Chapter 571 Grandpa Is Sick

Hazel's face darkened as she lowered her head.

“Got it, Young Master.”

Elizabeth drove a Benz out of the underground parking lot. She received a call just now. It was a call from Scott. He was now in charge of everything, at S Group.

But some contracts need to be signed by Elizabeth personally.

Hence, they agreed to meet at a cafe near the company tomorrow afternoon.

The car stopped in front of the two of them and Hazel helped Dominic into the car.

She originally wanted to sit in the backseat with the young master, but his gaze left her no choice but to go to the front passenger seat.

Elizabeth watched her sit beside her and handed her a bag in her hand.

Hazel originally didn't want it. After all, what the young master said just now was directed at her, telling her not to be near him. She just wanted Elizabeth to take care of him and get closer to him.

If she were to be kicked out of the house, it would be a Elizabeth's fault.

She opened the bag and looked at it. Her eyes were then wide open. There was a big packet of snacks, her favorite jujube, lollipop, and a lot of cheese.

Elizabeth gave her a look, telling her not to make a sound.

Hazel flew her a kiss as a thanks.

Along the way, Hazel was very happy. She held the bag tightly and chatted with Elizabeth from time to time.

Dominic sat in the backseat and kept his gaze on the front. He was already quite familiar with pretending to be blind. His eyes could only look at one spot. He couldn't turn around casually, nor could he have a sparkle in his eyes.

Two hours later, they arrived at the hospital. After parking the car, Elizabeth got out of the car and helped Dominic out of the car.

Hazel wanted to stay, so she could only be obedient, help him and hold him. She could not do these things again.

All she could do was carry the bag. Her big eyes darted around. She wasn't angry, as long as there was delicious food, she didn't need to hold the young master.

She seemed to like Elizabeth more and more. Not only was she pretty, but she was also good to others.

The Young Master had been lying to her all this while. What a pity.

Elizabeth supported Dominic. Her voice was pleasant, gentle and sweet.

"Dominic, be careful. There's a stairway here. Take it one step at a time."

Dominic replied, "Yeah."

He was not blind and could see. However, he was satisfied to be taken care of so carefully by

The three of them arrived at the hospital room on the 16th floor. There were bodyguards guarding at the door.

Upon seeing the three of them, the bodyguard stretched out his hand to stop them.

“This is a private ward. Please leave.”

Dominic furrowed his eyebrows slightly, Hazel was stunned for a moment, then pointed to Elizabeth.

“This is Ms. Wade. She came to visit her grandfather.”

“That’s right. She’s the eldest daughter of the Wade Family. But why did she drive a small and broken car today? Even the guards were not allowed in.”

Even if she would not side in it, because it was too ugly, and she was afraid that she would break it if she sat in.

Could it be that the eldest daughter of the Campbell Family had been chased out, so she had a hard time?

“I could understand it now.”

Previously, she hated Elizabeth a little, but now they were friends. She was her first friend.

How could she stand by and see her make a fool out of herself?

She should be on her side.

Elizabeth also said, “I’m here to visit my grandfather. Get out of my way.”

The two bodyguards were tall and strong. It was as if they did not hear what Hazel and

Elizabeth said. They still stretched out their hands and did not have the intention to retreat.

Elizabeth frowned slightly. When she was about to reach Dragon Mountain Villa, she got a call telling her to visit her grandfather at the hospital.

Now, what's going on?

Dominic patted her hand. "Don't rush. Dominic could tell that Master Wade might be very sick this time. the Wade Family had previously kicked her out of the house. Now that this was happening, they definitely did not want her back in case she wanted the family inheritance

Chapter 572 She Still Has Her Pride

Elizabeth nodded slightly, then let go of Dominic and walked to the side to make a phone

Soon, the phone was answered. "Miss."

"Ruben, are you at the hospital? We're outside Grandpa's ward, but the bodyguards at the entrance won't let us in."

"Miss, it's such a coincidence. So to I family and I need to hurry back. We're at the airport now. You can give another one in the family a call."

Elizabeth already knows what's going on?

"Ruben, go ahead. I'll give them a call."

After hanging up the phone, Elizabeth sighed. Even if grandpa had revealed her identity and asked her to go home, it was still hard to see grandpa. She walked to the door and asked.

“Who’s inside now?”

The bodyguard replied, “Celine and Tiana.”

Just like what she thought, the mother and daughter would definitely be very filial at this

Because she was a mistress, and her child ascend from an illegitimate daughter to a daughter of Wade Family, so they were afraid that if grandpa passed away, they would not be able to get anything?

She furrowed her eyebrows slightly. “Go tell them. I’m here.”

One of the bodyguards entered the ward and Elizabeth walked back to Dominic.

“Dominic, I’m sorry for letting you wait at the door for so long.”

A young master like him probably wouldn’t experience many shut doors, right?

Dominic said indifferently, “It’s fine. I’ll be fine no matter how long I wait.”

His gaze darkened slightly. He remembered the mother and daughter inside.

The bodyguards entered the ward. Tiana was half lying on the sofa while holding her phone shopping. Celine sat on the sofa, leaving her daughter to lean on her. one.”

“Tia, this bag is not bad. When will it be released?”

“Next month, there will be five in the world. When the time comes, I’ll try my best to get

Celine nodded. “And this one. It looks good too.”

Tiana laughed. "Mom, you're getting more and more generous. Is this limited-time bag and you want four in one go?"

"What four? Didn't I say I want one for each? of them cost more than ten million. No matter how much money you have, you could not spend them this way. Moreover, the old man was sick and we still had many people trying to split his assets. Perhaps the position of president of her husband would be snatched away by someone else!

At the thought of Elizabeth, Dominic, and her three children, it was five people against 3.

More than half of the family's assets would be taken away. With the old man's love for Elizabeth now, the company might even be given to her.

Tiana's lips twitched. "Mom, don't you want to buy it for me? I want one too."

"You have the money. If it's not enough, you can ask your dad for it."

I've saved this little bit of money for so long. I won't waste it.

At this moment, the bodyguard walked in. "Madam, Elizabeth is here. She's with Mr. Campbell at the door."

Upon hearing this, the two of them glanced at the old man on the hospital bed. He had just fallen asleep.

The old man was sick this time and he was clear headed. Hence, they had to take good care

of him and not let Elizabeth see him. If the old man was happy, he would give everything to

Elizabeth.

“Then their days will be hard in the future.”

Tiana glanced at the bodyguard. “Didn’t I tell you guys to stay by the door. Elizabeth not allowed in.”

“Just tell her that grandpa has just fallen asleep. Come back when he wakes up.”

The bodyguard nodded and left.

Tiana was worried. She sat up straight and looked at the door.

“Mom, do you think she’ll barge in?”

Celine looked calm. “With Dominic around, she won’t make such a scene. After all, she’s going to marry someone from the Campbell Family. She still has her pride

Chapter 573 So Handsome

The bodyguard came out of the ward and closed the door.

“Miss, Master has just fallen asleep. You can come back when he wakes up.”

Like a recorder, the bodyguard repeated Celine’s words coldly. Then, he straightened and turned into a statue.

Elizabeth asked him what else? He didn’t answer anymore.

“Ms. Wade, why are they so bad? Don’t they want you to see your grandfather?”

After saying that, she rolled up her sleeves and was about to fight him.

The two men looked tall and strong, but in her eyes, they were nothing at all.

She could throw them out with just one finger.

Elizabeth saw this and held her.

“Hazel, don’t do it. You’ll get hurt.”

“Don’t worry, they won’t be able to beat me.”

After saying that, she rushed forward and prepared to barge in.

Dominic stopped her. “Enough. Master Wade is a patient and needs rest. You’ll only disturb him like this.”

Naturally, Hazel did not dare to keep barging again after hearing Dominic.

Hence, she took a step back and held the bag of snacks in her arms.

“Oh, then I won’t fight anymore.”

Elizabeth saw the little girl, which was probably not even eighteen years old. Her eyes were big, and she was wearing the black and white maid’s clothes.

She was just like a little girl that came out of a comic.

She really did not expect that a little girl like her would fight. She was quite courageous,

Elizabeth liked her more and more. She reached out and wrapped her in her arms, gently caressing her head.

“Hazel, thank you.”

Hazel felt warmth in her heart after being held by her like this. His eyes were a little sore.

She sniffed and smiled at her.

“Heh, you are the young master’s girlfriend, then you are family.”

Elizabeth caressed her little face, “Yeah, we’re a family. If you need anything in the future, you can look for me. Don’t call me Ms. Wade anymore. Call me Lizzy!”

“Lizzy,” said Hazel with a smile.

“Sigh!”

The two girls hugged each other intimately, chatting and laughing.

Dominic stood rooted to the spot and stared at the two bodyguards.

He needed to ask Master Wade to make the wedding early. If Master Wade passed away first, this girl probably won’t be marrying him.

Elizabeth held Dominic’s arm and said, “Dominic, let’s go check your body first and get some medicine before coming over.”

Dominic was reluctant to do a body check, but he did not show it.

“Okay!”

She had already moved to Dragon Mountain Villa and lived there, so she should have broken up with Matthew. Since she was still quite obedient, he would not make things difficult for her anymore.

The three of them exited the inpatient building and went to the outpatient building.

Elizabeth had asked Mrs. Campbell to make an appointment earlier, so the three of them went to see the doctor directly.

The Campbell Family was very well-known in A City, so doctors in this hospital had to be respectful. The doctor gave them priority to face-to-face treatment, and then they went to have an examination

A nurse brought him for a checkup, so Elizabeth and Hazel were left at the door and waiting for him in the resting area.

The moment Dominic entered the medical building, he spoken to the nurse.

“You don’t have to follow me. I will not do any check-ups either. I’ll get a fake report later you can wait for me here.”

After saying that, he took the guiding stick and walked forward. The nurse called out to him.

“Mr. Campbell, but your body.”

“I’m used to it. Don’t worry I’ll see you here in one hour.”

Dominic took out his phone and dialed a number. He talked on the phone as he walked.

“Are you her? Hmm, wait for me at the entrance of the hospital,”

He wanted to meet Master Wade and ask him to make the wedding early.

Elizabeth, who was sitting in the resting area, got up and walked to the window to get some fresh air. The smell of disinfectant in the hospital was too strong, and she couldn't take it.

At this moment, the people around her started making a commotion.

"Wow, that man is so handsome!"

"The doctor next to her is also very handsome.

Chapter 574 Exhausted

Hazel stood beside her, holding a lollipop and looking not far away.

"I don't think he will be as handsome as young master!"

In the eyes of Hazel, Dominic was the most handsome man in the world.

Everyone else, she thought they were just OK to look

Elizabeth was not interested in handsome men. After all, there weren't many people who could be like Matthew, so she probably wouldn't look at handsome men anymore.

When she thought about this, she unintentionally raised her eyes and bumped into two cold ponds.

Elizabeth was so shocked that her mouth opened. It was Matthew and Nicolas. The two of them walked together in black and white. It really stunned the entire hospital.

She just looked at him in a daze. They had only done the most intimate thing last night. She even sucked his... She was too embarrassed to recall the things that followed, and her face was already slightly flushed.

Nicolas saw Elizabeth and said.

“It’s Lizzy, go and greet her.”

He stopped talking and walked toward her. However, Matthew ignored him and strode forward.

Nicolas was stunned for a moment. He was sure that this fellow had a fight with Lizzy.

“Lizzy, are you here to see a doctor?”

He took a glance at the ophthalmologist and instantly understood that it should be accompanying Dominic.

Elizabeth’s sweet gaze followed after Matthew and didn’t hear what Nicolas said.

“Don’t just look at the handsome! He’s talking to you!”

Elizabeth was hit by her and came back to her senses.

She glanced indifferently at Nicolas. “Why is he here? Is he not feeling well

Nicolas smiled. “No, he just came to get a report. His grandfather’s report.”

He thought that he was really smart to say that the report was Old Mr. Hilton’s so that

Elizabeth won’t suspect anything.

“Matt is still waiting for me. I’ll go over first.”

Nicolas smiled faintly and raised his hand to adjust his glasses. He wanted to ask what was going on between them? He wanted her to coax that fellow.

After all, the bullet in his head was because of her, and now it was still threatening his la

She should coax him, but judging from Lizzy's expression, it didn't seem like she was going to admit defeat easily.

It seemed that this time, the two of them were in a major fight. It would be a bit difficult to reconcile.

Elizabeth nodded. "Dean, go ahead with your business!"

Nicolas left quickly and went after Matthew.

Elizabeth's gaze was filled with disappointment. The people next to her were still gossiping.

"That's the dean of this hospital!"

"What about the other one, the more handsome one."

"He's Matthew! The president of the Hilton Group."

Elizabeth heard these words and silently turned around and looked out the window.

From now on, she could only hear about him through other people's mouth. She could no longer get near him, and her heart instantly ached,

He didn't pay attention to her just now. He should be willing to break up with her.

Suddenly, her eyes darkened and she fainted,

Hazel held her quickly.

“Lizzy, what’s wrong?”

She could not wake up, so she could only carry her and directly to the doctor’s office.

Elizabeth was placed on the small bed in the doctor’s office.

When she woke up, there were three people standing beside her. One was a doctor in a white coat, the other was a Hazel, and beside Hazel was Dominic.

Hazel happily tugged on Dominic’s hand. “Mr. Campbell, Lizzy is awake. She’s finally awake.”

Elizabeth sat up and touched her forehead.

“What’s wrong with me?”

She also found it strange. She felt her chest tight, so she walked to the window to get some fresh air, but she still passed out at last. Could it be a heatstroke?

The doctor smiled. “Miss, you’re fine. It’s just that you’re exhausted. Although you’re young, you still have to be more restrained with sexual intercourse.”

Chapter 575 Awkward

The moment she said this, the air suddenly became thick. Elizabeth felt like she could sleep for a while longer. Why did she wake up so early?

Hazel blinked her big eyes. “What do you mean by sexual intercourse?” She looked puzzled.

Dominic's face was very gloomy, he was extremely unpleasant.

If he hadn't been pretending to be blind now, he might have turned around and left.

The doctor glanced at Dominic and smiled.

"Well, you'll understand this in the future."

Elizabeth hurriedly slid down the bed. "I-I'll go first."

After saying that, she ran out of the room so fast.

"Young Master, Wade's face is red. She looks shy!"

"Shut up."

Dominic roared softly. This girl really doesn't know anything?

"It's OK if you don't understand, but why do you keep asking."

This will only make everyone awkward.

"Okay!"

"Hazel was a little dizzy after being scolded, but she didn't dare to answer back, so she could only hold his arm.

"Young Master, let's go chase Wade! She's so tired, she may pass out again."

Dominic rolled his eyes. Is this girl going to die without saying anything?

Elizabeth stood by the window of the waiting area outside, letting the cold breeze blow away the warmth on her face.

I was too embarrassed just now. Last night, I was a little overworked last night.

After all, Matthew was too energetic, and she wanted to leave him an unforgettable night.

They hadn't slept for almost the whole night.

She ran home early again. It could be said that she didn't even close her eyes the whole night.

She wrapped her arms around herself and took a deep breath.

Elizabeth, it's all in the past. Don't think about it anymore.

From now on, you and Matthew will be on different paths.

Since his family disagrees, she could not disappoint grandfather, and she could not leave

Dominic, so they don't have the fate to be together. She just wants him to be happy.

And she herself, felt that she didn't have anything to do with happiness.

Ever since she was born, she did not have her mother by her side. Her stepmother and sister had never treated her well. After that, she was screwed over so badly, but she did not have any evidence.

Even if she wanted to sue Celine and Tiana, she did not know how. This was her life, and she gave in.

Hazel helped Dominic out. "Lizzy, the young master is here. Let's go see your grandfather!"

Elizabeth let go of her arms. Her expression had returned to normal and she walked toward them.

"Let's go!"

Dominic looked at her and he didn't feel guilty at all. He almost didn't know this woman anymore.

She was clearly his fiancée. She even accepted his ring.

But she still slept with Matthew: The thought of this made a fire burn in my chest.

The tightly pursed lips revealed his emotions at this moment. Of course, Hazed did not notice

Elizabeth could feel that, Dominic used to have a good temper, and she had never seen him angry, nor had she seen him lose his temper

Today, she actually felt a chill run down his spine.

Elizabeth turned around, not to look at him, not to think too much.

"Lizzy, help me."

He shook off the hand of Hazel. There was a trace of disappointment in her heart, but she was now completely conquered by Elizabeth

Anyway, she felt comfortable being with Elizabeth. She was not a bad person

Since she will be the young master's wife in the future, then let her take good care of the young master and she'll be free. I'm willing to do anything as long as I can live in that house.

Elizabeth held his hand, while he held her wrist tightly and said through gritted teeth.

"Have you slept with him?"

Chapter 576 How Many Times

Elizabeth blushed again when she heard this and her ears turned red.

This was the first time she experienced what happened last night. She would never forget that kind of sex.

Therefore, whenever someone mentioned it, those scenes would emerge in her mind, and her face couldn't help but turn red.

She did not say a word, Dominic asked again.

"Is that so?"

Elizabeth did not want to hide it anymore.

"Yes, I love him."

She had told him these things before, but he never listened.

She really wanted to be with Matthew, but it seemed like everyone was against it.

Dominic suddenly stopped in his tracks. He chuckled and raised his hand to caress

Elizabeth's face.

"Lizzy, I love you more than him. We've known each other for six years. I'll definitely give you happiness. If you break up with him, don't ever see him again. Besides, I'm a man. I don't

want my woman to cheat on me."

Elizabeth pursed her lips. "Dominic, isn't it good for us to be friends?"

She still wanted to fight. For the sake of Matthew and for the love in her heart, she wanted Dominic to give up on her.

Dominic calmed himself down and wrapped his arms around her shoulder. The smell on her body was pleasant.

He wanted to find this perfume of hers, but he couldn't find it in the whole world. This must be her body scent!

It smelled good, making people feel better. It was as if he were walking in a garden full of

pear blossoms.

The scent slowly calmed him down and he smiled,

"Lizzy, you've agreed to marry me. If you can't accept my eyes, then I have nothing to say."

When he woke up, his mind was agile. How could a simple woman like Elizabeth be able to play him?

Elizabeth was stunned for a moment upon hearing this. She glanced at his face and, to be

exact, she looked into his eyes.

Only then did she remember that his eyes couldn't see. He was a patient who was

traumatized.

him.

If he wasn't treated properly, his life would be over.

Thinking of this, she bit her lip.

How could she do this? When Dominic was in a difficult situation, she should be helping

"Dominic, I'm sorry. I won't do it again."

世

Upon hearing this, Dominic smiled, "I believe you. Let's go see grandpa."

In the examination department of the medical engineering building, Matthew received the

report from the lounge.

He looked at the data and frowned slightly.

“Abby’s is not my daughter?”

“No.”

Nicolas was also a little surprised, but this was a medical basis.

Matthew’s face was also filled with disappointment. He was an emotionless person, but at this moment, his expression was obviously darker.

Nicolas said, “Anyway, you don’t mind. If you don’t, then you can have a few more children with Lizzy in the futures

But this matter was not good for Matthew.

Originally, he wanted to use the three children to force Elizabeth to stay by his side.

Now that the bargaining chip was gone, what right did he have to let her stay by his side?

At this moment, Nicolas’s phone rang and he answered it

“What is it?”

“Dean, Mr. Campbell’s fiancée fainted and has been transferred to the gynecology department. Do you want to visit her personally?”

just now, a doctor saw him talking to Elizabeth, looking quite familiar

Now that she fainted, the dean should visit her

Nicolas furrowed his eyebrows. "Unconscious? Gynecology?"

He looked at Matthew suspiciously and he heard this on the phone,

"They were overworking. Maybe she and Mr. Campbell worked too hard at night. Young

people would sometimes do this,"

out."

Nicolas hung up the phone after hearing what they said.

He smiled wickedly, "Matt, how many times did you do it last night? You made Lizzy passed

Chapter 577 Her closest Family

Upon hearing this, he stood up in shock.

"Where is she?"

Nicolas raised his eyebrows. "Gynecology department, but Dominic is there too. Wt's nex good for you to go there."

After all, the two of them now, one was Dominic's fiancée, and the other was fiatia's boyfriend.

It would cause a lot of trouble if he appeared in front of them.

Besides, people would gossip that Matt was the third party, and Lizzy was the one who cheat.

Dominic was blind. His fiancée had run away with someone, so it made sense

At that time, Lizzy and Matt's reputation would be ruined.

Matthew did not listen to him. He left the lounge and went to the gynecology department.

The moment he stepped out of the elevator, he saw Dominic hugging Elizabeth. Besides, she didn't resist and she even looked at him obediently. The way they looked at each other was really irritating.

This scene was undoubtedly a sharp blade.

Stabbed into Matthew's heart. He stood rooted to the spot and stared at them.

Elizabeth's attention was on Dominic and reminded him to walk carefully. She was afraid

that he would fall. Therefore, she did not notice the man standing at the other elevator doors.

Just like that, she entered the elevator under his gaze and disappeared in front of him.

Nicolas came out of the elevator and saw that fellow standing with his back facing the elevator.

Just as he was about to walk to Matthew's side, someone suddenly exclaimed. , you're bleeding "

When Matthew heard this, he raised his hand and touched his face. His mouth and nose were bleeding. He frowned slightly, as if his head was hurting

Nicolas walked over quickly. When he saw the terrifying look on his face, his face darkened.

He took out his phone and dialed a number. Then, he reached out to support Matthew.

“Mall, how are you feeling?”

At this moment, his phone was connected. “Come to the gynecology and pick us up. Hurry up and get a pushover”

Matthew narrowed his eyes, and replied coldly.

“I’m fine,”

After that, he strode into the elevator and Nicolas chased after him anxiously.

“Mall, don’t you want to live anymore? You have to do a quick check to look at the position of the bullet. Did it move again?”

“There’s no need. I’m fine.”

He said firmly and did not care about the blood. The blood stained the white shirt on his chest, it was terrifying.

Nicolas didn’t care anymore. He pressed on a random button and pulled him out the the elevator doors opened.

“Stop the bleeding first and then we’ll talk about other things.”

Elizabeth helped Dominic to the hospital building. Besides, the bodyguards at the door seemed to have changed and they were not stopped.

The two of them entered the ward smoothly. When Celine and Tiana saw them, their expressions changed.

“How... How did you get in here?”

Dominic had been here before. Before he arrived, he had someone lure the mother and daughter away. The bodyguards at the door had also changed into his men.

Elizabeth handed Dominic to Hazel and walked quickly to the bed.

“Grandpa.”

Master Wade was awake. Since only the mother and daughter were around, he had his eyes closed. At this moment, she heard Elizabeth’s voice and opened his eyes.

“Lizzy...”

His voice was hoarse and he had lost a lot of weight. His expression was terrible. Elizabeth’s eyes welled up in tears, and her heart ached.

“Grandpa, weren’t you all right? Why are you sick suddenly?”

Master Wade held her hand and said, “Silly girl, I’m already in my seventies. It’s normal for me to be sick.”

Tears streamed down Elizabeth’s sweet cheek and she shook her head.

“Grandpa, don’t talk nonsense. You won’t. You’ll live a long life.”

In this world, Grandpa was her closest family. If Grandpa left, no one would care about and love her anymore.

Chapter 578 Early Wedding

Tiana furrowed her eyebrows as she watched the scene beside the hospital bed and whispered.

“Mom, look at Elizabeth. She’s so good at talking. If she keeps talking, grandpa will probably give her all of her family’s assets.”

Celine could no longer hold it in. She got up and walked over.

“Lizzy, your grandfather just came out of the ICU. He needs to rest.”

The expression on her face darkened, but she didn’t say that she wanted her to go out.

Elizabeth patted Master Wade’s hand. “Grandpa, I won’t disturb you. Have a good rest.”

After saying that, she turned around and left. Master Wade held her hand.

“Lizzy, bring the three children over tomorrow. I want to see them. Also, you and Dominic’s wedding should be moved up. Three days later, I want to watch you get married.”

Elizabeth, can you still refuse at this time?

Seeing her grandfather like this, she could only nod.

Master Wade looked in the direction of Dominic and called him.

“Dom, come here.”

Hazel helped Dominic over and held their hands together.

“Dom, I’ll depend on you to take care of Lizzy from now on. Help me take good care of her and make her happy for the rest of her life.”

Master Wade had also heard about the life she had been living for the past six years. He regretted it. If he had known that she had been through such a hard time, he would have looked for her earlier.

To make her suffer was his fault as a grandfather.

Therefore, he had to make up for it as much as possible

Leave her to someone reliable and let her rely on him for the rest of his life, so she didn’t need to work so hard anymore,

Dominic replied “Grandpa, don’t worry, I’ll definitely love Lizzy”

Elizabeth’s gaze was fixed on Master Wade’s face. He had really aged a lot.

“Would God really take her last family? The more she thought about it, the more upset she felt. Tears couldn’t stop flowing down her cheeks.”

Celine could only retreat back to the sofa. After she sat down, she stared at the woman

beside the bed.

It Elizabeth got married to the Campbell Family, she would be considered the Young Mistress of a wealthy family.

But it's good that she's married. That way, Tia will be able to marry Matthew. The Hilton Family is much stronger than the Campbell Family,"

By then, they would crush her pride. Marrying to a blind man? Her life would be doomed.

Elizabeth took a photo with her phone and her eyes were filled with joy.

Now, Elizabeth was completely out of the picture. She sent these videos to Matthew so that he would know that Elizabeth was someone else's, so that he won't think about her anymore.

It was a good thing that Grandpa was sick, so Elizabeth and the wedding were ahead of schedule.

Unfortunately, she had a bad relationship with her grandfather. Otherwise, she would want him to make the decision and ask Matthew to marry her quickly.

Sigh, such a pity!

When would Matthew propose to her and when would he marry her?

Well, I'm so excited that I can marry him tomorrow!

Celine asked in "What are you doing?"

After Tante saved the video, she whispered.

Send it to Matthew! So he will give up"

Celine gave her a thumbs up and smiled.

After Master Wade finished speaking, he was tired. He closed his eyes and waved his hand.

"You guys go home! I'm tired."

Elizabeth wanted to stay here with him, but her grandfather didn't allow her to do so, so she

should visit him tomorrow!

The few of them walked towards the door, and Tiana suddenly spoke up.

She said, "Congratulations! You're going to be Mrs Campbell soon"

Elizabeth glared at her coldly. She ignored her and helped Dominic out,

Tiana cursed. "Elizabeth, you're so rude. I sincerely wish you my well, but what kind of

attitude you are giving me

Hazel turned around and glared at her.

“Sister, what you said just now doesn’t sound like a blessing. Why does it sound like a

curser

Chapter 579 The Bride to Be

Tiana looked at the little girl in the black maid costume in front of her. She looked like a

character in a comic.

“It has something to do with you?”

Hazel’s eyes were staring at her. Then, Tiana slapped her face like she had lost

consciousness.

Celine heard the noise and buried over

“Tia, what are you doing?”

Tiana was awakened by her. “Huh?”

She did not know what happened just now. Hazel has already jumped out.

Tiana only felt her face hurt, so she raised her hand and touched it.

“Mom, why does my face hurt so much?”

Celine reached out and patted her head. "You didn't have a fever, right? You hit yourself in the face just now."

Tiana was startled. "What? I hit myself."

She looked puzzled, but at that moment, she really did not remember anything.

"Tia, have you been too tired recently because of what happened to Matthew? Go home and get some rest."

Celine looked at her like she was crazy. She was afraid that her daughter would have a mental illness, so she insisted on taking her back to sleep.

During this period of time, I had to observe her carefully. I couldn't let anything bad happen

to her.

Dominic and the others got into the car. When Elizabeth walked towards the driver's

her heart tightened and she instantly felt uncomfortable. It was as if someone had grabbed her

heart.

She took a deep breath and looked up at the sky.

"Elizabeth, don't think about it anymore. Grandpa is already like this. Just fulfill his wish and

make him feel at ease. You owe Dominic a lot too. You have to pay it back"

The more she comforted herself, the more upset she felt.

Elizabeth got into the car, started the engine, and drove out of the parking lot.

Dominic suddenly spoke up, "Lizzy, the wedding is moved up, so the wedding clothes could not be customized. We'll go to DK later. You like their designs the most, right?"

Elizabeth thought that she could go back to Diagon Mountain Villa. She wanted to find a

quiet place and let herself calm down.

Upon hearing Dominic, she had no choice but to look straight at him.

3 days later, she and Dominic will be getting married. The gown should indeed be chosen.

"Okay."

"Tomorrow, I will come to your house and don't go anywhere."

"Okay!"

Along the way, Dominic talked a lot. He even had someone arrange for the wedding. It was.

as if even if they got married tomorrow, he could settle it.

Elizabeth suddenly felt that she could rely in a man like him.

She drove in a daze. Looking ahead, Matthew's smile always appeared in her mind. The way he talks, the way he plays dirty, the way he looks aloof.

and the way he looks when he is angry, as if she has seen every single side of him.

But, no matter what he looks like, he's exceptionally handsome. He doesn't even have a bad angle.

Elizabeth took a deep breath restrain her attention, so she would not get into a car accident.

"I could not die. The three children could not live without a mother."

Tiffany was there when they reached DK's headquarters, waiting for them.

Because Dominic had an appointment with her. Everyone in A City would respect Dominic.

When she saw that the person who entered was Elizabeth, she was a little surprised.

"Lizzy, are you going to be the bride?"

Dominic wanted a perfect gown but three days was not enough, so he asked Elizabeth to choose one she liked and then asked Tiffany to change it.

Change it to the style she liked. It would be unique too.

Elizabeth walked towards her, "Master, yes, I'm here to choose a wedding gown today."

Tiffany wrapped her arms around her and led her inside to see the wedding gown.

"Congratulations, Lizzy!"

As long as she was not married to Matthew, she would give her blessings

Chapter 580 I Want Her to Be Happy

Elizabeth felt heavy and uncomfortable when she heard Tiffany's congratulations!

If she and Matthew were to choose a wedding gown today, then she would be in a different mood, and what she said would make her extremely happy!

She took a deep breath and replied.

"Thank you!"

Tiffany looked at Dominic, "Mr. Campbell, Lizzy is my disciple, just like my daughter, I hope you treat her well."

Lizzy's getting married soon. If my sister finds out about this, she'll be very happy

She thought that her sister would definitely come and attend the wedding

Dominic smiled faintly, "Miss, Wood, Don't worry, I'll cherish the Lizzy"

Tiffany was her stage name. In fact, her last name was Wood. However, not many people called her that now.

It seemed that Dominic knew her well. She thought that this man was quite good. At least when it came to choosing a wedding gown, he was very thoughtful.

Hazel saw behind the curtain opened by the clerk. There were all kinds of gowns. It was simply too beautiful.

“Wow! Look at it!” she exclaimed.

Hazel ran over and reached out to touch it. She was already fantasizing about how she looked when she wore a wedding gown.

Elizabeth also looked surprised. Although she went to class every week, she had yet to come to her studio. This was the first time she came here and saw this.

“That’s so shocking!”

Lizzy, come here quickly. This is beautiful, this is pretty too.”

The two girls were looking at their wedding gowns excitedly. With a smile on her face, Tiffany asked the salesperson next to them give them try whatever she wanted to try.

“If she’s not satisfied with anything, or she needs to change anything. Write it down.”

Actually, she felt that the outfit she won the previous time suited her very well, but it seemed like she did not want to wear it.

Before Hazel ran over to look at the gown, she had already helped Dominic to sit on the sofa, so he sat there elegantly

He looked straight ahead, so he could see every expression of Lizzy in his eyes.

It seemed like she was not too happy. Even Hazel was more excited than her.

Did she still think about Matthew? His face darkened slightly.

She sat down next to him. When the girl saw the dress she designed, she was so excited and happy

“Mr. Campbell, I can customize a gown for Lizzy. It’s free. It’s a wedding gift for her.”

Her designs, especially this high end model, required at least seven digits. It was considered a big gift.

Dominic said indifferently, “It’s mainly because the time is too tight. Our wedding will be held three days later.”

“Are you in such a hurry?”

Three days was indeed not enough. She was a little disappointed, but fortunately, there were So many options. it?

Dominic replied, “Yeah, it’s mainly because Master Wade is in a hurry.”

It wasn’t that he could not wait. It was simply the old man’s wish. How could he not fulfill

Lizzy was a kind person, she was too kind, so she cared about her family.

Tiffany nodded slightly. “I understand. Is there anything you want, Mr. Campbell? How about your suit.”

Dominic smiled, “Lizzy will choose for me. I will like it as long as it’s her choice.”

Upon hearing his words, Tiffany chuckled.

Although Dominic was blind, and the Campbell family was now led by Dominic's father. However, he was really good to Lizzy and it was obvious that he loved Lizzy very much.

Elizabeth knew about Elizabeth's condition. She had given birth to three children, but Dominic still loved her like this. I hope she'll be happy in the future!

This way, my sister would feel more at ease.
