Chapter 561 Is Different From What She Thinks

Elizabeth had said the dogs to how before. At this moment, Matthew understood her never

Ms. Elliott lapped when he heard this

Matthew suddenly understood why Elizabeth treated Ms. Elliott like family. She is indeed worth it.

By the time Elizabeth tucked the three children to bed, it was already 9:10 p.m. When she came downstairs, she saw Ms. Elliott watching TV with Matthew.

She was surprised, because Ms. Elliott liked watching spy movies the most; it didn't seem like she liked the news!

"Matthew, why haven't you gone home yet?"

Upon hearing her voice, the two people on the sofa looked over.

Ms. Elliott got up hurriedly: "It's already so late, I'm sleepy. I'm going to bed."

When she walked past Elizabeth, she gave her a look.

After all, her boyfriend was Mr. Hilton, but she had to take care of Dominic every day. No man could take it, and she had already explained it to her.

As long as she coaxed him, everything would be fine.

Elizabeth looked at Ms. Elliott's happy expression, but her eyes were dark.

Ms. Elliott thought they were just having a fight. In fact, it was their last night.

At that thought, her gaze darkened.

Matthew turned off the television and walked toward her. He held her hand.

“Let’s go!”

His voice was low and deep, like a violin with a G-tone.

Elizabeth watched his big hand hold her little hand. The scene was so beautiful. She followed his footsteps and left home and went to the eighth building next door.

The moment she entered his house, he pressed her against the door. His gaze was burning, and his lips curved into a wicked smile.

“Are you seducing me?”

Elizabeth looked at his wicked smile. He was indeed wicked, but also unusually beautiful. She smiled and admitted it generously.

“That’s right, I’m just seducing you.”

After saying that, she bit her lower lip and looked at her with a slutty expression.

Matthew had a feeling that this woman might have a hundred different faces. Compared to her at this time, she was like a fairy. She was wearing the purest black and her eyes were pure.

However, she was like a siren from the ocean, causing his lower abdomen to hurt.

He held her chin with his large hand. His strength was not light nor gentle. He snorted coldly.

“Elizabeth, do you know what the consequences are?”

“I know.”

She did not hold back anymore. Whatever he said, she would reply to him. It felt good.

Anyway, he felt that this woman was becoming more seductive, making him unable to hold it

“Haha!” He laughed.

One hand pressed against her beautiful chin while the other hand lifted the straps of her dress and slid down slowly.

The snow white shoulders that were already exposed were tempting enough. Now, the straps. slid down, revealing her plump boobs.

Elizabeth pursed her lips and her body trembled slightly.

She was prepared to satisfy all of his needs tonight, but at this moment, she was still afraid.

After all, she had a night with him, and she was not very familiar with sex. She would still feel shy.

Matthew’s eyes turned even redder, as if he was about to swallow her alive.

Elizabeth was really scared and couldn’t stand his gaze. So she took the initiative to tiptoe and kissed his lips.

His lips felt a bit cold. The moment he touched them, it was so cold that she wanted to escape.

It was as if everything was different from what she thought. She wanted to satisfy him.

But when it really started, she was at a loss, not knowing what to do.

Matthew wrapped his large hand around the back of her head and kissed her lips forcefully.

Chapter 562 I Love You

Elizabeth's eyes widened in shock and he chuckled lightly.

"I'll do it."

It was as if he had seen through her. She wanted to take the initiative but did not know how.

Elizabeth furrowed her eyebrows slightly, feeling embarrassed.

However, after tonight, there won't be any intersection anymore. Embarrassing it was, he had saw everything of her.

He kissed her fiercely, as if he was about to swallow her.

Elizabeth first grabbed her arms, then moved backward bit by bit, hugging his tight waist.

She heard the sound of her clothes shattering. He actually tore off her clothes. She closed he eyes. It doesn't matter. If he wants to tore it, just tore it!

Her body and herself were completely exposed in front of his eyes. She subconsciously raised her hand to cover it.

Even though she didn't realize that the gap between her bobs deepened a little.

Matthew's breathing became heavier. His throat tightened, and his breathing was completely chaotic.

He bent down and picked her up, letting her legs wrap around his waist. Elizabeth had already felt that stiffness completely. It was terrifying.

Matthew had a deep gaze. His voice was hoarse and sexy.

“If you don’t want to fall, hold on tightly.”

After saying that, he lowered his head and kissed her lips. As he walked, he kissed her. This kiss was so intense that Elizabeth felt that her tongue was numb.

Only when he carefully placed her on the soft big bed did she realize that his clothes were almost off.

He had a perfect body, long legs, firm pecs, and abs. It wasn’t too much, just perfect.

Matthew wasn’t in a rush. Instead, he kissed her forehead, eyes, and ears gently and carefully.

The thin lips swept across her lips, her ears, then her neck, and then down there.

He kissed her so carefully and very meticulously like she was a treasure, his most precious Treasure.

Every inch, every part, he didn’t miss.

“Mmm Jumm...”

Elizabeth’s voice was uncontrollable. She felt ashamed.

But she couldn’t control it, as if she was about to melt under him.

Until his lips moved to her vagina, Elizabeth hurriedly stopped him.

“Matthew, don’t.”

Matthew raised his head and coaxed her softly.

“Be good!”

After that, Elizabeth felt like she was no longer hers. Her hands gripped tightly onto the bed and she let out a soft hum, unable to endure it.

Only after she screamed out of control did he raise his head and say with a smile.

“Lizzy, remember the feeling of being with me, never forget it.”

Elizabeth listened and bit her lip. She felt like she could no longer leave.

Except for him, she didn’t want anyone else. Only he could make her so wretched and softened.

Watching her tremble and her body turning pink, he propped his hands on both sides of her head and added y

When she said this, his heart was freezing. She wanted to hear that he loved her

Matthew smiled and his beautiful thin lips parted

I love you! Baby

Elizabeth wrapped her arms around his neck and smiled

“Matthew give me every drop of you tonight you tonight I want you You’ve always wanted you.

Previously, there was a woman who gave him great pleasure!

“I love you!”

Chapter 563 His Purpose

Nicolas house. Nicolas got out of the sports car, holding a white suit in his hands, he put it on his shoulder and walked into the house,

The housekeeper greeted him respectfully.

“Young Master!”

“Where is my grandmother? Has she slept?”

“The Old Madam is still in the living room. Ms. Johnson is watching TV with her.”

Old Madam Johnson was Madam Hilton’s best friend, and they had nearly identical hobbies.

They liked drama, watched TV, and pretty boys sometimes

The two old ladies are fashionable.

Nicolas walked to the living room. The old mansion of the his family was huge.

There was a white piano at the entrance of the main building. It was an antique. It had been in the family since his great grandfather’s age

The piano could still play now, and a tuner would come on time to tune it.

The living room was decorated in Chinese style. Her grandmother liked it.

Rosalie and the Old Madam were sitting together, watching TV and chatting. The two women of different ages were exclaiming in surprise.

“So handsome, so handsome!”

Nicolas glanced at the television and tidied his hair.

“As handsome as me?”

The old lady looked over and then waved at him.

“Nicolas, come here. Why are you free today?”

The kid owned a few hospitals, a pharmaceutical business, and a laboratory. He was so tamy!

Nicolas walked to his side, sat down, and wrapped his arms around her shoulder

“Grandma, it’s already ten o’clock. Aren’t you going to have a beauty nap

“I’m already so old. Why do I need to have a beauty sleep?”

As she was older, she slept less. She would not be able to fall asleep even if she went to bed early.

Nicolas looked upstairs. “My grandfather won’t be able to sleep without you! Tomorrow, he will definitely have a pair of dark circles under his eyes, and then he’ll lose his temper with me and my brother. So, I beg you to comfort grandfather so we don’t need to be scolded.”

This old couple of ferguson Family were famous for being a model couple. Ever since they were young, they had never quarreled.

Old Master treated her very well, and he was quite afraid of her.

In this lifetime, he slept together every day, so as long as his wife wasn’t around, he couldn’t fall asleep.

But he did not dare to yell to his wife, so he could vent on his grandson.

Nicolas had been scolded a lot when he was young.

Old Madam stood up. “Alright. For your brother and you, I’ll go and comfort that old man.”

Only Rosalie and Nicolas were left in the living room. The two of them rarely got together, and the relationship was not good.

After all, Rosalie was born by the stepmother of Nicolas. At that time, he was rebellious, thinking that they had stolen the position of his mother.

Rosalie greeted him nicely, "Brother, have you drunk?"

The scent of alcohol on his body was quite strong.

Nicolas glanced at her and pointed at the ring on her neck.

"This ring is not bad. Where did you get it? I'm going to buy one for my girlfriend too

Rosalie looked down and took a glance at the ring on her neck.

She was a smart woman. She immediately knew what was going on.

He rarely came back. It turned out that he wanted to know the origin of the ring on her neck tonight..

Initially, she only wanted to buy it because she thought it looked good. She did not expect him to have such a huge reaction. Even her brother was the same.

"Someone gave it to me. I don't know where to buy it."

I need to investigate as soon as possible. Where does this ring point from? It must have something to do with Matthew.

Nicolas nodded. "Yeah, I'm going to rest now. You should rest early too."

After saying that, he got up and went upstairs. Rosalie pulled the ring on her neck and looked at it carefully. A few months ago, she saw this ring at a stall overseas.

I knew it was made of diamonds. It wasn't fake. The design was quite good, so I bought it.

Chapter 564 PDA

From the looks of it now, she really bought the right one.

From the expression on Matthew's face today, it was obvious that the ring had something to do with him. He even asked her brother to find out.

Could it be him giving it to his ex-girlfriend?

"No, no. He has never had a girlfriend before. What does this ring have to do with him?"

Nicolas returned to his room. He tossed his clothes onto the bed and took out his phone to give Matthew a call.

The bed in Matthew's bedroom was in a mess.

Elizabeth opened her eyes when she heard the phone ring.

"Phone, your phone."

Matthew was busy and had no intention to talk on the phone.

"Don't worry, let's continue," he coaxed.

After that, Elizabeth no longer had the consciousness to care about the phone.

Matthew made love to her over and over again, and Elizabeth was very cooperative.

She was very cooperative. In the end, she really couldn't take it and begged for mercy.

"Matthew, I could not do it anymore. I'm so tired."

Matthew looked at the woman on the bed. Her skin was snow-like, marked of him left on her as if she was labeled by him.

He narrowed his eyes and smiled wickedly, "But I haven't cummed, what should I do?"

Elizabeth raised her hand. "Can you use it?"

Matthew smiled wickedly and caressed her mouth.

"Suck it out."

Elizabeth's little mouth was half opened. She looked at his congested monster dick. Could she put it in her mouth?

Of course, she had no other choice. Since she wanted to make him remember this night for the rest of his life, of course she had to do everything

Hence, under his guidance, she held his big penis and opened her red little mouth.

By the time he cummed, it was almost dawn. After Elizabeth closed her eyes, she fell asleep.

Matthew cleaned himself and wiped her with a warm towel.

At this moment, she did not have the energy to care about it anymore. She allowed him to clear her body

When Matthew came out of the bathroom, he saw that his woman was already soundly asleep. He stood by the bed and looked at her deeply

Then, she glanced at the phone on the table: Who called last night and interrupted him?

He reached out to grab it and called back

Nicolas was awakened by the phone and he cursed.

“Who the heck is it? It’s so late, it’s too late!”

Matthew lit a cigarette and inhaled quietly. A cigarette after sex was very pleasing to him.

“Why were you looking for me?”

Nicolas finally reacted upon hearing Matthew’s voice.

“Matt. I called you around ten o’clock. You call around four thirty in the morning. Are you still human?”

“At that time, I was busy. I just finished a good fuc.”

Nicolas instantly lost the urge to sleep.

“Damn, do you want to die?”

It’s been so many hours. Is he alright? Does his head hurt again?

“Are you having a headache?”

Matthew smiled when he exhaled the cigarette. "It doesn't hurt. It feels good."

Nicolas: "....."

He turned into a stone. This fellow is indeed here to show off his happy sex life."

"Matt, it's getting late. You should get some rest. Your health is more important. Don't be craving happiness for now. You still have a long way to go. You should plan for the long-term."

Matthew was in a good mood and didn't feel sleepy.

"As long as she's here, I won't die. Don't worry."

Damn it, Nicolas cursed in his heart, What kind of friend he is?

It's in the middle of the night. Why would he give me all these? This is utter PDA, public demonstration of affection!"

"By the way, what did you want to say by calling me?"

"You asked me to find out about the ring. She said it was given by a man. She doesn't know where she got it."

After hearing this, Matthew was silent for a while. His eyebrows furrowed imperceptibly and his voice became colder.

"How old is your sister?"

Previously, would the person he slept with be Rosalie?

Chapter 565 Block Him

At this thought, his gaze landed on the woman on the bed. She was sleeping like a child. She was sleeping sideways, curled up like a baby, hugging the quilt, and was sleeping in an insecure position.

He had always thought it was her. Could it be that something was wrong?

Nicolas replied, "24 years old. She's about the same age as Lizzy."

"Yeah, I got it. I'll go to the hospital tomorrow to see you."

He was prepared to send the hair he got today over. After a DNA test, everything would be confirmed.

In Matthew's mind, he really hoped that the woman back then was Elizabeth.

The next day, Matthew had overslept. After exhausting all his energy the night before, he couldn't fall asleep. He watched her sleep all night. He had already thought about it. The next day, he would take her to the Civil Hall and get her marriage certificate.

Unknowingly, she fell asleep and slept soundly.

By the time he woke up, it was almost Abby o'clock. When he opened his eyes, the corners of his lips were smiling.

He stretched out his hand to touch the bed beside him, but he did not touch her. He sat up and looked to the side.

The bed beside her was empty. Her handsome face changed slightly, and the smile before disappeared.

He got out of bed and went downstairs. He thought she was cooking breakfast in the kitchen..

The kitchen was filled with breakfast. He called out to her.

“Lizzy...”

Lillian heard the Young Master's yola and walked off the bud

“Young Master, it's me, not Ms. Wade

Matthew's eyes were filled with disappointm

Matthew already knew what was going on. He hung up the phone angry

“Elizabeth, do you think one night was enough for me? You’re mine for the rest of your life Don’t think you can draw a line with me.”

Elizabeth drove to Dragon Mountain Villa. Her luggage was already in the trunk. She planned to stay on the mountain in the near future.

She had already asked Ms. Elliott to take care of the three children.

She would come back to visit them once a week. Suddenly, she sneezed

Elizabeth wiped her nose with a piece of tissue.

Why did I sneeze out of blue? Maybe I catch a cold or someone was badmouthing her.

The latter is the most likely. After all, Matthew should be awake at this hour. It would be strange that he does not yell at me after knowing that I’ve returned the ring.

She took a deep breath and comforted herself.

“Elizabeth, don’t think about him anymore. You are not meant to be together. Think about.

Dominic, he’s like this now. It’s exactly when he needs you. Let him get better so your conscience can feel at ease.”

Matthew went to Elizabeth’s house. He pressed the doorbell and Ms. Elliott opened the door.

When she saw him, she smiled.

“MI. Hilton, Lizzy didn’t come back last night. She must be at your place!”

The smirk on her face clearly showed what she was thinking. Did she know what the two of them must have done last night?

After all, they were both adults and dating. Sex was for sure. This was also the expression of their love.

Matthew looked at her smiling face, but he was deeply agitated.

His face darkened a few degrees, Ms. Elliott quickly held back. Mr. Hilton's behavior was really tenifying, and she didn't dare to laugh anymore.

"Where's Elizabeth?"

He asked coldly and was about to walk inside.

Ms. Elliott sighed. "Lizzy said she's going on a business trip for a month."

Matthew sneered and turned around to leave. She was deliberately avoiding her.

Excellent..

Chapter 566 There's Definitely Shenanigan

Ms. Elliott was a little dumbfounded as he left in large strides, the smile on his face just now looked a little dangerous.

"Didn't they get along well last night?"

Ms. Elliott muttered to herself, "Isn't their sex life not harmonious! Mr. Hilton is a busy man, so it's inevitable that he's overworking himself. Hmm, she needs to make some soup to replenish his energy."

Matthew went to the hospital. Nicolas hadn't arrived yet. Last night, he was interrupted by someone, so he slept late this morning

Sitting in his office, the secretary of Nicolas poured him a cup of coffee. After leaving the office, he picked up his phone and called the dean.

“Dean, Mr. Hilton is here. Please come to the hospital quickly.”

Nicolas was sitting at the dining table eating breakfast. He was in a good mood, but when he heard that Matthew was in the hospital, his face turned bitter.

“Tell him that I’m resting today.”

Yesterday night, he had taken all of his carp. Was he going to rub it on his face today?

The secretary was a little tom “Dean, Mr. Hilton said that he’s waiting for you here. He said there is something very important.”

Nicolas only remembered that he wanted to do a DNA test. It seemed that he wanted to do it himself.

“Okay, I’ll be here right away.”

Nicolas hung up the phone, finished his milk, and got up.

By the time they exited the restaurant, his grandmother and Rosalie happened to walk back.

When his grandmother saw him, she asked.

“Nicolas, aren’t you busy today? Why don’t you go shopping with grandma?”

Nicolas smiled, “Let Rosalie accompany you. I have something to do at the hospital, I need to go first.”

After saying that, the man had already left. Rosalie blinked.

“Grandma, I need to go to the office too. I won’t accompany you.”

After saying that, she ran out, not caring if she was wearing a sportswear.

“Brother, I’m not feeling well. I’ll go to the hospital with you to get some medicine.”

After saying that, she got into the car. Nicolas had just pressed the door open. The girl was too fast. He furrowed his brows slightly.

But since she got into the car, he couldn’t kick her out, so he could only take her to the hospital together.

After getting out of the car, Nicolas asked.

“Which department do you want to go to? I’ll arrange for you.”

“After all, we’re family.”

Rosalie wrapped around his arm. “Nicolas, I want to sit in your office for a while. The doctor I’m meeting hasn’t arrived yet.”

Nicolas looked at her suspiciously. It sounded a little fake!

None of the hospitals are working now, and it’s not the time to shift.

However, he did not have the strength to refute, so he could only let her follow him to his office.

In the office, the man wearing a black suit was sitting on the sofa with his eyebrows furrowed. He looked very unhappy.

No way, based on the number of times he and Lizzy had last night, he should be quite satisfied and in a good mood today.

Dad the two of them quanel? No way! They had just had sex last night, and quarreled early the morn

However, Lizzy had a strong temperament. She was the only one who could make this follow suply

Nicolas was delighted after thinking about it

As long as he didn't have to listen his crap, he would be very happy.

Matthew caught sight of the two of them entering the room and glanced indifferently at the area where Rosalie was holding onto When did they get along so well?

Rosalie had already guessed that Matthew would not be able to wait to ask her about the ring when he went home last night

Gillian smiled faintly. She let go of Nicolas's hand and sat beside Matthew.

"Matthew, are you free today?"

She smiled happily and looked deeply into his eyes.

Matthew was in a bad mood. Seeing such a smile would only make him even more agitated.

He didn't say a word.

Rosalie had gotten used to his indifference since she was a child, so she did not feel awkward.

She leaned closer to him, intentionally letting him see the ring hanging on my neck.

Chapter 567 Paternity Test

If you ask my brother, you might as well ask me directly

Rosalie thinks so. After all, the two families are old friends. Marrying him would only benefit the two families.

She knew the two elders of the Hilton Family and got along with them very well. They liked her too.

If Ferguson Family had a son in law like Matthew, which would only benefit the Ferguson Family. This was called a powerful marriage

Matthew didn't even take a glance at the girl sitting beside him. calm.

Even if the ring he gave that woman back then was hanging on her neck, he was still very

As long as the DNA test was done, everything would be confirmed

No matter how she got the ring it had nothing to do with her.

Rosalie saw that he was ignoring her, so she called him.

"Matthew, are you feeling unwell? I was accompanying my grandmother out for exercise today and I suddenly feel chest pain, so I came to see a doctor."

As she spoke, she raised her hand and touched the ring on her neck. I've shown it to you in broad daylight today. Why didn't you look at it?

Just like yesterday, you lost control of yourself and told me the truth, alright?

Nicolas saw the dark expression on Matthew's face. It was obvious that he was slightly annoyed by the woman who was approaching him, so he called her.

"Rosalie, aren't you going to the hospital? Go ahead!"

Rosalie was a little angry. She glanced at Nicolas and got up reluctantly.

"Oh, then I'll come back later."

After Rosalie left, he asked.

"Do you want to test whether you are the father of Lizzy's three children?"

He had already changed into his white coat. He raised his hand and adjusted his glasses. He walked to his side and stretched out his hand.

"Give me."

Matthew took out the strap from his pocket and handed Abby's hair to him.

"How long will it take to get a result?"

Nicolas took it and placed it on the table.

"I'll tell you the result in the afternoon."

Matthew frowned slightly. "Can you do it now? Do it yourself."

Nicolas knew that this fellow didn't trust anyone else. He only trusted him.

He glanced at the time. "I have a meeting in ten minutes. I'll do it when I'm back."

Isn't it inconsiderate for Matthew to say anything. He got up and the two of them walked out of the office together and headed for the elevator.

Rosalie, who was hiding at the entrance of another office, had just eavesdropped on their conversation. She glanced at the office of Nicolas.

Nicolas just placed the bag on the table. It was easy for her to steal it.

She pursed her lips slightly. Matthew's children?

Lizzy's children?

Could they be Matthew's?

If that really was the case, she won't have any hope. Hence, she clenched her teeth and decided to switch the hair first

Then they defamed wild not be Mathew's kids. After thinking about it, she seed.

"No one will steal Manhes away from me He's mine He's mine ever since I was young" in the elevator, Matthew took a glance at the time. It was almost eleven,

"How long do you need to do the test?"

Hicolas pondered for a moment. "About three hours."

Matthew didn't say anything else. When he got the report, if the three children were him, he would let Hizabeth know that it would be impossible to avoid him.

The three children, he will take them back. Can she live without those three kids?

By then, she would go back to him.

He's already had everything in place

Nicolas suddenly came to his senses, "Lizzy, could not be that woman from back then, right?"

6 years ago, Matt called him and said that he seemed to be dreaming, but he also felt that it wasn't a dream. It was as if he slept with a woman.

Back then, they thought he was hallucinating and suggested that he have a girlfriend.

Now that he had already started looking for children, it meant that it was not hallucination.

Chapter 568 Identify People by Car

Matthew raised his eyebrows slightly "It's possible."

He felt like she was the woman from back then, and he also hoped that it was her.

"Alright, after the meeting, I'll go back immediately to run the test. I'll notify you once it's done. Nicolas became excited. If Matt had kids, then the good news between him and Lizzy would be neat.

Old M. Hilton had always urged Matt to get married and have children. If he had three great grandchildren in one go, he would definitely be overjoyed. That way, he won't interfere with Matt's marriage anymore.

He was honored to be able to help his good buddy.

“When that happens, Matt and Lizzy will owe him a big favor.”

Elizabeth drove the broken little Charade to the entrance of Dragon Mountain Villa but the security guard did not allow her in.

She lowered the car window. “12th building.”

A few days ago, they arrived. They could enter as long as they gave them their room number.

She waited for the door to open and the security guard said coldly.

“No way.”

Elizabeth turned her head and looked puzzled.

“Why?”

I’m here almost every day. Why could not I go in now?

“That’s right. You could not enter.” The guard said coldly

After saying that, he whispered to his colleague inside, “They’re all rich people, celebrities, government officials. If someone drives a car like this, she is definitely not the owner’s relative or friend. She’s definitely here to sell stuff.”

The sellers were prohibited from entering the area, so they had to strictly enforce it.

Elizabeth was so angry that she didn't want to argue with them anymore. She took out her phone and dialed Dominic's number.

Swiftly, the call was connected. "Ms. Wade,"

Elizabeth glanced at the security guard in the pavilion and pursed her lips.

"Hazel, can you ask the Young Master to give the guard a call? Just say that the car plate number 88658 is his friend. They won't let me in."

Hazel heard this and glanced at the young master next to her.

"Okay."

After hanging up the phone, Hazel passed what Elizabeth said to Dominic.

Dominic was sitting in front of his desk and working on his computer. He was looking at the stock market every day and had earned a lot lately.

He stood up, walked to the window, and looked in the direction of the door.

"Go pick her up and ask the security guard at the door to apologize to her."

"Okay, Young Master!"

She quickly left the study and walked downstairs. She talked to herself as she walked.

The Young Master seems to like Ms. Wade a lot! She might be the future Young Mistress.

She sighed. Will Ms. Wade chase me away after marrying the young master? But this is my

She walked to the door in low spirits. She was fast and it only took her about a minute. No one saw her using her magic.

She glanced at the small car. It was broken and old. No wonder the security guards did not let her in

Elizabeth waved at Hazel. "It's me."

Looking at Elizabeth's pretty little face, she smiled. This woman is really pretty.

Previously, she was still hostile toward her. Now that she saw her smile, she could no longer be indifferent to her.

She walked to the car and said. "Ms. Wade, let me settle this."

Hazel entered the pavilion. Soon, the security guards walked over and bowed to Elizabeth.

"Ms. Wade. I'm sorry! We made a mistake. Please come in."

The doors opened, and Elizabeth called for Hazel, and she got into the car.

She turned her head and smiled at Elizabeth, "Ms. Wade, why did you drive here today? The mountain road here is quite bumpy."

Elizabeth drove forward and replied to her softly.

"I only have this car."

That one belonged to Matthew. Previously, he lent it to her. Now that she had broken up with

Matthew, she had returned everything to him, and neither of them owed each other.

“This car doesn’t look safe. There are many cars in Young Master’s parking lot. I’ll ask him to send you one later

Chapter 569 Awkward

Elizabeth did not say anything it seemed that everyone liked to judge people by their looks.

“That’s true. I’m poor, so I’ll definitely have to drive a broken car he didn’t think too much about before. As long as she can send the kids to the hospital at night and take the three kids back from the rain.”

I don’t care if it’s fancy

But the reality wasn’t like this. If you drive a broken car, they wouldn’t let you in.

Even Dominic’s servant looked disgusted. This world really depends on money!

The car stopped in the courtyard of the villa She opened the trunk and picked up her luggage and dragged it into the house

“Ms. Wade, leave it to me She pulled the trolley, and walked behind Suddenly, she asked.

“Ms. Wade, will you move here from today onwards?”

if she moved here, then the young master could only pretend to be blind. How inconvenient.

“That’s right. You can relax a little more in the future. I’ll take care of him with you.”

The two of them headed upstairs together. When they reached the second floor, she pointed to the room next to Dominic.

“Hazel, please leave my luggage to that room. I’ll stay there from now on.”

Hazel lived in the servant’s room on the first floor. Before she, the young master lived alone. Now the house was Ms. Wade, she felt a little uncomfortable.

But what could she say? Soon, she will be the lady of this place.

Hence, she picked up her luggage with one of her fingers and went to the guest room.

Elizabeth’s eyes were slightly opened. This girl is really strong.

She went to Dominic’s room. He sat on the sofa, with his hands on his knees, like a primary school student, listening to the news.

Elizabeth slowly walked over and sat beside him.

“Dominic, I’ll move here today. I’ll take care of you from now on.”

When she spoke, her expression was natural, but her hands were tightly gripping onto the hem of her skirt. This movement exposed her mood at this moment.

Dominic, who was looking ahead, saw her struggling from the corner of his eyes, he curled his lips.

“Really?”

It sounded like he was very excited.

Elizabeth nodded. “It’s true.”

After saying that, she got up and walked into the closet. Because Dominic was still wearing pajamas.

She chose a white shirt and a pair of dark blue trousers for him.

“Dominic, I’ll help you change your clothes, then let’s go see grandpa.”

Master Wade fell sick last night and was currently in the hospital.

If she brought Dominic to see him, he might be happier.

Upon hearing this, Dominic’s expression changed slightly. Sure enough, it was because of her grandfather that she moved here.

However, he did not care.

As long as she stayed by his side then he would defeat Matthew and become the winner.

“Okay!”

Next, Elizabeth was at a loss. After all, she needed to take off his clothes before changing.

Her fingers were trembling and she took off his clothes. Her upper body was quite the However, compared to Matt, it was not enough.

Dominic felt weaker. His muscles weren’t as pump. He was also thin and a little faires

Compared to him, Matthew was way more sexy and attractive.

Dominic, on the other hand, was a skinny character from a comic. Especially now, psychological trauma would affect his appetite.

Elizabeth bit her lip and helped him put on his clothes, not daring to look at him.

Dominic was observing her the whole time. From her face, he saw nervousness and fear

The corners of his lips curved up slightly and he said with a smile.

“Help me zip my pants.”

Even if he was blind, he could do it himself.

Elizabeth glanced at that part of his pants. She deliberately didn't look at it, but now that he said this, it seemed like he was reminding her to look at it.

Chapter 570 Ruined His Plan

Elizabeth's expression changed drastically. She was very reluctant, but things like this would only happen more in the future.

If he is taking a bath, does she have to take care of him?

\*Ouch!\*

The thought of that made her regret it a little. I could not do it. I really could not do it.

“Lizzy... zipper.”

Dominic looked at her expression. It was obvious that she was reluctant and her face was flushed.

However, he felt that she was very beautiful this way. He wanted to tease her. He also wanted her to get closer to her. They were boyfriend and girlfriend now, so they definitely needed to do something intimate.

Elizabeth was pressing on the buttons of his shirt, pretending that she was very busy.

“Okay,” she replied softly.

Actually, she did not want to touch that part. At this moment, Hazel tan in and bent down to help with the zip of her trousers.

When she got up, she laughed.

“Just let me, your little servant, do something like this. How can Ms. Wade bend down, right?”

Hazel laughed happily. Dominic felt like she was an idiot. Was this something she could

Elizabeth, however, was touched. She spoke to Hazel.

“Thank you. I bought some snacks for you. I’ll give it to you later.”

The moment she heard about snacks, she was even more delighted. Her laughter could be heard from afar

“Haha... did you buy snacks for me? Thank you Ms. Wade.”

She hadn’t gone down the mountain recently, and she was running out of food. She only took one bite of the lollipop in her bag every day, as she was afraid it would be finished and she would lose everything to eat.

Elizabeth’s arrival wasn’t very welcomed.

She thought it would disrupt her life with the Young Master and made him act blind. It’s troublesome.

But now that she knew she was nice and even remembered that she liked to eat snacks, she was so happy!

Dominic was very angry and said coldly.

“We’re going to the Wade Family. Follow us. I’ll punish you for not eating today.”

The consequences of meddling in other things would be to not let her eat. It would piss her to death.

Hazel almost fell. “Young Master, I’m sorry. Don’t punish me, okay? Could not you punish anything else? For example, punish me to eat a hundred bowls of noodles, what do you think?”

“Eat, eat, she only knows how to eat.”

“Wait downstairs. Your employer is doing his work. You’re not allowed to interrupt.”

Dominic’s voice was cold and filled with rage.

Hazel was frightened. She hummed obediently, then turned around and left the bedroom.

Elizabeth straightened his clothes and stood a little further away before telling him.

Dominic’s expression softened a little upon hearing this and he raised his hand.

“Help me.”

Elizabeth rushed over, supporting his hand, and walking out of the room.

As she walked, she said, “We should go check your eyes and get some medicine after visiting grandpa, okay?”

Even though she was asking for his opinion, she had already arranged everything.

He had to take the medicine every day and take it on time. I will keep an eye on him.

Dominic did not say anything and walked quietly.

Elizabeth thought silently that he agreed and didn't say anything else. She carefully helped him into the elevator and saw that the elevator was opening.

"Ms. Wade, I'll help the young master. You can drive."

No matter what, she did not know how to drive, so she could only let Ms. Wade do the job.

Elizabeth nodded and took the car keys from Hazel before returning to the elevator to the garage.

Just as Hazel was about to hold Dominic's arm, he walked forward.

"Young Master."

Hazel wasn't happy seeing him. Why wasn't Ms. Wade happy even though she was here?

Dominic suddenly stopped in his tracks and she bumped into his back. It hurt so much that she let out a soft cry.

"Mmm... It hurts."

Dominic turned around coldly, "Dominic, do you still want to stay here?"

Hazel nodded at her, "I do, I so."

This is her home. Where else can she go?

"Then, please keep your distance from me in the future. Just let Elizabeth handle my affairs, otherwise get lost right now.
