

## Gacha 393

### 393 Ultimate Bondage Technique

"Hmph, if I don't care about my teammates, I can kill you a few hours ago. Your scheme ends here." Evelyn harrumphed as she finally killed Erol.

It turned out that Evelyn's five swords were not knocked off and buried in the ground. Evelyn still controlled them even after they were knocked off by Erol. She just let them stay floating a few meters under Erol and made Erol's focus on her, not her swords.

That way, she managed to make a perfect ambush, thus letting her kill him. Of course, after she killed him, she immediately went to another person and killed the rest of the people from Mount Hua Sect and Zhou Kingdom without rest.

Luckily, the people from Zhou Kingdom did not have the Berserk Pill with them. In fact, because Alex continuously ruined their plan, they just did not have enough supply of blood for the Blood Pills and Berserk Pills even for their Martial Lords.

Alex just unconsciously had helped her in dealing with these Zhou People.

After killing them, they searched the tokens they got after this long time. She found four tokens from Erol while Zhou Kingdom's captain had two tokens.

Evelyn then made her teammates rest as she went to the people from the Southern Kingdom. She looked at Theo and said, "Thank you for your help in this situation."

Theo only shook his head. "The pleasure is mine. But, this is the limit. We can't help you after this, so we will immediately retreat after this."

"You don't want the token?" Evelyn was surprised when she heard they were going to leave just like that. After all, they could not be considered as shameless even if they demanded a token or two from them since they had helped them.

Theo did not take it as he said, "It is fine. Then, we will retreat after this."

Theo did not wait for her to say anything as he immediately retreated with his teammates to somewhere. After all, how could he say he just did this because he... all the top brass within the Southern Kingdom were afraid of Alex?

Evelyn looked at him before turning her head toward her teammates.

"What should we do with the token?" Evelyn asked.

"Since we got six from them, maybe we should just split it equally?" Florinda said while shrugging her shoulder.

Evelyn nodded her head as he tossed three tokens to Mina without giving her a chance for objection. After all, Evelyn was the one who worked the most.

At this particular time, Kokonoe Shigure suddenly came to her. "Captain."

"?!" Evelyn was surprised to see him like this. Kokonoe Shigure was not someone who liked to talk, so to see him taking the initiative to talk, she was surprised. "What is it?"

"There should be a few more minutes before the people from Hazel Kingdom and Thiveapia Kingdom arrived. I think we should do something other than recovering." He said.

Evelyn tilted her head as she was clueless about what he wanted to do. Florinda came with great interest.

He then continued, "I think... we should humiliate them even further."

"!!!" Evelyn and Florinda were surprised as they never thought about it. After all, it made them uncomfortable doing something like humiliating the dead, so they shivered a bit when they heard that.

"Just think about this, captain. They want to kill us... but us, men, might be spared from many things since we would just die if they kill us. It will be different from women, like Captain or Florinda, or even the disciples from Rainbow Flower Sect.

"They will rape you first before killing you. Just think about how much humiliation, pain, and so on that I don't even want to describe. So, I feel they should have retribution, including the people in their back. I am sure even our sect master also wants to do this." Kokonoe Shigure said.

"..." Evelyn and Florinda did not say anything as they knew what he said was right. If they were the loser, rape and humiliation would come before they were killed by them. It will be far far worse than death itself.

Even so, Evelyn was still uncomfortable in her heart if she decided to do this. She looked down, weighing something in her mind.

Kokonoe Shigure added, "Then, how about this... I am the one who acts without your permission. And I will accept any punishment after the competition ends."

"You..." Evelyn wanted to complain about it, but seeing his serious eyes, she finally said, "Do what you want. I don't care!"

"Yes. I will show the world the ultimate humiliation technique from our Kokonoe Clan." He said proudly.

Evelyn only shook her head, did not want to care about what he would do.

...

Even in the arena, Alex facepalmed as soon as he saw what Kokonoe Shigure did through the screen. Xiang Bai only laughed when he saw that. All the frustration inside his heart from the start finally disappeared.

He felt delighted and laughed non stop until he finally started coughing because he was laughing too much. He never expected Kokonoe Shigure had such a technique that could make it better than just letting them die like that.

He truly humiliated the entire Mount Hua Sect and Zhou Kingdom. Of course, because of what Kokonoe Shigure did, he would make sure no one killed him because of this. He enjoyed the look of Mount Hua Sect sect master.

Mount Hua Sect already got many insults the moment he tried to manipulate half of the teams in this tournament. It would be different from two teams and four teams. If it were the case like Rainbow Flower Sect and Heavenly Sword Sect, it would be easy to band together just to defeat them. But if half of the teams banded together, they would be undefeated since the rest of them needed to band together to defeat them, which was close to impossible.

They never expected that after all of that, their team was killed. If it were not because of that teleportation array, they would win this since their plan was to kill Buddha Sect after they finished the Heavenly Sword Sect and Rainbow Flower Sect.

Sadly, not only they got killed, but they were also humiliated.

As for the technique... it even made Alex facepalmed. It was bondage.

Kokonoe Shigure removed all of their clothes and let the world see their d\*cks. After that, he tied them up and made them face the crystal up above. It was at this time that he suddenly raised all of their body and did something unthinkable.

He cut all of their d\*cks and just let them rot in the open.

He was wondering what Jeanne would do to them if she were the one there. He immediately shook his head as he did not want to imagine what would happen since it would surely be far worse than what Kokonoe Shigure did.

...

Back to Evelyn,

She never expected Kokonoe Shigure would do something like this. She was wondering whether it was a good thing she let him do that or not. But when she saw those things on their crotch, she suddenly remembered the dream she had back then.

It was the dream where she was passionately hugged by Alex. She thought if she did not wake up at that moment... she was wondering what would happen next. That thought alone made her flushed red as she forgot that Kokonoe Shigure was still cutting all of them.

"He is big brother Alex... he is big brother Alex... he is big brother Alex..." She chanted this strange sentence as she tried to calm her mind down. It would need to take a while to calm down.

After another two minutes, Evelyn finally calmed down and gave her order. Of course, she was still trying not to look at those things. "They should be arriving in a minute or so according to our calculation. So, rather than sitting here, how about going toward them?"

Florinda looked at Evelyn and teased her, "Hehe... Just say you don't want to see that when battling?"

"Wha...wha-what did you say? I never said I am interested in them. I never think about that from big brother Alex." Evelyn immediately denied.

"Hehe... I never said anything about Alexander Sirius though... Since you say it like that, I see... So you have been fantasizing him like that. I thought you are only his... disciple or something." Florinda grinned.

"I... I never..." Evelyn could not fight back against her teasing. "We... we are going to meet those people right now! And I don't want to fight in this place!"

"Fine fine... Fufu, it is really fun to tease you. Well, it is good since our situation is so bad that we couldn't have fun a while ago." Florinda shrugged.

"Hmph!" Evelyn pouted. She shook her head as she started thinking about Riolet, the man who betrayed her. The embarrassment started changing into anger as she thought about the possibility of Florinda and the others dying at that time.

"We are going now," Evelyn said.

All of them nodded, and they started flying toward Thieveapia Kingdom and Hazel Kingdom.

Not long after that, just as they predicted, Thieveapia Kingdom and Hazel Kingdom would help the Mount Hua Sect and Zhou Kingdom. Sadly, what they met were Evelyn and the others.

Nash immediately sweatdropped when he saw them. After all, meeting them here would mean they had killed Mount Hua Sect and Zhou Kingdom. This time, it would be their turn to be killed. He knew if they could kill both teams in a short time like that, they would not have any problem in killing them.

Nash looked at his teammates and signaled to retreat. They nodded their heads. Unfortunately, this did not escape Mina's eyes. Mina immediately went around them and cut off their escape path.

"Well, well, I am wondering what Captain Nash would do? You just met us again, how about you accompany us for a bit?" Mina said with a cold tone.

"It really brings joy to our heart to see many beautiful young ladies," Nash said with a smile.

"Ho... Is that true?"

Nash gritted his teeth as he said, "Ladies... we never plan to kill you. As long as both of your sects give up the competition, we will immediately leave the alliance. We will give you our token, so please let us leave."

"Heh... You never plan to kill us, but because you help them, we will get raped by those vile beasts and killed. So, do you think we should spare you?" Mina looked at him coldly.

"Kill!" Every disciple from Rainbow Flower Sect shouted at the same time.

"Lady, how about give me some face for this? This Nash will repay you in the future..." Nash said while sweating profusely.

Mina raised her hand, "Kill them!"

"Yes!"

When Nash heard that, he gritted his teeth as he said, "Since you are not going to spare us, then we will fight to the death!"

The battle between Rainbow Flower Sect and Hazel Kingdom finally started.

It was the same for Thiveapia Kingdom and Mount Hua Sect. Evelyn and the others immediately surrounded them.

Just by looking at Riolet's face, Evelyn was filled with rage. She just could not accept the fact that the most loyal family just betrayed her at that timing.

"Riolet! You bastard! How dare you betray me!" Evelyn shouted in anger. The others also chose their respective opponent.

"Your Highness..." Riolet could only grit his teeth. After knowing Mount Hua Sect and Zhou Kingdom had been killed by them, he knew it was time for him to end his life.

Riolet did not say anything as he knew he would not be able to explain it to Evelyn. He took out his sword like he was ready to fight with Evelyn.

Evelyn also raised the sword in her hand. Both of them released their domains and jumped forward at the same time.

They swung their swords at the same time.
