

## Gacha 319

### 319 Anya

\\"Thank you, Master.\\\" Alex bowed his head to the disappearing Maxwell.

Maxwell only smiled as he disappeared.

Alex took a deep breath before he came to the sect master. \\"Sect Master, I apologize for making this ruckus as those people were searching for me.\\\"

\\"Ahaha, no big deal, no big deal. You do not need to worry about it.\\\" Of course, the sect master immediately assured him.

After all, he had gotten so many things from Maxwell, especially that Array, since he could activate it in time needed.

\\"Then, I will go back first,\\\" Alex said.

\\"Sure sure. Let me settle the rest for you.\\\" The sect master tried to make the warmest smile he could make.

Charya and Song Yu also came to him as they were planning to go back to the ninth peak together. Charya took Evelyn and Putri with her while Song Yu took Song Jia and Sana.

Looking at Alex's disappearing back, the sect master then looked at the first elder. He said, \\"Southern Kingdom... Tell the Southern Kingdom, if they wanted to do something funny to Alexander Sirius, it would mean a war against us.\\\"

The first elder also understood why he said that. He nodded deeply and said, \\"I will tell someone to- No, I will be the one who goes there and warn them.\\\"

The sect master nodded. \\"I am counting on you.\\\"

A minute later, all of them snapped from their daze. They were completely clueless as to what happened. The sect master tried his best to quell the unrest without telling them anything.

Even Putri and Evelyn did not know what happened. They only remembered that Alex won the tournament, and they did not remember anything past that.

Before they knew it, Putri and Evelyn were already carried by Charya to their home.

Before he came back, he looked at Anna, who followed him this whole time, and said, \\"Go back first. I need to tell Putri something.\\\"

\\"Yes.\\\" Anna nodded.

Alex then came to Charya.

\\"Do you need anything?\\\" Charya asked. Although she was injured, it was only a physical injury and will heal by tomorrow. Her internal injury had been healed by Maxwell, and she also got something more from him. Evelyn and Putri also looked at him, confused. Charya had not explained a single thing to them or at least settled their emotion.

Alex nodded to Charya before looking at Putri. \ "Come to my place tomorrow. We will see whether the curse can be cured. After that, we will immediately start the training.\ "

Putri wanted to say something, but the word stuck on her throat. She could only nod her head. \ "Yes.\ "

Alex nodded to her. \ "Then, Elder Charya, I need to go back.\ "

\ "Sure.\ " Charya nodded.

At the same time, Song Yu and Song Jia were also talking about Alex's matter.

They were debating what they would do to Alex. Because the Sound Insulation Array, even Song Yu, was not able to hear their conversation, especially when Maxwell told him that he could not protect him again.

Song Jia and Sana decided to go around the continent a little bit to see whether the other influences got teleported back to the continent. If they were teleported back, they would also come back to the Northern Continent per Maxwell's request.

After all, Maxwell's word alone was so heavy in their mind. If they stayed more than this, they might incite his wrath. There was another reason why they decided to do this. It was because Maxwell was confused about why they came from the Northern Continent, not from Heavenly Continent.

They decided to go back to ask their family about that as well as the matter concerning Alex's VIP card, which had two 'V' on his card.

Song Yu was pondering if she should go back to the Northern Continent or not. She did not know whether Alex would need her help again after this, such as selling his pills or whatever. After all, in the sect, she was the one who knew him the most.

After knowing about Alex's identity as Rank 4 Alchemist as well as Rank 4 Array Master. Song Yu knew everything about him other than his Pure Fire. She even knew about his golden lightning tribulation. Even though Alex had never affirmed it, with her probing alone, she knew it was Alex.

She decided to stay a little bit to see if Alex had any need of her help. If Alex did not help her in selling pills again, she would go back after she said goodbye to Charya. She would cultivate like crazy if she wanted to help him later.

She did not know why Maxwell said they would not regret following him. But she felt there was another meaning in his words. She could not shake the feeling that Alex would never make her regret by helping him.

...

When Alex arrived at his house, Anna had been waiting for him. \ "Alex, are you going to summon my sister?\ "

\ "Yeah.\ " Alex nodded his head.

\ "Then, I want to tell you something before you summoned her.\ "

He looked at Anna, confused. \ "What is it?\ "

\\"You must be careful. And I think you need to level her up a little bit before you summon her.\\

\\"Careful?\\\" Alex did not know why she said that. But when he heard about the level up, he asked, \\"Is that possible?\\

After all, he never leveled his spirit up first before he summoned them. So, he did not know if he could do that.

But this time, it was not Anna who answered his question. Instead, the System was the one who answered his question.

[Yes, Host. You can. And do not ask me why I never tell you about this. It is simply because you never ask me.]

\\"...\\\" The system utterly made him speechless with its 'Like a boss' response.

Alex only sighed. \\"Alright. How can I use the special summon ticket?\\

[You just need to take it out of the system and order it. If you want to choose Anya, you only need to say, 'Change. Anya.' The card will immediately turn to Anya's card.]

Alex then took out the special summon card. It was the same card as Anna and the others. But instead of a picture of them, it was only a big question mark on the card.

\\"Change. Anya.\\

\\"Poof!\\

The question mark shone. It then turned into a picture of a pretty woman with golden hair like Alex. There was a cross in her eyes, but that only made her more unique and complimented her golden hair. Her body line was so seductive that even more seductive than Anna's.

But Alex did not know why, after Anna warned him to be more careful, he suddenly felt a chill.

\\"System, how about my tickets?\\

[Gacha Ticket x870

Premium Ticket x0

Dart x0

Summoning Ticket x0

Summoning Coin x0]

\\"Use every Gacha Ticket I have. And After that, use every Summoning Ticket I get from those tickets.\\

[Processing]

[Milfon Spear (R) x1 Acquired]

[Water Bottle (C) x10 Acquired]

[Silk Grass (C) x1 Acquired]

...

[Fire Fruit Seed (UC) x1 Acquired]

He got around the eighty three Summoning Coin from those Gacha Tickets, and the system immediately used all of them.

[Slimy (C) x1 Acquired]

[EXP Card (UC) x1 Acquired]

...

...

[Blue Bull (UC) x1 Acquired]

Alex got around eleven EXP cards this time.

\ "Use all EXP cards on Anya.\ "

[Anya (Light)

Level: 25/80 (5-Star Martial Grandmaster Stage)

Exp: 5000/160000]

Alex then checked the status of his spirits.

[Anna (Dark)

Level: 35/80 (5-Star Martial Lord Stage)

Exp: 211065/260000]

[Leoz (Thunder)

Level: 35/80 (5-Star Martial Lord Stage)

Exp: 224165/260000]

[Nelson (Dark)

Level: 32/80 (2-Star Martial Lord Stage)

Exp: 7000/230000]

[Fabio Fobotelli(Fire)

Level: 34/80 (4-Star Martial Lord Stage)

Exp: 25736/250000]

[Greg (Earth)

Level: 31/80 (1-Star Martial Lord Stage)

Exp: 214556/220000]

[Vera Fobotelli (Water)

Level: 29/80 (9-Star Martial Grandmaster Stage)

Exp: 157684/200000]

[Jeanne (Thunder)

Level: 30/80 (10-Star Martial Grandmaster Stage)

Exp: 124321/210000]

It seemed Nelson and Fabio leveled up once. Because Anna's and Leoz's levels were too high, they did not get that much EXP compared to others. But they should be able to reach the 6-Star Martial Lord stage before going to Nemu Forest again to search for Maxwell's realm.

He hoped Vera and Jeanne would be able to reach Martial Lord too. Of course, Anya was the same. He was ready to summon her as he looked at her card deeply. With her as the addition, he only needed to summon another two to complete all ten UR spirits.

\ "Summon.\ "

The usual rainbow gate appeared once again, and the door started opening slowly. But when the door was opened completely, no sign of spirit inside the gate.

A shadow appeared within the gate. However, unlike the usual spirit that came out slowly, this spirit was running.

\ "Aaallllleeeexxxx!\ " The shadow turned to be the golden-haired beauty from the card. She suddenly came out from the gate and jumped forward, trying to hug him.

Alex suddenly turned around and sent a kick on her. He blew her to the wall and fell to the ground.

\ "Gah!\ "

Alex was startled. He did not know why, but he had a sudden urge to kick her at that point. \ "I am sorry. I did not mean to kick you.\ "

Anna facepalmed. \ "This is why I said you need to be careful.\ "

\ "What do you mean?\ " Alex looked at her in confusion.

Anna only pointed her finger to Anya, who was in the ground after his kick. She was hugging herself while pointing her butt on Alex.

\ "Ah, this is it. I always wait for Alex's love! I need more!\ "

Alex was bewildered as he blinked his eyes a few times. He could not comprehend what just happened.

\ "I am the exact opposite of my sister, whether it is my power or personality. I can curse, she can purify. And she is the one who showed everything with her action or mouth.\ " Anna said.

Alex involuntarily dropped his jaw.

Anya and Anna were indeed the opposite of each other. If Anna was a shy type, then Anya was the proactive type. Unlike Anna, Anya would show how much she loved him openly. Unlike Anna, who would wait for him to open his mind first before accepting her. Anya would openly seduce him.

"Well, we have something in common, though," Anna added as she looked away. She recalled the only matter that could make do something in common. And it was Alex. If it was for Alex, they did not mind what they would become. They did not care if they would become a demon or an angel.

If Alex were attacked, they would be enraged and struck back. Of course, in the previous life, they were too powerless to help him. But in this life, they had agreed to even destroy the whole world with him. Although she did not know what kind of response Alex would give, she just prayed he could accept her... even if it would be slowly like her.

After all, even if they were the exact opposite, their love for Alex was the same.

Alex looked at the silly golden-haired girl and shook his head helplessly. He could not say he did not have any feelings on her. He indeed had some feelings on her. But he felt that his feelings were not love but something else.

He knew she must be the same as Anna. Alex did not know whether to accept her like Anna. He would leave it to time.

[Host, there is an incoming message from Leoz.]

"!!!" Alex furrowed his eyebrows when the system sent the message. He immediately took out Leoz's card.

"Alex?" Anna, who was beside him, was confused about why he suddenly took out Leoz's card. Even Anya, who was busy savoring Alex's... kick, stopped, and looked at him with a serious expression. The previous playful expression of her completely vanished without a trace.

"Leoz, what happened?"

"I am sorry, Young Master. We lost them. They used a special passage to get into the capital city. You can ask Nicole or Ngina for the detail."
