Chapter 1051 Nate Has Happened To Her

Jessica's expression was frightened. Could it be that she and Matthew just walked into the parallel space? There was no Lizzy there, and there was Lizy in this space?

Isn't this from a novel and television?

This was impossible in the real world. She felt that she must be crazy thinking that way.

At this moment, Matthew walked over and pulled her into his arms.

Elizabeth's eyes narrowed slightly. She looked up at Matthew and pushed him away.

"What are you doing?"

The way she looked at him was like a stranger.

Matthew was hurt by her gaze. He looked at his empty arms.

"Lizzy, don't be angry, okay? I won't do it again."

"I won't be angry with you anymore. No matter what you do, I'll tolerate you unconditionally."

Matthew was about to walk to her side, but Elizabeth hurriedly took a few steps back.

"Jess, who is this man?"

Not only Matthew, even Jessica was dumbfounded. Sure enough, something must have happened to Lizzy

“Lizzy, he’s Matthew. He’s your husband and your kids’ father.”

Elizabeth couldn’t help but laugh upon hearing this.

“What are you talking about? I’m only eighteen this year. How could I have a kid?”

She also looked surprised. When she looked at Matthew, she was wary

At this moment, Nate appeared and he called her.

“Lizy, I’m here to pick you up.”

He was wearing a white top and underneath was a pair of light-colored pants. He raised his hand and adjusted his glasses. A glint of light flashed across his eyes.

Elizabeth ran towards him and held his hand.

1/2

“Nate, aren’t you busy today?”

Matthew instantly understood what was going on. Nate had made a move on Lizzy. That’s right. She had seen Nate many times.

I’m sure he’s done it a long time ago.

Matthew

“Nate”

He let out a cold roar, and the two who had turned to look at him.

Elizabeth blinked her big eyes and said.

“Nate, he said that he’s my husband. Do you think it’s ridiculous? He even said that I have a kid.”

Her face was filled with naivety. She looked like a little girl who was naive.

Nate smirked coldly. “Mr. Hilton, why did you call me?”

A triumphant expression hung on his face. He couldn’t do anything to Nate.

Matthew wanted to go over and kill him, but he held back.

“Can we talk in private?”

His voice was cold, and there was a hint of patience. However, for the sake of that woman, he had to stay calm.

If he wanted to kill this man, he had to restrain himself

Nate raised his eyebrows slightly, “Okay!”

“Lizzy, wait for me in the car

Elizabeth’s mouth was pouted.

“Hurry up! I want to eat ice cream. You said you’ll buy ice cream for me today.”

Nate hooked her nose affectionately. “Naughty!”

Elizabeth smiled. She looked at him and then at Jessica

“Jess, goodbye!”

Jessica was a little confused. What happened to Lizzy? Why did she suddenly look like a different person?

She forgot about Matthew, but she still remembered her.

I don’t know what to do.

Hence, she turned to look at Matthew. He’s body was cold, but he couldn’t tell what he was thinking. He was calm, as if nothing had

happened

Jessica couldn’t help but admire that this was probably called calmness!

She could not do that, so she hurried outside. She needed to find out what was going on.

Could it be that we really encountered something supernatural stuff today, or could it be that we were in a parallel world?

Chapter 1052 She Is Not Her

Jessica chased after her and Elizabeth stood at the entrance of the hospital. Her big and bright eyes were shining. She was kicking a stone under her feet

A woman dressed in black walked over with a trenchcoat and put it on for Elizabeth.

“Miss, the master said it’s cold outside. You’re having a fever just now. He asked you to put on a coat.”

Elizabeth glanced at the windbreaker and said.

“Is this Nate’s clothes?”

Her voice was very sweet. When she spoke, there was a hint of a smile on the corner of her lips.

Elizabeth now probably looked like she was before she was eighteen!

Jessica looked at Elizabeth, she had an inexplicable feeling! She didn’t want to tell her the truth and wanted her to be happy.

Otherwise, she would recall the things she did not like, and the light in her eyes would slowly disappear.

The girl’s innocence would be gone,

Just when she thought about it, she suddenly shook her head.

Jessica, are you crazy? Lizzy is not normal now, you have to tell her everything.

Hence, she quickly walked over and held her hand.

“Lizzy, let’s talk. “

She pulled her to the side. Everyone here was Nate’s men, and they seemed to be very familiar with Lizzy

Actually, Lizzy did not know them at all.

But Lizzy at this moment was very familiar to them. It made her feel scary.

Elizabeth didn't react for a moment She was dragged by her a few steps, then she smiled.

"Sure!"

Jessica caught sight of the men following behind. Although they were some distance away, they followed closely.

She raised her head "Can you tell them not to follow us?"

Elizabeth looked at them. "You can wait here. I'll be back soon."

That's enough. I could not run. We'll chat over there. You can see us

H

After saying that, she and Jessica took a few steps forward and stood beside the garden.

sight.

Jessica held her hand, "Lizzy, do you know who I am?"

Elizabeth smiled, "Jess, my best friend. What's wrong with you? Have you lost your memory?"

Her question made Jessica feel a little sarcastic. The one who lost memory wasn't her, but Lizzy

Jessica took a few glances and saw that those people were still standing there. They were staring at them, fearing that they would leave their

“Lizzy, besides knowing that I’m Jessica, do you know anything else about me?”

Elizabeth smiled. “Of course, we’re best friends. You have a daughter named Pearl. She was sick before, and I took care of her with you!”

Jessica heaved a sigh of relief. She could remember all these things

“What about your kid? Arthur, Antony, and Abby.”

She looked at her expectantly. She had already called out the names of the three children. She probably had an impression of it!

After all, it was the most precious things she cared about

Elizabeth shook her head “Jessica, what are you saying? We used to be neighbors, Star Villa. I live in the seventh building while you live in the

sixth. You know me. I am the eldest daughter of the Wade Family I am only eighteen this year.”

1

Jessica lost her balance. A neighbor?

“Darling, that house belongs to you.”

Elizabeth saw the expression on Jessica’s face and felt that she had become stranger, so she sighed

“Why do I feel that everyone here is acting weird today? Besides, I feel that I’m acting weird too. I’m probably having a fever. I need to go home

and be quiet. I won’t talk to you anymore. I’ll be leaving now.”

Elizabeth became a little depressed and walked back.

At this moment, Nate also came out and she ran happily toward him.

“Nate, I want to go home.”

The depths of her eyes were filled with doubts, probably a little unfamiliar to everything.

Nate patted her head affectionately. “Okay! Let’s go home

Chapter 1053 A Dangerous Battle

Nate wrapped his arm around her shoulder and walked toward the car intimately

Matthew came out and called her.

“Lizy.”

The expression on his face was dark and there was a trace of exhaustion in his eyes.

Elizabeth looked at him. After thinking about it, she really didn’t remember who he was.

Matthew caught her gaze and knew that she was already changed. She probably was a different personality.

Previously, he tried to test Nate, but Nate refused to acknowledge that he drugged her. He even said that Elizabeth had always belonged to him, ever since he was a kid.

Matthew felt that the man was like a lunatic.

He walked quickly to Elizabeth's side and held her hand.

"Don't go with him."

His eyes were filled with worry, hoping that she could see his heart. Don't go with this man. He's dangerous.

Elizabeth looked at him looking at her like that and felt a little pain in her heart. She frowned.

"Nate, I want to go home."

At this moment, all she wanted to do was lie on her bed and play games. Otherwise, she would feel upset and die.

She was a girl who was addicted to the internet. Any pain could be solved with games.

Nate took Elizabeth's hand and looked at Matthew coldly.

"Did you see that? She only knows me. She wants to go home with me."

After saying that, he held her hand and walked away. Matthew's hand that was holding her hand was empty.

It was as if his heart had also gone empty. He caught up with her quickly and pulled Nate over. Then, he punched him hard on the face.

The corner of Nate's mouth was bleeding. Elizabeth screamed in fright.

"Nate, are you alright?"

With a concerned expression, she ran to Nate and stretched out her arms to stop Matthew

"Don't hit him. Please don't say those strange things to me. I don't know you, and I don't want to have anything to do with you. Please stay

away from us. We're going home."

Listening to these words, Matthew felt like his heart had been stabbed violently. The pain made him frown.

He really did not expect that there would be such a day. This girl didn't know him, and she even told him to stay away from her.

At the thought of the three of them, his expression turned cold and his voice became deep.

"Lizzy, you can forget about me, but our children could not leave you."

Kids again. How could she have a kid?

Elizabeth harrumphed coldly "What kid. I'm just 18 years old. Why would I live a kid? You must have mistaken the wrong person."

After saying that, she turned around and held Nate's hand. "Let's go home"

Matthew frowned slightly. He would never let this guy take her away. Regardless of whether she wanted him and the kids, he would never give

her to anyone.

Even if he was to kidnap her today.

Matthew walked up quickly. Nightbreeze stopped him and they started fighting.

At this moment, Matthew's bodyguards also surrounded them. They fought with Nightbreeze and watched as Nate and his car drove away.

Matthew strode forward, opened the car door, and dragged Elizabeth out.

When Nate got out of the car, she did not see Matthew and the others.

A trace of ruthlessness flashed across his eyes and he said coldly.

"That's enough. Lizzy was kidnapped."

Nightbreeze then stopped and then searched around for Matthew and the others. However, he had already disappeared with Elizabeth in his Arms.

Nate scolded, "Who is this Matthew? Why is he so fast?"

In a blink of an eye, he took Elizabeth away

Jessica stood not far away and watched the battle clearly. She felt that what happened today was unusual. It felt like she was dreaming and she couldn't think clearly.

"I need to figure it out" So she called Leonard. He used to be in the special forces and she d experienced a lot, she was sure he'll know why Lizzy is like this.

Chapter 1054 What Are You Trying To Do

She dialed the number, but there was no response. After a while, she heard a voice.

The number you're dialing is not in the service area

Jessica was a little surprised.

Where did he go? No wonder Mrs. Johnson came to the studio today and questioned her. It turned out that she couldn't find herson.

Just as Jessica was on the phone, Nate left with his men.

By the time Jessica raised her head again, the hospital had returned to its silence.

She walked out hurriedly. She looked left and right, but there was no sign of anyone

In Matthew's car, he turned his head to look at the woman in the passenger seat who was knocked out by him. A trace of worry flashed across

his eyes

At this moment, he heard the voice of Nicolas from his Bluetooth earpiece

"Matt, you kept calling me. Did something happen?"

Nicolas was in the lab just now. He did not have a phone with hum Now that he came out, he called when he saw it.

“I’m going to your lab now. Lizzy has been drugged too.”

Nicolas’s expression changed upon hearing this.

“Did he do something to Lazy too? They didn’t dare to do anything to Leonard. They might be afraid of his past.”

Leonard was a soldier. He probably had some training in this field. Besides, he had the support of the government.

He did not dare to act rashly on Nate, because could not afford to provoke him.

If they were to alert the government, they would have to confiscate a drug that was illegal.

Matthew wasn’t in a good mood. He didn’t know much about medicine.

Previously, he wasn’t worried, but now that it happened to Elizabeth, he was worried about her. He wasn’t that worried about himself,

“Prepare yourself. I’ll bring her here. I’ll notify Adam too.”

Dominic and the rest of the people under control, all took the medication of Nicolas. After Kai’s hypnosis, they returned to normal.

Nate roughly knew that his plan had failed, so she took action on Elizabeth.

Nate was pushed to the edge.

“Yeah, come here. Don’t worry, we’ve already cured so many cases. Lizzy will be fine.”

1/2

Matthew responded, "Okay"

Half an hour later, Matthew carried Elizabeth into the lab building and took the elevator to Nicolas's office.

He was already prepared, and Adam was there too.

Matthew placed Elizabeth on the bed in the lounge. Nicolas stuffed the medicine into her mouth and let her swallow it smoothly.

After that, Adam began to hypnotize her. Elizabeth woke up at the start.

When she opened her eyes, she looked dumbfounded

"What is this place?"

Sitting up, she looked around in a panic.

Kai quickly continued to wave the cross in his hand.

"Elizabeth, look at it. It's now you, you're it. Your eyes follow it, left, right, left..."

Elizabeth's gaze was really on the cross. Her eyes followed suit.

"Are you feeling sleepy now? Your eyelids are heavy. It's fine. Relax and close your eyes"

Elizabeth slowly closed her eyes. He thought he succeeded, but the next second, she opened her eyes again and took the cross in his hand.

“What are you doing? Do you want to hypnotize me? I’m not that easily hypnotized.”

Matthew walked over and held her hand.

“Lizzy, stop it. We’ll treat your illness.”

He looked at her deeply, hoping that she could follow Adam’s steps. As long as he could fall asleep. Adam could wake up her original

personality.

She then can go back to normal”

Elizabeth shook his hand away. “Don’t think I’ll listen to you because you’re cute.”

She got off the bed, put on her shoes, and glanced at the three people in the room.

“What are you guys trying to do? Let me go, or Nate will kill you “

Chapter 1055 Her Girlhood

When she said that Nate would kill them, her eyes were gleaming. It was obvious that she trusted Nate quite a lot.

Matthew was filled with hatred when he heard the man’s name,

“Lizzy.”

“Don’t call me. I don’t like it.”

Every time she hears him calling her Lizzy, her heart will hurt

A trace of darkness flashed across Matthew's eyes when he heard her. He was obviously hurt by her words.

Nicolas smiled slightly when he saw the expression on his face. He, who was completely unconcerned about everything, still cared about this woman the most

"I've never seen him so afraid and nervous as he's now

Now that he actually saw the word "injured" on his face. Sure enough, everything has its vanquisher

Matt would most probably be held tightly by this girl for the rest of his life.

"Lizzy, we're not bad people. You don't have to be nervous."

Adam, on the other hand, was lost in his thoughts. He did not expect that his hypnosis would fail. He had been wondering what was wrong

This girl listened to what Nicolas said to her. The fourteen was the best at comforting women, so Elizabeth was not that excited for the time

being

Until he comforted Elizabeth and told her to wait for them outside.

He also asked his secretary to come in and take her to sit outside for a while. He asked her to make her coffee.

In the lounge, Matthew lit a cigarette and took a deep breath. He looked troubled.

He was also a little dumbfounded, thinking about his own world.

He was such a person. When he studied a problem, he would ignore the outside world.

Nicolas looked at the expression on their faces, he was probably struck.

Nicolas patted Matthew's shoulder "Matt, don't worry too much. Lizzy's still alive. We'll find the cause of her illness slowly and she'll

recover."

Matthew puffed out a cigarette. "Can you not worry? She forgot about me and the kids. Do you see that she has a new personality?"

Kai replied, "I see that her condition is different from the previous patients. Her personality hasn't changed, and she hasn't been possessed by

the new personality, so it's not right for us to use the previous hypnosis method."

"Then what should we do? Hurry up and take out a new plan."

1/2

Matthew said coldly, hoping that he would come up with a treatment plan now. He didn't want to wait any longer and just wanted to make Lizzy recover.

Kai glanced at the time. "I need to go back and study. I'll be leaving now."

Matthew's face darkened when he saw him leaving.

Nicolas comforted her, "Matt, Adam is quite interested too. Don't you see that he has lost his soul? With him around, Lizzy will feel better."

Matthew's brows furrowed.

"Are you saying that your medicine doesn't work?"

"That's impossible. Look at the other people. All of them have recovered."

After smoking a cigarette. Matthew put out the cigarette butt.

"Let's go first."

He decided to take Elizabeth home and let her see the three children to see if the three children could wake up his memories.

Matthew got out of bed and entered the office of Nicolas,

Elizabeth sat on the sofa and was making a phone call.

"Nate, they're very strange. They brought me to a place and even wanted to hypnotize me. Fortunately, I've learned it from you. Otherwise, I'll be in trouble"

2/2

She was acting like a little girl to Nate.

Matthew listened to her voice and her expression, he let out a long sigh.

He had missed her teenage days too. Looking at her current appearance, she was probably like this at that time.

Sensing Matthew's gaze, she looked over and was slightly startled.

"Alright, let's not talk about it. We'll talk about it when we get back."

When she kept her phone, she asked coldly.

"Can I go home now?"

Chapter 1056 He Believes The Three Children Will Keep Her

Matthew was upset when he heard this. It was impossible for her to return to Nate's side.

He had to go back and ask the three children to help him keep this girl in the Hilton Family.

The thought of Nate made him hate him so much.

He had already ordered Jake to send his men to look for that dude. No matter what way he used, he had to get rid of him.

If both of them could not solve Lizzy's problem, then he will force Nate to solve it.

He must make Lizzy recover.

"Don't be afraid of me. I won't hurt you."

He lowered his voice. He did not know how to be gentle, so he could only lower his voice.

Elizabeth was still wary of him. Although she did not know this person, he looked a little familiar.

She couldn't resist handsome guys, especially a man looks like this, any girl could not resist him.

She blinked. "Yeah, I believe you, but I want to go home."

Matthew inched closer to her and looked into her innocent eyes. It was as clear as water, without any impurities.

"Follow me to a place first. I want to bring you to meet a few people. After that, you can decide whether to go back or not."

He did not force her. He was asking for her opinion.

Elizabeth instantly felt like he was no longer as annoying as before.

"Alright! My boyfriend wants me to go home before dinner."

His heart twitched slightly, boyfriend?

Is he worthy?

I am your husband.

However, he didn't say it out in the end. She was sick now, so he couldn't scare her. Otherwise, she would only stay far away from him

He had given in and was willing to compromise for her.

Before Matthew went back, he called the butler and asked him to bring the three children and the two elders to wait for him in the living room.

Hence, when the two of them returned to the Hilton Family, there was no one in the living room.

Matthew told her to wait here for a while before he returned.

Elizabeth looked around the hall and thought to herself, The Hilton Family is so opulent A manor as big

acres of land!

1/2

this should cover a few hundred

She herself was confused about the number, so she could only estimate it roughly.

Matthew entered the small living room. Abby sat next to Arthur and Antony. She held a Barbie in her arms and asked the two brothers with

smile.

“Are you guys having fun at Lego house today? When are you guys going to my castle? There’s so much fun inside!”

Abby really liked the castle that Matt had built for her. She even said that she would invite her best friend to her castle and play in the castle.

But they did not believe that she had a castle, and they even said that she was lying

The thought of this made her feel a little upset. Why didn’t they behave her?

Antony reached out and patted her head. "We built a satellite. We haven't finished it yet. You can go and experience it after we're done."

Abby nodded "Alright. Good luck!"

At this moment. Matthew walked in and Abby called him.

"Daddy!"

Matthew looked a little serious. Chelsea was massaging Hector's hand. When she saw her grandson enter, she let go of him.

"Mall, you wanted us to wait for you here? Is there anything you need to announce?"

The old woman wondered if Matt was going to announce the wedding ceremony between him and Lizzy.

In her heart, she had to hold a grand wedding for them. After all, she was preparing a wedding gown, then she would give Lizzy a surprise,

Matthew sat on the sofa opposite them and said softly.

"I want to tell you one bad thing. Lizzy is sick."

"What illness?"

The five of them asked almost simultaneously with worries in their eyes.

"Daddy, is Mommy going to die? I don't want her to die."

Matthew held her in his arms and patted her gently.

“No, she just forgot about us. You guys think of a way to keep her and don’t let her leave.”

Chapter 1057 Medical Genius

Abby stopped crying and wiped her tears with her little hands.

“I want to look for Mommy!”

She slid down from Matthew. The servant rushed over and left with Abby,

Chelsea and Hector couldn’t get along, so Master Hilton asked.

“What happened? Why did Lezy lose her memory?”

He had amnesia. That was because his brain was damaged, so he lost those memories.

But Lizzy’s body is fine, and she hasn’t gotten into any accidents. It’s even less likely that she’ll hurt her head.

Chelsea looked at her grandson and waited for his answer.

“It was done by a bad person.”

Matthew looked at his two sons. As expected, he was not disappointed. They seemed to have noticed it.

“Yeah, there’s a bad person who drugged her.”

“That person is a medical genius. When he was young, he was an autistic kid. However, his grades were very good, and he always ranked

first.”

Matthew smiled. “You know quite a lot.”

Arthur replied, “When we hacked into his computer, we saw his medical records. He had been seeing a psychiatrist since young, so he chose this major when he grew up. However, his illness did not seem to improve. After he grew up, he still refused to be in contact with people. He was hallucinating, and he was very stubborn.”

Chelsen was so frightened.

“Is he crazy?”

“Grandma, you’re right. However, he hates it when others call him crazy.”

Matthew nodded slightly. “He’s a danger, so we could not let Lizzy go to him.”

Arthur and Antony stood up and walked outside.

Chelsen helped Hector to his feet. “Old man, why do I feel that something isn’t right? I’ve only seen something like this on TV.”

Hector patted her hand. “TV is inspired by real life.”

Matthew watched them leave, but he did not get up. In annoyance, he took out a cigarette and lit it.

Elizabeth was eating fruits in the living room. Suddenly, a little girl pounced on her.

“Lizzy.”

She hugged her neck and kissed her face.

“I don’t allow you to forget about me. You said that the one you love the most is me!”

Abby said softly, holding her pretty face, letting her take a closer look at her.

Elizabeth’s heart melted after being kissed by her a few times. This little girl is so pretty and so cute!

Her voice was soft, and she even kissed her.

“Darling, who are you? You have to call me sister.”

Abby glared at her. Tears welled up in her eyes. Sure enough, she forgot about her.

“I am Abby, your most adorable little daughter”

Abby said seriously, hoping that she would rerall immediately

aren.

Elizabeth listened to the little girl, just like what Matthew said. If Matthew told her, she would turn upset.

But when facing this little girl, she couldn’t be mad

“This is such an adorable kid. I don’t want to upset her.”

“Abby, I’ll remember you. I won’t forget you in the future.”

Abby was still unhappy. She turned her head and looked at the two brothers.

“Brothers, you’re the best. Hurry up and remind Mommy of us. I don’t want her to forget about us.”

Abby was about to cry as she tried her best to hold back her tears.

Antony stretched out his hand to get her out of Mommy’s body.

“Sister, leave first and let us talk to mommy, okay?”

Abby looked at Elizabeth reluctantly. She believed that her brothers would have a solution. Hence, she followed her brother to play in the toy

Arthur sat beside Elizabeth and stretched out his hand.

“Hello, I am Arthur.”

Elizabeth looked at the miniature version of Matthew and felt that the boy must be very handsome when he grew up.

“Hello, I am Elizabeth ”

When Arthur withdrew her hand, he whispered into her ear.

“Elizabeth, if you leave this place, Nate will be in trouble. It’s a huge problem. My daddy is very powerful
If you don’t believe me, you cat

check it online. If he wants Nate's life, it's easy. You can only persuade him to let Nate go by his side.

Chapter 1058 She Was Fooled

Her sons knew her best, so they knew her weakness.

Elizabeth's expression changed slightly after hearing this

"I don't know why?"

Deep down, she didn't want to leave either. Although she said she wanted to leave, there seemed to be a voice telling her not to leave. Stay

Now that she heard the little one, she decided to stay

You're right. I'll stay here."

A trace of light flashed across Arthur's eyes. He knew that whenever she talked about the person she wanted to protect, she would definitely give everything she has.

Just like in the past, she protected them.

Now, the one she wanted to protect was that evil guy.

Arthur vowed to make that bad person would regret it.

Elizabeth stayed at the Hilton Family and did not go back. Nate waited for her at Star Villa, but in the end, she did not follow the script he set in

advance.

Leonard sat in the living room. There was no light on and it was completely dark.

Nate sat on the sofa and exuded a cold aura.

Nightmoon tugged Nightghost beside her and said, "Go and comfort the master.

Because Elizabeth did not return smoothly, probably this time, the master's experiment failed again.

It was a huge blow to the master.

All of them were afraid that he won't be able to turn his mind around. Moreover, the master had a strange personality. He liked to be unmerged

in his own world and normally didn't talk to them at all.

1/2

So they don't know what to do now?

Nightmoon saw that the night ghost did not move, she sighed.

"I'll go get Elizabeth back secretly When she's here, she'll talk to the master, and she'll be happier."

No matter if the experiment succeeded or not, she just wanted to make the master happy

She was about to leave when Nightbreeze stopped her

"Don't go. Do you think Matthew is a wimp? If he catches you, can you survive?"

The three of them were loyal to their master. If they were caught, they wouldn't reveal any information about their master, so they had i

choice but to die.

The three of them fell silent. They stood in the dark behind the sofa and accompanied Nate quietly.

well

Elizabeth gradually got acquainted with the Hilton Family. She could feel that Chelsea, Hector, and the three children were treating her very

They treated her like a family, so she gradually started to believe what Abby said.

It was a weekend today. Elizabeth was plying hu la hoop with Abby, and the maid counted for them.

Elizabeth would have given in on her daughter in the past. However, she was only eighteen now, so she had a strong desire to win.

In the end, Abby lost and Elizabeth was still going

Abby was a little upset and walked over to her two brothers,

"Brother, when will Mommy be like before?"

Mommy was like a sister now. She would take Barbie and play with her. She would even take her castle and say that she was the princess of

that castle.

She felt that Lizzy no longer loved her.

“Trust Matthew. He will definitely make Mommy recover Antony touched her little face.

Matthew was the one that Antony admired the most, so he was very confident in him.

Arthur was more stubborn, he said coldly.

“There’s no need to wait for him. We’ll settle it ourselves.”

He was still investigating Nate’s information, hoping to find something important.

Elizabeth spun a thousand times before she stopped. Hazel hurriedly handed her water and she took a sip.

“Abby, you’ve lost. You’ll have to buy me a beautiful dress later!”

The two of them were betting that the one who lost would buy a dress for the other party. Abby thought she would definitely win.

In the end, she lost.

Abby said angrily, “I’ll buy it. I have money anyway.”

Chapter 1059 The Little Wife of CEO

Elizabeth was amused by her. She walked toward her and bent down to kiss her on the cheek.

“Sure enough, Matthew’s daughter is very rich. Let’s go now,”

After spending a week in the Hilton’s old mansion, she really wanted to go out and get some fresh air.

However Matthew watched her closely. Today was a good opportunity

She recalled that Matthew had taken away her phone too. That dude was cold. He wouldn't agree,

She thought of Nate. "I haven't contacted her for so many days. I think he should be very worried."

"This little girl. Abby, was relatively simple. If she took me out, I would be able to contact Nate so that he won't have to worry."

"Sure! Go now."

Abby looked upset, but she was quite happy to buy Lizzy a dress.

Hazel hurriedly dialed Matthew's number and asked him if he allowed her to go.

Elizabeth took the phone and said, "Matthew, don't worry. I won't run. I'm just going to buy a dress with Abby. You can let Hazel follow us."

Hearing the voice of her on the phone, he thought this Lizzy was quite dominating.

Matthew wanted to say no, but after hearing her, he agreed for no reason.

Even after hanging up the phone, he was a little dumbfounded. What's wrong with me?

After being convinced by the girl, he sighed and sent a text to Jake.

"Send a few more men to accompany my wife."

Jake had been protecting the three children, and he was at the Hilton's old mansion.

"Alright, bass."

Elizabeth brought her group to the shopping mall. It was quite eye-catching

They caught the attention of countless people.

Elizabeth wore a purple trenchcoat. It reached her ankle and her waist was snatched. She wore white flat shoes and her head was tied up

She held a little girl in a white princess dress and walked in the front.

Following behind them were two little boys in black and white suits. They were very handsome, like the male lead in comic.

Behind them were servants and bodyguards. It was obvious some boss's wife was bringing her kids out of the streets.

Tiana and Celine were also shopping at the mall. Someone beside them led them downstairs.

The moment she saw Elizabeth and her family, Elizabeth was furious.

"Mom, look at Elizabeth. How arrogant is she now? Is she really treating herself like Mrs. Hilton?"

Tiana was actually envious, jealous, and mad. She had imagined this herself.

As long as she became Mrs. Hilton, she would be like this when she went out.

But now that Mrs. Hilton had become Elizabeth, how could she not hate her?

Celine sighed. "She's really Mrs. Hilton now."

Tiana sneered, "Mom, no. Look, does the Hilton Family acknowledge her to the public? They only acknowledge the three children. They didn't

even give her a wedding, so they probably don't like her too."

Tiana was only comforting herself when she said those words.

Celine bit her lips Tia, stop it. We could not defeat her now. She has Matthew to support her, so we should stay away from her."

The day they were locked up, Celine understood a lot. Elizabeth was no longer the one they could bully in the past. With Matthew around, they

could not afford to offend her.

"Mom, I can't accept this. She took my man and my position. I won't let her have a good life."

After saying that, she walked toward the elevator. Celine could only chase after her.

In a ladies' clothing store on the third floor, Abby and Elizabeth were picking out their dresses while Hazel followed them.

Abby pulled a dress over. "Lizzy, this suits you a lot!"

Elizabeth shook her head. "It's OK."

"What about this one? I think it's so beautiful"

A helpless look appeared on Abby's face. Lizzy, who was sick, seemed to have a better taste. She didn't like anything. What kind of dress would

she want to buy?

Elizabeth shook her head, and she lowered her head.

"Mm, I'm tired. I'll wait for you there. Pick it up slowly and I'll pay for it."

"Abby, where is your patience?"

Upon being so tortured by Elizabeth, she immediately gave up on helping her choose and ran to sit with her two brothers.

Elizabeth looked at the one who had already left and then tugged on Hazel

In the end, Hazel ran to the side too.

All she wanted was to choose herself. She knew that Nightmoon had been guarding at the entrance of the Hilton Family. As long as she went

out, they would be able to follow her.

She sent the people around her away to see her.

Elizabeth was shopping in the store. The clerk followed her after seeing the group of people she brought. After all, she had brought so many servants and bodyguards, so she must have a good family.

Hence, everyone felt that she must be very wealthy. She would buy a lot of clothes so they treat her very warmly and patiently.

She smiled and told the clerk.

“You don’t have to follow me. I’ll see for myself.”

The clerk had no choice but to leave. She glanced to the side, but no one else noticed her and walked toward Nightmoon.

“Nightmoon.”

“Miss, you’re finally out. The master is very worried about you. You should go home with me now!”

Nightmoon only wanted to bring Elizabeth to see Nate because her master was in a bad mood lately. Being alone all day made him feel more

and more upset.

Elizabeth was about to speak when Tiana walked over

“Elizabeth, Grandpa’s not feeling well lately. Why aren’t you seeing him?”

Seeing that someone had arrived, Nightmoon could only retreat.

Tiana knew that her grandfather would not allow her to be with Matthew, so she asked her to see her grandfather so that she could wake up.

Elizabeth’s plan was ruined by this girl. A trace of darkness flashed across her eyes.

It's not your turn to interfere with my matters."

She raised her hand to pinch her neck. Tinna was so shocked her eyes were slightly opened

You..."

Elizabeth was infuriated. This damned girl. It was fine to bully her in the past but now she even came to ruin her plan. She would not show her

mercy to her

Celine rushed in "Elizabeth, let go of her. Do you want to strangle her to death?"

Watching her daughter's face change from red to white, she might turn purple later.

Elizabeth sneered, "Celine, are you afraid that she will die and no one will buy you a coffin?"

Celine saw that she was not letting go, so she went forward and patted her hands.

"Let go, let go."

Elizabeth glanced at the back of her hands that were beaten red, and the corners of her lips curved up slightly

She didn't know why? The things that Celine and Tiana had done to her since she was a kid, she remembered them clearly, and each and every

one of them flashed through her mind.

She suddenly let go of her and Tiana could finally breathe. She started coughing non stop

“Tia, are you alright? I told you not to provoke her. If she strangled you to death. What should I do?”

Tiana relaxed for a while, and she was also a little scared.

“Mom, Elizabeth seems to have changed. Look at her, she’s so ruthless.”

Celine noticed it too. Her gaze was filled with scrutiny

Elizabeth sneered, “Since you guys really want me to see grandfather. I’ll see him later. However, you have to be mentally prepared. After I

meet him, all of the Wade Family’s assets will be mine.”

After saying that, she grabbed a dress and shook it gently on her hand. She sang and walked to the cashier.

Nate knew that she had a bad life ever since she was a kid. It was because her step mother and Felecia’s fault

Hence, when he was hypnotizing her, he strengthened these hatred and asked her to take revenge herself.

Tiana finally recovered. She held on tightly to her mother.

“Mom, did you hear that? She wants to steal the Wade Family’s family property. What should we do? Will we have nothing?”

Celine said coldly, "Don't listen to her nonsense. She doesn't have that ability."
