Chapter 671 Matthew Holds A Meal

Elizabeth thought about it and said, "I don't really

days.

She's been in a chaotic state, only focusing on my work!

Jessica hugged her. "Let's go! It's almost time. Mr. Johnson will be waiting and he'll bite" about me again."

Actually, if he was going to have sex with with her tonight, then she would suffer.

That man's body was strong. If she made him angry and he became fierce, she was afraid she would not be able to get out of bed for three

Thinking of him, she was a little scared.

For the first time, she knew what it meant. If you don't listen to me, I'll sleep with you until you do.

She really gave up.

Elizabeth raised her hand to straighten her hair. "Okay!"

Jessica handed them the gold card for registration. Elizabeth was looking at her phone, not knowing what she was looking at

“Lizzy, don’t they know that you’re the owner of S Group?”

If she hadn’t taken out the card just now, the clerks would probably believe what Tiana said. They wanted Lizzy to take off the clothes and sell

il to someone who could afford it.

Elizabeth replied to an email and she raised her head.

“I don’t know. Even Dominic thinks that I’m just working at S Group. The employees under me don’t know about it.”

The employees at the bottom level rarely had the chance to meet the president, and she did not like to make herself appear in front of them.

Hence, it was normal for them not to know her

Jessica was a little disappointed. “Sigh, you should have an employee meeting to introduce everyone to you. That way, you’ll be treated like

VIP when you’re shopping in your own mall. You won’t be bullied like today.”

Tiana has balls Bullying a billionaire rich woman is too ironic.”

After the clerk finished swiping the card, she handed both of her hands to Jessica.

The two of them left in their beautiful clothes. Along the way, Elizabeth was looking at her phone.

“Have you remembered what I told you?”

Elizabeth finished her work and put her phone into her bag

children safely.

Now, she seemed to have returned to her past thoughts. She no longer thinks about love or happiness.

After being suppressed by reality, she felt that love was unattainable, and happiness was far away.

At this moment, Jessica's phone rang and she answered it.

"Jessica, have you reached?"

Originally, he was waiting for her at home, but she said she would go there directly. It was already lunchtime, and she hadn't arrived yet.

Tonight was to celebrate Matt's recovery. She couldn't be late than the host.

"Soon, we'll be there in half an hour."

By the way, it took her ten minutes to drive. Half an hour if there was a traffic jam.

Jessica hurriedly hung

Upon hearing

Jessica slowed down, pretending that she was not.

Elizabeth felt that Jessica was becoming more and more cute. She took a step forward and dragged her away.

"I know you're in a hurry. Let's go, let's go! Let's hurry."

Looking at Elizabeth's sweet side profile and pulling her away quickly, the two of them laughed.

It's been a long time since we've been together like this. We must have fun tonight.

Leonard hung up the phone and couldn't help but glance outside.

Nicolas walked in with Estelle. When he saw the man at the door, he stopped.

"Is Mattor Mr. Johnson treating today?"

Why was he the one who welcomed her at the door?

Chapter 672 Why Is It Their Gathering

Leonard glanced at him indifferently and saw Estelle in his arms. She was dressed in JK who looked like a pure and innocent student

This fellow, no matter where he went, it seemed that he was genuinely interested.

Ignoring Nicolas, he told Estelle.

“Estelle, I heard that the results of your college entrance examinations are quite good. Are you supposed to be an undergraduate?”

Estelle smiled perfunctorily. “Yeah!”

She knew that Leonard often mocked Nicolas. He said that he was a middle-aged man but dated a student.

She is a university student now. What else can he say?

“Mmm... It hurts...”

Estelle pinched his hand. Nicolas ed out loud, but she refused to let go.

“Aren’t you going in yet? I’m thirsty.”

She didn’t want to chat here, especially with this old man, thinking that she’s a little kid.

Nicolas could only say, “Leonard, wait here for your woman. We’ll go in first.”

The two of them walked inside and could hear what Estelle said.

“I want to have an ice-cold coke.”

Nicolas did not agree. "No, kids could not drink coke! Adding ice is even worse. You were crying from the pain when you were on a period last time. Have you forgotten about it?"

"No, I want it, otherwise I'll be thirsty to death."

After that, the voice was getting further and further away, and she could not hear it.

Leonard put his hands in his pockets. All of a sudden, he missed Jessica and hoped that she would be there soon.

With her around, he no longer needed to suffer from public demonstration of affection.

Previously, he and Nicolas were the ones who were single. Now, the two of them would have a ruthless revenge.

I must show off Jessica in front of Matt, haha!

Leonard waited for a while longer However, he still didn't see Jessica, so he went to the private room.

The car stopped at the entrance of the house Jessica and Elizabeth held hands and entered

The waiter at the door bowed, "Welcome""

Followed by one of the waitresses, "Miss, do you have a reservation?"

Jessica said, "Bamboo Room."

"This way please!"

Leonard texted her and told her the private room to let her in by herself.

Elizabeth saw this place, and she recalled a lot of things, all about Matthew

He used to come here often to eat.

How many times did she accompany him?

Once again here today, she felt a special feeling. It felt familiar and strange, like it was what happened in another life.

Jessica saw that she was lost in thought, so she smiled and called her. After a while, she finally responded.

“Hmm?”

“What are you thinking about?”

Elizabeth sighed, “Nothing much?”

However, if one had a special feeling about this place, it was as if they would think of home when they entered this place.

“Don’t think about it. When we get in later, don’t be cautious. Just eat and drink, got it?”

Every meal was like this. They were busy drinking and chatting. She was bored.

She was here with Lizzy tonight. She’ll have a companion and won’t give a d””n about the boys.

Elizabeth nodded without thinking too much.

Bamboo Room was at the innermost part of the house. She had to pass through the courtyard.

When they reached the entrance of the Bamboo Room, the waiter pushed the door open and said.

Your guest has arrived.”

The others at the dining table glanced at them. Leonard had already stood up, ready to welcome his woman.

But when he saw the two women entering, his eyes narrowed slightly.

Why is Elizabeth here too?

Nicolas’s eyes widened as well, and he hurriedly glanced at the man sitting in the main seat.

Sitting beside him was Jane. The two of them also looked at the door calmly.

Elizabeth saw this scene and tugged at Jessica’s hand.

“Why is it their gathering?”

Chapter 673 Lizzy Is So Pitiful

Unexpectedly, Jessica apologized.

“I’m sorry, Lizzy. I don’t know it’s them.”

Elizabeth smiled. “It’s fine. He doesn’t remember me anyway.”

She walked forward, glanced at the dishes on the table, and said with a smile.

“We’re old acquaintances. Will you welcome me? If not, I’ll treat you guys next time.”

Sure enough, she was already a president, so even in such an awkward situation, she could still control herself.

If they didn’t welcome her, it would make them look petty instead.

Nicolas stood up and pointed to the empty seat opposite him.

“It’s our honor to treat Ms. Wade to a meal Please take a seat!”

After saying that, he glanced at Matthew indifferently. He wanted to see if he had really forgotte bout her.

If that’s true, then there’s hope for Jane

Then, it will be a joyous love story!

Jessica glared at Leonard Leonard had an innocent look on his face. What did I do wrong?

The one he asked for was her. Who told her to bring Elizabeth here?

Actually, it’s fine to bring her along. It’s normal for friends to have a meal together.

However, based on the relationship between Elizabeth and Matt, meeting the two of them was like a fire meeting water.

Sitting beside Elizabeth, Jessica said to her with a sideways face

“Lazy, if you don’t want to have this meal, I’ll leave with you. We’ll eat by ourselves.”

Elizabeth smiled

“It’s fine. I like it here.”

At least she could still see him. Even though he was no longer like how he used to be, his attention was on her, and his gaze only belonged to

wine and said. “Today, I’m inviting everyone to a small gathering. Thank you for your hard work for the past few

He held his wine glass and clinked it with them.

All of them clinked glasses with him Elizabeth took a sip of the wine and frowned. The wine was a little strong and it was too spicy.

This was the first time she drank white wine. If it were in the past, Matthew would not let her do so

Now, yeah, no one cares about her anymore.

Jessica could see that she was a little disappointed. However, it was indeed awkward today.

Especially for Lizzy, the man she loved the most, now had forgotten her and completely disregarded her. He was so indifferent that she was not even considered a stranger.

“Lizzy, don’t drink too much.”

Anyway, the dishes in the restaurant tasted good. Besides, it was impossible to make an ordinary reservation. Only those with status were qualified for membership.

Their arrival was not a loss. At least they could have a good meal

Leonard stared at her and frowned slightly. Does this woman think that the atmosphere is suffocating so she only wants to eat?

However, she was quite cute.

The way he looked at her became more and more flirtatious. Seeing this, she withdrew her hand and did not dare to eat anymore,

Ho glared at him and asked him from the corner of the eye.

What are you looking at? Have you never seen a beauty before? Or are I not allowed to eat?

Elizabeth looked at the dishes on the plate and pursed her face with one hand.

“Jess, are you feeding a pig?”

She had said this to Matthew before, Matthew indeed took a glance at her. However, in just a second, he looked away.

“Jane, eat more. You’re too thin.”

She hadn’t expected this There was a trace of surprise on her face.

“Yeah, you should eat more too. Your body has just recovered, so you need to replenish your nutrients. If you’re drinking, you’d better drink

As she spoke, she brought over the wine glass in front of him and told the people on the table.

“His wine. I’ll drink it for him.”

Matthew heard this and there was a faint smile in his eyes as he looked into her eyes.

Nicolas couldn’t help but hold his forehead when he saw this scene.

“Lizzy, I’m so sorry!”

Chapter 674 A Little Sad

A trace of surprise flashed across Estelle’s eyes and she kicked Nicolas.

“What’s going on? Aren’t Mr. Hilton and Ms. Wade a couple?”

Even though there were a lot of rumors about Matthew’s girlfriend, she did not believe it.

Because she had seen how good Matthew was to a woman. Besides, this man was her ideal type.

Seeing him being so obsessed with a woman, she felt that the man she liked was indeed worthy of her g

gaze on him.

Look at the distance between Elizabeth and Matthew. Elizabeth kept peeking at him from afar, but he didn't even look at Elizabeth.

Is he sick of having fun and dumping Elizabeth?"

The more she thought about it, the angrier she got, so she directly asked about it.

Nicolas sighed and whispered.

"Not bad, did you see it?"

He always thought that she was just a child. After all, he has treated her like a kid.

It seemed that she was going to go

"I'm not stupid."

university, and she suddenly became smart.

"You went overseas a while ago. You probably don't know about the domestic affairs. Elizabeth is married to the Young Master of the Campbell

Family Didn't Matt undergo a surgery before? He's in a vegetative state. He just woke up and lost his memory and did not remember Elizabeth."

Estelle was shocked. "T-That's too dramatic, isn't it?"

Nicolas sighed. "Who said it;s nol?"

Nicolas understood this very well.

Elizabeth looked at the way Matthew's treated Jane and how Jane wanted to drink for him. Elizabeth was furious

But no matter how angry she was, no matter how jealous she was, she had no right to say it out.

She could only feel angry in silence, holding the wine bottle, and poured some wine and drank it herself.

She ignored everyone on the table, Jessica grabbed her hand.

"My dear sister, although I asked you out for a drink today, I didn't want you to get drunk"

If it weren't for Matthew and that doctor, she could get drunk!

But with them around, she felt that it would be embarrassing for Lizzy to do so in front of them.

Elizabeth snatched the bottle back. "You don't have to worry about me. I'm just drinking a bit. Go and accompany Leonard! He's always

looking here. He must hate me to my guts. I'm the biggest third wheel among you two."

Elizabeth used to persuade Jessica not to get in touch with Leonard, or have deep feelings for him.

Now, her own life was a mess. She did not deserve to care about other people's feelings.

When Jessica heard that, she glanced at Leonard. She understood the look in that guy's eyes. All he was thinking about now was that sort of thing-

Hence, she lowered her head and looked at her clothes. If she had known, she won't have worn such a deep-V outfit.

If it weren't for these people, he might have already taken action on her.

With that thought in mind, Jessica also took a bottle of wine and poured it for herself.

"Lizzy, come. I'll drink with you."

After all, these rest of the men couldn't do anything bad. At least they wouldn't ignore her and Lizzy.

Even if they were drunk, they could send them home safely.

Elizabeth's eyes lit up slightly. "Shot."

The two of them started.

Later, the two of them began to play dice. Estelle thought that it was fun, so she followed Elizabeth and sat down beside her.

"Can you teach me this?"

Jessica and Elizabeth knew how to play dice, they used to sell wine in the club, they must be very good at it.

Elizabeth turned her head and looked at her. She really liked Estelle.

"Sure!"

Estelle joined their rules. The three women were playing together and having fun.

Elizabeth was already a little drunk. She stood up and almost lost her balance.

“I’ll go to the washroom for a while.”

Chapter 675 He Did Not Have Amnesia

After saying that, she walked out of the room. Estelle was about to remind her that there was a built-in bathroom inside.

But since she had already left, Estelle didn’t care.

Nicolas and Leonard sat together and chatted. The two of them glanced at their woman from time to time.

After that, they started chatting. They had a good relationship since they were young, so they could talk about anything.

Matthew suddenly got up and walked toward the door. Jane stood up and walked out of the room.

The others did not notice the two of them leaving. They continued to chat among themselves.

Elizabeth almost fell several times when she walked to the public bathroom.

Matthew was only two steps away from her. Several times, he stretched out his hand to help her up.

In the end, she steadied herself and even lowered her head and cursed.

“High heels, be good and don’t move, otherwise I won’t be able to walk steadily!”

After drinking too much, the road looked like a tune in her eyes. Besides, she did not like wearing heels, which made her feel even more unsteady

Matthew's lips curled up slightly when he heard this.

When they reached the bathroom door, Elizabeth didn't even look at it and walked straight to the men's washroom.

Matthew caught up with her, bumped into her, and said coldly.

"This is the men's washroom. That's the women's washroom."

Elizabeth narrowed her eyes and looked at him, but she could not see clearly. However, this voice sounded a little familiar! And it sounded good, deep and magnetic.

I think he's quite handsome!

"Thank you!" She chuckled.

After that, he strode to the ladies bathroom. However, Matthew did not enter the men's bathroom. Instead, he stood by the door, as if waiting for Elizabeth

At this moment, Jane walked over, Matthew didn't care as he walked over

He took out a cigarette and lit it. It seemed like he had specially come out to smoke,

Jane did not go into the bathroom. Instead, she stood beside him.

"Give me one too."

Only then did Matthew glance at her indifferently. "Do you know how to smoke?*

Jane smiled I want to "

Matthew took out a cigarette and gave her a cigarette. He even lit it for her.

The moment she took a single mouthful, she coughed.

“You don’t know how?”

He smiled faintly but Jame did not give up.

Take it a few more times. It’ll be fine.”

The two of them stood quietly at the entrance of the bathroom. There was only one room for them here, and the bathroom was in the bamboo forest. The scenery was pretty good.

“Matthew, you didn’t lose your memory”

Well, she was not asking

The reason she followed him out just now was to see if Matthew had really forgotten about Elizabeth

Only after arriving at A City did she realize that the woman that Matthew cared about was called Elizabeth, and she even got married.

At that time, she felt that she had a chance. After he woke up, he even forgot about that woman, as if the god had treated her well.

When she was almost thirty, she found true love.

It seemed like she was getting married to love

Moreover, her relationship with Matthew had improved bit by bit. It seemed like they were getting closer.

However, she could feel that this man treated her well. Just because she had undergone surgery for him and saved his life

The way he treated her tonight flattered her. Just now, she thought that seeing his buddies have a girlfriend made him realize something.

In the end, it was because of Elizabeth that he deliberately did it in front of her.

Matthew did not reply. Instead, he took a puff of his cigarette. After a while, he finally spoke up.

“Yeah, but I don’t want anyone other than you to know.”

Indeed, even if he had forgotten the whole world, it was impossible for him to forget Elizabeth.

Jane suddenly got closer to him, sniffing the faint mint scent on his body. The coldness of the scent was refreshing and pleasant.

“Matthew, since you want to feel at ease, I can help you and pretend to be your girlfriend.

Chapter 676 Encountering a Crazy Man

Jane really like this man. If she could not win his heart, then she would pretend to be his girlfriend.

After having such an experience, her affection towards him won’t be wasted.

Maybe in the end, she could really become her girlfriend.

After all, Elizabeth is now Mrs. Campbell. Even if Matthew likes her, he has to consider morality.

“There’s no need for that,” Matthew said.

After saying that, he stood up and glanced at the woman who came out of the bathroom. She was holding on to the door with one hand and there was still water on her face. She must have washed her face.

She probably vomited. This girl has a bad alcohol tolerance. That way, it’s no wonder she’s drunk.

But now, no one could control her.

Elizabeth straightened her back and did not notice the two smokers at the door. She walked toward the private room.

Looking at her completely exposed back, although that back looked good.

However, he was still a little unhappy with her dressing like this.

He put out the cigarette and threw it into the bin.

Then, he strode forward. When he walked past Elizabeth, he took off his suit and put it on her.

“Women should learn how to love themselves. It’s best not to wear such an exotic outfit.”

After saying that, the man strode forward. Elizabeth was already feeling dizzy

She could feel the warmth on her shoulder. She raised her head and looked at the clothes. When she looked at the man, he only left her a stiff

So she didn’t see clearly who that man was.

However, she was a little unhappy and curled her lips.

“What I should wear has nothing to do with you! Who do you think you are? Mind your own business.”

At this moment, Jane walked over “Ms Wade.”

Elizabeth raised her head and looked at her seriously. In the end, she tried her best to gather through a dozen shadows In the end, she pointed at her

“Oh, I remember now You’re Dr Jane, the attending physician of Matthew Hello!”

Even though Matthew treated her well just now, thinking about this woman hurt her heart.

However, she was still very grateful to her Because of her high medical skills, Matthew recovered.

She had heard that the things in Matthew’s mind would threaten his life.

Nicolas hired many specialists, but they couldn’t do this surgery. In the end, it was Jane who performed the surgery for him.

Elizabeth was very grateful and thanked her!

Previously, she thought that besides being prettier, there were no other good qualities in her.

How could she let the two outstanding men of A City fight for her? But the moment she greeted her, she seemed to understand.

This woman made her feel very comfortable and warm.

The more outstanding a man is, the more he needs this warmth.

The two of them walked towards the private room. Elizabeth walked slowly and stretched out her hand to support her. The two of them walked into the room like this, attracting everyone's attention.

Especially Jessica, she quickly got up.

"Lizzy, are you alright?"

She could tell that this woman was Matthew's current girlfriend. Even if she wasn't, she still liked Matthew.

Is this woman planning something evil to Lizzy?

Jessica had gotten used to the evilness of people and had seen through the evilness of human nature, so she became smarter.

She was afraid that Elizabeth would suffer, and she did not want her to be used.

Elizabeth waved her hand, "I'm fine. It was Dr. Jane who helped me back kindly. Otherwise, I might have to walk for a long time."

Estelle came over to help her and saw the clothes on her.

"Whose cloth is this?"

Only then did Elizabeth recall and glance at the clothes she was wearing

"Heh, I just ran into a psycho. He said I was dressed too revealingly and it affected the city's beauty, so he put on his dirty clothes for me.

Chapter 677 She Is Drunk

The man sitting in the main seat's face darkened. He said that he was mentally ill and even said that his clothes were stinky.

Upon hearing that, Jane spat out a mouthful of water and quickly wiped her mouth with a piece of tissue.

She stole a glance at Matthew, Seeing that his expression had finally changed, she found it even more interesting.

In this world, only Elizabeth could make Matthew's face turn upset and expose his emotions!

Previously, he did not show any emotion in life or death. Even if he was about to die, he did not care at all.

When she saw this scene tonight, she would never forget it

Jessica was shocked too. "Why do I look so familiar with this cloth?"

She reached out and touched it. The price of it was definitely expensive.

Suddenly, she looked at Matthew. She remembered that he was wearing a suit before. Why was he only wearing a black shirt now?

After that, she understood immediately and quickly patted Elizabeth.

"Lizzy, don't say anymore. I'll help you sit down."

Elizabeth finally snapped back to her senses. "Okay! Sit."

Why did she feel that after washing her face with cold water, she felt even more dizzy and couldn't see clearly anymore?

“Jess, where are you?”

She stretched out her hand to touch the side, but she couldn't touch anyone. Jessica touched her forehead. The girl went out and was completely drunk after being blow by the wind.

“I'm here.”

She held her in her arms and helped her to sit down.

Elizabeth sat down and held her face with both hands. She let out a long sigh.

Then, she looked in the same direction. She definitely couldn't see clearly. Anyway, she felt that Matthew was in that direction.

“Matthew, Matthew...”

She called him twice, attracting the attention of the people on the table.

Lying in his arms, Estelle was also a little drunk.

This was the first time she attended a gathering organized by Nicolas. He did not allow her to drink before she went out.

But now, she was already a university student. She was already eighteen years old and an adult, so she could drink

Previously, she was playing dices with Elizabeth and Jessica. She always lost, so took a few shots as punishment.

She blushed slightly and smiled at Nicolas.

“Lizzy is calling Matthew. We’ll have a good show.”

Her face was filled with anticipation. She was simply too cute.

Nicolas couldn’t help but kiss her on the cheek and smiled faintly.

“Since when did you become so nosy? This kind of good show isn’t something an ordinary person can watch.”

Nicolas is looking forward to it!

After all, it was Lizzy who dumped Matt. He almost sacrificed his life for her.

However, Matt had already forgotten her. The physical loss of memory was impossible to recover.

He wanted to see what Lizzy would say. She were to be disappointed, she would definitely cry later!

He couldn’t care less if she was crying.

Jessica really wanted to cover Elizabeth’s mouth. She was drunk and unconscious.

Otherwise, she won’t have dared to call Matthew like that. Besides, he could not remember her anymore. There was no point in calling and crying

Everything that happened tonight was clear. Matthew was more interested in the female doctor beside him.

The doctor clearly had a good impression of him and even helped him to take his shots.

Suddenly, they were going to be a couple. Besides, Lizzy was still a married woman. There was no chance of winning.

Elizabeth removed her hand, "Let go, let go. I want to talk. I want to talk to Matthew."

Matthew stared at her coldly, his gaze indifferent, as if he was looking at a stranger.

"Yeah, I'm here."

He even answered, and Nicolas couldn't help but laugh. Sure enough, there was a good show to watch.

Leonard walked over and pulled Jessica to his side, telling her to shut up.

"Mr. Johnson, let go of me. I need to stop Lizzy."

She was the one who brought Lizy

Elizabeth finished his name and smiled.

Following that,

Matthew frowned slightly. "Ms. Wade, can you be straightforward? It's so scary to laugh and cry like this."

The crowd on the table laughed and added fuel to the fire.

"Lizzy, say it bravely! We'll support you."

Estelle raised her little hand too. "You for this, Lizzy!"

Elizabeth heard their voices and raised her hand to wipe her tears.

There are too many people. I want to talk to him in private. Is that okay?"

Even though she was drunk, she was not stupid. She could only say this things to Matthew.

Jessica stood up, "Let's go We'll wait for them outside.

After saying that, she pulled onto Leonard and said, "Let's go! Don't think about eavesdropping on other people's private conversation."

Nicolas hugged Estelle in disappointment. "Ms. Estelle, let's go! Your gossiping heart is going to shatter. I'll comfort you."

Estelle stood up and snorted at him.

"I don't have the habit of eavesdropping on others."

Then, she shook off his hand and strode out. Then, he caught up to her.

Only Matthew and Elizabeth and Jane were left in the private room.

Matthew glanced sideways, "Jane, you should go out too."

Jane knew that he really wants to hear what Elizabeth wants to say. He doesn't want her to be the third wheel here.

She stood up and sighed.

"Actually, I think if you still love her, don't lie to her."

"Women don't like it when others lie to her. When that happens, you won't be able to tell her the truth later."

Matthew didn't care. After she left the room, he spoke coldly.

"Ms. Wade, what do you want to say? Say it! There are only the two of us in the private room now."

Elizabeth looked around and the people seemed to have disappeared.

She turned to the direction beside him and said in a low voice.

“Matthow, I know you hate me. I’m regretting it too. I thought I could marry someone else to repay my gratitude. But now I know I’m wrong.

Even if I married Dominic, I don’t love him, and I could not accept him. I could not sleep with him, and I could not let him get close to me. When it

comes to sexual affairs, I feel that I could not accept anyone else but you.”

This kind of private conversation was indeed not suitable for outsiders to hear.

Matthew’s eyes lit up slowly and he asked coldly.

“Didn’t you share a room with him after marrying him?”

Elizabeth nodded, “No, I could not do it. So Dominic hates me and blame me. I deserve it.”

As she spoke, she lowered her head, feeling that she deserved to be beaten up by Dominic

Sometimes, she was still secretly thinking that she would rather be beaten than sleeping with him.

She felt that she was truly a wicked person.

Chapter 679 Robbery

“Matthew, don’t hate me, okay? I don’t care about other people hating me except for you,”

The scene was hilarious Matthew was sitting opposite her.

However, she was talking to Matthew’s left. She would cry, and she would cry later. The scene was too weird.

Matthew placed his hands together on the table. There was obviously a faint smile on his lips.

“Are you saying that you just want to have sex with me?”

He smiled wickedly and spoke blatantly.

Knowing that she was drunk, and that she would forget all these things early tomorrow morning, it was fine to play with her.

Elizabeth nodded. That’s right I’ll only make love with you.”

He smiled triumphantly, very happy.

Being acknowledged by a woman, moreover, she was married, and she refused to have sex with her husband because of him which he really

did not expect, he was quite happy anyway.

Because he didn’t let go, then she was still his

No matter who she married, she still belonged to him

If she wants to break up, then he has to bring it up.

At this moment, the door of the private room was pulled open. Dominic strode into the room with a slightly pale expression.

The few people who had been peeking at the door revealed their faces. The door slammed shut and their faces were blocked by the door.

Elizabeth felt a gust of hurried wind blowing past her. Then, she was grabbed violently and her shoulder hurt.

“Wow, it hurts.”

She let out a soft cry, but the man did not seem to feel sorry for her at all. He shouted at her with a cold face

“Elizabeth, why are you here? And you’re alone with him in the private room. Don’t forget that you’re Mrs. Campbell now.”

Elizabeth was stunned when she heard the words Mrs Campbell. She had never looked at the word ‘Mrs Campbell’ seriously. At this

moment, she felt like her world had collapsed

The little hope she had just now was broken again

Matthew’s expression also changed and he was very unhappy with this

This man, when he was not around, snatched Lory away. It was not glorious.

I’ll definitely make a real battle with him.

When Dominic was about to leave with Elizabeth, he looked coldly at the man sitting opposite him and saw Elizabeth wearing a suit. Then, he looked at Matthew

He was only with

A trace of surprise flashed across Jessica's even. She did not expect that Dominic seemed to have changed like a different person. The previous

elegant young master was completely gone

She parsed her lips and said. "Dominic, I hope you can treat Larry better "

If you can't, please let go of her hand

Of course, she didn't say the last sentence. If she said it, she was afraid that Lazy's life

suld be worse

Leonard walked over and wrapped his arms around Jessica's waist. He looked at Dommir coldly

"Mr. Campbell, Jess and Elizabeth are best friends. If you want to stop them from interacting, why don't you ask Elesbeth?"

Chapter 680 Something Bad

Leonard wasn't someone to be provoked, so he retreated.

Dominic's expression was getting worso. He didn't say anything else and left with Elizabeth.

When Matthew came out of the room, the suit was hanging on his arm.

Actually, everyone knew who they were tonight. It was just that they didn't say anything.

Matthew said coldly to Jessica.

"Something wasn't right when Dominic entered just now. He might have misunderstood. Call Elizabeth's family and tell them to be careful and see if Dominic has brought her home safely."

After saying that, he walked outside and Jane followed.

Jessica woke up instantly and took out her phone from her bag.

“That’s right. I want to give Arthur and the others a call and ask them to watch. Otherwise, Dominic will bully Lizzy.”

The situation just now was not quite right. Dominic would surely misunderstand.

All of them were thinking crazy outside, let alone him!

When Leonard saw how anxious she was, he patted the back of her hand.

“Don’t rush. Take your time.”

After the call, she breathed a sigh of relief and fell into his arms.

“Sigh, I’m really exhausted tonight. It feels like I’m on a roller coaster.”

After saying that, she straightened up and glared at him.

“It’s all your fault. Next time, when we talk about dinner, tell me clearly who exactly is there. Otherwise, I won’t go.”

After saying that, she threw him a look and walked away in her high heels, ignoring him.

Leonard chased after her and reminded her.

“Be careful The heels are too high.”

Jessica was a queen. She wore high heels very steadily. When she was seventeen, she bought herself high heels and secretly wore them at home.

I’m already used to it. I’m walking steadily

After Matthew got into the car, he told the chauffeur.

“Follow the Benz in front.”

“Okay, Mr. Hilton.”

Matthew drove Dominic’s car all the way to Dominic’s house until the door closed.

The driver asked, “Mr. Hilton, are you going back now?”

Matthew tapped lightly on the armrest and raised his head to look at the house.

I know exactly which floor is her bedroom.

“Wait a while longer.”

In the villa, Dominic got out of the car and helped Elizabeth into the house.

The two sons received a call from Jessica and were already waiting in the living room. When they saw Dominic helping Elizabeth in, they got

“Mommy!”

The two sons said in unison, Ms. Elliott also came out of the kitchen.

“Lizzy, how much did you drink?”

Dominic saw that her family was waiting for her and felt that she was truly blessed.

“What about him? How many people would welcome him when he returned to this house?”

Hazel rubbed her eyes and walked out of the bedroom. She wore a pj.

“Young Master, did you guys just come back? I’ve already slept.”

She walked over and held Dominic’s hand. Arthur and Antony often saw them getting together and even kissed like no one else.

Knowing that the two of them were a couple, Arthur and Antony both grabbed Elizabeth’s hand.

“Uncle Dom, let’s us do it!”

The two sons took Elizabeth over. Although she was not as tall as Elizabeth, the two boys were strong and helped her to the elevator.

He glanced at the woman beside him. Her eyes were fixed on him.

A faint smile appeared on his face. He raised his hand and pinched her nose.

“Little brat, wait for me in the room. I’ll be back soon.”

Now, she lived alone on the third floor. Dominic slept in her room every night

Hazel nodded and smiled joyfully

“Has Lizzy drunk?” she asked after realizing what was happening

Dominic became annoyed upon hearing Elizabeth’s name and said coldly.

“That’s right. You’re not allowed to drink, got it?”

Hazel nodded, “Yeah, I’ll listen to Young Master.”

Ms. Elliott came out holding the sobering soup and saw the intimate scene of the two of them. She opened her eyes slightly
