

Gacha 250

250 Kill

The moment Anna's Dark Curtain up, Alex immediately tried to reach his claw on those people. Since they wanted to kill him, they shouldn't expect mercy from him.

"Gah!!" Alex killed the first one.

"What happened here? It's all dark."

"I can't see anything."

Alex smiled. The young people in front of him were not that experienced in battle. They relied on their eyes too much. If Alex were in their position, he would immediately activate his Domain in case he didn't have something like his Spirit Eyes.

"Gah!!" Alex killed another one. With this darkness, Alex could move freely with his Spirit Eyes. He could kill an inexperienced peak Grandmaster pretty easily. Of course, in a fair fight, it was not possible.

"Domain! use domain!" Someone shouted that.

They immediately activated their domain. Only three of them had it, and Alex could see who had a domain.

"Gah!!" Alex killed another one. That was three.

Finally, the domain touched the edge of the Dark Curtain and broke it. The light started coming back in their eyes, but at least, Alex was able to kill three peak Martial Grandmasters.

Their group consisted of Seven 10-Star Martial Grandmaster and three 9-Star Martial Grandmaster, Alex killed three 10-Star Martial Grandmaster since he wasn't foolish enough to waste his time to kill 9-Star Martial Grandmaster when he could kill those 10-Star Grandmasters.

The group immediately noticed what happened. Alex had killed three of them. All of them were enraged when they saw that. A 9-Star Martial Grandmaster immediately charged at him like crazy.

"Die!"

Alex didn't even look at the person who charged at him.

"You are the one who is going to die!" An angelic voice was heard before him. A black haired woman appeared out of nowhere. Not only was her voice enchanting, but her appearance was also a perfect, pretty face and gorgeous body. She was superior to Putri.

She swung her scythe and chopped his head. She stood beside Alex.

"What! You woman! How dare you!" Another foolish one came at him after blood filled his head.

After the second prince, Zhao Tian saw Anna. He immediately got aroused. Anna pushed every woman in his memory aside, and no one came close to her. "Wait, don't kill her, capture her."

"What!" The man immediately recognized Zhao Tian's voice. He stopped in confusion a bit. But Alex took that chance.

Alex immediately took Fabio's card. "Recall and... Summon."

Fabio appeared beside the man like magic. He said while swinging his sword, "You provoked the wrong person."

"Yo-!"

Fabio cut his head, thus killing him.

"Where are they came from?" The group was confused by the sudden appearance of Anna and Fabio.

Of course, it was different from Zhao Tian. Lust had filled his head the moment he saw Anna, "Capture that black haired woman. You can kill the others.

Alex narrowed his eyes, and he said, "Anna and Fabio will have one 10-Star Martial Grandmaster as their opponent."

"Understood."

"Alex, what about me?" Putri asked. She was still shocked by Anna and Fabio. She had seen Anna, but the last time she saw her, Anna was nowhere near Peak Grandmaster. To see Anna was a Peak Grandmaster, she started thinking about other unnecessary things.

Alex looked at her and pondered for a moment, "Sherry, Kyle, come out."

"Wuu!"

"Chirp!"

Both of them came out of Alex's body. They had transformed into their original form. Putri had seen Sherry too, but she hadn't seen Kyle. Not only her, but the people from the Zhou Kingdom group were also shocked, considering Kyle was a Phoenix.

"Pho... pho-phoenix!"

"Sherry will hold a 9-Star Martial Master alone. You don't need to fight it seriously, just make sure you buy enough time. I don't want you to be hurt again."

"Wuu!"

"Senior Sister will hold another 9-Star Martial Master down, and Kyle will help you. Although Kyle wasn't that strong, his fire is good enough to distract his opponent."

Putri nodded then asked, "What about you?"

Alex pointed his finger toward Zhao Tian. He said while releasing killing intent, "He is mine."

"What? But he is a 10-Star Martial Grandmaster, and you are still a 5-Star Mart-"

Without hearing Putri's response, Anna chose her opponent, "He is mine."

"Then, I will be his opponent." Fabio chose the brother of Xian Hui.

"Anna, Fabio. After finishing your opponent, immediately help Sherry or Senior Sister."

"Understood."

Putri was dumbfounded to see that they didn't care about Alex. After all, Alex took a peak Martial Grandmaster to be his opponent, they had a five star gap.

"Alright, since you have chosen your opponent, let's go."

Putri was carried away by the situation, and she didn't know why, but she followed Alex's direction.

Sherry and Putri, along with Kyle, met their respective opponents. Although Sherry was only a 6-Star Martial Grandmaster and her opponent was a 9-Star. She might stand a chance against him, considering the power of her fire and the training with Anna.

Alex moved toward Zhou Tian. After seeing Alex was the one who became his opponent, he laughed. "You are going to be my opponent? Hahaha, this is the biggest joke I have ever seen."

Alex wasn't bothered by his taunting. His expression was calm. "If that is your last word, you might regret it."

"You! Hmph, I will let you see the difference between us," He said while releasing his Spiritual Energy. But there was another thing that he released beside his Spiritual Energy.

He was an Axe user, so he released his domain, which was Axe domain. Alex could feel this Axe domain had a cleaving power. The domain was five meters wide.

He charged toward Alex with his ax. "Die!"

Alex jumped forward. They passed by each other. Surprisingly, a cut wound appeared on Zhou Tian's left arm. It was from Alex's sword.

"Impossible," Zhou Tian was shocked. He could see what happened in that split second. Alex also released his Sword Domain. And his domain was even wider than him.

After these two months, Alex had practiced his domain too and somehow managed to improve both of his domain by two meters. His Sword Domain had 7 meters while his Spear Domain became 5 meters.

Alex used his Sword Domain just now. Zhou Tian never thought that Alex might have a domain. After all, Alex was a nobody. If he was prepared for that, Alex might not be able to hurt him. In other words, he was careless just now.

"You!" Zhou Tian charged again. He won't repeat the same mistake.

Alex finally released his Sword Domain completely. When Putri looked at this, she couldn't help but mutter, "Monster."

But before he reached Alex, he threw his ax toward him. The ax started blazing with fire. "Great Emporium Axe."

Alex tried to parry it with his sword. He used every ounce of his one and a half dragon strength.

Surprisingly, when their weapon clashed, the ax exploded.

It gave the ax another force and blew Alex away. Alex wasn't injured by this, though.

Zhou Tian immediately used another attack, he appeared in front of Alex. His fist was on fire, and he was ready to punch Alex with it.

Seeing this, Alex smiled a bit. This was another reason why Alex wanted to be his opponent, except he hated him because of his words toward Anna and Putri. He had known his element from his Spirit Eyes.

"Fire Phoenix Seed, Open. Pure Fire, On!"

Alex's Pure Fire immediately gushed out of his body and moved toward his left hand. Alex threw his left hand against this fist.

"Fire Phoenix Art, Second Stage. Phoenix Claw!"

When they clashed, the fire on Alex's hand immediately suppressed the fire on Zhou Tian's fist.

"Argh!" Zhou Tian screamed while backing out.

"Your highness!" The others started worrying him. But they couldn't help him because they were tied with their respective opponents. Especially those who met Anna and Fabio. They got suppressed by them.

He looked at his hand and saw his hand was burned by Alex. He was enraged at this point. "How dare you!"

Zhou Tian shot out a few fireballs toward Alex. Alex smiled as fire started covering his body. Alex then waved his hands, and a Fire Phoenix appeared.

"Fire Phoenix Art, First Stage. Phoenix Summoning."

The phoenix was made by Pure Fire. When it appeared, all of those fireballs that were charging at him stopped. Even Zhou Tian felt the suppression of Pure Fire.

"What! Yo-you, how can you suppress my flame? You... don't tell me, you are a Pure Fire!" Zhou Tian was shocked by that. Even Putri dropped her jaw. To think Alex even had a Pure Fire Element. Putri knew Alex had a strong fire, but she never knew it was this strong.

Since he couldn't hide it anymore and Putri would be the only one who knew about it after this, Alex smirked, "You are right, but the price was only a gate to the underworld."

Alex sent his phoenix toward Zhou Tian. To his surprise, the ax came back to his hand after that throw. It seemed that the ax moved like a boomerang.

"Hii!" He threw his ax toward the phoenix. The phoenix engulfed the ax but destroyed in the process. Of course, the ax had been burned by the phoenix.

Zhou Tian took out another ax from his space ring. After releasing his Pure Fire, the battle shifted to his favor. But as expected from the five stars gap, he couldn't kill him easily. Alex might need an opening, and he could only do that.

Alex looked at Anna and Fabio, who almost finished their opponent. Sherry was still holding on with her opponent, but she was at a disadvantage, while Putri and Kyle were in a standstill.

Seeing their condition, Alex shouted, "Be ready!"

Alex didn't drop a hint in his words, but he gave them a hint in his action. A two meters green colored array appeared on his hand. Anna and Fabio already knew about this since they got a portion of his memory.

When Putri looked at this familiar green colored array, she immediately recognized it was the same array with the one he used to distract the Bell family. She plugged her ears with her hand. Kyle was a bit clueless but following her example. It was funny to see a Phoenix covered their ears...

Sherry changed back to her small form. She was the one who will suffer the most, considering her hearing was better than the others. She closed her ears first, then plugged it with Spiritual Energy, and lastly, she covered them with her paws.

"You! you are also an Array Master!" Zhou Tian couldn't believe it.

Alex ignored him as he had used his Spiritual Energy to block his ears. He flicked his finger.

"Death Song Array."

A disturbing high pitch sound was echoing around this place. There were a few roaring sounds from monsters as they were also victims of Alex's Death Song Array.

The people from the Zhou Kingdom felt like their ears burst when they heard the sound.

Anna and the rest attacked their opponent. Alex also tried to kill Zhou Tian. But it seemed that Zhou Tian could move as he avoided his death.

Even though he avoided death, Alex still managed to cut his other hand. He lost both hands, one from Alex's Phoenix claw and the other one from the strike just now.

"Argh!"

After losing both hands, Zhou Tian was not a threat anymore. Zhou Tian started shouting at him.

"You! I don't want your woman now."

Alex kept getting closer.

"I will give you many benefits if you spare me."

Alex didn't say anything.

"That's right, in my Space Ring had blood pills, you can have it. You can get stronger easily with those pills."

Alex maintained his silence. Although he was interested in blood pills, he can get it from his corpse. Nelson had told him about Zhou Kingdom putting a bounty in his head. So, how can he spare this crappy prince?

"You can't kill me. Don't you know who my grandfather is? I am Zhou Kingdom's second prince."

Alex had arrived on his front. He finally said something, "If you think two Martial Kings could stop me from killing you. Dream on."

Alex finally killed him. He then turned around to see the others' conditions. Fabio and Anna killed their opponent after Alex's Death Song Array. Fabio went to Sherry while Anna came to Putri and Kyle.

With the addition of them, they managed to finish their battle not long after.

He was lucky to have a Fire Element as his opponent. If his opponent had another element, he couldn't get an elemental advantage, and the battle would be prolonged until Anna and Fabio came to his aid.
