

Gacha 178

178 Hard Figh

The Fatty suddenly came inside the room and saw a big blazing pond. He felt a very dense Spiritual Energy on the Pond. But suddenly he noticed Alex, who is standing beside the Pond and looking at him. He looks at Alex, who is younger than him a few years, and his cultivation is only 4-Star Martial Master. He was immediately looking down on him.

"So you are the one who found this cave. Since I'm in a good mood today. I will kill you, painlessly."

'What the heck with this Fatty. He came and wanted to kill me? It seems he is that type of man. If Anna were here, he would be lusting in her and say something vulgar' Alex's expression darkened. It seems that a fight is necessary.

"How dare you ignore me. Don't you know who I am! I am the great Xian Hui, the third young master of Xian Family, one of the most prominent families in the Zhou Kingdom. It's your honor to die in my blade. I even offered to kill you painlessly. But since you, a puny 4-Star Martial Master didn't know what is good for you. I will kill you in a very painful way." The Fatty said as he pulled out his sword and charged at Alex with that oversized body.

Alex sighed inwardly, this Fatty is so unreasonable, he bet this fatty always takes everything for granted. "Xian Family? I never heard of them. Since you want to kill me, then don't blame for otherwise"

"You! I will torture you first before I kill you. I will let you know, granting you death is a relief for you."

Alex took out his Spear and Sword. When the Fatty gets in front of him and swing his sword. He also used his sword to block it. But the moment he takes the blow, "Heavy!"

It's not because of the fatty strength. Instead, the heaviness comes from his body weight. It seems the Fatty used his body weight to power up his strength.

"Immovable Step" with the addition of power coming from his technique. Alex managed to make the clash become standstill. But the Fatty immediately released his spiritual energy, which makes his strength grow even more. Alex was starting to get push back again.

Alex's spear started glowing. He thrust his spear to fatty Xian's face. "Luminous Spear Technique. Pierce"

Xian Hui felt something wrong on Alex's spear. The moment Alex thrust his spear to his head. He avoided it. He retreated a few step backs. "Not only you use a sword, but you also use a spear. I change my mind. I don't mind having you as my underling."

"Dream on Fatty. I don't mind chopping you into pieces. I'm sure your body can feed many a small family for a week if they don't mind cannibalism."

"You. How dare you say that to me. I'm the great third young master of Xian Family. I'm so generous to offer you to become my underling. But you didn't appreciate that. I'm going to torture you first before I kill you."

"You already said that before. It seems all the nutrients go to your body, not your brain. Be more creative, Fatty."

"You! Don't regret it" the Fatty thoroughly angered by Alex. His sword also started glowing.

"Sword Serpent"

Suddenly a massive snake appeared from his sword. It's moving toward Alex. Alex raised his spear to test out what kind of Martial Arts is this.

"Luminous Spear Technique. Pierce"

The stream of light flew toward the snake, but the snake suddenly open its mouth and swallow the light without any problem. Alex frowned. The moment the snake wants to swallow him. He suddenly disappeared. The fatty thought Alex was swallowed by his snake. Alex appeared above the snake.

"Sanguin Sword Art. Fourteenth Slash"

He used his Sanguin Sword Art at point blank range, and surprisingly, Alex managed to cut the snake. The Illusory snake soon disappeared. That means the snake is your ordinary Sword Art.

"Desolation"

He didn't stop there. As soon as the snake disappeared. Five illusory sword appeared beside him and flew toward the Fatty.

"Hmph! You want to fight me with this weak Martial Arts. Dream on." the Fatty only snorted upon seeing Alex's meager Sword Art. It's not even a Profound Tier Sword Art. "This is a Profound Tier Flame Arts. Eagle Authority"

Soon, Five eagles made up by flame appeared and destroyed Alex's Desolation. After destroying his desolation, they made their way toward him.

Alex smirked, he thought, 'I can say that too. You want to fight me with this weak Fire Arts? Dream on'

"Fire Phoenix Art, First Stage. Phoenix" He swung his hand horizontally. A big Fire Phoenix suddenly appeared from his hand. Just like a king, the Phoenix swallow those puny fire eagles. The scene surprise the Fatty, "What! How can your fire be stronger than mine? The Pond must be the reason. That's right. I will kill you and take everything from the Pond. You are really not worthy of taking the Pond."

The fatty suddenly appeared in front of him. This time, it was Alex's turn to get surprised. Despite his big body, this fatty sure can move very fast. The moment he appeared, He is trying to punch Alex in the face.? "Tiger Bone Fist"

Although he was surprised by his speed. Alex immediately throw another fist to counter his fist. "Fire Phoenix Art, Second Stage. Fire Phoenix Claw"

Bang

The two fists collided. Alex was blown away by the force of Fatty Xian's fist while Alex burned his arm. Alex crashed on the wall and spat out some blood. When he looked at the Fatty's burned arm along with the smoke coming from his body because of his flame. He smirked. "Now you are roasted pork."

"You. How dare you did this to me. I'm the Great Third Young Master of Xian Family. My Xian Family won't let you off."

"Yeah yeah. I heard you. You are the one who wanted to kill me from the beginning. I just retaliated. Now that even if I didn't kill you, you would use your family to kill me. Then, the only option I have is to kill you right here." Alex said casually. He is planning to make the fatty angered to death. People with full anger tend to make a rash decision. Although the best option is to have Anna fight together with him, He didn't like this Fatty lusting over her. After all, she is his...woman? Not yet. Whatever.

Alex raised his sword. He needs to kill him as soon as possible. No way such a pampered person who is relying on his identity would go here without protection. 'Sanguin Sword Art? Might not be enough to kill him. Or do I need to release my Pure Fire?'

'I will try to use my Sanguin Sword Art first with my current Fire' Alex decided his course of action. He swung it down as a tyrannical Flame Sword Wave flew from his sword toward Fatty Xian. "Sanguin Sword Art. Elemental Fourteenth Slash!"

"Don't underestimate me." Suddenly, the Fatty took another sword from his Space Ring. Alex frowned upon seeing his sword. The Fatty immediately swings his sword. "Ruby Sword Stone"

With that swing, Alex's Sword wave instantly destroyed. "Haha, this is a Rank 4 Sword. Something like this is impossible for poor people like you. Never thought I need this sword and my Sword Intent. That feeling just now, I never thought you could send your Sword Intent flying even though you are merely at 4-Star Martial Master. I will give you your last chance. Kneel to me and acknowledge me as your master under the Heavenly Oath. I will let this go."

Heavenly Oath...This is the name of the most powerful promise under Heaven. Conn and other Elders from the sect also used this Oath when promising Alex to keep his identity a secret. Because the Heaven itself witnessing the Oath, the moment you break the promise, the Heaven will send its might to pulverize you. This isn't an option, especially for Alex. Alex only looks at him like looking at a fool.

"It seems you didn't know what is right and what is wrong. Then, I will kill you right now" Xian Hui know the meaning of Alex's gaze, he instantly angered. "Eagle Authority"

Now that the fatty is serious, Alex decided to use everything in him. There are two eagles this time, unlike the previous time, these eagles are big. It seems he sacrifice the number to build up the quality. He also can see the Fatty behind those eagles with His Spirit Eyes, "Pure Fire ON."

The Fire Phoenix Seed inside his body broke open, and his Pure Fire started gushing out from his body. The moment Pure Fire out, the other fires need to bow down. Alex stares at the two eagles and sends his Fire Energy. The eagles immediately pulverized.

"What!" The fatty obviously surprised by it. "What is that flame. How can your flame stronger than mine! I can't accept this. I will kill you."

The Fatty madly using all of his power in this swing. "Ruby Sword Stone"

"Sanguin Sword Art. Elemental Fourteenth Slash!"

The Fatty using his Sword Art to split Alex in two. While Alex using his Elemental Sanguin Sword Art at point blank range. He also used his Pure Fire to boot. The power was very extraordinary.

"Boom!"

Alex's Sanguin Sword Art is obviously the stronger one. It flew toward the ceiling and exploded. Unfortunately, it didn't take Xian Hui's life. At the last moment, Xian Hui managed to avoid Alex's Sword wave, but it still cost him his entire left hand. "Argh! You! My Xian Family won't let you off."

"Shut up. Dead men tell no tales." Alex coldly said as he raised his sword again.

"Hii, Don't kill me. I will give you my Space Ring, so please spare my life."

"I can take it after I kill you." Just as he wanted to swing his sword down, a voice echoed from his back.

"Third Young Master!"

"How dare you!"

Two people came, one of them is 1-Star Martial Grandmaster, and the other is 3-Star Martial Grandmaster. The situation turns to worse. One of them charges toward him, and the other one goes toward Xian Hui to save him. Alex immediately turned and swung his sword. "Sanguin Sword Art. Elemental Fourteenth Slash"

He was pushed back by Alex's Sword Wave. But the other one managed to save Xian Hui. He let Xian Hui down, leaning at the wall.

"Kill! Xian Jian, Xian Tao Kill him!" Xian Hui furiously shouted, which make the other one also walked toward Alex, leaving Xian Hui defenseless.

"Be careful. Even though he is only 4-Star Martial Master. He managed to defeat Young Master Xian Hui and also pushed me back." The one who took Alex's blow, Xian Jian, said toward the one who save Xian Hui, Xian Tao.

Alex needs to kill the weakest one first which is Xian Hui. In a split second, Alex took out Anna's Card and summoned her and then throw her card inside the Inventory again.

Fortunately, they didn't take Xian Hui far away. Anna suddenly appeared in front of Xian Hui as she swings her big scythe. "Dark Cut"

"You!" Xian Hui didn't have any chance to react before his head fly.

His servants noticed something happen behind their back and saw Xian Hui's head fly to the air.

"Third Young Master!"

"Curse you, woman!"

They madly rushed to Anna. Anna didn't panic as she darkness suddenly plunged inside the cave "Dark Curtain."

The moment 'Dark Curtain' is up, Alex immediately recalled her back inside the card. This was his plan when he chose to summon Anna. Unfortunately, there are several flaws in this plan. First, The moment Alex recalled Anna back, the 'Dark Curtain will be undone. Second, He can't summon Anna immediately in a short time. Like a 'Cooldown' period inside the game. Alex can't summon Anna in five minutes.

The moment 'Dark Curtain' is undone. Xian Jian and Xian Tao confused. The woman was nowhere to be seen and in front of them, only the lifeless body of Xian Hui. "Third Young Master has died. What will we do?"

"We will be executed even if we go back!"

"We can only bring his head and that woman head to pacify Family Lord. Since that woman is very pretty. I'm sure the Family Lord will be satisfied to have her accompany the Young Master."

In the meantime, Alex is confirming his second trump card. Upon reaching the agreement, Xian Jian and Xian Tao charged toward Alex once again to claim his life first. At that moment, Alex used his second trump card.
