Chapter 501 You Will Spoil Her

Elizabeth dashed to the three children and stood in front of them.

“Celine Woods, what are you doing?”

Celine’s face darkened when she heard her call out her name.

After all, the servants are here now, and there are also a few brothers at home. Everyone is watching!

“Lizzy, what did you call me? Even if you don’t like me, you’re still your stepmother. You should not call me by my name.”

Elizabeth looked at Abby who was crying and held her little face.

“Abby, what’s wrong?”

Abby pointed at her own head.

She grabbed a strand of my hair. It hurt so much!

The child did not understand. Why did she take her hair away? Abby liked her long hair the most. To her, this was her treasure.

I’m sure this lady likes her hair too, so she pulled it away.

Elizabeth glared at Celine angrily. “You’re pulling her hair. She’s still a child. What do you want from me?”

Celine was obviously nervous when she heard those words.

She had to stay away from the matter of her hair pulling. She couldn't let her think about paternity tests.

Celine's expression changed instantly. The old man had come downstairs. She had to act like a loving stepmother and a loving grandmother.

"Lizzy, you've misunderstood. There was a bug on her head just now. I was anxious. Afraid

Her voice was loud and everyone else could hear her.

Even Old Mr. Wade heard it and he walked closer to ask.

"Sweet girl, what's wrong?"

He looked at Abby with a smile. It was really warm.

When Abby saw him, she stretched out her little hand and wanted him to hug her.

Old Mr. Wade picked her up. "Grandpa, this lady grabbed my hair. It hurts!"

Abby was the best at complaining, especially in front of so many people.

I want to protect Lizzy and my two brothers.

Old Mr. Wade was not unreasonable. Even if he liked Abby, he would not believe her blindly.

"Then my great-grandfather will blow it for you. It won't hurt anymore."

Abby nodded. "Okay!"

When she said this, she glanced at Celine. She remembered that this madam was a bad person and she had to stay far away from her in the future.

Elizabeth spoke to her two sons a few times and she didn't want to have hold onto this. matter.

"Grandpa, it's getting late. I'll take the kids home."

"Lizzy, you've already returned to the Wade Family. Why don't you move back?"

It would be good for them to please the old man. Especially when Celine made such a mistake, they had to try their best to please him. Perhaps their husband would climb higher in the company.

Perhaps the old man gave the position of successor to their husband.

"Why don't you stay here?"

Celine furrowed her eyebrows. These people have always been like this. She crossed her arms in front of her chest.

Even if Elizabeth was now favored by the old man, but who married to the number one. family in A City. and who would fight for this family's reputation?

By then, all of them would come and flatter her.

Elizabeth looked at the two of them and said, "There's no need, I'll stay outside!"

She looked at her grandfather. In her room just now, the old man had asked her about what she meant.

Should I move back and live here?

She rejected him and said that they liked the villa he gave them and wanted to stay there.

Elizabeth held her two sons and spoke to Abby.

“Abby, come down. The great-grandpa could not hug you anymore.”

Abby hugged the master’s neck tightly.

“No, I like him hugging me. It’s so warm.”

She leaned her little face on his face. Her chubby little face felt good, and Old Mi. Wade was overjoyed.

“Hahaha, this little girl is very clever. I like her very much. It’s fine. I can still hug her.”

Chapter 502 Even If You Die, I Must Hide It

The Wade brothers and their daughter-in-law had never seen the master’s this side before.

The Master had a soft side, but it was not for them.

“Well, his grandchildren like him. They’ve never felt like being alone with Old Master Wade.

They’re all afraid of him, and it’s impossible for them to be coquettish and let him hug her.”

At this moment, they watched as Abby was being carried by Old Master Wade and sent out personally.

The aunts couldn’t help but be envious of her.

“Sister-in-law, look at how the old man spoils Lizzy. He really loves her kids. I’m afraid the

Wade Family will change in the future.”

Aunt Jessica smiled. “That’s good. Otherwise, Claudia will be more smug, and our days will be more miserable, right?”

She sneered at Celine. Her expression was dark, as if she was very unhappy.

Their mood improved when they saw her like this.

All these years, she had been suppressed by this mistress. They didn’t dare to say anything and had to listen to her all the time?

“Are you alright, sister-in-law?”

Only then did Claudia withdraw her gaze and glance at them indifferently. She saw the mockery on their faces.

She pursed her lips slightly. Her attitude was still arrogant.

“That little girl is just like her mother. She doesn’t know what’s wrong and right. If it weren’t for me, she would definitely be bitten by a bug. She might even be infected and her life might be in danger! she didn’t thank me and even complain. What a stupid child.”

After saying that, she turned around and walked upstairs.

Aunt Jessica and Aunt Francine exchanged a glance before both of them smiled.

If she had such a good intention, Lizzy won’t have gotten into trouble, and she won’t be left alone. She was the stepmother who bullied her every day and ignored her, so she...say.

At this thought, they all stopped.

After all, the child's father had already come to acknowledge her, so they had nothing else to

Following Old Master Wade, they sent Elizabeth and the others to the car.

When the car door closed, Old Master Wade said with a smile..

"Lizzy, remember to visit me often."

Dominic was in the car. He turned his head to face the window and waved his hand.

The car drove away slowly and headed toward the main entrance.

Wade felt disappointed all of a sudden. In this house, Lizzy was the closest to him. When he was by her side, he felt like a relative.

After all these years of her absence, he felt lonely.

Their family was here tonight, and his heart was warmed again.

Now that their family had left, he was really disappointed and lost.

Richard walked to his side, "Dad, you don't look too good. Are you not feeling well?"

Old Mr. Wade glared at him coldly. When he recalled the foolish things he did back then, he

hated him so much that he raised her hand and smacked him.

"Watch your wife and daughter from now on. Don't make any more trouble."

Even though Old Master Wade did not care much about the family matters before, he was well aware of the family matters.

“They bullied Lizzy. It wasn’t just a day or two.

Previously, he protected Lizzy and thought she would be fine. Who would have thought that something bad would happen to her in the end.

Now that she brought the three children back, he would also protect them and never let anything happen to her again. until she married into the Campbell family safely and had Dominic protecting her at that time, he would be relieved. Even if he were to die, he would be restful.

After Old Master Wade said that, he walked inside.

Richard stood rooted to the spot. What does dad mean by this?

He went back to the bedroom and saw that Celine had already showered. She was wearing a mask and a red silk pajamas.

Richard took off his tie and asked, “Did you and Tiana do anything tonight? Dad has already mentioned your name.”

Celine turned her head and her hands were covered in hand cream. She was massaging in circles.

“What can we do? The old man is biased. He forgot how many glory Tiana has brought to this family. There are so many guests today that we could not even invited before.”

Chapter 503 We Must Deal With Madam Hilton

“If it weren’t for the fact that Tia is going to marry into the Hilton Family soon, would those people be here?”

The more she spoke, the more smug she became. “Didn’t you see how jealous your brothers and their wives are of us? If their daughter could find a son-in-law like Matthew, they would definitely laugh out loud even if they were asleep. And you, you’re telling us to be careful all day. and stop showing off.”

The more she thought about it, the angrier she became. Matthew had approved of her status as his mother-in-law. If she were to go out, then she would be favored by all the socialites.

However, she did not dare to spread rumors out of fear that Richard would scold her.

Richard sighed, “Don’t forget last time, they were engaged and but it got canceled. I was so embarrassed. This time, don’t even think that you can many into the Hilton Family before the day Tia get her marriage certificate.”

He could still see through it. It would be hard for Tia to catch a man like Matthew.

If it weren’t for Old Mr. Hilton, he won’t have paid attention to the Tiana.

Richard knew this very well. Did he find out everything?

Previously, Celine was angry too. Even the servants who were proposing their marriage were the servants of their family, indicating they did not care about her daughter at all.

What my husband said makes sense.

Celine got up and walked to his side. She hugged him and started acting cute.

“Darling, you’re the wisest. You can see everything clearly. Tia and I will keep a low profile. Don’t worry!”

Her body rubbed against his body. Her eyes were seductive.

Richard was not calm anymore. His eyes narrowed slightly.

“I’ll go take a shower. I’ll come out and spank you.”

Celine shoved him shyly. “You’re so bad. I’ll wait for you!”

Richard went into the bathroom. Celine hurried to Tiana’s room. She was already lying down.

When she heard the door open, she sat up.

“Mom, what is it?”

She yawned. She was really exhausted today. She had been pretending to be a lady all day, and she had been accompanying Old Mr. Hilton all day. She had to be careful.

“Tia, I’m here to ask you. Why isn’t Madam Hilton here today?”

“Today, Old Mr. Hilton is here, and Madam Hilton should be here too.”

“Does she disagree with your marriage?”

That old lady looked quite domineering. Although the Hilton Family did not have a mother-in-law, they had a difficult grandmother.

Tiana was originally very sleepy, she did not want to speak at all.

However when it came to the Hilton Family, she was again energetic.

“That old lady likes Elizabeth. Don’t you know about this, Mom?”

Previously when she attended the celebrity tea party, didn't she run into Elizabeth's grandmother with Elizabeth? It meant that the old lady had considered her as the future wife of her grandson, isn't it?

Celine's expression had changed.

"But this time, Old Mr. Hilton only acknowledged you. How can she oppose it?" She wanted to figure out whether it was Madam Hilton or Old Mr. Hilton who had the final say in the Hilton Family.

If it were Madam Hilton, then Tia would have trouble manying him.

Tiana shook her head. "I don't know either. I think the three of them in the Hilton Family are very strong. The Old Madam is a woman, and she should listen to the man, but the Old Master is afraid of her too. Besides, Old Mr. Hilton has his own temper, and sometimes even Old Madam Hilton is afraid of him."

Anyway, Tiana felt that everyone in the Hilton Family was powerful, so no one listened to anyone's words.

Celine finally understood that Old Mr. Hilton and Madam Hilton respect each other. Hence, it was useless to please just one of them.

She smiled, "Tia, ask the old lady about her liking! What does she usually like to do? Let's go and deal with her."

Celine did not believe that she not be able to deal with Madam Hilton.

Tiana nodded, "Okay, I'll Pay attention."

Chapter 504 He Is Sick

In the car, Elizabeth saw that Abby was already asleep in her arms.

Arthur and Antony sat side by side. Dominic was sitting next to her.

Dominic leaned against the seat and tilted his head. His expression was a little cold.

Elizabeth felt that the atmosphere in the car was a little awkward, and she also wanted to explain.

“Dominic, tonight is really even more chaotic than we imagined. Are you tired?”

She watched him leaning against the chair without saying a word.

Dominic smiled faintly, “I’m very happy!”

After saying that, he reached out his arms to hug her. She was so frightened that her eyes opened slightly.

“Dominic, I’m crying Abby!”

Naturally, Dominic saw it. He withdrew his hand and said quietly.

“Lizzy, the news today is all about you and our marriage. You know my feelings for you.

Don’t reject me again. This is your grandfather’s wish.

“Dominic, I—I’ve always treated you like a friend. There’s no other way. I won’t marry you.”

Dominic originally had a smile on his face. When he heard this, his expression turned cold.

“I only want to marry you, or it’s because I’m blind?”

When he said this sentence, his voice was low and cold, with a thick nasal tone.

“No, I won’t dislike you. It has nothing to do with this.”

“Then marry me and let me believe what you say.”

The expression on his face was cold to the core. He even grabbed Elizabeth’s wrist, causing her pain.

Elizabeth looked at his excited expression and recall Mrs. Campbell and what the doctor said to her.

He said Dominic suffered from a traumatic psychological disorder, insomnia and anger. He was unable to accept the fact of blindness and had a psychological disorder.

Elizabeth closed her mouth, not wanting to provoke him for the time being.

Arthur and Antony looked at each other and Antony whispered.

“Mommy, how about manying Uncle Campbell?”

Arthur shook his head. “Mommy doesn’t like it.”

Even though they were against Matthew, they knew very well that her heart was on Matthew’s side.

As her son, they would definitely stand on her side and support her unconditionally.

The reason why they made things difficult for Matthew was because they were afraid that he won’t cherish Mommy. It was just that simple.

Antony also knew that he leaned into Arthur’s ear.

“But Uncle Campbell is blind now. It’s very pitiful. Will Mommy be soft–hearted? Does that mean she will agree?”

Both of them had a trace of worry in their eyes. Elizabeth was like this. She was always soft–hearted and had no opinion of her own.

When they reached Star Residency, Elizabeth carried Abby out of the car and spoke to Dominic in the car.

“Dominic, goodbye! I’ll go see you tomorrow.”

He still needs to treat his illness. Even his psychological illness needs to be treated together.

After the whole family entered the house, Hazel moved from the last row to Dominic.

“Young Master, are you really going to many Ms. Wade?”

She has had a lot of delicious food today, and she knew what banquet is.

It was quite interesting. She could dance, chat, and eat delicious food.

Dominic said indifferently, “Of course, what I want must be mine.”

When he said this, his eyes narrowed slightly, and a trace of danger flashed across him. It was a little dark and a bit cold.

Hazel was holding a chicken leg. But she didn’t dare to take it out, afraid that the three children would snatch it away.

Now that the three children had gotten out of the car, she then took it out and ate.

“But I saw Matthew take Ms. Wade away, as if they like each other. Young Master, is this stealing someone else lover?”

In that instant, Dominic’s eyes widened and he stared at her.

“So what? I met Elizabeth first, and I fell in love with her first. Who does Matthew think he

Chapter 505 A Woman Took a Call

At the thought of Matthew, his expression darkened.

Hazel continued to eat the chicken legs and did not dare to speak anymore.

She realized that whenever Elizabeth was mentioned, the young master seemed to have changed into a terrifying man.

Next time, she’d better not talk about it!

Elizabeth returned home and placed her daughter on the bed. Then, she went to her son’s room to take a look. The two of them had already showered and changed into their pajamas.

Ms. Elliott came in hold: a glass of milk. “Babies, have some milk.”

“Lizzy, have a one too.”

Elizabeth just wanted to look for Matthew and make him a glass of milk.

“Why don’t you two sleep after drinking the milk!”

“Okay, Mommy!”

After saying that, she walked out of the door. Ms. Elliott put down the milk and asked.

“Isn’t tonight’s banquet very lively?”

Initially, they had asked Ms. Elliott to go with them. However, Ms. Elliott had never attended a banquet before, so she did not go because she was afraid of embarrassing them.

“It was already,” Arthur said softly.

Antony took out a peach blossom cookies from his bag. “Ms. Elliott, we brought this back for you. It’s delicious.”

Ms. Elliott liked peach blossom cookies the most, so the three children saw this and left a portion for her. She asked the servant to wrap it up.

“Did you guys specially take it for me?”

Arthur replied, “Yeah, I know you like it!”

Ms. Elliott’s eyes were filled with tears. She was very touched. She didn’t take care of the very well.

three children for noting and they treated her

“Thank you!” She smiled, “I’ll definitely taste it.”

Elizabeth left home and went to the villa next door.

She had fingerprints here, so she easily entered the house. It was pitch black inside.

Elizabeth turned on the light and walked upstairs.

“Matthew...”

She called his name as she walked. In such a big house alone, she was still a little scared.

She went to his bedroom and turned on the light. The room was clean and tidy. There was no sign of him at all.

Elizabeth’s eyes darkened. Could it be that he’s not back?

She entered his room and sat on the bed. The room was filled with his scent and a faint smell of mint.

Elizabeth looked at the familiar furnishings in the house, but without him, everything was very strange.

Previously, she had never looked at his room carefully because her gaze was always on him.

The room in his room was mainly gray. The whole room gave one a sense of abstinence.

Her gaze swept past the bed where they shared many pleasures.

Their first time seemed to be on this bed. She could still vividly remember those pictures,

This was the first time she felt his indifference. The coldness in his bones made her feel goosebumps all over

She took out her phone and dialed Matthew’s number.

After the call ended automatically, she called again. This time, she waited for a long time before answering.

“Hello?”

A woman’s voice was heard. She should be a very young woman.

“Mmm...”

Followed by the sound of the phone slid down and the girl’s gentle moans.

Elizabeth’s eyes widened. What are they doing? She knew what they were doing after she heard everything.

Tears rolled down her cheeks uncontrollably. She wanted to shout at him and ask him to stop. He was not allowed to be with other women.

But her throat felt like it had been squeezed, she could not make a single sound.

She bent down and squatted on the ground. She hugged herself and sobbed in a low voice.

The warmth of Matthew’s fingers, the movement of pulling off his tie, and the savage look on his face when he kissed her. He looked like a beast, as if he was about to swallow her.

She knew every movement of him on the bed, and she liked it.

“No, he won’t. He definitely won’t treat her like this.”

Chapter 506 Broken Phone

Estelle was pressed against the wall and kissed for a long time. When Nicolas let go of her, his eyes reddened and his long fingers grabbed her little face.

“Little kid, grow up quickly.”

If she had turned eighteen, he would have eaten her tonight. Estelle's eyes blurred from the kiss. Her eyes were filled with tears and she replied.

"I've grown up."

After saying that, she wrapped her arms around his neck.

Nicolas felt like cursing. He really wanted to forget everything, but because he liked this girl, he had to take care of her and endure it first.

On her eighteenth birthday, he would definitely take it back from her more than twice.

"I'll let you go today. I won't let you go on your birthday."

After saying that, he retreated and leaned against the wall, panting anxiously.

Only then did Estelle remember that when she was answering a phone just now, the phone belonged to Matthew and was dropped outside the emergency room.

At that time, she and Nicolas rushed back to the hospital from outside. This uncle entered the emergency 100m to rescue Matthew. She saw this phone at the door.

She picked it up and placed it in her bag. She was going to return it to Matthew when she saw him later.

Unexpectedly, when she was waiting for him in his office, her phone rang. The caller ID showed that it was Lizzy.

One word, it should be Matthew's nickname for her.

She looked to the ground, and the phone was lying on the ground alone.

She picked it up and realized that his phone was broken.

“Uncle, Matthew’s phone rang just now. It’s all your fault for pulling me and kissed me. His phone is now broken. You have to compensate him!”

Estelle was wearing a school uniform. Her hair was covered in her shoulder and her large innocent and watery eyes were glaring at him.

Nicolas took the phone. “Matt’s phone?”

He suddenly arrived just now, and he accompanied Estelle to play outside. He rushed over and treated him. At this moment, he was lying in the hospital room!

I don’t know what’s wrong with that guy. He’s too emotional, so much so that the blood flowed too fast, and the bullet also moved a little..

The thought of the bullet made his head hurt.

He went to see his senior. The two of them worked on the surgery plan, but it was too difficult.

He still needs to repeat the simulation exercises. After all, the blood vessels and nerves there. are very concentrated. As long as there is a small deviation, he will be dead.

Estelle saw the troubled look on his face and bumped into him with her shoulder.

“Nicolas, did you hear what I said? Or do you not want me to compensate him? I don’t have enough monthly allowance. It’s impossible for me to buy him a phone.”

Estella was the daughter of her Family. Naturally, she wasn't short of money, but she was acting coquettishly.

Nicolas hugged her into his arms. "Darling, I'll settle this. It's fine."

In fact, in their circle, the legendary Matthew was not the one you should mess with. It was only natural that Estelle was afraid of him.

Only then did Estelle remember that it was already so late.

"Ah, it's already ten o'clock. I'm going home."

Nicolas also felt that it was quite late. Her daily routine was restricted, so she had to go home before twelve every night.

"I'll give you a ride."

After exiting the office of Nicolas, they walked past Matthew's ward and entered the ward.

Jake was waiting inside. When he saw Nicolas, he stood up and called him.

"Nicolas."

Nicolas nodded slightly. When he saw that Matthew was already asleep, his eyebrows relaxed. The pain should have eased.

"This is his phone. It's broken. I'll get someone to send a new one over tomorrow."

Jake took it. Jake was Matthew's confidant and he was managing his unfathomable industry.

Nicolas walked to the head of the bed and looked at the equipment on it to make sure that

Matthew's body signal was normal.

"Let's go, my darling!"

Only then did Estelle withdraw her gaze. She felt that Matthew was just like what rumors said that even if he was sick, his expression was still cold.

Chapter 507 The Future Young Mistress

Elizabeth returned home sadly. When she entered the house, Ms. Elliott was still waiting for

"Lizzy, have you drunk tonight? I made you some sobering soup."

Elizabeth's heart sank. She merely replied indifferently.

"It's fine. I did not drink much."

After that, she walked up the stairs leisurely. Ms. Elliott saw that she looked completely different from the way she had just returned.

She looked quite good just now. Why did she look like she had lost her soul now?

"Lizzy, are you alright?"

Elizabeth didn't hear it at all. She went back to her room. She almost didn't sleep that night.

All her dreams of the night were that he didn't want her anymore.

Therefore, the next day, she slept too much and would not wake up at all.

Ms. Elliott did not call her and went out to buy groceries.

Mrs. Campbell's car was parked outside the door. Elizabeth's phone kept ringing, but no one answered it.

All she could do was ask the housekeeper to press the doorbell and shout her name.

"Elizabeth... Elizabeth..."

The chauffeur and the housekeeper called her loudly at the same time.

Elizabeth was awakened by the noise and her eyes opened. She felt that she was so tired. after sleeping. She wanted to wake up a long time ago, but she could not.

The noise outside the window was loud. She sat up and walked to the window. She opened the curtains and took a look.

It was indeed someone calling her. It wasn't her hallucination.

Gillian narrowed her eyes. Her head still hurt a little. It must be the reason she didn't sleep well last night.

Elizabeth pushed open the window and waved her hand downstairs.

"Mrs. Campbell."

Mrs. Campbell finally saw her. Although she was a little unhappy, she did not dare to treat her badly now. Otherwise, Dom would not want to see her anymore.

Now that her son was already like this, she could only compromise. As long as he could cooperate in treating his illness, he would do whatever he wanted.

Mrs. Campbell had lost her temper and was completely subdued by Dominic. As he was fine

A short while later, Elizabeth opened the door. The servant stood beside Mrs. Campbell who was wearing a light green dress and smiled gracefully.

“Lizzy, did I wake you up?”

Her attitude was very gentle. She was sleeping

She didn't complain at all. Unduly and she didn't answer the phone.

Elizabeth was not used to it. In the past, whenever Mrs. Campbell was looking for her, she would either scold her, criticize or oppress her.

Now that she had become so gentle, she was a little shocked.

“I-I slept a bit late last night, so...”

She grabbed her hair with an awkward expression.

Elizabeth really had no other way to deal with Madam Campbell being like this.

“Lizzy, I brought a psychiatrist over today. Go wash up quickly. I'll wait for you in the car.”

It looked like she just woke up and was still wearing pajamas! at the Wade Family last night and drank a lot of alcohol.

Elizabeth pointed to the inside, "Why don't you wait for me at home?"

Leave the guests outside the door. She felt that this was not appropriate.

He politely invited her into the house, but Mrs. Campbell refused.

"No, next time! Next time I'll officially go to your house."

Elizabeth didn't say anything else?

"Then I'll go up and get changed. I'll be there soon."

After the door was closed, Mis. Campbell's expression changed drastically and she turned around and walked toward the car.

The change of expression was so fast that the gentle smile on her face instantly turned cold with a trace of anger.

The servant next to her was shocked. Knowing that Madam had been waiting here for so long, she must be very unhappy.

However, her attitude toward Ms. Wade just now was really unprecedentedly good.

No one dared to make Madam wait for such a long time, and then she had to smile as if nothing happened.

The headlines news today was about the Wade Family that Ms. Wade was the eldest daughter of the Wade Family, and her was of noble society.

Chapter 508 Make Her Not Like Him

Moreover, every newspapers said that the two of them were a perfect match.

Looking at Madam's attitude now, this Young Ms. Wade must be the future Young Mistress.

The housekeeper thought to herself that she had to be careful in the future. When facing this lady, she had to treat her well.

Elizabeth quickly washed up and put on a set of clothes.

White T-shirt, blue jeans, hair tied into a ponytail, and a pair of flat shoes. The way she dressed was very clean and refreshing, importantly, she has a job later.

When she was taking her bag, she took out her phone and recalled what happened last night.

Elizabeth pursed her lips and dialed his number again. However, just like last night, her phone was switched off. Her eyes darkened slightly and her heart sank.

Did he really abandon her?

Elizabeth shook her head and didn't want to think about this anymore. She felt that she had a lot of things to do lately and was so tired!

After she went downstairs, the driver opened the car door for her and she got into the car.

Mrs. Campbell smiled and looked at her. "Lizzy, you and Dom have made it public. I'll ask his father to tell your family about your engagement. When the time comes, we'll visit your family. We won't miss anything we should do. You can stay by Dom's side and ask him to cooperate with the doctor for recovery."

"When the time comes, we'll definitely give you a magnificent wedding."

Elizabeth was stunned. A magnificent wedding?

She did not want it at all. It was as if everyone in the world had misunderstood her. They all thought that she was going to marry Dominic.

This feeling was very bad, very bad.

Mrs. Campbell looked at her with a smile in her eyes. She even held her hand.

“Lizzy, we’ll treat you future.”

Elizabeth didn’t know what to say.

“Mrs. Campbell, I don’t actually want to marry Dominic. But don’t worry, I’ll stay by his side until he recovers.”

A trace of darkness appeared in Mrs. Campbell’s eyes. She was the one pestering Dom, wasn’t she?

“What do you mean by that? Are you looking down on Dom now? Because he’s blind?”

The more she thought about it the angrier she got. This woman, she just decided to treat her well. What was her attitude?

Mrs. Campbell was furious, but she had no other choice. Back then, she would not definitely hesitate to say nasty stuff.

Now, she did not dare to, afraid that Dom would find out.

She could only endure it in silence.

When they reached Dragon Mount Villa, the servant pressed the doorbell and the door opened in no time.

After entering the door, there was Hazel waiting by the door. She was still wearing a black servant uniform, wrapped in a white apron, like a doll.

Mis. Campbell couldn't help but take a few more glances at her. This little girl is really pretty, like a fake doll.

Hazel bowed to her, "Mrs. Campbell, Ms. Wade!"

Mrs. Campbell had been worried that this little girl because no one knew where she came from. Now that she saw how clever and obedient she was, Mrs. Campbell was relive

As long as Dom was willing to have someone to serve her.

"Where is the Young Master?"

Hazel pointed to the top of the stairs. "Young Master is in sunbath."

Mis. Campbell felt that he should take one too. Being in the house every day would make a man grow molds.

"Lizzy, go up and accompany Dom. Get him down. The doctor is waiting for him in the guest 100m."

Mrs. Campbell couldn't do anything regarding making his son see a doctor, so she could only leave it to Elizabeth.

Elizabeth nodded. "I'll go upstairs."

She stayed upstairs and walked up. Her eyes lit up and she followed her upstairs.

Mrs. Campbell called out, "Sigh, what's your name?"

Hazel turned her head and her big eyes flickered.

"Miss, are you asking me?"

"Yes, it's you."

Hazel pouted. "My name is Hazel."

After listening to it, Mrs. Campbell furrowed her eyebrows slightly. What's this name?

Chapter 509 Caught in Her Own Trap

Hazel wanted to go upstairs again, afraid that the young master would be busted. After all, he was pretending to be blind, and now he was on the roof.

"Hazel, come here. I have something to ask you."

Mrs. Campbell beckoned her. These few days, this little girl has been serving Dom. She wanted to know about his recent health.

The only thing she could do was come back obediently.

"Young Master, Ms. Wade is here." She said in her mind.

Dominic, who was sitting on the top of the stairs looking at the scenery, actually heard it. He turned her head and looked behind. Did that girl had come here?

Unexpectedly, no one was there.

Following that, Elizabeth walked in. He remained his seated posture and called out.

“Hazel, where did you go?”

With a reproachful tone, he continued.

“Get me some tea.”

Elizabeth saw him sitting on the sofa. There was a pot of brewed tea on the table in front of him. There was a porcelain cup and the cup was empty.

She walked over and was about to pour him some tea. In the end, she could not hold back and said.

“You better drink less tea!”

Upon hearing Elizabeth’s sweet voice, he was stunned for a moment and pursed his red lips.

“Lizzy, is it you?”

The acting skills of he were really good. He looked a little delighted in surprise.

Elizabeth smiled. “It’s me. I came with Mrs. Campbell.”

When she sat on the sofa, she looked outside. This was originally on the mountain, and the

Scenery was beautiful.

It was green vegetation everywhere which was beneficial for the eyes.

She took a deep breath, then stood up and leaned against the balcony, looking at the distance.

“The air here is so good!”

You could hear the cries of birds and the wind blowing the leaves of the trees.

“Well, it’s really healing. In fact, living here is really good for his state of mind.”

Dominic smiled faintly, “The air is quite good. Do you want to move here to live with us?”

His voice was low and deep, with a hint of a smile.

“We’re getting engaged soon. My bride should be staying with me.”

Elizabeth’s expression darkened slightly when she heard this.

She chuckled softly, “Dominic, do you want to treat your illness first? We’ll talk about getting married later.”

Once he was cured, she won’t have to worry about her anymore. She’ll be able to courageously pursue the person she loves.

Dominic was a little unhappy when he heard this and his expression turned cold.

“Does my blindness bother you?”

But if he wasn’t blind, she won’t have stayed by his side.

“No, I don’t mean that. I just hope you can be healthy.”

She turned her head and looked deeply into his eyes. Her face was twisted, looking very aggrieved.

Dominic sneered, "Then marry me and take care of a blind person like me and accompany me for the rest of my life."

Elizabeth, She seemed to have said the wrong thing again. She had been set up by herself. If she did not marry him now, it meant that she despised him.

Elizabeth, you're getting more and more stupid.

Dominic was no longer the Dominic in the past. Now, he was suspicious, angry, and paranoid.

She took a deep breath and poured him a cup of tea.

"Aren't you thirsty?"

She brought the tea to his mouth, obviously trying to please him.

Dominic opened his mouth and sipped on his tea. His expression was calm again.

At this moment, Elizabeth's phone rang. It was a phone call from Jessica. She took out her phone from her bag and answered it.

"Jess..."

"Have you seen the news today? Lizzy, do you really want to marry Dominic? What about Matthew?"

When she said this, she thought of the man on the hospital bed. He was awake, but his expression was a bit dark and cold.

She won't have dared if it weren't for Leonard asking me to come with you.

But she looked at him. Even Leonard and Nicolas did not dare to speak. They were all afraid of him.

She was hiding in the bathroom and calling her because she wanted to ask her what was happening.

Chapter 510 He Is The Most Pitiful

He originally planned to go there yesterday, but when he saw her in her evening gown, he immediately took her home.

The last night, she was completely tormented by him, so she did not know about the things at the Campbell Family's banquet.

"Jess, let's talk about it in detail. By the way, Pearl was undergoing surgery the day after, right?"

"I am Pearl's godmother. I need to go and give her some comfort. Besides, I have to accompany you. As Pearl's mother, and accompany you." you will be stressed and you need someone

"That's right. It's the day after tomorrow. It's already scheduled."

Because Pearl was about to undergo surgery the next day, Leonard had been making love to her like crazily that her body was almost tore up.

However, the thought of him giving Pearl bone marrow helped her endured it.

By then, Leonard would have to lie on the bed for a long time.

After hanging up the phone, Jessica was still dumbfounded. What exactly happened last night?

One was admitted to the hospital while the other did not want to talk about it.

At this moment, there was a knock on the door. "Jessica, are you feeling better?"

It was Leonard's voice. Jessica pushed the door open, her expression unpleasant.

Leonard looked at her with a frown. "What's wrong?"

The expression on her face was painful. Could it be that he had been having sex with her too many times these few days and that she feels uncomfortable down there?

Jessica actually understood his gaze, and her face flushed.

"I'm fine."

Leonard wrapped his arms around her. "Does it hurt?"

Jessica's face instantly felt like a drop of blood and she glared at him.

"No."

What is he thinking about?

Leonard whispered into her ear. His voice was low but sexy.

"If you're not feeling well, I'll take you to the doctor. I'm sorry!"

Jessica's heart skipped a beat. He actually apologized to her. She couldn't believe it.

A trace of surprise appeared on her face. Her gaze on him changed, as if there was a faint trace of warmth. In fact, he was quite bad, but not evil.

I still have the temperament of a wealthy young master.

Leonard saw her staring at him blankly, so he smiled wickedly.

“I’ll arrange an appointment with a doctor now. Don’t be shy. I’ll accompany you.”

“Nicolas” He suddenly said loudly, “Get me the best gynecologist, a woman gynecologist.”

The man on the hospital bed was eating porridge. When he heard this, his face daikened slightly.

Damn it, are you showing off?

And he and Elizabeth only had one night. After that, they never succeeded again. It wasn’t

him that had a headache, or it was the girl felling sick.

The more he thought about it, the more upset he felt, so she placed the bowl heavily on the small table.

Nicolas smiled and looked at Jessica.

“Pregnant?”

Jessica’s face was so red. Why is this guy thinking of something? Why is he saying it out loud?

“No,, don’t listen to his nonsense. There’s nothing.”

She glared at him. "I said I'm fine!"

Leonard smiled wickedly. "But I saw your legs were swollen a little badly this morning. I'll take a look so I can feel relieved."

Jessica hurriedly stepped out of his leaving. Mi. Hilton, take good cares. "My daughter should be looking for me. I'm of yourself. I wish you a quick recovery."

After saying that, she picked up her bag and walked away. Leonard smiled.

"Why are you shy? I'll protect you."

However, she did not want to listen to him and left hurriedly.

Leonaid looked at the man on the hospital bed and then at the man sitting on the sofa. He smiled.

"I'll send her there."

Nicolas scolded her, "Damn it, don't the PDA here."

When she said this, she glared at him.

Leonard narrowed his eyes. "Oh, I was wrong."

Then, he walked away in a hurry. It was obvious that he wanted to catch up with the woman in front of him.

Nicolas smiled awkwardly. "Matt, don't worry. This kid finally has a woman. Don't blame
