

Game Over 411

Chapter 411 Old Mr Hilton Is Recovered.

At this moment, Matthew and his men rushed into the room. He strode towards Elizabeth and pulled her into his arms.

“Abby is fine. Don’t be afraid.”

He caressed her head gently. Elizabeth watched Arthur and Abby chat until she heard his voice and finally reacted.

His embrace was very warm, giving her a sense of security.

I’m not afraid of anything now that he’s here.

Matthew’s subordinates had already rushed into the house to look for Old Mr. Idton. Then, Tiann was dragged out

“Let go of me. Why are you dragging me? Let go.”

Her voice was sharp. She struggled and cursed.

Only when Matthew and Elizabeth appeared in front of her did she stand still and straighten her hair.

“Matthew, you’re here?”

Did she not expect that they would be able to find this place so quickly?

Elizabeth rushed over and slammed her on the shoulders. She fell to the ground and Elizabethli stepped on her back.

“Tiana, why did you take my daughter away secretly? What’s your motive? What do you want to do to her? If you hate me, come at me. What’s

the point of attacking a child?”

The series of questions she asked made Tiana, who was originally dizzy from the fall, feel even more dizzy.

After a while, she finally recovered. It hurt so much that she frowned her brows

“Elizabeth, you hit me. How dare you. I’ll tell dad to punish you.”

At this moment, what Tiana thought of was her father. With her father around, Elizabeth did not dare to bully her anymore.

The more she talked about Richard, the more annoyed she became.

“Don’t talk about him now. I’m asking you, tell me honestly.”

At this moment, Esme came out of the house.

“Young Master, Old Master, he can walk now.”

A trace of surprise flashed across Matthew’s eyes when he heard this.

“Really?”

Tiana said loudly, “I brought grandpa Hilton here to treat him. Doctor Ross is a good doctor, don’t you believe me.”

After saying that, she raised her hand and patted the back of Elizabeth's foot, "Let go, don't you see that I'm now a benefactor of the Hilton

Family"

Elizabeth was surprised too, so she let go of her.

Old Mr. Hilton walked out of the house. He was in a good mood and he squinted his eyes with a smile.

Matthew walked toward him, "Grandpa, are you really feeling better?*

Old Mr. Hilton smiled and walked a few steps in front of him before saying

"Alright, it's all because of Tin. Otherwise, I'll be in a wheelchair every day!"

At this moment, Doctor Ross walked out and asked.

"Who is Mr. Hilton's family?"

Matthew replied, "I am "

Jim Ross looked at him and nodded slightly.

"Please come in with me."

Matthew said to Esme. "Take good care of Master"

He strode into the treatment room. This house was originally an ancient old residence.

There was a screen in the house and there was a wooden bed behind the screen. He raised his hand.

“Please take a seat.”

Matthew sat on the wooden chair and took the needle.

“Mr. Hilton, your grandfather’s recovered. He can leave, but it is only that the nerves at the place where the blood stasis is released are relatively dense. Once the blood stasis comes out of his body, he will recover, but some memories will disappear temporarily.”

“Amnesia?”

Just now, his grandfather recognized her and also Tiana, indicating that he did not lose his memory

Jum kept the needle bag in the first aid kit and sat down to him.

“That’s right. He’ll temporarily lose some memory.”

Matthew nodded slightly. “Okay, got it, Dr. Ross Thank you. I’ll double the medical fees. I hope you can treat my grandfather regularly in the future.”

Jim smiled and said, “This is my job.”

Outside the treatment room, Tiana stood beside Old Mr. Hilton, her expression aggrieved.

*Old Mr. Hilton, I’ve always wanted to bring you to see a doctor. But they didn’t allow me. Now this woman even hit me.”

Chapter 412 Trouble

As she spoke, she wiped away her tears.

“Looking at my swelling face and my waist, it hurts.*

Old Mr. Hilton glanced at Elizabeth. She looked a little familiar, but he couldn’t recall that she probably didn’t know each other.

She pointed at Elizabeth. “Lass, come here. Tell me, why did you strike her?”

Elizabeth was originally very happy to see Old Mr. Hilton recover, walk and talk.

But judging from the way he spoke, she felt like he had forgotten about her.

“Old Mr. Hilton, she was the one who secretly took my daughter away. That’s why I hit her.”

Abby ran over and chuckled.

“Grandpa, don’t blame Lizzy. She was really worried about me, so she hit her.”

Old Mr. Hilton looked at the little girl in front of him and furrowed his eyebrows. She looked familiar, but he could not recall.

“Who are you?”

Abby’s eyes widened and she pointed at herself

“Grandpa, don’t you remember me? I am Abby?

Old Mr. Hilton asked again, “Which family are you from?”

Maybe it was from his friends or relatives. As long as she said it, he would know who she was.

Abby furrowed her eyebrows again. Why was the handsome old man getting more and more confused?

"I've already said it. I'm Lizzy's daughter" She looked puzzled.

*Sigh, the handsome old man has turned into a fool That sucks.

Π

Tiana whispered into his ear, "She's the illegitimate child of this woman. She doesn't even know who the father of the child is. Old Mr. Hilton, don't listen to her. This little girl likes to lie."

Upon hearing that she was an illegitimate child, Old Mr. Hilton's expression changed. His gaze toward Abby and Elizabeth grew distant.

At this moment, Matthew walked out and Elizabeth waved at him.

He strode toward her. "What's wrong?"

Looking at Elizabeth's expression, did something bad seem to have happened?

Elizabeth glanced at Old Mr. Hilton and whispered.

Matthew, your grandfather seems to have lost his memory. He doesn't remember me and Abby anymore."

"Is he cured or not? Why are his legs and legs healthy now? He can talk, but he doesn't remember anything"

Matthew had just heard what the doctor said. He was not surprised and wrapped his arms around her shoulders

“It’s fine. It’s normal. He’ll recover slowly in the future.”

Elizabeth heaved a sigh of relief. “It’s Ok. As long as he recovers.”

Matthew nodded in agreement.

Old Mr. Hilton suddenly called out to him, “Matt, come here.”

Matthew took a deep look at Elizabeth and walked to the old man’s seat.

“Grandpa, what is it?”

“I’m tired. I need to go home,” Old Mr. Hilton said coldly.

Matthew glanced at Tiana and asked him, “Grandpa, do you remember her?”

Actually, Old Mr. Hilton did not remember Tiana either. When he woke up, she told him that she was Matthew’s girlfriend. She was the one

who brought him here to treat his illness.

“Of course, I’m not stupid. How can I not remember your girlfriend?”

Matthew’s expression changed slightly. He was indeed not stupid. He remembered this very clearly.

Old Mr. Hilton was supported by Tiana and he walked out.

Matthew's expression wasn't too good. Elizabeth walked beside him and looked at him from the side.

"What's wrong?"

Matthew glanced sideways and met her gaze. There was a trace of disappointment in his heart.

It was a good thing for Master to recover, but he was even more quergetic to force him to be with Tiana. It was troublesome.

He reached out and wrapped his arms around her shoulders, and his voice was deep.

"I'm fine. I've been having a meeting all day. I'm a little tired."

He carried Elizabeth out of the clinic and said goodbye to the doctor.

Esme ran over and called him, "Mr. Hilton, Master has instructed you to get in the car quickly."

Matthew walked to his car and said softly.

"Grandpa, you guys go first. My car will be following behind."

"Your girlfriend is here. Don't get too close to those indecent women."

Chapter 413 Explanation

Matthew glanced at Tiana in the car. Sure enough, she was resourceful enough to make Master recover

However, she thought that as long as Master had recovered, she would be able to control him. He would not do as she wished.

He ignored Master and walked to Elizabeth's car.

Abby stretched her head and her smile was sweet

"Handsome uncle, do you want to go with us? But you can't sit down."

As she spoke, she looked inside the car. The two brothers were sitting at the back with her. The handsome man was so tall that he could not

Elizabeth's face darkened. Is she not in a good mood?

She leaned against the seat and looked outside in a daze

Why did Old Mr. Hilton feel like a different person after he recovered? In the past, he was very friendly to her and the three children.

Now, he seemed to hate her very much. This feeling of being hated was very bad.

Elizabeth had been wondering if Tina had done something to make Old Mr. Hilton hate her so much

Jessica was not much better. She treated Elizabeth like her own sister

She had also seen what happened just now. The girlfriend that Old Mr. Hilton acknowledged was Tiana, not Lizzy

The thought of not being acknowledged was really uncomfortable for her

Jessica used to think that Matthew was a good man. Regardless of his looks, his family background, and his abilities, such a man was a

woman's dream lover.

Many people in A City wanted to marry him. It's more difficult for Lizzy to get his love than to win the lottery.

She used to support Lizzy, hoping that she could marry Matthew, then no one would dare to bully her again.

So that he doesn't need to work so hard anymore.

But today, she had a change of thoughts.

It would be difficult for Lizzy to marry into the Hilton Family Judging from Old Mr. Hilton's attitude, Lizzy would have to suffer.

She let out a long sigh. Forget it. A woman like her with children should not think about marrying into a wealthy family, let alone marrying a

good man

Jessica had given up. In the past, she thought Lizzy was her goal in life.

She wanted to look for a good man like her in the future and get married again.

Matthew walked to Elizabeth's side and opened the car door.

"Get out of the car."

Only then did Elizabeth come back to her senses. When she saw his cold face, she blinked her big black grapes-like eyes.

“What are you doing?”

Matthew did not reply to her. Instead, he bent down and picked her up.

“Matthew,” she exclaimed.

But Matthew didn’t care. He kicked the car door shut and told Jessica

“See you in A City!”

He carried Elizabeth and strode toward the Bentley When Jessica saw the scene, she couldn’t resist it

A handsome man was lugging Lizzy. It was like a romantic drama. The scene was beautiful

Only when they got into the car and the car drove forward did she come to her senses.

“Darlings, fasten your seatbelt. I’ll take you home.”

Abby laughed. “The handsome man is so amazing. He carried Mommy away!”

Arthur and Antony glanced at each other before they started checking their sister to see if she was fastened.

Jessica watched Abby being taken care of by the two brothers and couldn’t help but think of her own daughter.

If she could give birth and give birth to a triplet, Pearl would definitely be taken care of by her brothers. Maybe she won't have to suffer so

much.

In the car, Elizabeth sat by the window. Matthew glanced at her for multiple time.

"Lizzy, are you going to stay away from me forever?"

His voice was deep and hoarse. There was a trace of displeasure and anger.

Elizabeth moved slightly to his side and then turned her gaze away.

Matthew couldn't take it anymore. He didn't like her being so far away from him, so he pulled her into his arms and hugged her tightly. The

faint fragrance on her body made him feel much better.

"Lizzy, my grandfather is my grandfather. I am me, understand?"

Chapter 414 Good at Attacks

Elizabeth was playing with his diamond buttons. She really wanted to take it out. It should be worth a lot of money!

Matthew saw that she didn't seem to hear what he said, so he asked.

"Do you want it?"

Elizabeth replied to him heartlessly, "Yes."

Matthew was enraged. He held her chin with his long fingers and lifted her face to make her look into his eyes

“I want you, got it?”

4

Elizabeth raised her big eyes and the light in her eyes darkened.

“Matthew, do you think Old Mr. Hilton is cursed, so he doesn’t recognize me?”

She was sure that grandpa Hilton used to like her very much and treated her very well.

The way he behaves now is really different from before. Besides being cursed, she really can’t think of any other explanation for this change.

Matthew was amused by her. The tenseness on his face disappeared, and there was a trace of tenderness.

“Grandpa has amnesia, but it’s only temporarily. He’ll recover later.”

After hearing this, Elizabeth breathed a sigh of relief No wonder, no wonder he felt like a different person.

Sure enough, it was amnesia. After hearing that, she didn’t feel so uncomfortable anymore.

Elizabeth smiled. She raised her little face and rubbed it against his face.

“Why didn’t you say so earlier? If you said so earlier, I won’t have to feel so bad. You don’t know that Tiana is really evil, so evil. Don’t let her

take Old Mr. Hilton away again.”

Matthew lowered his gaze. “I know.”

Immediately, the tension between the two of them vanished.

At this moment, Elizabeth’s phone rang. She took a glance and it was Mrs. Campbell.

She furrowed her eyebrows slightly and did not want to answer at all. However, she was worried about Dominic, so she answered the call

“Hello

“Elizabeth, hurry to the hospital. Something has happened to Dom.”

Elizabeth was startled when she heard this.

“What’s wrong with him?”

Did he jump off a building?”

The scene flashed across her mind. She was so frightened that she shook her head.

“He won’t jump off a building. Dominic won’t.”

“Elizabeth, why are you cursin

How can he jump off a building? He just stops eating and drinking. It's been a whole day and he didn't drink a single drop of water and didn't eat a single

. I'm begging you, help me take good care of him. Is that okay?"

Mrs. Campbell had no other choice. As long as Elizabeth was not around, her son was like a different person.

Paid attention to no one and sat alone in a daze.

She is afraid he'll starve himself or suffocate himself to death.

Matthew heard the scolding on her silent phone. He furrowed his brows and took her phone.

"Dominic's life has nothing to do with Elizabeth. Please don't talk to her like this."

Mrs. Campbell was startled when she heard Matthew's voice.

After a while, she came back to her senses. "Matthew? Is Elizabeth with you? She's really quite good with men. She's jumping between with

you and Dom. She's really not that simple!"

Matthew's lips curved into a cold smile. "Mrs. Campbell, if she had feelings for your son, she would have been together for five years. You guys should give up. She doesn't like your son.

After saying that, he hung up the phone and Elizabeth's eyes widened.

No one could compete with Matthew when it came to pissing off others. She wanted to clap and scream the words that she had been thinking

about for many years.

However, it wasn't that she didn't like Dominic. It was her and Dominic didn't have the same feeling between a man and a woman. She only

thought of him as a friend.

Matthew looked at her surprised expression and smiled wickedly.

"Isn't what I said the truth?"

If Elizabeth likes Dominic, then it has nothing to do with Matthew.

He saw this very clearly.

Elizabeth smiled. "Mr. Hilton, it's good that you understand. Don't be jealous again, okay?"

Chapter 415 Elizabeth's Real Identity

After Mrs. Campbell hung up the phone, she was furious. She picked up her coffee and took a sip, wanting to suppress her anger.

Following that, she exclaimed, "Ah....."

"Madam, are you alright?"

Mrs. Campbell's mouth was burnt by the hot coffee. She furrowed her eyebrows, the more she thought about it, the angrier she got.

How dare she say that Elizabeth doesn't like Dom. She's so angry at him. They're the ones who don't like Elizabeth, right?

"Matthew, you're blind. Don't think other people are blind too."

4

At this moment, a few people walked into the ward. The head of the group was Old Mr. Wade. He was holding a walking stick with one hand

and his aura was extraordinary. Behind him were a few servants

Mrs. Campbell stood up gracefully. The Wade Family was considered a wealthy family in A City. Although they had declined over the past few

years, and they weren't as influential as before.

But everyone in the upper-class society knew Old Mr. Wade. He was considered washed-up big shot.

"Master Wade, why are you here?"

In the past, the Campbell Family was no match for the Wade Family. The Wade Family had always been a prominent one.

Hence, Mrs. Campbell was very respectful to Master and did not dare to offend him.

Old Mr. Wade nodded slightly. "I heard that Dominic is injured. I'm here to see him."

In fact, Dominic saw Master Wade the moment he entered the house. Besides, he was the one who arranged Master to come today.

He helped the bed by the side and sat up slowly, "Grandpa Wade, why are you here? It's... It's not convenient for me to welcome you now

Old Mr. Wade walked to his bed and sighed when he saw Dominic's handsome face.

It's such a pity that such a good man is blind. What a pity."

However, he was the father of Lizzy's three children. Even if he was blind, Lizzy and the three children would not be separated from him.

Sitting on the chair, he spoke softly.

"Why didn't you tell me? I should have visited you a long time ago."

Dominic stared straight ahead. His gaze was dark. He was already good at pretending to be blind.

"Grandpa, I was surprised. It's just that I'm blind in a short time. I'll be fine in the future. Grandpa, don't worry. I'm sincere with Lizzy. Even if

I'm blind, I can take good care of her and the three children."

Master heaved a sigh of relief after listening to him.

originally, he wanted to make things difficult for this brat. After all, he had caused Lizzy to suffer for six years.

But now, he no longer had that intention. As long as this kid had the responsibility and gave Lizzy and the three children a title, so that they no

longer will be called illegitimate children, he could forget about it.

An still cared about Lizzy in his heart. This granddaughter had no mother by her side since she was young, and her father had soft ears, so he

had to protected her by her side and raised her.

In the end, the incident from six years ago made her really angry, so he stopped caring about her anymore.

But after so many years, when he heard Lizzy's suffering, he immediately understood.

"Besides him, no one else can protect Lizzy. Hence, before dying, he must make a arrangement for her so that she can rely on him before he can leave peacefully in the future."

"Fine, since you said so, Lizzy isn't heartless. Even if you're blind, she'll stay by your side and take care of you for the rest of your life. If you can, choose a day and come to my house to propose your marriage and get engaged first."

Dominic laughed when he heard this.

"Alright, grandfather, I'll discuss it with my family now. Choose a date to come to the door to propose a marriage."

The matter finally succeeded. Dominic narrowed his eyes slightly.

Lizzy, you're mine. I won't give you to Matthew.

This time, I want to take the initiative.

Mrs. Campbell, who was standing by, was stunned. After a while, she finally asked.

“Dom, is Elizabeth from the Wade Family?”

Chapter 416 Marriage

Dominic heard that his mother finally asked this question and he nodded slightly.

“Yeah, she’s the eldest daughter of the Wade Family.”

Mrs. Campbell was slightly stunned. She originally thought that she was an orphan and had never seen her family.

Hence, she had always felt that she didn’t deserve her family. Now that she found about her identity, she mind was switched.

The eldest daughter of the Wade Family, with such a status, she must have a good upbringing

However, when she thought of Elizabeth, she shook her head.

“Then...”

Before she could ask the last sentence, Dominic said.

“Mom, Lizzy gave birth to my children six years ago, so I’ve been taking care of them. The paternity test is in the drawer of my study. If you

don’t believe me, you can go back and have a look”

Mrs. Campbell was completely dumbfounded. “What? Did you say that those three children are yours?”

“That’s right. They are mine. Otherwise, why do you think I’ll take care of them?”

Mrs. Campbell finally understood and a hint of a smile flashed across her face.

“Why didn’t you tell earlier? The children are already so big. Why didn’t you tell me until now?”

Dominic regretted it too. If he had known before that he would have told his family about this, then he would have been together a long time

ago. Matthew would be out of the picture?

Now that Lizzy had fallen in love with Matthew, he had come up with this plan.

He thought it was a bit too late, but as long as he could have her, it would be worth it no matter how late.

“Because I want to wait for her. I hope she’s in love with me, not as wants me to be responsible.”

This was also his idea. He wanted Lizzy to fall in love with him, so he waited until now.

Mrs. Campbell nodded. “Yes, I understand. Since they are your children, of course we have to take responsibility. I’ll go back now and tell the family that we’ll visit the Wade Family to propose a marriage on a good day.”

After saying that, she hurriedly walked toward the door. She was a little lost, as if she was happy.

After all, her son was blind. If Elizabeth could still marry him, the rest of her life would be considered stable.

The three children are the blood of the Campbell Family. If Old Master Campbell finds out, he would definitely be overjoyed.

Although Dom was blind, the company was temporarily controlled by his brother. However, with Dom's sous, the Campbell family will fall into their hands again.

The more she thought about it, the happier she felt. It was indeed a good thing to have three grandchildren at this time.

She suddenly stopped in her tracks. "Master Wade, I-I'll go home first."

Old Mr. Wade also saw that she was very happy and went back to discuss the engagement. This was a good thing for Lizzy, he smiled and

nodded.

"Go ahead."

Dominic listened to Mrs. Campbell's footsteps and walked further and further. The rock in his heart fell to the ground.

Fortunately, he had prepared earlier and got someone to make a fake appraisal certificate. It was just waiting for such a day.

No matter whose children they are, in his opinion, he would treat them as his own, because he really liked them.

Old Mr. Wade asked him about his health and Dominic replied to him one by one.

Old Master Campbell really like Dominic. After all, the kids from the Campbell Family were surely outstanding

Looking at him now, he was blind, but he was still graceful. He did not give up on himself. He believed that even if he was blind, he would

make a change to the world.

It was past seven o'clock in the evening, and Old Mr. Wade was about to go home.

He took out his phone and dialed Elizabeth's number. At this moment, Elizabeth and the others had just entered the city and she was sleeping

soundly in Matthew's arms.

Suddenly, her phone rang and she moved.

Matthew picked up her phone and saw the name "Grandpa".

Frowning slightly, he wanted her to answer the phone. However, seeing that she was sleeping soundly, he did not want to disturb her.

Hence, he pondered for a while. Since he was going to see her family sooner or later, he answered the call

"Lizzy, I'm Grandpa. I'm with Dominic now. The Campbell family has already decided to propose. As his fiancée, you should come to the hospital to take care of him."

Chapter 417 Their Future Is So Gloomy

Matthew's expression changed. The voice sounded familiar,

"She's sleeping, so it's inconvenient to pick up. However, she won't be engaged to Dominic because the person she loves is me."

After saying that, both sides fell silent

After a while, Old Mr. Wade finally snapped back to his senses and said coldly.

“Who are you? This is our family’s business. Let Lizzy answer the phone.”

What man? I don’t acknowledge him. I only acknowledge Dominic as my grandson in-law.

Matthew said coldly, “She’s sleeping It’s inconvenient. I’ll go back with her next time to see you. Don’t disturb her anymore.

Old Mr. Wade’s face turned pale with anger. When he heard the droplets on the phone, he was so angry that he cursed.

“Bastard.”

I’ll hang up

Dominic asked, “Grandpa, what’s wrong? If Lizzy is busy, she doesn’t have to come. I have someone to take care of me.”

Actually, he knew that when Lizzy didn’t choose him during the day, he had lost. She only cared about Matthew, so she gave up on him.

This made him very unhappy. Now, he wanted to use Master to oppress her. After all, with Master’s support, he believed that Lizzy would

definitely marry him.

When the car stopped, Elizabeth opened her eyes and she yawned.

“Have we reached?”

But no one replied to her. He raised his blurry eyes and looked at that cold face.

Matthew, what's wrong?"

"Weren't you happy before? Why did you seem angry again?"

Matthew lifted his head and looked at her coldly.

"Elizabeth, when are you going to take me back to see your family?"

Elizabeth's expression darkened when she talked about her family. She thought to herself.

Haha, I don't dare to!

My grandfather only acknowledged Dominic now, because he felt that Arthur and the others were Dominic's children, so I couldn't take you

home for the time being

.

Matthew saw that she was just smiling, so he moved his legs and got out of the car.

Elizabeth looked at his cold back and reached out to call him but he ignored her and walked straight home and closed the door.

She was stunned. What's wrong with him?

“Mommy, we’re home. Get out of the car!”

Abby stretched her body and smiled at her while curling her little hands.

“Hurry! It’s getting dark. Let’s go home.”

Elizabeth’s unhappiness dissipated when she saw the sweet and adorable face on Abby’s face. Sure enough, the little girl’s face could cure

everything.

For example, the man just now was inexplicably angry and he shook his face at her.

Fortunately, she had a bay who could cure her and make her feel good in an instant Otherwise, she felt that she would get old because being

angry with that man.

“Yeah, let’s go home ”

She got out of the car and walked toward home with the three children.

When they entered the house, they saw Jessica sitting on the sofa and Ms. Elliott chatting with her. The two of them were having a good time,

Elizabeth changed her shoes and sat next to her, leaning her head on her shoulder.

“Jess, Matthew was angry again. I realized that he was angry all the time. I don’t even know what happened.”

Only then did Jessica shift her gaze and Ms. Elliott pointed in

“I’ll make some dishes. You guys have a chat Come in and have dinner after you’re done. ”

Jessica nodded, then raised her hand to caress her face.

“What is it?”

“Elizabeth let out a breath. “He wants to see my family but I didn’t dare to bring him there. I kept pretending that I don’t understand. Maybe it

was because of this!”

Jessica glanced at the three children washing their hands not far away. Their voices rang out. They were talking and laughing. This was the feeling of being at home.

“Lizzy, it seems like Matthew is serious about you, but his grandfather is a little difficult. If you want to be with him, then you have to deal with his grandfather first.”

Elizabeth looked troubled, “Yeah, I know, but it’s difficult for my grandfather too. It seems like it’s getting more and more difficult for me and him I don’t even know if there’s a future.”

Chapter 418 Her First Love

Jessica held her tightly. “Let’s eat. We already have a child. Don’t let a man like him interrupt our lives.”

This was Jessica’s idea. As long as Pearl was better, she would end up with Leonard. From then on, she would be herself

“I don’t want to be controlled by a man anymore. I just want to have a good time with my daughter”

Elizabeth shook her head, “No, I’ve fallen into it. Without him, I feel so sad.”

Jessica knew that this was she’s first love. If she really broke up, she would definitely feel sad

She got up and pulled her to wash her hands.

I saw two little kids, one wiping Abby’s hands, and the other tidying her hair.

“Abby, are you hungry?”

“You’re not allowed to leave with strangers anymore, got it?”

Abby allowed them to serve her and enjoyed it.

“Oh, I got it.”

You’re hungry. Let’s eat.”

The three little ones came out holding hands and saw the two women leaning against the door and peeking at them.

“Aunt Jess, Mommy, come in after washing your hands. I want to eat first. I’m too hungry.”

Elizabeth had been teaching them since young. At the dining table, they couldn’t eat before their elders did.

“Yeah, you guys eat first. We’ll be here soon.”

Arthur glanced indifferently at Elizabeth and whispered.

“Mommy, you saw that Matthew’s grandfather doesn’t like you. In the future, you shouldn’t get in touch with him so that it won’t be

troublesome.”

Naturally, they did not want to see their mother suffer.

“Why did the handsome old man change? Previously, he really liked me a lot. Sigh!”

“Why did it turn out so fast?”

Elizabeth caressed her little face, “Don’t think about this. Let’s go eat!”

The three children left obediently. The two women leaned against the sink and washed their hands.

A hint of a smile flashed across Jessien’s face. “I’m so envious of you. You have three children at home, and Abby is well taken care of by the

two brothers.”

Even if she went home with Pearl, it was cold.

Elizabeth said while washing her hands, “By the way, I have two other mansions. When the time comes, you can choose one to stay with Pearl

so that we can stay nearby.”

Jessica sighed, “I want to have a rich grandfather too. It’s so comfortable in the mansion.”

The two of them laughed as they spoke. After washing their hands, they headed to the dining room.

Elizabeth suddenly stopped walking. "You go eat first. I'll make a phone call."

Still, she could not let go of Matthew. She agreed to leave him alone, but she wanted to ask him if he had eaten.

The call was picked up very quickly. His voice was deep and he said only one word.

"Hello."

Elizabeth was stunned. She could feel his indifference, like an iceberg'

At this moment, they could only hear each other's breathing. His voice was very deep and very sexy.

"Matthew, we're going to eat. Are you eating?"

Matthew glanced at the dining table in front of him, but he didn't have the appetite at all.

"No one cooks for me."

Elizabeth smiled, "Ms. Elliott has prepared everything. Come and eat! I'll wait for you."

Matthew's mood improved significantly and his expression changed.

"Okay!"

After hanging up the phone, Matthew stood up and told the servant.

“Throw them away. I’ll eating elsewhere.”

The housekeeper was stunned. He clearly called her earlier and asked her to cook more dishes and even gave her a recipe.

However, the servants did not dare to interfere in the matter of the young master and she replied respectfully.

“Alright, Young Master”

Matthew went upstairs and was about to change his clothes before heading out. Just as he walked forward, his head suddenly hurt. He raised

his hand and held onto the staircase. His eyebrows screwed tightly.

After a while, the pain did not relieve at all.

All he could do was endure the pain and go upstairs. A layer of sweat formed on his forehead.

After returning to the room, Matthew poured a few pills and swallowed them. Then, he laid on the bed, wanting to wait for the pain to subside before heading to her house.

Chapter 419 He Has Broken the Promise

Elizabeth did not have the mood to eat anymore. She paced around the living room and waited for him to press the alarm. She wanted to

personally open the door for hm

Ten minutes had passed. He hadn’t arrived yet.

Elizabeth was a little anxious and she wanted to call him again. However, he had already agreed, so she couldn't rush him anymore.

After exiting the dining room, Abby walked to her side with a slender and slender figure.

"Mommy, eat."

Elizabeth raised her head and forced a smile

"Oh, eat."

Arthur was a very smart child. It was obvious

"Mommy, if he comes, he'll come sooner or later. You don't have to wait here."

The words of her son suddenly woke her up,

If he really came, she won't have to wait here. Naturally, he would show up.

If he had no intention to come, then there was no point waiting the whole night.

Elizabeth got up and followed him into the dining room. Abby little girl was eating her favorite chicken wings!

She looked at Elizabeth and said, "Mommy, eat. It's delicious!"

As long as there were chicken wings that she liked, she felt that it was the best food in the world.

When she saw the innocent smile on her daughter's face and the two handsome little faces of her sons, her mood instantly improved.

The little kids can heal everything. She's fine now.

"I haven't eaten Ms. Elliott's cooking in such a long time. I really enjoy it!"

Ms. Elliott laughed and gave her some food.

"If you like it eat more."

Normally, she would accompany Pearl at the hospital she couldn't eat well or sleep well.

However, she looked very good lately, unlike a while ago.

H

A woman who can't rely on a man and takes care of a sick child alone could not have a good life!"

Ms. Elliott felt sorry for her, so she kept telling her to eat more.

Jessica laughed, "Ms. Elliott, are you feeding pigs?"

Look at the plate in front of her. It was piled up like a small mountain. How can she eat all of this?

Even though she said so, she was very happy in her heart. Knowing that Ms. Elliott cared about her, it felt so good to be cared for!

Elizabeth also said, "Eat more. You won't be fat anyway."

Jessica shrugged, "Alright, then I'll be a pig once and let you take care of me."

The meal lasted for two hours. After the three children finished eating, they went out to have fun.

Elizabeth ate in small bites, waiting for Matthew. However, until Ms. Elliott finished washing the dishes.

Matthew still didn't show up. Elizabeth's face was obviously dark.

Jessica picked up a piece of fruit and placed it next to her mouth. "He's not here. Is he still angry?"

Elizabeth shook her head. "I don't know! He was obviously quite happy on the phone just now. I am so disappointed that he doesn't come."

A piece of fruit was stuffed into her mouth. After chewing it, she took out her phone and sent him a message

"Matthew, is there something keeping you? We're done eating."

After sending the message, she deliberately buried her phone under the pillow, not wanting to keep looking at it.

Jessica leaned against the sofa, eating fruits and watching TV.

"Lizzy, this house of yours is really comfortable. When Pearl is discharged from the hospital, can I really move here to stay here?"

Elizabeth was eating fruits too. She glanced at her.

"There are No. 6 and No. 7 houses next to you. You can choose any one. This way, it'll be convenient for us to meet. Especially when Pearl

wants to play with the three kids, it'll be easy."

The thought of them becoming neighbors must have been a good thing. They could take care of each other, and the kids had a playmate too.

Five minutes passed, but there was still no message. Ten minutes passed, there was still no message.

Elizabeth grabbed her phone and glanced at it again, so she could only give her a call.

The phone rang for a long time before answering. "Hello"

A woman's voice was heard and Elizabeth's eyes were slightly opened.

Chapter 420 Adultery

"Isn't this your phone?"

She was obviously calling Matthew. Why did a woman answer it? Could it be a miscall?

"Elizabeth, you're right. This is my boyfriend's phone, not mine."

Now, it was obvious that the person speaking was Tiana.

Elizabeth became anxious. "W-Why is his phone on your hands? Ask him to answer the phone."

Tiana glanced at the man on the bed. An hour ago, a servant called the Hilton Family's old mansion, saying that the Young Master seemed to

be unwell and asked the doctor to come over.

Old Mr. Hilton instructed her to take good care of Matthew.

How could she miss this opportunity?

“It’s inconvenient for him now.”

“What’s so inconvenient? Let him answer the phone.”

Elizabeth had lost her patience and raised her voice.

Even Jessica was stunned by her voice. She looked over and asked softly.

“Is there a woman?”

“Men are all the same. Eating from the bowl and looking at the pot.”

Previously, she thought that Matthew wasn’t that kind of person. But now, it seemed that all men were the same.

Elizabeth’s eyes were already red because Tiana said he was bathing

The other party had also hung up the phone. Elizabeth was feeling unwell. She threw the phone onto the sofa and stood up.

“I want to go and take a look. Tiana is at his house.”

The thought of that woman at Matthew’s house made her feel jealous.

“Why are the bathing? What are they trying to do?”

Elizabeth walked quickly to the door and changed her shoes. Jessica stood up.

“Let me accompany you. I’m the best at catching adultery.”

As she walked, she started changing her shoes.

Elizabeth would recall the past when she accompanied Jessica to capture Patrick and that woman.

She pursed her lips. Could she really see Matthew and Tinna on the bed later?

hapter

Her heart felt uncomfortable and she couldn’t take it anymore.

Jessica saw her startled, “What’s wrong? Are you still going?”

Jessica was actually just saying. If she really should catch him, she would still be a little scared.

After all, Matthew was different from Patrick Patrick was a wimp. No matter what they did, he won’t dare to do anything to them.

But Matthew was different. If he got angry, she and Lizzy would not be able to stay in A City.

“Go, how can I not go?”

Elizabeth roared softly and exuded her aura.

She grabbed an umbrella and carried it on her shoulder. Jessica couldn’t help but laugh.

“Are you sure you’re bringing an umbrella there?”

Why did she find it funny the more she looked at it?

+

Elizabeth had fingerprints of Matthew’s house, so she opened the door easily and entered the house. It was very quiet.

The housekeeper had left, so there was only Matthew and Tiana at home.

She made a silent gesture toward Jessica. The two of them took off their shoes and walked upstairs barefooted without making a single sound.

When she reached Matthew’s bedroom door, she held the door handle with her hand and took a deep breath.

Elizabeth! Good luck!

“When you open the door, you’ll know if that man is a human or a ghost. He’s definitely not a scumbag. I Believe that.

“If Tiana is the ghost. Expose her in front of her and get her out of here.”

Jessica stood quietly at the side and watched her take a deep breath.

She understood this feeling very well. When she went to catch Patrick previously, she was also like this. Before entering the door, she hoped that everything was fake news.

Elizabeth opened the door and strode inside.

Elizabeth stood rooted to the spot when she saw Elizabeth undress Matthew. However, Jessica was not calm anymore.

She grabbed the umbrella in Elizabeth's hand, rushed over and hit Tiana's head.

"You b*tch! How dare you seduce other's boyfriend! You're so shameless!"

Tiana was dumbfounded by the beating and she screamed in pain.

"Ah. you... Are you guys crazy?"
