

Game Over 591

Chapter 591 Helping Elizabeth

Elizabeth was really tired from crying. By the time she woke up, it was already past 9 o'clock at night.

The house was pitch black. There was no noise from the children. The world was quiet.

It had been a long time since she felt this kind of loneliness.

Elizabeth opened her eyes and looked at the window. The moonlight tonight should be very beautiful. The white curtains shone into the moonlight, adding a bit of chilliness to the house. now.

I could hear the wind outside and it gently patted the leaves.

She took a deep breath. Probably because she had cried a lot, her mood was much clearer

Elizabeth turned on the bedside lamp and picked up her phone. She still had a lot to do.

I don't have much time to spend on sorrow.

She found Richard's phone. She had never thought that she would give him a call.

But tomorrow the Campbell family would come to the door to propose. For the sake of grandfather, she could only take the initiative to contact him.

After a while, the other side finally picked up.

"What is it?"

His voice was cold, and there was a trace of impatience.

"It's me, Elizabeth. The Campbell family will be coming to the door tomorrow. Tell the family, don't mention that I have three children."

Richard smiled upon hearing this.

"Can you hide such a thing? No, aren't the children Dominic's? Why do you hide it from his family?"

Phaabeth had a thought of a way to deal with him Dominic then't tell the truth to sabische oh so the theo chicken west be publ for the toe being che maniage was for grandpa's sate it was gaps"

Richard was getting annoyed with this matter lately. Mastes Wade's condition was not very good this time, but fortunately, he was clear headed.

Everyone from the Wade Family had returned. They stayed at home and waited for Master

Wade to die and share the family's assets

For the sake of Old Master Wade's health the thing he cared about the most was Lizzy Seeing her getting maimed he would die in peace

"Okay got it."

After saying that, he hung up the phone, and Elizabeth let out a gentle breath. The man was her father, but she had never felt the love of a father.

Even it she was getting married, he wasn't reluctant at all. Perhaps he was in a hurry to marry hey out!

Richard hung up the phone and said to Celine, who was doing makeup in front of the mirror.

Celine stood up in a daze. The mask on her face almost fell to the ground. She raised her hand and patted it.

“What’s Elizabeth up to? Didn’t the children belong to Dominic? And now she has to hide them. Why?

Actually, she knew they wasn’t Dominic’s but Matthew’s

However, she would not tell anyone about this, let alone admit it.

Richard sighed, “Tell everyone, don’t talk about the children tomorrow. The old man has been holding on, just to see her get married. The old man will be at ease and leave peacefully once she is married.”

As long as she uses this to oppress them, they would definitely help Elizabeth keep it a secret.

Celine was very angry. She didn’t want that girl to have a good life.

But when she thought that the three children were a ticking time bomb, she decided to help Elizabeth!

Since she married into the Campbell Family, Matthew won’t care about her anymore.

“Then, I’ll tell them. I’ll take care of this.”

After saying that, she sat back in front of the dressing table and pushed her face with the cosmetic instruments.

Richard sat back on the sofa. “Tell me, what will Dad leave for Lizzy?”

“Well, everyone in the family was wary of Elizabeth. After all, Master Wade loved her the most and spoiled her the most.

If it weren't for Celine's plotting back then, she would have long been the successor of the

Wade Family and inherited the Wade Group.

Now that Master Wade is leaving, he might leave the biggest shares to her again. In the future, Richard, the president, will have to listen to her instructions

Celine paused. "Is he done with the will? Can you sneak a peek? Let's change i

Chapter 592 Trying To Match Them

Richard looked at her like he was looking at a fool. "Do you think it's that easy? The will is kept in the safe of the bank. It has to be opened by Master Wade, the lawyer, and the keys of the bank."

Celine's eyes narrowed. "Is it that troublesome?"

She really didn't know. After all, she was from a normal family and she didn't know about this at all.

"But Dad loves Lizzy so much. Will he give her the company?"

What she was most afraid of was that there was nothing left for her and the Tia. If he gave everything to Elizabeth, what would happen to them in the future? Can they stay in the Wade Family anymore?

The Wade Family was a prominent family. It was a century-old glorious family. Actually, such a family is the most stubborn."

The relatives seemed to be in a good relationship. In fact, they were hoping that the other party would not do well and wanted to suppress each other.

It was almost the same as the previous competition between the kept women and the wife.

She had been fighting over and over again, and over the years, she was also very tired!

Richard sighed, "How would I know about this? But the old man won't be like that. There are so many people in the family, everyone will be able to share it."

Richard knew this very well. Someone inherits everything? That's impossible.

However, he might give her more shares so that she would have a seat in the Wade Family

Elizabeth finished making the phone and went into the bathroom. She took a shower and wiped her eyes with a hot towel. She was crying too hard just now and her eyes were swollen.

Previously, do had teen nonfating ferset ike this, fata de fer svo feli

By the time she walked out of the bedroom, he was the womanring the by Ms. Elliott was watching television in the living room downstairs. When these her coming downstairs she got up

"Lizzy, you're awake. I'll cook for you

Elizabeth asked, "Where are they? Are they all asleep Ms. Elliott laughed "Hazels here She's having fun with the three of them She's tired, so she went upstairs to sleep Abby wants Hazel to sleep with he

Elizabeth nodded Sure caught, children and children could play together,

No wonder she could sleep so soundly for a few hours today it was all thanks to Hazel She sat on the sofa and watched the television Actually, she did not care about what was on the television. She was a daze.

When Ms. Elliott came out of the kitchen, she saw her dumbfounded expression and recalled what she said. She broke up with Mr. Hilton

She sighed. Although the two of them liked each other, why did they keep arguing?

What a young couple! It would be too late if they regretted it again at her age.

When she thought about it, she took out her phone and secretly gave Matthew a call.

He was still in the meeting. Since he was going overseas tomorrow, he had to complete his work for the next few days tonight.

The person who answered was Jake. Matthew's phone was with him and he answered it.

"Hello!"

"Mr. Hilton, are you home?"

Jake heard an old woman's voice. Looking at the name written on Ms. Elliott, he recalled that it was Ms. Wade's nanny.

"Ms. Elliott, hello, I'm Mr. Hilton's assistant, my name is Jake."

Ms. Elliott was stunned. She quickly took a glance at the phone and realized that it was Mr. Hilton's number!

"I'm looking for Mr. Hilton."

Jake replied, "My boss is in a meeting, so it's inconvenient to answer the phone. What's up? You can tell me, it to you, or I'll ask him to give you a call later."

I'll pass Ms. Elliott furrowed her eyebrows. He was still in a meeting. Sure enough, a successful man had no time for home. He was busy with his career!

“Then Mr. Hilton is working too hard. Has he eaten yet?”

“Mr. Hilton has eaten.”

“Ah, I’ll hang up now. I’m fine too.”

After saying that, she hung up. Initially, she wanted to help the two of them get together, but she did not expect Mr. Hilton to be so busy.

Chapter 593 He Found Something Unusual

It was already past eleven at night when Matthew finished his meeting.

Everyone in the meeting room was exhausted. They got up and left.

Sitting in the main seat, he raised his slender fingers and massaged the center of his eyebrows.

In fact, it wasn’t that he won’t be tired. It was just that he didn’t feel it before. Now, it was obvious.

Jake walked in and placed Matthew’s phone in front of him.

“Boss, there are a few calls you need to reply. I’ve settled everything else.”

Matthew nodded slightly. “Yeah, you should get off work!”

Jake was stunned for a moment. “Mr. Hilton, we’ll take you home then we’ll get off work.”

This was usually the case. The assistant and bodyguard would send him home safely before getting off work.

“There’s no need, it’s too late. I’ll drive home by myself today.”

He got up and grabbed his phone. Jake suddenly remembered.

“Ms. Wade’s nanny called.”

Matthew stopped in his tracks upon hearing this.

“What did she say?”

The boss’s eyes seemed to have suddenly lit up. It was as the rumor said, my owner was very fond of Ms. Wade and he had witnessed it today.

“Just asking if you’ve eaten? I said you’ve eaten. She said she’s fine. She’s hanging up.”

Matthew’s gaze darkened before turning around and leaving.

Jake shook his head, not understanding what his boss meant.

However, he had spoken, so they did not dare to follow

The next day, at four thirty in the morning, Jake and a few bodyguards were already waiting at the door

The chauffeur did not dare to call him and asked.

“Mr. Matt, what time is Mr. Hilton’s flight? Should we hurry up

Jake had just closed his eyes and wanted to take a break.

“If you dare to rush him, go ahead.” He opened her eyes.

The chauffeur had no choice but to shut his mouth. He could only drive faster later so that he won't miss Mr. Hilton's flight. Otherwise, according to Mr. Hilton's temper, he might be fired soon.

The benefits of being Mr. Hilton's chauffeur were a lot. Not only was his salary high, many people wanted to know him and would look for him. side.

Then, he would get a lot of benefits, and he would also be treated as someone powerful.

"That's why he's so loyal. He'll do whatever he wants. He just wants to stay by Mr. Hilton's.

At this moment, Jake's phone rang. It was a call from Matthew and he quickly answered it.

"Boss."

"Have you arrived?"

"We're here. We're here. We're at the entrance."

After that, the door of the villa opened slowly and the phone had already been hung up.

The chauffeur drove into the courtyard. Jake got out of the car and entered the house. He helped Matthew drag his luggage out.

At six o'clock, they arrived at the airport.

By the time they entered the VIP waiting room, Nicolas welcomed them.

"Matt, you're finally here. We're leaving."

Matthew raised his left hand to look at his expensive watch. "Isn't the flight eight o'clock?"

It was only six thirty. How could Nicolas wait?

"My private plane is just about to leave."

Matthew frowned slightly. "Why are you in such a hurry?"

One of the men looked at him in confusion, making Nicolas feel a little guilty.

He held his arm and pushed him forward.

"I'm in a hurry! My senior brother said that his senior sister is a beauty. I want to go see her."

After saying that, he smiled to hide the guilt in his heart.

Matthew's lips curved into a cold smile.

Nicolas said as he walked, "Let's all turn off our phones! It's rare to be quiet."

As he spoke, he was about to take out his phone, but Matthew took out his phone to prevent him from touching it.

Her cold gaze swept over him. "You're acting strange today."

He started to suspect, and his heart thumped. He was probably too nervous. He was afraid that news of Elizabeth and Dominic's wedding would spread to him, so he was in a hurry.

Then, he wanted to make him lose contact with the outside world, but he forgot that this fellow was a super smart and extremely hard to deceive.

Chapter 594 Lie To Him

Matthew looked deeply at him, "What do you want?"

Nicolas's not feeling too good. What should I do?

If he were to tell him the truth, he would definitely not go to Country C. Besides, his life was about to be ended.

Immediately, he calmed down.

"Alright, I'll tell you. I went to a nightclub to have fun, and then I bumped into a woman.

When Estelle found out, she wanted to look for me to settle the score. That's why I decided to hide with you in C Country and ask about your illness."

"This reason is enough, right? After all, his playboy's name is famous, so he should believe

Only then did Matthew withdraw his gaze and walk forward.

He believed it. He really believed it.

Nicolas thought to himself. Thank god, fortunately, he believed it.

Sure enough, sacrificing his reputation could shock him. He raised his hand and caressed his forehead to calm himself down.

"As long as the plane takes off and leaves here, everything will be fine."

Elizabeth woke up at seven o'clock. When she pushed open the door, she saw Hazel sitting by her door, sleeping soundly. She frowned slightly. Could this girl be sleepwalking?

Hence, she bent down and called out to her, "Hazel, wake up."

Hazel heard the voice and her eyes widened. She wiped the saliva at the corner of her mouth and chuckled.

"Lizzy, are you awake?"

Elizabeth smiled and patted her head.

"Why are you sleeping here?"

Hazel, who had just woken up, was a little confused, so he told her the truth.

"Young Master asked me to keep an eye on you and not let you meet another man, so I came to the door to watch."

After saying that, she quickly covered her mouth. Her big eyes twinkled. Why did she tell the truth?

She quickly got up from the ground and blamed herself for sleeping. She was so stupid.

Elizabeth sighed when she saw Hazel slapping herself. It turned out that she had an ulterior motive. Dominic even arranged a mission for her.

This little girl is too honest. She actually stayed at the door all night.

"I want to go to the Wade residence. If you're tired, you can sleep in the guest room for a while."

After saying that, she had already walked toward the stair, and Hazel hurriedly caught up to

“Lizzy, I’m also your servant now. Where are you going? I’ll go too?”

She has relied on Elizabeth. Being with her will give her a sense of security.

Elizabeth was so Ok with that. As long as she wasn’t tired, she can follow her!

When the two of them went downstairs, the Wade Family’s driver was already waiting in the living room. When he saw the person coming down, he looked at Elizabeth.

“Miss Master asked me to come and pick you up.”

Elizabeth nodded her head, “Let’s go!”

Ms. Elliott came out of the kitchen. “Lizzy, aren’t you having breakfast?”

She was already preparing. Everything was ready.

Elizabeth smiled, “I have to eat over there today. Ms. Elliott, please take care of the three

Actually, the three children, besides the Abby, the other two were Ms. Elliott’s little helpers.

Considered as the three adults watching a child, she would not be tired.

Ms. Elliott nodded, “Yeah, don’t worry about it at home. I’ll take good care of it.”

Hazel smiled at Ms. Elliott, “Goodbye Ms. Elliott!”

Hazel liked this place very much. They didn’t treat her like a servant and treated her like a family.

Yesterday, she was having a great time with Abby. Arthur and Antony looked quite aloof. The two boys were actually very good. She really liked the three kids! free.”

“Hazel felt like she was at home.”

Ms. Elliott waved at her. “Goodbye, Hazel! Come and have fun at home whenever you’re

“Okay, Ms. Elliott.”

The chauffeur opened the car door for them and Elizabeth bent down to get into the car.

Hazel opened the car door herself and walked to the other side.

The car slowly drove out of the villa. When they passed by Matthew’s house, Elizabeth subconsciously looked inside.

Chapter 595 Tears

He should be up at this hour. Have you eaten breakfast?

She actually wished that he was standing on the balcony right now, and she could still look at him from afar.

But until the car drove out of the villa, she did not see any trace of Matthew.

Elizabeth leaned against the backseat, closed her eyes, and stopped thinking.

Originally, she thought there was nothing that could not be solved by a big meal, if not, then two meals.

Last night, her stomach almost broke. She was still upset, unable to forget, unable to go through.

In her mind, it was him over and over again, she could not forget.

Her heart still hurt so much that it felt like she was going to die. Even her breathing hurt.

It felt even more painful now. A drop of tear fell from the corner of her eye.

Hazel reached out her fingers to take it. Her big eyes blinked as she looked at the shiny tears.

She felt that it was beautiful, but the smell was a little sour.

It was as if the world had turned dark, and there was no more light.

She sniffed and then looked at Elizabeth.

“Lizzy, aren’t you happy?”

She kept the tears and then rested her head on her shoulder.

“Wade, if you’re unhappy, you can tell me. I’ll help you.”

Even though she did not know much about this world, everything was very unfamiliar to her and she was afraid too.

But she has power! If she wants to beat someone up, she’s strong enough.”

Elizabeth slowly opened her eyes and put on her mask and am

“I’m not unhappy. I’m just a little tired. I’ll sleep for a while.”

Hazel smiled when he heard it

“Oh, I’m tired too. Let’s sleep together!”

She hugged Elizabeth, then both of them closed their eyes. Elizabeth couldn’t fall asleep, and it didn’t take long for Hazel to fall asleep. She really could fall asleep in seconds.

Sure enough, she did not sleep well at the door last night. Elizabeth turned her head to look at her.

She suddenly felt envious of her. She was innocent and not worried. This kind of life was truly blissful!

When they reached the Wade residence, the Wade Family was very busy

The chauffeur opened the car door for her. “Miss, welcome.”

Hazel was still sleeping soundly on Elizabeth’s shoulder!

Elizabeth shook Hazel’s head. “Hazel, we’re here.”

Hazel, who was awakened, felt a little uncomfortable. She wanted to sleep, she sighed.

“I’m so sleepy!”

“I’ll take you to my room to sleep.”

Anyway, she thought of Hazel as her own sister and did not treat her like a servant. When she came to the Wade Family, she would not get used to it, so she might as well let her sleep

I’m done sleeping. I’ll have a nice meal. Isn’t this my happy little day?

"Hazel is really sleepy. She hasn't slept for almost the whole night."

"Sure!"

The two of them got out of the car. Hazel held her hand and yawned. by theme they entered this mam banking everyons from the Campadl family had arrived the five room they were sting tepathes and chatting the salen consens when was the kids chases after them, and it was very lively

Class loss up and walked toward hy when she saw the rer of them enter you've back. today you happy day Why are your weening whitet Your shrouded weer Had to cats"

Cobase smiles have an old fashioned rod chovnysam My grandmother left it for me. I'll

After saving that she twisted her waist and walked upstates to get her clothes

Elizabeth said solth "No need. It's just a proposal today. It's not a wedding. I don't have to

Was she afraid that no one would know how much she wanted to marry Dominic

Dose she want me to become a laughingstock in the Campbell Lamily?

Francine and Christina were smart people. When they heard this, they glanced at each other and felt that Lizzy seemed to have become smarter

"Lizzy, you haven't eaten breakfast yet, right? Let's go have breakfast."

They held her hand and led her to the dining room to please her

Chapter 596 Waiting For Asset

Cole saw the two sisters in lane treat Elizabeth well and knew that they were doing this sake of the family inheritance

The test that Moster Wade led her and would definitely give her more

And as long as they make her happy, maybe her husband will have a place in the company

The calculation was really good, and Celine's expression changed.

"won't let your wish come true."

Only then did they realize that Elizabeth's not dead was really troubling. Sure enough, she was here to divide the family fortune.

And she was marrying into the Campbell family. This makes them even more upset

However, they had no other choice, Initially, they wanted to make it difficult for her to live in the Campbell Family, but she had become smarter

Hazel watched Elizabeth being surrounded and was a little ar

"Lizzy"

Elizabeth looked at Hazel and called out.

"Elsa, come here."

Elsa was a servant at home. She was very young and looked like a Hazel.

"Miss, what is it?"

Elizabeth pointed at Hazel, "Take her to my room."

Elsa nodded. "Okay."

I'll get someone to send the food to my room later. If that girl wants to sleep or eat, just let

Elizabeth was brought into the dining room by her aunts. The two of them enthusiastically helped her pull a chair and asked the servant to prepare breakfast for her. They were very attentive

The two of them sat beside her, one on the left and the other on the right. Francine said

"Lizzy, you're getting married into a wealthy family. Don't forget about us in the future

That's right! We're all happy for you! The Sutton family is not bad in A City!"

Tiana was having breakfast. She was the one who woke up late at home. Seeing Francine attentiveness, she couldn't stand it anymore.

"Six congratulations!" She said this in a strange way, and the aunts looked at her

"Tia! Have you eaten?"

Francine laughed "Tia is still the most blessed. The Hilton Family is now the most prominent family in A City."

Christina laughed too. "That's right! Both of you sisters are so lucky!"

Elizabeth was really hungry. She started eating breakfast and told the servant.

"Send one more to my room."

Tiana Tiana had already eaten, but she had no intention of leaving. She took out her phone and adjusted it to the photo taking function. She looked at her makeup.

“Who’s in your room? Aren’t you not allowed to talk about your three children today?”

After saying that, she kept her phone. Her diamond carved nails were beautiful, and she admired them herself.

“Well, Dominic is really generous. It’s obvious that they are not his kids, but he still wants to acknowledge them. Ha! When it’s time to get married, he doesn’t dare to acknowledge them. To be honest, a man like him might be different after marriage.”

After saying that, she quickly covered her mouth. “Look at me. What did I say?”

She got up “Aunts, accompany my sister for breakfast. I’ll go out first.”

Aby won a long red dress for celebrations today. Those who did not know would think that she was going to get married!

Elizabeth did not care what she said. She ate her breakfast gracefully.

Francine and Christina glanced at each other and spoke at the same time,

“Lizzy, don’t worry. Ha has a sharp tongue. Don’t listen to her.”

Elizabeth smiled. “I’m fine.”

Francine saw that she seemed to be completely fine. It was really different from the Lizzy she used to be. She used to get mad easily.

I had were to say such a thing to her, she would burst into tears.

After not seeing each other for a few years, she was indeed more mature.

Christina asked

“Have you gone to see grandpa?”

How did Master Wade distribute the family fortune? Master Wade had three sons, four granddaughters, and two grandsons. By the way, there were three great-grandchildren

Chapter 597 Betrothal Presents

When they thought about this, they couldn't help but sigh inwardly

The Wade Family was as strong as in the past. What could they have now!

Elizabeth replied, “Yes, I'm going there today too. When we're done talking about our wedding, Dominic and I will be there.”

Grandpa should have been waiting. His biggest wish now was her marriage.

Francine rolled her eyes. “Then, how is Grandpa doing? Will he be okay!”

Ever since the Wade Family heard that Master Wade was admitted into the hospital and his body was not doing well, they had all returned. This was too obvious.

“Grandpa is doing quite well. He's clear headed. When I got married, he even said he wanted to attend!”

Of course, she was lying to them.

Based on her grandfather's current condition, she won't be able to leave the hospital

Otherwise, she won't have agreed to get married so soon. well.

The two of them were slightly taken aback, then they spoke.

"Oh, that's good."

After saying that, the two of them got up and said, "Lizzy, eat slowly. We'll go out to help."

Elizabeth nodded. The two of them were staring at her like this. She was really not feeling

Francine and Christina walked out and chatted

"Did you hear that? Master Wade is doing very well!"

Francine shook her head. "You believe her? She's in a good relationship with Master Wade, so of course she hopes that he'll get better. But look, isn't getting married in such a hurry just to

"That's be! 15929 ia berrening emetre. The two of the walked out of the drong room where walked over the of her arms and glanced at the hem of the coldly and sand unfoundly Do you gave think Mesh Wade will give her most of the family fortune? Don't forget, whose daughter is she? for whose take does Mister Wade spoil her?"

Richard was Master Wade's favorite kon. He spoiled him since young.

Hence, his first daughter, Elizabeth, was treasured by Master Waco,

If it weren't for the fact that the Tia was an illegitimate daughter Master Wade would love hes very much. This was all Elizabeth's fault, if it weren't for her and her mother hand

The most favored i was gorina be Tia

Francine and Christina hurriedly smoothed up the situation while francine held onto her

“You’re overthinking it. Isn’t the Campbell family here today to propose a marriage? Shouldn’t we give her a congratulations!”

“That’s right, that’s right! She’s the main character today, and we congratulate hes for getting married However, Tia’s marriage is much better! Matthew is handsome, and the Hilton family is strong How Can Dominic compete with him? He’s blind.”

Celine was in a better mood after hearing what the two women said.

She could not compare to her daughter, Matthew belongs to the Tia. That’s for sure.

At noon, the Campbell Family arrived. Dominic and Dominic’s parents, as well as Master

Campbell and Madam Campbell, it was obvious that the Campbell Family cared a lot about this marriage

Hazel stood beside Elizabeth and looked at the group of people entering. There was a small truck following behind. After the truck stopped, they moved boxes and boxes of things. downstairs. There was a red colored paper attached to the boxes,

“What’s in those boxes?” She asked in confusion.

A servant beside her replied, “That’s the gifts from the Campbell Family.”

Elizabeth was also a little surprised. She did not expect that they would bring so many gifts.

The butler of the Campbell Family handed a document to the butler of the Campbell Family

Then, the butler of the Campbell Family handed it to Richard.

Originally, it should be for Master Wade. If he wasn't here, it was Richard's turn.

Celine looked sideways and her eyes lit up.

"That much?"

Francine had already leaned forward to take a look. Then, she turned around and whispered.

"Lizzy, the Campbell family is quite good. Eight boxes of gold, silver and jade, six apartments, and 50 million dollars."

Chapter 598 Dream On

After all they had never seen anyone who had such a high commission, and they instantly felt that Lizzy really had an endless happiness.

All of a sudden, the crowd started gossiping in a low voice.

Celine said coldly, "They are trying to force us to return more wedding gifts? Don't think it's a good thing."

When the others heard this, their expressions changed slightly.

"That's right. Master Wade likes Lizzy so much. I don't know how many wedding gifts he wants to give her!"

Elizabeth did not mind. Richard and the two brothers greeted the guests and invited them into the house.

She walked to Dominic and held his hand to help her up the stairs.

Hazel also ran over. "Young Master, you look so handsome today!"

He was wearing a sky blue suit and a white shirt. The tie inside was also sky-blue. He looked clean and delicate, and there was a faint scent of sunshine.

Dominic asked indifferently, "Are you taking good care of Ms. Wade?"

Hazel felt a little guilty. She slept in Wade's room in the morning.

Thinking of this, she looked to the side.

"Heh, of course, I slept at Ms. Wade's door last night!"

Dominic heard this and there was a faint smile on his lips.

It seemed that it was impossible for Elizabeth and Matthew to be together last night. He raised his hand and grabbed Hazel's little face, causing her to frown in pain.

"Thank you for trying your best."

Seeing the young master laugh, Hazel breathed a sigh of relief.

Elizabeth did not notice Dominic's expression, nor did she see the sight of him grabbing Hazel's little face. At this moment, she looked ahead and was a little dumbfounded.

I wonder what would happen if the person who came to the door today was Matthew. I'm sure I'll be very happy to be able to feel this joy!

At this moment, she felt like she was wandering in the icy water. Her whole body felt cold.

The elders sat together and discussed about their marriage, looking very formal.

Elizabeth did not participate. She led Dominic to have afternoon tea in the small living room.

Hazel was brewing tea by the side. Her movements weren't fluent. She kept knocking on cups or tea utensils.

"I'm sorry! I'm sorry!"

Elizabeth couldn't help but laugh when she saw her like that. How did she get into the Campbell Family?

The Campbell Family heard that the servants that they hired had to have various certificates. How did this girl get in? It was probably like how she knew someone from the Campbell Family!

A few cousins came in one after another. They were all here to see Dominic.

"He so handsome!"

Rachelle and Nicolette smiled at the same time and their gazes were on Dominic.

Fortunately, Dominic couldn't see it. Otherwise, he would probably be upset if he was treated like a monkey.

Tiana walked in and saw that her brother and sister were there, so she said.

"What are you guys looking at? Get out."

Elizabeth had always been very arrogant in the Campbell Family. Now that she had a relationship with Matthew, she became even more arrogant.

All of them were afraid of her. The moment they heard her, they all ran away.

Elizabeth did not care about her. She picked up a cup of tea and handed it to Dominic.

“Dominic, have some tea.”

Tiana sat opposite Elizabeth and the others. She crossed her legs and crossed her arms in front of her chest, staring coldly at Dominic.

Following that, she laughed. “Brother-in-law, you’re going to marry my sister the day after tomorrow. Tell me how you feel right now.

Are you very excited?”

The thought of Elizabeth getting married to him and not snatching Matthew from him made her so happy.

By the time she took the position of Mrs. Hilton, she would be one of the most powerful woman in A City.

Elizabeth married a blind woman. She didn’t care at all.

Even though the other party was discussing the details of the wedding, it seemed that there was a lot of wedding gifts!

She took a deep breath. When she got married, her wedding makeup must be twice of Lizzy’s.

Chapter 599 Annoy Dominic

Dominic sipped his tea slowly and replied to her in a low voice.

“That’s right. I’m very excited, very happy too.”

Then, he wanted to hold Elizabeth’s hand, and Elizabeth quickly stood up.

“I’ll go get some dessert for you guys.”

After saying that she walked out of the small living room.

Tiana saw this scene. Actually, she knew that the girl had a big heart and she was thinking about Matthew.

“That’s true. Anyone in A City wants to marry Matthew, Elizabeth is no exception.”

Dominic saw the mocking look on Tiana’s face and clenched his fists. Although his face was expressionless, the green veins on his forehead revealed his feelings at this moment.

Tiana picked up a cup of tea and took a sip.

“Brother in law, my sister is too sentimental. Don’t get her body but not her heart! Come on!”

She looked down at the teacup in her hand. The evil smile in her eyes was obvious.

Elizabeth, if it weren’t for Matthew, I won’t have let you have such a good life!

However, even if you marry into the Campbell family, I won’t make you feel comfortable.

These words reminded Dominic that the person Elizabeth loved wasn’t him, it won be him in the future.

Matthew and the others took a ten-hour flight and arrived at C City.

When they were getting off the plane, Matthew switched on his phone, and Nicolas hurried over to take a look.

“Do you have a phone call?”

He saw a bunch of missed calls and reminders. There were also many emails, messages, Facebook, too many.

Sure enough, Mr. Hilton was very busy with work. Matthew gave him a cold glance.

“Tell me, what are you hiding from me?”

Ever since he arrived at the airport, he had been paying attention to his phone, as if he was afraid that he would receive a call.

Nicolas quickly unlocked the video. “I’m afraid that that woman will look for you and find out where I am. She’ll chase after me.”

She was the little princess of her family. It was very likely that she would chase after her. Her willfulness was her endorsement.

Matthew didn’t quite believe it, but he didn’t say it or force it. This was Mr. Hilton’s personality.

Nicolas’s senior came to pick him up personally. At the exit, there was a short-sized young man in a white T-shirt and blue jeans.

He raised his hand and waved it at them, saying in a low voice.

“Bloody hell, Senior, you’re dressed like a university student. Do we look old walking with you?”

After saying that, he straightened his hair and adjusted his glasses.

Matthew was wearing a black suit. He looked handsome and rigid. He was wearing a white suit and looked very formal, like an elite in the business world.

Nicolas knew that as long as he was with Matt, he would be talking to himself all the time. After all, that fellow would not reply to

The two of them walked and hugged him.

“Nicolas, it’s really rare for you to come here personally.”

Nicolas’s senior brother called Howard, Nicolas patted his back too.

“He’s my good friend, Matthew,” he introduced Howard.

“Matt, he’s the senior brother I often mention to you, Howard.”

The two of them shook hands politely and Matthew said indifferently.

“Howard, I’m sorry to trouble you this time.”

With his body like this, he could only look for a trace of hope in him.

Howard smiled. “You’re welcome. As for my relationship with Nicolas, you’re his best friend, which means you are my friend. Besides, we’re doctors, it’s what we should do.”

The few of them left the airport and got into the car.

The two of them were in Howard's car. Matthew's subordinate and the subordinate of Nicolas followed behind.

As Howard drove, he said, "I have an appointment with Jane. We'll have dinner together later. She'll do a checkup for Mr. Hilton tomorrow and then decide on the surgery plan."

"Jane? A pretty name. Is she pretty?"

Chapter 600 Beaten Up

Howard smiled, "Very pretty!"

Nicolas knocked Matthew with his hand. "Oh, pretty doctor!"

Matthew had always been cold. He turned his head and looked out the window.

After being hit by him like this, he averted his gaze. He looked at him and his voice was deep and enchanting.

"Don't forget why did you hide?"

Nicolas smiled awkwardly. "Haha, that's true. Ever since I dated Miss Lee, I've lost my freedom. I want to break up but that girl doesn't want it. I'm very troubled."

Howard heard this and asked.

"You finally have a girlfriend?"

Nicolas heard, "Sigh, Brother, you're looking down on me too much. I'm so handsome, there are many people pursuing me."

Nicolas was quite confident.

Howard agreed. "That's true. However, this girlfriend should be unique."

Previously, he had a lot of girlfriends, but he never settled down.

Anyway, when he saw a pretty girl, he would tell others that he was single. He was already used to his tricks.

Matthew listened to them talk about what happened in university. He didn't say a word. What kind of person was he? He knew very

The person the outside world saw might not necessarily be the real him.

By the time they reached the hotel, it was already six o'clock in the afternoon. Howard glanced at the time.

"I'll go pick Jane now. We'll meet at the restaurant opposite later."

Nicolas was very familiar with this place. After all, he was in a university here..

"Brother, go pick up your senior! I've been thinking about the dishes at the restaurant opposite for many years. Tonight, I'll have to have a taste of it."

Howard drove away, and Nicolas and Matthew entered the hotel.

Jake and the others had already settled their accommodation. There were two presidential suites on the top floor, each of them staying in the same room.

After entering the elevator, Jake spoke up.

“Boss, how many days do we have to stay here?”

Nicolas was a little nervous. Could it be that Jake knew about Lizzy’s wedding?

He wanted to say something, but he did not dare to act rashly, fearing that he would find out.

“I don’t know yet. I’ll do it tomorrow,” said Matthew softly.

He didn’t say the last sentence. He didn’t want his subordinates to know about his illness.

Even though he fainted at the company the last time he fell sick, they seemed to know that his health was not doing well.

“I’ll find out tomorrow.”

Jake agreed, “Yeah, then I’ll send someone to pick Old Madam Situ up the day after tomorrow. She’s coming back.”

Madam Hilton stayed in the temple for almost a month. There were only a few days left, but Elizabeth’s wedding forced her to return to the city.

Matthew didn’t think much about it. Granny would go to a month’s fast every year.

He had long gotten used to it. He used to pick her up personally. This time, Jake would arrange for someone to pick her up if he wasn’t around.

When they reached the room, Nicolas did not go to his room. Instead, he followed Matthew into his room.

Nicolas looked around the house. This suite was huge and there were four bedrooms inside.

“Matt, why don’t I stay here? There are so many rooms, I can just choose one and stay here.”

Matthew lit a cigarette and took a puff. Then, he glanced at him in differently.

“I’m not used to living with men.”

Nicolas: “....

”

What reason is this?

He did not live in the same room with him, nor did he sleep in the same bed with him. What was he not used to?

“Matt, to be honest, I’m bisexual.”

“Matt, I just want to stay!”

He deliberately lowered his voice and spoke like a woman, walking toward Matthew.

Matthew pressed him onto the ground with one hand. The pain from the fall was so great that he cursed.

“Damn it, you’re being too ruthless to me!”

Matthew took a deep puff of his cigarette and puffed it at his face.

“I don’t like perverts. Sorry.”
