

Game Over 491

Chapter 491 This Woman Is Too Beautiful

At six o'clock in the afternoon, all the guests arrived. The Wade Family had become unusually lively. In the living room and in the courtyard, there were men and women in gorgeous gowns

In the first guest room on the second floor, Elizabeth had been hogged by the make up artist for three hours. She was tired, but this was her grandfather's wish, so she couldn't refuse.

All she could do was let them do it for herself. She closed her eyes and rested

After that, the stylist gave her a gown. It was a sea blue long fork gown and the fabric was very glowing. After changing into the gown, she stood in front of the French mirror.

The woman in the mirror was simply too beautiful. Her body was gorgeous. In addition to the long fork skirt, her slender legs look even more perfect.

Nicolette had been waiting for her all this while. Because she was too bored, she sat down and played games.

Upon hearing the excitement of the crowd, she raised her head, then immediately withdrew from the game and stood up.

"Sis, you... You're so beautiful!"

She walked toward her and reached out to caress her arms. Her eyes turned white.

Her eyes were filled with surprise. "Sis, when will I be like you?"

She was envious. Her skin was as fair as snow. This should be the appearance of the snow white princess in real life.

Elizabeth stared at herself in the mirror, as if she had indeed become prettier.

Normally, she would use lipstick at most. Now that she was wearing full makeup, she looked prettier than ever.

The make-up artist and the stylist had completed their tasks. After packing their things, they prepared to leave.

Tiana and Celine walked in. When they saw Elizabeth, their eyes darkened. This girl was truly stunning in an instant

Celine's face darkened slightly. "Please help Tiana as well."

Her daughter should be the center of attention today. After all, Matthew will be here later. Tiana said to her that Elizabeth had seduced Matthew. If he saw Elizabeth's beautiful side, he would definitely not want her daughter anymore..

She, who was originally very confident, instantly felt a little disappointed.

She walked closer to the make up artist and took out her phone and said next to her ear.

"Please make the my daughter prettier than Elizabeth. I'll send you a fat gift."

Her eyes twirled like a fox.

The make-up artist was a young lady wearing a mask. When she heard this, she glanced at Tiana, feeling a little embarrassed.

After all, this Second Miss looks very ordinary. If she wants to over-shine Elizabeth, she'll have to go back to the her mother's uterus and be

However, she did not dare to say that. She nodded at Celine.

“Thank you, madam. I’ll try my best.”

After saying that, she glanced at the assistants next to her and they started setting up the dressing table.

Celine transferred five thousand to the make-up artist. If the make-up artist took it, it would be considered a small tip.

Tiana looked at Elizabeth coldly, her eyes filled with jealousy.

“Why are me both the descendants of the Wade Family? Elizabeth can be so beautiful. God is unfair to me. It’s not fair at all”

When she walked past Elizabeth, she bumped into his shoulder hard.

She wanted to hurt her, but unexpectedly she was the one in pain, the two of them looked at each other coldly.

Elizabeth’s eyes were filled with a trace of coldness and a strong aura. Tiana’s face wrinkled in pain and she said coldly.

“Elizabeth, you hurt me. Apologize to me.”

Elizabeth sneered, “Tiana, I stood here and didn’t even move. I not a fool.”

Everyone looked at her. It was indeed as Elizabeth said.

Tiana didn’t know what to say because she indeed has no reason to ask Elizabeth to apologize to her?”

She pursed her lips and sat in front of the makeup counter. She furrowed her eyebrows and thought to herself.

Elizabeth, I'll make you smug for a while longer. When Matthew comes, I'll see how smug you will be.

Chapter 492 It Turns Out She Is The Eldest Daughter of Wade Family

Elizabeth walked out of the guest room and gave Arthur a call.

She had been really busy today that she didn't have time to watch her kids. Even though she has two sons here, she was still a little worried.

What if they forget to take care of Abby, and something wrong came up?

"Mommy," answered the call

"Arthur, where are you guys? Is your sister good today?"

Arthur took a glance at her dancing sister. She had attracted a lot of guests. She was completely immersed in her princess world.

"Mommy, we're in the lobby. My sister is dancing. She's a very good girl today."

Actually, with the two of brothers, they would definitely look good on their sister.

Elizabeth breathed a sigh of relief. "That's good. There are a lot of guests tonight. You guys can bring your sister to the guest room and wait for me. After the banquet, we'll go home together."

"Okay, Mommy!"

Elizabeth hung up the phone. Nicolette was taking pictures with her phone because her sister was too pretty.

She wanted to take a few more photos and post them on her social media.

She held Elizabeth's hand. "Lizzy, your two sons are so handsome. When they grow up, they'll definitely be womanizers in school."

Elizabeth had been playing with the three kids for a while today. She had taken a photo of the three kids and posted it on her social media. Her social media instantly exploded.

"Everyone said that these three kids are so good-looking. They must look so good when they grow up."

Even the man she had been secretly in love liked her post. This was something she had never experienced before. He must be overwhelmed by the looks of the three darlings.

She was in a good mood and she smiled.

Elizabeth glanced at her from the corner of her eye. "Yeah, the two of them are indeed quite good-looking."

She was not humble at all and just admitted it. Every mother thought that her child was the prettiest in the world. Elizabeth was no exception.

Old Mr. Wade sent someone to look for her, and she separated from Nicolette and followed Old Mr. Wade.

He brought her to meet many prominent figures in A City. He introduced her one by one and introduced her as the eldest daughter of the Campbell Family.

She had never been raised by the Wade Family, but she learned manners very well. Even though she hadn't attended such a banquet in the past few years, her elegance hadn't changed.

She responded to every guest in a polite and generous manner.

At seven o'clock, the old man brought her to the stage to introduce her to the audience.

He held the microphone in his hand. "Everyone, please be quiet."

The moment he finished his words, the hall immediately fell silent. At this moment, a group of people walked in from the door, led by a tall and slender figure.

Thank you everyone for attending my granddaughter's celebration party. She won the Best New Designer Award at W City Fashion Week."

Immediately, the audience applauded and Elizabeth smiled at the guests below.

Suddenly, her gaze met Matthew's. His face darkened and he stared at her.

Only then did Elizabeth remember that she had never told Matthew that she was a member of the Hilton Family, and Tiana had always said

that she was the daughter of a family servant, and she had never explained herself.

That was why he had the expression on his face. His cold and questioning gaze made her tremble.

Old Mr. Wade laughed happily and continued.

"Today is a good day. I have a few things to share with everyone. Elizabeth is my eldest granddaughter and also considered the eldest princess of the Wade Family. All these years, she has been studying overseas, so no one knows about her. Today, I want to officially introduce her to everyone. My eldest granddaughter, Elizabeth."

A loud applause erupted. Someone from the audience spoke up.

“Hello, Ms. Wade!”

Elizabeth waved her hand to the audience. Previously, she was smiling beautifully, but now she felt slightly uncomfortable. Because of Matthew, his gaze on her was too terrifying.

Chapter 493 Heartbroken.

Elizabeth avoided his gaze and did not dare to look into his eyes.

Old Mr. Wade suddenly called out, “Dominic, come up.”

Elizabeth’s heart thumped when she heard this. She originally thought that Matthew wouldn’t be here. Even if her grandfather had announced her marriage to Dominic, she would have a way to call off the marriage.

But now, what should she do?

Dominic was supported by a Hazel and he stood beside Elizabeth.

Old Mr. Wade pointed at him. “Everyone knows him, right? Dominic, he and my eldest granddaughter will be engage to each other and will be soon married. This is one of the joys today. I’ve finished sharing all the joys and the banquet has officially begun. I hope everyone has a good time, eat and drink!”

After speaking, the servant came over to take the microphone from him.

Old Mr. Wade looked at Dominic and said, “Dom, I’ve given Lizzy to you in public. Treat her well in the future.”

He handed Elizabeth’s hands to Dominic and Dominic smiled.

“Grandpa, I will I will love her and protect her for the rest of my life.”

Elizabeth stood there dumbfounded. Her eyes were fixed on Matthew. She really wanted to have a superpower. Even though she was standing here, she could separate herself from him.

To explain to him and tell him that everything was just a misunderstanding.

She refused the marriage and all she wanted was to marry him and only marry him in this lifetime.

Matthew stood in the crowd, looking exceptionally eye-catching.

The expression on his face was so cold that the air around him seemed to freeze. Esme couldn't help but shudder.

“Ms. Wade, why would she and Mr. Campbell get married? What about Mr. Hilton?”

Thinking of this, he glanced at the big boss next to him. His entire body was filled with rage, like a volcano about to erupt.

He glanced at his head. Boss, for Ms. Wade, there was still a bullet in his head!

How could she abandon our Mr. Hilton?

How could this be?

Suddenly, his eyes opened slightly. No! Ms. Wade didn't know that the bullet hadn't been taken out from Mr. Hilton's head.

Sigh, what should I do?

At this moment, Tiana walked toward them. She was wearing a big red wedding gown. It was a long tail and it was very luxurious.

“Old Mr. Hilton, you’re here.”

Old Mr. Hilton saw her and a smile appeared on his face.

“Tia, we will definitely be attending your family’s banquet. However, I’ve never heard of you and sister before. I didn’t expect it to be her.”

Tiana smiled. “She’s my father’s ex-wife’s daughter. She gave birth to three children and left home. Now that she’s back, the children’s father is

back too. My grandfather wants to clarify what happened back then.”

Even though she didn’t say it out loud, Old Mr. Hilton knew about the fact that Elizabeth had children before marriage.

He nodded, “Yeah, that’s good too. At least the kids have a father now, a man should stand up and take responsibility.”

After saying that, he glanced at Matthew. “Matt, it’s a banquet at the Tia’s house today. You’re her boyfriend, so you have to bear the

responsibility as her future son-in-law.”

Matthew did not listen to him at all. His gaze remained on the stage as he stared at the sea-blue figure.

She was so beautiful today, but her beautiful smile hurt his heart.

She was the eldest daughter of the Wade Family, but she had never told him before.

Elizabeth, which of your words is true and which is fake?

All he could feel was that the heart he had treasured her had been violently smashed to the ground and shattered into pieces.

The expression on his face grew colder and colder.

Tiana was about to greet him, but when she saw him like this, she was so scared that she did not dare to step forward.

Chapter 494 He Was The First To Seduce Her

Elizabeth supported Dominic and accompanied her grandfather to meet with the guests. Then, she even faced the reporters.

Elizabeth was in a terrible mood.

The light in her eyes was gone, and her mind was in a mess. She could not understand what she was doing.

She did not expect her grandfather to make such a sense. He even invited the media. Usually, he hated these media the most, thinking that they liked to write nonsense.

“There’s no practical meaning.

Jess came with Leonard. Old Mr. Wade had invited all the higher ups in A City.

Nicolas was there too. He stood in the crowd and shook his wine glass gently.

Leonard asked, “Nicolas, what’s going on?”

Isn't Elizabeth Matt's beloved woman? Can he allow others to marry her?

Nicolas did not bring a female companion today. He took a sip of the wine in his hand and his face darkened slightly.

"Let's go see Matt! He shouldn't be doing well."

Jessica was also anxious, but at this moment, Lizzy and the others were standing in front of the camera and being interviewed, she could not rush over unreasonably.

She tugged on Leonard's hand. "Mr. Johnson, it's definitely not like that. Dominic has helped Lizzy before, and he's blind now. Lizzy is just repaying his gratitude and taking care of him."

Jessica understood Elizabeth's thoughts and knew whom she loved.

The banquet today was practically a huge misunderstanding, and Lizzy was the one who was most affected.

She squeezed her sweat and followed behind Leonard to Matthew's side.

The man looked at Elizabeth coldly. It was really terrifying.

Jessica dodged and whispered.

"Young Old Mr. Hilton is so scary! He... he won't hit a woman, right?"

If he hit a woman, she felt that Lizzy might get seriously injured. Even if she wasn't seriously injured, she would be half crippled.

Leonard pulled her into his arms. "He doesn't hit a woman, but it's not necessarily a man."

He glanced at the man standing beside Elizabeth. He actually dared to wrap his arm around Elizabeth's shoulder. He felt that his hand was about to be cut.

Tiana did not dare to approach him from behind. However, this was such a good opportunity, so she had to make him notice her.

She approached him and took the initiative to wrap her arms around his. She smiled.

"Matthew, Grandpa is watching! Don't disappoint him, okay?"

Matthew couldn't think of anyone at this moment. He shook her off and Tiana retreated a few steps backward. If not for the help of Nicolas, she would have fallen to the ground in a mess.

Nicolas helped her up and said gently.

"Ms. Wade, be careful!"

Now they all know that Elizabeth was the eldest daughter of the Campbell Family. Her identity had changed.

Interesting. Did that girl always pretend to be an innocent girl?

Tiana didn't care anymore. Everything was like this. Why didn't Matthew care about her at all?

She walked to his side with the hem of her skirt. His gaze had always been on Elizabeth. Although it was very cold, he still had her in his eyes.

A man like Matthew has never treated anyone like this?

She could not understand. How could a young woman like Elizabeth, who had given birth to a child, fall into his eyes and make him fall in love so deeply?

“Matthew, don’t look. Dominic is the father of Elizabeth’s three children. They had sex years ago. They’re a family, a real family.”

From Master Wade’s speech just now, he had understood what had happened, but Tiana had to explain it again, and she even explained it so blatantly.

She just hoped that Matthew would hate Elizabeth, then she would have a chance.

The only goal she had in her life was to marry Matthew, no matter what method she used.

She wanted to become his woman, wanted to give birth to his child and become the envy center of all the women in A City.

Because he was the one who seduced her first, why did he want to sign a relationship contract with her?

“That means there’s a fate between them.”

Chapter 495 Why Is Him

After saying that, she added, “Matthew, to Elizabeth, you’re just a back-up. If Dominic could not admit to my grandfather what he did back then, then Elizabeth will depend on you for the rest of her life.”

Only then did Matthew slowly shift his gaze and smirk coldly.

“You don’t deserve to talk to me about this. Get lost.”

Jessica couldn’t take it anymore and walked over.

“Tiana, what are you talking about? Lizzy isn’t the kind of scumbag you’re talking about. She’s just troubled. Dominic helped her before, she’s just repaying his favors.”

After saying that, she looked at Matthew and said, “Mr. Hilton, you must trust Lizzy. She really loves you. You have to trust her.”

Leonard pulled the excited woman back and warned her coldly.

“Jessica, don’t create trouble for yourself.”

Jessica was still very excited. “Why are you holding me back? I just don’t want him to misunderstand Lizzy. Lizzy is a good woman, but there are some things that you don’t understand.”

The situation in her family was very complicated. Previously, her grandfather did not acknowledge her, and she did not dare to say that she was from the Wade Family.

Now that her grandfather wanted to reveal her identity, she had no right to say no.

And she was kind, so she won’t leave Dominic alone, but I didn’t know why the two of them got together now.

Jess really doesn’t understand what’s happened.

Leonard said coldly, “Matt will handle it himself. It’s useless for you to say too much.”

What kind of person is he? He doesn’t trust other people, so she doesn’t have to worry about this. The more she explains, the angrier he will be based on his current feelings, whoever offended him would be unlucky,

He was afraid that he would scold Jessica later, and that fellow would scold her so harshly that she might cry.

Elizabeth approached him. “Matt, you could not believe what this woman says. She’s a single mother too. She and Elizabeth are on the same side. They’re all looking for a backup man, wanting to find a father for their children.”

Why didn’t he like hearing that? His face darkened slightly and he was about to say something

“Shut up,” said Matthew.

Old Mr. Hilton happened to arrive. When he heard this, his face darkened.

“Are you two arguing? When did it happen?”

After saying that, he took Tiana’s hand and shoved it into Matthew’s hand.

“Hold her hand, follow me and meet her family.”

At this moment, Old Mr. Wade led Elizabeth and Dominic to the front.

Old Mr. Hilton smiled and called out to him, “Old Mr. Wade, we’re going to be a family soon.”

Celine followed behind Elizabeth and the others. As a stepmother, she and Richard had to show up as a couple.

Otherwise, they would say that she was not a good stepmother.

Celine cared about the opinions of the outside world. She wanted to be a good mother and a good wife.

When she saw Old Mr. Hilton, her eyes lit up. How could it be him?

Previously, she went to the hospital to see Old Mr. Hilton. At that time, he was sick and wearing an oxygen mask, so she did not see him clearly.

The man was energetic today. Even though his hair was completely gray, his aura and expression did not change.

Back then, he was the one who gave money to make Elizabeth get pregnant first and then come to the door to propose.

It turned out that he was the old man of the Hilton Family. For a moment, Celine did not know what to do.

Will he recognize her? She wanted to retreat and subconsciously want to cover her face.

Now, she fully understood why Mr. Hilton wanted Matthew to marry Tia. He must have mistaken the Tia for Elizabeth.

Celine was in a panic. What if Old Mr. Hilton found out.

The wedding was completed in a matter of minutes. The Tiana could not even cry.

She was so frightened that her eyes opened slightly. In that case, are the three children are Matthew's?

"This is scary. She's not feeling well."

After saying that, she wanted to escape, afraid that she would be exposed, but Richard pulled her.

"Celine, we're Tia's parents. Let's go and greet."

Chapter 496 Marriage

Celine, who was about to escape, was caught by him and walked to Old Mr. Hilton.

“Hello, Uncle Hilton! We’re Tia’s parents!”

This was the first time they introduced themselves to him solemnly. In the past few times, he was always in a wheelchair, unable to speak, wearing a mask.

This time, he was healthy, energetic, and no longer wearing a mask.

Celine was so frightened that her eyes widened. It was too late to hide. What should I do?

Would she ask her where the children are ? Or, she should just say that the Tia is the girl from back then.

Old Mr. Hilton nodded slightly. “Alright, Tia is such an outstanding kid. It all thanks to parents like you.”

Next, Old Mr. Wade and Old Mr. Hilton looked at each other and smiled. They walked closer and hugged each other.

“Wade, we agreed to a marriage. I didn’t go against the promise, right?”

Old Mr. Wade laughed, “Yeah!”

Actually, he wanted to marry Lizzy more. However, after that incident back then, he did not have the courage to talk about marrying Lizzy.

Fortunately, now that Dominic had come out to acknowledge her. She could be a decent person now.

The two of them waved back and forth. “Matt, Tiana, come here.”

“Lizzy, Dominic, come here.”

Elizabeth, Dominic, Matthew and Tiana stood opposite her.

Tiana put her hand into Matthew's arm and held it. She looked at Elizabeth with a smile.

"Sis, Grandpa has acknowledged you now and also announced your identity. I'm happy for you. Besides, Brother-in-law is very handsome!"

Her voice was laced with a smile. Everyone present thought that they were sisters who love each other.

Elizabeth looked at Matthew. There was a trace of darkness in her eyes. She was flustered and didn't know what to do.

Seeing Tiana holding him like this made her heart hurt. It hurt so much.

She actually had the urge to separate the two of them.

Suddenly, she realized what Matthew was looking at her with a cold expression on his face. When she saw her holding Dominic's hand, she didn't want to hold on to him either. However, he was blind and he couldn't see. She had to help him.

But, Matthew should be in the same mood as her right now. It must be uncomfortable!

The two of them obviously had feelings for each other. However, they stood on opposite sides and could only watch the other person belonging to another one.

This feeling was very unpleasant, especially Matthew. His gaze was as dark as a black hole and he stared at Elizabeth.

Dominic smiled when he heard this,

“Thank you!”

The two of them actually looked like a family.

Old Mr. Hilton laughed. “I have a suggestion. Since they’re sisters, why don’t we get engaged and get married together?”

Everyone applauded upon hearing this.

“Good idea.”

“the Wade Family is blessed with two marriages.”

Dominic saw Matthew’s gaze towards Lizzy and he could tell that he was very angry.

He was overjoyed. He wrapped his arms around Elizabeth’s shoulder and turned his face to her.

“Lizzy, I’m a little hungry.”

Elizabeth’s eyes were filled with tears. She kept looking at Matthew. The two of them looked at each other. One was sad, and the other was

Until now, Dominic interrupted their gazes. He was afraid that if he continued to watch, Matthew would come and take Lizzy away.

He would not allow it, so he left with Lizzy first.

Elizabeth hummed and helped him to the dining area.

Tiana looked triumphant. At this moment, many customers began to make a toast to her.

“Congratulations!”

This was Tiana’s first time being surrounded by so many people with respect which made her vanity feel greatly satisfied.

The smile on her face grew wider and wider as she leaned closer to Matthew.

“Thank you!”

Chapter 497 Paternity Test

Elizabeth no longer cared about Elizabeth and the others. With her grandfather around, Elizabeth did not have the courage to make a scene.

After all, she cared about her grandfather the most. In the past, her grandfather was angry with her and refused to talk to her.

Now that the old man had acknowledged her and asked her to come back to be the eldest daughter of the Wade Family, this was forgiveness to

her. How could she mess up such a good opportunity herself?

No matter how much she loved Matthew or wanted to be with him, she was still afraid.

The more she thought about it, the more delighted she felt. Her actions had completely disappointed Matthew.

In the future, he would definitely not even want to see Elizabeth again. She would soon become Mrs. Hilton.

Celine stood beside Richard. Old Mr. Wade and Old Mr. Hilton were chatting. They would talk to them from time to time.

Previously, she was so nervous that she was afraid that Master Wade would recognize her. Unexpectedly, he did not seem to know her.

Celine's eyes were fixated on Old Mr. Hilton. He was observing him. He really didn't know her.

She did not understand. Is Old Mr. Hilton losing his memory, or is something wrong?

After all, the incident back then was conducted in secret. The two of them had seen each other before.

Celine was still very nervous, afraid that something bad would happen.

She looked at her daughter. At this moment, she was surrounded by a lot of people. They all wanted to get in touch with Matthew, and that fellow was quite cold, completely ignoring everything

Thus, they could only suck up Tiana and keep chatting and toasting to her.

She laughed happily, her whole body shining brightly.

Celine walked over and tugged on Tiana.

Tia, come here. I have something to tell you."

Tiana finally got so close to Matthew. She didn't really want to leave, but something was wrong with her mother's expression.

"Baby, I'll be back soon."

After saying that, she nodded to the people around her and followed Celine upstairs to her bedroom.

After entering the door, Celine closed the door. She grabbed Tiann's arms, her face full of nervousness.

Tih, Old Mr. Hilton is the old man from back then. Elizabeth's children are Matthew's."

"With Old Mr. Hilton's personality, it's impossible for him to do anything to Elizabeth."

after thinking about it, I believe that he must be afraid that the Hilton Family would have no descendant, so he thought of letting Elizabeth get pregnant first before forcing Matthew to marry her.

After all, Matthew was too smart and it was hard to control him.

"It's almost impossible to force him to marry someone"

Thus, he could only use this way to force him.

Tiana's eyes narrowed slightly and she jumped in fright.

"Mom, don't talk nonsense. Didn't you say it was an old man in his sixties or seventies? How could it be Matthew?"

At this point, she was stunned.

"Are you saying that to that the old man is Old Mr. Hilton?"

Now she understood. It really could be Matthew's.

Their faces were as white as a sheet. Their eyes widened and they were frightened.

How could this be? She was obviously trying to harm Elizabeth, but why did she have Matthew's child?

She can't be that lucky, right?

After a while, the mother and daughter finally recovered.

Tiana calmed down first. "Mom, don't make any conclusions first. I'll secretly take Matthew's hair. You can take the hair of the three children too. Let's test it out first. What if they are not Matthew's?"

She hoped that they was not Matthew's children. Otherwise, she did not dare to think that Matthew had fallen for Elizabeth before.

If he knew that she even gave birth to three children for him, he would definitely be very touched. He would only like him more.

What about grandfather? He wanted the children's father to marry Elizabeth, so everything would work out.

Damn it! The more she thought about it, the more afraid she became.

Celine felt that her daughter was calm and she was right.

Master Hilton didn't even remember what happened back then. Maybe there was a mistake, and the children belong to someone else?

Chapter 498 Ms Wade

After the two of them had a discussion, they prepared to go out and continue to face the guests.

When she walked toward the door, Tiana spoke to herself.

“It’s fine. I spent a lot of money and got them to seal the old man’s memory. Otherwise, everything will be over if he sees you.”

Celine was stunned when she heard this.

“Seal memories?”

Tiana laughed. “That’s right. My university classmate, Julia, do you still remember? I treated her well for a reason, because her family is a family of doctors and she has many ancient books with strange medical knowledge. She used to hypnotize us in her dorm before. That’s why I think this is a good skill that might come into use one day, so I’ve always kept a good relationship with her.”

“Not long ago, in order to cure Old Mr. Hilton. I found them and they cured it indeed, and I even told them to seal the memories of Old Mr. Hilton’s after he got sick.”

After all, there was something wrong with Old Mr. Hilton’s gaze towards Elizabeth and obviously liked her a lot.

Tiana could still see that, so in case there was nothing wrong, she could only let him lose those memories, so that he won’t know Elizabeth.

Celine smiled and hugged her.

“Tia, good job!”

Her daughter was becoming more and more like her. When it came to handling business, she was really organized and calculated every step she took.

At the dining area, Dominic sat on the sofa. Elizabeth brought some food for him and started feeding him.

The expression on his face was warm. He was in a good mood to be fed by her

When Matthew walked over, Dominic pretended not to see it and continued eating the food she fed him.

Elizabeth's sweet hand was suddenly caught. She turned her head to look at him. her big eyes swayed slightly. She did not expect him to come over. She nervously looked around.

Matthew said coldly, "Let's go."

He pulled her up, and the plate in his hand slipped down, making a noise.

Dominic asked, "Who is it? Lizzy, what's wrong?"

Elizabeth turned her head to look at Dominic. He reached out to touch it, looking dumbfounded.

Dominic, I flipped the plate over. I'll get someone to clean it up. Sit down, don't move."

I'm afraid he'll get up and bump into something, or get hurt.

Matthew's face darkened when he heard this.

He pulled Elizabeth out of the Wade Family and shoved her into the car. He got into the car angrily and said coldly to the driver.

"Drive!"

The chauffeur did not dare to delay, because Mr. Hilton's expression was terrifying, like he was about to eat a man.

Elizabeth furrowed her brows and said, “Matthew, I’m sorry! I could not leave.”

The three children were still inside, and her grandfather was there too. She couldn’t leave them.

Matthew merely stared at her, giving her chill all over.

“Stop the car.”

Elizabeth saw that he did not plan to stop, so she yelled.

The chauffeur hurriedly stepped on the brakes. Matthew said coldly.

“Am I your boss, or is she?”

The chauffeur was about to cry. You’re the boss, but she might be the future boss wife.

He didn’t dare to offend her. In his opinions, the boss’s wife was the one he could not afford to offend because she’s the one in the boss’s heart!

The chauffeur started the car again, looking nervous.

Elizabeth pulled the door handle and wanted to get out of the car, but there was nothing she could do.

Matthew sneered, “Ms. Wade!”

Elizabeth heard this and turned her head to look at him. She saw the mockery on his face and mocked him, saying that he had been deceived?

“Matthew, I really don’t want to lie to you. It’s just that there’s something going on between me and my family. My grandfather doesn’t acknowledge me. I don’t dare to say that I belong to the Wade Family.”

She was afraid of embarrassing the Wade Family, so she did not mention it.

She had never said this to Dominic before. However, she did not know how he found out that she was from the Wade Family, and took the initiative to talk to her grandfather.

Matthew sneered again. "Elizabeth, is it so hard to tell me the truth?"

Chapter 499 Elizabeth Will Become A Hero

Elizabeth looked at his disappointed expressions and felt that he had become a stranger.

But for a moment, she didn't know how to explain herself.

But she still cared about the three children and turned her head to look in the direction of Wade's house.

"Matthew, please stop the car first. I need to go home."

Upon hearing this, Matthew's expression changed. He pressed her against the car window, and Elizabeth's head hurt.

Glaring at her, his handsome face turned cold. There was no trace of light in his eyes. It was dark and bottomless, as if it wanted to suck her in.

"Elizabeth, are you still thinking about Dominic?"

Elizabeth shook her head. "No, I'm just worried about children."

At this moment, Matthew couldn't listen to her at all. In his opinion, the children was just an excuse for her.

His large hand held onto her chin. It was so strong it felt like it was going to crush her chin.

“Elizabeth, tell me, do you love me?”

He has always been very confident. He has always been confident in everything he does.

But tonight, he instantly lost confidence.

Does this woman love me?

What was real? Which was fake?

Elizabeth was stunned when she heard this. Does he not know whether I love him or not?

I’ve given myself to him. Isn’t that love?

The way a man thinks is different from a woman. A man can have sex without love, but a woman can only have sex with love.

Hence, Matthew didn’t understand, so he needed to ask clearly.

Elizabeth did not say a word. The two of them just looked at each other. Because of the tension, his head started hurting.

The more he furrowed his eyebrows, the more painful it felt.

He suddenly let go of her hand and sat back on his seat. Then, he said coldly.

“Stop the car. Get her out of the car.

The chauffeur obediently stopped the car. Elizabeth pushed open the door and got out of the car. Matthew’s car drove off.

She stood by the roadside and watched as the car entered the traffic. Then, she could no longer see it.

Elizabeth frowned slightly. It was really too chaotic tonight.

The man was angry. She could clearly feel it. Calm down first!

I’ll explain everything to him later, and I’ll explain everything to grandpa as soon as possible.

When she thought about it, she felt much better and walked back with the hem of her dress.

After walking for about half an hour, she finally returned to the Wade Residence.

The banquet had ended. Richard and Celine were sending the guests. Richard cursed when he saw her enter.

“Where did you go? You’re the attention of the banquet, and you even asked us to send the guests off.”

Elizabeth looked at him. “You guys go and rest! I’ll send the guests off.”

She stood at the door and greeted to every guest.

Celine straightened her back and smiled. She nodded to the guests who were leaving, familiarizing with them and chatted with them. until there’s no one else? Celine walked closer to her, with cold gaze.

“Elizabeth, it was us that asked you to return to the Wade Family. Now that you’re the eldest daughter of the Wade Family, you still need to

marry the Campbell family. All good things have been taken over by you. Don’t ever think about the man of Tia’s anymore,

At this moment, Elizabeth finally understood that the banquet tonight was planned by Celine and her daughter.

“Celine, don you think I should thank you guys? Haha, I’ll have Matthew for sure.”

After saying that, she was about to go inside, preparing to look for her three darlings.

Celine was so angry that she followed.

“Elizabeth, are you shameless? You already have Dominic, and you even gave birth to 3 kids with him. Why are you still thinking about

Matthew? Do you think Matthew is a fool?”

The thought of her giving birth to Matthew’s children frightened her.

Elizabeth would be the hero of the Hilton Family if the Hilton Family found out about it. She gave birth to three children, and the Hilton

Family had no grand kids now, so they would definitely be very happy.

Chapter 500 Hair Pulling

No, she must not let this matter be leaked. She must not allow it.

At this moment, the servant came to look for Elizabeth.

“Miss, Master is looking for you. He’s waiting for you in your room.”

Elizabeth beared and nodded.

“Okay, I’ll go over now.”

After hearing this, Celine did not want to follow her anymore. After all, Old Master Wade was looking for her. If she kept following Elizabeth, something unexpected might happen.

She had to think of a way to make Elizabeth stay away from the Hilton Family.

Celine stood rooted to the spot, thinking of the three children, so she called a servant over.

“Did you see the three children of the Young Miss? Where are they?”

They’re playing there!” The housekeeper pointed to a nearby area.

The recorder was still playing music. The little girl was dancing. The two little boys were sitting on the sofa and did not pay attention to her. They lowered their heads, not knowing what they were playing.

Celine walked over hurriedly. The two boys were too smart, and it was hard to deal with them.

Previously, she wanted to grab the little girl’s hair, but the two of them didn’t allow her to get close to the girl.

Now was the opportunity. The more she walked, the faster she reached Abby’s side.

“Abby, your Mommy asked me to bring you to her.”

After saying that, she stretched out her hand with a smile and pulled a few strands of hair down. Because of her strength, she pulled a few strands.

“Ahhhh... It hurts.”

Arthur and Antony ran over. They looked at Celine coldly and asked Abby gently.

“Sis, what’s wrong? Did she hit you?”

Mommy told them to keep her younger sister away from this woman and her daughter. She told them she was an evil womaLL.*

Hence, they did not allow this elderly woman to get close to her sister tonight. They did not expect that she would hit her sister at this hour.

Abby pointed at Celine. “She’s grabbing my hair. It hurts!”

Arthur’s gaze was fixed on her hand. There was a bunch of hair.

He walked over, grabbed her wrist, and snatched her hair away.

“Why did you take my sister’s hair?”

Although they were only five years old, they knew a lot. Hair could do many things.

Celine did not expect this kid to be young but strong.

Especially the force of his grip on her wrist. It was so heavy that she almost screamed.

Looking at the hair that she had finally managed to get to be gone just like that, her face darkened. However, these two boys were hard to deal

Sighing, she said, "I saw a bug on her head, so I helped her to catch it. I was being kind."

"Abby is still crying. It hurts so much!"

Antony comforted her and caressed her head gently.

"Sis, does it still hurt?"

Abby nodded. "It hurts!"

Antony looked at Celine coldly, and his voice was clear and pleasing

"Apologize to my sister."

Celine laughed when she heard that. "Apologize? I said I was helping her catch the bug. Shouldn't you guys thank me?"

Wrapping her arms in front of her chest, her eyes darkened.

Elizabeth used to be a little dumb ss. She did not expect her to have such smart kids.

It must be the genes of the man. She couldn't help but think of Matthew.

Their temperament, not to mention, really resembled Matthew.

She hurriedly shook her head. She couldn't make such a conclusion.

I'll wait for the results of the test. Otherwise, I won't admit that Elizabeth is that lucky.

She could not give birth to the Hilton Family's children. It's absolutely impossible.

Elizabeth and Old Master Hilton came down from upstairs. Old Master was here to send her home.

Elizabeth panicked when she saw the scene of Celine and the three children and ran down the stairs.

Old Mr. Wade saw her leaving in such a hurry and reminded her.

"Lizzy, slow down."
