Chapter 471 You Are All My Babies

Flora saw at a glance that inside the box was a bracelet worn by adults and two very small bracelets.

You can tell it was worn by a child at a glance.

There are Christmas elements on the design, finely divided red diamonds and green diamonds are embellished, and silver snowflakes are mixed in it, very beautiful!

Flora couldn't help picking it up, and said with a smile, "Why are there two small bracelets, aren't they too cute?"

Ray also laughed, and explained: "Well, it's a parent-child model, and I fell in love with it at a glance! You and the little guy are both my babies, so I have them. After two years, when the child grows up, I can be with you Wear it."

Flora felt soft in her heart.

She couldn't put it down in front of the small bracelet, and kept looking at it.

This bracelet has a simple and elegant design, which can be worn by both boys and girls.

She could almost imagine herself and her future child. wearing it together.

Ray stared at her expression and asked, "Do you like it?"

Ray was naturally happy to take out the longer bracelet and put it on for her.

The delicate bracelet is very beautiful on her white wrist.

Ray couldn't help but bowed his head and kissed, and praised happily: "It suits you very well, my vision is really good, I know you look good in it!"

"I think so!"

With the romantic candlelight dinner and the surprise gift, Flora's mood improved a lot.

"Wait a minute, I have a gift for you too!"

As she spoke, she dug out a delicate little box from her bag.

Open it, and inside is a pair of very beautiful cufflinks.

Sapphire blue diamonds are very expensive, and you can tell they are worth a lot at a glance.

Flora said, "When I was shopping, this pair caught my eye, and I think it suits you very well!"

Ray obviously liked the gift too.

He couldn't help but kissed her on the cheek, "I will wear it when I attend banquets in the future, and nothing else!"

Flora nodded, smiling until her eyes rolled.

Ray was happy to see her, "Come on, I have a surprise for

you, let's go to the outfield!"

“Any surprises?”

Flora’s curiosity was suddenly aroused.

Ray didn’t say anything, just took her outside.

Soon, Flora knew what a surprise was.

Ray explained, “Originally, I wanted to set off grand fireworks for you like Jason, but the urban area prohibits them, so I prepared these small hand-held fireworks for you to have a good time.”

Flora couldn’t help laughing.

Although this thing is a bit childish, she likes it very much.

“This one is good! Hurry up!”

“OK!”

Ray readily agreed, then took out a lighter from her pocket. and lit the fireworks in her hand.

A small spark soon bloomed in front of my eyes.

Under the moonlight, the smile on Flora’s face was never put away.

At this time, abroad.

Aletta and the kids are also spending Christmas.

They didn't go out, but they prepared a big meal at home.

The table is full of various delicacies, and there is a very roasted turkey.

In the location of the hall, there is also a huge Christmas tree covered with decorations and seven or eight gift boxes.

Full of Christmas vibes!

At this moment, four children were gathered under the tree, staring at the gift boxes hanging on the Christmas tree with shining eyes.

"Mum, can we take all the gifts above?"

Aletta smiled and nodded, and replied: "Yes! This is a Christmas gift prepared by Santa Claus for the babies, one for each child, and it seems to be marked on it. You can look for it and see which one belongs to you!"

After the four children heard it, they were very supportive, and they opened their mouths with a bunch of rainbow farts.

Lucas, "Santa Claus is good, he prepares gifts for us every year!"

Lyla, "Yes, Santa Claus is really kind and kind. I like her the most."

Nina hesitated for a while, and said in a milky voice, "Santa Claus, isn't it Grandpa?"

Otto responded, "No, our Santa Claus is a great beauty, like Mommy..."

Aletta couldn't laugh or cry.

My baby is too smart to be fooled!

She immediately urged, "Okay, go and get it, you guys..."

The four children nodded immediately and began to choose presents.

Kirk also came to join in the fun, "Is this gift for us?"

Without waiting for Aletta to answer, the four children rushed to say: "Yes! Santa Claus gave a lot of presents!"

"Yes! Here!"

A group of people went to pick gifts with great interest, but Jason and Lewis didn't move.

The two sat opposite each other. Naturally, they had to drink some wine during this rare and relaxing festival.

Aletta came over and asked with a smile, "Do you want to go see it too?"

Lewis shook his head and said, "No, after they finish picking, the rest will definitely be mine, so I won't waste that time."

Aletta laughed.

Lewis really didn't want to waste a second on anything except research.

She didn't force it, just watched from the sidelines.

Soon, the four children each found their own gifts!

What Aletta prepared for them were cute and exquisite little gloves, little scarves, and little hats, not expensive things.

But it was obvious that he was full of heart.

The kids love it.

That smell was especially to her liking.

Kirk's gift is an ancient medical book related to drug making.

She flipped through it a few times, and her eyes lit up, "Aletta, when did you have such a collection!"

Aletta pursed her lips and smiled, and said mysteriously, "Well... I won't tell you!"

Kirk didn't care either.

She has always loved this kind of books, "Then don't ask, it's mine anyway!"

The atmosphere of unwrapping the presents was

particularly surprising, and everyone's exclamations came from time to time, which made Lewis, who was waiting calmly, a little jealous.

At the moment, he couldn't help but join in the fun, "What is my gift?"

Four kids volunteered to help, bringing the last beautifully wrapped gift, "Here it is! Here it is!"

“Thanks!”

Lewis patted the heads of the four children and began to unwrap his own presents.

Surprisingly, his gift was a USB flash drive.

Aletta smiled and said, “Here are some materials developed by my team, you should be interested.”

Lewis cheered up and said with satisfaction: “You still understand me!”

He couldn’t wait to go back and read the documents.

So, when the party was over, Lewis took the lead in running.

After sending everyone away, Aletta urged the four children to take a bath and rest, and finally helped Jason, who was already slightly drunk, back to his room.

Unexpectedly, as soon as he entered the door, Aletta was embraced by him from behind.

The man put his head against her shoulder, and said in an extremely low voice, “They all have gifts, why don’t I have one?”

Chapter 472 Fascinated by Him Like This

Aletta’s ears were a little numb from his breath, she shrank her neck subconsciously, then turned around and looked at the man.

Jason’s eyes were heavy and looked particularly deep, like a bottomless pool of water.

He frowned slightly, as if expressing his dissatisfaction.

Seeing each other like this for the first time, Aletta couldn't help laughing, thinking of teasing her.

She blinked and said with a slight smile, "I thought you didn't lack anything, so I didn't prepare anything for you."

After Jason heard this, he was obviously a little bit more displeased.

He lowered his eyelids and said, "No, why not? The only thing I need is your gift!"

When he said this, whether it was the expression or the tone, Aletta felt an inexplicable grievance.

Who would have thought that there would be such a time for the always ruthless and honorable president of the Hill Group?

Aletta couldn't help laughing, thinking of using the word 'cute' to describe him for the first time.

Fearing that the other party would be really sad, she touched Jason's face and said half-coaxingly, "Actually, I bought it for you. Let's go! I'll show you to see it!"

With that said, Aletta led the person and walked to the bedside.

Then, from the drawer, I took out a beautifully packaged small box.

She handed it to Jason, raised her chin, and motioned, "Open it and see if you like it."

Jason let out a "huh".

Perhaps because of the alcohol, his facial features are not as cold and sharp as usual, they look softer and more friendly.

Aletta just watched quietly, and couldn't help being fascinated by Jason like this.

The man hung his head and opened the box.

After a while, an exquisite men's brooch came into view.

The main body of the brooch is in the shape of an eagle, mainly silver and white, but the eyes and feathers are dotted with blue and black diamonds. The color is high-end and low-key. The whole has an indescribable sense of nobility and refinement, and its value can be seen with the naked eye!

It matches Jason's calm temperament!

Aletta slightly opened her lips and said, "I liked it at first glance, I think it suits you very well, next time you go to a banquet or some party, you can wear it!"

Jason stared at her for a few seconds, then looked up at her with a faint smile on his lips.

He said, "Do we both have the same vision?"

"What's the meaning?"

Aletta was a little confused.

Jason pursed his lips, bent over and took out a brocade box from under the pillow.

"Open it yourself."

He handed the things to Aletta, said.

Aletta's eyes were full of curiosity, and she opened them.

There is a lady's brooch lying in it!

This one is a bird, with pieces of finely carved feathers that look lifelike.

The feathers are also embellished with broken diamonds of several colors, which looks particularly noble.

The eyes of the bird are inlaid with two rubies like flames, which are very high-profile and dazzling.

What's more, this one and Jason's brooch are put together, it looks like a couple!

Aletta's eyes lit up, and she smiled and said, "What a coincidence, isn't it? It seems very right!"

"Well, like us."

Jason nodded and hugged him, and said softly.

Aletta couldn't help but look up at him.

The two looked at each other, love for each other appeared

in their eyes, and there was a sweet smell in the air!

Gradually, the two naturally approached and kissed.

Aletta clung to him docilely, tiptoed slightly, and responded obediently, her heart was filled to the brim.

This is the happiest Christmas she has ever had...

After a few minutes, a kiss ends.

Aletta's chest rose and fell slightly, she calmed down, and said to Jason beside her, "Will you go take a shower?"

Jason raised his eyes lazily, looked at her, and then said, "I'm dizzy, will you come with me?"

Only the light yellow night light was turned on in the room. Under the dim light, the man who seemed careless seemed inexplicably sexy!

Aletta felt that she was being teased invisibly, and a throbbing spread in her heart.

She readily agreed, "Okay, I'll be with you."

With Jason like this, she doesn't trust him to go alone.

So, Aletta supported her and simply took a bath together.

During the period, Jason took advantage of the alcohol, hugged the man again, and continued the previous kiss in the bathtub.

Aletta was about to say no.

But this man is very strong, even when he is drunk, his kissing skills are superb. So soon, he deprived her of her sanity, and fell into the sinking together with her.

Finally, after tossing for a long time, the two came out to

rest...

On the second day of Christmas, Aletta stayed at home to recuperate, while Jason went out early in the morning to handle business in the branch office.

Around ten o'clock in the morning, Lenny came back with

Alice.

Yesterday, they received a call from the orchestra, and they needed two people to go over to deal with the follow-up of public opinion.

Aletta took advantage of the situation and asked, "How is it going?"

Alice parked Lenny's wheelchair, with an unhappy

expression, and said: "The orchestra agrees to keep Lenny as the chief. However, I ask Lenny to reconcile with the leader of Mark and appease the fans externally!"

She paused for a moment, her expression became even uglier, before she continued: "In a word, what the band means is that now, Mark is taking care of all the affairs in the band, and he knows all the members well. So, temporarily change People can be troublesome. Plus, after all these years, Mark is already indispensable in the orchestra."

After hearing this, Aletta couldn't help but lower her face, and looked at Lenny, "You agree?"

Lenny shook her head, and firmly denied: "I can't agree! Even if there is a reconciliation, it should be Mark's apology, not me!"

Aletta breathed a sigh of relief.

In this matter, Mark was at fault in the first place, and the other party asked Lenny to take the initiative to reconcile. This is simply because they want to continue to manipulate him, so naturally they cannot

agree!

Alice was also speechless.

She snorted immediately, with a bit of disdain in her tone, "They are also funny, Captain Mark is indispensable, and his status is so high, can it be that Lenny can be replaced casually?"

After this news incident, many bands are throwing olive branches at Lenny! Did they really think that Lenny had to be his? What a joke!"

After hearing this, Aletta asked Lenny, "What do you think?"

Lenny had thought about these things carefully before, and was mentally prepared very early.

He looked firmly and said: "If this matter is handled

properly, I am willing to stay there... After all, after so many years, I have certain feelings. But if it is not satisfactory, it is not impossible to leave!"

"good."

Aletta nodded, agreeing with his idea in her heart.

Then, she said, "In short, they were the ones who were wrong in this matter. Let's see what kind of handling method they use in the follow-up. When the time comes, we can do it or stay."

Lenny nodded slightly, "Well, I know."

Chapter 473 Must kill her

After talking about this matter, Aletta and the others. waited to see how the orchestra and Mark would deal with

However, what they didn't expect was that the orchestra actually started an unexpected operation at this time.

Mark used his personal account to respond to Lenny's incident for the first time.

The account said on the Internet: [Recently, I have had a deep reflection and introspection on the matter about the orchestra... and, at the first time, I have communicated with the orchestra and Lenny, and I have also talked to him in private Sorry.

Everything I did before was for the sake of the band. After all, there are other members in such a big band, not just him. make an inappropriate 'substitution' incident because he stopped the show and delayed the rest of the people!

The orchestra recognizes Lenny's position in the music circle very much, so they are willing to make any compromises right now.

It's just that he doesn't seem very satisfied with these handling methods. Next, we will continue to communicate with him to ensure a perfect answer for fans and fans.

As soon as the news was sent out, it was immediately hit the headlines.

Everyone knows the cause of the previous incident, and we are waiting for the orchestra and head Mark to give an explanation.

But now, Captain Mark seems to be apologizing, but in fact, he is implying that Lenny will not let him go.

Lenny's fans were so angry that they began to scold.

"If you want to apologize, then apologize seriously. Why do you say so much? Is this the sincerity of your apology?"

"Apologize? Do you have the attitude to admit your mistake?"

"There is not a single sentence in this speech that is an admission that you were wrong. You really didn't mention a word about the collusion between you and the Richard Group."

"Is this the result of your introspection? Isn't it delicious after the money is collected?"

"I still use 'considering the development of the orchestra' as an excuse. You were so open-eyed before, why didn't you think about the members of the band?"

The fans were enthusiastic, their words were sharp, and what they said hit the nail on the head.

But some people stand on the side of Mark and the orchestra.

"What do you mean Captain Mark didn't apologize? Everyone said it was a private apology! Do you know the meaning of 'private'?"

Lenny is just like that. I really don't think he is very good, but I think Cole is very talented."

"How much did Cole pay you? With his arrogant and rude attitude, there are still people coming out to clean him up!"

"I can only say that Richard is really rich..."

There are several voices on the Internet, each occupying one side, and the quarrel is very loud.

Aletta and Lenny naturally saw it too.

Both brothers and sisters were disgusted by Captain Mark.

“This Mark has some skills on his body. At this time, he dares to make trouble here!”

Aletta looked at this insincere apology, a little angry.

Lenny’s eyes darkened in a rare way.

He directly took out his mobile phone and called Wilson, “Have you seen the news today? Mark’s hot discussion on the Internet, you should deal with it as soon as possible!”

“I saw.”

Wilson said: “You don’t have to worry about this matter. I’m already in Hill Group now, and I’m discussing this matter with the media department. Don’t worry, this matter, no matter what, will not damage your reputation !”

With Wilson’s assurance, Lenny’s expression became a little better.

“Well, thank you for your hard work.”

After hanging up the phone, several people waited at home with peace of mind.

The speed of the media department of Wilson and Hill Group is not slow.

About an hour later, Wilson responded using Lenny's personal account.

[Response to Captain Mark's remarks here. First of all, for Captain Mark, he has already apologized to me in a 'private apology', sorry I really can't admit it.

Yesterday, I went back to the orchestra to meet with the leader Mark and the orchestra executives. I didn't hear each other the whole time, so I said sorry.

From the beginning to the end, the other party only asked me to return to the band as if nothing happened!

Of course, I have no evidence for this matter. Because, before entering the conference room, I was searched and I was not allowed to bring any communication tools to prevent us from continuing to record and video.

The body search took place at the door, but my agent recorded a video, which can be released later.

In the end, Captain Mark said a few words, trying to confuse the whole incident, and also tried to confuse the public's vision, pointing the finger at me, and creating an image of me being a mess.

Regarding this matter, I will ask a lawyer to investigate it to the end.

Finally, I want to say, Mark, you not only owe me a formal apology, you also owe an apology to the people who went to participate in the selection!

Those musicians who come to participate in the competition have spent time, with dreams, and want to enter the orchestra.

But you colluded with the Richard Group to make a default quota. Why don't you say a word about this?

After this response came out, heated discussions were once again set off on the Internet.

This time, the netizens who were still on Mark didn't dare to speak anymore.

Captain Mark once again became the target of everyone's abuse.

"He's right. Since the number of places has been determined by default, why do you still have to select?"

"Wasting other people's time, now with a few words, I want to pour dirty water back on him, really capable!"

"Mark apologized immediately! Repay Lenny with a clean slate, and those selectors with a formal apology!"

"Boycott Mark! He has tainted music and art!"

There was an uproar on the Internet, and after seeing the direction of public opinion, Aletta was immediately satisfied.

The Hill Group is really awesome!

However, Mark, who was the person involved, acted like a tortoise at this moment, not daring to respond at all.

With both hands in plaster, Cole leaned against the head of the bed, watching the news that his assistant had opened for him.

When he saw that he was once again the target of everyone's abuse, he was so angry that he kicked over the small table on the hospital bed with his feet on the spot.

Cole scolded with a ferocious expression, "Is this Mark an idiot? Why is he still on fire at this time!"

David also frowned, with a very displeased expression on his face, "He's really an idiot! He's been sitting in the head of the regiment for too long, and he thought he could handle Lenny at will! It's not enough to succeed, it's not enough to fail!"

The more Cole thought about it, the more he couldn't swallow this breath.

He looked at David and asked, "Dad, when will I be able to arrest that woman Jason and Aletta?"

If he doesn't take revenge first, he won't even be able to sleep peacefully!

It should only be a few days. Don't be impatient. When someone catches you, you will definitely vent your anger!"

Cole grimaced.

He had already thought of a hundred ways to torture Jason.

And that Aletta, he must play her to death!

Chapter 474 She Has Become A Billionaire

Elizabeth has forgot about it. At that time, she had no other choice. Auntie Campbell was too enthusiastic and insisted on transferring the shares to her. She could not refuse even if she wanted to.

"Mr. White, can I reject it?"

She didn't believe that she was lucky enough to be able to get this kind of wealth empty-handed.

Previously, she was quite fond of money. It was because of poverty, but she did not have much of an ambition.

As long as there's a little bit of money, you don't have to worry that the child won't look down on the sickness and could not go to school.

Finn was stunned for a moment. "Ms. Wade, SGroup belongs to you from now on. Why don't you give up on this? Besides, Ms. Campbell has told me to take care of everything today. Don't make things difficult for me, please. Why don't you talk to her yourself?"

Elizabeth was stunned by this.

In the end, she had no other choice. After all, she believed that this company still belonged to Auntie Campbell and she would return it to her when she had the chance.

"Alright, let's do it!"

Finn took out a contract one after another and asked her to sign it.

Elizabeth then found the original transfer agreement from the suitcase upstairs and signed it.

After she was done, Finn handed her the portions.

"Ms. Wade, you will be the largest shareholder of S Group in the future. Remember to attend the shareholders' meeting on the fifteenth of each month."

Elizabeth was a little confused after listening to it.

"What can the biggest shareholder do?"

Just monthly bonus?

Finn laughed. "SGroup is in your control now. If you want to be the CEO, you will be the executive CEO. If you don't want to work, the vice president will help you manage the company."

After packing up everything, he picked up his bag and got up.

"Goodbye, Ms. Wade!"

In fact, Abbie had arranged everything. She wanted to give Elizabeth a peaceful life so that she could have a better life.

Now that she was a billionaire, no one would dare to look down on her.

Elizabeth was still a little confused after sending Finn off.

I'm now the boss, and I'm one of the bosses of the company. This feels so magical.

Ms. Elliott had been waiting in the kitchen for the password. However, when the guest left, Lizzy did not give the cue.

"Lizzy, are you alright?"

Elizabeth hugged her with a smile on her face.

"It's not a bad thing"

Ms. Elhott listened and was relieved.

"It's good that it's not a bad thing. Don't fight ever."

Ms. Elliott reminded her that the experience from last time which she still regret.

Elizabeth responded. "Got it."

The two of them walked into the house. When they entered the house, they heard the phone ring. Elizabeth walked to the sofa and picked up her phone.

It was Mrs. Campbell She sighed and answered the call.

"Mrs. Campbell."

She heard Mrs. Campbell crying over the phone. "Elizabeth, can you go to Dragon Mountain Villa now? Can you help me take a look at Dom?"

The servant there was crazy and said that there was a ghost in the house. Even though I don't believe it, I'm still afraid. I'm afraid that Dom will get

involved and something bad will happen to him."

Elizabeth listened to these words and felt that Mrs. Campbell might have a mental problem.

"Ghost?"

Impossible. There is no ghost!

"Mrs. Campbell, don't worry. I'll be there later. Why don't you come with me!"

If she doesn't help me again, I'm afraid Mrs. Campbell's mental health will be in trouble.

Dominic was indebted to her. She would never forget it.

When he was in trouble, she had to pull him out.

Mrs. Campbell answered after listening, "Okay, okay, we'll come to pick you up now."

Elizabeth breathed a sigh of relief. It seemed that she would go to see her grandfather tomorrow.

I have to bring Mrs. Campbell to Dragon Mountain Villa today. After seeing Dominic, Mrs. Campbell should be able to feel at ease.

He had just entered Matthew's office after the meeting.

She saw the woman sitting on the sofa in a red dress. When she saw him, she stood up.

Chapter 475 She Is Not Worth It

Matthew said coldly, "Is everyone allowed to enter my office?"

Esme, who was following behind, jumped in shock and looked at the couch.

His eyes lit up. How did this woman get in?

Tiana walked over with a smile. "Matthew, I'm here to give you lunch. Old Mr. Hilton asked me to give it to you."

At this moment, Matthew's phone rang

He answered Old Mr. Hilton's video call and said coldly.

"Grandpa."

Old Mr. Hilton was sitting under the flower rack. Madam Hilton was making tea for him.

“Matt, I’ve asked Tiana to send you lunch. You have to eat it. Your grandmother made this for you herself.”

Upon hearing this, Madam Hilton’s hand, which was holding the teacup, trembled and she glared at the old man.

It was obviously Tiana’s cooking. If it wasn’t good, won’t it be her fault?

Old Mr. Hilton did not mind and smiled

“Let me take a look at the Tia. She’s so pretty today! Hahaha...”

Matthew had no choice but to turn the camera and Tiana waved at the phone.

“Grandpa...”

The smile on her face was very bright. Old Mr. Hilton responded.

“Eat up! It’s already so late. Don’t be starved.”

Following that, he hung up the video call. Old Mr. Hilton had recently started playing with his phone. Many new functions were not available six years ago, so he was having a lot of fun with it.

Madam Hilton placed the tea in front of him and said coldly.

“You’re happy. Our great-grandchild is not.”

After saying that, she turned her head, unwilling to look at the old man.

Old Mr. Hilton put down his phone, sipped on his tea, and commented on it.

The tea is good, but I don't like what you say. It's been a while since Matt's got a girlfriend. Aren't them a good match?"

Upon hearing the old man drinking tea, the grandmother sighed.

But Lizzy is good too. She's pretty, and Matt likes her too."

Upon hearing this, Old Mr. Hilton snorted coldly.

"Could it be the same? She has already given birth to three children. Besides, she's just the daughter of the Wade Family's servant. Is such a woman worthy of Matt? The Wade Family is a century-old family and they have a good upbringing. I respect the eldest daughter of the Wade Family."

Madam Hilton couldn't help but roll her eyes when she heard this.

I still think that Matt's feeling is more important"

After saying that, she got up and left, not wanting to talk to him anymore.

Old Mr. Hilton sipped on his tea and watched her leaving

"Women are short sighted. When they get married, Matt's going to take care of her."

Matthew put down the documents in his hand and glanced at Tiana indifferently before telling Esme.

"Get the guards to chase her out."

Upon hearing this, Tiana's face darkened and she called him.

"Matthew, Old Mr. Hilton sent me here. You could not do this to me."

Matthew stopped in his steps and didn't even show look at face.

"Tiana, it's lucky that you are still alive. If you do this again, don't blame me for being cruel."

After saying that, he walked out, while Tiana was extremely angry.

She bit her lip tightly and cursed in her heart.

Elizabeth, it was you, a bitch, who seduced him and sucked his soul.

Otherwise, Matthew and I would have been married a long time ago.

Thinking of this, the hatred in her eyes grew stronger.

Esme said coldly, "Ms. Wade, please leave as soon as possible, otherwise the security guards will be here."

Tiana glanced at Esme and cursed him.

"Who do you think you are? If it weren't for Matthew, who would have looked at you? Get lost."

She pushed Esme, Esme was pushed back a few steps, and there was a scratch on his arm. He glanced at her nails, and it seemed that the water diamond had caused the wound.

This woman really isn't that simple.

She acted obediently in front of Mr. Hilton like a little white rabbit. After he left, he turned into a tiger. Fortunately, Mr. Hilton did not like

Chapter 476 Marry Elizabeth

Tiana was furious. She did not understand what Matthew said just now.

But she knew that Matthew's attitude toward her now was entirely because of Elizabeth.

It was all because of that girl. Otherwise, Matthew and her would definitely fall in love.

Now that she had Old Mr. Hilton's support, she felt even more confident.

She recalled the previous trip to Dominic's house, grandfather believed that that Dominic was the father of the three bastards, and she let him believe so.

No matter what, if the old man didn't show up, they wouldn't be able to settle Elizabeth's crime.

Since Dominic liked to be a daddy, I would fulfill his wish.

Tinna exited the Hilton Group. Her car was already waiting at the entrance. She got into the car and the driver asked her.

"Miss, where are we going now?"

Recently, she spent most of her time at the Hilton Family. Almost every day.

"Home."

Upon hearing this, the chauffeur started the engine and drove toward the Hilton Family.

Tiana returned to the Wade Residence more than an hour later. After getting out of the car, she ran into the house in tears.

The chauffeur was dumbfounded by her face crack.

I could not believe there's such a person in this world. Her expression changed too quickly. In the car just now, she still looked like she's fine, but the moment he got out of the car, she started crying

Celine heard her daughter crying and hurried down the stairs. Then, Old Mr. Wade came out of the study.

Celine was the one who asked the servant to invite him out

When he saw Tiana crying in the living room, he asked.

“Why are you crying? I'm still alive!”

The words shocked all of them. It was as if the house was shaking.

Tiana was stunned, and Celine was stunned too. After a while, Celine came back to her senses first.

“Dad, Tiana has definitely been picked on. Otherwise, she won't be crying

Upon hearing that, Old Mr. Wade walked over and sat down on the sofa.

“What happened?”

Tiana wiped her tears again. "Grandpa, Elizabeth seduced my boyfriend. She wants to rob Matthew from me.

After saying that, she burst into tears again.

Celine's expression changed and she cursed.

"What? She seduced Matthew. Isn't she having an affair with Dominic? Is she trying to sit on two horses at the same time?"

Old Mr. Wade's expression became more and more unpleasant upon hearing this.

"Why is she so shameless? She gave birth to three children before getting engaged, and now she wants to steal your boyfriend. How can she dare to do that?"

This was Old Mr. Wade's first time hearing that Lizzy wanted to snatch Matthew away. In his heart, Lizzy and Dominic were a couple.

The moment he heard it, he felt like he was about to explode.

"What are you guys talking about?" He patted his thigh hard. I don't believe it. I believe in Lizzy.

Even though she had made a mistake before, that kind of mistake was not something a girl like her could do. And that man too.

Abby thought Grandpa would immediately call Elizabeth back after hearing this. However, since she was already with Matthew, it made sense that she snatched her boyfriend.

Unexpectedly, the old man did not act as expected.

She was completely taken aback. Why didn't grandpa believe her after what she said?

Celine immediately changed her tone upon hearing this.

“Dad, aren’t you going to celebrate Lizzy’s birthday this weekend? When you arrive, you’ll announce the engagement between her and Dominic. Then, we’ll believe that there’s nothing going on between her and Matthew.”

Before returning, Tiana had already agreed with her mother to force the old man to ask Elizabeth and Dominic to get engaged quickly.

Then Elizabeth could never marry into the Hilton Family.

However, Tiana had already gained Old Mr. Hilton’s affection, so naturally, she would succeed.

Their only goal now was to make Tiana marry into the Hilton Family and become the First Lady of A City.

Even if they found Elizabeth a good husband, they didn’t care anymore.

Chapter 477 They Are All Pushing Him.

Old Mr. Wade pondered for a while, “Yeah, I’ll handle this matter. Don’t say those words anymore. Lizzy will be the eldest daughter of the Wade Family in the future. Whoever dares to slander her, I’ll make them pay.”

Tiffany stood up and went back to his study angrily.

Tiana patted her heart and breathed a sigh of relief at her mother.

“I was scared me to death just now.”

Celine looked around and confirmed that old man was no longer there before she spoke.

Tia, although we let Elizabeth get married into the Campbell family, the Campbell family is not better than the Hilton family. We're not losing anything."

Tiana felt the same. However, she whispered into her ear.

"Mom, will she find out about what we did to Lizzy back then? What will we do if she finds out?"

Celine sneered, "There is nothing to be investigated. That old man has disappeared. Besides, he must be dead after so many years. Even if she investigates, there's no direct evidence."

Tiana nodded, "That's good."

The darkness in her eyes was very thick. She looked at the distance coldly, recalling Matthew's indifference to her.

I want Elizabeth to taste it too. What does it feel like to be deceived by a man? I'm sure she won't care about him anymore.

At that thought, her mood improved instantly.

After Old Mr. Wade entered the study, he dialed Elizabeth's number.

"Grandpa," she answered very quickly.

"Lizzy, where are you now?"

"I'm with Dominic? He's discharged."

Elizabeth was standing in the Dragon Mountain Villas, pressing the doorbell, waiting for the door to open.

Upon hearing this, Old Mr. Wade's lips curved into a smile. He knew that Tia was lying

"Yeah, take good care of him. We will hold a banquet on Saturday for you. Then, bring back the three kids."

Elizabeth was a little worried after hearing grandpa's words.

I need to find a time to meet grandpa and explain everything in person.

"Alright, Grandpa."

After hanging up the phone, Elizabeth pressed a few more times but no one opened the door.

Mrs. Campbell got out of the car. The door won't open?"

She thought that as long as Elizabeth arrived, she would be able to see her son. Her expression was a bit unpleasant.

"I don't think there's anyone."

Elizabeth said and looked inside.

Last night, there was at least someone answering the video call. There was no response today, so he was probably not at home.

Mrs. Campbell did not believe it, so she made a phone call

She dialed Dominic's number, but no one answered until the third time, he answered.

“Hello?”

Actually, he already knew that it was his mother, but the show still had to go on.

“Dom, Lizzy and I are at the door. Open the door.”

Dominic was standing by the window on the second floor. The white curtains blocked the eyes of the people below, but he could see them clearly.

“Mom, I happened to be at the hospital today to do a checkup. Please go home!”

Mrs. Campbell was stunned when she heard this. Did he go to the hospital?

They even brought the doctor here, but they’re still late.”

“Dom, when are you coming back? Lizzy and I finally came here. Why don’t you tell me the password? We’ll wait for you inside. I miss you. I’ll leave after I see you.”

I need to see how my son is. How is he feeling?

I don’t know if that house is haunted or not? Johnny’s wife is crazy.

She only has one son. She could not let anything bad happen to him.

Dominic said indifferently, “Mom, I don’t see anyone. You guys go back! Don’t come again in the future,”

Mrs. Campbell burst into tears when she heard that he was about to hang up.

“Dom, Mom has decided. If I promise you to marry Elizabeth, I’ll be sincere to her too. That way, you’ll be able to see me, right?”

Mrs. Campbell still understood her son quite well. She knew why he was angry.

The man by the window upstairs smirked.

“Mom, as long as you agree.”

Chapter 478 Accept Lizzy

When Dominic said this, the smile on the corner of his mouth was bright, but the light in his eyes was dark.

Why did he want to be like this so they would compromise. Why didn’t anyone think about his feelings?

He slowly shifted his gaze toward Elizabeth and subconsciously pursed his lips.

Lizzy, you too. Why am I by your side for so many years and you could not see me?

The moment Matthew appeared, you fell in love with him.

“Hah...”

He laughed coldly. Everyone was pushing him, pushing him....

“Mom, it’s time for a checkup. I’ll hang up now.”

After the phone was hung up, Elizabeth looked at Mrs. Campbell.

“Does he still refuse to see us?”

Mrs. Campbell sighed. "He should be in the house. He lied to me and told me that he went to the hospital. Dom really has changed. I'm very worried."

As she spoke, she suddenly held Elizabeth's hand.

"Lizzy, I'm begging you. Please b with Dom for the time being. When his eyes or he's feeling better, you can break up with him."

Mrs. Campbell seemed to have a feeling and realized that something was wrong with her son.

Elizabeth saw the changes in Mrs. Campbell and frowned.

"What did he say?"

Mrs. Campbell shook her head. "It's nothing. It's just that he really likes you. I won't make things difficult for you in the future."

When she said these words, she smiled and her attitude toward Elizabeth obviously changed.

Elizabeth explained, "Mrs. Campbell, Dominic and I are really just friends. I've never lied to you."

Previously, Mrs. Campbell always thought of every way to ask her to leave Dominic. At that time, she spoke clearly but Mrs. Campbell did not believe her.

Mrs. Campbell smiled. "Let's not talk about this. Let's go back!"

She held Elizabeth and walked to the car. She turned her head and looked upstairs.

Dom should have heard from his servant about the situation downstairs. She and Elizabeth had really made up, and she would treat her well in, the future.

Dominic stood in front of the window and watched the two cars leave.

He raised his hand and smoked a cigarette. The smile on the corner of his mouth was cold and a little sinister.

Suddenly, he turned around and called out, "Hazel"

Hazel dashed in. "Young Master, what is it?"

She was eating with a pitaya in her hand. Her mouth was red like blood.

Dominic frowned. "I'll iron my shirt later. I don't like wrinkled clothes."

When he entered the closet just now, he saw that the clothes washed recently were even wrinkled. He didn't like it.

Hazel rolled her eyes and said, "Okay, Young Master."

After that, she turned around and went back to her room. Then, she continued eating the pitaya and went back to work.

Elizabeth sat in the car, her head hurting.

The phone call from her grandfather kept reminding her that she and Dominic were a couple in her grandfather's eyes. Moreover, Dominic also said that the three children were his.

Sigh, what a pain in the "ss"

Mrs. Campbell looked at her like she was looking at her savior.

“Lizzy, where are you going later? I’ll accompany you.”

Elizabeth turned her head to look at her. The arrogant Mrs. Campbell from before had disappeared. At this moment, she looked like a clingy

She was still holding on to her hand. No matter how much she struggled, it was useless.

“Mrs. Campbell, I still have some matters to settle. After we enter the city later, just leave me by the roadside.”

Mrs. Campbell shook her head. “That’s not possible. You’re Dom’s girlfriend, and you’ll be my daughter-in-law in the future. How can I leave you on the road? Let’s go home first.”

After saying that, she ordered coldly, “Send Ms. Wade home first. Do you hear me?”

“Alright, Madam!”

Elizabeth turned her head to look out of the window and sighed. Mrs. Campbell’s expression changed so quickly that she almost couldn’t recognize her.

“Lizzy, which brand do you like clothes? Where do you like it for body maintenance?”

Chapter 479 The Young Master’s Smiles Is Beautiful

Elizabeth smiled when she heard this.

“My clothes are all bought randomly. I don’t have a fixed brand. Besides, I don’t have that much money. I just choose what’s comfortable wear. I don’t care about brands.”

Elizabeth used to be the eldest daughter of the Campbell Family. She still had her own taste in clothes and makeup.

It was just that they were too poor these past few years, so she did not care about these things anymore.

Mrs. Campbell's expression changed slightly when she heard this. As expected, this girl was a poor dark.

However, Dom liked her, so she had no choice.

Only she was here, Dom would return to her side, just like how he used to be.

For the sake of her son, she should endure it temporarily!

After she married into the Campbell family in the future, she would teach her slowly. She was born into a prominent family and had been a well-known socialite since young. She believed that she could teach Elizabeth well.

Along the way, Mrs. Campbell talked to her without saying a word, and she replied casually.

Finally, she got out of the car and waved at the car.

"Mrs. Campbell, goodbye!"

After saying that, she turned around and walked home. Finally, she felt relieved.

The moment she entered the house, her phone rang. It was a phone call from Jessica.

"Lizzy, congratulations! I watched the television and know that you won a new designer award."

Elizabeth changed her shoes and walked to the living room.

“I also bought a present for you and Pearl I’ll come over tomorrow and bring it over. By the way, Pearl’s surgery is next week, right?”

“That’s right. The timing has been adjusted. This time, it’s accurate. It’s scheduled for next Wednesday.”

Elizabeth smiled after hearing this.

That’s good. It’s good to do more preparations.”

Jessica glanced at Pearl. She was in a bad mood lately, but she was about to undergo surgery. She knew that she would recover.

“Mr. Johnson invited doctors over. He said these are the most prominent doctors. They will be more confident if they perform the surgery.”

Elizabeth sat down on the sofa. She was really tired after running around.

“Then he still has some conscience. If you see him this time, don’t let him run away.”

Jessica suddenly laughed, “He... won’t.”

The two of them chatted for a while before ending the call

Elizabeth took the swing control and turned on the television. She casually changed the channels. There is no good TV shows lately. at Dragon Mountain Villa, Dominic was reading in his study.

Hazel ran into the study with her phone. “Young Master... Your phone.”

Her voice was soft and pleasing.

Dominic opened the book and glanced at her. "Who's calling? Why are you so shocked.."

After Hazel stopped, he thought about it.

"It's the one you've instructed, Young Master, that Old Mr. Wade."

Upon hearing this, Dominic took the phone and answered it.

"Hello?"

"Dominic, are you free today? I want to see you."

Dominic's voice was deep but respectful.

"Grandpa, I'm free. My eyes are not recovered, so I don't have anything to do every day."

Mr. Wade couldn't help feeling sorry after hearing this.

"The medicine is very advanced now. You can definitely be cured."

"Thank you, Grandpa."

Dominic smiled as he spoke.

Hazel was dumbfounded. It turned out that the young master had such beautiful smiles!

She pursed her chin and looked at him through the desk. There was a smile on her lips.

“Okay, I’ll be there on time. We’ll meet later!”

After hanging up the phone, he saw the girl looking at him with her chin pursed and her face turned cold.

“Dragonwood, are you done poeling my clothes?”

Hazel stood up in fright and bumped into the corner of the table. It hurt so much that she gritted her teeth.

“Alright, I’ll go and chat now. But, Young Master, are we going out?”

I’ve never been down the mountain before. I really want to go!

Previously, she did not dare to go alone. Now that the Young Master was here, she felt that she could go out and have fun to see the world of he Young Master’s Smiles Is Beautiful flowers

Chapter 480 Meeting Old Mr Wade

Dominic looked at her excited expression and said softly.

That’s right. Take out my shirt. I want to wear it. Forget it. I’ll go get it myself”

This girl is so clumsy. She asked me to bring her clothes. He was afraid that all of his clothes would be destroyed in her hands, so he won’t be able to see Old Mr. Wade today.

He had been waiting for this phone call for a long time. Finally, he received it today and was in a good mood. followed behind her and entered the closet. When she saw him take off his pajamas and reveal his strong back, a trace of surprise flashed across her face.

His hand stretched forward because when he bent down, his shoulder was crooked. It was extremely sexy.

Hazel hurriedly withdrew her hand and bit into her mouth, telling herself not to go over.

“Young Master, what else do you need to prepare?”

Upon hearing the woman’s voice, Dominic turned around and saw her blushing face, he frowned slightly.

“Get out. When men change, stay away.”

It seemed like he was teaching her because he realized that this girl did not seem to know anything

Especially when it came to matters between a man and a woman. When he went to the washroom, she would rush in directly and talk to him face to face, as if she didn’t feel it.

Every time, he was the only one who felt awkward, but she looked ignorant.

“Okay.” She blinked her big watery eyes before slowly turning and leaving the closet.

After Dominic changed his clothes, he looked like a handsome business elite.

By the time he came out of the bedroom, dragon shrew had changed into a beautiful outfit. She had a pink blue doll dress and her eyes were as big as a middle school student

Dominic looked at her and asked.

“Are you actually 18?”

He looked like a child worker. He did not want to be accused.

Hazel took out the lollipop and counted her age, but she couldn't count it out for a moment.

"Anyway, I'm an adult. I'm already 18 years old."

Dominic asked again, "Where's the ID?"

He asked her to hand over the identity certificate. She kept mumbling.

"I don't have an identity card. I don't know what it is."

Dominic looked at her innocent and pitiful expression and shook his head. He still had to pretend to be blind and could not find a suitable person.

It was quite convenient for her to serve her here, so she did not bother.

"Let's go! Don't talk nonsense later."

"I'll be very obedient, but can I eat something delicious?"

"A certain girl is only interested in food. As long as she has delicious food, is she willing to do anything?"

Being obedient would be easier for her.

"Alright, alright! I'll be very obedient. I won't talk nonsense."

She jumped and walked beside him, her big eyes flickering.

Dominic had already asked the driver to pick them up, so the car had already stopped at the entrance.

Hazel helped Dominic out of the house. The chauffeur got out of the car and came over to help her to help him into the car.

In the car, Hazel looked out the window excitedly.

The chauffeur asked, "Young Master, where are we going today?"

The young master hadn't been out for a long time. Madam Situ was always worried, but as his chauffeur, he was actually quite worried.

After all, the young master had a good temperament and treated people very well. He worked well under him, and his salary was high, so there was no need to be angry.

"Qingyun Teahouse."

Old Mr. Wade was a good tea, and he was very knowledgeable about tea.

"Alright, Young Master."

The car drove away from Dragon Mountain Villa and headed for the city.

Along the way, Draco's vibrant eyes never stopped. She looked east and west. When she entered the city, she tugged on Dominic's arm excitedly.

"They're going to be in the market soon, right? Ah! It's delicious. I'm here."

Upon hearing this, the driver couldn't help but take a glance at the rearview mirror. Could this girl be from ancient times?
