#### Chapter 3151: Immortal Slaying Knife, Original Law (3)

However, the difference was that the Heaven Enlightenment Divine Technique should only be one of the laws of life. This meant that life and death were very inclusive. They could accommodate many extremely powerful laws.

Of course, he hadn't comprehended anything about the law of death at all.

Logically speaking, if he went to two places now, he should be able to comprehend these two laws. One was the River of Origin, and the other was the River of Eternal Darkness.

However, the expert of the ancient human race had told him that it was difficult to return from the chaos, but he could go to the eternal darkness. If his understanding was correct, the River of Origin was probably not in this era at all, but in the Chaotic Era. As for the River of Eternal Darkness, it could be reached through the Sea of Eternal Darkness, which was located in the Chaotic Star Sea. It was fine for him to go there, but the senior had also said that he shouldn't go there until he completed the Law Fusion.

In other words, that senior asked him to wait until he became a Great Monarch before he tried to go to the River of Eternal Darkness.

However, this created a paradox. Intermediate Immortal-Level cultivators had to establish their original law, but only Great Monarchs could go to the River of Eternal Darkness. If the law of death could only be comprehended from the River of Eternal Darkness, no one in this world could comprehend this law.

Therefore, Han Fei thought that there must be other places where he could comprehend the Law of Life and the Law of Death.

Han Fei slowly stood up and muttered, "It seems that I have to go to the Immortal Temple after this matter is over."

...

"Yu, let's go."

Han Fei said to Zhang Xuanyu in his Origin Star. Of course, Zhang Xuanyu knew the secrets of Han Fei's Origin Star, so when Han Fei was in seclusion, he cultivated in Han Fei's Origin Star too and stayed there even longer than Han Fei.

"Huff!"

Zhang Xuanyu suddenly stood up, his body cracking. "Your Origin Star is too ridiculous. Two years in the outside world is a thousand years here. With such an exaggerated time ratio, why is your strength still at the Immortal level?"

Han Fei rolled his eyes. "If others heard what you said, they would probably want to hammer you to death. Extreme Dao is difficult to cultivate, and sometimes time is useless. As for you, your strength has improved quickly, but you haven't reached the peak of the Carefree Level yet, right?"

Zhang Xuanyu shook his head. "It's different. This is your Origin Star, not mine. If I had the ability to accelerate time, I would probably be a peak-level Great Monarch now."

"Keep bragging. How much have you drunk? Let's go. Two years have passed. Do you want to go to the West Wilderness to gain experience first?"

Zhang Xuanyu asked, "Why am I going to the West Wilderness now? I have to participate in the Holy Lady's joust."

Han Fei asked, "Do you have any background? If you participate, your senior sister might be implicated."

Zhang Xuanyu sneered. "I must watch the fun anyway."

...

In the outside world.

Han Fei and Zhang Xuanyu appeared, and Feng Yu's perception scanned them. "Have you finally come out of seclusion?"

When Feng Yu came here, she glanced at the two of them. "Your strength..."

Zhang Xuanyu said, "I got a lot of resources from him, so I stabilized my strength quickly. You guys chat first. I'm going to find my senior sister. There are some things that we shouldn't let her get involved in."

Swish!

After Zhang Xuanyu left, Feng Yu said with jealousy, "Little Junior Brother, tell me the truth. Do you have any special way to quickly cross realms?"

Han Fei was lost for words. "What special way? I just killed too many strong masters, so I stack laws very quickly. Have you forgotten the human race's war in the East Sea Divine Realm? So many Great Monarchs died. Aren't the laws surging on their Origin Stars? So it's normal for me to stack laws quickly. Besides, Senior Sister, your strength has been stabilized very quickly too!"

Feng Yu narrowed her eyes. "I can't even stabilize my realm in two years. If it weren't for the abundant resources of my race and the time-accelerating treasure place that the patriarch gave me, I'm afraid I wouldn't have stabilized my cultivation even now. There must be something wrong with you..."

Han Fei shrugged. "Senior Sister, you know that I have also mastered the law of time, so it's normal for me to speed up my cultivation."

Upon hearing this, Feng Yu immediately understood. "No wonder Zhang Xuanyu wants to cultivate in your Origin Star. It turns out that he is using your ability of time acceleration to cultivate. How many times?"

Han Fei thought that everybody would find out sooner or later that he was growing too fast, so he simply said, "A hundred times."

"How many times?"

Feng Yu immediately raised her voice several times and her eyes widened. "A\*shole Junior Brother, why didn't you tell me that you can have a hundred-time time acceleration?"

Han Fei smiled in embarrassment. "I'll definitely tell you next time. Hey, Senior Sister, is there any news from the Miracle Forest?"

Feng Yu glared at Han Fei. No wonder Han Fei always caught up with her no matter how hard she cultivated. It turned out that this guy had long mastered the method of time acceleration. Who could be faster than him?

Trying to calm herself down, Feng Yu snorted. "Although you have time acceleration, my family has already prepared more than 3,000 law scrolls for me. Little Junior Brother, watch for another hundred years."

Han Fei: "..."

After that, Feng Yu finally said in a good mood, "Three days ago, the Miracle Forest announced that their Holy Lady Ye Qingchan had unfortunately perished in the God Ferrying Ancient Land. However, the second Holy Lady has been selected. Her name is Ye Chanyi. Her strength has reached the peak of the Carefree Level, and her combat power and talent are not inferior to Ye Qingchan's. She has also embarked on a divine path. The Joust will continue and will be held in half a year. So, you still have half a year. Do you want to continue cultivating in seclusion?"

Han Fei nodded slightly. "There's no need. I can't just keep cultivating in seclusion. My strength has increased greatly on this trip to the God Ferrying Ancient Land. It's time for me to leave."

### [God of Fishing](#)

#### **Chapter 3152: Immortal Slaying Knife, Original Law (4)**

A sly gleam flashed across Feng Yu's eyes. "Okay, then let's start acting!"

Swish!

In an instant, a palm pressed on Han Fei's chest.

Bang!

The Phoenix True Fire was burning, and Han Fei was blown hundreds of thousands of kilometers away like a big star. The flames burned continuously as the true phoenix danced.

At that moment, countless eyes of the Phoenix Divine Race fell on Feng Xingliu's courtyard.

Someone was surprised. "Alas! Why are Miss Feng Yu and her fiance fighting?"

Someone was shocked. "The path of fire leads to the sky. A true phoenix spreads its wings. This is the Phoenix True Fire."

Someone was dumbfounded. "What happened? Did they quarrel?"

"Cough, cough... Senior Sister, you really did it!"

Most people of the Phoenix Divine Race didn't know Han Fei's real identity, including Feng Yu's uncles.

At this moment, only the Phoenix Patriarch, Aunt Huo, and Second Uncle were amazed, wondering which of the two disciples of the Void Temple was stronger.

The Phoenix Patriarch said, "Although we gave Yu a lot of resources, there must be a lot of things that she hasn't told us. She must still have a trump card, but we don't know what it is. Anyway, Yu is Han Fei's senior sister, so she may not be weaker than him."

Aunt Huo: "I think so too, but I don't think Yu is stronger than Han Fei. After all, Han Fei has made too many enemies. In terms of cultivation, Yu is not as good as Han Fei."

Second Uncle: "Let's see how far they can go. If Yu continues to lie low, I'm afraid she will continue to admit defeat."

On the other side.

Zhang Xuanyu said, "Senior Sister, you really can't go on this trip. Just consider it my own trial!"

His senior sister said, "I know that your strength grew very fast during your trip to the God Ferrying Ancient Land, but your strength improves too fast. You've entered the Carefree Level so shortly after you proved Dao. How can you fully consolidate your strength? You're going to participate in the joust just like this? Those people will hang you up and beat the hell out of you! I don't agree with you going alone."

Zhang Xuanyu said, "Senior Sister, I'm not really participating. My brother is in danger. I have to take a look."

His senior sister said, "I know. Human Emperor, Han Fei!"

"Huh? Senior Sister, how did you know?"

"Heh, how can I not know how many male friends you have? Besides, who else could take you around, compete for resources, even enter the mysterious place in the God Ferrying Ancient Land, and get a high-quality Nature Spiritual Treasure other than the Human Emperor?"

"Hush!"

"Senior Sister, don't expose this to others."

Zhang Xuanyu said, "Han Fei and the current Holy Lady are a couple."

"Nonsense, he is the publicly acknowledged son-in-law of the Phoenix Divine Race."

Bang!

While the two were talking, they saw a figure being blasted out of the sky. Feng Yu shouted, "Wang Han, to think that I'm so nice to you. You son of a bi\*ch, you want to participate in the Joust? I'm going to beat you to death."

Han Fei immediately shouted, "Yuyu, I love you! But the Holy Lady and I are also in love. Can't I have two wives?"

The True Phoenix Fire Burned the Sky and a phoenix claw appeared, blasting Han Fei millions of kilometers away.

Feng Yu said, "In your dreams. You can only choose one between her and me."

"Ah, well..."

Zhang Xuanyu was dumbfounded. I'm just here to talk to my senior sister, and they're already acting? But aren't your acting skills too poor?

Zhang Xuanyu's senior sister snorted coldly. "Sure enough, men are unfaithful. Your brother is just like you."

Zhang Xuanyu : "... "

...

The battle between Han Fei and Feng Yu caused an uproar in the Phoenix Divine Race.

Someone said angrily, "Ahhh! Wang Han is too much. It's already a blessing for him that Miss Feng Yu likes him. How dare he love another woman?"

Someone roared, "This guy wants to be the son-in-law of our Phoenix Divine Race? No way!"

Someone rose to the sky. "Miss Feng Yu, let me help you."

Feng Yu roared, "Get lost! Don't you know how strong you are?"

Some of Feng Yu's uncles didn't know what was going on and roared, "Damn it! If I don't kill him today, I'll write his name upside down!"

However, when they were about to attack, a big hand pressed them down.

"Second Brother, what are you doing? Wang Han, this b\*stard, how dare he bully Yu? I must not let him off!"

Someone shouted, "I have to kill him, or I won't be able to vent my hatred."

Feng Yu's second uncle glanced at them and spoke telepathically, making them all widen their eyes.

"Ah! Second Brother, are you kidding me?"

"What? Wang Han is actually..."

"Yu is also..."

"Hush... Shut up."

Second Uncle snorted. "Okay, now you know the truth. Behave yourselves and let them go! This brat just doesn't want to implicate the Phoenix Divine Race."

Feng Yu's Sixth Uncle grinned and said, "Do we need him to do that for us?"

Second Uncle glanced at him. "This means that this guy is going to do something big. Have you forgotten the battle of the Great Monarchs in the East Sea Divine Realm a few years ago?"

They immediately shut up.

"Okay! Then it's better to draw a clear line between us... Tsk, tsk. Then we'll see. I wonder which is stronger, Xiao Yu or Wang Han."

"It must be Yu! Let's go to Feng Xingliu's courtyard and get some seasonings. We'll watch them fight while we eat."

"That's a good idea."

"Let's go!"

### [God of Fishing](#)

#### **Chapter 3153: I Convict You (1)**

Outside the Phoenix Divine Race, Feng Yu and Han Fei were fighting fiercely.

Although the trip to the God Ferrying Ancient Land was over, there were still many strong masters from the various divine realms. A mere two years was not enough to digest what they had obtained from the God Ferrying Ancient Land.

On the South Sea Divine Realm's side, there were always high-quality treasures for auction in every auction, and many Heavenly Talents gathered.

Besides, everyone wanted to see the reaction of the Miracle Forest. Everyone knew that Ye Qingchan, the Holy Lady, had perished in the God Ferrying Ancient Land. However, some people knew what had happened exactly, so they were still waiting.

Sure enough, a few days ago, new news finally came from the Miracle Forest. In just two years, a new Holy Lady appeared and once again they announced to the world that the joust would officially begin half a year later.

This news shocked the entire South Sea Divine Realm.

For the strong masters, they didn't care who would be the Holy Lady. The purpose of winning the joust was to get the divine path and use the resources of the Miracle Forest to become a god.

The place where the Phoenix Divine Race was located was densely surrounded by archipelagos. Although it was not as developed as the Divine Capital Dynasty, in the South Sea Divine Realm, it was equivalent to the Divine Capital Dynasty. It was a place where various geniuses chose to stay.

The battle between Feng Yu and Han Fei naturally attracted the attention of countless people.

"Look, the Phoenix True Fire and the Heavenly Phoenix Divine Claw are so powerful... As expected of the peerless Heavenly Talent of the Phoenix Divine Race. How powerful!"

"Of course. In the past, she won first place on the Heaven Roll in the Central Sea Divine Realm. A few years ago, she defeated Yang Zhan, the fifth place on the God Roll. There's also some news that even Zhao Longma from the Primordial Divine Academy suffered a loss at her hands. Do you think she's strong?"

"Isn't the person fighting her her fiance, Wang Han? Not only does this guy have the Heavenly Talent of the Phoenix Divine Race, but he also f\*cking covets the Holy Lady of the Miracle Forest. What a jerk."

"Maybe that's powerhouses' style! But it seems that the previous Holy Lady of the Miracle Forest was killed by Wang Han and a Southern Dipper assassin, right?"

"I guess it's Wang Han who forced her to marry him. The former Holy Lady Qingchan refused, so he killed her. This suits the style of the bandits in the West Wilderness."

"However, this guy can even kill Holy Lady Qingchan. Does he still need to join in the joust?"

"Then who do you think doesn't want the resources of the Miracle Forest? No matter how strong the bandits from the West Wilderness are, how can they snatch the Miracle Forest back?"

Countless people were talking and discussing.

Bang! Bang! Bang!

At this moment, the two of them were fighting, and the sky seemed to be falling apart. The void turned into a sea of fire, and space was full of cracks.

Han Fei shouted, "Yuyu, since you're serious, I'll be serious too."

Clang!

Blood and Qi burst out, and Han Fei used the Draw Technique. There seemed to be a bloody mark in the sky, and his Immortal-level strength was fully demonstrated.

Han Fei really attacked because he found that Feng Yu was being serious. The Heavenly Phoenix Divine Claw was so sharp that an ordinary peak-level Immortal might not even be able to withstand a single claw.

This was also the signal that Feng Yu gave him. If he wanted to fight, he should fight seriously.

Bam! Bam! Bam!

On Feng Yu's body, three consecutive explosions of flames were activated, she activated her third form, and her combat power more than doubled. Han Fei was using Wang Han's identity now and was supposed to be best at using knives.

Although he didn't use the Immortal Slaying Knife, his casual slash contained dozens of saber laws. He had mastered many saber techniques and divine techniques. The raging tides in the sea, the void cracks, wind, rain, water, and fire, all turned into sabers.

Boom! Boom! Boom!

The void exploded, and the two of them swept across thousands of kilometers in the blink of an eye. Han Fei was forced to retreat step by step.

The onlookers were all shocked. They imagined that if they participated in such a battle, they would probably be instantly torn apart.

However, under such circumstances, Feng Yu snorted coldly. "Use your full strength."

"Isn't this his full strength?"

"With such power, with a raise of their hands and a step, the laws of the world are attracted. The energy here seems to have been extracted by the two of them. How strong do they want to be?"

Han Fei activated his Great Dao, and his strength soared by two times. His hand appeared in the void as he fought the Heavenly Phoenix Divine Claw in the void. For a moment, Feng Yu felt strained, and the Phoenix True Fire couldn't burn this guy.

"The fourth form."

The two of them fought again. The heavenly phoenix that blotted out the sun spewed out true phoenix flames. Han Fei tried to attract the flames with the Yang Fire Essence on the surface of his body, only to be dispersed by some mysterious law.

Han Fei activated his Origin Great Dao again, and his strength increased again. In the end, his combat power was increased by three times. He said via voice transmission, "Senior Sister, that's enough. If you continue to improve, it will arouse suspicion."

"Humph! The fifth form."

At that moment, Feng Yu's speed was so fast that even Monarchs could barely see her flashing figure.

"The fifth form. Is this the fifth form of the Nine Phoenix Transformations? As expected of the Heavenly Talent of the Phoenix Divine Race. She has grown to this stage at such a young age."

"She has reached the Immortal Level. The strength these two people have displayed is no longer at the Carefree Level. Their raises of their hands and stomps secretly conform to the laws of the heavens. They're so strong."

Clang! Clang! Clang!

Bam! Bam! Bam!

This battle spanned hundreds of millions of kilometers from south to north and from north to west. It lasted for nearly two hours without a winner.

Han Fei said, "Yuyu, I'll come back when you're no longer angry."

Buzz!

In the next moment, Han Fei stepped into the Void World and escaped without a trace.

Feng Yu stood proudly in the sky, and the bright red sky that blotted out the sun gradually returned to normal and the Phoenix True Fire returned to her body.

### [God of Fishing](#)

#### **Chapter 3154: I Convict You (2)**

Looking at the direction where Han Fei left, Feng Yu frowned. "Sure enough, this stinky Junior Brother is already so strong. He should have used 50% of his combat power just now, right?"

Feng Yu calculated in her heart. In that case, even if she were in her peak state, she would probably be no match for Han Fei!

"No, I can't just admit defeat. After this matter is over, I have to go to the phoenix nest again."

On the other side, Han Fei was rushing through the Void World.

At this moment, he was calculating in his heart. Feng Yu's fifth form is still not enough. At most, it can only shake my body. If she wants to fight me, she has to be in her sixth form. With the increase in strength of the Nine Transformation of the Heavenly Phoenix, even if she has already cultivated to the seventh form, she shouldn't be a match for me in her peak state. Unless she can improve to the eighth form or have other means?

Han Fei's lips curled. In that case, he was indeed very strong now.

However, he couldn't use Feng Yu's combat power as a basis. After all, Feng Yu had just advanced to the Immortal Level and had just stabilized her strength at most. Those senior Immortals wouldn't be weak in their peak state, so he still had to be careful. He hadn't tried it yet, but he could probably withstand a Great Monarch for at least ten seconds.

...

One day later.

In a remote corner of the South Sea Divine Realm, Han Fei walked out of the Void World. "Friend, come out! You've been following me all the way."

Swish! Swish! Swish!

One figure after another stepped out of the Void World, led by an extremely handsome man. Han Fei couldn't help but think of the humans of the Water-Wood World in the past. They were all very handsome.

"A Great Monarch? Seven Immortals... It's really beyond my expectations. I didn't know that the Miracle Forest values me so much."

The leading Great Monarch looked at Han Fei up and down and shook his head slightly. "You look mediocre. Your intermediate Immortal-level strength is not bad. However, you shouldn't participate in the battle of the Holy Lady."

In front of Han Fei, the Blood Sky Blade appeared. "There's something I don't understand. It's impossible for you not to know what happened between Ye Qingchan and Jian Wudao. Why can't Ye Chanyi and I do the same? It doesn't seem to make any sense for the Miracle Forest to target me."

However, the Great Monarch snorted. "You're quite calm. I don't feel any fear from you. You don't seem to be afraid of me. So, are you trying to get information from me?"

"Smart!"

Han Fei couldn't help but exclaim in his heart. He was indeed trying to get information from him, because he didn't quite understand. He had already shown the Miracle Forest how powerful he was by

killing Ye Qingchan. And the Holy Lady's Joust was nothing more than to find a powerful spouse for the Holy Lady. Was there anyone more suitable than him?

However, this handsome Great Monarch clearly didn't want to tell him.

Han Fei said leisurely, "Is it just you guys? If I really fight you, you might not be able to escape."

An immortal-level expert sneered. "What are you talking about? Even if you get an opportunity and quickly enter the intermediate stage of the Immortal Level, so what? No matter how fast you cultivate, you won't be our match."

The Great Monarch's voice was calm. "I'm also curious where your confidence is from. No one from the Phoenix Divine Race has followed you, and Zhan Nanye has already left. Who can help you in the South Sea Divine Realm? Forget it. Since I want you dead, it's useless to say anything else. I'm waiting to see your trump card."

The Great Monarch moved his fingers slightly and said indifferently, "Kill."

Swish! Swish! Swish!

In an instant, the seven Immortals attacked at the same time, but Han Fei stood where he was without moving. However, the momentum on his body kept rising, and his blood and Qi soared to the sky.

Everyone thought that Han Fei was using a secret method to improve his strength, including this Great Monarch. Although he was curious about Han Fei's backing, he didn't take action. Some people couldn't be judged by common sense. It wasn't unheard of for an Immortal to kill a Great Monarch. If Han Fei had a mysterious special treasure, it was entirely possible.

Buzz!

However, the seven of them joined forces and attacked in an instant. When the power was only three feet away from Han Fei, a circle of air blades surrounded him. The seven of them worked together but failed to completely shatter the air blades.

At this moment, the laws and energy in this world instantly stopped. In the next moment, three Immortal-level experts who were good at close combat instinctively wanted to retreat.

Even the Great Monarch's pupils were constricted slightly as he launched an attack.

However, it was still too slow. A saber beam cut through the three Immortal-level powerhouses in the void in an instant, so fast that they were pierced by the saber before they could react.

"So fast."

In the next second, the Great Monarch's finger almost touched Han Fei, but at the last moment, the Blood Sky Blade happened to hit him.

Clang!

Bang!

Han Fei held the handle of the saber with one hand and blocked the saber with his palm, but even so, he was still blasted back thousands of kilometers.

But this scene shocked the others. It was too fast. Wang Han's attack was shockingly fast. Furthermore, this guy took the blow of a Great Monarch head-on and only retreated a thousand kilometers? What kind of monster was this?

What no one noticed was that the Great Monarch clenched his hand into a fist, and a bloody mark on his fingertip was subtly covered.

Rumble!

Rumble!

Three times in a row, Great Dao cracks swept across almost half of the South Sea Divine Realm.

Someone was shocked. "Did Immortal-level experts die?"

### [God of Fishing](#)

#### **Chapter 3155: I Convict You (3)**

Someone was shocked. "Three Immortals died at the same time. Did a Great Monarch take action? Where did the battle break out?"

On the Phoenix Divine Race' side, Han Fei had only left for a day, but three Immortal-level experts had already died. Feng Yu shook her head slightly. As expected, only Senior Brother Lei Heng could compete with Little Junior Brother's ability to cause trouble.

However, it was unbelievable that he killed three Immortals in an instant.

"Sure enough, Little Junior Brother still has many tricks up his sleeve. It seems that I can't judge his true combat power with his performance in the previous battle!"

On the Miracle Forest's side, they also sensed the death of Immortals.

Si Hongye and Pei Bai only scanned with their perception and found that the three elders of their Miracle Forest had died.

The high priest's voice immediately sounded in their ears, "Hongye, Pei Bai, go support Qingshu..."

"Yes, High Priest."

In the Miracle Forest, on an ancient divine tree, Xia Xiaochan looked into the void and a fierce gleam flashed across her eyes, which then disappeared.

...

On Han Fei's side, the Immortal Slaying Knife reappeared and instantly killed three Immortal-level powerhouses. Han Fei wasn't surprised. He just sighed that his cultivation of the Immortal Slaying Knife wasn't thorough enough. Otherwise, he should be able to barely fight a Great Monarch.

Perhaps it was because he hadn't established his original law, so his control of laws was still lacking. In short, he couldn't show the full power of the Immortal Slaying Knife.

However, even so, the Immortal Slaying Knife was still powerful.

Great Monarch Qingshu seemed to know what Han Fei was relying on. If Han Fei could unleash such power for a long time, even ten Immortals wouldn't be enough to kill him.

In a sense, the other party's comprehension of the Knife Dao had reached the peak.

This time, he took the initiative to attack. Under the pressure of the Great Monarch, golden vines tore through the void at an unbelievable speed.

Swish! Swish! Swish!

Han Fei had entered the Immortal Level and his speed was extremely fast, but he was still in danger when faced with the overwhelming golden vines. After only three seconds, he knew that his current strength was not enough to contend with a Great Monarch-level powerhouse because he couldn't find a chance to fight a Great Monarch-level powerhouse in close combat at all. The other party's speed was also above his.

Clang!

The Immortal Slaying Knife appeared again, cutting off thousands of vines in the blink of an eye.

At this moment, an altar rose into the sky, and a curtain of fire rose to the sky.

Great Monarch Qingshu was not a fool. When he saw the ancient altar, his first reaction was not to kill Han Fei, but to destroy the altar.

However, although Han Fei couldn't defeat a Great Monarch now, the power of the Immortal Slaying Knife could temporarily protect the altar of the God of War.

"Hahaha! Han Fei, is there a big fish again?"

The fire curtain reached the sky, and a flame void instantly condensed. An axe light shot out of the void, shattering all the surrounding golden vines.

"God of War? Han Fei?"

Great Monarch Qingshu was shocked and immediately retreated.

If Wang Han was just a bandit from the West Wilderness, he wouldn't be afraid. Even if a Great Monarch of the West Wilderness came, he couldn't kill him in an instant.

However, things were different if it was the human Han Fei. This guy was very strange. He had killed more than 40 Great Monarchs in the East Sea Divine Realm. Such a battle record would make any Great Monarch wary.

Besides, the God of War summoned by Han Fei was even more terrifying. This ancient existence was a strong master who could fight a god alone. In terms of strength, even the high priest might not be his match. If he fought him, he would definitely die.

Therefore, his first reaction was to run.

He roared, "Let's go!"

However, the God of War had arrived. How could he escape?

Han Fei shouted, "Senior God of War, help me hold off this Great Monarch for a while. Just a few seconds."

Boom!

Han Fei transformed into more than 7,000 lightning marks at once, and his speed soared by a lot. How could the four Immortal-level experts have the time to escape?

The moment the Thousand Thunder Flash appeared, their ending was already decided.

In an instant, Han Fei appeared beside an Immortal-level expert and pierced him without even looking at him.

He had no time to use his Soul Suppressing Spiritual Treasure or Companion Spirit.

Even if his Soul Suppressing Spiritual Treasure appeared and the Blood Sky Blade couldn't shatter it with a single blow, the Blood Sky Blade that was enhanced with the power of the Immortal Slaying Knife wasn't something that any Soul Suppressing Spiritual Treasure could withstand.

Even the God of War was stunned. "Thousand Thunder Flash, and... Is this the Immortal Slaying Knife?"

Boom!

The lightning marks appeared again and filled the sky. After four flashes, the four Immortals were killed on the spot. Even though two of them had activated secret techniques and reached the late-stage of the Immortal Level, they still couldn't withstand a single blow of the Immortal Slaying Knife.

They had no idea that this saber was already at the peak of the Knife Dao. And Han Fei hadn't completely mastered this knife. Otherwise, he could kill these four people with one slash.

When they tried their best to block the Immortal Slaying Knife, they discovered, to their shock, that they didn't seem to be fighting a person, but contending with this world.

However, if it were the real power of the heavens and earth like a lightning tribulation, they could resist it, but this strange saber beam was completely a killing saber, with unparalleled sharpness and terrifying speed, comparable to the power of the heavens and earth.

In just three seconds, the four Immortal-level powerhouses had all died. Even the God of War was shocked by his terrifying battle record. How long had it been since they last met? In just a few years, not only had this kid entered the Immortal Level, but he had also become so terrifying.

### [God of Fishing](#)

#### **Chapter 3156: I Convict You (4)**

More importantly, he didn't know until now that this kid was the owner of the Demon Purification Pot.

"I've made a fortune."

The God of War never knew that Han Fei had the Demon Purification Pot. He had always felt that he had found a peerless genius among the pure-blood humans who could almost perfectly inherit and control the Supreme Divine Technique.

But it wasn't until this moment that he realized that there was no peerless genius without a good reason. It was just that he didn't know Han Fei well enough.

Great Monarch Qingshu was shocked. He didn't recognize the Immortal Slaying Knife. Although the Demon Purification Pot appeared 100,000 years ago, no one had obtained it. As for the specific abilities of the Demon Purification Pot, only people millions of years ago, or only the gods, knew.

Now that Han Fei had killed seven Immortals in such a short time, he knew that the Miracle Forest was in big trouble. If the high priest had known that Wang Han was the Human Emperor, she probably wouldn't have chosen to take action.

However, it was too late.

Great Monarch Qingshu unleashed his full strength. One of his arms turned into a huge golden vine, trying to resist the axe light of the God of War.

However, when he touched the power of this axe, he realized the horror of the God of War. How could he be fighting a Great Monarch? The person in front of him was simply a god. All the power of his laws was instantly suppressed, and his Life Vines that were filled with the power of laws were shattered under this axe and were unable to resist at all.

At the critical moment, Qingshu summoned a red branch, and the phantom of an ancient divine tree suddenly appeared.

The God of War laughed. "The Tree Spirit of the Miracle Forest, a demon plant, dares to fight me?"

The God of War jumped up and a million-mile tide rose at the same time like a divine axe. Seeing this, Han Fei couldn't help but click his tongue. The old man, the God of War, was ridiculously strong. He didn't even dare to think of resisting such power. One person, one axe, was like a vast ocean, making people overawed.

"Puff ~"

The countless whip marks caused by the divine tree were crushed into slag. Great Monarch Qingshu vomited blood and was sent flying, his body almost smashed. He still wanted to escape, but he suddenly felt a biting cold killing intent behind him. It was the Immortal Slaying Knife.

However, a skinny camel was still bigger than a horse. Great Monarch Qingshu pushed back, and his laws suddenly dispersed nearly 60% of the power of the Immortal Slaying Knife.

Crack~

It was too difficult to kill a Great Monarch with this slash, but a wound was left on the palm of Great Monarch Qingshu, and the wound was so deep that bones could be seen. If he hadn't dispersed most of the power of the Immortal Slaying Knife, half of his palm might have been cut off.

Yes, he, a dignified Great Monarch, was injured by an Immortal. But he couldn't care less about that. Han Fei's trump card was beyond his imagination.

In a flash, he took out a wooden shield of extraordinary quality. He was going to block the blow of the God of War, but his palm suddenly exploded and the wooden shield fell out of his hand.

Han Fei shouted, "Senior God of War, leave it to me."

The Infinity Water was only a treasure of the Chaotic Spiritual Treasure level. It was naturally weaker than a Nature Spiritual Treasure, but below the Nature Spiritual Treasure level, it was still a first-class treasure.

Although the power of self-detonation couldn't hurt a Great Monarch, it was already precious enough to stop him for a while.

"Steal."

At that moment, Han Fei activated the Void Stealing Technique, regardless of whether he would suffer a backlash.

"Pfft!"

Han Fei spewed out a mouthful of essence blood when he used the Void Stealing Technique.

But Han Fei put on a cold smile, and a black chain took advantage of this moment to roll around Great Monarch Qingshu and buckle him.

Qingshu was furious. He was only unbalanced and absent-minded for a short while, but he was tied up by an Immortal-level brat. Just as he was about to break free from the chains, he was shocked to find that his power, laws, and soul were all sealed and he couldn't use any of them.

"What is this?"

Qingshu was finally shocked. He could accept that he was defeated by the God of War, but he couldn't stand being restrained by an Immortal-level junior.

The God of War, on the other hand, had put away his axe, and his eyes were full of doubt and shock. "Boy, how many things are you hiding from me? The Demon Purification Pot, Thousand Thunder Flash... Even the Creation Divine Prison is in your hands..."

Han Fei grinned. "Senior War Monarch, calm down. This is the first time I've used the Creation Divine Prison. Let me experience it."

A black cube appeared in Han Fei's palm. If it wasn't the Creation Divine Prison, what was it?

In the next moment, the Creation Divine Prison flew to the top of Great Monarch Qingshu's head.

Han Fei roared majestically, "Convict!"

Buzz!

The Creation Divine Chain was loosened, but Qingshu was still imprisoned.

In the next moment, ancient characters appeared in the void. Han Fei took a look and thought to himself, Sure enough, it's impossible for a person who can become a Great Monarch to be innocent in his life. Even if the Creation Divine Prison convicted him, his sins wouldn't be as many as this Great Monarch, Qingshu.

Han Fei sensed the message from the Creation Divine Prison.

There were three kinds of punishments in total. Among them, the basic punishment was to be imprisoned for 5,278 years, burned by hellfire for 38 days, and whipped 606 times.

In addition to the basic punishment, there were three alternative punishments.

The first was to be burnt by hellfire for ten years.

The second was to be whipped 3,917 times by the Law Enforcement Divine Chain.

The third was to increase his prison time by 20,000 years.

Han Fei thought to himself, This Creation Divine Prison is simply cruel. It seems that the whipping of the Law Enforcement Divine Chain is the simplest, but the so-called whipping is a whipping of the same realm as Qingshu, which is the Great Monarch realm.

In other words, if he chose whipping, Qingshu would be whipped thousands of times by a strong master of the same realm. He would probably be beaten to death.

However, Han Fei didn't want to whip this guy. A Great Monarch-level powerhouse was quite useful. He didn't have any grudge with Great Monarch Qingshu, so he didn't burn him with hellfire. Otherwise, what if he self-detonated?

Han Fei's voice was majestic. "I am the guardian of the Divine Prison, Han Fei. Great Monarch Qingshu, you attacked the weak 177 times, framed others 13 times, snatched other people's bloodlines 9 times, and avoided fighting the ominous 61 times... You are a sinner. I find you guilty... You'll be imprisoned for 25,278 years, burned by hellfire for 38 days and whipped 606 times... Do you have any objections?"

Great Monarch Qingshu was horrified. How did he know about his past? However, the dignity of a Great Monarch was inviolable. He laughed in anger. "Han Fei, you brat, I'd rather be killed than be humiliated. Even if I die, I won't submit to you."

The God of War couldn't help but open his mouth. "Idiot, you're doomed."

Smack!

However, in the next moment, the Law Enforcement Divine Chain took the initiative to attack. With a bang, it whipped Great Monarch Qingshu, causing him to spew out a mouthful of blood.

Then, Han Fei received feedback from the Creation Divine Prison. Qingshu resisted punishment and despised the Divine Prison, and was deemed guilty of the higher degree, resulting in an additional penalty of 3,917 lashes.

Han Fei's eyelids twitched. Good lord, the additional penalty was terrifying! The Divine Prison directly added one of the three main punishments.

This time, he had no choice. The Creation Divine Prison had already made a choice for him.

Immediately, Han Fei snorted coldly. "Audacious evildoer, how dare you defy my authority? I hereby pronounce you guilty of the higher degree and sentence you to 3,917 lashes as an additional punishment. Resistance will not be tolerated."

Buzz!

The Creation Divine Prison smashed down, and Great Monarch Qingshu was immediately locked in Cell One.

With the help of the God of War, Han Fei finally caught a Great Monarch.

Fortunately, the God of War had used up all Qingshu's trump cards. Otherwise, it would be almost impossible for him to catch such a Great Monarch.

At this moment, the God of War was looking at Han Fei thoughtfully, as if he was reevaluating something.

"Senior, why are you looking at me like that?"

The God of War said leisurely, "How many secrets have you kept from me? The owner of the Demon Purification Pot, the guardian of the Creation Divine Prison, and the descendant of the Ancient God of Thunder Note... I haven't seen you for only a few years, but you've already advanced to the intermediate stage of the Immortal Level and completely stabilized your cultivation. Tell me honestly, are you the reincarnation of a god?"

Han Fei shrugged. "Senior God of War, can the reincarnation of a god obtain these? I don't think so. I risked my life to get these opportunities."

"Hehe! Do you think I will believe you? You can fight a Great Monarch when you're only in the intermediate stage of the Immortal Level. You always surprise me!"

Han Fei said, "It's all thanks to your Supreme Divine Technique!"

Just as the God of War was about to respond, he suddenly thought of something and his expression changed. "Oh, no! Wouldn't it be a loss for me if this Great Monarch was taken into the Creation Divine Prison?"

Han Fei pointed at the seven Immortal-level experts and said, "Senior, if you don't mind, I can give these to you."

The God of War relaxed. Seven Immortal-levels was not bad.

God of War: "Then let's talk on the altar. My clone can't stay here for long."

Han Fei hurriedly said, "Senior God of War, can I borrow these seven Immortals for a while? I'll give them to you after I absorb the power of laws in their Origin Stars. I promise I'll only absorb the laws and won't take any other resources."

The God of War was straightforward. "Okay, but be quick."

The God of War returned. Han Fei collected the corpses of the seven Immortal-level powerhouses and entered the Void World.

However, the South Sea Divine Realm was in an uproar at this moment.

Someone was shocked. "Seven Immortals died in the blink of an eye. Who did this?"

Someone looked shocked. "Or rather, who in the South Sea Divine Realm can send out seven Immortal-level powerhouses at once? It's none other than the Phoenix Divine Race, the Miracle Forest, and the Southern Dipper. Seven Immortal-level powerhouses died one after another in a short while. I'm afraid no matter which force it is, this is a big loss for it, right?"

"More importantly, the person who could kill so many Immortal-level powerhouses must be a Great Monarch. What's wrong with the Great Monarchs of the South Sea Divine Realm? Wouldn't they be giving others a chance to fight among themselves?"

"Could it be an external Immortal-level powerhouse?"

"That's unlikely. If an outsider sent so many Immortal-level experts, it must be a superpower. How dare the major factions in the South Sea Divine Realm intercept them so unscrupulously?"

"This matter will definitely have a huge impact. News about this battle will probably spread in a few days."

In the Phoenix Divine Race, the Phoenix Patriarch couldn't help but exclaim, "As expected of a disciple of the Void Temple. Seven Immortal-levels. Tsk, tsk. The Miracle Forest suffered a huge loss this time."

Aunt Huo: "Patriarch, aren't you going to take a look?"

The Phoenix Patriarch shook his head. "Han Fei has deliberately cut ties with our Phoenix Divine Race. What's there to see? It might cause misunderstandings."

Miracle Forest.

Crack~

The throne under the high priest was instantly torn apart.

"Who did this?"

She didn't believe that Han Fei had the ability. If Han Fei was alone, with Qingshu, it was impossible for the other party to successfully kill so many Immortals.

Therefore, Qingshu must have been restrained by someone.

Who was it, the Phoenix Divine Race, or the bandits of the West Wilderness?

At that moment, the high priest disappeared in the blink of an eye, leaving only the shattered throne on the ground.

...

About half an hour later, the void trembled slightly, and Si Hongye and Pei Bai appeared at the place where they were fighting. Unfortunately, the battle ended too quickly, and there was still a lot of fighting intent left.

However, all traces of the battle seemed to have been erased by unparalleled means. This wasn't the Time Temple. The Miracle Forest didn't have the ability to find the answer in such a mess.

Si Hongye asked, "Qingshu hasn't died, but where is he?"

Pei Bai said, "Thunder technique, knife intent, axe light, Qi and blood residue... Although I can't tell who it is, this style is very similar to the West Wilderness."

Si Hongye said, "I'm afraid that Wang Han's identity is not that simple. Zhan Nanye seems to help him because of his disciple, but in fact, his attitude towards him is very similar to his disciple. Is Wang Han a hidden Heavenly Talent of the other two bandit gangs?"

Pei Bai said, "It's difficult now. No matter who is behind Wang Han, we've become his enemies. Si Hongye, I know you want to kill Wang Han, but can you tell me why you want to kill Wang Han?"

"No comment."

...

Several months later.

Outside Han Fei's Origin Star, the altar rose, and the seven corpses of the Immortal Level were sacrificed by Han Fei.

In the fire curtain, the God of War's message popped up. "You've absorbed their laws so quickly?"

"With the Demon Purification Pot's help."

The God of War was speechless.

The God of War quickly changed the topic. "How's the compression of your star core going?"

Han Fei said, "I'm trying to compress it, but it's getting harder and harder."

God of War: "Your strength is improving too fast. I don't know how to teach you. But let me remind you, if one day you feel that the star core can no longer be compressed, or that the Supreme Divine Technique has reached its limit, you must suppress your cultivation and try to seal yourself. You'd better be prepared to seal yourself in advance, or you might explode and die..."

#### **Chapter 3158: Miracle Forest, Drawing a Knife in Public (2)**

Han Fei thought for a moment. In fact, there was still a long way to go to reach his limit.

At least, with his current physique, he couldn't withstand the full enhancement of his Original Great Dao. It wouldn't be too late to think about it when his physique could shoulder ten times his combat power.

However, Han Fei did have some doubts about this. He said, "Senior War God, have you ever completely fused your soul and body? Is it possible to break through the barrier of the Supreme Divine Technique by fusing your body and soul?"

The God of War instantly replied, "I don't understand what you mean. Those who walk the Extreme Dao body tempering disperse their souls in their bodies. Otherwise, a strong master in the soul path can easily kill them."

Han Fei said, "I don't mean that the soul disperses or fuses with the body. I mean that the combination of the soul and the body transforms into a brand-new power."

The God of War replied as quickly as before. "I've tried, but it doesn't work. There are only three kinds of cultivation methods in the world, Soul Dao, Balance Dao and Physique Dao. If you want to combine the soul and physique into a brand-new power, the soul will no longer be the soul, the body will no longer be the physical body, and will you still be a human? At that time, you might directly become a part of the world and disappear from this world. But since you have this idea, there must be a reason. I can give it a try."

"Is that so?"

Han Fei frowned slightly. The God of War's denial was too absolute. This was because the Godfiend Body took this path. However, he hadn't cultivated to the state of physique and soul fusion yet. He didn't know if he could reach this state only after becoming a god. He wanted to try asking the God of War if he could inspire him, but unfortunately, the God of War was clearly very ignorant in this aspect.

Han Fei said, "Okay! I'm just asking. If there's nothing else, I'll go offline first. I'm very busy."

"Wait a minute."

Han Fei asked, "Senior God of War, is there anything else?"

God of War: "You're going to send the Lava Giants to the Western Wilderness. If necessary, help me take care of the Wild Ancient Race."

Han Fei thought for a moment. "Senior God of War, are you sure you need me to take care of the Wild Ancient Race? I heard that the Wild Ancient Race is a powerful force in the West Wilderness?"

The God of War said, "It's just for show. Recently, they told me that something big is going to happen in the West Wilderness. You should know better than me how big this matter is. If it's beyond your ability, then forget it."

"Okay, I'll do what I can."

After the altar was extinguished, Han Fei rubbed his eyebrows and muttered to himself, Even the God of War knows about the turmoil in the West Wilderness? He even seemed to be hinting to me that this would not be a small matter.

...

Half a year later.

The South Sea Divine Realm was lively again. The joust of the Miracle Forest would officially start in a day. Therefore, there were many people coming and going in the Miracle Forest.

The Miracle Forest was not guarded. With so many strong masters gathered here, even if there were people with ulterior motives, they would not dare to take any action.

Otherwise, not to mention that the billions of geniuses couldn't tolerate them, the power behind them wasn't something those people could afford to offend.

Han Fei still showed as Wang Han, but this time, he didn't come with Feng Yu and the others. Instead, he came to the Miracle Forest alone and openly.

Many people who came looked hostile after seeing Han Fei.

"This guy wants to cheat on Miss Feng Yu. He has already had the Phoenix Divine Race's princess but still wants to possess the Holy Lady of the Miracle Forest."

"This lunatic still dares to come to the Miracle Forest. Isn't he afraid of being beaten to death?"

"Countless Heavenly Talents from the Sea Realm have come. How can the Miracle Forest kill this guy at this time? But I don't think they will be nice to him even if they don't attack him."

"However, this person is very strong. It's said that Feng Yu used the legendary Phoenix True Fire, and even the Nine Transformations of the Heavenly Phoenix, but still couldn't suppress him."

"This is the most infuriating part. It's a waste for him to have such a talent."

...

Along the way, Han Fei's ears were cramping.

However, he didn't take it seriously at all. On the path of cultivation, the criticisms of others were insignificant. It was fine as long as he knew what he was doing.

The moment Han Fei came to the Miracle Forest, he immediately felt the vibration of the Demon Purification Pot. The eighth vine was indeed here, which shocked him. With this vine, the Demon Purification Pot was not far from returning to its peak state.

However, the moment Han Fei stepped into the Miracle Forest, a figure appeared in front of him.

Han Fei had seen this person before. It was Si Hongye, a Great Monarch.

Han Fei said lazily, "Hey, isn't this Great Monarch Hongye from the Miracle Forest? What's up?"

Si Hongye narrowed her eyes. "Aren't you afraid that I'll kill you?"

As if hearing a joke, Han Fei laughed out loud. "Why? Is this how the Miracle Forest treats guests? You dare to kill me? Even if you do, how can you explain to others after you kill me? Your Miracle Forest organized a joust to select a husband for your Holy Lady. But are you going to rob and kill me now?"

Han Fei spoke so loudly as if he were afraid that others couldn't hear him. Although many people didn't want to hear him, his voice was so loud that they couldn't pretend they didn't hear him.

## God of Fishing

### **Chapter 3159: Miracle Forest, Drawing a Knife in Public (3)**

Si Hongye snorted and asked telepathically, "Where is Qingshu?"

Han Fei was puzzled. "Qingshu? What Qingshu?"

Si Hongye said, "Don't pretend. Since Qingshu isn't dead, he must have fallen into the hands of the person behind you. Tell me, what do you want?"

Han Fei sneered. "You're really straightforward! However, the Miracle Forest's assassination of me is very serious. Can your Miracle Forest afford the price?"

Si Hongye said, "Speak."

Han Fei put on a wicked smile. "Firstly, I want Ye Chanyi."

"Impossible!"

Han Fei said, "Hey, don't be in a hurry to refuse. I'll fight the joust in person as long as you don't tamper with it."

Si Hongye didn't answer but asked, "What else?"

Han Fei shrugged. "Let's talk about the rest after the joust! If I return Great Monarch Qingshu to you now, what if you burn the bridge after crossing it? Besides, you ambushed me and tried to kill me, but now you're talking to me so righteously. Who do you think you are?"

Si Hongye's eyes were cold. "Aren't you afraid that you won't be able to walk out of the Miracle Forest?"

Han Fei raised his head slightly. "Threatening me is not a good choice. What if I get angry and kill Qingshu? Besides, you can try to prevent me from walking out of the Miracle Forest. I dare not promise anything else, but it won't be a problem for me to kill a Great Monarch of your Miracle Forest."

"What a braggart."

Han Fei laughed. "Whatever! Don't get in my way! What's such a big deal about a Great Monarch? Qingshu couldn't even take a slap from my uncle!"

"You..."

Si Hongye's body was filled with killing intent, but Han Fei seemed to not notice it at all. He bypassed Si Hongye and leisurely walked into the Miracle Forest.

"Come back!"

The high priest's voice sounded in Si Hongye's ears.

In the depths of the Miracle Forest, the high priest frowned slightly. Wang Han must have a super force behind him that could abduct a Great Monarch without anyone knowing.

However, in the past six months, countless pieces of intelligence had gathered, but they hadn't even gathered any information about Wang Han. And the so-called Wildfire Mad Blade Gang was hiding in the

Ferocious God Valley. Even the information they got from these people was not accurate, because since the establishment of the Wildfire Mad Blade Gang, no one had seen the true face of their leader.

Wang Han, whose origin was unknown, was so powerful that he could kill seven Immortal-level experts in an instant and abduct a Great Monarch. There were very few people in the Sea Realm who could do that.

However, she couldn't find any information. Even as the high priest of the Miracle Forest, she didn't dare to attack Wang Han rashly.

...

There were three races in the Miracle Forest. One of them was the Spiritual Race, which was Xia Xiaochan's race. They owned a Miracle Tree, which gave the forest its name.

In addition to the Spiritual Race, there were also ferocious beasts and divine beasts. Previously, in the Infinite Mining Area, Li Luoluo had said that ferocious beasts were spread throughout the entire Sea Realm. The ferocious beasts in the East Sea Divine Realm were in the Infinite Mining Area, and those in the South Sea Divine Realm were in the Miracle Forest.

As for Xia Xiaochan's Spiritual Race, there were more than a hundred forest cities in the Miracle Forest that spread out in a circle. Most of the people and spectators who came to participate in the joust gathered in a welcoming city. It was said that this city was specially built to welcome guests.

When Han Fei arrived, there were many guests in the city. There were many spiritual girls in the Miracle Forest walking in this city leading teams of various sizes. At the entrance of the city gate, not only was there no one to receive Han Fei, but the guardians of the city gate, a group of Sky Openers, actually blocked Han Fei's way.

"I'm sorry, but the welcoming city has been closed."

Han Fei put on a smile. "Many people came with me today. I saw someone enter just now. Why is it closed now?"

But the Sky Openers still stood in front of Han Fei. Han Fei even saw a Dao Prover standing not far away.

The man sneered. "Mr. Wang Han, to tell you the truth, you are not welcome in the welcoming city. You're free to go!"

Han Fei touched his nose and put on a creepy smile. "Interesting! Are you targeting me? Although I don't understand, you have indeed pissed me off... Since I'm not welcome here, don't welcome me."

Swish!

In an instant, a saber beam bloomed. The Dao Prover was shocked and his heart was filled with confusion. How dare he draw his saber?

"Pfft!"

However, the power of Han Fei's saber directly crushed this person. Not only this person, but the other seven or eight Sky Openers at the city gate were also enveloped by the saber beam.

"Puff! Puff! Puff!"

Rumble!

In the blink of an eye, everyone, including the Dao Prover, had died. Great Dao cracks appeared in the sky, and countless people in the welcoming city were stunned and looked at Han Fei at the gate.

Boom!

The gate of the welcoming city was broken and collapsed.

"You b\*stard! How dare you act so brazenly in our Miracle Forest? You're simply courting death."

For a time, many Monarchs gathered and surrounded this place.

Han Fei said leisurely, "Old woman, you just sent these people to stop me? Aren't you afraid that I'll kill them all? I'm still angry."

"B\*stard, who are you cursing?"

Han Fei smiled. "Who do you think I'm cursing?"

Han Fei was not in the mood to deal with such petty provocations. If you stop me, I'll kill you. If you have the guts, come and kill me.

### God of Fishing

#### **Chapter 3160: Miracle Forest, Drawing a Knife in Public (4)**

"Humph ~"

The snort sounded like tears from the sky. It seemed that someone wanted to hurt Han Fei with spiritual power. Many people in the welcoming city were frightened by the snort.

However, Han Fei raised his head and completely took the snort. He was completely fine. With Han Fei's current soul strength and the protection of the Demon Purification Pot, even a god couldn't intimidate him with a snort, let alone a Great Monarch.

Han Fei laughed. "Is this all you Miracle Forest has got? You hold a joust to select a husband for your Holy Lady, but you refuse to let me in and even send some waste to stop me. Old woman, why don't you come in person?"

In the welcoming city, countless people looked at each other in bewilderment.

"Is this person crazy? He killed strong masters of the Spiritual Race in front of them. Even the most lawless person here has never had such thoughts."

"How rude! Do you really think the Miracle Forest dares not touch you?"

At that moment, Pei Bai and Si Hongye appeared one after another. Pei Bai even pressed his palm on Han Fei's chest.

However, Han Fei had put on such a layer of armor at some point. It was the ultra-quality Nature Spiritual Treasure that Han Fei was going to prepare for Zhang Daqian, the Chaotic Star Armor. He didn't expect to use it himself.

Han Fei was shaken back a hundred kilometers but was fine. He smiled and said, "In order to prevent me from staying here, even Great Monarchs took action. To be honest, I've never seen such petty people."

"Okay! Even Great Monarchs have come out. You two, go about your business. Since I'm not allowed to enter, I won't enter. I don't care."

Then, Han Fei turned around and was about to leave.

However, Pei Bai stood in front of Han Fei. "You killed my clansmen in the Miracle Forest. Wang Han, you brat, you still want to leave?"

Right when Pei Bai was about to take action, Han Fei flipped his hand and a green jade arrow appeared in his hand.

Pei Bai and Si Hongye were both shocked and kept a distance from Han Fei.

Han Fei grinned ferociously. "Hey, weren't you arrogant just now? Why aren't you arrogant anymore? To tell you the truth, I only have this arrow that can only kill one Great Monarch. Which of you is going to die first?"

Although the two of them didn't know the origin of the arrow in Han Fei's hand, the moment Han Fei took out this thing, they immediately felt an aura of death enveloping their hearts, forcing them to retreat.

Pei Bai asked, "Are you threatening the Miracle Forest?"

"That's right. What's wrong with threatening you? The West Wilderness is very straightforward. If you're willing to send Great Monarchs to their death, I dare to kill them."

Si Hongye asked, "Do you think you can still walk out after killing?"

Han Fei said teasingly, "Why do you care if I can go out or not? Although I don't know why you want to stop me from participating in the joust, it doesn't matter... Your Miracle Forest doesn't even have a god. What makes you think you can target me?"

"A god?"

Han Fei was quite casual when he talked about the gods. Even the high priest couldn't tell if Han Fei really had a trump card.

Seeing Pei Bai and Si Hongye's expressions, Han Fei laughed and said, "Now I know why the Miracle Forest can't dominate the South Sea Divine Realm. You're too narrow-minded..."

Han Fei snorted. "Take me to the Holy Lady, and we'll forget about this matter. Otherwise, it won't be enough to just kill a few of you."

"What a bold statement."

Buzz!

However, the God Slaying Arrow in Han Fei's hand had already flickered. He looked at the depths of the Miracle Forest. "Don't say that I don't give you a chance. Once the arrow is on the bow, a Great Monarch of your Miracle Forest will definitely die... Now, you have three seconds to consider. One, two..."

"Bring him over."

The high priest finally spoke, because when the God Slaying Arrow was aimed at the depths of the Miracle Forest, she realized that she couldn't block it.

The people from the West Wilderness were crazy. Han Fei had killed seven Immortal-level experts from the Miracle Forest and abducted Qingshu, yet he still dared to come to participate in the joust. This kind of person was no different from a lunatic. Naturally, there was nothing he dared not do.

Han Fei smiled brightly. "That's right! A wise man submits to circumstances."

Besides, only Han Fei knew that he was not pretending. As long as there were no gods in the Miracle Forest, he could escape.

Of course, he was also sure that the Miracle Forest wouldn't attack him. They just wanted to test him and find a reason to attack him. They thought that he couldn't intimidate them alone, so they were unscrupulous.

But how could they know that they had a treasure like the God Slaying Arrow?
