127 Summon Ticke

"Sherry, wait a bit. We are going for a peace talk, but suddenly fighting like this is a bit... Let's just call it off"

"Wuu"

"Don't worry. Even if I got injured. The peace talks will still continue, I will see it objectively." The old demon said.

Alex looked at the old demon's eyes for a while. He then turned to the demon lord who nods his head.

"But, the one I want to fight is you"

"Wuu Wuu (You're not qualified)"

"Shut up. You are the Fox that I see back then, right? You can talk big now?"

"Wuu Wuu (If you want to fight Master, you need to take three of my attacks)" Sherry pointed out three fingers on her cute paw.

"Hmph, fine!"

"Wuu"

"Come!"

Sherry releases her flame. But because of her contract with Alex and pretty much linked them and Alex forgot to switch off his Pure Fire. Sherry's Fire now is the same as him, A Pure Fire.

She made numerous Fire Arrows. It raining down toward the demon. The old demon who saw this raised his sword. His sword starts glowing. When the first Fire Arrows almost reached him, He slashes it down with his Sword, one by one.

"That's one. Next!" He didn't notice that there is a little burn on his hand.

Sherry raises her paw and swung it down. A big fire Paw comes from her small paw, it going to whack that old demon head. She has copied all of Alex's flame skills, including the Fire Phoenix Art. This is the skill that she copied from Alex's Fire Claw.

The old demon felt dread in front of this fire. He still didn't know this is Alex's Fire. He raises his sword and swung it down. A sword wave flew toward the Fire Paw.

"Boom!" The two attacks destroy each other.

The first attack has been neutralized. "That's two. Next!"

But suddenly, Sherry shrunk again to her small form.

"Haha, you can't take it anymore? This is still the second attack"

"Sherry?" Alex was confused about why she suddenly went back to her small form.

"Wuu Wuu (I got accustomed with this form and now it becomes more comfortable to use this form)"

"Is that so... what are you going for the third attack?"

"Wuu (It's a surprise)" Sherry looked at him with a big star on her eyes.

Alex didn't know why but he felt something bad about this. He looked at Sherry who raised her two paws above her head. A big fireball appears. its size was three times her original form. Alex on the side looked at the big fireball. He felt something familiar to that. "Don't tell me..."

Sherry swung her paws down, the big fireball flew toward the Old Demon before suddenly become a Fire Phoenix.

Alex facepalmed. The old demon saw the big fireball suddenly turned to Phoenix. He was shocked, but more importantly, he got scared of the power of the Phoenix. If he got hit by this, he might be a roasted demon instantly. He dodges to the side and the Phoenix passes him. When he thought he is safe, The Fire Phoenix suddenly turned away and chased him again. Sherry controlling the Phoenix skillfully. He runs away from the Phoenix. Sherry continues to control the Phoenix to continuously chase the Old Demon.

"Wuu Wuu Wuu (Don't run away. Didn't you say you will take my attack? Take this Phoenix)"

The chasing game continues for a while. Sherry happily controlling the Phoenix. The Old Demon regret what he said. If he takes this Phoenix head-on. If not die, he will at least severely injured. Alex looked at her playing for a while, shake his head. He walked to her and pat her head. "Alright. You should stop"

"Wuu" Sherry seems a bit reluctant to stop.

Alex smiled, "We need to go home soon"

"Wuu" Sherry nodded. She raised her paw, the Fire Phoenix stopped chasing the Old demon and flew to the sky. After it reached the sky, it exploded. The explosion was bigger than expected. The Old Demon gulped down, he still underestimated the power of that Phoenix. If he hit by that, he will be burned to dust. Not only him, the demons felt dread at this very moment.

"Wuu Wuu Wuu" Sherry looked at the old demon, she crosses her arms and shakes her head. The old demon was angered.

But the Demon Lord, Zhar glared at the old demon. "Enough"

"Yes. Young Lord"

Sherry went back to Alex. After patting her head a few times, she goes back. Alex looked at his Teacher.

"The meeting will be held tomorrow in this place. Is there any objection?" Marco announced it loudly

There is no objection from the other races. The demon went back to their encampment. The five-race leaders come to him.

"It seems that we didn't need soldiers. Now I feel bad to make them rush to here. They are still on the way, right? We should inform them" Alex said

"It's because of Sir Alexander. Your power alone holds more weight than our soldiers" The Elven Queen said. "I will inform our soldiers to go back first"

Alex nodded, "Thank you"

...

The next day, in the same place. There are three big races come here together. The Demon race's representative is their Demon Lord, Zhar. The old demon from yesterday accompany him. From the Demihuman side, All five leaders come together. On the Human side, from Zircodina, Rieze will be the representative while the Old Marshall accompanying her. Holy Kingdom representative is the Pope, Maria accompanying him as a priestess. And the last one, from Acacia Kingdom. Their representative is Alex, while Dean Marco and Bryan accompanying him. After consuming many pills, Bryan has restored his health.

Zircodina will pay 20% of their wealth because of their aggression, The Holy Kingdom also needs to pay 3 years worth of revenue. The Demon won't do anything to them for twenty years. Alex and the Five Leaders become the third party that oversees the peace talks. Because there still no big fight, it was pretty easy to solve them.

...

After the peace talks, The demon, Zircodina Kingdom, and Holy kingdom retreat to their respective home. Alex saying his goodbye to five leaders.

"Thank you for the help"

"Please don't say it. It's us who need to thank you for saving our Divine Tree and repairing our Array", The Elven Queen said.

"You guys are invited to my wedding"

"Sure, we will come" The Elven Queen agreed, the other leaders also nodded.

"Ah"

"What happened Sir Alexander?" Centaur Leader asked.

"No, I am just thinking that Titan Leader didn't need to come. He will take too much place"

"What?" The Titan Leader was shocked.

"Haha...!!!" All of them laughed happily except the Titan leader who is currently sulking. The dwarf leader unusually laughing too loud. "You are too big. You are going to take too much space."

Well, they are a contrast, after all, one is too small and one is too big.

"Shut up, you are just too small. Stepping on you was like stepping an ant." The titan leader mocks him

"Hoo... You want a go?"

"Oh, and maybe Elven Queen didn't need to come too" The Druid Leader said

"Wha- why?" Elven Queen desperately asked.

"Back in the party. When you are drunk, you said you wanted to be his S*x slave. Since it is a wedding, there must be wine too. You are a very light drinker. if you are drunk in there and suddenly saying that you, the Elven Queen, wanted to become his slave. Wouldn't you just ruined his marriage?"

"What! I don't" the Elven Queen looked at Alex. "Sir Alexander, I won't..."

Alex drops another bomb to her. "Well, you are beautiful. Won't you become the center of attention if you come?"

"Wha" The other leaders laughed except her and Titan leader. "that's right. You can't ruin his marriage"

"Then, I will send my daughter to represent me. She can also become one of the brides"

"NO!" Alex rejected it immediately.

"That's right. You can't do that. If he needs another bride, then I think our dwarven girls will be the best choice. Even though we, dwarves, have a small body. We are very vigorous, especially in bed"

"No, it should be us, druid, that will become his bride. Druid women are good at taking care of others, Lovely and gentle wife in the day and..."

"Shut up! You just need to love your wood! The woods in your territory are big, right? Just use those woods to relieve yourself" Centaur Leader retorted him before he finished his words.

"I start to regret inviting you all to my wedding..."

All of them froze. Alex laughed, "Just kidding. Please come to my wedding in one month. See you later"

Alex disappeared.

...

Dean Marco, Leyfon, and Bryan already go back first. Draco need to lead the soldiers back, so he can only arrive at the Capital a few days later.

Alex went back home. He didn't go to the castle, instead, he went to Rizertia House. He opened the familiar door slowly, there seems to be no one in the house... Well, it might be because his teacher and grandfather-in-law have come home, they go to the castle. Alex goes back to his room. Because too much happening in a short time, he didn't have any time to rest.

Alex sits on the bed. He opened his system. He is curious if stopping the war is one of the special missions. But when he opens the special mission, he was surprised that all of them have been cleared.

[Mission 1 (Completed)

Reward: Premium Ticket x5 (Claimed)]

[Mission 2 (Completed)

Objective: Stop the war

Reward: Premium Ticket x5]

[Mission 3 (Completed)

He was confused about one thing. "Killing the hero was bigger than stopping the war?"

"System?"

[In the path of cultivation, The hero is like your heart demon that restricting your path in cultivation. While the war is only another matter that will solve sooner or later. That's why killing the hero is bigger than stopping the war]

Alex now recalled that when he killed John, he felt that the burden in his chest lifted up and his mind become very clear at that moment.

"I see" Alex nodded, he claims the rewards for those two missions. Now he has 15 premium tickets.

[Mission 1 (Completed)

"System, now that I have finished all of them. Will I get any mission later?"

[Don't worry about that, Host. You will get it after you go to the upper world]

"Then, how about my normal mission?"

"Woah, what the heck. I can only kill those monsters in the dungeon. Whatever, I can't kill them for now"

Alex checked his ticket status.

[Gacha Ticket 451x

Premium Ticket 15x

Dart 0x

Summon Ticket 0x]

Alex was surprised to see a sudden appearance of Summon Ticket in his panel. "What is this summon ticket?"

[Back then, when Host wanted to search your wife between the countless worlds. Host had unconsciously thought about making a faction to help you to search for your wife]

"Ah!" Now he remembered about it. Back then, he didn't have Box of Time that could seal Alicia inside. He assumed that he can only let her die helplessly and search for her reincarnation and somehow help her get her memories back. But now, he has Box of Time with him. His path has changed. His Master, Maxwell, will help him taking care of Alicia and Firia. Now that he thinks about it, the appearance of Green Devil Poison was also unusual. His Master claimed to be a god. But he can't cure Alicia. What kind of powerful poison is that? Even a god can't cure it... Maybe he will ask his teacher or investigate it himself. But that was the story for later.

The problem now is the appearance of Summon Ticket in front of him.
