#### Chapter 3671: The Fourth Level of the Path of Invincibility, Mastering the Chaos (1)

"Impossible."

The eight ominous creatures were all shocked.

"You've already been trapped on the Path of No Return. How can you still return?"

Even Lei Heng and Feng Yu were extremely shocked and surprised. Senior Sister Shen Le saw with her own eyes that Little Junior Brother was dragged into the Path of No Return. How could it be fake?

These words puzzled Ximen Linglan and Han Chanyi. Earlier, the ominous said that Han Fei fell onto the Path of No Return, which could be said to be shaking the morale of the army. But now, Han Fei had already appeared. Why did they still say that?

Although Han Chanyi knew that the Path of No Return was terrifying, she had never seen it. However, unlike Han Chanyi, Ximen Linglan had seen the Path of No Return. Others didn't know the Path of No Return, but she knew it. She couldn't help but look at Han Fei with lingering fear. If this was true, did it mean that they would almost never see each other again?

Han Fei smiled. "Why can I come back? Do I have to tell you? Die!"

At that moment, the eight dominator-level ominous creatures immediately turned around and wanted to run. Come on, how could they shake Han Fei? They were not stupid. Of course they had to run.

However, their bodies seemed to be frozen, as if even that space and that world were imprisoned. All laws were no longer under their control, and their bodies seemed to be clasped by billions of threads.

Han Fei waved his hand, and a knife light appeared out of thin air. With puffs, it instantly pierced through the eight dominator-level ominous creatures. Then, the World Cleansing Fire burned in their bodies, and the large amount of spewing ominous mist was purified as soon as it dissipated.

This move stunned everyone here. They knew that Han Fei was very strong, but this was the first time many people had witnessed him being so strong.

Feng Yu looked at Han Fei in shock. "Is this... so casual?"

Lei Heng sighed. "As expected of the only guy who has embarked on the Supreme Path in the past two eras. He's ridiculously strong!"

At this moment, the Demon Purification Vine had already been pulled out of the bodies of the three of them, and the ominous matter had all been absorbed. And the ominous matter frozen in the void was also quickly absorbed by the Demon Purification Vine.

Immediately, countless strong masters here came back to their senses.

"Human Emperor is invincible."

"Human Emperor, let's kill a way out."

"Human Emperor, we are willing to fight side by side with you."

"Roar! It's time to counterattack."

Everyone was excited. He could kill eight dominator-level ominous creatures with a flip of his hand. How powerful was this? And these eight dominator-level ominous creatures could have killed all of them.

Suddenly, Lei Heng's face changed. "Little Junior Brother, go help Senior Brother Azure Dragon and Fifth Senior Brother."

Han Fei nodded slightly. "No rush. Wait for me to break through this ominous tide."

The ominous tide that was rushing over didn't expect Han Fei to appear. Even if they did, they wouldn't stop, because most of them had no consciousness and only knew how to charge.

At this moment, the opening of the Chaotic Ice Domain was densely packed with ominous creatures that were about to rush in. Like a black pillar of light, it shot through the Chaotic Ice Domain from the Shattered Star Sea.

Han Fei raised his hand, and with a bang, another part of the Chaotic Ice Domain shattered, stunning everyone. The cave that the ominous spent a lot of strength to drill out was even weaker than Han Fei's raise of his hand.

Ka ka ka ~

Those extremely cold ice bodies were shattering, turning into thin cones. In the blink of an eye, they changed into billions.

Swish! Swish! Swish!

Billions of ice cones were blooming with divine brilliance, surging up like a rain of light. The ferocious ominous tide was annihilating at a visible speed. In less than half a second, the ominous creatures in the Extreme Ice Domain were wiped out, and the Chaotic Ice Domain immediately began to repair itself.

Swish! Swish!

Han Fei teleported, and in the next moment, they appeared above the Chaotic Ice Domain. Therefore, they saw the billions of ice cones shoot into the Shattered Star Sea like a pillar of light. Wherever they passed, no ominous creatures could survive.

The Sea Realm was only so big. The Chaotic Thunder Domain naturally knew what happened in the Chaotic Ice Domain.

Sensing Han Fei's appearance, everyone was relieved.

Senior Brother Azure Dragon shouted, "Okay, everyone, hold on a little longer. We're about to win a big victory."

Seeing Han Fei attack, the Ancient Dragon God immediately laughed. "We'll win. We'll definitely win this battle."

Xia Xiaochan clutched her chest and felt relieved. Zhang Xuanyu and Le Renkuang both heaved a sigh of relief.

Zhang Xuanyu said, "The ominous was so confident just now. I even suspected that Feifei had really fallen onto that Path of No Return."

Le Renkuang said, "Me too. It's said that there are two ominous existences above the dominator level, but none of them appeared for many days in a row. I suspected that Feifei led one of them into the Path of No Return."

Xia Xiaochan smiled and said casually, "We grew up together anyway. Do you have so little confidence in him?"

Zhang Xuanyu curled his lips. "I wonder who has been on tenterhooks these past few days."

Le Renkuang nodded. "Someone even asked us if we should go to the Path of No Return. Tsk, tsk."

Immediately, Xia Xiaochan blushed. "I didn't."

Different from the reaction of the myriad races, the dominator-level ominous creatures were all shocked. "How can Han Fei return?"

"Impossible. He had clearly fallen onto the Path of No Return."
