

Game Over 521

Chapter 521 Not Trusting Her

Nicolas's jaw dropped when he saw this scene. Isn't that too direct?

It was not how you coax a woman. However, this fellow was dating for the first time, it was understandable if he didn't know anything.

Leonard was having his soup. With Jessica serving her, they couldn't care less now.

Elizabeth stared at him with her big eyes and a sneer flashed across her eyes.

"What do you think?"

He did not know if she likes him or not?

Matthew saw her sneer which was complete mockery to him.

"Why are you laughing? Talk."

Nicolas furrowed his brows when he saw the two of them were getting into an argument.

"Alright, alright, if you guys want to talk, go talk outside. Leonard hasn't recovered yet! He needs rest"

Nicolas did not really want them to argue. After all, the two of them weren't unreasonable people who understood what he meant.

He was reminding them not to talk about other things to disturb him in front of the patient.

Matthew withdrew his hand, stood up, and held Elizabeth's hand.

He pulled her up from the sofa and led her out of the ward.

Elizabeth was not as strong as him, and she did not want to disturb Leonard, so she struggled and did not make any noise.

After exiting the ward, Elizabeth spoke up.

“Matthew, what are you doing?”

She held on to the door and refused to let go. What is he trying to do to me?

Matthew glanced at her coldly. When he saw her holding the door with one hand, his eyebrows furrowed.

“Let go of that door obediently. Otherwise, the consequences will be very serious.”

Elizabeth might be stubborn, but she would never go against Matthew. She felt like she was looking for death, so she obediently let go and smiled at him.

“Where are you taking me?”

Matthew didn’t say anything and just dragged her away.

“Hello... Talk! I still have to go and accompany Jessica.”

She doesn’t have time to care about you now.”

Elizabeth was dragged into the elevator by him, then he shoved her into the car.

Matthew got into the car and spoke to the driver.

“Home.”

“Okay, Mr. Hilton,” the chauffeur answered.

Elizabeth glared at him, “Matthew, why are you taking me home? Aren’t you afraid that your fiancée will be angry?”

A certain woman was also in a fit of rage. If he didn’t trust her, then she won’t believe him.

“Let him feel what it feels like to be untrusted.”

Matthew didn’t say anything. He leaned against the seat and tapped on the armrest gently.

Elizabeth got even angrier when she saw him ignoring her.

“Matthew, I don’t want to go to your house. I want to accompany Jessica.”

Is he deaf? This fellow is really hard to get along with.

Previously, when he liked her and cared about her, he could give her anything and do anything for her.

Now that he had suspected her, he began to resort to emotional abuse.

At this moment, Elizabeth’s phone rang. When she saw Dominic’s number, she raised her eyebrows and looked at the man sitting beside her.

“Dom...”

When Matthew heard her suddenly soften her voice, he looked over, his face full of surprise.

Elizabeth sensed his gaze naturally. She wanted to make him nervous.

“Lizzy, aren’t you coming today?”

Dominic looked at the dinner on the table. Until now, she hadn’t even come here and he was a little angry

Elizabeth explained, “Pearl’s undergoing surgery today, so I’m staying at the hospital with Jessica and Pearl, so I could not go. You should

Matthew listened to her coaxing Dominic softly and instantly became unhappy.

He snatched the phone away. “There’s no need to wait for her. She’s going to stay with me tonight.”

After saying that, he hung up the phone. When Elizabeth took back the phone, she realized that not only was the phone hung up, but also turned off.

Elizabeth held onto the phone and cursed, “Matthew, don’t ruin my plan.”

Dominic had finally managed to cooperate with the doctor. If he got angry, he would definitely not cooperate.

Chapter 522 Ruined His Plan

Coincidentally, the car stopped in the courtyard of Matthew’s villa.

Matthew got out of the car first and opened the door on her side.

“Get out of the car.”

“Matthew, you’re too overbearing. I don’t want to get out of the car.”

Recalling what he said to Dominic just now, she felt like she was about to die again.

I wonder if Dominic is going to refuse treatment again and starve himself again? It’s really annoying!

Matthew’s face darkened. He must make this woman beg for forgiveness and regret every word she said today.

Elizabeth was dragged out by him and walked into the house in large strides.

The chauffeur saw this and couldn’t help but wipe away his cold sweat. The boss and the boss wife seemed to have a fight. The boss’ expression was too frightening and he quickly drove away.

Matthew carried Elizabeth into the house. Then, there was a woman’s voice.

“Matthew, you’re back?”

The voice came from the kitchen. Then, Tiana walked out wrapped in an apron.

“Dinner is ready. You can go wash your hands and start eating.”

Matthew and Elizabeth were stunned. How could it be her?

Elizabeth patted his shoulder, “Put me down.”

Tiana saw Elizabeth being hugged by Matthew and a trace of hatred flashed across her eyes.

Matthew put Elizabeth down and held her hand, not letting her escape.

“Why are you here? Get out”

The sight of this woman made him unhappy. Thinking that all the bullet in his head were given by her, he wished he could kill her.

At this moment, a male voice rang out from the living room.

“I asked her to come here. The next month, Tia and I will stay here. Your grandmother wants to stay at a temple for a month. I’ll stay here temporarily.”

Elizabeth caught sight of Old Mr. Hilton’s voice and nodded at him.

“Old Mr. Hilton.”

Old Mr. Hilton’s face darkened as he spoke coldly.

“Ms. Wade, aren’t you getting engaged to Dominic? Why are you still so close to Matthew?”

He saw this kid carrying this girl in just now.

If they were not here, what would happen next? He was very clear.

Elizabeth bit her lip gently. “I’ll go first.”

After saying that, she was about to leave, but Matthew held her hand tightly.

Elizabeth could only say softly, “Matthew, let go. I need to go home.”

The current situation was indeed inexplicable..

Besides, she didn't want to clarify the matter between her and Dominic for the time being. Otherwise, if that fellow didn't receive treatment, she won't be able to have the chance to clarify.

Tiana pursed her lips and said generously.

"Sis, you should eat together!"

No matter what, in front of Old Mr. Hilton, she must be generous and dignified.

Recently, her mother had bought her a lot of books in this field. The Handbook of a Wealthy Woman's Exercise. The Mandatory Class for a

Woman Marrying into a Wealthy Family, The Necessary Talent of A Good Wife, and so on.

She had to read every night and she had learned quite well.

Fortunately, her mother had forced her to cook since she was a child. That was why she had the opportunity to show off in front of Old Mr. Hilton today.

"That's right. If you want to catch a man's heart, you have to catch his stomach first."

Old Mr. Hilton saw how generous Tiana was and how she looked like she was the head of a family. He nodded in satisfaction.

"Ms. Wade, our family wants to have a meal together, so I won't keep you."

Old Master Wade had ordered her to leave and she gave Matthew a glare.

"I have to let go. If an outsider like me stays, it will only make me feel even more embarrassed."

Matthew said coldly, "We've already eaten."

After that, she dragged Elizabeth upstairs. Tina clenched her fists tightly. Matthew was too obvious about her Lizzy, and he didn't even care about Old Mr. Hilton.

Chapter 523 Sick Again

Old Mr. Hilton was so angry that he breathed out and pointed at him.

"Matthew, do you want to kill me?"

Tiana heard this and hurried over to comfort Old Mr. Hilton.

Old Mr. Hilton, don't be too agitated."

Old Mr. Hilton hadn't felt much at first, but he was just a little angry that this brat ignored him.

But after hearing Tiana's words, he raised his hand and covered his heart, faking uncomfortable

Tiana hurriedly called out, "Matthew, Old Mr. Hilton seems to be feeling unwell."

The two of them, who were walking upstairs, stopped in their tracks and looked over. When they saw the old man's pained expression, Elizabeth panicked.

*Is Old Mr. Hilton having an attack?"

Matthew saw it too. He let go of her hand and strode toward the sofa.

“Grandpa.”

Matthew turned around and called Old Master Wade.

“Someone, bring the old master’s medicine here.”

Immediately, the doctors and nurses beside Old Master Wade came out, feeding him medication and running a check-up.

Elizabeth stood rooted to the spot. Looking at Matthew’s worried expression, she knew that he cared about Old Mr. Hilton.

After all, he had grown up with the two elderly people and he was now his only family.

Elizabeth pursed her lips in anger. He had people he cared about, and she had too.

Grandpa was one of the people she cared about. She sighed, knowing that there was no need to call 120. With the doctors and nurses around, Old Mr. Hilton would be fine.

I’ll only make Old Master Wade feel uncomfortable here, so it’s better for me to leave.

After Old Mr. Hilton finished taking his medicine and the doctor said everything was stable, Matthew glanced at the staircase and swept his gaze around the house. There was no sign of the girl

The expression on his face darkened slightly. For some reason, he felt a little annoyed.

The next day, Elizabeth was woken up by her phone. She picked up her phone and saw an unknown number.

It was only six thirty. She wondered if there’s something going on at the hospital?

“Hello?”

“Mr. Wade, I’m your assistant Scott McQueen. I’m already at Star Residency. You have a meeting today.”

Elizabeth was a little confused when she heard this.

“What? Assistant?”

“Why would I have an assistant? Am I still dreaming?”

That’s right. You’re now the president of S Group, and I’m your assistant.”

Elizabeth only realized after hearing this.

“Oh, oh. S Group.”

Previously, there was a lawyer who asked her to sign a few papers and transferred the shares. Had all the procedures been completed?

Is she the CEO of S Group now?

“This is a bit like a dream.”

However, when she thought about Mrs. Campbell, she wasn’t a bad person. I should take over for the time being!

After her real daughter returned, she would return the company.

“Okay, I’ll be out soon.”

Elizabeth might still be very sleepy, but someone was waiting for her outside. She could only get up, open the closet, and pick a white work outfit.

She put on some light makeup so that she can look more energetic and mature.

She rushed downstairs. Even though she tried her best to speed up, it still took her twenty minutes.

Ms. Elliott saw that she woke up so early and asked.

“Are you going to the hospital so early? Is it bad over there?”

The matter with Jessica was more important to Lizzy. No matter what, she would let it go.

The reason why she woke up so early was to rush to the hospital.

Elizabeth replied, “No, I have to go to work today. Ms. Elliott, please send them to the school bus later.”

“Are you not eating breakfast?”

Ms. Elliott followed behind and saw that she did not drive. Instead, she walked out of the house.

Elizabeth walked out of the villa area and exited the main entrance. She saw a black car parked by the roadside and Elizabeth walked over.

Lowering the car window, a man in a black suit and glasses sat in the driver’s seat.

He nodded at Elizabeth, “President Wade, this is Scott.

Chapter 524 My Poor Great-Grandson

After saying that he pushed the car door open, got out of the car, and opened the door of the backseat for her.

“Ms. Wade, today is your first day in office. Every executive of the company has to meet you.”

The assistant was quite handsome. SIE was very thin, Her face was sharpened and he was wearing glasses. It was as if she had walked out of a comic.

Elizabeth’s gaze lingered on him. She wanted to ask if everyone at 5 Group looked so good.

In the end, she still didn’t ask. After all, she was now the president, so she needed to have a bit of the president’s temperament.

She bent down and got into the car. Scott returned to the driver’s seat and drove away

Along the way, Elizabeth was a little flustered. Suddenly, she became the president of S Group and had such a handsome assistant.

Scott suddenly spoke up. “Mr. Wade, don’t be nervous. Except for the higher-ups of A City, everything else is a video conference.”

Elizabeth responded, “Yeah, I’m not nervous. But I don’t know much about it. I’m afraid that I could not manage the company well. You used to work for Auntie Campbell, right?”

Previously, the president was Abbie Campbell. Now that she became the president, did her assistant work for her directly?

Scott replied, “That’s right. I was Mr. Campbell’s assistant before. She instructed me to listen to you in the future. You don’t have to worry about the company’s matters. I’ll teach you.”

Actually, she was a CEO in name, and Scott was the one to bear the burden.

It was obvious that Abbie trusted Scott very much.-

Elizabeth breathed a sigh of relief, "That's good!"

Due to Old Mr. Hilton's illness, Matthew stayed by his side the whole night.

The next day, Old Mr. Hilton woke up. When he saw the big grandson sitting on the sofa, his gaze darkened slightly.

The kid stayed here the whole night. He was heartbroken.

Hence, she sat up. At this moment, Tiana pushed the door open and walked in.

When she saw Old Mr. Hilton waking up, she whispered.

"Old Mr. Hilton, are you alright?"

Old Mr. Hilton was originally fine. Last night, he was pretending to be sick. However, his eldest grandson was nervous and worried about him.

The thought of this made him extremely relieved.

I'm fine. Give me a blanket to cover Matt."

Tiana looked at the man sitting straight on the sofa. Even if he was asleep, he was so handsome.

Her eyes were filled with love bubbles. Although he did not allow her to stay last night, it was fortunate that her had a villa here, so she stayed there.

It wasn't far from Matthew's house. It was only about ten minutes away.

She took a blanket from the closet and walked closer to him, step by step. Just when she was about to cover him.

The man's deep eyes suddenly opened, a trace of darkness, sharp and terrifying.

She took a step back in fright. At that moment, Matthew was also awake and his gaze became colder.

"Why is it you again?"

Obviously, there was disappointment on his face. He hoped that Elizabeth would cover him with a blanket, but when he opened his eyes, he saw that it was Tiana, so he was upset.

Tiana sensed it too. She pursed her lips.

"You're awake. You must be tired after sitting here all night. Why don't you go back to your room and rest?"

She lowered her voice and said quietly.

"What kind of attitude is this? Tia is kind enough to cover you with a quilt, yet you're still yelling at her. You little brat."

Tiana hurriedly explained, "Old Mr. Hilton, it's my fault. I was not subtle and disturbed Matthew."

"That's really thoughtful of you. You've done a good deed, but you didn't take credit. On the contrary, you're so humble and you're taking responsibility."

Old Mr. Hilton smiled knowingly, "You're just too kind."

“Matt, you’ve been staying the whole night. Go back to your room and have a sleep.”

Even though he wanted to match the two and get them to get married quickly and he would have a great-grandchild, he still felt sorry for his great-grandchild. It was better to let him rest first so that he won’t get tired.

Chapter 525 She Became The CEO

Matthew got up and walked to Old Mr. Hilton’s side. He rang the bell.

A short while later, the doctors and nurses arrived. Ever since the old man woke up, they had been by his side.

To Matthew and Madam Hilton, it was indeed a blessing that Old Master Wade had woken up

“That’s why Grandma Campbell has to go to the temple for a month, to express her gratitude to the gods.”

The doctor came over to do a checkup on Old Mr. Hilton and it to Matthew.

“Young Master, Master is fine. At this moment, his body indicates that everyth is normal”

Matthew heard that and she nodded slightly.

“Okay!”

When he was talking to outsiders, he spoke very little. Words were as cherished as gold.

But nurses and doctors had gotten used to it.

He looked at Old Mr. Hilton, "Grandpa, I need to go to the office. If you're not feeling well, just let me know."

The Old Mr. Hilton recalled the company's business. He had been in charge of the company over the years, and the Hilton Group was growing stronger and stronger. He knew that he had been working hard all this while.

You can rest for a while before going."

"I shouldn't have pretended to be sick last night. Now he even could not rest properly. I won't use my body to force him anymore. "He thought to himself.

Matthew turned around and walked toward the door.

Old Mr. Hilton said, "Tia, go check if breakfast is ready. Let Matt eat before heading to the office."

Tiana nodded, "Okay, I'll go and take a look."

He followed Matthew out of the bedroom. The moment the bedroom door closed, Matthew's cold voice rang

"Tiana, don't think that with Old Master Wade, I'll marry you. It's impossible."

After saying that, he strode to his bedroom. The background was cold and the coldness of the air spread everywhere.

Tiana stood rooted to the spot and stared blankly at his handsome and unrestrained back. It was really cold.

She couldn't understand why Elizabeth could get his special treatment.

“She can get his tenderness and has close contact with him, but I don’t have the right to get close to him?”

She was the one who first met him. He was the one who asked her to be his girlfriend.

Now, how did everything change?

It was all her fault that she had a pretty face and had lured Matthew’s soul away.

Matthew returned to his room. After taking a shower, he changed into a tailored black handmade suit. He exuded a sense of abstinence.

He picked up his phone and dialed Elizabeth’s number. Last night, he let her run away.

The phone was connected, but no one answered.

The expression on his face gradually darkened. Until the phone automatically ended, no one answered.

Elizabeth walked out of the meeting room. Her whole body was about to go numb. She had never been so nervous before.

In the face of so many executives, although they were all her employees now, she had suffered from the vicious punches of society and she had lost her confidence.

Fortunately, she managed to hold on, and her performance just now was quite good.

Scott followed behind her. “Ms. Wade, your office is here”

When the elevator doors opened. Scott pressed on the button to open the door for her and then pointed to the president’s office.

The company in A City was just a branch company, but in the future, this would become the headquarters because she was in charge here.

After entering the president's office, all the secretaries stood up and called her.

"Hello, Ms. Wade"

Elizabeth nodded slightly "Hello everyone! Let's all work!*

Then, she walked to her own office. When she entered the office, she sat down on the white office chair.

The entire office seemed to have been redecorated. It was mainly white. It was bright and refreshing, but it did not lose its taste.

Only then did she take out her phone and take a look. She was afraid that the kids would look for her. During the meeting, she had already switched her phone to silent mode

When she took out her phone, she saw a few missed calls. Three of them were from Domine, one was from her grandfather, and the other was from Matthew

When she saw Matthew's phone call, she was stunned.

The scene from last night was still vivid.

Chapter 526 She Does Not Feel Safe

Thinking of Old Mr. Hilton's illness, she really couldn't hear it. Everything seemed to be in a mess lately.

I don't know what to do now.

Elizabeth took a deep breath, and a trace of darkness flashed across her face.

At this moment, Dominic called and she answered it.

“Dominic, I was caught in something just now and couldn’t answer the phone.”

At this moment, Dominic and Old Mr. Wade were sitting together to have tea. He pretended so well and asked Hazel to dial the number.

He stared blankly ahead, but there was no light and it was dark.

Old Mr. Wade asked, “Did she answer the phone?”

Dommie smiled faintly. “Yes.”

Elizabeth heard Old Mr. Wade’s voice. “Are you with grandpa?”

“That’s right. Grandpa invited me for tea today. We’re at Wade’s house. I called you because grandpa wants you to come with me.”

Elizabeth glanced at the stacks of agreements on her desk. They should be all signed by her today. Fortunately, Scott had already seen them all. All she needed to do was sign them.

“Yeah, alright, I’ll be here later. Maybe I’ll be late.”

“It’s fine. I’ll wait for you here.”

After hanging up the phone, she started signing

SGroup has malls all over the world and two in ACity Auntie Campbell is so powerful that she can run such a huge company.

Elizabeth was inexplicably worried when she signed the papers. She was afraid that she won't be able to manage such a big company.

Hence, she decided to read more books in this field to improve her abilities. She couldn't ruin what Auntie Campbell had left for her daughter.

When she thought about it, she sat up straight and straightened her back. She secretly vowed that she must manage S Group well

After signing the two stacks of contracts, she put down her pen and pressed on the internal line.

Soon, the secretary entered. A woman in a dark blue business suit. She was wearing glasses and short hair. She looked very sharp

"Mr. Wade!"

Her name is Lisa. She came today. She had seen and remembered most of the employees in the company.

Ms. Taylor, I've signed all of these. Take them away! I won't be coming to the company lately If there's anything, you can givemezcall-I[you

need me to sign something, you can come straight to my house."

The S Group is on the right track now. Is there no need for her to be here.

Abbie did not want her to work too hard, so she sent Scott to follow her. He would take care of everything for her.

“Okay, Ms. Wade.

The secretary carried the papers and left. Elizabeth carried her bag and left the company.

When she went to the Wade Residence, she saw Dominic and Old Master Wade playing chess in the courtyard while Hazel was explaining the situation to him.

After that, he guided Hazel to play chess. Grandpa looked very happy.

Elizabeth walked over and put her hands on Old Mr. Wade’s shoulders.

“Grandpa, are you guys playing chess?”

Elizabeth used to play chess with Old Master Wade when she was at home, so she was very good at it.

Old Mr. Wade laughed. “Lizzy, you’re back. Come and see, what should I do next?”

Old Master Campbell thought Dominic was good at chess. Elizabeth frowned and looked at the chessboard. Then, she picked up a white chess

and then took away a few black ones.

Old Mr. Wade laughed loudly, “Lizzy, you still got it.”

Elizabeth used to be the apple in Old Master Wade’s eyes, Only Old Master Wade loved her the most, so she learned a lot of things that Old

Master Wade liked.

She practiced this game of chess because she wanted to have a place in the Wade Family.

“A child without her mom and her father’s love always feels unsafe. She did not feel secure, and she was afraid that she would be kicked out of the family.”

“Young Master, Ms. Wade has taken six of your chess,” Hazel said angrily.

Dominic naturally saw it. He really didn’t know that Lizzy could play chess. Besides, she played so well, he smiled.

When you are not so good as others, don’t complain.”

Upon hearing this, Old Mr. Wade gave him a look of appreciation. This kid is not bad. If his eyes have recovered, it would be better.

Chapter 527 Third Wheel

With Elizabeth’s participation, Dominic quickly lost the game.

In fact, he was doing it on purpose too. Dominic’s chess skills were good too.

Old Mr. Wade was delighted. “Lizzy, I didn’t expect your chess skills to improve over the past few years.”

“I read chess books too. I’ve never left it behind.”

Because this was grandpa’s hobby, the person who loved her the best in this world. Why would she forget it?

Even though she never thought that she would return one day, she never thought that her grandfather would forgive her.

But looking at the chess book, she would recall the days she spent with her grandfather. It would make her feel better through those sad days.

Upon hearing this, Old Master Campbell's gaze on Elizabeth deepened.

He let out a long sigh, then looked at Dominic who was sitting opposite him

"Dom, Lizzy has a hard life. She has suffered a lot for you. Remember to treat her better."

When he said this, he pulled Elizabeth's hand and placed it in Dominic's hand.

"You two have a good life."

Elizabeth glanced at her hand and saw Dominic holding it. There was a hint of light in his eyes.

"Grandpa, don't worry, we will."

After saying this, he tightened his grip on Elizabeth's hand.

Sitting next to her, Hazel took a bite of the chocolate in her hand. It didn't seem as sweet as before.

At this moment, Celine came out and saw Elizabeth and Dominic holding hands. She walked over.

"Lizzy, you're back with your fiancé? I've studied the good dates. The tenth of next month is a good day. You should be engaged on that day."

After saying that, she placed a booklet in front of Old Master Wade.

"Dad, look. I asked a master for this."

After Old Master Wade looked at it, he nodded.

“Okay, his day it is. Lizzy, you and Dominic need to prepare your wedding clothes too. Is there any designer you like? Tell grandpa that I will get someone to customize them for you”

Old Master Wade did not know much about these things, but he had specially asked someone to investigate what kind of wedding clothes do young people like?

Elizabeth withdrew her hand. Dominic also felt her rejection, but if she didn't say it out loud, he would pretend that he didn't know.

Dominic suddenly said, “I remember that Lizzy used to like DK's clothes. I'll go and hire a DK's designer.”

Celine smiled when she heard this.

“Dominic is very thoughtful. Lizzy, you found a good husband”

It sounded like Celine was congratulating her

In fact, what she had in mind was that hurry up and marry this blind man and serve him for the rest of her life, as a nanny for the rest of your life!

The thought of her daughter getting married into the Hilton Family made her very smug

“Dad, then I'm going to organize the engagement. You guys continue.”

After saying that, she turned around and walked toward the main building. Elizabeth looked at her back, her heart aching.

She couldn't help but glance at Dominic. His eyes couldn't see and he was very fragile. The doctor said that he had suffered from PTSD

I could not stimulate him anymore. If so, I don't dare to think about the consequences.

Perhaps he would never recover.

Elizabeth glanced at her grandfather again. His body was not feeling well, and he seemed to be more energetic lately. However, she did not dare to think that if he knew that the person she liked was not Dominic

The father of the three children was not Dominic. How would he react?

Would he faint immediately, or something worse?

She let out a long sigh. For a moment, she did not know what to do

The two of them were very important to her. She did not want them to be in pain.

"Sir, it's time for you to take your medicine."

Old Mr. Wade stood up and said, "I'll go take some medicine. The two of you can have some fun on your own

Before he left, he turned to look at Hazel.

"Lass, follow the old man in. Don't be a third wheel here."

Chapter 528 Proposal

Hazel was stunted for a moment. "Wheel / No, no, I'm fuamin"

She huntedly explained that she was not a wheel,

This little gul doesn't know anything. All she knows is delicious food and the Young Master

Of course she be anxious when she hears that she is a wheel.

Old Master Wade laughed. "I know you're a human. Come on, I'll give you something tasty."

Seeing that she was eating constantly and the bag she carried seeming to contain a lot of food, Old Master Wade knew that this girl loved food, only food could make her obedient.

Upon hearing food, Hazel's eyes lit up.

"What's food?"

Then, she was about to leave. Then, she looked at Dominic, who was standing at the side. If she left, what should Young Master do?

"Delicious food or the Young Master. It's really hard to choose!"

Dominic knew what she was thinking, so he spoke up.

"Let's go!"

Jack laughed when he heard his magnetic voice.

"Alright, Young, Master."

Elizabeth looked at Hazel wearing a maid's clothes with neat bang and big eyes and childish smiles.

It was obvious that she was very concerned about Dominic. Usually, she and Dominic were alone, so it should be some sparkles between them.

But Dominic did not seem to notice that this little girl liked him. In the future, she had to help them.

Hazel followed Old Master Wade Into the house. Only the two of them were left under flower hanger.

Elizabeth poured him a cup of tea. "Dominic, have some tea."

Although Dominic was a young man, he did not like coffee and loved tea alone.

Their hobby was very similar to Grandpa's, so they share the same interest.

Dominic reached out and touched the glass. Elizabeth saw him like this and felt slightly uncomfortable. A man who was as so gentle and treated everyone nicely ended up like this.

No wonder he's having a bad temper. If it's her, and she'll be like this too.

Elizabeth picked up the cup and handed it to him.

There was a hint of smile on her face, but this smile added a trace of sadness.

Dominic caught all of her emotions and laughed within.

Does your heart ache? Lizzy, only when I'm blind, will your heart ach for me. Do you know how sad I am?

The hatred in his eyes gradually grew stronger.

Elizabeth did not notice it. She asked.

“Have you been working with the doctor recently?”

She still hoped that his eyes would recover. She sincerely hoped that he would be fine.

Dominic sneered, “You really want me to recover, don’t you?”

Then you don’t have to marry me anymore. I won’t let your wish come true.

“Of course, I hope you’re healthy just like how you used to be.”

Upon hearing this, Dominic let go of the cup in his hand and the tea splashed out. Elizabeth hurriedly took a piece of tissue and asked him with concern.

“Did you burn it?”

Dominic did not mind and held her hand.

“Lizzy, I’m already like this. could you stay by my side and take care of me?”

His voice was low and hoarse. There was a trace of anger in it. The grip on his hand was very strong, making her feel very painful.

What Matthew has he also has, and his appearance was also outstanding. Why is this woman so unwilling to be with me? What does Matthew have and he doesn’t?

Elizabeth’s eyes were filled with panic. “Dominic, I’ll take care of you. Don’t be angry, okay?”

Elizabeth was afraid that his illness would deteriorate and that he won’t be able to recover.

“Many me, okay?”

As he spoke, he took out a diamond ring.

“I wanted to give you a perfect proposal, but I could not wait any longer.”

He held the ring and put it on her finger, and accurately put it towards her ring finger.

Elizabeth looked at the ring and her eyes were filled with honor. She recalled the ring in her house. When Matthew proposed to her, she was so happy!

Now, when she faced Dominic, she was tormented like she was in a sea of fire.

Chapter 529 Elizabeth Is Mine

With Elizabeth’s participation, Dominic quickly lost the game.

In fact, he was doing it on purpose too. Dominic’s chess skills were good too.

Old Mr. Wade was delighted. “Lizzy, I didn’t expect your chess skills to improve over the past few years.”

“I read chess books too. I’ve never left it behind.”

Because this was grandpa’s hobby, the person who loved her the best in this world. Why would she forget it?

Even though she never thought that she would return one day, she never thought that her grandfather would forgive her.

But looking at the chess book, she would recall the days she spent with her grandfather. It would make her feel better through those sad days.

Upon hearing this, Old Master Campbell's gaze on Elizabeth deepened.

He let out a long sigh, then looked at Dominic who was sitting opposite him

"Dom, Lizzy has a hard life. She has suffered a lot for you. Remember to treat her better."

When he said this, he pulled Elizabeth's hand and placed it in Dominic's hand.

"You two have a good life."

Elizabeth glanced at her hand and saw Dominic holding it. There was a hint of light in his eyes.

"Grandpa, don't worry, we will."

After saying this, he tightened his grip on Elizabeth's hand.

Sitting next to her, Hazel took a bite of the chocolate in her hand. It didn't seem as sweet as before.

At this moment, Celine came out and saw Elizabeth and Dominic holding hands. She walked over.

"Lizzy, you're back with your fiancé? I've studied the good dates. The tenth of next month is a good day. You should be engaged on that day."

After saying that, she placed a booklet in front of Old Master Wade.

"Dad, look. I asked a master for this."

After Old Master Wade looked at it, he nodded.

“Okay, his day it is. Lizzy, you and Dominic need to prepare your wedding clothes too. Is there any designer you like? Tell grandpa that I will get someone to customize them for you”

Old Master Wade did not know much about these things, but he had specially asked someone to investigate what kind of wedding clothes do young people like?

Elizabeth withdrew her hand. Dominic also felt her rejection, but if she didn't say it out loud, he would pretend that he didn't know.

Dominic suddenly said, “I remember that Lizzy used to like DK's clothes. I'll go and hire a DK's designer.”

Celine smiled when she heard this.

“Dominic is very thoughtful. Lizzy, you found a good husband”

It sounded like Celine was congratulating her

In fact, what she had in mind was that hurry up and marry this blind man and serve him for the rest of her life, as a nanny for the rest of your life!

The thought of her daughter getting married into the Hilton Family made her very smug

“Dad, then I'm going to organize the engagement. You guys continue.”

After saying that, she turned around and walked toward the main building. Elizabeth looked at her back, her heart aching.

She couldn't help but glance at Dominic. His eyes couldn't see and he was very fragile. The doctor said that he had suffered from PTSD

I could not stimulate him anymore. If so, I don't dare to think about the consequences.

Perhaps he would never recover.

Elizabeth glanced at her grandfather again. His body was not feeling well, and he seemed to be more energetic lately. However, she did not dare to think that if he knew that the person she liked was not Dominic

The father of the three children was not Dominic. How would he react?

Would he faint immediately, or something worse?

She let out a long sigh. For a moment, she did not know what to do

The two of them were very important to her. She did not want them to be in pain.

“Sir, it’s time for you to take your medicine.”

Old Mr. Wade stood up and said, “I’ll go take some medicine. The two of you can have some fun on your own

Before he left, he turned to look at Hazel.

“Lass, follow the old man in. Don’t be a third wheel here.”

Chapter 530 Dominic Has Changed

Elizabeth accompanied Old Mr. Wade for dinner before leaving with Dominic.

Old Master Wade watched the two of them leave, and the corners of his lips curved into a smile. He said to the housekeeper.

“Lizzy was raised by us. She’s about to have a family of her own. We’re really getting old.”

The housekeeper stood beside him and watched the Young Miss get into the car. He smiled and replied.

“That’s right! The Young Miss is so beautiful now. Her kids also look like her.”

Elizabeth got into Dominic’s car. Hazel sat in the passenger seat and turned her head to look at the two people behind her.

Both of them remained silent. The young master’s expression was cold, as if the temperature in the car had dropped. She felt a chill running down her spine.

Hence, she took out a lollipop and put it in her mouth. It was better to eat something sweet to suppress her shock.

Elizabeth took out her phone and glanced at Matthew’s phone. After the missed call, he never called her again.

Maybe she and Tiana are accompanying grandpa Hilton at this time! If she calls, she will only disturb them.

Recalling the words that Celine said at the dining table today, every word impaled her heart.

“Tia has already moved to Matthew’s villa. The two of them will take care of Old Mr. Hilton together. Madam Hilton has gone to the temple and will stay for a month.”

“Tia has a very heavy mission. She hasn’t even gotten married yet. She’s going to fulfil her duties as her granddaughter-in-law.”

Even when she recalled it, she felt upset.

Hence, she slid out of the unanswered call page and sent a message to Jessica.

“Jess, is Pearl awake? How is she? I’m here to see you guys now.”

She spent the whole day accompanying Grandpa, so she could only visit them at night.

Swiftly, Jessica replied, “Pearl has returned to the regular ward and is taking care of her.”

Elizabeth smiled when she heard what she said.

“That’s great! That’s so great!”

Naturally, Dominic saw her smiling so brightly and his gaze darkened. Suddenly, he

stretched out his hand and hung up her phone.

Elizabeth’s eyes narrowed slightly. “Mmm...”

The phone hit hard on the back of her leg, making her expression change.

Dominic asked, “What’s wrong?”

He thought she was texting Matthew, so she smiled so happily.

He was so angry that she dared to talk to a man like this in front of him. That was why he

deliberately turned off her phone, just not wanting her to talk to another man.

Elizabeth endured the pain and picked up her phone, biting her lips.

“It’s fine. It’s just a phone.”

Hazel sneaked a glance at the back, then quickly averted her gaze, not daring to look at them, she was afraid that the young master would scold her.

“Who were you talking to?”

He asked coldly, his body leaned against the seat, and his face turned to the side. She could only see the back of his head.

This gesture indicated that he was angry. Elizabeth felt that Dominic used to be warm and gentle. When they were together, it was very comfortable with no pressure at all.

Because no matter what she said or did

He had never been angry. He would always support her.

It was very depressive to be with him now. Most importantly, he was blind and was in a bad mood.

Elizabeth put her phone away and looked in his direction.

“I was talking to Jessica. Pearl had an operation yesterday. I need to go to the hospital later.”

When Dominic heard it was Jessica, his tense expression relaxed slightly.

“Has the surgery succeeded?”

only then did he recall that Jessica's daughter had an operation yesterday.

Jessica and her were very close. They were like real sisters. She had always cared a lot about that woman.

"It's very successful. Now, we can only take care of her slowly. As long as the kidney doesn't reject within three months, Pearl will be fully recovered."

Dominic could tell that she was very happy, so he said softly.

"Send Ms. Wade to the hospital first. Which hospital is she in?"

It's a cancer hospital.

Elizabeth replied, "Nicolas's hospital.
