

## **Game Over 581**

Chapter 581 She Is Not Serious

Hazel liked every single piece and she looked at Elizabeth,

“Wade, which one do you like? Let’s try it.”

She was so excited that she wanted to try everything.

Even though she might never get married in this lifetime, she saw that the brides were so beautiful on TV.

Lizzy was getting married to the young master now. She could already imagine how beautiful the wedding day would be.

Young Master is so handsome, and Lizzy is so beautiful! What a perfect couple.

However, when she thought about this, she felt a little uncomfortable. She couldn’t help but look back and look at Dominic.

Elizabeth randomly pointed at one. “This one!”

The clerk took it from her and she asked.

“Hazel, which one do you like? I’ll give it to you.”

She looked poor, but now she was an invisible wealthy woman. She had to count the monthly income. Anyway, she could afford a wedding gown.

Hazel was overjoyed when she heard this.

“Really? Lizzy, do you have the money to buy it for me?”

Thinking of the wrecked car that she drove, it was really too wrecked. She was afraid that

Elizabeth wouldn't have the money.

“Yes.”

She reached out and caressed Hazel's face. She felt that this girl was really beautiful, like a

Hazel laughed over more joyfully “Haha, then I will pick one,”

The two of them took their favorite wedding gown and went into the fitting room. There was a shopkeeper helping them

Dominic sat on the couch with Tiffany accompanying her. She needed to know more about

Dominic. Otherwise, if her sister asked, she won't be able to answer anything and she would be worried.

She had the opportunity to get close to him today, she had to take a good look and see how this young man's character is

He had seen his dependence on Lizzy just now. He cared a lot about Lizzy, full of love.

“Mr. Campbell, there are desserts and coffee on the table. You can eat while waiting for them.”

Dominic's expression changed slightly when he heard this. He's blind.

How could he eat?

However, he quickly regained his composure and spoke politely.

“Thank you!”

Tiffany nodded in satisfaction. It was very rude of her to say such a thing. Especially for a disabled person like him, it was very disrespectful and seemed to make things difficult for him.

Not only was he not angry, but he was also so polite.

It was obvious that the kid had a good upbringing.

At this moment, Elizabeth and Hazel had been dressed. Elizabeth had a long tail and a chest shaped shape. She was as beautiful as a goddess, giving people a glowing feeling.

Dominic was shocked. He felt like his heart was beating faster and it felt like it was about to jump out of his chest.

However, since he was blind now, he could not show it, so he could only remain calm.

However, her breathing became a little hurried, and Tiffany smiled.

“Lizzy is wearing a beautiful wedding gown. She looks like a fairy who’s lost in the world.”

Hazel beside her was wearing a white pumpkin wedding gown, making her look even more adorable. At this moment, she looked exactly like a Barbie doll.

The two girls were wearing different wedding gowns. Their beauty was different, but they were all one of a kind.

All of the staff were dumbfounded and whispered.

“These two ladies are too beautiful!”

In the doctor, Matthew was treating the blood from the nose and mouth.

Nicolas held his phone and stood at the side, communicating with the doctor.

“Can the blood stop?”

After spending so much, he looked at his white shirt that was almost dyed in blood.

A few doctors and nurses were busy, and the doctor replied.

“Dean, It’s fine. I can stop the blood.”

Nicolas heaved a sigh of relief. At this moment, Matthew’s phone in his hand vibrated.

He saw a video followed by a message from Tiana.

“Matthew, look, my sister and Dominic are getting married in three days.”

Chapter 582 Will Kill Hen

Nicolas saw this, he turned around and walked out of the line to fork at the video

Old Master Elizabeth handed Rizabeth’s hand to Domes, and send in a hoarse HEN

“I’ve entrusted my most promicans granddaughter to you. You up to the se

Nicolas fell silent after watching the video. How did it happen so quickly?

The wedding is going to be held in three days. Marte Ware Cent lok too good. It seems like he's worried that he could not make it this time, so the wedding has to be moved to

The expression on his face changed the deleted the video and menige

Following that, he dialed Tania's number, and the call was annosened very quickly

"Matthew."

It was obvious that the women opposite him was very excited. The comers of his lips curved up slightly. He was afraid that he would disappoint her.

"Ms. Wade, it's me, Nicolas

"Nicolas." Tiana was obviously very disappointed

"Ms. Wade, I hope you won't send these messages to Matthew again

After saying that, he hung up furiously.

Now that Matt is in this state, this kind of video will kill himd

Tiana looked at her phone in confusion.

Celine asked, "Did Matthew calle It seemed that the video that Tiana had just sent was useful. Men can not stand to be meaned as a backup. But Elizabeth now completely treated Matthew as a backup

She was getting married and could not hide it anymore. It's good that Matthew knows about it in advance.

Abby sighed. "It wasn't him calling. It was Nicolas. He told me not to send these to M anymore. He even said it would kill him."

Celine laughed. "He's right. Some people are really deadly."

Tiana was even more upset. "Mom, Why does Matthew like her so much? I don't understand."

She did not understand at all. How could Elizabeth take his life?

"That's simply unbelievable."

A strong man like Matthew was like the King of Hell in the business world. Whoever wanted to mess with him was unlucky. Everyone was afraid of him. it?

Now, he was actually afraid of Elizabeth.

The only person in this world who could kill him was Elizabeth. How could she underhand

Celine narrowed her eyes slightly. "Tia, what are you afraid of? From now on, you will be Mrs. Hilton. You will always be by his side. As time goes by, he will definitely forget about Elizabeth."

Now that Elizabeth was getting married, a love rival who had already married someone else was not enough to be afraid.

Elizabeth did not try another one. Just the one just now, she felt that she could wear any outfit.

Because to her, this wedding was just the grave of her love and also her grave.

Actually, she still wanted to wear the black one, which suited her mood.

However, Dominic would definitely overthink. She couldn't make him unhappy

It was as if she did not dare to make anyone unhappy.

I'm so tired!

Hazel tried a few sets in front of the mirror. "This looks good too! Ahhh, I don't know what to choose"

Elizabeth was amused. "Hazel, what should you do when you're getting married?"

This little girl looked so hesitant.

Hazel was furious. It's a pity that I don't have the money. Otherwise, I'd like to buy all the wedding gowns.

Elizabeth did not even try any other gowns and asked the clerk to pack it up.

She was a little tired. When she walked to the sofa and was about to sit down, Tiffany stood up and walked toward her.

"Lizzy, I'll take you to choose Dominic's gown."

Elizabeth was obviously stunned when she heard this, but she quickly reacted.

"Okay."

Hence, she followed Tiffany to the closet on the other side. The clerk opened the curtains on the other side and there were all sorts of men's gowns inside.

Chapter 583 I Want Him to Live a Good Life

She wrapped her arms around her shoulders with a smile on her face,

“Dominic said that as long as you choose it for him, he will like it. Not bad! He treats you Very well,

Lizzy will be the queen of the family in the future. With three children and Dominic, she will sanely have a good life for the rest of her life.

Fortunately, God is fair.

Ever since she was born, her mother was not by her side and she had to live with others. She then had three children before marriage and raised them alone, and all these suffering had finally passed.

Elizabeth stood in front of the row of dresses, her eyes blurry.

Because when she saw the suit, she thought of Matthew. She thought that he would look good in every single piece of clothing here,

He was tall and handsome.

“Lizzy, which one do you like? I’ll have someone try it on for him.”

Elizabeth finally regained her senses. The sadness in her eyes hadn’t faded yet. She saw it and walked closer to her.

“Lizzy, what’s wrong?”

She looked unhappy. Could it be that she doesn’t like Dominic?

Elizabeth squeezed out a smile. “Tiffany, I’m just having difficulty choosing. Please help me choose. I think your taste is much better than mine.”

She was a well-known designer and the founder of DK. The one she chose was definitely suitable for Dominic and would also surprise the guests.

She smiled. "Alright, I'll give you some opinions. In the end, it's up to you. After all, that's your hand

Thrabeh,

"Husband," she had only called Matthew before. When she called him, she felt shy and happy

Now that she heard this word, she felt a little sad for some reason.

"This, this, and this are very suitable with your gown."

Elizabeth pointed to the second one. "It's white, and it fits well with mine."

The wedding clothes were ordered just like that. Dominic did not try it. He just asked the clerk to take a look at it. Some places might need to be modified, and some places would need to be adjusted.

By then, they would send a professional make up artist and a stylist over. This matter was considered settled.

Matthew's blood finally stopped. The doctors and nurses breathed a sigh of relief.

Nicolas stood by the bed and looked at his pale face. The color of his lips had changed. This was the first time he saw Matthew like this.

"Dean, we've already stopped bleeding. But Mr. Hilton, you have to be careful in the future."

After all, the injury was in the head, and there was a psychopath. Perhaps the next time the bullet would hit that deadly nerve,

Nicolas nodded slightly, "Yeah, you guys go ahead."

After the doctor and nurse left, Matthew wanted to get up but couldn't do anything.

Nicolas reached out and pulled him. Initially, he wanted to help him, but this fellow refused to admit that he was weak.

Matthew sat up and looked at his clothes. Then, he frowned slightly.

If I was to go out like this, they would think that I was a murderer,

"My phone."

He spoke in a low and hoarse voice, seemingly a little tired.

Nicolas glanced at the phone in his hand. Everything that he needed to delete was deleted.

Fortunately, they had a good relationship and he knew Matthew's password.

"Here, I've already asked your secretary to deliver the clothes here."

Matthew took the phone. Initially, he wanted someone to send the clothes over. Since

Nicolas had already called him, he could only wait.

"I'll be sitting here for a while. You go ahead."

Nicolas stood there without any intention of leaving.

“Matt, your bullet is really going to be resolved. My experiment has always failed. Maybe I’m too anxious, but my senior brother said that he has a senior sister who’s more skilled in this aspect. Why don’t we go to C Country tomorrow and meet her?”

Chapter 584 Matthew’s Charm

Nicolas wanted to take him away from this place and let him live.

Matthew’s eyes darkened and he said.

“3 days later! I need to hand over the work here.”

The burden of the Hilton Group was so heavy that it was impossible for him to withdraw immediately.

Even if he went, whether or not he could survive was still a difficult question. Perhaps he won’t be able to return once he left.

That’s what he thinks, so he’s going to arrange everything here.”

Grandpa and Grandma need to be taken good care. Otherwise, he won’t be able to rest even if he dies.”

Moreover, even if that woman married Dominic, she still had to have some assets in her hands. Otherwise, if her husband would not be reliable anymore, what should she do?

At this moment, he still thought about that woman in his heart. Even he felt that he was very pathetic.

Nicolas’s expression didn’t look too good. “Matt, the faster this illness is cured, the better.

Besides, we'll go look for her first. We'll just let her see your condition, and we're not going to undergo surgery immediately. I won't agree to something that may be deadly."

At this time, all he wanted to do was take Matt and leave this place to avoid Elizabeth's wedding.

Matthew rolled his eyes slightly. Recently, his body hasn't been doing well. From time to time, he's having a headache and bleeding. He's too weak and unhappy.

But he knows what his body is like

"Okay, let's go there tomorrow."

L'est my antines, balls ready do if to low or de neer, Matthew's tard, Leke was holding a bag, it was the clothes he muually had in his bike was decked when he saw Matthew's clothes.

"Hoes, what's wrong? jake liked calling him that, and he had been with Matthew for the longest time. Although he was his assistant, he was actually managing his company most of the time

He was one of Matthew's most trusted people

Jake looked nervous. He was aliarly touching, his body

"Where did you get hurt? Why didn't you call use

"they're downstairs, Matthew didn't allow them to follow us. I didn't expect it to happen so

What if something happens to him, what should he do

Matthew slapped his hand away. "I'm fine. I'm bleeding a little. I won't die."

Jake heaved a sigh of relief when he heard it was blood from his nose.

“Oh, nose blood! The weather is too hot lately. Mr. Hilton, don’t be eating too much cold stuff. I’ll get them to make you some soup to replenish your blood later. You’ve lost so much blood.”

After saying that, he took out his phone and walked out of the clinic while making a call.

Nicolas was amused. “Matt, I didn’t see it! It turns out that Jake has so many words. He’s usually like a piece of wood. He looks like a human when facing you.”

Matthew picked up his clothes and unbuttoned it with one hand. He walked behind the

“I’ve never seen him behave like this before.”

The deep voice came from behind the curtain. It was exceptionally pleasing.

Nicolas crossed his arms and narrowed his eyes.

Matt seemed to be impatient, but in fact, he must be very happy!

This fellow usually seemed cold, but he was really very righteous. The people around him would obey him willingly and treat him well.

In fact, their relationship was very good. When something happened, he believed that Matt would definitely be the first person to stand up for him.

After changing his clothes, Matthew stuffed the dirty outfit into the bag and walked out.

“I’ll take my leave first.”

The tall and slender man opened the door and strode out.

He threw the bag containing his expensive shirt and trousers into the bin at the door.

Nicolas followed behind him. "Matt, let's take the earliest flight tomorrow. Don't forget."

Chapter 585 The Sus

Hizabeth and the others walked out of De's headquarters. Hazel was holding their wedding gowns, looking exhausted and

She held it in her arms, unwilling to even put the trunk in

Elizabeth smiled, "Hazel, aren't you tired of hugging me like this?"

"I'm not tired. I'm not tired"

Except for the maid's clothes, she didn't have any other clothes. This was the first time she bought such a beautiful outfit.

Elizabeth helped Dominic into the car. When she got into the car, she heard Dominic say coldly

"That dress is only allowed when you're getting married. Don't wear it on any day!"

"Huh?" Hazel opened her eyes slightly

"This is just a beautiful dress. I can't wear it everyday?"

I've already thought about it. I'll go back and change it. I have two outfits, so I'll change it.

The young master really understood her very well. She pouted furiously.

“Oh, got it.”

Elizabeth turned her head to look at the disappointed Hazel and suddenly understood.

“I’ll take you to buy beautiful clothes in a few days, okay?”

She had already treated Hazel as her younger sister. Sometimes, she resembled Abby, she’s no different from a child, simple and cute!

“Okay, I want beautiful clothes.”

Sure enough, girls liked beautiful clothes. Elizabeth drove away from the hospital.

Dominic suddenly said, “To the Campbell Residence.”

Elizabeth was stunned for a moment and he explained.

“I promised grandpa to hold a wedding three days later. I should tell my family today to discuss the proposal tomorrow.”

Elizabeth did not know much about these etiquette. Anyway, for the sake of grandfather, then she should listen to him!

“Okay!”

Elizabeth turned her head at the intersection in front and then drove toward the Campbell Residence.

The Campbell Family was in the south of the city. They arrived an hour later. The main entrance of the Campbell Family's old mansion was still antique. There were two stone lions at the entrance. They were very imposing.

The car could only enter through the back door. Elizabeth drove through the main door to the back door. The back door was made of a floral carved iron door. When the car reached the front door, the car door opened slowly.

The door was automatic. Even the car plate could be recognized automatically.

All of Dominic's cars were recorded here, so the moment his car arrived, the car door slowly opened.

Someone stood up from the pavilion at the door. When he saw it was Dominic's car, he saluted right away.

The car drove toward the courtyard. This was the first time that Hazel came to the Campbell

Residence. Looking at such a big yard, she opened her eyes slightly.

"Wow, this yard is so big. Is this the Young Master's house?"

Sure enough, the wealthy family was like what was shown on TV. The family was like a palace.

Immediately, she felt that the wedding gown in her arms was not pretty anymore. She became more interested in every house here.

The car was parked on the parking lot. A few servants welcomed them and opened the door for them.

"Young Master, you're back."

After the Great Young Master got into trouble, he moved to the villa. It had been a few months, and everyone was very happy that he could come back.

In the past, Dominic treated these servants very well. He was a gentle and gentle young master before. Everyone liked him.

“Yeah,” he answered indifferently.

Elizabeth was the first to visit his house. She could feel that he had a high status in this family and everyone respected and liked him.

She got out of the car, walked to his side, and stretched out.

“Dominic, let me help you get out of the car.”

Dominic grabbed her wrist and got out of the car.

He saw the gazes of the servants beside him. There was obvious regret in their eyes, as if they were a little sad about the fact that he was blind.

The corners of his lips curved upward. “Butler, is my dad back?”

Previously, he called him and told him to go home at this hour. He had important matters to discuss with his family.

At this moment, Mrs. Campbell came out and called him from afar.

“Dom, you’re finally willing to go home.

Chapter 586 Meet My Family

“The old man entered ten minutes before the two of you.”

Mrs. Campbell came over and hugged Dominic.

“Dom.”

Dominic’s complexion was obviously much better. He seemed to be smiling even after being hugged by his mother.

Elizabeth let go of his hand and asked Mrs. Campbell to help him.

Hazel was still holding the bag. Her big eyes darted around and she kept looking at it. She felt that this place was really beautiful!

Elizabeth called her, “Hazel, we’re going in.”

Hazel ran to her and she was a little excited.

“Lizzy, Young Master’s family is so amazing! Will we live here in the future?”

Actually, the one she wanted to stay the most was Dragon Mountain Villa. That was her home. However, if she stayed here, she would be fine too. This place was very beautiful. This kind of house was like a palace, and she felt that staying here would be very happy!

Elizabeth shook her head, “I don’t think we’ll be here!”

Dominic had a lot of properties. Besides, with his current state, he did not want to see anyone. Hence, she felt that the possibility of living on Dragon Mountain Villa was higher.

Hazel nodded, “Oh!”

Into the main building, in the living room, Madam Campbell and Master Campbell were there, and Dominic's father was there too. When Madam Campbell saw the person entering, she called him.

"Dom, you're finally back."

Master Campbell's face darkened. "You bastard. You don't want us to visit you at the hospital and you don't want to go home. Do you want to get beaten up"

Master Campbell seemed to be very strict. In fact, he loved this eldest grandson very much. time,

By the time she found out that he was blind, she almost lost his breath. However, after a long he had accepted this fact.

Madam Campbell wiped her tears, "Dom, sit here with Granny."

She helped Dominic to sit beside her and Dominic called out.

"Lizzy, come here, Granny has always wanted to see you."

Previously, he had told his grandmother that he had a girl fie liked. She was beautiful and adorable!

At that time, his grandmother hoped that he could bring the girl he liked back. However, with his mother suppressing him, she did not have this chance,

Only now did he bring Lizzy to her.

When Mrs. Campbell saw Elizabeth, her eyes curved into a crescent shaped crescent.

"Yo, this girl is so pretty!"

As she spoke, she tugged on Elizabeth's hand and called her with a sweet smile.

"Hello, Grandma Campbell!"

Madam Campbell asked her to sit beside her and held her hand.

"It turned out that our Dom liked this kind of girl. She's very sweet and suits Dom very well."

Mrs. Campbell looked at Madam Campbell and couldn't help but ponder deep down.

"If you know that she has three children, will you still say that?"

Mrs. Campbell knew what Madam Campbell was thinking. She looked very kind on the surface, but in fact, she was very clever!

If she hadn't been suppressing Dom before, ne what Dominte dud, she wouldn't have

Hence, she had to keep the fact of Elizabeth having kidds a secret.

Otherwise, Madam Campbell would explode every minute,

Mr. Campbell asked casually, "Dom, you've decided to move back!"

The sight of his son like this made him feel uncomfortable Initially, he had given the power to his son a long time ago, and over the past few years, he managed the company very well.

Now that it's in his hands again, but he's getting old.

Leonard had been working harder in the company these days. After all, he was from the past generation. The current generation had business intelligence and managerial skills that were better than him.

Sometimes, he really hoped that his son would come back, so he did not need to fight in the battlefield.

Dominic said indifferently, "I'll have a wedding with Lizzy in three days. I'm here today to discuss the marriage with you guys. I'll be going to the Wade Residence tomorrow to make a proposal."

Everyone was stunned when they heard this. Three days later, isn't this too urgent?

Chapter 587 Hiding About Having kids

"Who's in such a rush to get married? Even if you are anxious, it's impossible for her to be so anxious."

Mrs. Campbell asked, "Lizzy, do you agree too?"

Mrs. Campbell and Elizabeth were on the same side now. After all, she was the only one who could let her son receive treatment from a doctor, and she was the only one who could give Dom hope.

Mrs. Campbell compromised. As long as his son recovered, he could marry Elizabeth!

Elizabeth replied, "Yeah, I agree."

She wanted to say that she did not agree, but the current situation was not something she could change with just a word. her.

As long as she refused, Dominic's illness would worsen, and grandfather would be furious by

Thinking of these consequences, she felt that her happiness did not matter anymore. These two people were indebted to her, and it was time for her to repay her gratitude.

Upon hearing this, everyone in the Campbell Family understood.

Mrs. Campbell responded, "Oh, then let's go to the door tomorrow to propose."

Elizabeth did not know much about it. Dominic could do whatever he wanted!

Mrs. Campbell suddenly stood up and held Wade's hands.

"Lizzy, I have something to give you. Follow me upstairs. This is our family's rule. It's for our daughter-in-law."

With a smile on her face, she dragged Elizabeth upstairs.

Hazel stood at the side and watched Elizabeth get dragged away. She was at a loss.

Is she accompanying the young master or is she accompanying Wader

Suddenly, she realized that she seemed to rely on Lizzy more and more. Especially at this moment, she was standing in such a big living room.

Although there were a lot of people, she did not know anyone except for the Young Master.

The young master was cold. He could not give her warmth, but Lizzy could give her a sense of security.

Elizabeth entered Mrs. Campbell's room and Mrs. Campbell took out a bracelet from the jewelry box.

"My grandmother passed this to me. She said it was for my future daughter. I don't have a daughter, so I passed it to my daughter-in-law."

The jade bracelet was green and clear colored. It looked good at first glance.

"Mrs. Campbell, this is too expensive. I could not accept it."

Mrs. Campbell shoved it into her hand. "Lizzy, what happened in the past is in the past.

Don't take it to heart. I've already figured it out. You're the only one who can make Dom recover, so I treat you like my own daughter. You have to accept it."

Elizabeth looked at the handcuffs in her hand and pursed her lips. Mrs. Campbell was being so sincere, so it was not appropriate for her to refuse. I'll take it first. I'll return it to her next time.

Then, Mrs. Campbell spoke again, "Actually, I asked you to come up. There's one more thing."

Elizabeth looked at her. "Yes."

I'm already like this. I've broken up completely with Matthew. There's nothing I would do. I'll do whatever I can do.

As long as the current situation could improve, she was willing to do it. Lizzy, you know that the Campbell family is a big family. I don't mind Dom marrying you.

But you have three children, and his grandmother could not accept it. So tell your family not to talk about the three children tomorrow. From now on, you and Dom can live outside. The three children can live together with you."

Elizabeth was slightly stunned when she heard these words,

It turned out that the purpose of her sending her the bracelets here was this. The three children were the root of her life. Although Domine and grandfather said that the three children were his, the Campbell family knew his character, so they would not believe these words.

If this continues to boil, his family will definitely have to do a paternity test. By then, everything will be exposed.

She bit her lip and responded.

“Okay?”

it’s good that things don’t make a big fuss. Otherwise, grandpa might not be able to accept it if he finds out the truth.”

Ms. Campbell smiled and raised her hand to caress her face.

Good child, I knew you’re a good child.”

To Ms. Campbell, recovery of Dominic was the most important thing now. Therefore, if he wanted to get married, he would go along with him. If he were to go against his words, he would be even more upset and it would aggravate his mental illness.

## Chapter 588 Spy

Dominic also talked to the elders of the Campbell Family and went to the Wade Residence to propose the next day.

By the time Elizabeth and Mrs. Campbell came down, Mr. Campbell had already left.

The company was full of things. He was so busy that he didn’t have the time to stay at home.

“Dom, you’re going to start a family. A man will start a family first. I’m not worried about your career. You’re better than your father, your uncle, and the others. So, you have to treat your eyes. You’ll still have to take over this family in the future.”

Although Master Campbell did not care about the company’s affairs anymore, the shareholders would ask him to have tea from time to time.

They kept telling him about her son running a company recently. They said that one of the projects was clearly very profitable but was snatched.

The share price of the company plummeted again. He was so annoyed.

They were against Mr. Campbell and still hoped that Dominic would manage it. However, if his eyes weren't good, then they hoped that the second son of the Campbell family would manage it.

Dominic agreed, "Okay, grandpa."

Elizabeth and Mrs. Campbell heard and Mrs. Campbell happily held Elizabeth's hand.

"Lizzy, did you hear that? Dom said that he'll treat his eyes well. He'll definitely recover in the future."

Although she had always thought that her son was outstanding, but now that he had become person, but Lizzy still wanted to marry him. Looking at all these, she was quite a worthless moved.

If her son returned to normal, then Lizzy would be married to a normal person.

Health ended and nodded hand it

Hazel saw Elizabeth finally coming downstairs. She kept looking at her, because she was standing like this, her legs were hurting, and she wanted to sit down!

Elizabeth noticed it. "Dominic, shall we go home now?"

He had already gone home. If he stayed, she would bring Hazel to her own home. It would about make her feel more at ease.

The old man said coldly, "We're going to the door tomorrow to propose their marriage. You should stay here tonight."

Dominic did not dare to refuse, "Yeah, I'll stay home tonight."

Elizabeth smiled. She was so happy to see the people in the house see Dominic come back.

She breathed a sigh of relief. As long as he did not reject everyone and was willing to live with everyone, the trauma in his heart would definitely be cured.

Mrs. Campbell was very happy. "Son, that's great. You're at home."

She walked to Dominic and hugged him.

Elizabeth said, "Then, I'll go home first. I'll be waiting for you at Wade's house tomorrow."

Upon hearing this Dominic's expression changed and Mrs. Campbell said.

"That's right. Lizzy should go home. After all, the two of you will get married in three days. When the time comes, you'll be together every day. It won't take too long."

Dominic was worried that if she wasn't by his side, she would meet Matthew and sleep with that man

He couldn't stand it.

Elizabeth looked at Hazel, "Dominic, there are many servants at home. I want to ask Hazel to go home with me, okay?"

The little girl was not used to the Campbell Family and changing legs, she knew that her legs were already sore.

Hazel ran to Elizabeth and nodded repeatedly.

“Young Master, I’ll take care of Lizzy for you. I’ll try my best.”

Dominic was originally afraid of Elizabeth going to see Matthew. Now that there was a

Hazel, it was good.

Before the two of them left, Dominic suddenly called out.

“Hazel, come here.”

Hazel took a glance back. The young master’s fierce expression was terrifying!

“Lizzy, wait for me in the car. I’ll be out soon.”

Elizabeth nodded and she was sent out by Mrs. Campbell and Madam Campbell.

In the living room, only Dominic and Hazel. Of course, there were a few servants, but they would pretend to be deaf and could not hear anything.

“Hazel, go to Elizabeth’s house. Remember to soy for me. Don’t let her meet other men.

Chapter 589 She Is a Child

The cold expression on his face was quite frightening.

“Yeah, I got it,” Hazel replied.

Michael remained rooted to the spot and asked worriedly.

“Young Master, is it okay for you to stay here alone?”

After all, he was just pretending to be blind. Usually, when he was at Dragon Mountain Villa he was still busy reading and working every day.

He could only pretend to be blind here. I’m sure he would be bored.

Besides, she was afraid that he would forget pretending and get busted.

Now, she finally understood that the young master was pretending to be blind just to marry Lizzy. She liked Lizzy too. It was normal for a man to like such a beautiful and cute woman.

However, Young Master was not bad. At least he was handsome and had a good family background. Lizzy would be happy if she married him.

After thinking about it, she felt relieved.

Dominic raised his hand. “Go ahead. You don’t have to worry about me.”

This was his home, and his family loved him very much. Therefore, he would not be in any danger here, nor would he be bullied.

The little girl was overthinking and worried too much.

Hazel followed Elizabeth and left the Campbell Residence. Elizabeth drove with the jade bracelet in her hand.

“Lizzy, is this bracelet from the Young Master’s mother? So beautiful!”

Tridech pureed:
