189 A Satisfying Laugh

Evil Smile appeared on Alex's face. Since they only need proof, then how about making that proof now?

Alex took out Anna's card without anyone notice him. He asked her concern first. "Anna, would you mind?"

"Of course not, Young Master. I'm yours, I will follow your every order. But I can feel they are sincere to you, Young Master. That's why I don't mind doing that for them." Anna said in her card.

"I'm sorry to make you do this."

"Don't be, Young Master. That kind of bast*rd needs to be punished. Since this is the most possible and most satisfying way to punish him. Why not?"

Alex smiled apologetically. He set the summon to the place where no one would notice her. "Summon!"

Putri looked at him, "Did you say something, Junior Brother?"

"No." Alex shook his head, "You can call me Alex, Senior Sister. I'm sure it is easier that way. But it's up to you, though"

Putri only nodded at him. But suddenly, a loud noise shattered the surrounding silence.

"Bam!"

It was a clash between Song Yu and Izak. Alex saw the two people in the air.

"Junior Sister Song Yu, just give up. You can't defeat me."

"Hmph, it is only for a moment. The moment I surpass you are not long. Then I will make sure you can't have any descendant after that so you won't destroy any flower again."

"Don't say that. I'm the one who loves you the most. My heart is for you alone. Why are you never appreciate this feeling? Many women want to be my woman, but I rejected them because in my heart only has you." He said like he was wronged by her words.

Suddenly another uproar appeared on the side. Both of them looked at the direction of the uproar. They saw a lady with peerless beauty walking slowly. Long black hair tied in a ponytail reaching her waist. A pretty face that makes her look like a beautiful rose that stands alone in a snowy mountain, enchanting purple eyes. Two sexy curves on her body, long black robe with purple and blue pattern, tight black shirt, and black mini skirt. Her clothes made her peerless body go beyond. It can be said, her beauty alone surpass Song Yu and Putri.

She just like a night butterfly which flying on their beautiful dream.

"Who is she?"

"She must be a goddess."

"I wish to embrace the goddess."

"I don't mind dying if I could do that."

Of course, in the air. Izak's lust went through the roof. He has never seen a beauty like this, it can be said Song Yu is a bit pale for comparison. He looked at Song Yu, "Song Yu, since you have never appreciated my feeling. Don't blame me for leaving you."

Song Yu immediately knew what he was thinking. Before she could stop him, he had arrived in front of the black haired lady.

"Hi, Beauty. I feel the Heaven has sent you to me. How about a dinner after this? I know a perfect location for our dinner. Oh, that's right. I'm rude. Let me introduce myself, I'm Izak Qinde, the son of Heavenly Sword Sect's thirteenth Elder. I'm the number one talent in Heavenly Sword Sect, and I will be the sect leader in the future. How about it? We can talk about ourselves in detail later."

"I'm sorry. I need to decline your intention" With her soothing voice. It embraces their heart dearly. It makes Izak wanted to possess her more and more. He looked at the 6-Star Martial Master Cultivation Stage of Anna. He was no longer polite to her.

"Lady, I'm a Martial Grandmaster while you are only a 6-Star Martial Master. It's better to accept my invitation if you know what is good for you? It's your good fortune for you to make me like this. If it's not because of your beauty, do you think anyone wants to pick your puny 6-Star Martial Master strength? Beauties would line up for me if I wanted them. But I can reject all of them for you" Izak become so rude after knowing her cultivation. He can't be this rude when facing Song Yu, who has the same cultivation. But for this 6-Star Martial Master, he can grasp her anytime he wants.

"So, what you mean, I should accept this invitation?"

"Of course!"

"Then, let me ask you. If that female rejected all of her suitors just for you. Will you accept her?" Anna pointed out the ugliest woman in the area. She pointed at a blue haired girl with long bangs and an ugly face. She looks like a ghost. She didn't have any grudge against her, that's why she didn't say anything about her look but just pointed at her.

"Of course. I will reject her."

"According to you. You can reject any woman...but why can't the woman reject you?. You are just persistent. You can reject any woman for me, but that doesn't mean I need to accept you because of that. Heaven send me to you? You are only daydreaming. It's your lust who talked just now. As long as the woman pretty enough, you will just abandon the previous one like what you did just now to the woman in the air. You forced people to your own ideal. If there is another woman prettier than me, I'm sure you will abandon me too." Said Anna as she disappeared into thin air, just like an illusion. Never thought a beauty like that was only an illusion. All of it like unreal, but the effect was real.

Every word she said just now was like a slap on his face. It was as she said, it was only his lust that talking. He can reject many women for her. Is that mean the woman also needed to accept him only because of that? And that last sentence, he will surely abandon her if he finds another woman who was prettier than her.

It was a big and hard slap. Never thought, the one who said that was only an illusion. He just flirted with Song Yu, but when Anna appeared, he suddenly abandoned her. Now that Anna also 'abandoned' him. He had completely lost his face here. His face became pale, "Who? Who used that illusion? Come here, you bast*rd. I will kill you!"

The one who satisfied the most was obviously Song Yu. "Haha, It's truly as she said. I don't know who made her, but I truly need to thank him/her. I can see your true nature, no, it is not just me, it's everyone here can see that"

"Song...Song Yu, listen to my explanation."

"What explanation? Isn't that enough? What? Do you want to say that illusion seduce you? No, the illusion didn't seduce you, but it's your lust take over. Just like she said, you will abandon me if you meet someone prettier than me. You and I are never a match. Scram!" Song Yu shouted so everyone can hear it.

"You...you..." He was furious. He spat blood because of his anger. If look can kill, not only the people surrounded him would be killed, this place would be nuked to the ground with his look alone.

"Just you wait!" Izak escaped, what can he do after that situation? Nothing, whatever he did, will only worsen the situation. This news would be spread from one person to another until everyone on the sect heard about it. It made Izak didn't have any face to face others in the sect. Because of his talent, his father made him closed himself inside his home for a few years to save his face instead of disowning him.

"Gahahaha!" Song Yu laughed like crazy. Maybe this was the most satisfying laugh she had in her life. Even Putri giggled very much as her elegant posture started breaking, and she tried very hard to maintain her elegant posture. It seems that her elegance really rooted deeply in her flesh.

Alex smiled. He also felt happy for them. Well, they have helped him back in the battle tower, and he also will be in their care from now. So helping them like this was not a problem. And he also did it without a trace. So it's safe!

"Alright. It's already over, So do your own thing, now go!" Song Yu said to the disciples who were on the scene. After hearing her order, they started leaving the area. Song Yu looked at Alex, "Have you picked your Martial Art, Junior Brother?"

Alex nodded. Then she landed in front of Alex and looked at him mysteriously. Alex confused by her sudden action, even Putri also confused by this action. "Senior Sister?"

"You must be the culprit."

"What do you mean, Senior Sister?" Putri asked. Of course, she would be confused, 'why suddenly her Senior Sister said Alex was the culprit?'

Before Alex said anything, Song Yu continued. "Don't say anything. I know you are the one. Don't underestimate my hearing."

Even though she said she didn't know who made the illusion, it was a lie. In fact, she already knew the culprit. She was born with exceptional hearing skills. When Alex came outside and spoke with Putri, she already recognized him. Then, when he said 'Summon'. It sealed her speculation.

"I don't know what you mean, Senior Sister" Of course, whatever it is, no matter he is busted or not. He needs to keep his ignorance.

Song Yu suddenly came closer to him with a very dangerous eye. As reflect, Alex also took a step backward. Song Yu then took another step closer. While Alex took another step back. They continued doing that for another few steps before suddenly, Alex was stopped by a wall behind him. Then Song Yu immediately slammed her hands to the wall.

"Bam!"

Alex suddenly realized the situation he currently at and strangely excited about it. After all, this was...

'This...this...this is the legendary Japanese katedon.' But he can't get excited since their position was wrong! He was currently sandwiched by the wall and Song Yu. It should be otherwise! He should be the one who was on the outside.

"Senior Sister?" Alex was scared when seeing her dangerous eye.

But suddenly, Song Yu lost her dangerous eye then said. "It's fine if you don't want to admit it. I don't know what you do, but I know that one is your doing. I really want to say 'Thank You!'. At this moment, I'm glad I accepted you as my protege. Since your name is Alexander Sirius...calling you with Alexander is a bit too long, how about I call you Alex?"

"Sure, I don't mind" Alex nodded.

"Good! Then let's go back to our house." Song Yu said happily. Her heart will be full of joy for a few days, it seems.

They reached the Ninth Peak in a few minutes. They went toward Song Yu's house. It was the mansion closest to the peak. Of course, the house on the peak is for the Ninth Elder. The house itself was close to a medieval mansion. It was made of brick with a red colored rooftop.

The building wasn't that high. Instead, it was wide as the building itself spread to the side, circling a quarter of the peak. There were a few big stone fields here and there. It seems the house also split into four sections.

(AN: For a better visualization, it was close to Tiger's Nest Monastery in Bhutan. You can visualize four of them side by side.)

"This is the house. It is split into four quarters. Mine and Putri's are on the center, I'm the right one, and Putri take the left one. Since Master usually used the living quarter on the furthest right, So you will be living the furthest one on the left."

"Sure. I don't have any problem with that as long as I get some privacy" Alex said 'privacy' out of reflex. After the System and his spirits breaching his privacy 24/7. He really wanted some space for himself.

"Privacy? Of course, although I don't know why you said that but we won't bother you. There is a crystal inside the living quarter. You can inform us that if you have any questions. We will also inform you first before going to your place." Song Yu said.

"Umm, thanks" Alex suddenly embarrassed. He really blurted all of it out of reflex.

"But today, I think my master wants to talk with you. So after this, I will inform my master first. As for guiding him and explaining things about your living quarter. I will leave it to Putri."

"Understood." Putri nodded. Alex also nodded.

After that, Song Yu entered her living quarters. Putri looked at him, "Should we?"

Alex nodded. Then, Putri guided him to the living quarters on the very left. Before they entered the place, Putri called him. "Alex...I can call you this, right?"

"Yeah, It's fine, Senior Sister."

Putri nodded, "I want to thank you for what you do. That Bast*rd is really annoying, I want to help Senior Sister but don't have the ability to do so. I'm really useless. After she did so much for me, I can't repay her. That's why, after seeing her laugh so satisfied like before, really put me at ease. I'm really thankful."

Alex smiled a bit, but he still keep being ignorant. After all, there is still no proof of his action. Of course, he knows they won't betray him...they won't...probably. Can't measure it in their first meeting. "I don't know what you are talking about, Senior Sister."

Putri only shook her head helplessly. "Let's go inside."

Alex nodded.
