Chapter 691 What Does He Want To Do

When she got down to the second floor, there was a black car parked not far away from the elevator. She quickly walked over and opened the door to get in.

A man sat in the driver's seat. He was very thin and he was also very tall. He was dressed in black and wearing a cap. His cap was pressed very low, and he could only see his sharp jawline.

His name was Kai. He was the bodyguard that she had found recently.

Moreover, she used some special means to find such an expert in the black market.

Because she was afraid that her children would get into trouble, she only found this one for the time being. The other's skills were average.

However, with Kai's urgent training, the bodyguards would catch up quickly.

After week later, when the training ends, they will protect the three children secretly.

She had just started this matter, and Dominic really did it. She really did not expect him to be so fast.

"Boss."

He called her in a low voice, Elizabeth was very anxious.

"Hurry, follow the location I sent you."

Fortunately, the two sons installed a GPS for Abby. Otherwise, she really didn't know where to find Abby.

Kai withdrew his gaze and the car sped out.

Elizabeth's head bumped into the front seat. She raised her hand and caressed her forehead. It was a little painful!

However, this kid's driving skills are not bad. It's what she needs the most now.

She fastened her seatbelt and stared at Abby's location on her phone.

The journey that was supposed to take an hour and a half had been shortened to half an hour. The moment the car stopped, Elizabeth finally felt relieved

Elizabeth was in a bad mood when she saw that this was an abandoned mental hospital

She clenched her fists tightly. What is Dominic trying to do?

Abby was found, but she was very familiar with Dominic. She had taught them to treat Dominic well since young, because they were their

Abby wasn't prepared for this, and this was the most terrifying thing how

As long as Dominic wanted to hurt her, she did not know what to do

Before she got out of the car, she said to Kai, "Please speed up your training. I can double the money. Those people will have to start work after three days."

Kai followed her out of the car and took out a gun. His movements were handsome.

"Got it. Boss. As long as there's enough money, I'll speed up."

His voice was very low, very cold

Kai used to be an agent. Now that he had left the organization, he became a bodyguard..

Elizabeth walked towards the mental hospital and looked at the broken wall and the rubbish around her. Her face became more and more grave.

She was in a hurry. Kai caught up to her and stared at her with his narrowed eyes.

“Boss, why don’t you follow me.”

His sense of smell was very sensitive. He knew there were quite a lot of people inside, not less than ten.

Elizabeth stopped and thought about it.

“Alright, you’re in front, but you must protect my daughter, and, Dominic, you’re not allowed to hurt him.”

Kai walked forward, walking quickly, leaving a cold shadow of her back.

“Got it, Boss.”

Elizabeth saw dozens of people taking pictures of Abby. She was wearing a black princess dress and wearing heavy makeup.

She was very happy.

Elizabeth was originally behind Kai. When she saw this scene, she ran over quickly.

She held Abby in her arms, tears welling in her eyes.

Abby was originally very happy, but she was startled by Elizabeth's hug

"Mommy, why are you here?"

Elizabeth looked coldly at the man beside her. He wrapped his arms around his chest and looked at her with a faint smile.

"Abby, you're not in class. Why are you running out? You're not allowed to skip classes from now on.

All she could do was tell her daughter this, hoping that she could remember.

She handed Abby to Kai "Want for me in the car"

After saying that, she walked toward Dominic.

Chapter 692 Don't See Matthew Again

Abby originally didn't want to go. She liked taking pictures in a princesses dress.

Dom had fulfilled her wish today. She was really happy.

But seeing Mommy like this, she didn't know why she wasn't happy!

Kai held her little hand "Let's go! Wait for her in the car."

Only then did Abby look at this cool uncle and her eyes lit up, thinking that he was so handsome!

"Sure!"

Following Kai out obediently, she stole glances at him from time to time.

Dominic stood rooted to the spot, looking at the woman walking toward him with a smile.

Elizabeth was very unruffled. She walked over and pushed Dominic a few steps backward. She grabbed onto his tie.

“Dominic, what are you trying to do?”

Her eyes were filled with fear, and there were still tears in her eyes.

Dominic raised his hand to caress her face. He smiled wickedly and coldly.

“Lazy, the little princess said she wants to take some photos. I was just helping her. What’s wrong?”

After saying that, he laughed coldly. The tears in Elizabeth’s sweet eyes almost fell

“Dominic, I said, if you have any grudges, come to me. Don’t touch my children.”

He knew how important these three children were to her.

Dominic removed her hand and the smile on his face disappeared.

“Since you’re so nervous, you better listen to me in the future. You’re not allowed to see Matthew again. If you dare to see him again, you’ll bear the consequences”

Elizabeth finally understood. He remembered what happened last night and was very unhappy.

No wonder he dared to be intimate with Hazel in front of Ms. Elliott last night and let Ms. Elliott know about their relationship. It turned out that he was upset

If he was unhappy, then she would only feel even more unhappy

Elizabeth suddenly huffed, "Hab It's because of this, I know."

After saying that, she left and said as she walked

"Dominic, I know about you and Hazel too. She's a good girl. I hope you'll cherish her."

Dominic's expression changed when he heard this and he hurriedly caught up with her.

"Elizabeth, don't think that you can be with Matthew peacefully after me sleeping with Hazel. Women should be more cautious, otherwise you will be the one to be humiliated when it gets out. Men are different."

Elizabeth felt a little uncomfortable when she heard this

"The society is very harsh on women. For example, when she gave birth to three children, she was the one who was scolded and accused of being unreasonable."

But who would pay attention to the truth, and who would blame the man who caused her pregnancy

Now, her marriage with Dominic, Dominic had an affair. However, he felt that it was normal for a man like him to have an affair. If she had an affair, she would be condemned by morals and would be scolded by the world.

She glared at him coldly, then strode away

Dominic was stunned by her gaze just now. He furrowed his eyebrows slightly and his head hurt. He raised his hand to caress his forehead and looked at her

When she opened it again, his gaze was different from just now was protle. It was completely different from the coldness just now

He turned his head and looked around. The surroundings were in disarray and he called out

Josh, who was talking to the photographer. He ran over when he heard him calling him.

“Mi Campbell”

Brumme abo lebs and he sighed caminar strangely difies awring that, be stendeval and book out his phone to give his psychologist + call

I touch to appears ojem I do thick I can defect how linky, skin appearance has takes a lot of home’

After anything that, he bit state bong agh and asked

“If kas personality defeats me, wil | deappear forever?”

Chapter 693 What a Coincidence

Dominic found the best psychiatrist, Adam Driver. He was a specialist in mental disorder and was one of the number two in the country.

He was hoping that he could cure his illness. Previously, he did not think that he was sick.

But that personality appeared for longer and longer, he felt that something was off, so he checked a lot of information to make sure that he seemed to have a split personality.

Adam replied. “That’s right, if this dark personality defeats your main personality, then he will forever replace you, so you must be stronger than him.”

After saying that, he fell silent for a while.

“Mr. Campbell, however, I feel that your main personality is a little weak now, so you need to burn up hope.”

Dominic agreed, “I understand.”

After hanging up the phone, he glanced at his car and drove out his blue sport scar.

Sure enough, that follow liked this cheesy stuff. No wonder he had recently some flower shirts into his closet

Josh had already settled the cameramen’s work and paid them the money. All he could do was wait for them to go back to redo the photos and create an album.

“Mr. Campbell, they said the album will take fifteen days to be retrieved.”

Only then did Dominic come back to his senses and asked.

“Who came here to take a photo?”

His company doesn’t have this business. Even if it has it, he is the CEO. Who dares to order him to come to the spot. What is that guy up to?

Josh felt that his boss was acting weird today, but he didn’t dare to say anything.

The young lady wanted to lake such a dark style photos, so you hired a photographer for her. However, Your wife just arrived and seemed to be unhappy. She quarreled with you.”

Dominic let out a long sigh. It seemed like he was arguing with Lizzy again.

tonight, he would have to coax her when he went home.

Elizabeth took a wet towel to remove the makeup on Abby's face. Abby was furious,

Can I not remove it? I really like this makeup.

Kisboth really didn't really understand this style. This kind of ghostly looking makeup looked be a ya

Merrowk, they were filming in any bandoned mentalkerstalli

Dominic is trying to scare her!

The more she thought about it, the angrier she got. How could he act like a different person?

"No, you'll scare others like this."

While wiping her, she sighed. "Abby, can you be with the two brothers in the future? Wherever they
don't go, could not you go too?"

Today, she was so terrified that she almost fell sick.

"Even if it's Dom, could not it be? Did he saver us? You told us to treat him well"

Reject Dom. Is this good to him? He'll be disappointed.

Elizabeth looked at her serious little face and couldn't help but laugh.

“That’s right. You could not go with Dom. You have to stay with your two brothers, Even if Dom asks you to go, you’re not allowed to go. without your brothers!

She ordered Abby strictly.

Abby nodded. “Okay!”

No matter what, she liked being together with her brothers. She missed them a lot when she went out alone today.

Since it was already past six o’clock by the time she returned to the city, she had an appointment to meet important clients at seven o’clock, so she asked Kai to send Abby back to Ms. Elliott.

On the other hand, she took a cab to the bar that Scott sent her. When she reached there, it was exactly seven o’clock She hurriedly walked into the bar

The moment she entered the door, she bumped into a man.

“I’m sorry!”

She said anxiously and was about to run to the elevator before she could even stand upright.

Matthew helped her up and said softly.

“Mr. Wade, slow down

Elizabeth heard this familiar voice and raised her head, then she was stunned.

Matthew’s gorgeous face appeared in front of her and supported her waist with one hand.

Chapter 694 It Turns Out It's Him.

Elizabeth's eyes widened. She really didn't expect to meet him.

Matthew let go of her. She stood still and said.

"Thank you!"

The two of them became strangers. This strange feeling made their hearts tighten slightly.

Matthew didn't say anything else. He strode forward.

Elizabeth stood rooted to the spot, her eyes gleaming slightly

It turned out that if two lovebirds did not cherish each other, they would eventually become strangers. Just like them now, she felt so sad.

He had forgotten her, probably because his memory of her was not good, so he would rather forget about it!

She let out a long sigh, then her expression returned to normal.

Now, her life was in chaos and she could no longer make sense of it. However, she still had to go ahead.

She still had to meet important clients later, so she couldn't be sad anymore. Her expression returned to normal. She straightened her hair and walked toward the elevator in her high heels.

When she reached the sixth floor, she exited the elevator and entered Room 608.

When she entered the door, there was a hint of a smile on her face. Scott stood up and spoke to the man in the main seat.

“Mr. Hilton, Mrs. Wade is here.”

Elizabeth finally realized that the client she was meeting today was actually Matthew.

Matthew was very calm and did not have any unexpected expressions.

He merely nodded indifferently, “Mrs Wade, it turns out that you’re the president of S Group”

No one would have imagined that S Group actually belonged to Elizabeth.

Matthew did not know about it before. He had never investigated SGroup, and he did not have much cooperation with them.

This was the first time he worked with S Group, but why did she become the president of S Group? Matthew did not understand this.

He suddenly felt that this girl seemed to have more secrets.

Elizabeth sat beside him in a daze. After a moment of silence, she suddenly spoke. Her expression was calm, and the panic she felt when she walked into the room just now was gone.

Mr Hilton, we’re meeting today to discuss the shopping mall. That piece of land is in the hands of the Hillon Group. Our company will build a shopping mall there

Scott saw Elizabeth like this and frowned slightly.

What’s wrong with Mrs. Wade today? She handed him a proposal the moment she met him. This is

This was too obvious, but Elizabeth did not notice, regardless of Scott giving her a look.

“Mr. Tilton, make up your mind.”

Matthew’s hips curved upward as she pressed lightly.

“Is this the first time Mrs. Wade has a business meeting?”

Scott patted his forehead. Matthew was famous for being difficult and ruthless. Even the gangsters in the business him, so Scott was not confident.

Now that he saw Mrs. Wade like this, he felt that it was better to give up.

Elizabeth smiled, “No, but it’s my first time meeting Mr. Hilton. I’m very interested. Besides, you should know about our company’s capabilities.”

As she spoke, Elizabeth took the bottle and poured some wine.

“Of course, I’ll make you happy tonight, Mr. Hilton.”

Matthew’s expression changed slightly. Is this girl living like this? She’s meeting clients every day and drinking?

“I won’t drink tonight”

Elizabeth’s hand paused. Besides, he even took the wine from her and told the waiter.

“Take the wine away The waiter arrived very quickly and withdrew the wine and the glasses she poured just now. The table was empty. Scott could tell that Matthew treated Mrs. Wade differently. At least he treated her like a woman. Let’s have some juice.”

Chapter 695 A Woman's Mind

In the following days, they would have their meals quietly and occasionally make food for Matthew.

"This is what you like."

She placed a piece of braised beef onto his plate. Recalling the past, he forced her to cook for him every day.

Even if her cooking wasn't good, he would finish everything. At that time, she didn't know that this was called stupid love.

Upon hearing this, all of them looked at her.

Esme lowered his head to eat. He did not dare to watch the scene today and did not dare to say another word to Elizabeth.

Previously, he almost killed Mr. Hilton out of kindness.

Hence, he was working hard by Mr. Hilton's side every day to redeem himself

Scott asked, "Mr. Hilton and Mrs. Wade knew each other before, right?"

"I don't know her."

Matthew replied indifferently, then did not eat the beef that she had given him.

Elizabeth was slightly stunned. Of course, they knew each other. Besides, they were boyfriend and girlfriend, and he even proposed to her!

However, the ring was returned to him the other day when she left.

Elizabeth was also self hypnosis. "Don't talk nonsense."

Now, she no longer had the right to care about him. She only talked about business and not love.

The meal ended in an extremely oppressive atmosphere. Neither of them talked about work nor did they talk

"Scott, a businessman, could not even figure out what's going on?*

However when i came to dealing with Matthew, he was not confident either. This man had a strong presence and he needed courage to talk business with han

However, Mrs Wade would usually be nervous when it came to discussing business. Today, she did not seem nervous at all. He realized that they seemed to know each other

After eating. Elizabeth looked a Mr. Hilton, consider our collaboration?

Matthew a cigarette and took a deep breath. There was a hint of a smile on hie cold gas

Actually, there are many shopping malle that weal to open mic New Ares, not just \$ Group. In three days, you can come to the bidding you got

Elizabeth said and then looked at Scott, who nodded slightly.

This was a process that we had to go through. Previously, whoever had a stronger relationship will sign the contract first then attend the bidding.

But this time, Matthew wanted to see what they got.

It seemed that the bidding this time was very important.

“Okay, Mr. Hilton.”

Elizabeth responded to him. Matthew glanced at the time.

“Mrs. Wade, thanks for the meal. I’ll be leaving now.”

At this moment, his phone rang and he answered it.

“Rosalie.”

Elizabeth’s eyes gleamed when she heard him calling her Rosalie and she followed him.

Scott got up quickly and the four of them left the room together.

“Okay, I’ll be here now. Don’t be afraid.”

Elizabeth heard him comforting Rosalie and remembered that Rosalie were his childhood sweetheart. The two grandmothers of theirs were best friends, and Nicolas were his best buddy.

With such a good relationship, it was very likely that he and Rosalie would develop into a couple.

After all, he had forgotten her, so he was single now, and there was no one he liked.

As long as Rosalie pushed harder, he would be hers every minute.

Elizabeth gritted her teeth and quickened her pace to walk to his side.

“Mr. Hilton, is the Miss Rosalie alright?”

Matthew glanced at her indifferently. “What does it have to do with you?”

His voice was deep and cold, and there was a trace of mockery in it.

Elizabeth didn’t care anymore. She didn’t care about his thoughts and gaze and lied.

“Miss Rosalie and I are friends, so I’m quite concerned about her too. I’ll go with you!”

Didn’t he say that he’s going to look for Rosalie? I’ll go with him. That way, it won’t be a man and a woman alone.

Chapter 696 Destroying

Matthew sneered. When did she become friends with Rosalie?

Moreover, he did not intend to go to Rosalie. He originally only asked Esme to go over to take a look.

Since she wanted to follow him, then he would go.

“Okay!”

He replied indifferently and walked into the elevator.

Elizabeth turned around and said to Scott, You should get off work! Mr. Hilton and I want to go to a friend’s house.”

Scott smiled and nodded. Then, she followed him into the elevator.

Esme did not follow her in. He knew that he was in vain at this time.

Besides, he was afraid that he would talk to Elizabeth. Maybe he would scold her, or maybe he would say that Mr. Hilton almost died.

The way he spoke, sometimes, he couldn't hold back.

The more he said, the more he made a big mistake. Hence, he would automatically fall behind. After that, he and the bodyguards would follow

Only her and Matthew were left in the elevator. At this moment, Wade's phone vibrated.

She clicked on the message and took a look. It was a text from Dominic.

"Lizzy, what time do you get off work tonight?"

Dominic was cooking at home and having candlelight dinner. Besides, he asked Ms. Elliott to bring the three children to watch a movie just to make Elizabeth happy!

Elizabeth did not care. She was used to his mood swings.

After slapping her, he immediately gave her a candy. This had happened too many times, and she no longer missed him.

Elizabeth switched her phone to mute mode. She just didn't want him to disturb her.

I have something more important to do tonight. I want to stay with Matthew and not let him spend time alone with Rosalie.

By the time they reached the lobby, Matthew's driver had already drove to the entrance of the restaurant. He got out of the car and opened the door for Matthew Matthew bent down and got into the car.

Elizabeth ran to the other side, opened the car door, and got into the car.

Matthew turned and glanced at her indifferently, "Mrs. Wade, I didn't expect you to be quite enthusiastic."

She didn't even know what happened to Rosalie. She wanted to follow him. Besides, she didn't seem to be familiar with Rosalie and even pretend to be friends.

I'll see how you solve this be later

Elizabeth raised her hand to wiggle her hair and smiled.

"Haha, I've always been so nice to friends."

Fortunately, he forgot about her Otherwise, he would definitely make fun of her.

After the car left the restaurant, Matthew took a tablet and started working

Elizabeth sneaked a look at him. He had lost a lot of weight this time because of his illness. Looking at him made her heart ache. Even if he was in the car, he would have to work too hard, right?

Hence, she bumped into him with her hand. "Mr. Hilton, I'm warning you! It's bad for your eyes to play with your computer and mobile phone in the car."

She pointed to the tablet in his hand and motioned for him to take a break!

Matthew didn't even lift his head and said coldly

That's a lie to a child. I'm an adult. My vision has been stabilized. No matter how bad it is, it can be worse."

Elizabeth, The way he spoke was exactly the same as her two sons

Elizabeth couldn't help but take a few more glances at him, as if she felt that the her two sons resembled him more and more.

When she thought about this, a surprise flashed across her face.

Could it be that they look alike after being together for a long time?

But she did not think about the direction of him being the father. After all, it was not very likely

After that, the two of them didn't speak anymore. The car was very quiet.

When we reached the place where Rosalie lived, the Mable Apartments were very famous in A City. All the people living here were celebrities from wealthy families.

Elizabeth's first time here. She secretly wondered if she would meet any celebrities later.

Rosalie lived on the 24th floor. When the elevator doors opened, Elizabeth walked out of the elevator one step ahead of him.

"Which room is she staying in?"

Matthew pointed to the opposite room number 2401. Elizabeth pressed the doorbell and soon opened the door. Rosalie ran out in her nightdress. Just when she was about to throw herself into his arms, Elizabeth stopped her

“Miss Rosalie, what’s wrong?”

Chapter 697 The Ring Reappears

Elizabeth smiled, making Rosalie feel uncomfortable.

She glanced at Matthew who was standing behind her. “Matthew, you know that I’m afraid of cockroaches the most. I don’t even dare to go down the ground.”

Actually, she could leave this to the landlord, or even her housekeeper.

The first person she called was Matthew. No matter how silly Elizabeth was, she knew what she meant.

Of course, Matthew knew.

He glanced inside. “It’s fine. I’ll settle it.”

Elizabeth snatched the conversation, “Let me do it!”

After that, she went into the house. A wicked smile flashed across Matthew’s lips. That girl was usually timid, but she seemed to be brave today.

Rosalie looked into the house, obviously not very welcoming Elizabeth.

But she had no other way, so she could only look at her with her eyes to loathe her.

She turned her head and smiled at Matthew. “Matthew, Ms. Wade is quite brave.”

“Let’s sit in the house! I’m awake now, so we can have a drink.”

The two of them entered the apartment. Elizabeth held a slipper in her hand and paced around the house.

When she saw the two people entering, she furrowed her brows and asked.

“I didn’t see anything!”

In fact, Elizabeth saw the candlelight dinner on the dining table the moment she entered. She already knew the purpose of Rosalie.

However, Matthew should be full tonight. No matter how delicious the candlelight dinner was, he would not be able to eat it.

Elizabeth was quite happy when she thought

Fortunately, she fed him a lot of dishes tonight and even added

two bowls of rice. She had already fed him a lot.

She turned back to the two of them. “Miss Rosalie, I’ve checked, but I didn’t see cockroaches.”

This was such a high end residential area. Besides, it was obvious that there were servants cleaning her room every day. How could there be any hickies?

She raised her slippers with one hand, and the two of them looked at the slippers in her hand.

Elizabeth quickly put down her hand and tossed the slippers to the side. She looked at the dining table.

“You haven’t eaten yet? We’ve already eaten. Are you full, Mr. Hilton?”

Matthew raised his eyebrows slightly. Yeah, I'm indeed very full"

She was feeding him like a pig. Even if he wanted to eat something in the evening, so his stomach had no place left.

Rosalie pursed her lips. She was the one who cooked. It was a shame.

She said unhappily. Then you guys sit down and rest. I'll make tea for you guys."

At this moment, Elizabeth saw the ring hanging on the neck of Rosalie. She stretched out her hand and took a look at it.

Her eyes were filled with surprise and delight.

Rosalie were deliberately shown to Matthew. Unexpectedly, Elizabeth pulled her and wanted to take it back, but Elizabeth refused to let go.

"Miss, this ring belongs to me."

Rosalie became very nervous. She stole a glance at Matthew because she knew the ring was very important to Matthew.

The change in his attitude toward her was entirely because of this ring.

She even investigated everything. She knew that six years ago, Matthew spent a few nights with a woman. This was the ring he gave that

Elizabeth said the ring belongs to her now. Does she know that Matthew is looking for that woman?

"How is that possible? This is mine."

After saying that, she forced the ring on her neck back and raised her hand to block it.

Elizabeth was sure that this was the ring that she had been stolen by the thief.

“Miss Rosalie, this is really mine. More than half a year ago, I was robbed by a thief. I even called the police. Can you return it to me? I can give you twice the amount you bought.”

This ring can find the children’s biological father. Although it could not give them a complete family, at least they need to know who their father is?

Chapter 698 Some Man Is in a Good mood

The more she listened, the angrier she became. “I said, this is mine. My boyfriend gave it to me. If you lose it, then blame yourself. Don’t come and snatch my things, okay?”

Elizabeth’s behavior tonight was really unusual. She would never be like this in the past.

But tonight, she couldn’t control it and she didn’t want Matthew to spend time alone with Rosalie. Therefore, she came here shamelessly.

Even if she had to kill cockroaches, she wasn’t afraid anymore.

What surprised her more was that she found the ring that she had lost.

Even though everything she did was too sudden, it made people feel uncomfortable, as if she did not know how to be polite.

But she couldn’t control herself.

Matthew stood not far away and looked at the two women quietly. When Elizabeth said that the ring belonged to her, Matthew was secretly delighted. because the first time he saw her, he felt a special sense of familiarity.

Now, it was already confirmed that she was really the woman from back then.

Elizabeth's gaze remained on the neck of Rosalie. She really needed that ring

Rosalie was furious. "Mrs. Campbell, if you like such a ring, you can ask your husband to buy it. Don't come and steal it from me, okay?"

After saying that, she pointed outside the door. "Please leave. My house doesn't welcome you."

Elizabeth sighed. She probably won't be happy about what she did tonight. After all, she had ruined her good things.

Now that she wanted the ring on her neck again, it was no wonder she was not angry.

Elizabeth could only turn around and leave. When she reached the door, she called out to Matthew.

"Mr. Hilton, I'm here in your car. Can you send me home?"

Rosalie hurriedly held Matthew's hand. "Matthew wants to accompany me. You can go back by yourself! You can take a cab. If you could not, get your husband to pick you up."

When she said this, she raised her head and glared at her vigilantly, hoping that she would be more understanding

Now that you're married, don't hook up with Matthew.

Elizabeth's heart was in a mess now. She no longer had the ambitiousness she had when she arrived. She couldn't care less about Matthew anymore. All she wanted was to get the ring back.

Hence, she walked out and Matthew just looked at her coldly

Rosalie saw that the third wheel had finally left. She quickly walked over and closed the door. The moment the door closed, she breathed a sigh of relief.

She finally left. It's so annoying.

"Matthew, take a seat! Let's have a drink."

Matthew was in a good mood. He was already sure that the woman from then was Lizzy, so the three children were also his descendants.

Tonight, he had completed the duties his grandparents had entrusted him. Besides, there were three great-grandchildren. The two of them should be very happy.

"Okay, pour me a glass "

Sitting at the dining table, he took the wine from Rosalie and gently shook it. Then, he took a sip.

A faint smile flashed across his handsome face. "Good wine."

Even if he was drinking vinegar tonight, he would still think that it was a good wine.

After all, he was in a good mood!

Rosalie was very happy. Then, have a few more glasses""

Matthew looked at the ring on her neck and asked

“Are you selling this ring?”

To him, this ring was worth buying

The girl said she was snatched. No wonder he hadn't seen her before. It turned out so

Rosalie shook her head. “Matthew, I can give it to you if you want it.”

Matthew took another sip of his wine. There was a trace of indifference in his gaze.

Holding his phone in one hand, he sent a text to Arthur.

“Are the two of you free tomorrow? I want to see you guys.”

This time, he didn't have anything to do with stealing his hair anymore. He directly brought his two sons to the hospital to take a blood test.

Previously, which step went wrong? Even now, he hadn't figured it out.

The incident with the boy named Nicolas must have caused him trouble.

Chapter 699 Candlelight Dinner Again

At this moment, Antony and her brother and sister were eating ice cream in a store. Antony took a small spoon and fed it to her mouth.

Then, she squinted her eyes, “Ah, it's so cold!”

Ms. Elliott reminded her, “Don’t eat too much. If you’re sick, your mom will talk to me again.”

Elizabeth didn’t usually let them eat ice-cream. Tonight, Dominic asked her to bring the three children out to watch a movie. It was a newly released action movie.

The three children were delighted. When they came out, they saw this beverage store, and Abby started arguing to eat.

Ms. Elliott was always pampering the kids, so she brought the three of them in and ordered a strawberry ice.

It seems like kids like this.

The phone on his watch vibrated. He clicked on message and took a look. He saw the message Matthew sent him.

Frowning slightly, he spoke to the phone.

“Tomorrow is Saturday. We don’t have class.”

Matthew agreed to pick them up the next afternoon.

Elizabeth stood at the entrance of Rosalie’s apartment for a while. Seeing that Matthew had no intention of leaving, she sighed

I promised myself to destroy it, but in the end, I still lost.

She took out her phone and looked at the time. She realized that many missed calls were from Dominic.

She pursed her lips. It seemed that Dominic was getting impatient.

Hence, she clenched her teeth and look a glance at Rosalie. Although she really wanted to wait here, she still was not shameless.

She took out her phone and texted Matthew.

“Mr. Hilton, I’m leaving now. When you get home, send me a message and let me know that you’re home safely.”

After she sent it, she did not expect him to reply.

Matthew was like this. He treated everyone coldly and didn’t care at all.

Previously, he was so passionate because he liked her.

Now, she really understood that he was just a piece of ice when he wasn’t cared about her

When Elizabeth walked out of the apartment, Matthew’s driver called her.

“Ms. Wade, Mr. Hilton asked me to send you home.”

Upon hearing this, Wade paused and silently canceled the Uber just now.

The driver opened the door for her and she asked before getting into the car.

“Where is he?”

The chauffeur sent her home. Is he planning to stay here?

She was a little unhappy and her expression was unpleasant.

The chauffeur was stunned for a moment. "Mr. Hilton didn't say anything."

As a chauffeur, they would only listen to his boss and naturally did not dare to ask further.

Elizabeth bent down and got into the car. She could no longer control him now.

Back at Dominic's villa, when she entered the door, she saw Dominic sitting on the sofa with his head lowered.

When he heard the sound of the door opening, he slowly raised his head and smiled faintly.

"Lizzy, your back Elizabeth was changing her shoes and responded.

"Okay!"

Hazel stood obediently behind the sofa. When she saw her come back, she merely took a glance and didn't dare to make a sound.

It seemed like the two of them were arguing. Is Elizabeth not in a good mood now?

Hence, Dominic stood up and blocked her as she walked up the stairs.

"Lizzy, I made dinner. I was waiting for you to come back for dinner."

Elizabeth looked at her watch. "It's already 1 past 9. I've eaten."

After saying that, she walked upstairs and Dominic called her again.

“Lizzy, you can not eat, can you sit and listen to me?”

Elizabeth knew that if she did not listen to him tonight, everyone might not be able to rest

Hence, she turned around and walked to the dining room. She saw the candles lit

It was a candlelight dinner again.

Dominic pulled a chair for her. He was very gentlemanly.

After Elizabeth sat down, he sat opposite her, then he poured a glass of wine.

Elizabeth turned her head and saw that Hazel did not follow her in.

“Let’s have a meal together!”

Chapter 700 Let Her Leave

What a generous woman. She could be so generous in front of her husband and his mistress. She even wanted to have a candlelight dinner together.

Elizabeth couldn’t help but laugh self-deprecatingly when she thought about this matter.

In fact, it wasn’t because she was generous, but because she didn’t love him.

This kind of deceived marriage really won’t be happy.

Dominic glanced outside. There’s no need. She’s just a servant. She shouldn’t be at the dining table.”

In Dominic's eyes, masters and servants were different. He had lived in a wealthy family since young and was very serious about this.

Elizabeth smiled. "Okay!"

Sure enough, the two of them were having a fight. She sighed, hoping that Hazel would be stronger.

Dominic poured a glass of wine and pushed it to her.

"This doesn't have a high alcohol content. I specially got someone to make it for you."

Dominic felt a sense of familiarity today. Elizabeth couldn't help but keep staring at him. In the end, she finally spoke.

"Dominic, don't you feel that sometimes you don't look like you, sometimes you look very much like you."

Elizabeth felt confused even after saying that. She sighed, unable to explain clearly.

"Do you have a twin brother?"

Dominic tightened his grip on the wine glass. He knew that he was sick, and if he couldn't fight himself, he would disappear forever.

However, he did not want to tell anyone about this.

"No. My bad temper is bad when I'm in a bad mood. Please bear with me."

He raised his wine glass. "I probably couldn't control my emotions because of what happened with my eyes. Lizzy, I'm sorry about the things

I've done to hurt you. I'm sorry!"

Elizabeth held her wine glass. He apologized to her so many times, but not long after, he would repeat the same thing again.

Should I forgive him?

Elizabeth couldn't be such a saint She just raised her wine glass and took a sip

"Dominic, I'm tired I need to go upstairs to rest "

She stood up and left. Dominic watched her leaving and there was a trace of disappointment in his eyes.

It was as if that fellow had done a lot of bad things to her, making her completely disappointed in him. Otherwise, Lizzy from before would have forgiven him.

She'll definitely forgive him whenever he says it.

"Young Master."

She pursed her lips and stared at him.

Dominic's face darkened when he saw her expression.

"What is it?"

Young Master, I don't know what I did wrong. Please don't ignore me, okay?"

After saying that, she ran behind him and hugged his neck from behind.

“Don’t ignore me, okay?”

She repeated, even crying.

Dominic felt real this time. That fellow was together with Hazel, making this girl fall deeply in love with him.

This is so messy. He removed her hand.

“Hazel, don’t do this again. I’m married, and I have a wife. It’s not right for you to do this.”

“Young Master, I don’t understand what you’re saying. All I know is that I like it when you come to my room and do those things to me. I like it when you smile at me. I like it when you call me darling!”

The more Dominic listened, the more he felt that something was wrong. His face darkened bit by bit.

“Let’s not talk about it. Everything is not right. You should leave tomorrow!”

Hazel burst into tears upon hearing this.

“Young Master, please don’t chase me away. I don’t know anything. If I leave this place, I won’t be able to live.”

Dominic heaved a sigh. If he continued to keep her here, I’m afraid the paper won’t be able to cover the fire.

The guy was so bold. If Lizzy found out about this, she would hate him.

He still couldn't get her heart, he was waiting

But if he got messed up by that fellow, then he would never be able to wait for Lizzy to change her mind.

"I'll give you an apartment and a place to stay. Just find yourself a job.
