

Game Over 1001

Chapter 1001 Stop Pretending

The purpose of this meeting was to familiarize each other so they can work together in the future to create a kingdom of money for Nate.

“Why does That dude need so much money?”

“Well, opulent, he owns everything now.”

However, it seemed that he had a bigger appetite, wanting to rule the world.

Before leaving, Matthew even look Abby and carried her onto his shoulders. This little girl was strong and kept struggling.

Only after she was thrown into the car did she calm down a little and pointed at Matthew.

“Even though your are very handsome, but you are just one of my horses. How dare you treat me like this? I will make you disappear, do you

believe me?”

Matthew looked at how capricious she was now,

ch

was completely different from the adorable Abby

It was indeed the other side of her personality. The darkest side, the little devil.

Matthew couldn't be angry with her. He knew that she had lost her original personality after being controlled by drugs. She was still so young.

and she had experienced such a thing. Matthew felt guilty.

He got into the car. Initially, he should have knocked her out, but he was afraid that he would hurt her.

"I'll wait until she's sleepy."

Jake turned to look at him.

"Boss, are you alright?"

"Our men are waiting outside. They'll attack no matter how many people there are. They'll kill them."

But when he came out, he hadn't given his orders yet.

"Let's go home." Matthew said softly.

Abby wanted to open the car door and get out.

Jake noticed something was wrong with Abby and asked.

"Boss, why is Abby here?"

Matthew crossed his legs elegantly. "I think Rosalie took her here."

Now that Nicolas had gone to catch Rosalie, that girl actually dared to sneak into the Hilton Family and steal Abby. She was getting a

more unreasonable.

If she hurt her daughter, it doesn't matter if she's Roselle or anyone else. He will have to return it more than twice.

Jake nodded, feeling that something was off tonight.

"Boss, let's be careful in the future!"

Rosalie also got thrown into the car by Nicolas. After he got in, he got the driver to drive.

Fortunately, there were many people outside, and they hacked the surveillance cameras inside. The picture of him catching Rosalie could not

been seen by Nate.

Rosalie glared at her with a displeased expression.

"I want to get out of the car."

"Rosalie"

"Don't pretend. I know you won't be stupid enough to take the pill he gave you."

Rosalie's eyes narrowed slightly when she heard this. Then, she sighed

"Brother, what kind of creature you are? Why do you know me so well? You know me better than my mother!"

She leaned against the sofa for the whole night. She was really tired.

Nicolas hated her so much. "Why did you work with Nate? Why did you listen to him?"

He wished he could punch her in the face.

She got Abby to take the drug. Now that things have turned out this way, Matt definitely won't let her off. This damned girl doesn't know the

seriousness of the situation at all

Rosalie raised her eyebrows, not bothered.

"Of course it's for Matthew. My wish in this life is to marry him, so as long as there's a line of hope, I'm willing to try whatever I do."

Nicolas lowered his gaze and felt a headache.

Why is this girl like her mother? Dumb as feck. Other than love, there's nothing else in their minds.

He couldn't help but poke Rosalie on the head. "Don't you know how much Matt cares about that little girl? You dare to touch his kid, don't you think he will hate you?"

Chapter 1002 He Is Unbelievable

Rosalie was stunned for a moment, then she sneered.

It's because of those three kid that he's so heartless toward me. So no matter what happens to Abby. I don't care if he hates me. I only want

him to marry me, and I'm the only one who can marry him."

When she was talking about this, she looked at Nicolas suspiciously

“Nicolas, how how do you know about this?”

She was the one who drugged him and watched him take it.

What is going on?

Nicolas only realized how naïve he was. She could even manage to do something to him, let alone Abby.

He smirked coldly, “Rosalie, I’m warning you, you better quit this shit and don’t get involved. Otherwise, not only won’t you get Matt, you

might even lose your life.”

Rosalie shook her head. “No, I don’t want to give up. He said that as long as I listen to him, Matthew will be mine, mine.”

She said loudly like crazy.

Nicolas really felt that she was abnormal, so he raised his hand and knocked her out

After Rosalie fainted, he took out his phone and called Matthew.

“Matt, as you think, Abby was brought here by Rosalie, and she was the one who drugged her. I apologize on her behalf.”

This girl is crazy because of love. She could not listen to anyone now. What a headache.

He could only lock her up. After this matter was over, he would release her.

“Hurry up and find out the antidote. She’s still young. I don’t want anything to happen to her.”

Followed by Matthew’s muffled humph, and Nicolas asked.

“Matt, what’s wrong?”

Abby rushed over and bit on Matthew’s neck. The stench of blood spread throughout the car.

Jake called him anxiously, “Boss.”

Matthew caressed Abby’s back gently. “Darling, let go.”

It seemed that this little girl’s personality was aggressive.

The expression on her face just now was like an uncontrolled leopard.

After hearing his voice, Abby slowly calmed down and leaned against his arms, as if feeling secure.

She did not dare to go mad. She raised her head and looked at his profile.

1/2

The corner of her mouth was covered in blood. Her eyes widened as she stared at him without blinking

Matthew remained calm and collected. He lowered his gaze and looked at her

“Darling. I’m Daddy Be good, close your eyes and sleep?”

It was already past three o'clock at night. The kids should already be asleep at this hour

She was no exception Her

his voice, Abby's eyes blurred and she slowly closed her eyes

Matthew held onto her. The darkness in his eyes was as dark as ink

Nicolas hadn't hung up yet "Matt, Matt

Only then did Matthew pick up his phone. I'm fine. Abby bit me. It's just a small scratch on my skin

Nicolas could feel his mood from his voice

"Matt, don't worry. I'll definitely think of a way to ensure

Abby's body won't get hurt"

Nate was unbelievable. From elementary school to university, to doctorate graduation, he was always No. 1 in class, No. 1 in the city, No. 1

the state

Matthew replied. I believe in you."

After hanging up the phone, he gently patted his daughter in his arms.

The sight of her innocent and cute little face covered in blood would definitely frighten Abby

He took out a handkerchief with one hand and wiped it for her. After a while, his heart ached.

The expression on his face was extremely cold. The temperature in the car also dropped abruptly

Jake didn't know what happened. He just glanced at the rearview mirror from time to time. Seeing his boss like this made him feel upset.

After being with him for so many years, this was the most serious and complicated expression he saw on his face.

Chapter 1003 A Match Between Men

The Hilton Family was in chaos

The butler brought his men to look for Abby Chelsea and Hector were also very anxious.

Only his two sons were the calmest. Each of them had a laptop in their hands.

Elizabeth had just come out of the room. She wrapped her shoulders tightly, looking like she hadn't woken up yet.

"What happened?"

She was sleeping soundly. When she heard many people talking outside, she woke up and walked to the window to take a look.

What are the servants and bodyguards looking for? And what are they looking for in the garden?

Upon seeing Elizabeth, Chelsea sighed. She didn't want her to know because she would be worried

But she had been searching for an hour. She had searched all the big and small rooms in this house. Abby was still so young, she would not run out alone at night.

But if someone were to come in, it was impossible. The security at home was very strict. Even if a fly couldn't fly in

Over the years, no thief had snuck in.

Elizabeth walked to the living room and saw the two of them looking down at the laptops. They did not have the time to talk to her.

She looked around and asked, "Is there a thief?"

The only thing she could think of now was a thief. It was so late at night and they were looking everywhere. It must be a thief.

Suddenly, Abby and Arthur raised their heads and looked at each other.

"It's her."

Both of them were slightly surprised, and Arthur showed them a photo.

"Great grandma, is she at home tonight?"

Only when she saw Rosalie did the Chelsea remember.

"Rosalie arrived around ten o'clock in the evening. She said that she had a fight with her family and wants to stay here."

After saying that, she said, "Please invite Rosalie out"

"There's no need."

Arthur handed the video to them. When Chelsea saw that Rosalie had taken Abby away, she breathed a sigh of relief.

“Don’t worry. I’ll give Rosalie a call. How can she take Abby away without saying a word?”

After saying that, she asked the maid to get her phone. At this moment, Matthew returned.

Carrying Abby walked in, the butler quickly walked in.

Young Master has brought Abby home.”

Only then did Elizabeth come to her senses and walked over quickly

“Abby, is she alright?”

Elizabeth’s heart was still tense when she saw Abby sleeping soundly in his arms. She was a little nervous and a little afraid.

Chelsea and Hector also walked over. When they saw the injury on Matthew’s neck, they asked at the same time.

“Your neck.”

“I’m fine,” Matthew replied indifferently, “Rosalie brought Abby out to have fun, so I brought her back.”

Upon hearing this, they finally felt relieved. Master Hilton muttered.

“Don’t let Rosalie come here again in the future. Stole our precious granddaughter out tonight, what was she thinking?”

Chelsea added. "That's right. No matter how cute Abby is, you have to inform us before taking her away."

Thank god Rosalie is a woman. If it were a man, they would be scared to death.

Elizabeth believed what Matthew said, but the two little ones did not.

Rosalie secretly brought their sister in the middle of the night. Moreover, the sister looked a little strange, unlike the sister they knew.

The two of them had already sensed that their sister was the same as Uncle Dom.

In the room of Abby, Matthew carefully placed her under the quilt. She was sleeping soundly, as if she was exhausted.

Elizabeth bent over and tucked her in

The elderly couple watched as Matthew walked out.

After leaving the house, he saw his two sons waiting for him there and said.

"Come to the study and have a chat."

After saying that, he strode forward, followed by the two little ones.

After entering Matthew's study, Matthew sat on the sofa and raised his hand.

"Have a seat!"

When it came to interacting with his two sons, he did not treat them like children.

Chapter 1004 Should I Reveal Their Identities

The two of them sat down at the same time in the same position.

“Uncle Hilton, what’s going on with your sister?”

Matthew’s expression changed when he heard this address. He didn’t like it.

He really wanted to hear them call him Daddy, but he hasn’t conquered them yet, so the two of them still won’t change their address.

“What do you guys think?”

Arthur said indifferently, “We can see that your sister is now like Dominic. Is someone controlling her?”

The corners of Matthew’s mouth curved into a smile. That’s right. The two of them had completely inherited his thinking pattern

Vontinue”

Arthur’s eyes were dark, and there was a trace of stubbornness on his face.

away

“I hope you can help your sister recover and don’t impair her health. Leave the rest to us. We’ll protect her well and won’t let anyone take her

After saying that, he stood up and glanced at his brother.

Antony got up and the two of them walked out of the study.

Matthew furrowed his eyebrows. These two boys are indeed cool and mature. They have seen through everything a long time ago.

Biting his lips, he took out his phone and dialed Jake's number.

"Boss," the call was connected very quickly.

"You don't have to follow me anymore."

Jake was startled "Boss, did I do something wrong?"

Matthew saved his life, so his life belongs to him. All he wanted was to stay by his side.

"You didn't do anything wrong. You will bring a team to protect the kids. Don't let anything happen to them."

Jake heaved a sigh of relief upon hearing this. As long as his boss did not chase him away.

"Oh, alright. But.."

"You don't have to worry about me."

"Alright, boss."

After hanging up the phone, Matthew put out his cigarette. He looked at the time and realized it was already past four o'clock in the night

He got up and walked out of the study and went to Abby's room.

her

Elizabeth was still there, sitting on the carpet beside the bed, holding her chin and guarding her daughter.

Actually, she was already very sleepy Matthew patted her shoulder gently.

Elizabeth opened her eyes. Instead of looking at him, she looked at Abby in a panic, as if she was afraid that something bad would happen to

Matthew whispered, "She's sleeping, and she won't wake up. My men will be guarding here. Follow me back to my room

Elizabeth shook her head. "I want to stay here to accompany

daughter."

The thought of her being taken away by Rosalie tonight shocked her.

Rosalie liked Matthew a lot. Now that Matthew had kids, she definitely hated the three children

Hence, she was sure that she brought Abby out not because she was cute. She must be trying to harm her.

Matthew didn't tell the truth. He had lied to grandfather and grandmother, but she was not stupid. She knew something must have happened.

"Be good. I'll protect Abby from now on. I won't let her be in danger."

Elizabeth got up and hugged him when she heard this.

“Matthew, I used to think I couldn’t protect the children, but now that I have you. I’m even more afraid. Because they’re your children, those

people want to harm them more.”

Does Matthew know who she is referring to?

“Yeah. I understand your feelings. Leave this to me in the future. I’ll handle it.”

Elizabeth lowered her gaze. “Tell me. Did we make a mistake by revealing their identities?”

Matthew patted her back gently. You have to trust your husband. Our children will only make people envious. They won’t be in danger.”

It was already late at night Everything was very quiet

Matthew carried her. “Let’s go back to our room to sleep”

At this moment, Abby on the bed opened her eyes. There was a trace of hatred in her eyes as she glared at Matthew’s retreating figure.

Chapter 1005 Hope Abby Is Alright

Only after the door of her room was opened and closed did she sit up and want to get out of bed.

The moment her leg touched her slippers, two servants ran out from a corner. One was Taylor and the other was Coco. Both of them were young girls. When Antony was around, they were the ones who took care of Antony.

“Miss, you’re awake.”

When the two of them arrived, their faces looked exhausted. At this hour, everyone should be resting

Abby glared at them and said coldly.

“Who are you? Why do you care about me?”

She just wanted to get up and leave this place. She hadn't come here voluntarily. If Matthew hadn't carried her out, she would still be with her

godfather now.

“I am Taylor”

“I am Coco. Miss, we were the ones who took care of you before.”

Previously, Abby had mentioned that she liked the two pretty ladies who treated her very well

Both of them liked her very much and were willing to serve her.

She put on her shoes and walked out. The two of them followed behind.

“Miss, it's nighttime now. Where are you going?”

The two of them looked at each other and hurried over to coax her. Taylor squatted down and held her hand.

“Miss, do you want to hear a story? I'll tell you the story of Snow White.”

Abby glared at her. “Don't call me Miss. My name is Jennie.”

After saying that, she shook off her hand. Because of the strength, she threw Taylor to the ground.

“Miss.”

Coco hurriedly caught up to her. “Let’s not go out, okay? I’ll accompany you to play house at home.”

Before she could finish her sentence, she was pushed down by Jennie.

“Get lost. I want to go back. I don’t want to be here.”

At this moment, the bedroom door opened. Arthur and Antony walked in with a smile on their faces.

“Sister, are you awake?”

When Abby saw the two people enter, she felt that they were very familiar. She just couldn’t remember who they were.

She glared at them, wondering why they were smiling so warmly.

Antony said. “Taylor, help us make a bed *

“I’m not your sister. I’m Jennie I want to look for my godfather”

Her voice was very loud, almost sen

Arthur and Antony looked at each other Antony nodded and took out a necklace with ten fingers, then gently shook it toward Jennie.

“Jennie, look at it. Do you feel that your eyelids are getting heavier, heavier, heavier and heavier? Closing your eyes, you feel that everything is

dark. Don’t be atrand Staying in the dark will be very safe here”

Jennie fell asleep and Arthing supported her until she fell into a deep sleep.

After the two of them carried her to the bed. Antony asked

“Will the one who wakes up tomorrow be our sister?”

Due to the changes in Dominic, the two brothers had started investigating his illness a long time ago, knowing that he was diagnosed with

schizophrenia.

Moreover, it was controlled by someone, so the two brothers learned some simple emergency treatment methods.

Arthur shook his head. “I don’t know either. I hope Jennie will stay in the dark and don’t come out again.”

At this moment, Taylor and Coco walked over with then blankets and pillows in the hands. They started to lay the bed beside Abby’s bed

Taylor couldn’t help but ask, “Young Master, what’s wrong with her? Is she sleepwalking”

She didn’t even know them. Besides, her behaviors are so strange. Could it be sleepwalking?

Antony smiled faintly. “It’s fine. My sister’s having a inglituate. She’s always like this. You’ll get used to it in the future. *

Only after hearing this, Taylor and Coco let out a sigh of relief.

Chapter 1006 I Am Smarter

The next day, at Ferguson house,

Rosalie woke up and saw the message Matthew sent her. She jumped up happily.

Dressed in her pajamas, she ran outside and went to the room of Nicolas.

“Nicolas, Matthew sent me a text saying that he wants to meet me.”

Nicolas had just fallen asleep, but he was awakened by her. Nicolas opened his eyes and glanced at her indifferently.

“Give me the keys.”

He had locked the door. How did this girl open the door?

Rosalie laughed, “Nicolas, look, I told you it would work! Matthew wants to meet me!”

Nicolas looked at her like she was retarded. “Rosalie, what’s in your brain? Water? Soda?*

After saying that, he got up and took the keys from her. Then, he pushed her out of the door and said coldly before closing the door.

“I think it’s better if you don’t go see Matt. Otherwise, you’ll cry again.”

After saying that, the door slammed shut loudly. The expression on Rosalie’s face changed.

“Hmph, I’m not stupid! I’m a key figure now. As long as Matthew works with me, I’ll help you. I’m very important in the future!”

After saying that, she happily turned around and left.

Nicolas was no longer sleepy. He picked up his phone and gave Matthew a call.

Matthew’s phone vibrated before waking up. He reached out to grab it and answered the call

“Hello”

His voice was obviously unhappy.

Nicolas asked softly, “Are you sleeping with your wife?”

“What do you think?”

He said unhappily, then got off the bed and went into the bathroom.

“Matt, did you have a date with Rosalie? That girl deserves to die. But please be merciful She’s the princess of our family. If anything happens

to her, I don’t dare to imagine what will happen to the old lady and the old man.”

Matthew stood in front of the sink. Looking at the man in the mirror, he raised his hand and straightened his hair.

He slept too late last night and looked a little messy. This beard was growing too fast, so it had only been one night and it had been so long.

“Then get the antidote as soon as possible so that Abby will be alright. Otherwise, I don’t know what I will do. What do you think I will do to

Rosalie?”

1/2

Abby was his precious daughter. Moreover, for the past seven years, he had never fulfilled his responsibility s their father, which made him feel even more guilty.

Hence, if you touched his daughter, you were his enemy.

Nicolas understood instantly

“Matt, I understand your feelings. I’ll definitely get the antidote.”

After the two of them finished talking on the phone, when Matthew was about to leave the bathroom, he received a call from Rosalie

He answered without saying a word.

Rosalie knows his temperament. He’s like this when he’s angry. He doesn’t care about anyone.

“Matthew, what do you want to eat for lunch? I’ll book a restaurant and send you a text, okay?”

Matthew raised his hand and massaged the center of his eyebrows. “There’s no need. At ten o’clock, we can meet at the cafe downstairs of my

company.”

After saying that, he hung up the phone.

When Matthew walked out of the bathroom, he saw Abby push the door open and ran 11

“Mommy”

She buried herself under Elizabeth’s blanket, hugged her, and closed her eyes again

Arthur and Antony followed behind. The two of them looked at their sister helplessly and Antony urged her.

“Sister, it’s time to go to school”

Elizabeth woke up and hugged her. Her voice was a little muffled. It was like she had just woken up.

“Do you not want to go to school today?”

After what happened last night, Elizabeth felt that it was dangerous for Abby to go to school.

Abby was so sleepy that she didn’t want to get up.

“That’s right! I’m so sleepy, so sleepy...”

Chapter 1007 She Lied To Matthew

Elizabeth sighed, “Alright, since you’re still in kindergarten anyway, then take a day off”

She went home so late last night. Of course, she was sleepy.

Arthur asked, “What about us?”

They want to take care of their younger sister. It doesn't matter whether they go to school or not.

Elizabeth hugged Abby and patted her gently. She smiled.

You two are primary school students. You could not take leave. Go to school!"

Upon hearing this, the two little boys' faces darkened and they were worried about their sister.

Matthew walked out of the bathroom. His big hand caressed the two kid' heads and walked toward the closet.

"You guys go get ready. I'll send you guys to school"

After listening to Matthew, the two knew that he must have arranged something. The Hillon Family should have strengthened their security Besides, it was because of Rosalie yesterday. Otherwise, their sister wouldn't have been taken away

"Okay!"

The two of them replied at the same time. Then, they glanced at their mother and sister on the bed. Now that Matthew was there to protect

them, they should be relieved

Matthew walked out of the closet and changed into his clothes. Inside was a white shirt and outside was a black trenchcoat.

He looked at the two of them on the bed. Abby was already asleep. Elizabeth tucked her in.

"Lizzy, if you're worried about Abby, You can stay at home with her today."

She was the CEO now, so she didn't need to ask for leave.

Moreover, her company had a dedicated management team. It didn't matter whether she went or not.

Elizabeth opened her arms, wanting him to hug her.

The corners of Matthew's lips curved upward slightly. He walked towards her and pulled her into his arms.

Elizabeth buried her head in his arms. She could smell the faint scent of mint on him and felt extremely at ease.

"Thank goodness you're here."

Matthew caressed her head gently. "Stay at home with her."

After hugging him for a while, Elizabeth reluctantly let go of him. She knew that he had to go to the company The Hillon Group was different

from S Group. The Hilton Group was so big, and as the lender, he had to go to the company.

1/2

Matthew picked up the luxury watch on the bedside table and put it on his wrist Suddenly, he recalled what happened last night

The daughter of a woman that Nate liked. Wasn't that Elizabeth?

"Lizzy, do you know Nate?"

Elizabeth had just laid under the blanket. When she heard this, a trace of waves flashed across her eyes.

How did he know about Nate? Could it be that his men saw her meeting with Nate?

No way. She went to meet Nate on purpose and told Kai to avoid Matthew's men. They didn't know about it.

She wanted to complete this by herself, so she did not want Matthew to know.

After all, her grandfather's objection would make him feel upset. Even if she was him, she would feel sad too.

"I think it's better if I don't tell him."

"Should I know him?"

She glanced over, looking confused.

Matthew had already put on his watch. He smiled faintly

"No, but if someone like him comes near you in the future, remember to stay away from him. You'll have to tell me."

Elizabeth's face was obviously uneasy. "Should I tell him?"

If she had told him, he would have known that his grandfather was against them. She was a little lost in her thoughts, not knowing what to do.

In the end, she decided not to tell him

“Okay, got it.”

Matthew bent down and kissed her on the cheek. “Sleep a little longer. I’m going to the office. I’ll send my two sons to school.”

Elizabethli lied down and helped her to tuck herself up. He glanced at her daughter’s familiar little face and saw that she was sleeping very cute.

Matthew walked out of the bedroom and went downstairs,

In the dining room, the two kids had already changed into their uniforms. They were very handsome.

Master Hilton looked at the two little ones and was overjoyed.

“You two have to eat more so that you can grow taller.”

Chapter 1008 So Happy I Can Die

“Thank you, Great grandfather!”

“Great grandfather, you should eat too,” Arthur said.

Chelsea turned her head to look out of the dining room. She was still worried about Elizabeth and Abby

Matthew walked in and Chelsea asked.

“Where are the mother and daughter?”

Matthew sat down and took a sip of his coffee.

“They slept too late last night. I asked them to sleep more. Abby won’t go to school today.”

Chelsea nodded. “Yeah, I’m not going!”

The thought of what happened last night made her feel a little guilty

“It’s all my fault. Rosale said she didn’t dare to go home, so I let her stay. I won’t let anyone slay in the future.”

Matthew said while eating breakfast.

“It’s fine. I don’t blame you.

If you want to blame anyone, then blame Rosalie. However, she seemed to be quite familiar with Nate, so she would definitely find out the

truth from her.

At this moment. Matthew’s phone rang. He took out his phone and looked at it. It was a call from a Hazel.

The girl went back to the Campbell family. She had already made a choice.

“What is it?”

His voice was cold, with a trace of darkness.

“Mr. Hilton, I want to come back. Can I be your secret bodyguard? I beg you.”

This girl is too innocent. She could not get used to this society. She went out to look for a job for a while. It was all because someone bullied her and she got fired.

“I haven’t eaten for a few days. Besides, I’m living under the bridge.”

“Come to the office and look for me.”

“Okay, Mr. Hilton, I’ll definitely listen to you.”

Matthew hung up the phone and looked at the time.

“Are you guys done eating? It’s time to go.”

Arthur and Antony finished the milk and spoke to the two of them at the same time.

Chapter 1009 Grandpa’s Wish

Matthew’s gaze deepened slightly. “What did you guys find out?”

“This organization’s code name is Y. They mainly control the economy of different cities. For example, the stock market in A City is under their control, so they have a lot of funds in their accounts. They are opulent.”

Matthew wasn’t surprised. The two boys were quite skilled.

“Yeah, you’re right. However, you’re still kids. Don’t interfere in this kind of matter. I’ll lock your computer soon. You won’t be able to unlock

it, so don’t waste your energy.”

“Remember your mission. Protect your mother and sister.”

Arthur bit his lips, and he was disappointed.

But they still nodded. If he had locked their computer, then the two of them probably wouldn't be able to unlock it

Mommy and sister were more important to them.

A black MPV followed behind Matthew's car. Jake and the others were in the car. Jake would bring a team of strongest bodyguards to protect his two sons in school.

He went back to the office and entered the office,

Hazel was standing by the French window. She turned her head to look at him and called him.

"Mr. Hilton."

Hazel was in a state of disarray. Her dress was dirty and her hair was messy. Her face was so dirty that it was impossible to tell her true colors.

She hadn't showered for many days. Her entire body was smelling

Matthew furrowed his eyebrows. He couldn't take it anymore.

She subconsciously glanced at the carpet. The footprints she walked into had dirt on the light blue carpet.

Hazel put her legs together. She lowered her head and looked at her feet and footprints.

"I'm sorry. I'll clean it up later."

At this moment, Esme entered with a tray in his hand.

“Hazel, I have some food for you. Eat some snacks first”

Esme called Matthew when he saw him.

1/2

“Mr. Hilton, it seems like this Hazel hasn’t eaten for a few days. Her body is so dirty. I’ll take her to the lounge!”

Originally, no one was allowed to enter Matthew’s office. However, it was Mr. Hilton who instructed him to wait here.

Matthew said indifferently, ‘Let the secretary take her to wash up and arrange a place for her to stay. When she’s done eating, send her back.’”

Esme also knew that Mr. Hilton was a clean freak. “Hazel, come with me!”

Hazel bowed to Matthew. Thank you, Mr. Hilton”

Matthew sat down in his office chair and Gracie entered with a pile of contracts.

“Mr. Hilton, you need to sign these documents.”

Elizabeth was awakened by the phone. She quickly picked up the phone and answered it. She glanced at Abby and fortunately, she didn’t wake

her up.

“Hello.”

She did not pay attention to who it was. She was so sleepy.

“Lizzy, it’s me.”

Elizabeth got off the bed and went to the balcony when she heard Master Wade’s voice.

“Grandpa.”

Now that she heard her grandfather’s phone call, she was afraid that he would ask her to keep her distance from Matthew and prevent her

from meeting him.

“Lizzy, your dad is here with me. He said that Tia and your aunt are locked up at the police station. He said that they will be released as long as

you go and tell them. We are a family. Let them out first.”

Elizabeth’s expression changed slightly when she heard this.

In her grandfather’s eyes, they were a family. However, she really hoped that they would stay in prison for the rest of their lives.

“Grandpa, I’m afraid I could not do this.”

She had made up her mind. In the past, she couldn’t take revenge. Now, she was stronger, so she didn’t want to let them out. She wanted them to be punished accordingly.

Master Wade cleared his throat a few times, “Lizzy, listen to grandpa and let them go.”

“Tia is your father’s only daughter. He raised you and treated you well.”

Chapter 1010 I Love kids

The more Master Wade coughed, the more heartbroken she felt.

He was forcing her, using his health to force her.

“Dad...”

Richard’s voice was heard, then there was a commotion. After a while, the phone that fell to the ground was picked up.

“Elizabeth, do you want your grandfather’s life? He said that if you want to see him in the future, you must let them out. Otherwise, he’ll never

see you again.”

Elizabeth’s heart skipped a beat upon hearing these words.

Grandpa was the closest person to her in this world. She knew that he always hoped for a harmonious family.

“Yeah, I know what to do now,” she sighed.

Elizabeth went to the police station and bailed them. She called off the charges on behalf of Matthew.

After finishing everything, Matthew’s lawyer asked.

“Ms. Wade, these two women deserve it. They can stay in there for the rest of their lives for what they did. Why would you let them off?”

The lawyers had a lot of evidence in their hands. The things they had done to her had always been extremely vicious. Every time,

Elizabeth's heart ached too. This time, she could take revenge and let them go to jail.

But when she thought of her grandfather, she shook her head.

"Forget it I'll leave the rest to you."

She got up and walked out of the police station, feeling a little depressed,

Elizabeth raised her head to look at the sky. It was autumn, and the sky was very blue. There were a bit of white clouds floating on it, like a

When she arrived, she took a cab and was waiting at the entrance of the police station.

At this moment, a blue sport car stopped beside her and the car window was lowered.

"Elizabeth, what a coincidence! I'll send you wherever you go."

Elizabeth would recall Matthew's warning when she saw Nate, telling her to stay away from this man.

Hence, she looked at his strange gaze with a trace of suspicion.

"Why are you here?"

Is he tailing me?

Anyway, she felt that this guy must have an ulterior motive to get close to her.

In order to be together with Matthew, she didn't think much of it

Nate watched her stand still and smiled.

"Tim not following you. I just came to pick up my friend. I didn't expect to run into you at the entrance."

At this moment, a car stopped and the window was lowered. A few people with obvious injuries on their faces spoke to Nate.

"Mr. Cox, we were too impulsive last night. We won't do it again."

Nate glanced at them indifferently and raised his hand to let them leave.

Only after the car slowly drove away did Elizabeth put down her guard.

"Mr. Cox, thanks. The car I called is almost here. You don't need to drive me."

After saying that, she added, "By the way, there are still three meals left. I have been working hard to learn your favorite dishes lately. I'll definitely perform well for the remaining three meals. I hope you can tell me my mother's whereabouts then. I really want to see her. This is very important to me."

When she spoke, her eyes were filled with sincerity.

She really wanted to see her mother. She hoped that she could make the decision and let her be with Matthese.

Nate chuckled. "Aren't you curious about my relationship with your mother? Get in the car."

A man with a calm expression. Looking ahead, he probably thought that she would definitely get into the car!

At this moment, her taxi arrived. The driver called her and she answered the phone,

"Sir, I'll pay, but I won't sit in the car. Goodbye!"

After speaking on the phone, she pushed open the car door and got into his sports car.

Nate was very satisfied. He stopped on the accelerator and rushed out. Elizabeth turned her head to look at him.

He was still wearing white today, as if he preferred white.

"I heard that you have three children. If you have the time, bring them out to play. I like kids very much."
