

Game Over 631

Chapter 631 Guilt

In Elizabeth's sweet room, Abbie and Tiffany went into the room. When Jessica saw Tiffany, she was very surprised and she kept tugging at Elizabeth.

"Lizzy, do you know her? Why didn't you introduce her earlier?"

Jessica was overwhelmed with excitement. However, women should be overwhelmed with excitement whenever they saw her.

After all, her designs were the ceiling of the fashion world nowadays. DK items, be it clothes, jewelry, or bag, had to be bought waiting in line.

Sometimes, money might not necessarily, and connections were the most important thing.

"If I had known her earlier, I might have been rich long ago."

The thought of getting acquainted with Tiffany and getting acquainted with her made her even able to get a new bag, new clothes, and accessories.

If I turned around and sold it to those rich ladies. Do I still need to go to Night City to sell wine?

Elizabeth patted her hand. "Don't be too excited. She's my teacher."

"Teacher?"

Jessica fainted, "Do you want to be a designer too?"

Elizabeth thought so because in her memory, her mother was a designer, so she wanted to be like her mother.

“That’s the idea.”

Jessica thought to herself, when Lizzy becomes a famous designer, she’ll be able to earn more money.

Tiffany smiled and walked toward her. “Lizzy, who’s here?”

The moment they entered the door, she saw Abbie and greeted her holding the hem of her dress.

“Auntie Campbell.”

Elizabeth opened her arms and hugged her. This hug made her feel warm, as if her uneasiness had been cured.

Abbie hugged her daughter. The emotions in her eyes were complicated.

Her current identity could not be reconciled with her, so she could only appear as her godmother. Moreover, she could not be called her godmother to the public.

This point made her feel quite uncomfortable.

However, she was already satisfied to see her daughter happy.

When Abbie let go of her, her gaze remained on her little face. She said with a smile.

“You’re growing up, you’re becoming prettier and prettier.”

The expression on his face was almost the same as hers.

Elizabeth smiled. At this moment, she was happy

“Auntie Campbell, let’s sit down and talk

Tiffany called Jessica out of the room and went to their room. She would stay here tonight

Jessica couldn’t wait. If she got to know Tiffany, she would become her money tree.

Even though she had been looking for a job, she still couldn’t find a suitable candidate. It seemed like she could start her own business

I’m in a good mood I followed Tiffany

In the room, Elizabeth poured a glass of water and placed it in front of Abbie

“Auntie Campbell, have some water”

Abbie removed the veil. The scar on her face was obvious. However, a beautiful woman was rumed by this scar

She picked up the glass of water and drank it. Then, she held the glass with both hands.

“Lizzy, you must be happy in the future!”

She looked at Elizabeth with guilt. Back then, she had no other choice but to leave without her

She let she stay in the Wade Family where she had suffered so much

Even until now, she still could not reconcile with her up

When she heard what the family of three said in the elevator just now, she felt more and more sorry for her daughter

Richard didn't know that her daughter wasn't his. If she knew that Lizzy wasn't his daughter, she didn't dare to imagine how Lizzy would

Fortunately, not many people knew about this secret.

Elizabeth was a little lost in thought. Happiness?

I don't think this word has anything to do with me. I won't be happy anymore.

At this moment, there was a knock on the door. Abbie put on the veil and got up to open the door.

Richard was standing at the door. His gaze swept across Abbie's face. When he saw the pair of eyes, he was stunned

Her eyes resembled Avia Wood's, really!

Abbie turned around to leave, but Richard called out to her.

"What's your relationship with the Wood Family?"

Chapter 632 Lies

Abbie said coldly, "Nothing."

Ever since the day she changed her name to Abbie, she no longer had anything to do with the Wood Family. Everything she did had nothing to do with the Wood Family.

After saying that, he walked into the house and asked.

“Who’s here?”

She thought it was Dominic. After a while, it was Richard who walked in.

Abbie said. “Lizzy, if you have something to do, I won’t bother you anymore. I’ll see you later!”

She gazed deeply at her daughter. The things that happened back then floated in front of her. If it weren’t for this man.....

She closed her eyes, unwilling to think too much.

Over the years, she had never caused him and Celine any trouble. It was because they had raised her daughter.

She turned around and walked out of the room.

Elizabeth looked at Richard, “What do you need me for?”

This was the first time Richard looked at this daughter seriously. Previously, he did not dare to look at her because she looked like Avia. It would make him think of that woman and make him feel even more uncomfortable. today, he suddenly realized that this was his daughter too. He should treat her well.

“Lizzy, Daddy was wrong in the past. From now on, we’ll be fine. Daddy will try his best to make it up to you.”

It was too late to say those words. Elizabeth did not feel any fatherly love from him. In the past, she had yearned for it, but after a lot of disappointment, she no longer had any thoughts.

“There’s no need, I don’t need it.”

Elizabeth said coldly and looked out the window. She did not have the intention to continue talking to him.

At five o'clock, the wedding started. Abbie watched her daughter wear a ring and become someone else's bride. Tears welled up in her eyes.

I hope my daughter will be happy!

After that, she stood up and left. Tiffany followed behind.

"Sis, why are you leaving?"

After witnessing her daughter's happiest moment, does she have to leave so easily?

"Sis, I-I have something to do. Help me give this to Lizzy." beautiful jewelry box was handed to her and she opened it to take a look

It was a set of jade jewelry left by grandma. It was the heirloom of the Wood Family.

Abbie went to the hospital and entered Master Wade's ward.

The moment Master Wade saw her, a trace of surprise flashed across his eyes.

"Avia, is it you?"

Abbie nodded. "It's me."

"Uncle Wade, I heard that you're not feeling well. I'm here to visit you, and at the same time, thank you for taking care of Lizzy all these years."

She could not call him dad anymore.

Master Wade was a little excited, "Avia, it's all my fault. Back then, he said that he wanted to give you a house and introduce you to my son, so that he can protect you and your child. I didn't expect that that beast would do something unsuitable and make you suffer."

Avia had saved Master Wade, so when she was in a difficult situation, Master Wade stretched out his hand and helped her.

Abbie lowered her gaze. "Don't blame him. We lied to him."

Even until now, he didn't know that Lizzy wasn't his child.

Master Wade sighed, "He's just a blind. He doesn't want such a good woman. Sigh!"

Master Wade values the character of Avia. Besides, she is so beautiful! Many men would want her.

As long as Richard could be together well with her, they would have their own child in the future. Both of them would be happy.

However, he had an affair and forced Avia to leave.

Master Wade felt that he had done something bad, so he loved Elizabeth very much.

"Uncle Wade, let's not talk about this. It's all in the past."

"Avia, how are you doing now? Are you married again?"

She shook her head. "I'm single, and I'm doing quite well. It's not Lizzy's wedding. As a mother, I'm here to attend. However, don't tell her that

I haven't fulfilled my responsibility as a mother these past few years. I don't want to disappoint her."

Master Wade sighed, but he could not say it out loud.

Ever since Avia ended, Richard told Lizzy that her mother had passed away.

Now that is he said that her mother is here, isn't this a slap on her dad's face?

Chapter 633 He Won

After the wedding, Elizabeth and Dominic went to the hospital to give Master Wade a cup of tea

After Master Wade drank their tea, he smiled.

"Have a seat! The two of you must be tired today."

Elizabeth helped Dominic to the sofa. She felt that her grandfather was feeling much better today.

I hope he gets better and better.

"I'm not tired."

Elizabeth said carefully and then asked him what he ate.

Master Wade answered her one by one. He knew that this girl was kind and cared about him!

"Dom, I'll leave Lizzy to you in the future. I hope you'll cherish her."

Previously, he handed Lizzy's mother to his son, Richard, hoping that he could treat her well.

However, it had failed.

This time, she handed Lizzy to Dominic, hoping that this time it would work out.

Then, he would be relieved. Lizzy didn't have her parents by her side before, and it was half of his reason. If he hadn't been selfish, he would have introduced Avia to his son.

Maybe Avia and Lizzy would have a good life.

Dominic replied, "Grandpa, don't worry, I'll definitely cherish Lizzy."

After staying at Master Wade's place for about an hour, he urged them to go home.

After all, tonight was their wedding night. It was not good to waste time here.

The two of them left the ward and went back to Dragon Mountain Villa.

Dominic had just gotten married, but he was not prepared to return to normal life, and he still wanted to spend time with her.

The car stopped in the courtyard of Dragon Mountain Villa, Hazel got out of the car first. She opened the car door for Dominic and wanted to help him out of the car.

Dominic gave her a look. Her eyes widened slightly and she took a step back.

She knew that the young master wanted Lizzy to help him. She had to get used to it in the future. Besides, the young master was not blind at

Elizabeth got out of the car and came over to help him, but Dominic said.

“I’ll carry you into the house.”

Elizabeth’s eyes opened slightly. “There’s no need. I’ll help you in.”

He could not see it with his eyes.

Anyway, in Elizabeth’s heart, this wedding was just a show for others to watch. After the performance ended, there was no need to be so serious.

Dominic insisted on hugging her. “This is the rule. I’ll carry you in.”

After saying that, he bent down and walked into the house.

He walked nonchalantly, as if he was not blind.

Elizabeth stared into his eyes without blinking. She wanted to know if he could see.

Hence, she raised her hand and waved it in front of his eyes.

However, his eyes did not react at all. The reason why he walked so steadily was probably because he had secretly practiced.

Elizabeth lowered her gaze and stopped thinking about it.

What kind of person is Dominic? For the past six years, she’s been quite familiar with him.

He was kind, sunny, warm, a friend worth trusting

Thinking of this, she told herself in a low voice.

“Elizabeth, this is your debt of gratitude. Take good care of him and make him feel better.”

The room had been decorated. There were roses petals all the way in. It was obvious that Dominic was very attentive, hoping that she would feel different

“Wow, the petals’ path! Young Master, who did this?” Hazel exclaimed.

When they left, the family was not like this.

Dominic said coldly, “Get back to your house. Don’t come out tonight.”

After saying that, he carried Elizabeth and strode up the stairs. They entered their bedroom. The interior of the house had been completely changed. It was very festive, and the bed had been changed into big red bed necessities.

The bedside was also big red. On the French windows, there were balloons in red.

Dominie placed her on the bed and propped his hands on both sides of the bed. The corners of his lips curved up slightly. The smile on his face and his voice were filled with joy.

“Lizzy, you’re finally my wife.”

Chapter 634 The Night Of The Cave

Elizabeth pursed her lips. Seeing how happy he was, she did not want to ruin his mood.

However, she could not laugh. Her face was still a little sad.

“Okay!”

Dominic could see the expression on her face clearly.

“Are you still thinking about Matthew at this time? Ha! You’re already mine. There’s no more chance for you and him.”

Next, his face inched closer and closer to kiss her lips.

Elizabeth was so frightened that she took a step back. “Dominic, I’ll go get you a bath.”

After saying that, she hurriedly stepped out of underneath him and walked into the bathroom..

Elizabeth placed the water on the table, then walked to the glass counter and drank her face with cold water.

She propped her hands on the glass table and looked at herself in the mirror.

By the time she was at the hotel, she had already changed into her usual clothes. At this moment, she was wearing a light blue dress. Her long hair was disheveled, and there was no makeup on her face.

However, her face was as beautiful as if she was wearing makeup.

Ever since she was young, she had always been like this. Even though she did not have makeup on, the teachers in school would always ask her to remove her makeup.

Her lips moved, feeling a little weak.

Only after the water in the bathtub was sufficient did she leave the bathroom.

Dominic was lying on the bed, as if he had not moved. His closed eyes seemed to be exhausted.

Elizabeth walked to the bed and bent down to greet him.

“Dominic...”

The voice was very soft. She decided that if he fell asleep, then she won't wake him up.

Dominic opened his eyes. “Let's wash together.”

Sitting up, he took off his suit and tossed it to the side. He unbuttoned his white shirt with one hand and his movements were very charming.

If they were in love, this move would definitely make Lizzy fall for it.

Besides, a special night like tonight was very passionate after all.

Elizabeth was frightened. She clenched her fists.

“Take a shower first. I'll do it later.”

Dominic had already taken off his clothes and started taking off his pants.

Elizabeth quickly turned her back. Even though she had thought before that when she got married, she would have to face certain things.

Previously, she felt that at this time, she should be able to accept it.

But at this moment, she realized that if she didn't love him, she couldn't have intimate contact. Even if she saw him naked, she couldn't do it.

She was extremely nervous. Her hands gripped tightly onto the hem of her skirt.

The man behind him had already taken off his clothes. Looking at her back, his face was dark.

Walking into the bathroom.

After a long time, Elizabeth didn't even hear him call her, so she turned around and wanted to

She found that apart from a pile of clothes, he was missing,

Elizabeth secretly breathed a sigh of relief. She walked to the bathroom door and asked softly.

"Dominic, do you need my help?"

Chapter 635

if he had already taken off his clothes.

Dominic was soaking in the warm water. His eyes were dark. He heard her voice and snorted coldly. The girl had a bad heart.

Previously, she was obviously afraid, but now she still wanted to help him.

Dominic did not utter a word. Elizabeth spoke again.

"If you need my help, you can call me. I've already placed the bathrobe on the rack next to the bathtub. You can get it with just one stretch."

After saying that, she went to the closet. When she was at the hotel, she had already showered, so she didn't want to shower anymore, so she found a set of casual clothes to wear.

She waited at the bathroom door, waiting for Dominic to call her.

She was like a punished elementary school student. She stood straight and didn't move. Only her big pair of eyes were looking around the house.

Elizabeth took a step forward when she heard footsteps.

"Dominic, are you done washing?"

The bathroom door was pulled open. The man came out in a bathrobe. The straps of the bathrobe were loose, revealing the large part of his chest, and there were still droplets on it.

He reached out and pulled Elizabeth into his arms. warm breath was by his ear. Elizabeth was so frightened that she pushed him.

"Dominic, Dominic..."

The man's breathing became heavier and heavier. "Honey, let's not waste this night."

After saying that, he carried her and walked to the bed until she was thrown into the soft bed.

"Dominic..."

Her voice was full of panic. Dominic didn't care about it at this time.

Anyway, he had married her. He had won against Matthew. He wanted her.

She wanted to escape and climb to the head of the bed.

Dominic grabbed her leg and pulled her down. Elizabeth was pressed down by him.

"Lizzy, from tonight onwards, you're mine."

When he said this, his voice was cold, and there was a victorious tone in it.

After saying that, he was about to kiss her and turned his face to look sweet.

Dominic's face darkened when he saw her resist.

Holding her hands, she raised her hands to the top of her head.

"Don't think about him anymore. It's impossible for you to be with him again. For the past six years, you should know how much I feel about you. I love you very much."

Previously, although Dominic would say something like that, he would care about Lizzy's feelings.

If she resisted, he won't say it. If she said it was just a friend, then he would be by his side as a friend.

6 years ago, he thought that he would become her boyfriend and then her husband. until Matthew's appearance disrupted the tacit understanding between them and also disrupted his rhythm.

At that thought, his expression turned gloomy.

Elizabeth started to tear her clothes with her big hand. Feeling a chill on her body, she couldn't hold back anymore and struggled.

Moreover, it was very violent. With one kick, Dominic was kicked under the bed.

She even slid down the bed and stood on the other side of the bed. Her eyes were filled with tears, and her other hand was tugging on the torn clothes.

"Dominic, don't do this. You and I..."

The last sentence, she held back and didn't say it out.

I've always been friends with him, so I don't think they should be like this.

Dominic raised his hand and caressed his hurting buttocks and legs..

He stood up coldly, exuding a cold aura around him.

"Elizabeth, we're married. Are you still thinking about Matthew?"

He roared lightly, then smashed everything beside him to the ground, shattering everything on the ground.

Elizabeth watched the scene in front of her and silently cried.

"Dominic, I'm sorry! I could not do it."

She shook her head. Her crying sounded very sad, and there was a pain that was heart-wrenching,

After Dominic smashed something and vented, he walked outside and knocked on the door. He let out a soft cry.

Elizabeth hurried over. "Are you hurt?"

The moment her hand touched the hand that hit the door, Dominic tossed it away and hit the corner of the bed.

Elizabeth grunted in pain, and her brows furrowed in pain.

Dominic opened the door and left.

Elizabeth got up slowly and looked at the bedroom after leaving. She sighed deeply.

Dominic went downstairs and took a few bottles of wine. He sat down on the sofa and drank. Hazel heard the commotion upstairs, but she didn't dare to go upstairs.

She could only leave my bedroom, wanting to sneak a peek.

However, she noticed that Dominic was drinking alone in the living room and ran over.

Young Master, why aren't you sleeping yet?"

She looked at the empty bottles on the ground and then looked at him. He seemed to be drunk.

Hazel approached him and tugged on the sleeves of his bathrobe.

Young Mastof, it's getting late. Lizzy is going to sleep."

She wanted to send him back to the room, but Dominic suddenly opened his eyes and looked at her with narrowed eyes.

He suddenly smiled wickedly, "Elizabeth, don't come and beg me in the future."

After saying that, he pulled Hazel to sit on his lap and held her face with both hands. He kissed her lips and kissed her very hurriedly.

"Young...

Chapter 636 Game

Hazel patted him with both hands, but Dominic didn't have the intention to let go of her.

The kiss was getting more and more urgent. His tongue tangled her tongue.

Hazel doesn't know anything at all? She was a little scared just now, but he's the Young Master, so she didn't run.

All she could feel was that his scent was very special. There was a faint scent of wine and a cold scent of mint.

Anyway, she liked it quite a lot, so she studied his expression and stretched her tongue in his mouth.

Dominic suddenly let go of her and sneered.

"Do you want me?"

His voice was low and deep. It was very sexy.

Hazel didn't quite understand, but she liked this scent, so she nodded.

"Yes!"

Dominic's heart skipped a beat upon hearing this.

"Elizabeth, if it weren't you, then nobody," he said in his heart

Dominic kissed her again. She wrapped her arms around his neck. She liked having fun like this.

His large hands caressed her soft boobs. He did not expect her to have a pretty good figure but soft body.

When Hazel felt him touching her, she reached out to touch his chest muscles.

And when she did, she was so shocked that her eyes propped up. It felt so nice!

Hence, she scratched it with her fingers, and Dominic groaned. He carried her and strode to her room.

The lights in the house were not switched on. It was dark. Hazel was pressed against the door, and the clothes were taken off one by one.

Until she was completely naked, she blinked.

“Young Master, you’ll catch a cold if you don’t wear anything, right?”

She seemed to be only interested in kissing. She had always wanted to kiss him.

Dominic’s smile became more and more wicked. His voice was deep and gentle.

“Be a good girl. It’ll be much more fun later. However, only the two of us know about this game, understand?”

Hazel nodded, “Okay, I like to play games with the young master.”

Elizabeth tidied up the bedroom and cleaned up all the broken pieces. She also checked that there were no more broken pieces before leaving.

She went to the study, but couldn’t find Dominic

When she went downstairs and saw the bottle in the living room, she knew that he had drunk a lot.

But where did he go?

At this moment, she heard the tears of Hazel

Elizabeth glanced at the sleeping room of Hazel and walked over in confusion.

“Hazel...”

She called her, thinking that it was Hazel having a nightmare.

In fact, it was Dominic’s invasion that made her cry in pain.

Dominic covered her mouth and licked her ear gently. The smirk on the corner of his lips was deep.

“Darling, don’t make a sound. Lizzy is at the door. Take it, don’t cry.”

Hazel suddenly felt that this game wasn’t fun anymore. It hurt so much, it hurt so much.

But he had no intention of stopping. The bed was trembling and his voice was loud

Elizabeth added, “Hazel, are you awake?”

Dominic seemed to be even more excited when he heard this voice, he became even harder.

Hazel grabbed the bedsheet with both hands and bit her lips. In the end, she couldn’t take it anymore and screamed.

“Ah...”

An inexplicable feeling of climbing all over her body. It was ticklish, and it felt like she was floating on the clouds. It was a strange feeling

Elizabeth heard her scream and quickly called her again.

“Hazel, are you awake?”

She was sure that Hazel must be having a nightmare.

After Dominic cummed, he leaned down beside Hazel. He stretched the hair on the tree’s face with his long finger and looked at the contented expression on her little face. He smiled faintly.

“Tell her that you’re just having a nightmare, don’t worry about it.”

“Can you let Lizzy play this game with us?”

She felt that this game was very fun. Although it hurt a bit before, she liked it gradually! Besides, the young master seemed to have treated her better and even called her a darling

“Hehehe”

Dominic said coldly, “No, let her go.”

Chapter 637 Personally Feeding Her

How could he be satisfied with one lime? Tonight, Hazel won’t even think about resting.

Hazel nodded, “Lizzy, I just had a nightmare. I’m fine now. You should go and rest!”

Elizabeth heaved a sigh of relief when she heard that Hazel had woken up.

“Do you need me to accompany you?”

I heard her crying sadly just now. Her crying was terrifying.

She's already treating me like a sister.

"No, no, I'm going to bed."

After saying that, she turned to look at Dominic.

A trace of coldness flashed across Dominic's eyes as he caressed her face with one hand.

"Let's continue."

Hazel had already tasted the sugar. She turned around happily and pressed onto his body, kissing his lips.

Elizabeth tidied the empty bottles and went back to her room.

She knew Dominic was angry. He probably went to sleep in the guest room tonight.

She went back to her room and lay on the bed. Although she was very tired, she could not fall asleep.

Recalling that Dominic was not like this in the past, Dominic was not in a stable mood now, so he needed to see a psychiatrist on time.

originally, she had to give tea to the elders of Dominic's family the next morning. She had to go back to Wade's house in the afternoon.

But because Dominic's eyes were blind, everything was canceled.

Elizabeth did not know what time she had fallen asleep. By the time she woke up, it was already past 9 o'clock. Moreover, she was awakened by the ringtone of her phone.

She picked up the call "Hello?"

She was still sleepy with her eyes closed.

"Lizzy, we could not even watch you as a bride. It's so sad "

Elizabeth's eyes widened when she heard her daughter's voice.

Abby, are you guys having fun at Pearl's house?"

Jessica went home last night, she would take care of her three children first.

"Elizabeth, we're so angry. We could not stay by your side."

After saying that, Abby started crying again.

"Mommy, it's okay. Don't worry. I'll coax my sister."

Elizabeth felt like crying. She knew that she had upset the three children this time.

"Son, I'm sorry. I have my problem. I'm sorry!"

Arthur replied. "It's fine. It doesn't matter, as long as you're happy."

Elizabeth felt even more uncomfortable after hearing her son's words. They were so sensible, so she won't say her feelings, if it weren't for Abby's expression.

She would feel that they were fine.

“Arthur, you and your brother help coax your sister. From now on, we’ll live together with Uncle Campbell. Our family won’t be separated.”

I know why Abby is upset.

Not only did they not see her wearing a wedding dress as a bride, they were also afraid that she would not want them.

“That little girl, she’s quite sensitive. Does she know everything?”

“Mommy, let’s hang up now.”

For the next seven days, they stayed on the mountain.

Before they returned, Mrs. Campbell had reminded them many times, and Elizabeth had memorized everything.

Besides, it was not convenient for Dominic to go out like this.

After washing up, she went downstairs and saw Dominic holding a glass of water and handing the pills to Hazel.

Elizabeth looked at Hazel. “Are you sick?”

She did not seem to be very energetic today and kept yawning.

Hazel took a glance at the medicine in her hand and looked at the young master.

“Can I not eat?”

Dominic said coldly, “No.”

Trevor could only obediently feed the pills into her mouth and take a sip of the water in his hand..

“Lizzy, I’m fine. I’m just a little tired.”

The game last night had exhausted her. Only when it was almost dawn did the young master let her sleep.

Chapter 638 Going To The Hospital

Elizabeth patted her head. “It’s not hot. If you’re tired, go and rest. I’m here. Don’t worry, I’ll take good care of your young master.”

Elizabeth looked very passionate today. Dominic narrowed his eyes.

It seemed that she had a good night’s sleep without him last night.

Hazel looked at Dominic. “Young Master, can I go and rest?”

Her legs were so sore that she started trembling.

Dominic recalled the red on the bed and knew that this was her first time. She was definitely tired, so he nodded.

“Go!”

Hazel was overjoyed. She hugged Elizabeth and ran to Dominic’s side to hug him.

Dominic's expression changed and he said coldly.

"Let go."

Hazel liked the scent on the young master. When she heard his words, she took a few steps back unhappily.

Her big eyes flickered as she looked at him, feeling aggrieved.

The two of them were so good last night. Not only could they hug, but they could also kiss.

Now that she hugged him, he was so angry. The young master seemed to have changed at dawn.

She turned around and walked to her own bedroom.

Elizabeth walked to Dominic's side. "Did you sleep in the guest room last night?"

Dominic replied, "Yeah!"

Slowly, he sat down on the sofa and crossed his legs elegantly, leaning against the sofa.

Elizabeth could feel that he was still angry, but she still couldn't have sex with him.

"I'll go make breakfast"

After saying that, she turned around and walked to the kitchen. Dominic smirked coldly.

Elizabeth, you're still thinking about Matthew. From now on, I won't touch you again. And you'll have to stay in an empty room for the rest of your life.

Hah!

He became extremely cold. His chuckle was a little strange.

Half an hour later, Elizabeth made a simple breakfast and she helped Dominic to the dining table.

When Dominic held her arm, Elizabeth softly exclaimed.

Dominic frowned slightly. "Did you get hurt last night?"

When he pushed her away, she fell heavily to the foot of the bed.

Elizabeth didn't really care. If he hadn't squeezed her, she won't have noticed it.

"It's fine. It doesn't hurt."

Dominic furrowed his eyebrows. "I'll get Hazel to apply the ointment for you."

He turned his head and was about to call for Hazel Elizabeth hurriedly stopped him.

"She just took her medicine. Let her sleep!"

Dominic had a faint smile on his face, he said inwardly.

You're so thoughtful. She's taking birth control pills.

At the dining table, Elizabeth was about to feed him breakfast and said..

“There’s no need. I can see a bit. I can eat it myself.”

Elizabeth’s eyes lit up. “Really? Can you see it?”

She held her face with both hands and looked at him in surprise. It was as if he could see and she could be free.

Dominic’s lips curved into a cold smile. You and me are married. There’s no hope for you and Matthew.

“There’s no hope in this life, got it?”

Dominic picked up the knife and fork and ate his breakfast elegantly. Elizabeth was in a good mood as she watched him be able to live his own

Suddenly, she recalled, “By the way, let’s go to the hospital after breakfast! You can see a little bit. Ask the hospital to do a checkup. Maybe they’ll recover completely soon.”

Dominic originally wanted to pretend for a while longer, but he was very disappointed with Elizabeth.

Especially at their wedding night. At this moment, all he could do was hate her.

Hence, he wanted to live a normal life

If she wanted to be with Matthew, it was impossible. He would never agree to it

After Elizabeth made an appointment with the doctor, she picked up the knife and fork and started eating breakfast

I’ve already made an appointment with the doctor We’ll go to the hospital later.”

Dominic saw how excited she was and didn't say anything else.

After breakfast, Elizabeth and Dominic went to the hospital.

Chapter 639 The Hilton Family Is Going to End

Elizabeth originally wanted to ask Hazel to go to the hospital for a checkup, but Dominic stopped her. I know very well why that girl isn't in the mood.

Hence, he told her to rest at home, so they could go to the hospital

Elizabeth drove while Dominic sat in the backseat. The two of them did not speak throughout the journey. Elizabeth focused on driving, and Dominic was not in the mood to speak.

Even though he felt that he was the winner, he could not win the her heart.

The crazy night last night made him feel very pleased.

Suddenly, he felt a sense of revenge. If Elizabeth refused to let him touch her, then he would let her never have a man in this life.

Suddenly, his lips curved into a cold smile and he asked.

"Didn't you invite Matthew to our wedding? I didn't see him last night."

He sent an invitation to the Hilton Family. It seemed that none of the Hilton Family had arrived. Even he did not see Matthew and was a little disappointed!

I originally wanted to see how lonely and disheveled Matthew looked.

Elizabeth's heart ached when she heard Matthew's name.

Elizabeth only snapped out of her daze after a quick brake. She quickly started the car and steadied the car.

"I don't think there's a need to invite him."

Zaydeny knew that the man she loved was Matthew. Should I invite him to see her get married?

I could not do it. I don't want Matthew to witness it either.

Dominic laughed. "Isn't it necessary? Actually, I think getting his blessings is the most meaningful thing. If you have the time to treat him to a meal at home, if it's inconvenient for you, I'll invite him."

Elizabeth bit her lips and didn't say a word.

He knew what Dominic wanted to do. He wanted Matthew to witness his happiness!

Is he really so ruthless? Is he taking revenge on me for rejecting him last night?

After that, she didn't say anything throughout the journey. When she reached the hospital, Elizabeth parked her car and helped him out of the

They took the elevator and was about to go to the sixth floor. When they were on the first floor, the elevator doors opened.

Mrs. Hilton and Old Mr. Hilton entered the elevator. There were also a few servants and Esme

Esme's eyes widened in shock. Why so unlucky? They actually ran into her

Elizabeth looked at Madam Hilton and called her.

“Grandma Hilton, Old Mr. Hilton, are you here for a body checkup?”

Old Mr. Hilton seemed to be in good health and was in good spirits. Old Mr. Hilton snorted coldly.

“That’s none of your business.”

Their attitude was indifferent, and they didn’t really want to pay attention to her.

Madam Hilton nodded at her “Congratulations, Lizy!”

He glanced at Dominic. In front of outsiders, Dominic still looked blind.

Elizabeth felt a little uncomfortable when she heard those two words, and her expression became a bit stiff.

“Thank you, Grandma Hilton!”

Madam Hilton was still quite upset that Matt and Lizzy weren’t together.

After all, she liked this child very much, and she knew that Matt liked her too.

However, the two children kids had no fate, so they still broke up in the end.

When the elevator reached the sixth floor, Elizabeth nodded at the two of them and helped Dominic out.

When the elevator doors closed, Master Wade cursed.

“It’s her fault for what happened today. Although you guys are keeping it from me, I can guess. Ever since she got married, Matt’s become like this. It has something to do with her.”

Esme did not dare to make a sound. This matter indeed had something to do with Ms. Wade.

But it was also Mr. Hilton who voluntarily shielded her. It was not right to blame her, but....

Madam Hilton wiped her tears. "Esme, tell me the truth. Will Matt wake up?"

"When Matt's undergoing surgery last night, they didn't tell us.

It wasn't until this morning that Jake called and said that Matt had undergone a serious surgery. I was unconscious and hoped that they could accompany him and talk to him.

In other words, he wanted them to wake him up.

If he could not wake up, the Hilton Family would really be doomed.

Old Mr. Hilton sighed. "I won't let him die

Chapter 640 How Could This Be?

Esme comforted her, "Mr. Hilton is a blessed man. I'm sure nothing will happen."

Even if he survived the surgery last night, it meant that he was really lucky. The situation from last night made him even more frightened

Jake was right to beat him up. If it weren't for him getting Mr. Hilton back, he won't have ended up like that.

He caressed his face. It was still swollen and his eyes were blue and purple.

Only then did Madam Knight notice Esme's face. "Esme, what's wrong with your face?"

Esme was too embarrassed to say what he had caused, so he lied.

“I accidentally fell yesterday.”

Grandma Campbell nodded. “Young man, be careful. Go see a doctor later. Don’t leave any side effects.”

After saying that, she couldn’t help but think of her great-grandchild and sighed deeply.

When they reached the ward, Matthew was still unconscious.

The good news was that he had already been transferred from the ICU to an ordinary ward. The critical period had passed, but from now on, it was up to see if he could wake up.

Old Mr. Hilton took a glance from afar, then lost his balance.

Granny fainted immediately. Esme was in a hurry and Jake held onto Old Mr. Hilton.

“Old Master, you have to hold on. My boss, he needs your encouragement.”

Jake helped Old Mr. Hilton to a chair. Although Old Mr. Hilton was excited, he was the backbone of the family at this moment. If he couldn’t take it, the Hilton Family would be doomed..

Madam Hilton was carried to a ward next to her.

She didn’t feel anything when she first heard it.

Now that she saw her grandson, his body was filled with tubes, and the ward was filled with instruments.

They could not stay calm anymore. Their hearts hurt so much that their bodies won’t be able to keep up.

Nicolas looked at the situation and couldn't help but glance at Matthew on the hospital bed.

If they hadn't followed him back that day, the two of them would only see a corpse now.

At this moment, Tiana arrived too. When she saw Matthew lying on the hospital bed, she quickly walked to the bed.

"Ah, what's happened to him?"

Nicolas did not expect this woman to come. She wiped her tears with her hand.

After that, she walked to Old Mr. Hilton and asked, "Old Mr. Hilton, Matthew, what happened to him, Matthew?"

It looked very serious. Her head was wrapped in gauze and her body was full of various pipes and instruments.

Old Mr. Hilton had asked her to come. They were supposed to attend Elizabeth's wedding yesterday. After all, the Hilton Family and the Campbell Family would become relatives in the future, and they would be from the same family.

However, Madam Hilton was not feeling well, so she refused to attend the wedding. Master Wade was worried and stayed at home to accompany her.

He sighed. "We don't know the details. It seems like something is happening in his head. He's been keeping it from us."

They did not dare to tell the elders of the Hilton Family about the bullet. After all, this matter had something to do with Elizabeth..

If there was anything wrong with Matthew, the two of them would definitely blame Elizabeth.

The situation here was really too chaotic. Now that Elizabeth was married again, we still didn't know Matt whether wake up or not!

Nicolas finished reading the reports, then explained to the doctors and nurses, then walked to the few of them.

"Old Mr. Hilton, don't worry about it. She's just overly sad. She's overreacting. Her blood pressure is a little high. She's been administered with nutritious liquid, and she's been given anti-rejection medication. She'll be fine when she wakes up later."

Tiana's tears fell silently. She thought to herself that Matthew must not be dead!

If he died, she really won't be able to compete with Elizabeth.

If the Hilton Family were to be doomed, then it would be the Campbell Family's time. By then, she would no longer have any status in the Ashtn Family.
