Han Fei could only transform Daos, but the effect was still not bad.

"Puff! Puff! Puff!"

The Ragnarok was a perfect counter to soul attacks. Every time Han Fei attacked, a person died. In a moment, the souls of hundreds of people were annihilated.

Ye Qingchan's face was pale. "That's impossible. Unless he is an Extreme Dao soul refiner... Extreme Dao. Dual Extreme Dao. This person must have taken the Dual Extreme Dao. But how is it possible? How can there be Dual Extreme Dao in this world?"

An Extreme Dao cultivator's strength would far exceed that of a non-Extreme Dao cultivator. Even a singular Extreme Dao cultivator was an extremely rare monster. She had never heard of a Dual Extreme Dao cultivator.

Ye Qingchan clearly realized that if she couldn't kill such an enemy, the consequences would be dire.

"Holy Lady, this person is too powerful. We should restart the teleportation array, or we will definitely suffer heavy losses this time!"

"Holy Lady, for now, we have to find another way."

However, Ye Qingchan was unwilling to give up. It was not easy for her to set up this fatal trap. Once the God Ferrying Ancient Land trial was over, it would be even harder for her to kill them.

Ye Qingchan gritted her teeth and took out a talisman. Seeing this, many guardians around her subconsciously exclaimed, "This is a divine tribulation..."

"Holy Lady, you are crazy. Many of our strong masters are still here."

Ye Qingchan couldn't care less at this moment. She had to kill Wang Han. If she didn't kill him today, he would definitely become a future threat. Therefore, no matter what the price was, he had to die.

She shouted, "Everyone, abandon your bodies and come to me with your souls."

For a moment, those strong masters were so shocked that they could no longer attack Han Fei, fearing that they would die on the spot if they ran any slower.

The innocent people who were involved in the battle hadn't realized what was going on yet, but when they heard the word "divine tribulation", they tried their best to run to Ye Qingchan.

Ye Chanyi's face changed drastically. Having no time to hide under the protection of the Mystic Martial Monarch Armor, she rushed to Han Fei's side and shouted, "Go! This is not something you can withstand. This is a divine tribulation that no one below the Great Monarch realm can withstand."

Han Fei also stopped at this time. A divine tribulation? In a place like the God Ferrying Ancient Land, everyone's strength was suppressed to the Perfected Star Transformation Realm. No one could resist a divine tribulation. Even if his body was at the Carefree Level, he still couldn't resist it.

In fact, even the Heavenly Dao here might not care about it, because the God Ferrying Ancient Land was a place for gods to transcend tribulations to begin with.

Would the appearance of the divine tribulation be interfered with by the Heavenly Dao here? Han Fei couldn't be sure, but Ye Qingchan didn't delay at all and acted extremely decisively. With the talisman between her fingers, she immediately cast a spell. The talisman burned, and the sky changed color as thunder rumbled.

Chapter 3088: Outbreak of the Divine Tribulation (4)

"Go!"

Ye Qingchan didn't even look at Han Fei and Ye Chanyi, because she didn't dare to stay either. She couldn't resist the power of the tribulation. Anyone who touched it would die.

An array appeared under Ye Qingchan's feet, and her figure was teleported away. Even her own people had almost a hundred people who didn't have time to retreat. These people's hearts skipped a beat, and they thought it was over.

Boom!

Like a bolt of lightning, a golden dragon shadow appeared in the sky.

Seeing this scene, Ye Chanyi was a little desperate. She looked at Han Fei and sighed slightly. "I'm sorry for implicating you."

Han Fei said solemnly, "It's okay. I underestimated her."

Han Fei stretched out his hand, and another small dragon appeared. There seemed to be a hint of madness in his voice. "Divine tribulation? I have one too."

This was what Han Fei got from Luo Xiaobai to deal with the Heavenly Race's Great Monarch. He didn't expect it to be used here.

Swish!

The Blood Sky Blade returned and entered Han Fei's body.

Boom! Boom...

Boundless power descended, and there was a dazzling golden light here, so dazzling that people couldn't open their eyes. Those who didn't have the time to escape with Ye Qingchan were almost instantly crushed into nothingness by this terrifying infinite power.

In the entire Land of Lost Souls, most of the itinerant cultivators couldn't escape the misfortune of destruction. If the divine tribulation was only a tribulation, the range might be limited, only targeting one person.

However, if the divine tribulation was refined and turned into a weapon, its power and covering area was terrifying.

To put it bluntly, when the two divine tribulations collided, the entire Land of Lost Souls was enveloped. Only the Divine Spirit Stele in the Land of Lost Souls withstood the impact.

It was also because of this that the seal on the Land of Lost Souls seemed to be broken by the divine tribulation. Han Fei had a hunch and immediately pulled Ye Chanyi back to the Turtle Shell Sky Sealing Array and entered his body again.

Bang!

The terrifying power hit the Turtle Shell Sky Sealing Array, making it tremble.

Han Fei looked solemn. He wasn't sure if the Mystic Martial Monarch Armor could resist the terrifying power of the divine tribulation.

For the first time, Ye Chanyi realized that the power she was so proud of was completely useless in the face of such terrifying power. It wasn't even qualified to block this divine tribulation.

Han Fei said indifferently, "Did you see that? Ye Qingchan is ruthless and decisive. This trap may have been set up not long after the God Ferrying Ancient Land opened to lure you into it. And this tribulation of the gods may be specially prepared for you. After all, even if she loses a divine tribulation, there will no longer be any obstacles for her in the Monarch realm. She can also obtain a second Divine Path and have a double divine persona. This is a good deal."

Ye Chanyi's body tightened, and she said solemnly, "You're still in the mood to lecture me?"

Han Fei said, "Otherwise, what can we do now? Run out and get ourselves killed?"

Ye Chanyi couldn't help but be shocked. This turtle shell was extraordinary. It could block a divine tribulation and was at least a Great Monarch-level treasure. Where did this guy get so many treasures? Did he have some secret treasure-hunting technique?

The Turtle Shell Sky Sealing Array didn't disappoint Han Fei. Ten seconds, a hundred seconds, all the way to more than three hundred seconds.

Crack ~

Just when Han Fei felt that he could weather through the power of the divine tribulation, a crack appeared on the Mystic Martial Monarch Armo. Han Fei and Ye Chanyi's hearts skipped a beat.

Not good. The two divine tribulations erupted too closely to the Mystic Martial Monarch Armor. Although the Mystic Martial Monarch Armor had extraordinary defense, it might not be able to withstand the impact of the two divine tribulations.

Han Fei took out the Blade of Hope and tried to cut open the timeline. However, under the cover of the divine tribulation, he couldn't cross time.

Buzz!

Activating the Six-Dao Heavenly Cicada Wings, Han Fei flapped his wings, but it was still ineffective. Neither time nor space could be touched.

He had a lot of treasures, but the Creation Jade Spirit Tower was probably the only one that could resist the divine tribulation. However, the Creation Jade Spirit Tower was only a low-quality Nature Spiritual Treasure and probably couldn't resist it.

As for the Blood Sky Blade, it was just a knife, not a defense-type Nature Spiritual Treasure, and couldn't protect them at all.

Han Fei's eyes flickered as he saw the flashing stone monument.

"That's right. The Divine Spiritual Stone is left by a god. It can withstand the power of this divine tribulation."

Han Fei immediately turned around and shouted at Ye Chanyi, "Stay here and don't move."

Ye Chanyi asked, "What are you going to do?"

Han Fei said, "I'm going to carry that stone stele back."

[God of Fishing](#)

Chapter 3089: Banging (1)

"Are you crazy? The power of the divine tribulation outside hasn't dissipated yet. If you go out, you will be crushed into powder in an instant."

Ye Chanyi certainly knew that Han Fei was very strong, but could he be stronger than the divine tribulation? Only Great Monarchs could walk out of the barrier in such a situation.

Han Fei didn't know what to do. The Mystic Martial Monarch Armor obviously couldn't resist it. He had thought of stealing Ye Qingchan's Divine Tribulation.

However, if he couldn't even steal the low-quality Nature Spiritual Treasure, the Creation Jade Spiritual Tower, back then, it was even less likely that he could steal the divine tribulation. And it was obviously

meaningless to use the Void Stealing Technique on Ye Qingchan. Such a Heavenly Talent definitely had a very strong Soul Suppressing Spiritual Treasure. Once he failed to steal it, his identity would be exposed.

However, it also reminded Han Fei that Void Fishing might no longer be enough in the Monarch realm. He didn't know if he could deduce Void Fishing again after he got the eighth vine.

As soon as Ye Chanyi shouted, Han Fei had already disappeared from the Turtle Shell Sky Sealing Array.

Buzz!

When Han Fei entered the divine tribulation, a blood mist exploded almost instantly. Ye Chanyi's face was pale. Although she didn't think of herself as Xia Xiaochan yet, at this moment, her heart skipped a beat, her face turned pale, and her mind went blank.

It wasn't until she saw that Han Fei's body emitted a dazzling golden light and he was walking against the power of the divine tribulation that she felt relieved.

"How is that possible?"

Ye Chanyi couldn't understand how Han Fei could remain unscathed under the power of the divine tribulation.

Besides, what was that bloody mist just now? Wasn't it Han Fei's?

Under the cover of the divine tribulation, Han Fei looked solemn. Fortunately, he wasn't far from the stone stele, and the invincible state of the Great Dao of Life Replacement didn't disappoint him.

Three seconds later, Han Fei arrived in front of the stone stele, exploded a cloud of blood mist again, and continued to maintain the invincible state.

In front of him, the stone stele was still, and the power of divinity was erupting. Even the divine tribulation couldn't shake it at all.

However, although it had the power of divinity, it wasn't a true god after all. It was just a passive manifestation and didn't show any hostility to Han Fei.

At this moment, because of the protection of the stone stele, the power of the divine tribulation could no longer attack Han Fei.

"Sure enough, this stele is a treasure stronger than the Mystic Martial Monarch Armor."

Han Fei couldn't help but wonder if he could take this stele out of the God Ferrying Ancient Land. If he could take it away, he would have a way to deal with a terrifying attack like the Divine Tribulation in the future.

However, when Han Fei held the stele with both hands and exerted a huge force, the divinity that escaped immediately attacked Han Fei's body.

Bang!

Another layer of blood mist exploded on the surface of Han Fei's body. Yes, the Great Dao of Life Replacement was used again. Although the stone stele had no spirituality, Han Fei still suffered a backlash from the divinity.

Roar!

Han Fei put his hands together and carried the stone stele with difficulty.

"Fortunately, this is just a stele without an owner. It's a pity that I can't connect to my Origin Star here. Otherwise, I would definitely be able to take it away."

Han Fei felt it was a pity. If these stones could be taken away, how many steles would there be in this huge God Ferrying Ancient Land? Each of them was probably equivalent to a high-quality Nature Spiritual Treasure-level defense-type treasure.

However, when Han Fei was about to carry the stone stele back, he discovered, to his shock, that his speed had been slowed a thousand times, or even ten thousand times.

Fortunately, the place Ye Qingchan chose was the place where the stone stele comprehended the Dao, so the Turtle Shell Sky Sealing Array was only thousands of kilometers away.

Ye Chanyi was dumbfounded when she saw that. Could it really be moved?

Under the impact of divinity, there was actually someone who could move the stone stele?

"Immune to both physical and soul attacks? Invincible state?"

Ye Chanyi seemed to have guessed something. She didn't believe that there was an invincible technique in this world, but she had to believe it now.

Similarly, she couldn't help but think, if a person had such an invincible state, wouldn't he be really invincible?

"No, he can only maintain his invincible state for three seconds. Every three seconds, a blood mist will erupt. He must have paid some price."

Although she didn't know what the price was, it couldn't be simple.

After more than ten minutes, Han Fei performed the Great Dao of Life Replacement 13 times in total and finally carried the divine stone stele back.

At this time, there were seven or eight cracks on the Mystic Martial Monarch Armor.

Bang!

Putting down the divine stone stele, Han Fei felt extremely relaxed.

With a thought, he immediately put away the old turtle's Mystic Martial Monarch Armor. It was a pity that it might be broken if it held on a little longer. Even now, Han Fei didn't know if the Mystic Martial Monarch Armor could withstand the attacks of the Monarch or Divine Realms.

Buzz!

The divine brilliance enveloped Han Fei and Ye Chanyi. Because Han Fei didn't move the stone stele again, the divine pressure didn't hurt them.

Han Fei took a few breaths and looked at Ye Chanyi. Seeing her eyes widen, he thought that she was shocked by him, so he said with a smile, "You see, you owe me your life again. Otherwise, do you think you can deal with this divine tribulation?"

However, Ye Chanyi pointed behind Han Fei.

"Huh?"

Han Fei suddenly felt that something was wrong. He quickly looked back, only to see three sky-connecting paths that seemed to be shrouded in fog.

[God of Fishing](#)

Chapter 3090: Banging (2)

Instantly, Han Fei's expression changed drastically. "Are these... Divine Paths?"

Yes, Han Fei was shocked. He couldn't help but think of the divine path he saw in the Thunder Note Ancient Temple. The three paths behind him seemed to be a little similar to the divine path.

Ye Chanyi said in disbelief, "Y-You've awakened three Divine Paths at once."

"You've awakened your Divine Paths just by carrying a stone stele?"

Han Fei was also shocked. One had to know that he was walking the two paths of the Human Supreme Divine Technique and the Godfiend Body. However, it was said that the Human Supreme Divine Technique would be stuck at the peak of the Great Monarch realm. Logically speaking, the divine path shouldn't appear now!

Logically speaking, he wouldn't find his Divine Path until he cultivated the Human Supreme Technique to the extreme. How could he expect that he could awaken the Divine Path now?

Han Fei couldn't help but look up along the so-called divine paths. As for the left one, when Han Fei tried to focus his eyes on it, he suddenly saw a strange light flickering in the dark chaos. His perception seemed to be pulled into the endless void. He saw a pair of eyes. In those eyes, he saw all creatures growing at a visible speed. In the starry space, a divine embryo was born...

Han Fei was immersed in an inexplicable feeling. He felt that he seemed to have turned into a divine fetus. One moment, he was a fetus, and the next moment, he was above the heavens. In the next moment, his body crossed the infinite darkness and walked onto a black river. At this point, Han Fei's vision had blurred. He seemed to feel the inexplicable sadness transmitted by the divine fetus.

Not just Han Fei, Ye Chanyi seemed to be infected by an inexplicable emotion too. She couldn't stop crying. She felt extremely sad, as if she could understand Han Fei's sadness.

At that moment, for some reason, Ye Chanyi felt that the man in front of her was so bitter, so bitter that she couldn't help but sympathize with him and wanted to comfort him.

"Puff ~"

Han Fei suddenly spewed out a mouthful of essence blood. When he woke up again, two lines of bloody tears flowed out of his eyes.

Ye Chanyi hurried forward. "What's wrong?"

Han Fei said solemnly, "Leave me alone."

At this moment, Han Fei felt extremely sad. A moment ago, he was still teasing Ye Chanyi, but at this moment, he felt that his Dao heart was a little unstable, and he even had a feeling of despair and hopelessness.

"No, this is not the right path."

Han Fei's face was twisted. He judged that this path was too bitter and exhausting. In the end, there was only sorrow.

Then, the first road on the right began to bloom. Han Fei seemed to hear a faint sound from that road. When he looked over, he felt the immersive feeling again.

However, as soon as Han Fei looked at this road, he saw nothing but blood. He saw billions of stars collapsing and all creatures dying. He could even feel that this world and this vast Sea of Stars had tried their best, but in the end, they still couldn't escape destruction.

At this moment, Ye Chanyi, who was standing behind Han Fei, stepped back because Han Fei was bursting with a strong killing intent that she had never seen before.

When she looked at Han Fei again, it was as if she was looking at a peerless demon god. She instinctively felt fear, and even her body couldn't help but tremble slightly.

At this moment, Han Fei finally saw the extreme of this path. He seemed to see something ominous. He saw infinite shadows in the Sea of Stars. He wanted to kill, kill crazily...

"Puff ~"

"Han Fei, wake up..."

Ye Chanyi seemed to sense that Han Fei was too immersed in a certain situation to extricate himself. She tried to touch Han Fei, only to be hit by the counterforce and vomit blood.

Han Fei came back to himself. When he looked again, he suddenly found that there seemed to be nothing in the world except death.

With a shudder, Han Fei's mind detached from this divine path, only feeling that his heart was beating heavily. He looked back at Ye Chanyi, only to find that she was lying on the edge of the stone stele with difficulty. Her body was drenched with blood, her face was ghastly pale, and she seemed to be out of breath.

Ye Chanyi struggled to open her mouth. "Your killing intent is too strong... Cough..."

Han Fei's face was all dark. He hurried to Ye Chanyi and stuffed three or four masses of liquid Divine Light into her mouth, and she finally recovered a little.

Ye Chanyi looked at Han Fei with a complicated expression. "Go see the last divine path. The manifestation of the divine path doesn't necessarily last long. You can't miss it."

Ye Chanyi had seen the Divine Path herself, only to find that Han Fei's Divine Path was so crazy that it made her tremble in fear.

Han Fei nodded slightly and stuffed four or five balls of liquid divine light into Ye Chanyi's mouth. "If anything happens, you can attack me and wake me up."

Han Fei didn't say anything more to Ye Chanyi, because he still felt that the second Divine Path was wrong. He had almost lost himself in the slaughter and completely fell into that Divine Path.

At this moment, there was only the divine path in the middle. When Han Fei looked at the divine path, he suddenly saw a person walking towards him.

"Me?"

Yes, Han Fei discovered, to his shock, that the person walking towards him was him. However, the self on the Divine Path was walking more and more slowly because his vitality was gradually dissipating. In the end, he couldn't walk anymore and just stood there looking at him.
