Chapter 3411: A Family Should Be Together (4)

In the City of Gods, Senior Brother Six God said lightly, "Fifth Senior Brother, aren't you going to help?"

"Gulp ~ Gulp ~ Ah ~"

Fifth Senior Brother took a long sip of hard liquor and said indifferently, "They have waited for this day for too long. Some hatred needs to be vented out."

Senior Brother Six God said, "I don't think Yue Lingke will mind you taking action."

Fifth Senior Brother: "..."

Han Fei killed the God Slaying-level powerhouse of the Ancient Demon Race with one slash, and then his first target was Jiang Buyi. With his current strength, it would be easy for him to kill Jiang Buyi.

However, before Han Fei took action, the golden-robed man from the Chaotic Divine Race stood in front of Jiang Buyi and said, "Buyi, it's up to you whether you can survive today."

Jiang Buyi's face was gloomy, and his voice was calm but contained anger. "Sorry, Father. I'll avenge you someday."

The golden-robed man raised his head proudly, his golden robe dancing even though there was no wind. "Survive."

Jiang Buyi nodded slightly, and the Concealing Divine Seal floated in front of him. His expression was abnormally cold as he said indifferently, "Conceal Marks, Selfless in this Realm."

On Jiang Buyi's body, countless laws were dissipating, and his figure was slowly turning incorporeal.

Seeing this, how could Han Fei let him? With a wave of his hand, the Law Enforcement Divine Chain broke through the air. The Law Enforcement Divine Chain was not restrained by all means. There was no array that he couldn't break, no law that could stop him.

The golden-robed man's body glowed with golden light as he roared, "Your enemy is me."

The golden-robed man punched the Law Enforcement Divine Chain away. In the next moment, he took the initiative to attack Han Fei.

"Stars in the sky, enter my Divine Fist, Divine Seal King Fist!"

Han Fei's face remained unchanged, and the Creation Chessboard rose from under his feet. Han Fei held a white chess piece in his hand and placed it at the center of the chessboard.

"The first blow, Dragon Slaying Trap, Sword Slash."

Ka ka ka ~

At that moment, the Creation Chessboard was full of cracks, and the last projection of a god burst out of it. As he raised his hand, a sword soared into the sky and slashed at the golden-robed man.

Clang!

After all, it was the Dragon Slaying Trap with ten times the strength. The power unleashed was not something a God Slaying Level powerhouse could resist without being injured.

The golden-robed man was cut into the depths of the Sea of Stars. The golden robe on his body was shattered, and his flesh and blood exploded in hundreds of places. If it weren't for the fact that the Heart Protecting Mirror in front of his chest emitted divine light, this blow would have killed him.

Even so, in the face of this Dragon Slaying Trap, he would still be seriously injured even if he didn't die.

But Han Fei didn't chase him. Under his feet, the chessboard shattered. On the opposite side, Jiang Buyi's body had already turned half incorporeal. If it weren't for the fact that his laws hadn't dissipated, he would have disappeared.

Han Fei said quietly, "The second blow, Endgame."

Boom!

At that moment, the Creation Chessboard completely exploded, and all 360 chess pieces fell, turning into spots of light and entering Han Fei's body.

The Endgame could only be used once. When it was used, it could fuse with the power of a hundred gods and last for an unknown period of time.

Han Fei's strength soared crazily and instantly broke through the limit of a god. He didn't know how much stronger he was, but the Dragon Blood Soul Pearl shone abnormally and a crack appeared on it.

Han Fei raised his hand to take back the Law Enforcement Divine Chain that was blasted back by the golden-robed man. At that moment, the Law Enforcement Divine Chain was instantly straightened.

Han Fei looked at Jiang Buyi. "Don't be my enemy in your next life. Slash..."

Clang!

A light mark flashed between the heavens and earth.

"My son ~"

Jiang Buyi, who was protected by the Concealing Divine Seal, couldn't escape in the end. His body had already cracked like broken porcelain, and a large number of laws were still dissipating. But this time, they didn't dissipate voluntarily, but collapsed.

Jiang Buyi still wanted to speak, but his lips only moved for a moment before he shattered into pieces.

It wasn't until this moment that Han Fei said casually, "Look, the Concealing Divine Seal is mine. Besides, your father is inferior to my father. This is the difference."

Han Fei looked at the Concealing Divine Seal wrapped by the Law Enforcement Divine Chain, sneered, and turned to look at the golden-robed man who was slashed away.

The golden-robed man's body was broken at this moment. His boxing gloves, protective mirror in front of his chest, and golden robe had long turned into nothingness.

The void finger of Senior Brother Undead appeared in Han Fei's mind. He looked at the surrounding Sea of Stars, smiled, and slowly said, "Sword Five, Shattering."

Han Fei raised his hand and extended a finger. With a slight sigh, he condensed all techniques into a sword, which crossed the Sea of Stars in an instant.

The golden-robed man roared and attacked, his flesh and blood melted and condensed into a fist, and then into a shield, trying to crush Han Fei's sword Qi. "Die."

"Pfft!"

In the next moment, the upper half of the golden-robed man's body exploded. The cold light of the finger ignored the Fist Shield and pierced through his Origin Sea.

Boom!

Bang! Bang! Bang!

Han Fei grinned. "A family should be together."

Chapter 3412: Fifth Senior Brother Transcends the Love Tribulation (1)

The eight million people of the divine descendants looked up at the sky, their eyes filled with yearning and amazement.

In the end, their eyesight was limited. Trapped in the city of divine descendants, they couldn't see anything from too far away. At most, they had witnessed the appearance of powerful figures like Senior Brother Undead at the beginning, but most people didn't have the chance to see the ominous battles that followed, as well as the battle between Old Han and the Eternal Race.

Only the battlefield of the Central Sea Divine Realm could barely be witnessed by the Monarchs of the divine descendants.

Han Fei killed two God Slaying-level powerhouses with a slash and a finger. The terrifying power was branded in the minds of countless people.

"Is that the Human Emperor? He's so strong."

"I heard that the Human Emperor is still a peak-level Great Monarch. Is this... the Great Monarch realm we know?"

"As expected of the guardian of the Creation Divine Prison. If he weren't a peerless Heavenly Talent, how could he have taken on this heavy responsibility?"

"We've unlocked the shackles on our bloodline. Can we be so strong in the future?"

"In your dreams. Even the Divine Realm is already a huge obstacle that countless people can't cross. It requires a massive amount of resources, a powerful heritage, and a solid foundation. It's useless to think so much now. However, the Human Emperor has done us a great favor this time. We should remember it."

Most of the divine descendants couldn't intervene in such a battle. They could only hope that Han Fei would win.

On the battlefield of the Central Sea Divine Realm, Han Fei had killed two God Slaying-level powerhouses in a row, but he didn't rely on his own strength. The power of the Creation Chessboard pushed him to a new height, but Han Fei could clearly feel that this power was flowing away. Besides, this power had consumed too much of the Dragon Blood Soul Pearl and even caused a crack to appear in it.

Therefore, Han Fei didn't dare to be negligent. Just as he was about to help Qiu Wanren solve Fairy Hong, Senior Sister Dark Shadow, who was fighting fiercely in the distant sky, suddenly said, "Little Junior Brother, come and help me."

Han Fei frowned. Senior Sister Dark Shadow was only at the peak of the Divine Realm and hadn't even reached the God Slaying level, but she had restrained the Sea Quelling God-level God Slaying Demon Puppet. Obviously, it wasn't as easy as it looked.

Qiu Wanren shouted, "I don't need help for now."

Han Fei nodded. With a bang, he turned into tens of thousands of lightning marks and flashed from the void, passing by a god from the Central Sea Divine Realm.

The moment he appeared, Han Fei crushed him with a punch, instantly sealing the other party's river of life and cutting off his vitality.

Bang!

It was also at the moment when Han Fei pierced through this god that Senior Sister Dark Shadow was sent flying. The God Slaying Demon Puppet seemed to have fallen into a violent state because of its master's death and rushed at Han Fei in the blink of an eye.

Han Fei didn't dare to lure the God Slaying Demon Puppet into this battlefield, or something would happen to everyone present.

This time, the Creation Void Spiritual Drum was restrained by the 24 Heavens, Fairy Hong was suppressed by Qiu Wanren, and there were only nine Divine Realm powerhouses left on the Central Sea Divine Realm's side.

Although they still had more gods than the divine descendants, Granny Meng, Yue Lingke, Chu Hao, and the others all had the strength to shake gods. They might not be able to beat gods, but it shouldn't be a problem to restrain them for a while.

However, Han Fei felt that he seemed to have missed something.

But Han Fei didn't think too much about it, because he had already charged at the God Slaying Demon Puppet and had no time to be distracted.

"Sword Five, Shattering."

Han Fei used the strongest killer move he had just comprehended. At this moment, his combat power was at its peak. Han Fei was confident that even if he couldn't defeat this God Slaying Demon Puppet, it shouldn't be a problem to repel it.

However, when Han Fei collided with the God Slaying Demon Puppet and pointed his finger, the God Slaying Demon was only barely stopped, and Han Fei felt a huge force instantly fed back to him.

Crack!

Han Fei's finger bone was shattered. The God Slaying Demon Puppet pushed forward, making Han Fei feel that he was whipped by a galaxy. He was instantly sent flying millions of kilometers away, and several bones in his chest shattered.

"F*ck! So strong..."

Han Fei had never fought a Sea Quelling God-level powerhouse, so after his strength soared, his confidence soared. But just this round of confrontation made him realize the horror of the Sea Quelling God.

His peak combat power couldn't even withstand a blow from this God Slaying Demon Puppet. Was the combat power of the Sea Quelling God so terrifying?

The moment Han Fei was repelled, the law of life surged, his finger bones regenerated, and his broken bones reconnected. The God Slaying Demon Puppet still tried to attack him, but in the next moment, it was instantly sent flying millions of kilometers by a tentacle-like tail.

Senior Sister Dark Shadow stood in the sky and glanced at Han Fei from the side. Her face was cold and beautiful. She looked valiant and even a little cool, which was very compatible with her violent combat style.

Senior Sister Dark Shadow said, "Little Junior Brother, you don't have to help me fight. Just help me stabilize the river of life, replenish my vitality, and heal my injuries."

Han Fei's heart skipped a beat. He seemed to understand what Senior Sister Dark Shadow was going to do. She was risking her life!

He had heard that Senior Sister Dark Shadow had tried to enter the God Realm too early, so she was stuck by the divine barrier. Now it seemed that she was going to use this battle to break through to the God Realm.

Han Fei immediately nodded. "Okay!"

"Follow me."

This time, the God Slaying Demon Puppet charged back again. Senior Sister Dark Shadow stepped in the air, and an extremely cold power gathered in her fist light and a void shadow appeared behind her.

"Is this her original law or a Companion Spirit?"

Han Fei was a little stunned. The void shadow behind Senior Sister Dark Shadow reminded him of Ximen Linglan. This scene had appeared when Ximen Linglan awakened the Blade of Vengeance.

Chapter 3413: Fifth Senior Brother Transcends the Love Tribulation (2)

However, at this critical moment, Han Fei had no time to think. Senior Sister Dark Shadow had already punched out. The fist light triggered the tribulation power of the world and met the blow of the God Slaying Demon Puppet.

Rumble!

This blow had already exceeded Han Fei's peak state. It exploded into a gorgeous flame in the Sea of Stars.

The God Slaying Demon Puppet was blasted thousands of kilometers away. Most of Senior Sister Dark Shadow's body dissipated into a shadow, but in the blink of an eye, Senior Sister Dark Shadow's body condensed behind the God Slaying Demon Puppet.

However, it was impossible for Senior Sister Dark Shadow to be unscathed in such a collision of absolute power.

Han Fei immediately sensed that Senior Sister Dark Shadow's vitality was dissipating, and her long river of life was trembling. Obviously, because Han Fei came to help, Senior Sister Dark Shadow no longer cared about her injuries.

Seeing that it failed to grab Senior Sister Dark Shadow, the God Slaying Demon Puppet tried to attack Han Fei who was close, but in the next moment, its body seemed to be stuck by the power of dark shadow. Senior Sister Dark Shadow triggered the Dao Patterns that filled the sky behind it, trying to extract the power of the Heavenly Dao Patterns and laws on the God Slaying Demon Puppet.

Senior Sister Dark Shadow's voice rang in Han Fei's ears, "A Supreme Nature Treasure is extremely difficult to destroy. Although the God Slaying Demon Puppet is only at the Sea Quelling God level, if it's not restrained, it can almost fight forever. If you want it to stop, you have to either beat it into submission or forcibly break the long-term refinement of it by its previous master."

Bang! Bang! Bang!

On the surface of the God Slaying Demon Puppet's body, countless Dao Patterns began to flash. A terrifying power burst out of its body, forcibly shattering Senior Sister Dark Shadow's shadow power.

Seeing that this method didn't work, Senior Sister Dark Shadow activated the Origin Returning Technique and unleashed her strongest fist. With a bang, she blasted the God Slaying Demon Puppet thousands of kilometers away.

In the next second, the two began to fight in the Sea of Stars again. However, the next moment, Dark Shadow was blasted back by the God Slaying Demon Puppet. Han Fei stepped forward in time to help him recover.

In the vast Sea of Stars, Han Fei, Senior Sister Dark Shadow, and the God Slaying Demon Puppet appeared in different places almost every second.

In just a hundred seconds, as many as a thousand parts of the void had been shattered by Senior Sister Dark Shadow and the God Slaying Demon Puppet. Even though Han Fei had mastered the law of life, his healing speed was almost unable to keep up.

Besides, Han Fei could clearly feel that Senior Sister Dark Shadow's combat power was declining. If they continued to fight, Senior Sister Dark Shadow would definitely lose in a hundred seconds.

Senior Sister Dark Shadow had also realized this problem. She shouted, "Little Junior Brother, I'm going to burn my life."

Buzz!

In the next moment, Senior Sister Dark Shadow instantly drained his River of Life, giving Han Fei a fright. Was she crazy? Without him, even if Senior Sister Dark Shadow won, she would definitely die.

On the city of divine descendants' side, Senior Brother Six God was refreshed. "It's about to begin. She treats the God Slaying Demon Puppet as her God Slaying Tribulation. This time, she'll either die or make a breakthrough!"

Fifth Senior Brother said, "It can't be helped. She's too strong in the God Realm. The God Slaying Tribulation that should have existed can't help her break the shackles at all. Only when she's in her ultimate state can she break the shackles. It depends on whether she can suppress the God Slaying Demon Puppet."

In the Sea of Stars, Senior Sister Dark Shadow seemed to have completely fused with the dark shadow, and her combat power soared again. But Han Fei could hear that all the bones in Senior Sister Dark Shadow's body were shattered by him in an instant. Han Fei couldn't even tell if Senior Sister Dark Shadow was a creature of flesh and blood or if she was a shadow in the first place.

At that time, Han Fei also saw a divine persona shining, but at this moment, the divine persona was squeezed by the power of dark shadow, and cracks appeared on it.

Ka ka ka ~

Bang!

Finally, the divine persona exploded.

Bang! Bang! Bang!

At that moment, the death knell in the Sea of Stars wailed, indicating that Senior Sister Dark Shadow had already died at this moment.

"Not good!"

Han Fei was shocked. When Senior Sister Dark Shadow's divine persona was shattered, her River of Life he connected suddenly dissipated. He immediately didn't dare to be negligent and tried his best to reconnect the River of Life of Senior Sister Dark Shadow again, forcibly extending her life.

Besides, Han Fei had to guide her River of Life at all times. Otherwise, if he was not careful, Senior Sister Dark Shadow's River of Life would completely dry up.

It turned out that this was the real reason why Senior Sister Dark Shadow summoned him.

In this ultimate state, Senior Sister Dark Shadow slapped down, covering the void within tens of millions of kilometers with cracks and forcibly suppressing the God Slaying Demon Puppet under her palm.

In the next moment, the dark shadow that Senior Sister Dark Shadow turned into completely covered the God Slaying Demon Puppet.

Han Fei could feel that Senior Sister Dark Shadow was competing with the God Slaying Demon Puppet for her life! She actually regarded the God Slaying Demon Puppet as her own bone and was forcibly refining it.

Han Fei had never heard of such a way of fighting. First, she killed herself, forcibly shatter the divine persona, then had him extend her life to ensure that she wouldn't die after her divine persona was shattered. In the end, she would suppress the God Slaying Demon Puppet and complete the breakthrough.

This was no longer just about whether Han Fei could connect her River of Life. Dark Shadow was borrowing the God Slaying Demon Puppet's will to resist to help her break the shackles of the divine persona. If she succeeded, Senior Sister Dark Shadow would complete the breakthrough. But if Senior Sister Dark Shadow couldn't suppress the God Slaying Demon Puppet, she would eventually die, even if he mastered the law of life.

"Shadow Power, Burn."

This Sea of Stars was ignited. Han Fei perceived that some of the Dao Patterns on the God Slaying Demon Puppet were melting.

Chapter 3414: Fifth Senior Brother, Transcend the Love Tribulation (3)

Ten seconds later, twenty seconds, thirty seconds... After nearly a hundred seconds, when the last power of the Creation Chessboard was almost exhausted, suddenly, the God Slaying Demon Puppet stopped resisting. Its entire body even shone with Dao Patterns.

Crack~

Han Fei immediately discovered that Senior Sister Dark Shadow's River of Life had stabilized and expanded again. Even without his reconnection of her River of Life, infinite vitality poured in.

"It's done?"

Han Fei was overjoyed. "Congratulations, Senior Sister Dark Shadow, for breaking the shackles of the divine persona."

In the next moment, Senior Sister Dark Shadow shouted, "It's still early! Tribulation, come!"

In the next moment, clouds moved in all directions, and the power of heaven and earth revealed boundless tribulation clouds. A massive amount of energy gathered around and was swallowed by Senior Sister Dark Shadow.

Boom! Boom! Boom!

The power of the heavenly tribulations came one after another, each almost comparable to the attack of a Sea Quelling God.

However, Senior Sister Dark Shadow returned to her human form and stood still, allowing the heavenly tribulation to baptize her.

The corner of Han Fei's mouth twitched. With the God Slaying Demon Puppet as the bone, she could forcibly transcend the heavenly tribulation and absorb energy crazily. As long as the God Slaying Demon Puppet didn't shatter, it was almost certain that Senior Sister Dark Shadow would become a Sea Quelling God.

However, the God Slaying Demon Puppet was a Supreme Nature Treasure after all. To put it bluntly, it was a treasure that even a dominator might not be able to destroy. Could the baptism of the Sea Quelling God-level heavenly tribulation shatter it?

From then on, Han Fei dispersed the power of the Dragon Blood Soul Pearl and returned to the peak of the Great Monarch realm. Senior Sister Dark Shadow no longer needed his help.

When he finally relaxed, Han Fei finally had the time to look at the battlefield of the Central Sea Divine Realm.

Qiu Wanren had completely suppressed Fairy Hong, but it was probably impossible to kill her in a short period of time. After all, Qiu Wanren had just broken through to the God Slaying Level. It was easy for him to win, but it would be too difficult for him to kill her.

As for the battlefield of gods, no god had died yet. After all, without Han Fei blocking the river of life in that space, it was not easy for gods to die in battle. Even if they were defeated, they would at most be seriously injured and their lives could only be slowly obliterated.

However, as soon as Han Fei looked at the battlefield of gods, he saw Yue Lingke, who was fighting a god, suddenly stop and let the god pierce her.

Han Fei saw a mist of blood and divine energy erupt. With Yue Lingke's strength as a peak-level Great Monarch, even if she had exceeded the peak of the Extreme Dao, she wouldn't be able to withstand this! What was the difference between this and courting death?

In the city of divine descendants, Fifth Senior Brother was still holding the wine calabash in his hand. They wouldn't get involved in this battle of gods unless they had no choice. As he said, the divine descendants had been pressured for 100,000 years and had been struggling at death's door for 100,000 years. Everyone was full of hatred. If they didn't fight to their heart's content in this battle, it was very easy for them to have inner demons when they became gods.

However, Fifth Senior Brother never expected that Yue Lingke would be pierced through so easily. The divinity in her body surged, and her body was dripping with blood.

"A*shole, how dare you..."

Fifth Senior Brother arrived in an instant like a sharp sword shooting out of the sheath. He held Yue Lingke's body with one hand, and a gray mist appeared in his palm, instantly extracting the divine power

in Yue Lingke's body. With the other hand, he smashed out the wine calabash in his hand. The calabash quickly expanded and turned into a star in the blink of an eye.

Bang!

There was no telling if the wine calabash was some kind of treasure or if Fifth Senior Brother's strength was extraordinary, but the impact of the calabash directly blasted the god away, and the long sword in his hand exploded with a bang.

"Little Junior Brother."

Fifth Senior Brother was anxious. Han Fei had never seen him lose his cool like this. He roared nervously and his face was full of anxiety.

"I'm here."

Han Fei couldn't rest for a moment. Before he arrived, life chains had already appeared on the battlefield. Hundreds of life law chains forcibly sealed the vitality in that space.

Swish!

Han Fei activated the Thousand Thunder Flash and ran over. He extended his hand and grabbed the River of Life to connect to Yue Lingke's River of Life. At this moment, he was also in a cold sweat, because Yue Lingke's River of Life was almost gone. If he had been a step slower, she would have really died.

Buzz!

The healing divine light whistled over and enveloped Fifth Senior Brother and Yue Lingke. Han Fei was relieved.

"Hum ~"

Yue Lingke woke up, but the first thing she did was grab Fifth Senior Brother's collar with one hand and a calabash with the other.

"Gulp ~"

Han Fei was speechless. Why did Yue Lingke have the same problem as Fifth Senior Brother? The first thing she did when she woke up was to drink.

Fifth Senior Brother said angrily, "Are you crazy? Do you know that if Little Junior Brother is one step late, you would really die?!"

However, Yue Lingke didn't seem to hear Fifth Senior Brother at all. She leaned her entire face over and kissed Fifth Senior Brother. From the corner of their mouths, Han Fei saw a green liquid flowing.

"Looking Back?"

Han Fei was stunned. Yue Lingke was drinking Looking Back, and at this moment, she was forcibly feeding Looking Back to Fifth Senior Brother in this way.

"Oh ~"

Han Fei immediately understood. Yue Lingke killed herself purposely. Seeing that the battle on Senior Sister Dark Shadow's side was over, she knew that he was free now, so she took the initiative to let the god of the Central Sea Divine Realm penetrate her. But she actually calculated it clearly. For him, this vast sky could be covered only in a moment. He should have enough time to save her life, so she played this trick.

God of Fishing

Chapter 3415: Fifth Senior Brother, Transcend the Love Tribulation (4)

"Crazy!"

At this moment, the scene was extremely discordant. In this fierce battle, the two of them were kissing in the air. Millions of people witnessed it with their own eyes. It was simply shocking for them to drink love wine this way in front of everyone.

Fifth Senior Brother's eyes widened. At this moment, he had to drink Looking Back no matter what.

Han Fei saw that Fifth Senior Brother was also shocked at first, but then he stopped struggling and kissed Yue Lingke passionately in the air.

"Shoot ~"

Han Fei immediately turned his face away and was about to help the divine descendants fight, when he heard Senior Brother Six God's voice. "Little Junior Brother, come back! Leave the rest of the battle to Fifth Senior Brother!"

Han Fei was stunned. So Fifth Senior Brother was going to take action?

Han Fei immediately retreated, and Fifth Senior Brother, who was kissing passionately, finally stop. After all, this was a battlefield. When many people of the divine race were in danger, they couldn't make out for long.

Yue Lingke snorted. "You're just pretentious. It's just the disciple position of the Void Temple. How can it become your inner demon?"

Fifth Senior Brother's expression was extremely complicated at this moment. There was no telling if it was because he drank Looking Back or something. Anyway, after drinking this mouthful of wine, Fifth Senior Brother seemed to be struggling, but he also looked relieved. He seemed to be having an intense inner struggle.

Han Fei returned to the city, and Xia Xiaochan immediately said, "How romantic."

Han Fei's face changed slightly. "B*llshit, don't learn this kind of thing."

Then, Han Fei looked at Senior Brother Six God. "That's it?"

Senior Brother Six God said solemnly in a childish voice, "It's difficult to pass the Pass of Love. And for someone like Fifth Senior Brother, who is knowledgeable about the past and present and has seen all loves and hatreds in the mist of history, it's even harder to pass it. As for the word 'love', no one knows where it begins, no one knows where it settles, no one knows what it binds, no one knows what it untangles, no one knows its trace, and no one knows its end..."

Han Fei looked sideways at Senior Brother Six God. "Senior Brother, I see that you know a lot and have a deep understanding of 'love'."

Senior Brother Six God tilted his head and glanced at Han Fei. "When Fifth Senior Brother came to drink with me, he often sighed that there are thousands of words in the world, but the word 'love' is the most hurtful..."

Han Fei: "..."

In the void, Yue Lingke snorted. "This time, let me tell you, I dare. Next time, you will never see me again. I dare to say or do it..."

"Alas..."

Han Fei heard Fifth Senior Brother sigh.

In the end, Fifth Senior Brother slowly said firmly, "There won't be a next time!"

Buzz!

Clouds moved in all directions, divine tribulations gathered, and tornadoes tens of millions of kilometers long intertwined like dragon roared.

Han Fei was stunned. "Is he going to transcend the divine tribulation? Such a big commotion?"

Fifth Senior Brother slowly said, "A pot of wine in the world can shake people's hearts for thousands of years."

Yue Lingke held a wine pot in her hand and poured wine into the void. Then she looked back and said softly, "I hope I can find my love and never part with him."

Hum... Hum...

In the sky, two extremely huge divine tribulation vortexes, like Yin-Yang Tai Chi, turned into one as they rotated.

Han Fei said in shock, "Share vitality and transcend the divine tribulation together? Seriously?"

Senior Brother Six God said, "I don't know, but this kind of tribulation is much more difficult to transcend than transcending a tribulation alone."

Xia Xiaochan said, "So romantic."

Han Fei: "..."

Senior Brother Six God: "..."

The divine descendants were still fighting fiercely. The gods of the Central Sea Divine Realm knew that they would probably die today no matter what, so they had already gone crazy.

The god who was sent flying by Fifth Senior Brother roared, "Since you want to die, I'll let your divine tribulation go up another level."

The god rushed straight at the divine tribulation vortex, trying to trigger a more powerful divine tribulation with his life and strength.

Fifth Senior Brother's voice echoed in the void, "How dare you sully my divine tribulation? Kill..."

Fifth Senior Brother waved his hand, and the wine pot that was sent flying opened, and a dazzling long sword spewed out of the calabash. The sword was made of a gray mist, which looked ethereal.

Han Fei looked puzzled, and Senior Brother Six God said, "That's a mist of history. Fifth Senior Brother is knowledgeable about history and can absorb power from the long river of history. This sword can even kill a God Slaying-level powerhouse."

Fifth Senior Brother shouted, "How many heroes have there been since ancient times? Kill the Immortals with one slash."

The god-level powerhouse was shattered by the sword and seemed to turn into a wisp of history dust. Only the mournful death knell seemed to mark the end of his existence.

God of Fishing

Chapter 3416: Six Ancient Lineages All Appeared, Ancient Stillborn (1)

It was quite easy for Fifth Senior Brother to kill a god with one slash. Han Fei couldn't help but sigh. Fifth Senior Brother was the first and only existence he had seen so far who seemed to be able to kill a god without borrowing anything.

He didn't even know that the mist of history, such a mysterious thing, could become a peerless power.

At this moment, although the divine tribulation was coming, Fifth Senior Brother didn't stop. He glanced at the remaining gods on the battlefield with cold killing intent. As he formed seals in the air, a massive amount of historical mist spewed out of the wine calabash, like tentacles baring their fangs and brandishing their claws, reaching out to those gods.

The eight gods who were in the middle of a battle all stopped fighting, trying to get rid of the current situation. They still had a trace of hope that they could survive, so they were still resisting.

However, they also knew that they could fight ordinary enemies, but not the enemies of the Void Temple.

Han Fei was a typical example. A mere peak-level Great Monarch had killed two God Slaying-level powerhouses in a row. Although they didn't know Fifth Senior Brother well and had never seen him fight, he was Han Fei's senior brother.

Fifth Senior Brother shouted, "The Dao of the Heavenly Dao is to reduce excess and supplement deficiency. You are gods, but you hide in the Sea Realm, avoid fighting the ominous, and even kill the cultivators of the myriad races, snatching their luck and opportunities, damaging the Heavenly Dao. In that case, don't waste your divine power. Disperse your divine bodies and turn them into wine in my wine pot..."

Swish! Swish! Swish!

Five of the eight gods were held back by the five gods on the side of the divine descendants. In the blink of an eye, they were covered by the mist of history. And once they were wrapped by this mysterious gray mist, their strength, divinity, flesh, and soul began to melt. No matter how they struggled, they seemed to be unable to break free from this mist.

In the end, the five of them were first wrapped in the mist of history and dragged into the wine gourd.

Only three gods who were besieged by the Great Monarchs of the Extreme Dao narrowly escaped. It could almost be said that they fled. They didn't know where to escape, but they definitely didn't want to stay here.

But when they escaped a certain distance, they found that a barrier had appeared in the void at some point in time. The barrier seemed to have appeared out of thin air. On the light curtain of the barrier, there were historical fragments that involved various races. Some of them were about the rise of strong masters, some about the death of gods, some about ominous battles, and some about the happenings of the human world.

When they tried to penetrate this piece of history, they were shocked to find that they couldn't shake it at all. At most, they could only leave a ripple on the barrier.

Instead, from the barrier, a gray mist spread out and enveloped them. In the end, the eight gods were all sucked into the wine gourd by Fifth Senior Brother.

"How did he do it?"

Han Fei watched all of this in shock. He knew that Fifth Senior Brother was very strong, but he didn't know that he was so strong! He hadn't transcended the divine tribulation yet, but he had suppressed eight gods at the same time as a Great Monarch. This was simply unbelievable.

Senior Brother Six God smiled and said, "Little Junior Brother, has Fifth Senior Brother ever told you that he is a Great Monarch?"

Han Fei said, "I'm not blind. How can I not see it? He's clearly a Great Monarch."

Senior Brother Six God said solemnly, "You know, in history, which is ancient times, there is no specific concept of gods, nor is there a clear division of which realm is the Divine Realm. Some people are not gods just because they haven't transcended the divine tribulation. The divine tribulation is actually nothing more than a kind of recognition. Some people don't care about being recognized. And Fifth Senior Brother is that kind of person."

"A god who doesn't transcend the divine tribulation?"

Senior Brother Six God shook his head. "No, it's just that if you think he's a Great Monarch, he's a Great Monarch. If you think he's a God, he's a God. Ordinary people think he's an ordinary person, so he's an ordinary person. All of this is just what we think. But in fact, I think Fifth Senior Brother's realm should be a realm without a realm."

"Then what about this divine tribulation?"

Han Fei looked at the grand divine tribulation scene. What about this?

Senior Brother Six God said indifferently, "Fifth Senior Brother has no realm, but Yue Lingke has a realm. The divine descendants can't always rely on a few gods they nurtured. Fifth Senior Brother has given part of his luck, part of his heritage, and part of his comprehension of the Heavenly Dao to Yue Lingke. For him, these things can be taken at will in the long river of history."

Xia Xiaochan couldn't help but interrupt, "Then isn't he invincible? What if I think Fifth Senior Brother is a dominator-level powerhouse?"

Senior Brother Six God said leisurely, "How do you know that he's not a dominator?"

Han Fei immediately said, "If he was a dominator, why did Fifth Senior Brother not react in time when Senior Yue killed herself just now?"

Senior Brother Six God said, "This is hard to explain. This is generally the troublesome part of the Realmless Realm. We can't define his strength at all, and even he himself can't define it. Therefore, Senior Sister Shen Le wants him to break through this Realmless Realm as soon as possible and become a person with a realm."

Han Fei and Xia Xiaochan were both shocked. Han Fei felt a chill down his spine. Xia Xiaochan secretly exclaimed. The path of these peerless powerhouses was simply unfathomable.

Han Fei suddenly remembered that Fifth Senior Brother had been guarding the Chaotic Ice Domain, but he knew what happened in the South Sea Divine Realm.

Then why did Fifth Senior Brother know something so far away? That was something that only a Sea Quelling God could do, right?

[God of Fishing](#)

Chapter 3417: Six Ancient Lineages All Appeared, Ancient Stillborn (2)

Han Fei couldn't help but ask, "Break through the realmless realm and become a person with a realm? What if one day Fifth Senior Brother feels that he is even stronger than the ominous?"

Senior Brother Six God glanced at Han Fei. "Don't dwell on it. His power comes from the long river of history. But it doesn't mean that he is history itself. He can't borrow the power of the entire river of history. But in history, the ominous is invincible."

Han Fei said, "I don't care. Anyway, I treat Fifth Senior Brother as a dominator now."

Han Fei didn't think there was anything wrong with this. Eldest Senior Brother was a dominator, Senior Sister Shen Le was a dominator, so was Senior Brother Undead. Senior Brother Azure Dragon had reached the Sea Quelling God Realm in a single bound and even tried to break through to the dominator realm. For Azure Dragon, it wasn't impossible for him to reach the dominator realm now. When he stabilized his cultivation and woke up from his sleep, it was only a matter of time for him to break through to the dominator realm.

Then, why couldn't Fifth Senior Brother be a dominator in this special realmless realm? Han Fei felt that if Fifth Senior Brother could be more narcissistic, he was very likely to be a very powerful dominator.

Han Fei couldn't help tilting his head and looking at Senior Brother Six God. "Senior Brother, Fifth Senior Brother, Senior Sister Dark Shadow, and even Senior Brother Lei Heng made a breakthrough today. Why are you still here?"

Xia Xiaochan tugged at Han Fei's clothes. "Is Senior Brother Six God also..."

Han Fei's eyes lit up. He naturally understood what Xia Xiaochan meant. Could it be that Senior Brother Six God was also a dominator?

Senior Brother Six God didn't know whether to laugh or cry. "I'm not. My breakthrough wasn't as exciting as theirs. It was a matter of course for me."

Han Fei raised his eyebrows. "Then have you made a breakthrough? Which realm are you in now?"

Senior Brother Six God ignored Han Fei, thinking that Little Junior Brother was a little crazy.

In the field, Fifth Senior Brother collected eight gods at once, and the first divine tribulation finally appeared. Han Fei saw an extremely thick pure black divine tribulation descend. However, Fifth Senior Brother took out a water ladle from somewhere and scooped out a ladle of wine.

The remaining part of the divine tribulation enveloped the two of them, mainly for Yue Lingke.

Yue Lingke struggled hard, but Fifth Senior Brother drank happily. After drinking half of the wine, he hesitantly handed the water ladle to Yue Lingke. "Do you want to drink some?"

"Don't talk to me. I'm transcending a tribulation."

"OK, Gulp ~"

...

Han Fei had thought that the battlefield on the Divine Descendants' side would be very tense, but he didn't expect Fifth Senior Brother to be so abnormally strong as to clear the battlefield.

At this point, everyone from the Central Sea Divine Realm who came this time had been wiped out.

He didn't even have the desire to watch Fifth Senior Brother transcend the divine tribulation. When Senior Brother Azure Dragon transcended the divine tribulation, he resisted it tenaciously and exhausted countless resources.

But when it came to Fifth Senior Brother, the divine tribulation was like wine to him. It was not exciting at all.

Han Fei turned around and looked at the place where Han Guanshu fought. Since the battle began, the Heavenly Dao Death Knell hadn't stopped. Before Fifth Senior Brother took in the eight gods from the Central Sea Divine Realm, the main source of the Heavenly Dao Death Knell was where Han Guanshu was.

At this moment, there was still a fierce battle there. That part of the Sea of Stars was almost impossible to look at under the violent energy impact.

Xia Xiaochan said, "I've counted. If the death of a god produces nine Heavenly Dao Death Knells, it has already rung 498 times on that side and the pages have been flapped ten times."

Han Fei: "..."

Senior Brother Six God also said, "The God Sealing Heavenly Book can seal all the peerless divine techniques you've seen before. But although they can be sealed, you have to be able to use them. For example, although a divine technique can kill gods, you have to reach the God Realm yourself before you can use it. For now, Little Junior Brother, your father's strength is at least at the Sea Quelling God level."

Han Fei thought to himself, I don't need to use the God Sealing Heavenly Book to know that.

After all, blocking two Sea Quelling Gods alone was enough to prove Old Han's strength. His mother had even killed her way into the ominous mist and found the dominator.

After this battle, he had to let these two people tell him everything.

Han Fei asked, "Senior Brother Six God, what do you think if I go over and take a look now?"

"You better not."

"Your father is very strong, but those two Sea Quelling Gods have the blood of a dominator protecting their bodies. In fact, they can barely be considered half dominators. You are not at your peak now. If you go over, you won't even be able to withstand the aftershock of the battle."

Xia Xiaochan also said, "Do you have nothing better to do? Since the chess game has been set up, these people will be defeated sooner or later. With our daddy's momentum, the game will be over after a few more pages are flipped."

Han Fei said, "Our daddy?!"

"Humph! Our daddy is so strong. If I call him Daddy a few more times, he might give me some treasures. Besides, I think Daddy is very amiable. He is a very good person."

Han Fei could roughly understand Xia Xiaochan's thoughts, because Xia Xiaochan had never known her mother since she was a child. Her damn father was only thinking about how to kill her.

Old Han, on the other hand, looked elegant, gentle, and often smiled. He was indeed easy to get along with. It was no wonder that Xia Xiaochan called him Daddy so willingly.

"Hahaha!"

In Han Fei and the others' ears, Han Guanshu's voice sounded, "Xiaochan is really a good girl. I've indeed prepared a big gift for you. Wait a moment. The big gift will be here soon."

Clatter ~

As Han Guanshu continued to flip through the God Sealing Heavenly Book, the part of the Sea of Stars where he was overflowed with golden light, the Dao sound vibrated, and the stars in the sky were rolled up.

Knock, knock, knock!

After about a hundred seconds, Han Guanshu suddenly appeared beside Han Fei and the others with his hands behind his back.

God of Fishing

Chapter 3418: Six Ancient Lineages All Appeared, Ancient Stillborn (3)

Han Guanshu looked up at Fifth Senior Brother who had already transcended eight divine tribulations and couldn't help but exclaim, "As expected of Mr. Fifth. He is so powerful!"

"Who is stronger, you and him?"

Han Fei suddenly spoke.

Old Han smiled and ignored Han Fei. Instead, he extended a hand. And 52 pearls as pure as crystals appeared on his palm. Among them, two were so pure that they emitted divine light. Seven were so dazzling that they could refract colorful colors. The remaining forty-three were relatively ordinary, but they were also clean and flawless, giving people the urge to play with them.

Old Han said, "This is the Soul Purifying Pearls, which is filled with the ultimate soul power with divine power. On your future path of growth, except for your physique, you can directly absorb any soul power you need. It won't take long to consolidate the soul power. Of course, you can't abuse it blindly. Otherwise, not only will you not be able to absorb the soul power in them, but it will also affect your cultivation path. It can probably save you nearly half of your cultivation time."

Han Fei put the pearls away. It would be a waste not to take what fell from the sky. Although he walked the Dao of Extreme Balance and cultivated both body and soul and almost didn't need these things, they were super nutritious for Han Song!

The cultivation of loose lifeforms lacked this kind of soul power that almost didn't need to be refined or consolidated. These Soul Purifying Pearls could push Han Song to the peak of the Great Monarch realm or even surpass the Extreme Dao in an extremely short period of time.

More importantly, they might not be used up.

Han Fei immediately picked five God Slaying-level Soul Purifying Pearls for Xia Xiaochan. "Leave one for Yu and the others each, and one for Yiyi. The others are useful."

Xia Xiaochan said, "You can just give them to the god-realm ones. We haven't reached the Great Monarch realm yet. What's the use of the god-slaying level treasures for us?"

Han Fei shook his head. "Your growth speed is not slow. If you use them well, you can even them until you reach the peak-level Great Monarch realm, or even the god realm."

Then, Han Fei looked at Old Han inquiringly.

However, at this moment, nearly half of the Twenty-Four Heavens suddenly dissipated. Han Fei's heart skipped a beat. Now that the strength of the Twenty-Four Heavens he fished just now had returned, they were about to dissipate.

As soon as the Twenty-Four Heavens dispersed, the Creation Void Spiritual Drum immediately burst out with a music full of killing intent and targeted at Han Fei.

Old Han chuckled. "You're quite murderous. However, who gave you the courage to attack my son in front of me?"

Clatter ~

The God Sealing Heavenly Book automatically appeared in front of Old Han, and the book opened automatically. It was a blank page. In the next moment, the music of slaughter was sucked into the God Sealing Heavenly Book in the blink of an eye. Fifteen strange notes appeared on the page. As the notes intertwined, they seemed to form a disc.

Then, Han Guanshu waved his hand, and the big bell above the city of divine descendants spun and flew to the top of the Creation Void Spiritual Drum. As soon as the golden bell covered it, the bell was full of cracks. Obviously, a Supreme Nature Treasure was a Supreme Nature Treasure after all. Not every power could suppress it.

However, when the God Sealing Heavenly Book turned another page, a mass of five-colored divine soil flew out of the page and enveloped the golden bell and the Creation Void Spiritual Drum.

Immediately afterward, no one could hear the sound of the Creation Void Spiritual Drum anymore.

Senior Brother Six God's eyes lit up. "Is that the Primordial Five-Colored Earth?"

Han Guanshu nodded slightly. "Unfortunately, there's only this one, but at least it shouldn't be a problem to suppress it."

Han Fei asked, "What is the Primordial Five-Colored Earth?"

Senior Brother Six God said, "This is the soil to mend the sky. When there is a deficiency in the Heavenly Dao, the soil can also replenish it. When the ominous returned in the past, it almost permeated the entire Sea of Stars. At that time, there were several times more battlefields than now. At that time, the Primordial Five-Colored Earth sealed the sky and blocked most of the gaps, so only the present 1,081 battlefields are left. However, the Primordial Five-Colored Earth is extremely difficult to find. I thought it had been used up in the Primordial Era."

Han Fei couldn't help but look at Old Han, thinking that this old guy seemed to have a lot of treasures. He even had something that could seal the ominous battlefield.

At this moment, the 24 Heavens dissipated and the Creation Void Spiritual Drum was sealed. However, there was still a void left.

This should belong to Eldest Senior Brother. It was very magical that the void was refined into an independent area.

Senior Brother Six God said, "Senior Sister Dark Shadow and Fifth Senior Brother should need some time. There are no more battles here, but Lei Heng might need help."

Han Guanshu also said, "Fei'er, let's talk about other things after the battle. I'm going to help your mother."

Han Fei said, "Me too."

At this moment, the Central Sea Divine Realm and the Eternal Race's teams had been completely wiped out, so they only had one enemy left, which was the ominous.

Han Fei definitely couldn't shake a strong master like Jiang Taixu now, but Han Fei still had the strength to fight doomsday-level ominous creatures.

Senior Brother Six God also said, "Let's go together!"

The center of Senior Brother Six God's eyebrows flashed, and the void mark shone. However, this manifestation, branded on his forehead, didn't seem to be summoning Eldest Senior Brother to take action.

Senior Brother Six God said, "This void can't be wasted. It's very precious."

"Go ~"

As the void mark between Senior Brother Six God's eyebrows flashed, the void seemed to turn into the size of a galaxy with a buzz. Crossing infinite distances, it rippled towards the sealed ominous mist like a void wave.

[God of Fishing](#)

Chapter 3419: Six Ancient Lineages All Appeared, Ancient Stillborn (4)

"Let's go."

After Han Fei and the other two followed the void, they saw that the void waves hit the seemingly infinite ominous mist in the blink of an eye, producing sizzling sounds.

After just this impact, a massive amount of ominous aura was instantly purified. Of course, the void waves were also decreasing.

Han Fei was amazed. Eldest Senior Brother was not around. He had almost broken through the ominous aura of most of the Sea of Stars in the Creation Star Compass.

At this moment, the ominous mist was broken through, and Han Fei finally saw the battle. What bore the brunt was not the largest Senior Brother Undead, but a vast purgatory.

In the center of this purgatory, there was an ominous figure, whose body was clasped by ten chains. Billions of souls were entangled, as if they were gnawing at the ominous aura emitted from his body.

Han Guanshu said, "The existence of the Ten Directions Purgatory is to cleanse sin and purify evil. These billions of souls are not real, but manifestations of the Ten Directions Demon Refining Laws. It's a power of purification. Half of this dominator-level ominous power has been eaten. I estimate that it will be worn away in another half an hour."

Han Fei didn't speak. He didn't expect the Ten Yama Kings to be so powerful. Wasn't it said that the ten of them could only fight a god? But now they were fighting a dominator.

Sure enough, he had to witness everything with his own eyes. He couldn't trust hearsay easily.

This void power floated past the sky of the Ten Directions Purgatory. The ten Yama-Kings all raised their heads and looked over. There was no telling what they were thinking.

Passing the Ten Directions Purgatory, Han Fei saw the figure intertwined with time standing in front of a Time River. Behind him, ancient creatures surged out of the Time River one after another without stopping.

Dozens of God Slaying-level ominous creatures, hundreds of Doomsday-level ominous creatures, and densely packed World Destruction-level ominous creatures were crazily devouring the ancient creatures that rushed out of the Time River.

In the vacuum where the two sides were fighting fiercely, a dominator-level ominous creature was imprisoned by layers of time cages. At this moment, it was roaring crazily, trying to break out of the cage with the ominous power. As for the figure from the Time Temple, he just watched quietly as if he had no intention of attacking.

Han Fei asked, "Who is this person? Why didn't he take action?"

Senior Brother Six God said, "He has already taken action. He's one of the leaders of the Time Temple. There are a total of three of them now, and this is one of them. However, the people from the Time Temple are not very good at fighting, so even if he is very strong, his combat efficiency is not very high. He doesn't have the killing power of the Ten Yama-Kings."

At this moment, the void wave swept past, and the leader of the Time Temple turned his head and glanced at Han Fei and the others.

Bang! Bang! Bang!

When the void wave crossed the boundary of the attacking range of the Time Temple's master, hundreds of thousands of world-ending level powerhouses, almost all of them, as well as a few god-slaying level powerhouses, were instantly crushed into pieces by this void wave and purified in an instant.

"Shoot ~"

Han Fei's eyes widened. "Is this void so destructive?"

There were hundreds of doomsday-level ominous creatures and hundreds of thousands of world-ending-level ominous creatures here. Just this void wave had killed them all?

Besides, this void wave hadn't completely dissipated yet, still about one-third left.

Senior Brother Six God said, "This is Eldest Senior Brother's void power. It's already a waste for me to use it."

Han Fei: "..."

Han Fei tilted his head and glanced at Old Han, who was calm and didn't show any special emotions.

When the three of them passed the battlefield of the Time Temple, in the next moment, their vision suddenly became clear. The first thing they saw was not Senior Brother Undead, nor the four-sided

lightning domain, but a Sky Penetrating Divine Seal. Under the Divine Seal, there was a dominator-level ominous creature suppressed. The dominator-level ominous looked to be under a lot of pressure, and the surrounding void was shattered and recombined. This process was being repeated.

Above the divine seal, a woman in white floated. Behind her with one hand, she pressed the void with the other. Every few seconds, surging ripples burst out under the divine seal. It was a ripple pulse formed by the collision of the two powers.

This person was Jiang Linxian.

However, Jiang Linxian was looking into the depths of the ominous mist. There were four lightning domains bombarding, but her eyes were not on the four lightning domains, but on Senior Brother Undead who was raising his huge hands and walking away in the ominous mist.

"Primordial Seal?"

Senior Brother Six God couldn't help being a little surprised, and Han Fei couldn't help but ask, "What?"

Senior Brother Six God said, "I just heard from Fifth Senior Brother that in the Chaotic Era, the human race unified the six lineages, and the human race's ancestor used the Primordial Seal to command all the six lineages. This seal is a symbol of luck and was enhanced by generations of top powerhouses of the human race. However, it disappeared after the Primordial Era. It's said that..."

"It's said what?"

"It's said that the person holding this seal must be the strongest person in the human race in the world. Otherwise, the Primordial Seal wouldn't have recognized him at all, not even the second place."

Han Fei: "..."

Han Fei couldn't help but look at Han Guanshu again, narrowing his eyes slightly. Good lord, he now suspected that Old Han and his mother wouldn't take turns to be Human Emperors, right?

Han Guanshu chuckled. "The human race has declined in the end! If it were in ancient times, Xianxian wouldn't have been able to be in charge of this seal."

Jiang Linxian turned her head and looked at Han Guanshu and Han Fei with a faint smile.

Old Han grinned. "What are you looking at? So engrossed?"

Jiang Linxian looked back again and then said indifferently, "Ancient stillborn."

"Huh?"

Han Fei felt as if his head was struck by lightning. Following his mother's gaze, wasn't that Senior Brother Undead? So, Senior Brother Undead was... that ancient stillborn?

Han Fei felt extremely shocked. He gaped in shock and said blankly, "Since the ancient six lineages are lineages, why..."

Han Guanshu said indifferently, "He forms a lineage alone. However, this person is indeed powerful. The dominator who fought him has clearly died."

"Forms lineage alone?"

Han Fei looked at Senior Brother Six God, who blinked. "Don't look at me. I didn't know until now. However, I once guessed it."

"They've all appeared now."

Han Fei took a deep breath. The ancient human race, the ancient demon plants, the ancient strange beasts, the ancient demons, the ancient insect eggs, and the ancient stillbirth had finally all appeared.

As for the identity of the primordial strange beasts, Han Fei had already known it. It could only be the ferocious beasts and divine beasts. He had already known it when he invited them to participate in the battle in the Chaotic Wasteland.

Rumble!

"Can you stop chatting? Come and help me!"

Before Han Fei could continue to be shocked, Senior Brother Lei Heng began to ask for help. Only then did Han Fei look at the four lightning domains.

At this moment, the four lightning domains were fusing. The four lightning domains were about to fuse. Senior Brother Lei Lei's appearance could no longer be seen clearly. He had completely turned into a lightning spirit.

Outside the lightning domains, densely packed ominous creatures were rushing forward fearlessly. Among them, many God Slaying-level ominous creatures had already rushed out of the Lightning Pool against the power of lightning and attacked crazily.

Senior Brother Six God said calmly, "Why didn't Senior Brother Undead help you?"

Lei Heng said, "He said to let me hold on for a while longer and experience more pressure."

Senior Brother Six God said, "Then try experiencing it."

Senior Brother Lei Heng was stunned and immediately said angrily, "Hey! Worm, you're too much. You're inhuman."

Senior Brother Six God was not worried at all. Instead, he teased, "I'm a worm! I'm not a human to begin with."

[God of Fishing](#)

Chapter 3420: Let Me Kill Jiang Taichu (1)

Senior Brother Lei Heng cursed Senior Brother Six God's ruthlessness. Old Han smiled. "When the four lightning domains are combined, it will be time for you to attack."

With that, the God Sealing Heavenly Book appeared in front of Old Han again, and the pages it flipped were the music of killing of the Creation Void Spiritual Drum that he had just absorbed.

In terms of strength alone, the Creation Void Spiritual Drum was definitely comparable to the God Slaying Demon Puppet. Therefore, as soon as this song was played, even if it didn't have the power to

dominate, its advantage was that its attacks were continuous. After the song ended, it would take some time.

As for the dominator-level ominous, on the one hand, it was enduring the suppression of the Primordial Seal, and on the other hand, it was continuously swept by the sound of slaughter. Even if it was a dominator-level ominous, it couldn't stay safe. Besides, it wasn't in a good state in the first place.

The sound of slaughter almost eliminated all the ominous aura emitted by the dominator. For a moment, all kinds of laws collapsed and Dao Patterns shattered.

Seeing this, Han Fei couldn't help but say, "This Creation Void Spiritual Drum seems to be quite strong."

Senior Brother Six God said, "Of course it's strong, but you haven't come into contact with it head-on. In terms of combat power, the Creation Void Spiritual Drum is at least at the Sea Quelling God level. If it's controlled by a dominator-level powerhouse, it can unleash the extraordinary combat power of a dominator."

At this moment, the dominator-level ominous crazily spewed out an ominous aura, and its body turned into a monster that looked like a giant ant.

Han Fei said, "He turned into a bug."

Senior Brother Six God's expression immediately turned ugly. "This is a Sky-Carrying Void Ant. It has eighteen feet and has the Heavenly Dao Mystic Runes on its back. At its strongest state, it can carry a world. However, the ominous can't change into everything. They also need to understand the body structure and the way energy circulates. Therefore, some Sky-Carrying Void Ants must have died in its hands."

Immediately, Senior Brother Six God shouted, "Cut off the seventh foot on its left and the third foot on its right. Cut off the red mystic patterns on its tail and you can break its Sky-Carrying Technique."

Upon hearing this, Han Guanshu didn't flip the God Sealing Heavenly Book this time. Instead, he stomped and set up an array in the void. A huge array map covered tens of thousands of kilometers. The Dao Patterns of the heavens condensed in it and turned into stars.

Swish! Swish! Swish!

Billions of sword streams spiraled like dragons and instantly shot out. The dominator-level ominous creature turned its dispersing ominous power into a hundred dragons that circled around him. Then, he roared, "You haven't entered the dominator level yet. How can you shake me?"

Han Fei was stunned to hear that. Old Han could kill all the Eternal Race members alone but he hadn't become a dominator yet?

However, Old Han chuckled. "The array controller doesn't have to become a dominator himself. Even if I'm not a dominator, how do you know that my array can't enter the dominator realm? Besides, the ominous dominator is not the dominator of all races. Why can't I shake it?"

Clank, Clank, Clank ~

Clang! Clang! Clang!

"Puff! Puff! Puff!"

The sword dragon drilled through one ominous dragon after another. Then, the sword dragon opened its mouth and spat out a sword shadow hidden at the core of the sword dragon, instantly brushing past the lower half of the ominous dominator's body.

The two ant legs were instantly crushed into powder.

At that moment, the other sixteen ant feet of the dominator-level ominous creature were all crushed by the Primordial Seal.

Old Han took this opportunity to approach him in an instant. The dominator-level ominous tried to lock Old Han with an ominous vortex.

At this moment, Jiang Linxian shouted, "Refine."

Whoosh!

The Primordial Seal seemed to be instantly ignited, burning with raging flames that instantly flattened the ominous vortex.

As for Old Han, divine brilliance was surging on his body. He raised his hand and summoned purifying divine brilliance, condensing it into a spear that shattered the tail of the ominous dominator.

"Pfft!"

In the next moment, the Primordial Seal suddenly sank, completely suppressing the dominator-level ominous. It was only a matter of time before it was obliterated by the Flame of Purification.

Han Fei witnessed this battle. On one hand, it showed how powerful Old Han and his mother were. However, Han Fei didn't dare to completely believe their strength now.

To be precise, the strength they showed was a little strange.

For example, Jiang Linxian was locked in the Time River. If she was so strong, how could she not be discovered? The Time Temple was not stupid, right?

Later, when they left the Raging Sea, their strength was at most in the Monarch realm. In the eyes of others, Old Han was only in the Sky Opening realm at that time.

However, over the years, they had only traveled and never cultivated. How could they directly reach the Sea Quelling God level?

This improvement was too fast. Either they had a concealment method stronger than Divine Concealment, or they didn't need to cultivate at all but directly increased their strength.

Han Fei could only think of one thing, which was their nine lives.

"Hey! Are you really not going to help me?"

At this moment, Lei Heng began to cry for help again. Han Fei and Senior Brother Six God couldn't help but turn their heads, only to see that the Lightning Pool where Lei Heng was was shaking. Because the four lightning domains were fusing with each other, the range was rapidly shrinking. After waves of

ominous creatures attacked, the scattered ominous power almost formed a mist, completely covering the four lightning domains.

Senior Brother Six God said solemnly, "If you pass this level, you'll be a Sea Quelling God! You'd better hold on a little longer."

"Ahhh!"

Senior Brother Lei Heng roared, and the Lightning Tribulation Fluid in the entire Lightning Pool began to form a liquid water ball. His voice buzzed. "Then Little Junior Brother, if I'm about to be beaten to death later, remember to save me."
