

Gacha 312

312 Inner Tournament Disciple 17-Bai

When he came back to the arena, he looked at Vicky like he was looking at a fool. He had misunderstood him. He indeed had shown his ability by using Spear Intent and Spear Domain while holding a sword. Still, no one had proven whether he could only use a spear or a sword, one at a time.

But Alex was not complaining about it. Since Vicky thought that way, he would leave a gap to exploit. Alex smiled a little bit. If he wanted to finish this match as soon as possible, he might need to use both of his sword and spear at the same time.

Well, considering he would leave the sect for a period of time. He thought it would be fine to show it to them.

He recalled Vicky's last charge. Unlike the others, Vicky's charge did not consider his well being. In other words, he was recklessly charged toward him. Fortunately, he managed to escape his sword. If Vicky kept fighting that way, he might lose his life in this battle.

But it also became a dilemma for Alex. If he accidentally killed Vicky, he might be disqualified from this tournament. He only cared about the reward from the system. But he can only claim it by winning the tournament.

He was afraid he would be disqualified from responding to Vicky's recklessness. Well, Vicky had left him no option. He decided to go all out in this match.

Vicky charged at him again like before. Alex instantly took out a spear from his inventory and grabbed it with his left hand.

\!!!\"

Everyone realized that Alex was holding a spear and a sword at the same time. But when they were wondering what he would do, they got surprised by Alex.

Alex raised his spear and threw it. The throw was very powerful as the power was not coming from his strength alone, but there was also a Martial Art.

\Spear Throwing Art, Spin Throwing.\"

The spear pierced through the air and flew toward Vicky. Vicky immediately thrust his spear to repel the spear charge.

\Silver Raven.\"

But the conclusion came to a sudden. When Vicky tried to repel Alex's spear with his spear, he was surprised to see that Alex's spear had even more power than his Silver Raven.

Of course, Spear Throwing Art was only a low-level Martial Art. But even though it was not a powerful Martial Art, it was a versatile Martial Art. The power generated from Spear Throwing Art relates to the power of the user.

In other words, if Alex's brute strength became even stronger. The Spear Throwing Art would also be stronger. It was one of the perfect basic Spear Art that he could get. He did not need to abandon this Martial Art as he did with Sanguin Sword Art as it could not keep up with the power of his Seven Stars Cut or his other Martial Arts.

With that much strength, Alex's Spear Throwing Art pushed Vicky back. Alex then disappeared.

The moment he appeared, Alex grabbed his spear back and waved his sword to Vicky.

\\"Immovable Step.\\"

With the surge of the strength from Immovable Step, he blew Vicky away. But he did not stop there. He turned around and swung his spear like he was swinging his sword. And suddenly, a sword wave came from the spear's blade.

\\"Seven Stars Cut.\\"

Everyone who watched this baffled. They utterly forgot about this... No, they never thought about this. If Alex could use Spear Arts with his sword, he should also be able to use Sword Arts with his spear.

However, even after they realized that. They could not help but draw a cold breath. The sect master was clenching his fist while watching something like this.

Of course, as one of the three people who were on the stage. The third elder also got shocked by this. But he could not let his guard down. He bit his lips to snap from his amazement and looked at the battle condition.

Because of his reckless charge, Vicky could not regain his balance after Alex blew him away. Because of this condition, the third elder was forced to block Alex's Seven Stars Cut.

\\"!!!\\" When he received this attack, he was shocked by the sheer power inside it. He had received Alex's five layers Seven Stars Cut in his fight with Elise. He could feel that this Seven Stars Cut that he made from his spear also contained the same amount of power.

Fortunately, Alex had yet to fuse both intents like what he unconsciously did inside the battle tower. If not, he might need to use his full power to block this.

Even so, it was still a five layers Seven Stars Cut. Although a few people managed to do it already, it was still rare. Of course, it was not like they were on the same level as Alex. In fact, Alex could use a six layers Seven Stars Cut or even the seven layers Seven Stars Cut.

Unfortunately, he was restricted by his cultivation. If he was a peak Martial Grandmaster, he already made such an attack to beat this Vicky.

\\"Alexander Sirius Wi-!\\" When the third elder announced the result, a loud crash sound was heard.

\\"Boom!\\"

The culprit was obvious. It was Vicky. Even though the third elder had stopped Alex's attack, Vicky was still blown away. So, when the third elder announced the result, Vicky finally crashed into the wall.

\ "Alexander Sir-!!!" The third elder wanted to announce it again, but he had been stopped once again. Of course, Vicky stopped him.

\ "I can still fight!" Vicky immediately charged toward Alex again.

Alex was frowning. He clenched his sword tightly, ready to block this attack... maybe sending a kick to him.

\ "Immovable Step."

But before he confronted this attack, the third elder appeared above Vicky. He grabbed Vicky's head and slammed it into the ground.

\ "Bam!"

It could be said that after losing his disciple, the third elder had been very strict with the rule. He was the exact opposite of Charya, who did not care about the rule.

He continued pinning him down until the first elder came to the arena. He knocked Vicky out and dragged him out of the arena. Of course, it was not because he was acquainted with Vicky but because he would be the one who punished him.

After all, in terms of strictness, he was above the third elder.? He looked at Alex mysteriously before leaving the arena with Vicky.

The third elder looked at his surroundings first to confirm that he would not be disturbed again.

\ "Alexander Sirius Wins!" He finally announced the winner after confirming it was safe.

Cheers

The people were cheering to see Alex could even defeat Vicky easily. After all, Vicky was only one ranking lower from Intan.

He glanced toward Charya's room and saw Charya's and the others. Even Lena also came with her Master.

\ "Anna, is everyone there?"

\ "Yes. We even got another baggage with us. This Lena and Miska or something. Are you sure you want to bring all of them? I mean, I can relate for Evelyn, but her..."

\ "Don't say that. Although it is not my plan to bring her, she is indeed related to Evelyn. If I didn't bring her, she might be sad. Well, I thought about whether I should bring Evelyn or not back then."

\ "Hmph. Fine. Well, you are fighting here to get my sister's card, so make sure you win."

\ "Of course."

After the cheers ended, The third elder looked at Alex, \ "You can rest for two hours before fighting Eric Kasmanan in the final."

Before the crowd could cheer again, Alex said out loud, "No. If possible, I want to finish this match as soon as possible."

He could not afford to wait another two hours. It would just let the people from the Zhou Kingdom come here. He might not be able to escape if those people were here. After all, they had three Martial Kings and numerous Martial Lords.

Alex could not afford to fight them even with all of his spirits, and he was not that confident of escaping if they really arrived at this place. After all, he could escape back then was because that old man had not prepared for Anna's Dark Curtain.

Eric suddenly appeared in the arena. Alex's statement just now was clearly an insult toward Eric. By fighting without a rest, Alex just indirectly said he could defeat Eric in his state.

"You talk big. But I won't let you do what you want. Even after you rest for two hours, I will still destroy you because the place of number one position for Inner Disciple would always be mine."

"..." Alex clicked his tongue. He would need another bait like Intan. He was wondering what he should say to bait him.

"And I will kill the one who massacred my family," Eric said with hatred.

But when Alex heard that, an idea immediately flashed in his mind. He smiled, "Then, how about we start our match now? If you defeat me, I can tell you who massacred your family."

"What did you say?" Eric was surprised, but his tone was full of hatred.

Alex continued, "Don't you know because of my information, the Southern Kingdom can escape death. Because of my information, the Zhou Kingdom didn't succeed in ambushing them. I currently hold information for the person who destroyed the Kasmanan Family."

When Eric heard that he immediately shouted, "Who is he? I will kill him. Say it now!"

Alex kept his calm, "You can only get it after you beat me."

"You are just trying to make me agree with you. You are just bluffing!" Eric said, not taking Alex's bait.

"Hmph. You are such a wimpy. If you are like that, then you won't be able to touch that person in your entire life." Alex said. He looked like the villain in the story that was trying to bait the main character by using information.

Although he did not want to do it, he must. There was no time for him to think of any other feasible plan. He knew the enemy was coming toward this place.

"What did you say? Care to repeat that!" Eric walked toward Alex and said in front of his face.

"I said. You are such a wimpy. If you are like that, then you won't be able to touch that person in your entire life." Alex repeated. He was taunting him.

"You!" Eric was thoroughly angered.

But the third elder released his aura with a bit of killing intent. He glared at Alex and Eric. \"Don't force me to use my hand in this.\"

\"Since you are so adamant about it. Then so be it! You would not be able to make any excuse if you lose.\" Eric said out loud.

Alex smiled, seeing he had fulfilled his objective. Alex looked at the third elder, asking him to start the match.

The third elder wiped the sweat that covered his forehead. This Alex was truly troublesome. He looked at the sect master who nodded his head helplessly.

The third elder could only authorize it since both Alex and Eric decided to do this along with the approval of the sect master. He sighed before he announced,

\"Alexander Sirius versus Eric Kasmanan.\"

\"Match Start!\"

Eric took out his sword and released his Sword Domain. \"I will immediately defeat you and know who massacred my family. And I will kill... No, I will torture him first before killing him.\"

Alex looked at him coldly.

\"That is not possible. As I am planning to win this battle.\" Alex said as he took out both of his sword and spear. He released both domains simultaneously.

Everyone was shocked, and even the sect master rose from his seat. They also arrived at the same conclusion as Vicky. They thought Alex could only release the Sword Domain or Spear Domain alone.

But reality proved them wrong. Alex could release them at the same time. He was already monstrous by using two domains, one at a time. If he used both domains simultaneously...

\"Sword...\"

\"Spear...\"

\"... Domain!\"
