Chapter 701 Do Another Paternity Test

"You have to leave. There's an negotiation *

After saying that, he got up and left the dining room and went upstairs.

At this moment, Mc Elhott came back with the three children. When she entered the door, she heard someone crying

"Someone's crying" Is it Lerry?" Abby asked with her big eyes.

Hence, the few of them started searching for someone and found a wailing Hazel in the dining room.

Abby ran over "Aunt, why are you crying? Are you hungry? I'll ask Ms. Elliott to make dinner for you I won't steal the chicken's legs from you anymore. Don'Tery, okay?"

Ms. Elliott's heart tightened upon hearing these words

to see how good they are to Hazel, but this little girl isn't that simple

If you want to be the lady of this place, what should Larry do in the future 7.

Hence, she tugged on the boys. "Take your sister upstairs"

Arthur and Antony knew what Mi Elliott was bothered about. They walked over and brought Abby upstairs.

Ms Elbott was tidying up the food on the dining table and saud

“Hazel, there are some things that you shouldn’t do. This is the basic bottom line of a human being. Leary treats you so well. She treats you like a sister, but you want to steal her husband *

The moment she heard this, her eyes lit up

“Steal her husband?”

I don’t understand what this means. I didn’t steal her husband.

Ms. Elliott walked to the kitchen and said, “It’s not right for you to be with Mr. Campbell Mr. Campbell can only be like that with his which is Lizzy. If you want to be with him, then you have to marry him ”

“This little girl really doesn’t seem to know anything”

The tree followed behind her and blinked.

The things that I did with the young master, can only happen between him and his wife?”

At that moment, she seemed to understand. She pursed her lips and stopped crying.

Ma Flott put the plates into the sink. That’s right. You’re stealing someone else’s husband. It’s against the law. *

Hazel took a deep breath. “I won’t do it again.” have her mother to teach her and didn’t know anything.

I hope she can understand what she should and shouldn’t do in the future.

The next day, Matthew arrived at noon. The car stopped in front of Dominic’s villa.

He dialed Antony’s number and be quickly answered it.

“Uncle Hilton.”

“I’m at the door. You can come out.”

After a while, Arthur brought his brother and sister out. The driver opened the door for them.

On this day, Matthew had the driver drive a MPV. When the kids got into the car, they called him.

“Uncle Hilton.”

Abby sat beside her. She was wearing a white princess dress today. Her hair was tied into two ponytails. She was very cute!

“It’s been a while.”

She hugged his arm and rubbed it with her little face, like an adorable dog.

A trace of warmth appeared on Matthew’s cold face. This little girl really warmed him up.

The thought of them being his children made him feel better.

He caressed her head gently. “We’ll see each other every day in the future.”

Abby smiled.

Arthur and Antony sat in a row behind him. The two of them looked at each other and both of them understood what he meant.

“Uncle Hilton, where are you taking us today?”

“They didn’t tell Mommy nor did they tell Ms. Elliott. All they said was that they were going to the classmate’s house to have fun.

Based on the current relationship between Uncle Hilton and Mommy, if they wanted to go out with him, she probably won’t give in, especially

Ms. Elliott always instructed them to call them Uncle Dom and Daddy. She even said that they should treat him like their own daddy.

“But they know that their daddy is Matthew.”

Matthew knew that the two sons were smart. They would be able to guess if he mentioned the hospital.

Chapter 702

“I’ll take you to the hospital for a test. But don’t tell your Mommy. Is that okay? This is a small secret from the four of us.”

“Are you not going to tell Lizzy?” Abby thought about it.

She was a good girl in front of Elizabeth. She couldn’t do such a thing.

Matthew caressed her chubby little face. It felt really good.

“As long as you can do it, uncle Hilton will build a castle for you and let you live in, okay?”

His eyes were filled with affection. He really liked this little girl.

Now that she knew that she was her own daughter, that kind of affection had doubled.

Every girl had a princess in her heart, especially the little girl who would play Barbie and watch cartoons every day.

I'm sure she wants to be a real princess. She wants to have a castle that belongs to her.

She nodded repeatedly, "Okay! Okay! I won't tell her, but you must make me a castle!"

"Come on."

Matthew stretched out his hand and made a promise with Abby.

Esme, who was sitting in the front passenger seat, couldn't help but hold his forehead. Mr. Hilton can be so childish?

The boys know what's going on. At least he's smarter than Mommy!

He probably found out about their identities. Are they going to have a daddy soon? Both of them were very happy, and there was a hint of a smile on their lips.

When they reached the hospital, they waited in the office for Mr. Hilton's arrival.

Matthew held Abby in one hand and walked into the office.

Nicolas's eyes narrowed slightly. This fellow really came here with alive bodies this time. He couldn't help but laugh and pointed at him.

"Why aren't you giving up?"

Matthew sat down and placed Abby on his lap. She was eating lollipops. She looked cute.

The corners of his mouth curved into a smile and he replied.

“We’ll talk after testing it.”

Nicolas pressed the landline. Soon, a girl in a nurse’s uniform came in. She was young and beautiful!

One look and it was obvious that it was the assistant of Nicolas

“Dean.”

She nodded slightly and waited for his instructions.

“Give one of them a blood drawing.”

Nicolas thought to himself, a child of this age must be frightened upon hearing the blood drawing. What should I do?

Just as he was waiting for the show, Arthur stood up.

“Take mine.”

He was very calm. He was not afraid at all, not to mention there was no sight of him crying-

Nicolas couldn’t help but take a few more glances at him. He couldn’t stand it anymore and felt that this brat and Matt looked exactly the same.

Not only did they look alike, but they also had the same personality.

Suddenly, he felt that Matt’s doubts were true. Something must have gone wrong last time.

Arthur sat on the sofa and asked the nurse to take his blood.

He did not cry nor did he make a scene. he was very calm and did not even frown.

Antony's gaze was fixed on his hand. In fact, they had a DNA report long ago, and they even hired an uncle online to take it to the hospital for a DNA test.

Brother did this to make Matthew feel at ease.

In fact, they were all mistaken. The reason why Matthew did this was to use this report to deal with the elders of the Hilton Family, Elizabeth, and Dominic.

"With his wife and son, it's not up to anyone else to raise them."

After taking the blood, he pressed the cotton swab. Dominic and the nurse left together. In the office, he personally watched. There won't be any problem with this sample today.

Abby slid down from Matthew's legs and ran to his brother. She leaned her lips and blew on him.

"Brother, does it hurt?"

Matthew looked at the three siblings and felt warm. There was a trace of tenderness on his face..

Chapter 703 He Did It on Purpose

A short while later, the phone on the Abby watch rang and he answered it.

"Where are you guys, son?"

Arthur glanced at Matthew and said softly.

"I'm playing with my brother and sister at my classmate's house."

"Oh, I'm done with work now. I'm here to pick you up. Give me an address."

The expression on Arthur's face changed slightly upon hearing this. How could he give her the address?

"Mommy, we're at the classmate's house in the neighborhood. We'll go back now. You don't have to come to pick us up."

"That's good! I'll come to pick you guys up, then go find Pearl and to have fun."

After hanging up the phone, he stood up..

"Uncle Hilton, we're going home."

Then, he reached out to hold her hand and called out.

"Brother, we're leaving."

He had no intention of letting him send them off. When he saw him like this, he felt that the kid was quite cold, as if he could handle anything.

He likes his personality. He stood up and lowered his head to look at them. I'll send you guys."

"Where's the report?" Antony asked.

Doesn't he want it anymore? As long as he looked at that one, he would know that they are his children.

The three finally had a daddy. In fact, Antony was quite happy too.

Every child had a hero-like father in their heart. Matthew suited them well, so they were very happy.

Matthew smiled faintly, "Uncle Nicolas will text me, don't worry."

Matthew smiled slightly as if they were quite anxious. He was very satisfied with their attitude.

Arthur glanced at Antony, seemingly reminding him that he was not calm enough, so he could see what was going on.

Antony lowered his head and pursed his lips.

Matthew sent them back to Dominic's villa and watched the three children enter the house.

He took out his phone and dialed Leonard's number,

Soon, the call was connected. "Matt, what do you need me for?"

Matthew looked out of the car window with an expressionless face. His voice was low and sexy.

"I have nothing to do today."

Leonard couldn't help but laugh. "Do you want to meet me? Do you want to have a drink?"

Lying lazily on the sofa, Matthew asked, "Do you want to have some home-cooked dishes? Do you have a restaurant to recommend?"

Leonard was working hard at the Jessica Residence. This woman actually asked him to plant vegetables in the yard. He was naked and was digging the soil!

“Jessica is a good cook. Come here tonight.”

He replied, “Okay!”

Leonard tossed the phone to Jessica, who was holding an umbrella. He swiped the sweat on his forehead and looked up at the sun in the sky.

The early autumn sun was really hot.

However, he was a soldier, so he wasn’t afraid of heat.

Jessica took his phone and asked, “Who’s coming?”

Leonard said while digging the soil, “Matt, he said he wants to eat home-cooked food. He asked me out for a meal, so I asked him to come

A trace of darkness flashed across Jessica’s face. Why is it so coincidental?

Just now, Lizzy called. She said that she was getting off work early today and brought the three kids to find Pearl. It just so happened that she had something to talk to her.

The two of them were best friends, so they liked to spend time together and talk about their own troubles.

Now, Dominic invited Matthew. The two of them met. It was probably not good.

Annoyed, she glared at him..

“I’m so tired of cooking. I’m afraid that Mr. Hilton won’t be able to have a happy meal”

Leonard was digging the soil. He smiled when he heard this.

“No, Matt isn’t that kind of person.”

Jessica didn’t want to accompany him anymore. She was angry.

Leonard watched her go back to the house and threw down the hairpin.

Jessica appeared on the second floor, “Continue digging. We must plant my vegetables today.

Chapter 704 Brothers Always Attack Each Other

Leonard raised his head. She had already entered the house.

“Okay!” He smiled.

I have to do what I promised her. I’m here today to work hard.

Matthew’s car drove to the courtyard of Jessica’s house and stopped in the parking lot. His phone vibrated.

It was a text from Nicolas.

Matthew clicked on the results of today’s test. Then, he sent her another voice message.

After looking at the data, Matthew already know the result.

He clicked on the voice of Nicolas, “Matt, those three children are really yours. You’re right. Someone must have done something.”

Matthew’s lips curved up slightly and a faint smile flashed across his eyes.

At this moment, Elizabeth's car drove over slowly.

After parking beside his car, he pushed the door open and got out.

He saw the woman in the car next to me wearing a pair of hot pants and a white vest.

He had never seen her wear this way before. He could smell a strong body scent. Especially her body, which was already mature, so that little fabric could not cover her.

It would only make her body look even more prominent

Arthur and Antony got down from both sides of the car. Arthur even helped Antony up.

When Abby got out of the car, she called out.

"Pearl..."

In a childish tone, she spotted Matthew and ran toward him.

"Uncle, are you here to visit Aunt Jess too? What a coincidence!"

The two of them only met in the afternoon. Unexpectedly, they met again after a while.

Anyway, Abby liked him very much. He was handsome, and all the kids in school thought he was their daddy.

Matthew's heart warmed when he saw his daughter's cute little face that day.

“They’re all grown up, and there are still three of them.”

He couldn’t help but glance at the petite woman standing in front of the car. Her body was small, yet she gave birth to three children for him.

Looking at her, his gaze deepened.

Elizabeth sensed her gaze. She did not expect him to be here.

The two sons glanced at him indifferently. They knew that he should know everything.

However, the two sons would not take the initiative.

Jessica and Pearl came out to welcome them. Pearl was wearing a Snow White dress today. She was very pretty and cute!

She ran over with a smile, “Abby, you’re finally here. I miss you so bad.”

After the little girl recovered, she was still very thin. However, she was more energetic and looked like a normal child.

Jessica hugged Elizabeth and whispered.

“It’s not me who invited him. It’s just Leonard. It’s too annoying.”

Elizabeth did not feel annoyed. She felt lucky to meet him.

After all, it was usually too difficult to see him in person. Now, she could sneak a peek at him. It was quite good.

Elizabeth smiled. "Where is Mr. Johnson?"

Jessica pointed not far away, "He's growing vegetables. He's not doing well today, so he doesn't have anything to eat."

Leonard's arms were bare. She looked like a wimp.

"Matt, I'm here."

He waved at Matthew. Matthew merely raised his eyelids. His expression was indifferent and he walked over.

The three children and Pearl entered the house. Elizabeth's gaze couldn't help but follow Matthew.

Jessica saw what she was thinking, "Let's go and see if that fellow is done."

Hence, the three of them walked toward the vegetable field and Elizabeth couldn't help but laugh at her.

"You woman, you have such a beautiful garden but you want to turn it into a vegetable field, it's such a waste."

Jessica raised her eyebrows, "What's the use of being beautiful? The vegetables you grow are healthier and more organic. Therefore, you need to use it, and you can make that man suffer a bit."

Perhaps this way, he won't come here often.

The moment she thought about it, she remembered that she would probably give up on having to work hard.

At this moment, Matthew said smilingly.

“Leonard, I just happened to have a piece of land. Why don’t you plant a field for me?”

Chapter 705 Take Care Of Mr Hilton

Elizabeth couldn’t help but laugh. She leaned against Jessica’s shoulder and almost lost her balance.

Previously, she had never realized that Matthew was quite humorous.

The words he said were too funny, especially when he was digging the ground with the dagger, he was exhausted like a dog and was even criticized by his friends.

Jessica laughed along, the two beautiful women laughed together.

The two men beside them looked at them. Of course, each of them looked at the woman they liked, and their gazes were very deep.

Under the sunlight, two beautifully smiling women leaned against each other and laughed like a silver bell.

It was indeed a beautiful painting. It was very attractive.

At the balcony on the second floor, Arthur and Antony watched the scene downstairs.

“Brother, do you think he knows that we’re his children?”

“It’s been a few hours. I’m sure he’s found out.”

Arthur narrowed his eyes and stared at the man below, who looked very much like them.

“Of course he knows. Besides, he will be here because he heard us talking on the phone with Mommy.”

“Will he acknowledge us?”

“I don’t know.”

Arthur, who had always been confident, was starting to feel unconfident. After all, the word “father had been missing ever since they were born.

Matthew was very hard to guess. They couldn’t see what he was thinking.

Now that Mommy married Uncle Dom, they could tell from the adults that Mommy and Matthew no longer had a chance.

I don’t know if he will acknowledge us.

Antony sighed. “Actually, I like him quite a lot.”

At this moment, Abby and Pearl walked over. Hearing Antony’s words, Abby chuckled.

“I like him too.”

Pearl pointed at Leonard. “I like him too. He’s handsome. He’ll buy me lollipops too *

The two women downstairs had enough laughter. Leonard also planted all the vegetables and walked over to her with a masculine look on his

“Call your wife, your instructions have been completed.”

Then, he leaned forward and kissed her while she took a step back..

“You stink. Go and take a shower.”

Leonard pulled her over. "Please help me wash. Otherwise, I'll be like this today."

Jessica couldn't do anything to him, she raised her hand and patted him.

"Stop it. We have guests at home. I need to accompany the guests."

At this moment, Matthew said in a very suitable way, "It's fine. I can ask Ms. Wade to accompany me"

Jessica was originally worried that it would make things difficult for Lizzy and Matthew to meet, but now it seemed that she was overthinking.

Since Mr. Hilton had already spoken, she would give them some space.

Jessica was in Leonard's arms. She looked down on him because he was sweating.

"Lizzy, please help me take care of Mr. Hilton, You're familiar with my family anyway, I'll be down soon."

As she spoke, Leonard carried her into the house.

Elizabeth glanced at Matthew and said.

"Mr. Hilton, it's quite hot outside. Why don't we go in?"

Matthew stood up from the chair under the umbrella and walked toward her.

The expression on his face was cold, and his voice was indifferent.

"Okay!"

After that, she walked into the house and let out a breath.

Even though she had always allowed herself to accept reality, it still hurt when facing him.

Especially when he was indifferent to her, her heart hurt, and she felt uncomfortable.

She pursed her lips and followed behind..

In the living room, Matthew was sitting on the sofa.

Elizabeth walked to his side, "Mr. Hilton, what do you want to drink?"

"What do you have?"

It was a little hot outside just now. He wanted to have something icy.

Elizabeth didn't know either, so she went to take a look.

"It's better if it's iced."

After saying coldly, Elizabeth opened the refrigerator and took out the peach juice. She poured it into a good-looking cup and cut some fruits.

Chapter 706 Threaten Him

Matthew looked at the cup and then at the fruit. He knew that she specially plated them..

He seemed to have quite an appetite. He held the green glass with his long fingers and took a sip. It was cold and he instantly became refreshed.

Elizabeth bit on the straw and sipped on the peach juice. Her big eyes flickered.

Her mind was completely blank. She decides not to think about anything.

Like a little girl, drinking juice in a daze..

Matthew lowered his gaze and looked at her dazed expression. The corners of his lips curved up slightly.

“Mrs. Wade, young and successful! At this age, you’re the president of S Group.”

He got someone to investigate this matter, but they didn’t find out.

The founder of S Group is very mysterious. They could not find out the truth about her, could it be Elizabeth?

However based on his understanding of Elizabeth, it didn’t seem like her. However, this girl had always kept her identity from him. Even her status as the eldest daughter of the Wade Family had never been revealed to him.

At that thought, his expression darkened.

The anger was obviously spreading on her face.

Elizabeth was still biting on the suction tube, and she replied lazily.

“I am nothing compared to you, Mr. Hilton.”

Actually, she was no not capable. S Group was given to her by Auntie Campbell just because she looked like her daughter. and the land in the east of the city, as well as the hotel and shopping mall, they were from him.

She sighed, as if everything was given by others.

On her own, she could not even raise the three children..

Matthew narrowed his eyes. This girl has become smarter and would not say anything to him.

He was so curious. But could not ask anymore.

She stared blankly ahead. Matthew was leaning against the sofa, pretending to be resting with his eyes closed. In fact, he was secretly looking at her

The sight of her or the mention of her name made him feel intimate. probably because they had sex with each other back then and had three children.

“You and Mr. Campbell just got married. You should be in love, right?”

Even though he knew that she had never slept with her husband, he still had feelings for him.

But she was still quite angry about her marrying Dominic.

In his heart, it was also a barrier. If they wanted to move forward, it would depend on her performance in the future.

Upon hearing this, Elizabeth looked at him like she came back to her senses.

There was a trace of sadness in his eyes. Matthew could see it clearly.

“Not bad!”

After saying that, she withdrew his gaze. "I seem to have forgotten to take the fruit knife."

She got up and ran to the kitchen. Matthew smiled and watched her leave.

At this moment, the four children hiding behind the white jade railing on the second floor started talking. Pearl was holding a yellow puppet in her arms.

"Why are we peeking here? I want to eat fruits too."

Abby covered her mouth. "Pearl, my mommy and uncle are here! We hope that he'll be our daddy. Don't talk and let them chat. Let's not interrupt, okay?"

Pearl blinked in confusion. Your Daddy isn't Dominic now?

Antony patted her head. "I like him more."

Actually, they all liked their own daddy. Even though Uncle Dom was good, he still hoped that his daddy and Mommy would be together.

Pearl nodded to indicate that she understood. eat."

Arthur gently removed Abby's hand that was covering her mouth. "You guys wait for us in the room first. I'll go get some fruits for you guys to

Pearl and Abby bent down and carefully ran to Pearl's room.

Arthur glanced at Antony, and he understood immediately.

The two of them took the elevator downstairs and went to Matthew's side.

The two little ones stared at him coldly

“You already know that we’re yours, don’t you? If you want to acknowledge us, you have to marry our Mommy”

Chapter 707 His Principles

Matthew’s lips curved upward. Sure enough, the two boys couldn’t hold back anymore.

However, he liked working with smart people. He forked an apple into his mouth and slowly chewed it.

“But she’s already married.”

It was as if he was blaming them for not agreeing to be with their Mommy.

“Well, isn’t it too late to talk about this now?”

Arthur’s face was cold as she stared into his eyes. Her gaze was cold and fearless.

“You can get a divorce even if you’re married.”

Besides, she did not like Uncle Dom. After marrying Uncle Dom, she never smiled again.

“You’re right, but will you guys help me?” Matthew was waiting for this.

If I want to get my wife back, then I need the help of the kids.”

“Of course.”

Antony said

Matthew smiled and caressed the faces of his two sons.

“No matter what I do in the future. You have to cooperate. Is that okay?”

The two of them really could not see through the man in front of them.

“Okay!” he nodded.

“If Mommy isn’t happy, we won’t cooperate.”

Matthew felt that his eldest son was too smart and it was not easy to fool him.

“But sometimes, let her see her heart clearly. Otherwise, it’ll be hard. Do you understand?”

A trace of darkness flashed across Arthur’s eyes. He was thinking about what he said seriously.

In the end, he replied.

“Alright, then do you love her?”

All they wanted to do was confirm this matter.

Matthew nodded. “I love her so much Otherwise, why would we have you?”

Although he was not very sober back then because of the drug, he knew very well that feeling Ile liked it, he was touched, and obsessed.

After meeting her many years later, he was deeply immersed in it, unable to pull himself out.

The two sons glanced at each other and Antony picked up the fruit platter.

“Come on!”

The two of them left with the fruit plate she had specially cut for him. Matthew frowned slightly and wanted to eat.

“When did these two guys find out that they were his son?”

He thought they were looking down on him.

Therefore, they didn’t say it out, nor did they remind him. Not to mention, they were still so cold toward him.

He shook his head, feeling that every bit of them resembled him very much.

2 little rascals.

Elizabeth pretended to be busy in the kitchen. She was hypnotizing herself. I was very busy, especially busy.

However, she could not find anything else to do. She simply put the fruit knife into the shelf, took them out, and put them in. After a few consecutive times, she finally regained her senses.

Elizabeth, what are you doing? Will Matthew ask about your relationship with Dominic? What are you afraid of?

Gritting her teeth, she took a little ice and walked out with a warm smile on her face.

“Put some ice! It’ll taste better.”

After saying that, she took a few bites and put them into Matthew's cup. Then, she wanted to add some into her own cup. However, Matthew

held her hand. The back of her hand was his palm. It was warm and a little hot.

Elizabeth's sweet heart tightened and she actually trembled uncontrollably.

Matthew said indifferently, "Women should eat less ice."

Normally, when she was on her period, her stomach would always hurt. Sometimes, her face would turn pale, but she would never remember to the lesson. She usually liked to eat cold food.

Elizabeth blinked her big eyes and looked at him. Her face was slightly red.

She didn't even know what was wrong with her. How could I be so shy after being touched by him like this?

Plus, she also had a special feeling. It was as if she had feelings for a man, only when she was with him, right?

Matthew withdrew his hand. When he saw her shy face, his gaze darkened.

Next, his face turned cold because her expression reminded him of her when she was in bed.

But now, they had the law between them. He couldn't do whatever he wanted, nor did he want her to be insulted, so he would restrain himself and maintain a distance until the day she and Dominic got divorced.

Chapter 708 Help Me

The warmth on the back of Elizabeth's sweet hand disappeared. She was a little disappointed, but for a moment, she felt that they couldn't be like this.

She squeezed out a smile, "Yeah, I won't add it."

She placed the ice back into the glass bowl. She picked up the juice and took a sip, using it to suppress the desire in her heart.

Otherwise, she felt that it was very likely that she would directly throw herself to him.

Suddenly, her eyes widened. "Where's the fruit?"

"Your son took it away," said Matthew.

Matthew smiled faintly as he spoke. He instantly felt that they had a connection. She was Mommy, and he was Daddy.

Elizabeth glanced upstairs and said to him.

"I'll go and cut it again."

"There's no need. Just sit and rest."

Elizabeth nodded and the two of them sat quietly together. Neither of them spoke. One held a glass of juice and the other looked down at her with a deep gaze.

Master Wade bedroom on the second floor, the bathroom.

Jessica was pulled into the shower by Leonard. She was pressed onto the cold wall and kissed. Her large hand tugged at her clothes.

"Mmm..."

She couldn't breathe well. Her legs felt a little weak and she raised her hand to push him.

"Mr. Johnson, stop. Stop right now."

Leonard held the wall with one hand and lowered his gaze to look at her. His eyes were red and his underwear was about to burst. He didn't want to stop.

Hence, she wanted to kiss her again. Her clothes were soaked, and her hair was soaked on her face, making her look even more charming.

Leonard didn't understand. This woman is a child's mother, but how can she be so beautiful!

Sexy, passionate, and hot.

Every time he saw her, he couldn't control the urge of his body. All he wanted to do was press her underneath him.

Jessica raised her hand and pulled her clothes up. Otherwise, she would not be able to escape from his clutches today. This fellow could really make love anytime and anywhere.

Leonard smiled and licked her face with a wicked smile.

"What's wrong? Look at how I look now. Can I endure it?"

Jessica raised her hand and tucked the hair on her face behind her ears. She pushed him and pushed him back a few steps. The two of them were soaked under the droplets of water.

The scene was erotic. Jessica was a bold woman, so even if she were to face him naked, her face was still not flushed.

Her gaze shifted downward and she looked somewhere.

“Yeah, I know you’re horny now, but there’s a guest at home, I could not.”

After saying that, she was about to leave when Leonard hugged her from behind and lowered his head to bite her neck.

“Mr. Johnson.”

She let out a low roar. This fellow is really evil. Not only did he make her feel his bulge, but he also gave her a hickey on her neck.

The biting hurt her so much that when he let go of her skin, he chuckled.

“Honey, help me! Otherwise, I’ll burst.”

Jessica squinted her eyes, “You... You could not do it now. Tonight!”

She gave him a temptation, hoping that he could let her go now.

Leonard’s large hand moved upwards from her waist to her waist. Then, he held her bob in his hand, making it change its shape..

“Yeah, baby. I really could not take it anymore. Help me...”

Then, he caught Jessica’s hand. She moved down and tightened her grip.

“Okay...”

The deep and hoarse voice of his panted beside her ear. The warm breath spurted on her ear, itching.

Jessica was going crazy, she could only force, wanting to make him hurt.

However, he was getting more excited. He kissed her lips and kissed hard. His smiling narrow eyes shone like stars in the sea.

This woman really has magical powers. Once he gets closer to her, he no longer wants to withdraw.

Jessica couldn't breathe after being kissed. Her legs went weak and she slowly slipped underneath him.

Chapter 709 I Want Her to Take the Initiative

Leonard caressed her mouth and smiled wickedly.

Half an hour later, Jessica finally came out of the bathroom. She raised her hand and caressed her lips. The corners of her lips hurt slightly, it seemed like there was a tear. His penis was too big.

The thought of that made her blush uncontrollably.

Wrapping the bath towel tightly, she went into the closet to change.

Because of the hickey on her neck, she could only choose a turtle-neck clothes and put it on. She stood in front of the mirror and looked at it.

She realized that her face seemed to be getting redder and prettier.

After being together with Leonard for the past six months, her complexion grew more and more voluptuous. What a strange sight.

She took a deep breath and walked out of the bedroom without thinking too much.

Halfway downstairs, she saw the two people on the sofa and did not speak. It seemed that the atmosphere was a bit cold.

She touched her face to make sure it wasn't hot anymore. It was back to normal.

"Lizzy, Mr. Hilton, are you guys watching TV?"

"Aren't you feeling bored sitting here like this?"

Jessica turned on the television. A kissing scene was being played on the television. She opened her eyes slightly and lowered her gaze, not wanting to watch it.

Because before, she had wanted to do something like this to him. Now that it appeared on TV, she felt a little guilty.

The man, on the other hand, was delighted. He glanced at Elizabeth from time to time with a smile on his face.

Jessica wanted to change the channel quickly, but the remote control was a little broken. She pressed it for a long time before changing the channel

"This variety show is not bad. It looks good."

Jessica said awkwardly, her face also felt a little hot.

Elizabeth got up. "Jess, let's go see the kids!"

After saying that, she grabbed her hand and walked away. Matthew looked at the two women and they were already heading upstairs.

On the second floor, Leonard was full of energy. He changed into his casual clothes and stood there, looking at the two women coming upstairs.

His deep gaze landed on Jessica.

There was a hint of smile in his eyes. When her gaze met hers, she recalled the scene in the bathroom just now and quickly looked away.

Leonard smiled. "Lizzy!"

Elizabeth glanced at him, "Mr. Johnson, hurry and accompany your friend!"

She didn't have a good impression of Leonard, because he bullies Jessica, and she always treated him so coldly.

Leonard smiled. Jessica gave him a look, telling him not to talk nonsense.

The two women went to the flower house on the third floor. Leonard went downstairs to look for Matthew.

Sitting on the sofa, he sat upright with his military-like demeanor.

The two men were watching a variety show, but none of them liked it.

Leonard suddenly asked, "Elizabeth dressed quite refreshing today."

Matthew's expression changed slightly and he looked at him coldly.

"Weren't you done eating just now?"

The man's too sensitive. The way he looked now was the way he looked after he was satisfied. What did they do in the room just now? Matthew already knew about it.

Leonard touched his chin and smiled.

"Don't worry, I didn't look at Elizabeth. I will never dare to do so."

Only then did Matthew withdraw his gaze and take out a cigarette. He tossed one to him and lit a cigarette to smoke.

Damn it, I'm actually very jealous of this guy. At least there's a woman by my side. If he wants to kiss her, he can do it. If he wants to get laid, he can have it.

And what about him?

The darkness in her eyes grew darker, like ink.

Leonard asked in confusion, "I heard that you lost your memory and forgot about Elizabeth. I don't think it looks like that! If you do this, she will be sad."

He took a puff of a cigarette and reminded him.

"Hmph Sad? Shouldn't she be?"

Leonard smiled. "Matt, you're really bad. Do you want her to take the initiative?"

Chapter 710 Very Important To Him.

Elizabeth and Jessica went to the top floor. There was a white sofa on the balcony. The two of them sat on the sofa and looked at the sky.

It was a clear day today. The sky was cloudy and beautiful!

Jessica sighed, "What a beautiful sight!"

I really want to be a bird that can only fly in the air and be free.

Elizabeth was a little lost in her thoughts and her gaze was dumbfounded.

Seeing her like this, Jessica leaned her head and leaned against her shoulder.

"Lizzy, don't you have something to talk to me about?"

Jessica was a little feminine now, completely different from her usual masculine behaviour.

Elizabeth came back to her senses and met her gaze. She let out a long sigh.

"Jess, it's a little uncomfortable. What do you think I should do?"

Even in the face of a crisis like six years ago, she had a clear mindset. She knew that she needed to live, give birth, and raise them.

But now, she seemed to be in a hazy, not knowing what to do..

Jessica wrapped her arms around her slender waist, she could clearly feel that she had lost weight. Matthew had lost consciousness for more than three months, and the two of them....

I don't know how to describe it.

"Lizzy, I think you should either divorce Dominic or break up with Matthew completely. He doesn't remember you anymore. You should forget about him too. Otherwise, you are having an affair. That's bad."

In her previous marriage, his man cheated on her. She had suffered such torture.

And if Lizzy did that, it would be against the law.

Elizabeth knew about it too, so she kept a distance from Matthew, and she did not even dare to look at him.

“Okay,” she replied without saying a word.

She looked up at the sky again, not wanting to think about the future.

“Jess, what about you? Do you have any plans? Or do you want to continue like this with Leonard?”

It seemed like she’s being kept by Leonard. He’s the one who gave her the house, and he’s the one who hired the housekeepers. He’s the one who’s even paying for her daily expenses.

Jessica was thinking about it too. She couldn’t be so dependent on Leonard, but she couldn’t dump him. The agreed contract had ended, but he still would not let her go

Recalling the scene in the bathroom today, she actually sucked his dick.

Her face flushed slightly. Too many intimate matters between them made it difficult for her to face him.

“We’re almost done. Don’t worry! I won’t expect anything from him. I know that a married woman like me could not marry into the Johnson family, so I’m not tempted. I won’t let myself get hurt. Alright!”

After saying that, Jessica smiled, “Let’s not talk about this. It’s annoying! Let’s talk happily!”

The maid sent them red wine, snacks, and a fruit plate. Elizabeth looked at the housekeeper with her eyes slightly opened.

“Are there servants at home during the day?”

Previously downstairs, she was still taking care of Matthew. She thought that the servant was not here.

It was as if she had worried for nothing.

“There are two men here today. They will take care of our kids. Let’s have a drink.”

She pushed a glass of wine to Elizabeth’s side. Elizabeth held the glass and walked to the fence to look at the distance.

The villa was an old-fashioned mansion. It had been a long time ago, and it was priceless now.

The buildings around were relatively old fashioned. This was once the old town district of A City, and now it was not allowed to be modified, so

it maintained its original beauty..

Elizabeth stood here, feeling like she was back to the last century.

She took a sip of the wine. “Did Leonard buy this house for you?”

Jessica walked over slowly, she shook her head.

“This was left to him by his grandmother. It’s very important to him. It’s impossible for him to give it to me.”

Elizabeth narrowed her eyes. “Does letting you stay here mean that you’re important to him too?”
