

Game Over 1011

Chapter 1011 We Are One Family

Elizabeth clearly had a trace of nervousness when she heard the kid.

“There’s no need. They’re very naughty.”

I’ll be fine if I’m in danger alone. The deal with this man is like an adventure Everything is unknown. With hope in her heart, she only wished

that after fulfilling him, he can really let her see her mother.

Nate smiled slightly Sure enough, she treats the three kid very well. The three kids are probably her weaknesses.

Rosalie did not lie to him. He smiled seductively and looked stunning

Even Elizabeth was attracted by this smile. It was undeniable that this man was really handsome, prettier than a woman.

Elizabeth asked when they were about to reach the Hilton Family.

“What’s your relationship with my mother?”

The reason she got into his car was that she wanted to know his answer.

Nate knew this very well. Nate smiled faintly and the car stopped at the entrance of the Hilton Family He glanced at the manor.

“Are you comfortable living in there?”

When he said this, his expression obviously changed. It was a bit dark, and there was a trace of anger in his eyes.

Elizabeth did not know why she would see anger.

“Not bad. It’s very warm.”

Elizabeth did not get out of the car and waited for his answer.

Nate’s voice became colder, and her tone was not as gentle as before.

“She’s my stepmother.”

Elizabeth’s face darkened a few degrees after hearing this.

-Stepmother?

That’s a bad word for her.

1/2

“I don’t think my mom would be a bad stepmother”

“Grandpa said that Mom is the kindest woman in this world. She treats everyone well and is very gentle.”

“Don’t be nervous. My relationship with her is very good. That’s why I know about you. She told me everything about you”

Abbe liked talking to him since she was a kid. He was still very young. She liked to touch his face and kiss him

Then, she would talk about her daughter Every time she talked about her daughter, her eyes were gleaming.

2/2

He had never seen his mother before, so he treated her like a

Elizabeth breathed a sigh of relief. It was as she thought, her mother was not a bad woman and would not abuse a kid.

“Thank you for sending me back.” She forced a smile.

She pushed open the car door and was about to get out of the car when Nate grabbed her hand and stared at her deeply.

“Lizzy, can you go with me? I, you, and her. We’re a family,”

Nate’s eyes were filled with anticipation.

Elizabeth glanced at her hand and rolled her eyes.

“Mr. Cox. I have my own family

She withdrew her hand and got out of the car.

Nate watched the beautiful figure becoming smaller in front of him. When the door closed, she completely disappeared.

He suddenly burst into laughter, “Hahaha…….”

After laughing for almost two minutes. he finally stopped, and his gaze turned cold.

“Lizzy, you’ll follow me. You’ll forget about your family too. You’re a family with us.”

Elizabeth sneezed as she walked to the main building. Her whole body felt a bit cold.

“I feel a little flustered. I don’t know why.”

She turned her head to look at the door. This man, Nate, looked like a harmless god with a stunning face.

But she always had a strange feeling. She felt that he was very sophisticated and his heart was a little twisted.

At this moment, Abby ran toward her.

“Mommy! You are back!”

Abby slept the whole morning. The moment she woke up, Chelsea and the servant were behind her.

Chelsea said, “Abby, run slowly.”

Elizabeth saw that there were bodyguards patrolling the manor. She knew that Abby was safe here.

Chapter 1012 I Care a lot About You!

Elizabeth looked at her daughter’s cute little face and forgot what happened just now.

She bent down and caressed her little face. "Have you slept enough?"

The little princess was now the real princess in this manor.

"Mommy, do you know what Daddy gave me and my brothers?"

Elizabeth knew that Matthew had prepared a big gift for her sons and daughter, but she hadn't seen it.

Abby pointed to the mountain behind the manor. "There are two houses there. One of them belongs to me, and the interior looks exactly like

the castle on the television. There are thousands of Barbies, all kinds, and even the same height as mine!"

She had just returned from there and was still holding a beautiful Barbie doll in her arms. She was in a great mood.

Elizabeth frowned slightly. "A few thousand Barbie, a castle?"

She couldn't believe that Matthew was spoiling the kid like this.

"What about the other house?"

Abby laughed and kept her suspended.

"Guess."

Elizabeth held her little hand. "That must be for your two brothers. Could it be that there are various Lego, basketball fields and game rooms

inside?”

“How do you know? Did Daddy tell you?”

Elizabeth smiled, “I guessed”

Because I know what my sons like.

Abby gave her a thumbs up. “Lizzy is so amazing!”

Only then did Chelsea and the servant approach the two of them. Chelsen looked at her granddaughter’s cute little face and her eyes were filled

with affection.

“Lizzy, if your work at company is busy, go ahead and do your job. You have us at home! This time, we won’t let anything happen to Abby.”

She pointed to her surroundings. There were bodyguards patrolling everywhere, not even a fly could fly in

Elizabeth bit her lips and smiled, “Grandma, I’m resting today. I’ll cook in the kitchen.”

She had to practice and prepare the dishes that Nate liked. If he was satisfied, he could probably let her meet her mother.

Chelsea nodded. “Okay, but there’s a chef at home. You don’t need to cook. It’s a lot of trouble.”

They loved Elizabeth and didn’t want her to work hard at all

Elizabeth replied, "Grandma, I'm not tired."

After saying that, she walked toward the main building and Abby pouted furiously

"Mommy used to hate cooking, but now it seems like she has changed""

Upon hearing that, the smile on Chelsea's face widened.

Your Mommy has someone who she wants to cook for."

The one she was thinking about was her grandchild. She had to tell her grandchild this good news.

"Who is it?" Abby blinked

Chelsea caressed her little face. Look at how sweaty you are.

She wiped her with handkerchief carefully. At that moment. Dolores arrived.

"The pear soup is ready now. Abby can have it now."

Abby was a little coughing today, so the servant prepared the pear soup for her.

"Yeah, bring the young lady to the kitchen. Remember to stay by her side and serve her well".

No matter whether Abby is going to the washroom or what

There have to be two or three servants to follow her They don't want to make any mistakes.

"Alright, Madam."

Taylor and Coco held Abby's hand while Mrs. Chen followed behind and brought Abby back to the main building

Chelsea raised her head to look at the sky. She felt that the weather was good today and wanted to stroll around the garden, so she pointed to

the flower field not far away.

"Let's go there and pick some flowers."

"Alright, Madam *

The group walked towards the flower field. Chelsea called Matthew.

"Grandma, is there anything at home?*

Chelsea laughed. "It's fine. It's just that I want to say that Lizzy has been cooking in the kitchen recently. I heard from Mrs. Chen and the

others that she's cooking all the time. She said she never liked cooking before. It's obvious that she cares about you a lot!"

Chapter 1013 I Am Wrong

Matthew smiled. "Yeah, I know."

The grandmother laughed happily when she heard her grandson's voice getting warmer.

"I just want you to know this. Alright, go ahead and do your job!"

Matthew was sitting opposite Rosalie Rosalie had never seen him smile like this before. The smile was as beautiful and stunning as the rainbow.

By the time he put down his phone, he regained his icy demeanor.

He looked at Rosalie with a trace of darkness in his eyes. It was a bit scary.

The speed of changing her face was faster than flipping through a book. Rosalie still had a smile on their face.

“Matthew, I know why you’re looking for me. I was forced too. However, I can work with you. Nate is my senior. We used to know each other

quite well in school, so I know him very well.”

Matthew’s expression was indifferent. “I don’t want to work with you. I’m just warning you. If you dare to mess with my family again, I won’t

let you off the hook.”

Even if Nicolas said it clearly to keep her alive.

However, it was impossible for him to end this just like that.

At this moment, Esme raised his hand and took out a document from his briefcase. He bent down and placed it in front of Rosalie.

“Miss, this is the termination agreement”

Rosalie’s eyes lit up slightly. She hurriedly picked up the contract and look a look.

She had just set up an interior design company and had just stepped on the right track. It was because of the presence of the Hilton Group and

her collaboration with the Hilton Group. With just one project, she could make the company grow,

Now that Matthew had terminated the contract with her, she was in a panic.

“Matthew, you have to pay for terminating the contract.”

Matthew’s lips curved into a cold smile. “Do you think it’s possible?”

Naturally, if the Hilton Group were to terminate the contract with her, they wouldn’t be giving her any compensation for breach of contract. If

they were to do anything to Abby, he won’t let her benefit from the breach of contract

This is the consequences of harming his family.

Rosalie looked at the termination agreement. It listed many of their company’s problems. These were all in the terms of the contract, so she

had no power to refute it

1/2

Matthew raised his chin.

“Sign it!”

After saying that, he glanced at his watch. It was obvious that he did not want to waste too much time on her

Rosalie suddenly regretted it. She thought they would always spoil her. Just like in the past, she would always be their little sister.

They wouldn't blame her for making a mistake, but the price she paid this time was too high.

The company had become an empty shell and she still needed to compensate her with billions. She did not have that much money, so she had

to go back and ask her family for it.

In this case, she was a loser. Her family would definitely help her pay the money, but in their heart, she was just a useless woman.

She had always protected her image. Not only was she a rich princess, but she was also academically accomplished and established her own

company after graduation.

Now, everything was ruined.

She had been working hard for so many years, especially when she was studying overseas, she did not have much time to sleep and did her

best to study

All the pain had gone down the drain.

Matthew stood up suddenly. "I have another meeting. Esme is waiting for you here."

Rosalie stood up abruptly and tugged on his sleeve.

“Matthew, I was wrong. I was wrong. Please don’t treat me like this.”

Matthew glanced at the area where she was tugging at his sleeve. It was obvious that he was upset.

Rosalie could only be pulled back. Her small face was filled with sadness,

*Matthew, I’m sorry. I admit my mistake, okay? I’ll tell you everything about Nate. From now on, I’ll help you investigate his information.

Don’t terminate the contract with me, and don’t let my company go bankrupt, okay?”

Matthew coldly withdrew his hand. There was a trace of darkness in his gaze at her.

“It’s too late. You touched my daughter, and you are my enemy now.”

Chapter 1014 Stay By Her Side

Matthew strode away. Rosalie fell down onto the chair in disappointment. They watched the tall figure walk away slowly until he disappeared.

Her tears couldn’t stop falling. Why was it different from what she thought?

She touched Elizabeth’s daughter because she hoped that he could work with her. Since she loved her daughter so much, why didn’t she worry about how good it would be to work with her.

Esme stood at the side and looked at her sad expression. He bit his lips, wanting to urge her to hurry up and sign.

However, seeing how upset the girl was, he did not have the heart to do so. After all, he had plenty of time, so he could just wait for her!

Matthew returned to the office. He stood upstairs and exited the elevator. He took out a cigarette and lit it.

He took a deep breath and saw the girl standing at the door of his office.

Hazel saw that he had returned and looked at him.

“Mr. Hilton.”

Her voice was a little colder than before. This girl was no longer as innocent as she used to be.

After experiencing real life, she became more mature in her mind and also understood some social conventions.

Matthew glanced at her when he puffed out a cigarette.

Hazel hurriedly pushed open the office door and followed him into the office.

Matthew stood in front of the French window with his back facing her.

Hazel was standing not far away from him, looking up at him from time to time.

“Mr. Hilton, I’m serious this time. I won’t leave and I will take my responsibility.”

After smoking a cigarette, Matthew walked to the sofa and sat down. Then, he put out the cigarette butt in the ashtray.

He glanced at Hazel indifferently, "Even if that person is Dominic, can you do it?"

When she heard the word 'Dominic', there was a trace of darkness in the bottom of her eyes. She nodded solemnly.

"In the future, I'll be a heartless bodyguard. No matter who it is, I won't be affected."

Matthew crossed his long legs elegantly. His gaze was filled with scrutiny.

"From now on, you'll stay by Elizabeth's side and protect her."

Even Hazel did not expect that her mission was just this?

"Okay, I'll definitely protect Lizzy."

Matthew added, "She's my wife now."

It was obvious that Mr. Hilton was showing off In his eyes, Elizabeth was the only woman in the world. If anyone married her, he would be

the happiest man in the world.

Hazel nodded, "Yeah, I understand *

Matthew told her to protect Elizabeth, because her identity had changed. She was no longer Mrs Campbell, but Mrs Hilton

To her, Lizzy was no longer a love rival, and she would not let her down

Matthew was really good at seeing people's thoughts. It was as if he had seen through her

“Go ahead. The chauffeur will send you to the Hilton family. From now on, you’ll have to stay by Elizabeth’s side.”

Hazel nodded and left the Hilton Group. Matthew sent the chauffeur to send her to the Hilton Family.

When the servant brought Hazel to Elizabeth’s side, she was busy at the stove in her apron.

“Someone’s looking for you.”

They knew that she was already married to the Young Master, but they did not have a wedding.

Elizabeth turned around. When she saw Hazel, her eyes opened slightly.

“Hazel!”

She put down the spatula in her hand, walked toward her, and hugged her.

“Where have you been? We’re very worried about you.”

Hazel was currently wearing a new Lolita dress. There was a hint of a smile on her face, but her smile was not as sweet as before.

“Lizzy, I want to stay by your side in the future. Is that okay? I don’t have a place to go.”

Elizabeth thought of the Campbell Family. That place was not suitable for her, so it was better for her to stay by her side.

“Okay, you’ll stay by my side from now on.”

Chapter 1015 She Is Learning How to Cook Seafood

Elizabeth hugged Hazel like this. It felt familiar, and her nose felt a little sore.

She knew that Lizzy was genuinely good to her.

She could feel the warmth of being by her side.

Elizabeth hugged her for a while before letting go of her. Seeing that her little face had lost weight, she no longer had the chubby baby fat she used to have.

She could roughly guess that she was so innocent that it wouldn't be easy to survive alone in society.

"Hazel, take whatever you want to eat. Then go to the living room and have fun. I'm cooking!"

Hazel looked into the pot. "Are you making seafood?"

She glanced at the dining table and saw seafood.

Mr. Hilton is allergic to seafood. Why is Lizzy practicing cooking seafood?

"Who is she cooking for?"

Thinking of this, she was a little puzzled.

Elizabeth had already flipped out some food from the refrigerator and placed it into her band.

"Let's eat in the living room. Don't disturb me here.*

Previously, Hazel's eyes lit up when he saw the food. Then, she could forget everything else.

Now, she was not as greedy as she used to be. However, Lizzy still treated her like a kid, and she was inexplicably moved.

“Do you need my help? I’ll help you.

Elizabeth pushed her out of the kitchen. “No need, no need. I can do it myself.”

Abby woke up in the afternoon with a doll in her arms and walked downstairs.

When she saw Hazel, she walked back quickly.

“Aunt Hazel.”

“Miss, slow down.”

Following behind her were two servants chasing after her, looking very worried.

Hazel smiled when she heard Abby’s sweet and crisp voice.

“Abby.”

Abby stood beside her and raised her face.

“You’ve lost weight!”

Hazel looked at the food in her arms. She couldn’t eat enough every day and it was normal for her to lose weight. No wonder Lizzy gave her so

much food

“A little bit.”

“Then eat more!”

Abby pointed to the snacks in her arms and then pointed to the living room.

“Let’s eat together.”

When they were together, they would eat happily.

By the time Matthew went home in the evening, he was in a good mood. Granny had told him that Lizzy would be cooking at home today, so

she should prepare dinner for hun herself.

Hence, she immediately rejected all socializing activities and even picked up her two sons and went home together.

In the car, Matthew was driving, and his two sous were sitting at the back.

He glanced at the two handsome sons from the rearview mirror and a hint of a smile flashed across his lips.

In the passenger seat, there was a bouquet of flowers he bought for his wife.

“Your mom cooked for us today”

When he heard this, Autony asked.

“Mommy cooking?”

She was the one who was most afraid of cooking. Usually, she would learn everything very quickly. But cooking was killing her.

Previously, she had been practicing at home for a while. It was also a nightmare for her two sons.

Because every dish she had to make about twenty times, the taste would be a little better.

At that time, she was cooking at Matthew’s house to pay back his money.

The two sons really had a headache when it came to her cooking. Even though she sucked at cooking, she never gave up.

Matthew raised his eyebrows. “That’s right. She spent the whole day in the kitchen.”

The two sons glanced at each other. She was probably working on some new stuff.

“Have you changed your taste?”

In their eyes, Matthew was a stubborn person. The food that he liked would always be the same.

Their Mommy had been practicing for a long time, so there was no need to study new dishes.

Matthew smiled. It was easy to talk to his two sons. Their intelligence was on the same level.

“No, she probably wants me to change.”

Chapter 1016 A Beautiful Time

The father and sons returned to the Hilton Family. The three of them went to the kitchen and saw no sign of Elizabeth

The servant in the kitchen greeted them respectfully.

Matthew frowned slightly "Isn't my wife cooking?"

Looking at the scene at this moment, it did not seem like Elizabeth was cooking

One of the servants replied, "She cooked all afternoon. She felt that it wasn't good enough, so she poured all of it

Arthur and Antony were not surprised. The two of them walked out of the kitchen.

Matthew furrowed his eyebrows. What is this girl cooking?

He went back to his room and saw Elizabeth on the bed having a video call with someone. He walked and tugged at his tie

"Who are you video calling?"

Jessica smiled when he saw Matthew undo his tie and unbutton his shirt.

"Lazy, I won't talk to you anymore. Otherwise, Mr. Hilton will think that I'm disturbing you guys."

Elizabeth turned to look at the handsome man. He was taking off his clothes and preparing to take a shower in the bathroom.

"Yeah, we'll talk again tonight"

After hanging up the phone, she sat up.

You came back early today!”

Matthew stood beside her and said, “Take it off for me.

He wanted his wife to serve him. Elizabeth knelt on the bed and helped him unbutton the remaining buttons of his shirt

Then, she helped him to remove his shirt bit by bit to reveal his tight chest and ads.

1/2

Elizabeth was already quite familiar with this body. However, she still couldn’t help but blush and swallow.

Matthew’s gaze deepened slightly. “Why don’t you accompany me to shower?”

After saying that, his big hand wrapped around her. Elizabeth was pulled into his arms and her face was pressed against his chest

The warm feeling made Elizabeth’s heart tighten slightly.

The last few nights he had been too horny, she was so scared that her legs were still trembling

Wade held onto his body with her sweet little hand and pushed away slightly. She looked up at him.

“I’m not going to shower. You can take one yourself! I’m going to accompany the kids.”

After saying that, she escaped from his huge grip, got off the bed, and ran outside.

She looked like she was escaping-

The corner of Matthew's lips couldn't help but curl upward. "Slow down. The floor is cold. Put on your shoes."

Elizabeth stopped her steps and lowered her head to look at her feet. She stepped on the carpet and didn't feel cold at all.

She could only turn around and put on her slippers.

Matthew pulled her into his arms again. He lowered his head and kissed her forehead.

She could feel his love for her.

Elizabeth smiled, she felt that such a wonderful time!

"Hurry and take a shower! It's time for dinner."

Matthew pecked hard on her lips, as if he couldn't even kiss her enough.

Elizabeth smiled. "Alright, if this goes on. I won't dare to see you again."

This was the truth. It was as if whenever she was with him, he would kiss her or exercise the whole night.

Her strength was practically running out, and no matter how good his body was, it would be wasted

Therefore, she had to make him restrain himself

Matthew also understood what she meant. He gently bit her ear.

“Got it, I’ll restrain myself tonight. But you are so beautiful! I’ll.....,”

He didn’t say the last sentence and just smiled. That smile was beautiful.

Elizabeth was dumbfounded. She raised her hand and caressed his handsome face.

“Matthew, you have to smile like this in the future. It’s beautiful!”

The two of them spent a long time together before he went into the bathroom

Elizabeth left the bedroom and went downstairs to accompany the kids.

When she was walking downstairs, her phone rang. It was a call from Tiana, but she did not want to answer it

Hence, she didn’t care, but after automatically ending the call, she called again. If she didn’t pick up today, she would probably keep calling.

“Hello,” she answered the call.

Chapter 1017 Something Amiss

“Elizabeth, my mom and I are out. Just wait and see. We won’t let you off easily.”

Over the past few days in the detention center, Tiana and Celine had suffered a lot. Although I wasn’t physical, they had suffered a lot both mentally and physically.

The two of them hated Elizabeth even more.

Elizabeth sneered, "If it weren't for grandpa, do you think the two of you would still be able to come out? I'm not afraid of you."

After saying that, she hung up the phone and block her number.

Arthur and Antony also finished showering. They changed into casual clothes and stood behind her.

"Mommy!"

Upon hearing the voices of his sons, he turned around and looked at the two sons who were washed clean. Especially his small face, which was

glowing under the light.

"How are you guys doing at school today?"

She was never worried with these two sons.

Even if they skip class and go to elementary school, she felt that they would be able to catch up.

Antony smiled and said, "Not bad. We like learning in elementary school very much."

The two boys did not like kindergarten, because the teacher would always take care of them. They even wanted them to sing and dance

together. They felt that it was too childish.

Now that they're in elementary school, the teacher doesn't really care. They have to do everything on their own.

The two of them felt much more comfortable now.

Elizabeth nodded and walked down the stairs.

Arthur asked, "I heard that you cooked in the kitchen for the whole day?"

The meaning of this was not obvious anymore. He was asking her what new dishes she had been working on?

Moreover, they lived in the Hilton Family now. They had servants and chefs. There was no need for her to cook at all.

Elizabeth was actually learning for Nate, but she couldn't say anything about it.

"Nothing much? I just saw a video and wanted to practice, but I failed. I'm still not born for cooking!"

The kids' cooking was incredible. Unfortunately, they didn't like cooking, so they probably wouldn't cook anymore.

If she could have half of their cooking skills, then she would be able to win over Nate in a minute. She would be able to find out where her

mother was, and she and Matthew would be together peacefully.

1/2

Thinking of this made her feel a little annoyed.

Celine and her daughter did not go to jail either. She let out a long sigh

Chelsea and Hector were accompanying Abby in the living room while Abby was playing with Hazel. Even Chelsea was there.

Master Hilton dotingly pointed to Hazel's hiding spot and she ran toward the curtain.

Elizabeth called him, "Grandpa."

The smile on Master Hilton's face was big. When he looked at her, his voice softened a little.

"Lazy, you've been working in the kitchen all day. Are you tired? In the future, you don't have to worry about these matters. There are

servants and chefs at home. The daughter in law of the Hilton Family doesn't need to do housework."

Elizabeth nodded and couldn't help but feel amused.

Everyone thought that she wanted to be a good wife and went into the kitchen, but it wasn't true.

She took out her phone and sent a text to Jessica

"Jess, after work tomorrow, I'll go to your house to cook. Teach me."

She did not dare to cook at the Hilton Family anymore. Otherwise, everyone would misunderstand her.

Jessica replied quickly. "Of course?"

Elizabeth was amused by her words. What is this girl thinking?

Jessica sent a voice message. After Elizabeth pressed on it, her voice was loud. She quickly pressed a little, but her two sons still heard it.

“Ms. Wade, do you want to make seafood? Who are you cooking for? Your husband and daughter are allergic to seafood. It could not for your family.

Chapter 1018 Fortunately I Have a Daughter

Arthur and Antony looked at each other. It was as they thought, she was really learning new dishes, not for Matthew.

“Who would that person be?”

Although the two of them were a little curious, they did not have the habit of digging out their own mommy’s secrets.

Hence, the two of them were fighting with Lego, and Abby had finally found Hazel and Chelsea.

She ran to Arthur and Antony happily. “Brothers, let’s have fun together!”

The two little kids weren’t too interested in this kind of game, but they didn’t want to disappoint their sister, so they joined the game.

The Hilton Family was laughing joyfully. Hector and Chelsea had a smile on their faces. They felt that this was what they wanted to live when

they got old.

Chelsea sighed. “Old man, it would be great if our son was still here. It would be perfect,”

Upon hearing this, Master Hilton’s face darkened.

“Let’s not talk about him.”

The moment she mentioned her son, the vibe between the two of them changed. There was no joy like before, but more sadness.

Chelsea nodded. "Yeah, I won't mention him anymore."

Even though she said so, he was their only son, how could she not miss him?

Master Hilton got up and walked into the study silently.

Chelsea looked at his lonely back and shook her head. She just couldn't hold back. The joyous vibe at home reminded her of her son

Π

The old man was stubborn. He loved his son so much. Although his son had done a lot of wrongs back then, he ended up hurting himself and

his wife.

In the old man's eyes, he was just a bastard. But in the end, he was his own son. There was no parent who didn't love his son,

Elizabeth sat on the sofa and was still studying the video of cooking.

It seemed simple, but the more she looked at it, the more difficult it felt.

She couldn't help but pouted and complained slightly.

"Nate, you're deliberately making things difficult for me!"

Abby had been allergic to seafood since she was a kid. Hence, her family had never touched any of these foods and almost never ate them.

Now, it would be too difficult for her to cook

her.

1/2

All she could do was rely on Jessica. She was quite good at cooking. Although she could not compete with her sons, she was at least better than

After Matthew finished showering, he wore the same clothes as Elizabeth. Elizabeth was in white and he was in black. He sat on the sofa and

wrapped his arms around her shoulders.

“What are you looking at?”

He leaned closer and Elizabeth withdrew from the video. She looked up and met his gaze. When their eyes met, the corners of their mouths

were smiling

Elizabeth, especially, had a shy look on her face when she looked into his eyes.

Matthew couldn't help but want to kiss her and kiss her on the cheek.

Elizabeth hurriedly raised her hand to stop him, “Hey, I already told you not to do this. Everyone is here!”

At this moment, Abby ran over and moved her face closer.

2/2

“I want to kiss too.”

Elizabeth and Matthew both smiled and each of them kissed her on the cheek.

Only then did the little girl feel satisfied and kissed each of them on their faces,

Elizabeth saw her daughter like this and asked.

“Arthur, Antony, come here too. I want to kiss you.”

There’s no need for that.”

The two of them spoke at the same time, then stayed far away, afraid that she would drag them over and kiss them a few times,

Elizabeth looked helpless. “Darling, did you see it? Fortunately, we have a daughter.”

The two boys had a very similar personality to him. It was as if they know everything when they were so young.

Not only that, they did not want to get close to others. The only one who could make them compromise was their sister.

Matthew carried Abby to sit on his lap and said softly.

“A man should be like this.”

Chapter 1019 A Liar

After Jessica and Elizabeth finished video calling, she looked at the time and realized it was almost seven o'clock. She should be done with

work. She turned off her laptop and tidied up the things on her desk.

She got up and picked up her bag, ready to go home.

At this moment, someone walked in. “Jessica, someone just made an order, asking you to accompany them shopping.”

The studio opened by Jessica was to accompany the customers to go shopping and bought the things they wanted at the fastest speed and help

them bargain.

Besides, they were also going to help them book a few limited edition bags, jewelry, and clothes.

The rhythm of life was too fast. Shopping was no longer a form of entertainment. Many people were busy with work, and they did not have

time to go shopping, let alone find what they wanted,

However, shopping on the internet was also risky. For those who pursued quality of life, they still liked to buy stuff in real life.

Hence, the moment the studio of Jessica opened, it received the demand of the market. Moreover, with the exclusive reservation rights of

Flora, the business became even more popular.

Jessica frowned slightly. "Have you guys confirmed the order?"

At this time, she didn't really want to work and wanted to go back to accompany her daughter.

"Not yet. But, the tip 50,000 for two hours."

Jessica's eyes lit up upon hearing this.

"Take it."

All she needed now was money. Previously, she had owed a lot of money due to her daughter's illness. Although she had paid back a bit, she

still owed a lot.

work"

All she wanted to do was make money, then pay the debt, then buy a small house, and live happily with her daughter.

The previous house had been sold, and now she could only borrow Lizzy's house to live in.

Thus, she only wanted to earn money

Upon hearing that, the girl smiled.

"Okay, Jessica, I'll go with you."

www

Jessica glanced at the time, "There's no need. After you accept the order, send me the address, I'll head over right away, and you can get off

She treated her employees quite well. After all, she was the one who was asked to go, so she could go by herself

2 hours was not a long time.

Now, Jessica had seen through all of the shopping malls. As long as the customer said which brand they wanted to buy, she could bring the

customers to that brand store.

She didn't need about an hour to satisfy this client's needs.

Thinking of this, she raised her eyebrows. Now, she felt that earning money was quite easy,

She couldn't help but say to herself.

"Jessica, you got this!"

After leaving the studio, she stood by the roadside and took a cab. At this moment, she also received the address. It was at a mall not far away

from their studio.

Moreover, this mall belongs to S Group. She was more familiar with it.

She can buy anything she wants with Lizzy's support

Holding her phone, she narrowed her eyes and sided.

The car had also arrived. Jessica got into the car and went to 5 Mall. After getting out of the car, she dialed that number.

H

Swiftly, the call connected Tello "

His voice sounded familiar, and she didn't think much about it.

"Hello, Mr. Ross, I'm Jessica. You've made an order and I'll go shopping with you

He replied, "Yeah, I'm at the first floor coffee shop of S Mall Come look for me."

"Okay, I'll be there soon."

After hanging up the phone, Jessica took out her mirror and took a look. She added a little lipstick and walked to the cafe on the first floor.

When I reached the table he was talking about, I saw a figure sitting upright, wearing a black trench coat.

She smiled and called him, "Mr. Ross, I am Jessica."

Sitting opposite him, she was stunned when she handed him her name card.

Mr. Ross is actually Leonard. His expression is indifferent and he's looking at her without a trace of emotion.

The expression on Jessica's face changed. Although she was surprised, she still maintained her composure

"Mr. Johnson, if you want to make an order, just do it. I'm just trying to make money anyway, you don't need to change your name."

"Who would use their real name on the Internet?"

Jessica was at a loss for words.

Chapter 1020 Do You Love Money That Much

"Alright. What do you need today, Mr. Johnson? What do you want to buy? I'll satisfy your needs in the shortest amount of time. After all, a person like Mr. Johnson's time is precious."

Jessica spoke professionally, treating him like a client.

Leonard's gaze darkened.

"Jessica, is this the only way to see you?"

She's so heartless.

Jessica was actually flustered, but she looked very calm on the surface.

Especially when she saw him, she would recall all the things that happened between him and her. Every time this guy saw her, he would drag

her to have sex and keep having sex

Now that she thought about it, it was probably just that contract relationship between him and her.

She was just for Leonard before.

“Mr. Johnson, I’m at work now. Please don’t talk about personal affairs.”

Jessica looked like she was doing her job. Leonard nodded and the coldness on the corner of his lips grew stronger.

“Okay, then let’s talk about work”

“Please tell me your needs. What do you want to buy?”

Leonard smirked. “I want to buy a doll”

Jessica was stunned? Buying a doll”

Could it be that he wants to buy it for Pearl? There was a slight fluctuation in his eyes.

Just when Jessica was touched, he spoke again.

“I’m a single man. I want to buy a beautiful doll like you as a companion. That’s the condition.”

Only then did Jessica realize that she was too unive. It turned out that he wanted to buy that kind of doll

The expression on Jessica’s face changed slightly, and she looked a little angry.

“Mr. Johnson, the shopping mall you’ve chosen in a regular shopping mall, it doesn’t sell these things.”

“Does a human’s normal physiological needs have to be discriminated against? Miss Jessica, do you have no such needs?”

Jessica wanted to leave right away. If it weren’t for the tip he gave her, she really wanted to leave right away.

He usually looked like a decent man, but when he was nasty, he was one of a kind.

1/2

“Mr. Johnson, I’ve just checked the internet. There’s something you need in a boutique

The distance was only around five minutes. The two of them could only walk there.

Leonard frowned slightly. He thought she didn’t have this service here.

It turned out that she really could do anything

No matter what clients requested, she could fulfill it

The expression on his face changed. He stood up coldly and said.

“Jessica, is money that important to you?”

1 million. Could it buy off the relationship between her and him?

Mrs. Johnson told him about how Jessica took the money from her that day so that he could stay away from her.

But Leonard knew that this woman was not what they said.

Go now!

He had witnessed it today. Sure enough, she really loved money.

Jessica followed behind him and replied indifferently.

“That’s right. Money is very important to me. With money, I can raise my daughter and myself. That’s why I won’t live on the streets.”

Pearl started getting sick from the age of one. By the time she was six, she had experienced five years of hardship. She felt heartbroken and

helpless

She then understood that money was the most important thing to her.”

Relationships, men, and marriages are nothing but bullsh’t.

Leonard suddenly stopped and turned around to stare at her coldly.

“Isn’t it okay for me to raise you and your daughter?”

“With me around, you won’t be worried about money?”

Jessica’s heart trembled slightly when he stared at her like this. She had to admit that this man was very frightening when he was angry, and

his strong aura seemed to overwhelm everything.

She bit her lip and sneered.

“Mr. Johnson, don’t joke around. I’m young now. You can take care of me, but when I’m old, you will abandon me. What should I do then?”

“There’s no future between us, and I’m not that kind of woman. I don’t want to waste time, and I don’t want to fall in love and suffer again.
