

Wife 84

Chapter 84

Chuck said, “I don’t get it. We’re both men, and she’s a woman. How can she treat us like buddies? Yohan, do you ink Mandy might be into women? Maybe she prefers girls over guys, so she only sees us as friends and isn’t interested.”

Yohan and Chuck were considered the most outstanding elites in Donford City.

Although Chuck wasn't originally from the city, his studies, work, and numerous properties there make him a prominent figure. He fitted in perfectly with the local elite.

The fact that Mandy remained indifferent to both of them made Chuck wonder if her sexual orientation might be the issue. (w)ww.NoVèLworm.CoM

Yohan spat his coffee all over Chuck.

Chuck was speechless.

Annoyed, he quickly grabbed a tissue to clean his face. “If your don't like the coffee, don't just spill it everywhere. And to top it off, you spilled it on me. Lucky for you, I'm not wearing a white suit today, or you'd have ruined it.

Mandy spilled her coffee at Yohan’s house earlier that day. Yohan was doing the same to him, and it felt like he was avenging Mandy.

“If Mandy heard you doubting her like this, she’d throw a whole cup of coffee at you.”

Yohan continued, “We’ve all grown up together and are very familiar with each other. It’s not surprising that she doesn’t have. any romantic feelings for you, just like I don’t have such feelings for Mandy. Many people have questioned our orientations. What

Chuck responded, “If what you said is true, it does sound like there might be something wrong with her.”

He looked at his friend sympathetically. “You've held out this long, and a couple more years won't make much difference. Mrs. Morris Senior can't force you to do anything. Why rush into a marriage? Now you’ve ended up with someone who might be mentally unstable.” (w)ww.NoVèLworm.CoM

“A rushed marriage is unreliable. You don't have feelings for each other and don't know the other person well. It's better to have a relationship like mine with Mandy. She even knows about how I wet the bed when I was a kid.” (w)ww.NoVèLworm.CoM

Yohan remained quiet. He didn't want to rush into a marriage either. But he was pushed into it by Bonnie's relentless pressure. She kept emphasizing that she was running out of time and wanted to see him get married He was so frustrated by her.
