### **299 Inner Disciple Tournament 4**

"Supreme Wind Wing."

Putri used one of the Heaven Tier Wind Element Martial Arts that Zwaka gave her. This Supreme Wind Wing could make five huge tornadoes that were hard to destroy. And even someone managed to destroy it. She could make it with a single flap.

Although she couldn't master the second one yet, this was enough to win this battle. With this Heaven Tier Martial Arts and her rank 5 spear, Intan won't be able to defeat her.

"What is this Martial Art?" Intan was surprised once again when she saw this Martial Art.

She raised her spear and gathered the wind energy on her spear.

"Jewel Wind."

She threw a Jewel Wind onto the Giant tornado.

"Boom!"

The Jewel Wind and the giant tornado destroyed each other. But when Putri flapped her wing once again, the tornado got revived.

Even the elders were shocked by this Martial Arts. They knew how strong the tornado was, and with that kind of generation, it was a high Earth Tier Wind Elements Art if not Heaven Tier.

When they thought that, they immediately gasped. A rank 5 spear alone could make such an uproar. If it came with a Heaven Tier Martial Arts, the situation would become crazy.

"You hide all of this? How can you have all of this..." Intan screamed.

"I might not have a good situation in the family. But I have a good Junior Brother, Senior Sister, and Master." She said.

"No no. I am the one who should have all of this. Not you!" Intan screamed as she tried to break the tornados.

Putri sent the tornado toward her and blew her away.

Intan crashed into the wall and spat blood.

"I win." Putri looked at Intan.

The third elder also thought so, but before he announced the result. Intan laughed.

They immediately got confused about why she laughed like that. She looked at Putri and said. "You are the one who forced me to use this."

She only said, "Black Curse, Activate."

And suddenly, Putri spat out black blood in the air. The tornados suddenly disappeared, and Putri fell to the ground as her wings also disappeared. All of the energy inside her body suddenly disappeared.

Intan took this chance to arrive in front of her and point her spear on her neck. She looked at the third elder and said, "I win!"

Even the third elder didn't know what happened. But, Putri was indeed lost. He looked at Putri, who was on her knees and gritted his teeth.

"Kh! Intan Wulan Makmur Win." He finally announced with great difficulty.

Putri was in shock as she didn't know what happened. She suddenly lost all of her power, and before she knew it, she already lost.

The chain of the Heavenly Oath immediately bound her. She felt her hand was burning when she held the spear and unconsciously let her spear go.

Intan suddenly came to Putri and whispered something to her for a minute. But suddenly tears fell from Putri's eyes, and she screamed.

"No no no. That is impossible."

Intan whispered something to her again. After that, she said while trying to take Putri's spear and space ring, "Since you can not use spear anymore. So this spear is wasted on you. I will take great care of this spear. And that Martial Arts is suited for me."

Putri looked at the princess, who was on the stage. Suddenly she broke down and fainted.

"That is not yours." When Intan tried to take Putri's belongings, suddenly Song Yu slapped her hand away. Alex also appeared and caught Putri, so she didn't fall to the ground.

"She is not able to use a spear anymore, so it is better that I use it. This is a family matter!"

Charya and Evelyn also appeared on the stage. Charya was furious. She said while releasing her Spiritual Energy, "Little girl. What did you say? Care to repeat it?"

Another woman also appeared in front of Intan. She had short silver hair. Although she looked beautiful, she couldn't be compared to Charya's beauty. She blocked Charya's Spiritual Energy with her own. "This is a battle between juniors, how can an elder like you join? It is like she said, your disciple won't be able to use a spear anymore. My disciple should take it since they come from the same family."

"Even if she can't use it anymore, it will always be hers. Not you. And Anita, you better not butt in, I can't control my emotion right now. So you better be prepared if you want to stop me." Charya said.

The silver haired woman who came just now was Intan's master, the sixteenth elder, Anita. She had been continuously jealous of Charya, but Charya never cared about her. But at this time, Charya was furious. She would even kill her if she talked once more. Even Song Yu also showed such emotions.

The sect master suddenly appeared in front of them while releasing her Martial King aura.

"You two should stop now." The sect master said. He didn't support anyone in this situation. After all, both of them had agreed with the Heavenly Oath.

"Besides, Elder Charya. You should tend your disciple first," he said.

Charya and Song Yu immediately turned their heads toward Putri. Alex nodded.

At first, he casually observed the match with his Spirit Eyes. He thought after Putri released her rank 5 spear and Heaven Tier Martial Arts, she would win.

But suddenly, the black energy that was on her heart burst out. He could see that the black energy suddenly covered Putri's heart. At the same time, Putri suddenly fell to the ground powerlessly.

Alex saw the black energy was slowly spreading inside her body. He didn't know what this was. He thought it was because of the Martial Arts that Zwaka gave. But it seemed not to be the case.

Alex could not think of any possibility at the moment. So, at least, they should retreat now and treat Putri first.

Charya and Song Yu gritted their teeth. Alex handed Putri to Song Yu, and they flew back to the ninth peak.

But on their way, Song Yu suddenly stopped. She turned to Alex. "You should go back to the arena since you have one more match."

Hearing that, Charya finally remembered. Both Putri and him were important, so she couldn't abandon him too. She agreed with Song Yu. "That's right. You should go back to the arena."

"But, Senior Sist-"

"Alex!" Charya shouted.

Alex was stunned. This was the first time Charya shouted like this.

Charya looked with a sad smile, "We are fine, understand? Finish your fight first, then go back, alright?"

Alex wanted to say something, but the word stuck on his throat. He took a deep breath and said, "Understood."

He would finish the match as soon as possible and come back.

Song Yu turned to Evelyn. "Please watch this guy for us, so he doesn't do something foolish."

Evelyn didn't say anything and nodded. Although she worried about Putri, she also knew Alex couldn't skip his match. She tugged Alex's clothes and tried her best to smile. Even so, her sadness was still apparent on her face.

"It is fine, big brother Alex."

Alex closed his eyes for a moment and nodded. They flew back to the arena.

Seeing them disappeared, Song Yu and Charya continued flying toward the ninth peak.

...

On Charya's room,

Alex watched the match impatiently. The tournament continued, but the atmosphere became awkward.

Evelyn came to him and said, "Big brother Alex. Everything is going to be fine. Elder Charya and big sister Song Yu are taking care of big sister Putri."

Alex clenched his fist and let out a long breath. He was trying to calm his heart down.

The tenth elder came to Charya's room with Lena.

"Big sister?" Evelyn was surprised to see her here.

Lena hugged Evelyn and said, "It is fine."

"Tenth Elder." Alex greeted her.

She knew Alex's heart was in a mess. Well, after that happened, it was normal if Alex became like this.

"Don't worry about it. I don't know what happened, but it seems there is something inside Putri's body. I will try to investigate it." Miska said. Although Charya often made fun of her, their overall relationship was good.

After looking at this incident, she thought she would need to investigate it.

"Thank you, Tenth Elder." Alex thanked her.

"I know you are angry because of what happened to your Senior Sister. But you can't take it on another person." She said. She worried Alex might do something reckless to another person out of rage.

"Please don't worry, Tenth Elder. I know what I am doing." Alex said. Although Alex was furious, he didn't lose his calm. At least, he knew that the one who did this was that Intan. He didn't see Intan anywhere when he came back. But he would meet her in tomorrow's battle.

He would destroy her in that battle, not other people.

Miska looked at his eyes. At least she didn't find any trace of rage on his eyes. She nodded, "It seems your eyes are not clouded by rage. I will visit Elder Charya first."

"Yes. Thank you for worrying about me."

"Fufu, my disciple is the one who kept nagging me to visit you," Miska said while glancing at Lena.

"Teacher!" Lena's face suddenly flushed red. Evelyn was also surprised to hear that.

Lena started acting weirdly. She said, "I... I am just worried about my sister. Since she is fine, then I'm going. Master, let's go."

"Fine, fine." It was fun to tease her disciple like this. She thought, maybe this was the feeling that Charya got when she teased her. She was surprised to even think like that. She shook her head and walked toward her disciple.

Alex and Evelyn got shocked by Lena's statement. They looked at each other and chuckled. Before they left, Alex didn't forget to say, "Thank you."

When Lena heard that, she didn't look back. She only smiled and disappeared with her master.

Alex then continued to watch the tournament. But his turn never came up. He became impatient when waiting for his turn.

One hour...

Two hours...

One fight...

Twenty fights...

As time passed by, he started becoming more and more impatient. Even Evelyn also grumbled when Alex's turn never came.

Until finally, Elder Dolf announced.

"Alexander Sirius versus Elise."

The audience finally cheered on top of the lungs. This was the most awaited match for today. Elise was the former 10th place in the Battle Tower. But because of Alex's sudden appearance, she lost her top ten rankings.

'Would she defeat him?' This was the thought of most people in the arena.

After two hours passed, the awkward atmosphere slowly disappeared. And when their turn came, the situation became heated.

When Alex heard the third elder called his name, he immediately disappeared and appeared in the arena. Elise also did the same. She was very eager to fight this Alex.

"You were only a Martial Master a year ago. But I never thought you are going to reach this stage in a year. I don't know what kind of trick you use in the battle tower. But I won't lose to you." Elise said.

It was understandable why she said that. Alex's point was that ridiculous as even a 10-Star Martial Grandmaster like her or Eric Kasmanan could not get it. Let alone him, a 7-Star Martial Grandmaster.

Alex looked at this red-colored hair woman. Although she was somewhat beautiful and her strength should be powerful, Alex didn't have the time to waste at this match.

Alex opened his mouth, "I'm sorry. But I need to finish this match as soon as possible."

She was dumbfounded. Alex said like he was already convinced that he would win. She thought Alex was looking down on her. "You! How dare you talk big!"

Alex ignored her and looked at Elder Dolf. "Please start the match."

"You!" Elise looked at Alex hatefully.

Elder Dolf only sighed. Since both of them had prepared, he announced.

"Match Start!"
