Chapter 3673: The Fourth Level of the Path of Invincibility, Mastering the Chaos (3)

The moment the Great Dao palm condensed by Han Fei crushed down, the bodies of nearly 50 ominous creatures disintegrated like rotten stars. Endless energy rushed in all directions, but no matter what, it couldn't exceed the range of Han Fei's palm.

However, it could be imagined that none of these ominous creatures could escape. Nearly 50 ominous creatures couldn't even withstand the power of Han Fei's palm, which stunned countless people present.

The ancient Dragon God said in shock, "Above the dominator realm, this is definitely the peerless power above the dominator realm? Han Fei, what realm is this?"

The ancient Dragon God might be the one who had lived the longest and was the most shocked and excited among this group of people. No one in the myriad races had ever reached this realm.

Similarly, among the myriad races, no one had ever been able to kill 50 dominator-level ominous creatures with a single palm. Whether in the Chaotic Era or any other era, there was no such person.

In the Chaotic Star Sea, a peak-level dominator only had 49 pieces of Star River Source Power. How could he suppress nearly 50 dominators at the same time? Therefore, there was only one answer, which was above the dominator level.

"Above the dominator level?"

"Hiss ~"

"Is there really such a realm?"

"Heavens, I've never heard of it since ancient times."

"Has the Human Emperor really reached this realm?"

Not far away, the corners of Ximen Linglan's mouth curled up slightly. This was her man.

Han Chanyi looked at the magnificent figure and couldn't help but be shocked. She felt that this was the first time she had worshiped someone so much. Since she was young, she had been extremely talented. She had never met an opponent in the same realm as her.

Even so, she was not proud, nor did she stop polishing herself, just so that one day she could catch up with Han Fei.

However, at this moment, she discovered that there were some steps that she could only follow. There had never been anyone like Han Fei who had transcended the dominator realm.

Han Fei didn't hide it and said frankly, "This realm is called Immortal."

"Immortal?"

The ancient Dragon God's body trembled. In his life, he finally knew the realm above the dominator realm. He was too excited.

As for the remaining dominator-level ominous creatures, they were already desperate. Perhaps, including Hongjun's ominous body, no one would expect that Han Fei could return. Not only did he return, but he had also stepped into a higher realm.

Han Fei attacked again. His palm glowed, and the law of life was flowing. The remaining peak-level dominators' River of Life appeared and was torn apart by Han Fei.

"Is this the Immortal Level?"

At this moment, everyone who could witness this battle was horrified. The enemy they fought with all their strength was like fish meat in front of Han Fei.

A dominator-level ominous knew that he would definitely die, so he roared, "Han Fei, when our master returns, even if you surpass the dominator level, you won't be a match for him..."

"Hmph!"

As Han Fei clenched his hand, the remaining dominator-level ominous creatures all exploded.

A battle that was almost impossible to win was turned into a victory because of the appearance of one person.

Senior Brother Azure Dragon hurriedly asked, "Little Junior Brother, where are Senior Sister Shen Le and Senior Brother Undead?"

Han Fei was also a little worried. "They have fallen into the Primordial Star Sea. When I solve the ominous powerhouses in the Chaotic Star Sea, I will go there immediately."

Han Chanyi asked, "The ominous creatures said that they still have a master. Is he very powerful? Are they in danger?"

Han Fei smiled. "It doesn't matter. I can fight him."

With that, Han Fei's figure flashed, crossed the Chaotic Thunder Domain, and appeared outside the Thunder Domain. In the next moment, everyone saw a dazzling golden light burst out of his body. His invincible will turned into a tangible light, which was like a sword that broke through the void.

Buzz!

At that moment, billions of kilometers away, a huge eye slowly appeared. If one had to describe the size of this eye, it might be bigger than the Sea Realm.

"Hiss! What is this?"

"Ominous?"

Countless people were shocked. Such a big thing was only an eye? Then how big was the entire body?

This time, all the strong masters of the myriad races, the undead who were fighting in the Shattered Star Sea, and the Death God who was fighting an ominous peak-level dominator all saw this magical scene.

While countless people were horrified, Fifth Senior Brother finally said, "Everyone, calm down. If I'm not wrong, this should be the Eye of Heavenly Dao."

"Eye of Heavenly Dao? What is that?"

"I've only heard of the Heavenly Dao Dharma Eye, but I've never heard of the Heavenly Dao Eye. Are the two the same?"

The ancient Dragon God said leisurely, "The rumors are actually true. The Heavenly Dao has eyes, representing the Heavenly Dao of the entire Sea of Stars, and the Heavenly Dao Dharma Eye is just a wisp of its law."

Senior Brother Azure Dragon asked, "What is Little Junior Brother going to do?"

Fifth Senior Brother shook his head slightly. Han Fei had reached the untouchable level above the dominator level. Therefore, they didn't understand what Han Fei was going to do at all.

At this moment, between Han Fei's eyebrows, the Invincible Eye opened, and a golden pillar of light shot out of his eyes at the Heavenly Dao Eye.

Under everyone's shocked gaze, Han Fei stepped forward and slowly said, "By obtaining the myriad Daos of the heavens and controlling the great trends of the world, one can control the chaos and enter the fourth level... of the path of invincibility."

Buzz!

The golden pillar of light that spewed out of Han Fei's eyes fell on the Heavenly Dao Eye and quickly spread out, gradually covering the entire Heavenly Dao Eye until the latter turned dazzling golden.

Then, the Eye of Heavenly Dao began to shrink and finally reflected in Han Fei's eyes. But in everyone's eyes, it was as if Han Fei had swallowed the Eye of Heavenly Dao.
