

Game Over 401

Chapter 401 Stealing Abby

Dominic tilted his head and looked out the window. There were a few white clouds floating in the blue sky. The weather was good and clear.

The scent of spring was strong, but he could only stay in the ward.

Besides, he was already like this, but Lizzy still only thought about Matthew which made him feel a little disappointed.

“Mom, I want to be alone.”

Mrs. Campbell looked at his expression. She had never seen her son like this before.

Previously, he was so handsome and thoughtful all the time. Now that he was like this, he should be very sad

Her heart ached for a moment and she couldn't help but think to herself.

“Oh my god! If there's anything should happen to my son, let me suffer instead. Don't hurt Dominic anymore. He's a kind-hearted person, and

he's friendly to everyone. Just make him feel better!”

Looking at her son's pained expression, Mrs. Campbell did not want to go against his wishes

Now, everyone in the Campbell Family was doing what he said and taking care of his feelings.

Mrs Campbell said nonchalantly, Dom, remember to eat on time.”

After saying that, she turned around and walked out of the ward. Elizabeth stood not far away, her back leaning against the wall. Mis

Campbell wonder what she was thinking

However, she seemed to be in a bad mood.

A few servants followed behind Mrs. Campbell and she walked toward her in her high heels.

“Elizabeth, didn’t you ask me to leave? Why are you still here?”

Upon hearing Mrs. Campbell’s words, she quickly wiped her tears with her hand.

The thought of Dominic becoming blind made her uncomfortable. How could such a good person end up like this?

“I I’m waiting for the elevator here”

After saying that she turned around and pressed the elevator button.

Mrs. Campbell stood side by side with her. Her back was straightened, and a trace of coldness flashed across her eyes.

“Elizabeth, don’t think that you used Dom a little before, and you really conquered me. No, I treat you the same way. I don’t want you to

interrupt Dom’s life. You better don’t have any fantasies. The Campbell family is not something you can ascend.”

Elizabeth took a deep breath. No one would be happy to hear such a thing.

“Mrs. Campbell, I know what you mean. I don’t have any other thoughts about Dominic. We’re just friends. That’s all I’ve never thought of

marrying into the Campbell family. You can relax”

At this moment, the elevator arrived and she walked in.

Mrs. Campbell also followed behind. Only the two of them and the two servants of Mrs Campbell were in the elevator.

The atmosphere in the elevator was very cold. No one paid attention to each other? They were far away.

Tiana paced at the entrance of the kindergarten. She kept walking. The thought of Abby letting Old Mr. Hilton relaxed her guard made her

want to use her to lure Old Mr. Hilton to see her.

As long as Old Mr. Hilton recovered, Elizabeth would become her subordinate and be defeated.

The thought of this made her heart ticklish

Suddenly, her eyes lit up. Grandpa and this little girl knew each other. She quickly took out a photo of her and Old Mr. Wade.

In fact, she did not have a photo with him. Instead, it was taken by a large family when they were together. Her mother pushed her to Old Mr.

Wade’s side, so she cut this photo and made it into a photo of her and the Old Master

Tiana walked past the security guards. After filling in the information, she saw the Master, indicating that she was Abby's aunt, and also

verified her identity card.

The Master was still worried and he called Abby to his side.

"Abby, do you think she's your aunt?"

The teacher had called Elizabeth, but she did not answer it. Maybe she was busy, so she could only ask Abby.

Abby looked at the auntie in front of her. They knew each other, but they weren't.

Besides, she was not good to Lizzy. She did not like this aunt

Abby shook her head. Just when she was about to say that she didn't know him, Tiana took out her phone and showed her a photo.

"Abby, it was my great-grandfather who asked me to pick you up. He's sick and feels uncomfortable. He wants to see you."

Chapter 402 Make a Good Girl Do Bad

When Abby saw Old Mr. Wade, her eyes lit up.

"Ah, is he sick?"

Abby liked her great grandfather too, because he had given the big house to them. This was something she remembered the most.

She knew her great-grandfather treated them very well beca

she had her own princess house.

Tiana nodded repeatedly. Yes, yes, he's my grandfather. I sent him to the hospital. But he said he wants to see you and asked me to pick you up. Let's go quickly! If we go any later, he might not be able survive."

She doesn't care that if she is cursing her grandfather, it doesn't matter.

Anyway, her grandfather had never loved her. He only cared about Elizabeth

Abby thought for a moment "Okay, why don't youll

my brothers?"

Tiana was stunned for a moment. She did not expect that this little girl was quite smart. She even thought about her two brothers. Those two boys were very smart.

She was not as smart as them. As long as they know, her plan will do down the drain

"Abby, there's a virus recently, so the hospital is very strict, so we can only let one person go. My grandfather calls by your name, so he probably likes you the most. Go see him first today. If he gets better, I'll come and pick your brothers up tomorrow and the day after tomorrow to see him separately."

Abby thought about it. That's true.

Everyone has to wear a mask recently. The hospital must be more strict

“Alright”

iL

Tiana held her hand. Tell the teacher outside that I’m your aunt. We need to hurry. Otherwise, I’m afraid he won’t make it.”

Abby nodded and allowed Tiana to lead her out of the teacher’s office.

At this moment, the teacher was talking to a parent. It seemed that the parent was here to pick his child up and was asking the teacher about

When the teacher saw that Abby had come out, she asked.

“Abby, this your aunt? Should I give your mother a call?”

Abby smiled, so adorable.

“Miss Bock, this is my aunt. Let’s go. Goodbye, see you tomorrow!”

Her voice was sweet. Tiana furrowed her eyebrows slightly. She couldn’t stand her. She was too good at talking and her mouth was too sweet.

However, she had no choice but to cooperate and smile at the teacher.

“Goodbye, Miss!”

After exiting the main gate of the school, Tiana lowered her head and looked at her. Does this little girl really look like Elizabeth?

It was just a miniature version of her. She was too beautiful, making people jealous, especially women.

Anyway, Tiana had been jealous of her since she was a child. She was jealous of her good looks and her grandfather liked her. It was as if

everyone in the world liked her.

“Abby, did Elizabeth teach you to speak like this? It’s too much. Others won’t like it.”

Abby’s voice was born with this sweet voice. This was something that only children had

Her big eyes suddenly flickered and she looked at her, “Ah, is that so?”

Even though she asked such a question, but she had her own thoughts.

Abby’s eyes narrowed into a smile. I’m going to turn her a bad girl. Let’s see if she can comfort Grandpa and Old Mr. Hilton.

Tiana carried Abby into the car, showing how much she cared and treated her well.

“Abby, be careful. Don’t hit your head!”

Abby had already sat down and replied.

“Okay!”

Tiana got into the car and told the driver.

“To the Hilton Family.”

After saying that, she turned her head to look at the adorable Abby. "I'll teach you a lesson! If you don't greet people when you see them, other

people will think you are very cool. Don't keep laughing. Others will think that you're like a fool Look, does Matthew usually have a cold face and

ignores everyone, but there are many people who like him, right?"

Abby's big eyes twinkled, as if it was different from what Mommy said.

"Lizzy said that you have to say hey when you meet someone. You have to smile and say goodbye when you leave!"

"That's a polite kid."

Chapter 403 Lie to Old Mr Hilton

Abby shook her head. "No, no, it's rude."

Tiana held her little hand in her hand. Then, Abby, do you like Matthew?"

Abby nodded. She liked him and liked him very much.

Because she felt that he had the scent of a daddy. She hoped that he would be their daddy.

"That's right. Do you think he's always paying attention to others? Is he smiling? He's always as cold as ice."

Matthew appeared in Abby's mind. It seemed that he was just like that.

Then, she pursed her pink lips and tried her best to think

Tiana knew that this little girl understood what she said. As long as she became an ungrateful and impolite child, no one would like her.

By then, grandfather and Old Mr. Wade won't be coaxed by her

After that, Tiana did not say another word. It was a good thing that she had tricked Abby her out.

She is gong to lie to Old Mr. Hilton later.

The car stopped at the entrance of the Hilton Family. When Abby saw the huge and beautiful door, she pointed at it.

"It's the handsome uncle's house"

Tuana smiled. "Abby, wait for me in the car with the chauffeur. I'll go pick Old Mr. Hilton up. He'll visit my great-grandpa too."

"Okay," Abby answered.

The Hilton Family. Tiana walked from the door to the mside. Her high heels were too high, and the main gate was too far from the Hilton's old

mansion. She walked in a hurry and was so tired she could die

When she walked to the main building, she turned around and took a look.

She would have to drive Old Master out later. It was too far, so she took out her phone and gave the driver a call.

“Come in and wait for one at the parking lot ”

After saying that, she hung up coldly and called again.

“Remember to take good care of that child. Don’t let her get out of the car.”

The driver glanced at the cute pink dumpling from the rearview mirror and replied

“Alright, Miss.”

Now that the chauffeur had learned his lessons, Tiana was very concerned about her identity. Calling her second lady would make her angry.

and she would take it out on them.

Tiana entered the living room and did not see Madam Hilton and Old Mr. Hilton, so she asked the servant.

“Where is Old Mr. Hilton?”

book

Tiana came here quite frequently, so they were used to her.

“Master is in the study. Madam is copying books at the back.”

Upon hearing this. Tiana's eyes lit up. Good news. She hurriedly walked straight to the study. There were servants and nurses inside.

When she entered the study, she realized the old man was reading a book. After reading a page, the housekeeper helped him flip a new page.

She have to admire that, even like this, the old man is still studying.

Tiana really didn't understand these people. For her, if she had to live like this, the quality of life doesn't matter anymore.

"Old Mr. Hilton, I'm here to visit you again."

With a smile, she walked to him and sent the servants and nurses to get his medicine and clothes.

Only the two of them were left in the study. When Old Master saw the woman enter, his face darkened, and his eyes stopped looking at the

Tiana was a bittle scared when she saw Old Master's face darken

"Tiana, he is the hope for you to marry into the Hilton Family. You have to do it!"

She took out her phone and the driver's video. "Give the phone to Abby"

Then, the pink little hamster appeared on the screen. She stared at them with her big eyes.

"Abby, greet grandpa Hilton."

When Abby saw Old Mr. Hilton, she smiled and said, "Grandpa, it's me, Abby."

The moment Old Mr. Hilton saw her, his eyes sparkled His face moved and he wanted to speak, but he couldn't say anything. His face was

flushed with excitement.

*At this moment, Tiana ended the video call

“Old Mr. Hilton, Abby is in the car outside. She wants you to go out and have some fun.”

Chapter 404 A Little Chatterbox

Old Mr. Hilton only wished to see his precious granddaughter. Duce the call was ended, he felt uncomfortable.

Upon hearing this, he nodded, indicating that he was willing to go out with his great-granddaughter.

A wicked smile flashed across Tiana's face. She was simply too smart. Did she manage to deal with Old Mr. Hilton just like that?

Hahaha... She was about to laugh out loud, and she was so happy that she was about to fly

As long as he was treated by Julia's father, Old Mr. Hilton would be able to speak soon. As long as he could speak, her marriage with Matthew

would be possible,

Ahhhh. I hope he can recover today.

She pushed Old Mr. Hilton and walked outside. The servants passing by did not pay much attention because they weren't here to serve Old Mr.

Hilton.

None of them dared to interfere. Besides, Tiana frequently, they did not think that she was a bad person.

Besides, everyone had heard that master liked this Ms. Wade very much. He wanted her to marry the Young Master, so nobody dared to

offend her

After all, it was the Old Master who had the final say in the family. Even if the Young Master liked someone else, they knew that with Old

Master's current health, the Young Master couldn't go against his wish.

The Young Master was still. He definitely wouldn't want anything to happen to Old Master, so naturally, he compromised.

Sometimes, the servants at home could see more clearly.

Tiana reached the parking lot easily. The chauffeur carried Old Mr. Hilton into the car and Abby stretched out her head.

"Grandpa Handsome, hahaha..."

Laughing, she peeled the candy and fed it to his mouth.

"I'll give you candy."

Old Mr. Hilton was overjoyed. He opened his mouth and ate the candy. He just felt that the candy in Abby was the sweetest and his heart was

even sweelened.

Tiana hurriedly got into the car and said coldly.

“Drive Go to the place I sent you before I came. Drive faster.”

The chauffeur wiped his sweat. He hind just carried Old Mr. Hilton, and he was so exhausted.

And he didn't dare to say anything. He didn't even dare to make a sound. At this moment, he could only wipe his sweat quietly and drive away.

Tiana glanced at the rearview mirror. This little girl was really quite easygoing. Looking at the old man, she looked happy.

“This little girl isn't that simple. She's definitely not that ordinary when she grows up.”

She really hoped that this girl won't be able to grow up. She still couldn't understand why an old man in his sixties could have such adorable

children with Elizabeth.

His two sons are so smart. Genes are really a weird thing.

If there were three fools, how good would it be.

After Abby finished feeding the candy, he started to massage his back.

“Handsome grandpa, I’ll give you a massage I do it for Ms. Elliott every day. She said it’s very comfortable. Maybe you’ll be able to walk if I do

it for you everyday *

A child of this

age

doesn’t have any bad intentions.

All she wanted was for Old Mr. Hilton to recover and walk

Then wherever he wants to go, he can go

Old Mr. Hilton laughed so brightly that his mouth almost cracked to the back of his head.

Tiana looked at his smile and was a little worried, so she whispered to the chauffeur.

“Jake, take a look. Is Old Mr. Hilton having an attack?”

Jake hurriedly took a glance and then took another glance. This smile was too exaggerated.

“Miss, no, he’s just happy”

Tiana took another closer look. Old Master’s gaze met her in the rearview mirror. Then, his face darkened and he stopped smiling.

Finally, she breathed a sigh of relief. It wasn’t an attack. It wasn’t an attack.

After Abby was done, she sat down next to him.

“Grandpa, it’s so sad that you don’t know how to speak. It’ll be good if you know how to speak. Do you like to talk like me every day? What do

you want to eat? If you can speak, Ms. Elliott and Lizzy will give it to you. But you can’t say it. What if you’re hungry?”

Chapter 405 Awkward

Upon hearing these words, Old Mr. Hilton laughed again. He thought it was so cute!

It was simply too cute. He liked it so much that he could die.

If Abby was at home every day, then the Hilton Family would be lively. He hoped that he could take them to his house quickly!

Tiana was annoyed and she said loudly.

“Abby, stop talking. Have you forgotten everything I taught you just now?”

Abby talked too much. If Old Mr. Hilton was annoyed, he won’t cooperate.

%

“Say that he doesn’t know how to speak. Isn’t that making him feel bad?”

The little bad bastard was even more despicable than her mother.

When Abby heard this, she covered her mouth with her hands. She thought of the handsome but expressionless uncle.

Hence, she stopped laughing. Her face was cold, and she squinted her eyes to be like him, hoping that her eyes would shine.

Only then did Old Mr. Hilton feel a little angry and he looked forward resentfully

He liked Abby talking. No matter how much she said, he won't be annoyed. Why would this damned woman scold Abby?

"If he can speak, let's see who dares to do so."

Only when he thought about it did he suddenly realize that something was off

Matt liked this woman, but Abby is Elizabeth's child What is she trying to do?

Old Mr. Hilton turned around and touched Abby with his shoulder.

When Abby turned her head to look at Old Master, she narrowed her eyes and asked coldly like Matthew did.

*"What is it?"

Old Master saw this scene and felt that the expression she said was exactly the same as Matt. It was indeed his child.

Abby sat up straight again. Her back was straight and

eyes opened bigger.

The handsome uncle was so cool when he was like this. But why was she so tired?

Oh, I'm even a little sleepy.

After sitting down for a while, she could no longer pretend, so she leaned against Old Mr. Hilton

Her mouth moved slightly. "I'm so sleepy! Abby is going to sleep now."

Then, she closed her eyes and stopped moving.

Old Mr. Hilton's hands weren't able to move a lot. However, he wanted his great grand daughter to sleep more comfortably, so he raised his

hand to wrap her head around his thigh and patted her gently.

Previously, it was difficult for him to do such a thing. Even if he had been trained, it was still difficult for him to do it during his recovery.

However, he did it unexpectedly.

Elizabeth left the hospital and went to the children's hospital to visit Pearl

She went to the hospital room but didn't see Pearl. So she asked her colleagues and found out that they had moved to the VIP ward on the

22nd floor.

Elizabeth recalled that she had told her last time.

She went to the 26th floor, pushed open the door of ward 2608 and walked inside.

On the sofa in the living room outside, Jessica sat on Leonard's thighs. The two of them were now making love like crazy..

Elizabeth stood rooted to the spot, and Jessien screamed in surprise.

"Lizzy..."

Following that, she hurriedly flipped down and bent down to pick up her clothes.

Leonard pulled one of his clothes and covered her. Elizabeth quickly turned around.

"I-I still have something to do. I'll be leaving now,"

What did she see just now? Was this a hospital play?

Her face was red. When she heard the noise of Tina wearing clothes behind her, she quickened her pace.

Only after the door closed did she feel

lieved. The

cent inside was too strong

It was too awkward today. She hurriedly walked toward the elevator. It was better not to meet with Jessica, lest they both feel awkward.

Jessica ran out, "Lizzy..."

Her hair was messy and there was still a layer of blush on her face.

Elizabeth turped around and handed her the fruit

in her hand.

“This is for Pearl and your. I’ll go first.*

“Lizzy, just now...”

Elizabeth quickly interrupted her, “Let’s not talk about what happened just now, okay? I just forgot about it.”

Chapter 406 He Has Difficulties.

Jessica’s eyes shook slightly and she coughed awkwardly.

“Lizzy, I don’t know what to do with him either.”

Elizabeth wrapped her arms around her shoulders, “Jess, I don’t blame you Just think about your own matters and don’t let him wrong you

for nothing”

“Well, she’s a more traditional woman. If a man has ulterior motives and comes close to you, he won’t give you a promise, and he’ll lie to you.”

You really can’t have a man like him.

That was how she felt now. She was afraid that she would get hurt, and she was afraid that she would suffer the consequences.

Jessica held her hand, "Lizzy, Mr. Johnson has agreed to donate bone marrow to Pearl next week. To me, there is nothing better than this. As long as Pearl can get better, I am willing to do anything "

Suddenly, Elizabeth was stunned. That's right

If it were her, what would she do? She would give up everything and just want to save the child.

Leonard was also disgusting. He saw this little weakness of her and was deliberately taking advantage of her.

"Lizzy, why are you free today?"

Elizabeth smiled bitterly, "I lost my job, and then I couldn't be with Dominic any longer. I don't want to go home, so I want to talk to you and

see PeachTM

Jessica smiled, "Let's go m! Pearl should be waking up soon."

Elizabeth glanced in the direction of the ward. The scene just now really couldn't be changed!

She hesitated. At that moment, Leonard came out. He was wearing black pants and a grey T-shirt. His hair was short, and his skin was tanned.

He looked very manly

—

The corner of his face was clear, and he looked extremely masculine. It was obvious that he was a soldier

He walked over with his long legs. His expression was unchanged and he did not care about what happened just now.

Elizabeth knew that people like them did not care about other people's opinions

When you have a strong heart, you won't be easily embarrassed.

"Jess, I'm leaving" He threw a seductive look at Jessien.

Then he looked at Elizabeth, with a hint of a smile on his face.

"Lizzy, don't you need to go to work today?"

Elizabeth would recall what she saw just now when she saw him. Uh...

Her face flushed slightly and she warned herself not to think too much.

"I have resigned."

After saying that, she tugged on Jessica's hand and hinted her to go in and have a chat.

"Goodbye, Mr. Johnson!"

Elizabeth forced a smile and waved at him.

Leonard furrowed his brows slightly. He knew that Lazy was now Matt's personal secretary. That fellow deliberately hired her to keep this girl

in his sight.

Resigned? Could it be that the two of them had a fight?

Elizabeth and Jessica entered the ward. The colors inside were very warm. The walls were pink and there were many cartoon dolls. Even the

sofa was pink.

She felt that the environment in the VIP ward was much better than the ordinary ward below.

Jessica led her into the ward. Pearl was still sleeping on the pink little bed. She was sleeping soundly.

Elizabeth breathed a sigh of relief, "Looks like Pearl is much better than before."

Previously, she was so thin and couldn't sleep well. It seemed like she had gained weight too.

Jessica walked to the bed and tucked Pearl in.

"The doctor now is very professional, and he used the best medicine, so she's feeling much better."

Previously, they really did not understand that having money and connections was such a good thing for Pearl.

Jessica stood up and walked out of the ward with Elizabeth to chat in the living room outside.

She didn't want to sit in that sofa anymore. She sat on the armchair beside her and hugged a pillow.

It seemed that Mr. Johnson was quite generous. At least he was willing to give money and donate bone marrow.

“Jess, in fact, for the sake of his work, he has a weak body, so he can’t undergo surgery.”

Chapter 407 Abby Is Missing

No wonder he disagreed before. After a month, he even escaped.

It turned out that there was a reason in this aspect.

Elizabeth nodded. “Matthew said that if he receives the surgery, he won’t be able to do his previous job.”

The expression on Jessica’s face darkened. She pursed her lips and was deep in thought

At this moment, Elizabeth’s phone rang. It was from Arthur.

“Son, are you guys done with school?”

I don’t think it’s time yet, but sometimes school will end early when there’s an event.

“Mommy. Abby is missing. Tuna has taken her”

Elizabeth stood up and walked outside

“What’s going on? Aren’t you guys in the same class with her? Why would she be picked up?”

Thinking of Tu

was afraid What would that woman do?

Recalling the cruelty she and her mother had done to her back then, their hearts were made of stones, and their thoughts were wicked.

Abby was so young. She was very simple. She didn't understand how terrifying the world of adults w

Was

"What should I do?"

Will she hit her? Or will she sell her to a human trafficker?

"Lizy, what's wrong?"

"Jessica was indeed shocked to see Elizabeth's dejected expression and the tears in her eyes.

Elizabeth hung up the phone and kept pressing on the elevator She couldn't wait any longer.

"Jess. Abby was taken away by Tiana. Their whereabouts of her are unknown. I need to look for Abby "

Jessica was shocked too, "Let me accompany you!"

"What about Pearl?"

"Don't worry. Leonard has hired a nurse and a maid. Even if I'm not around, they'll take care of her too."

Elizabeth heard and nodded repeatedly

“Alright, alright, let’s go find her together.”

When they reached the parking lot, Jessica drove while Elizabeth sat in the passenger seat, feeling very flustered.

“What should we do? Abby is so young. She can’t fight back.”

I should have gone to school when I left Dominic’s place. No wonder I’m feeling uneasy today. It turns out I really have a premonition.

Jessica looked at her as she drove. “Lizzy, give Matthew a call. He has a lot of connections and he will definitely be able to help you.”

Elizabeth finally remembered, “That’s right, call Matthew.”

She took out her phone and dialed his number.

Matthew had been very busy lately. He had to do everything himself.

The media wanted to interview him, and then he had to meet with the family members. He had to calm the publicity.

He also had to arrange the work at the Hilton Group. He wished that one person could be divided into a few people.

Elizabeth called, Esme answered.

“Ms. Wade, it’s me, Esme. It’s not convenient for Mr. Hilton to answer the phone now.”

Elizabeth was stunned. It was inconvenient for him to answer the phone, so what should I do?

“Esme, I want him to answer the phone. Hurry, I have something urgent.”

Her sobbing shocked Esme.

“Okay, I’ll give him the phone right now. Don’t worry, don’t cry”

After a while, she heard a man’s deep and touching voice on the phone.

mess

“Lizzy, what’s wrong?”

Esme said that she was crying. His heart ached.

“Matthew, Abby was taken by Tiana. I’m afraid she’ll hurt Abby.”

After saying that, she started crying again. Matthew understood. Only her children could make her cry and make her look like she was in m

Out of the three children, she was most worried about Abby.

“Alright, leave this to me. Be good and wait for news at home. Don’t run around.”

“No, I want to look for her.”

Matthew frowned slightly. “Listen to me, don’t distract my attention.”

I'm sure she's in a state of chaos now. I'm afraid that she'll get into a car accident. I'm even more afraid that she'll run wild and lose herself.

Tiana has took Abby away. She must have a plan. Maybe she wants to threaten Elizabeth.

Chapter 408 Lies

"Be good and stay at home."

After saying that, he hung up the phone. At this moment, his phone rang again.

Matthew glanced at the meeting room. He still had to continue this meeting

"Grandma, what is it?"

"Matt, it's bad. Your grandfather is missing "

Matthew furrowed his eyebrows. "Get the butler to check the surveillance and see if there are any outsiders. "

Why is it so coincidental? Abby is gone, and Old Master is gone.

He had a bad feeling that these two things were probably related.

"Yes, but since yesterday, our house has been cut off, so even the surveillance has failed."

It was such a coincidence that someone must have done it on purpose.

In fact, this was just Elizabeth trying to prevent the two elderly people from seeing the news. She ordered her son to hack their family's

internet

Matthew held his phone and dialed a series of numbers. Then, he made some orders

After giving the orders, he glanced at the time and decided to finish the meeting quickly.

Jessica drove to the kindergarten. The car stopped at the entrance of the kindergarten. She glanced at Elizabeth. At this moment, she was still

In a panic and her tears kept flowing.

"Lizzy, are you alright?"

"The school was also responsible for this matter. Why would they give the child to someone else without asking her?"

Jessica was a bit mad, so she would definitely make a scene and ask them to help find her.

Elizabeth took a deep breath and wiped her tears before getting out of the car

The two of them walked toward the school. In the senior's room, Arthur and Antony were sitting there. When they saw Elizabeth, they all

stood up.

"Mommy, you're finally here."

Now, they needed a laptop and a mobile phone. However, these things were at home, so they needed to go home quickly.

In order to track down her sister's whereabouts, the two of them dragged her away.

Mommy, let's go home first."

Jessica entered the door and started arguing with the principal, "What's wrong with you? How can you let anyone take away a child? If anything happens to Abby, can you bear the responsibility?"

The principal was very calm. "It was our negligence at work, but Miss Beck had called her mother, but she didn't pick up. So she told her to confirm it herself. She said that it was her aunt and they wanted to see her sick great grandfather."

Elizabeth flipped through her phone and saw a few missed calls. She should be driving at that time, so she didn't hear it. Damn it.

"Is this Miss Beck's number?"

The principal took a glance and then checked the number in his phone.

That's right. Therefore, we have a responsibility, and you have a responsibility too."

Jessica became unhappy after hearing this, "We have a responsibility, but the biggest responsibility is yours. No matter who comes to pick up the kids in the future, you can't hand it over easily."

"We've called the police. They're still looking for Abby," the principal apologized.

Elizabeth was a little lost in her thoughts. She didn't answer the phone. It was all her fault that she didn't hear it

Arthur frowned slightly. “Mommy, let’s go home first. Then, you can call and ask great Grandpa if he is sick. Maybe my sister is at the hospital

to accompany him!”

Only then did Elizabeth have some direction. That’s right. Call great grandpa and look for Tiana. As long as you find her, you’ll know where

Abby is.”

The few of them left the school in a hurry, while Jessica drove.

Elizabeth sat in the passenger seat. She held her phone and waited for the other person to answer.

“Grandpa, I am Lizzy.”

Her voice was filled with tears and she spoke in a hurry.

“Lizzy, what’s wrong?”

Elizabeth couldn’t calm down even more when she heard Old Master’s voice.

“Grandpa, are you sick and hospitalized?”

“No, I’m fine. Why would I be hospitalized? Who said it? It’s a lie. Don’t cry. Grandpa’s feeling better!”

Chapter 409 Two Kids Are Really Great

He was comforting Elizabeth, and Elizabeth couldn’t help but sob,

“Grandpa, you’re not sick. But Tiana said that you’re sick and took Abby away. Doesn’t anyone know where they are?”

Upon hearing that, Old Mr. Wade’s voice became sharper.

“What? Tiana? Lizzy, don’t be anxious. Abby is now the Campbell Family’s child, and it’s also the Campbell Family’s bloodline. Does she not dare to do anything to her? I’ll go and ask her mother. Don’t be anxious!”

After hanging up the phone, Elizabeth sniffled.

“Tiana is lying. Grandpa isn’t sick at all. She did it on purpose. Jessica, do you think she’ll kill Abby?”

The thought of this terrifying thing made her unable to endure it.

I can’t take it anymore,

Arthur and Antony had been used to her mother’s behavior since they were young. When she was worried about her sister and them, she

would be in a big mess. She was not very clever

“Mommy, her sister will be fine for now. We’ve taught her to call the police if she’s in danger. If she calls the police, she’ll definitely contact me.

so she’s fine now.”

The phone on her watch was in her bag. She knew.

Elizabeth pondered for a while, "Okay, I won't be in a rush, but I'm scared."

She covered her face because they had never experienced what happened to her back then. Back then, her fear of those two women continued.

for many years.

She understood how terrifying Tiana was. That was why she knew what kind of situation Abby was in

The car stopped on the parking lot of his house. The two little ones pushed open the car door and ran into the house.

Ms. Elliott's voice came in. "Why are you guys back? Where's Abby?"

Elizabeth entered the house with the help of Jessica. Ms. Elliott was weaving her clothes and she stood up abruptly.

"What's wrong with Lizzy?"

Elizabeth saw the wire. She bought it for Matthew, but she didn't have the time, so she threw it to the side.

Unexpectedly, Ms. Elliott picked it up.

Jessica helped her to the sofa, "Lizzy, don't be in a rush. Matthew has a wide network. He should be able to check the surveillance footage of

the entire city. There will be news of Abby soon."

Ms. Elliott saw Elizabeth's face and hurriedly went to make ginseng tea, hoping that she would feel better after drinking it.

When she heard that something had happened to Abby, the cup in her hand slipped.

“Jess, what did you say? What happened to Abby?”

“Isn’t she going to school? Why is she in trouble?”

Jessica gritted her teeth and said, “Abby was taken away by Tiana. We don’t know where she is now.”

Ms. Elliott placed the cup of water on the coffee table in front of Elizabeth and cursed.

“Damn it, why did she take Abby away?”

Only after she said this did she realize that something was off

“Have you called the police? Get the police to look for her.”

Ms. Elliott was so anxious that she jumped. However, she heard the footsteps of her two sons upstairs and they ran downstairs.

“Mommy, Abby is at Fish Town number 366”

Upon hearing this, Jessica’s eyes narrowed slightly and she gave the two kids a thumbs up.

“Lizzy, Antony and Arthur are really good. They have found out where Abby is.”

Elizabeth stood up, “Let’s go now. At worst, I’ll go change Abby”

The reason she thought about it was that Tiana wanted to marry Matthew, so she threatened her with Abby. All she could do was to settle it

The few of them dashed out of the house and got into the car. Jessica spun the steering wheel and drove away.

Ms. Elliott caught up to them, but the car had already left. She stretched out her hand.

“Lizzy, wait for me. I’ll go with you.”

www

“But it’s too late. She’s so old. She can’t outrun the youngsters.”

The car had already driven out of the city and was heading toward Fish Town.

Elizabeth’s phone rang and she answered it.

“Lizzy, we’ve found out Abby and my grandfather are at Fish Town. Let’s go there now.”

“Yeah, we got it. We’ve already left the city. We might be faster than you guys.”

Chapter 410 The Little One Impressed Matthew

Matthew asked again, “Did they find out about

Only the two boys knew Abby the best, so if they wanted to investigate her whereabouts, they would be faster than him

Elizabeth looked at her two sons from the rearview mirror. “Yes, they found out ”

Matthew smiled. "It seems like if they grow older, you really don't need anyone."

It sounded a little bitter, but also a bit sad.

Elizabeth was in a bad mood, but she couldn't help but laugh after being teased by him.

That's good to know. If you dare to bully me in the future, you know the consequences."

After saying that, she hung up the phone. When the two sous at the back saw her, a trace of surprise flashed across their eyes.

Ever since they remembered it, their Mommy would cry whenever something happened to Abby. Besides, no one would be able to make her

happy.

Today, she actually busted into laughter.

The two of them finally realized that Matthew was indeed quite good.

I can do something the two brothers can't do.

Jessica turned her head to look at her, "Lizzy, aren't you crying anymore?"

Elizabeth wiped away the tears at the corner of her eyes. "I'm done crying."

Jessica smiled, "Matthew really has something special. Treasure it."

After saying that, she quickened her pace and rushed to Fish Town. They arrived two hours later.

Arthur and Antony sent their location to Jessica's phone. She looked at her phone and drove there.

When the car stopped, they found that it was a Chinese Medicine clinic.

The few of them got out of the car and ran into the clinic.

Elizabeth grabbed a woman at the front desk and asked, "Where is my daughter?"

"What daughter?" The woman was dumbfounded.

Jessica pulled the flustered Elizabeth back and left an empty space for the two little ones.

Arthur showed her the phone. "Ts this little girl here?"

The woman took a glance. "Yes, she's in the backyard."

Elizabeth heard and hurriedly walked to the backyard. The few of them were in a hurry. When they entered the backyard, they-ek

on the bwing, holding a lollipop licking in her hand.

"Abby..

Elizabeth ran to her side. When I saw Mommy and her brothers, she smiled joyfully.

"How do you know I'm here? I'm so bored!"

Elizabeth pulled her down and checked her body.

“Abby, are you hurt? Did they give you any injection?”

At the thought of Tiana, she was afraid. That woman is bad. She must want to kill Abby.

I must have given her some medicine to make her suffer worse than death.

Jessica also asked her, “Abby, are you hurt? Say it quickly.”

Abby watched the people talking around her, but she couldn’t hear it clearly, so she said loudly.

“Can you guys talk one by one?”

Arthur gave Antony a look. He pulled his mommy away and Jessica followed behind.

Arthur reached out and patted her head. “Abby, how can you walk with strangers? Did they ask you to take medication or give you injection?”

The little one was very clear-headed, knowing that his mommy was worried.

Abby shook her head. “No! The handsome grandpa is here to see a doctor. I’m here with him.”

“Where is he now?” Arthur frowned.

Abby pointed to the room at the back. “The handsome old man, the auntie, and the doctor are treating him. They’ve been inside for a few

hours. I’m almost dying out of boredom here.”

She pursed her lips and complained.

Arthur took a glance at her hand. It turned out that her phone was unable to call because it was out of power.

They were even startled. Fortunately, she had a hairpin every day. It had put a location device on it, and the bad guys would not find it.
