

Game Over 711

Chapter 711

Elizabeth suddenly thought of this question.

But after a short while, she denied it.

“That’s impossible. My identity is different from his. He knows that there’s no future for us.

Elizabeth hugged her. The two of them really had the same fate!

-What kind of day is this?

Jessica couldn’t help but laugh. The two of them hugged each other like they wanted to warm each other up.

At this moment, the servant arrived at the balcony.

“Miss Jessica, Mr. Johnson said it’s almost time. It’s time to prepare dinner.”

Jessica replied, “Okay, I’ll be down soon.”

“Okay, Miss Jessica.”

The housekeeper turned around and left.

Jessica caressed her face, “I need to cook for the men.”

She let go of Elizabeth, “You can stay here for a while longer. It’s quite comfortable here.”

Elizabeth put down the wine glass. Actually, she wasn't interested in alcohol at all. She would get drunk just by drinking a little. Besides, she would wake up the next day and feel terribly uncomfortable.

"Let me help you!"

Although she did not know much, her cooking skills had improved a lot after being forced by Matthew.

The two of them went downstairs. The four kids were playing together, and they were quite at ease.

The two men were drinking tea in the living room. Leonard liked tea whenever he was free, so he made tea for Matthew himself.

"This tea smells good, right?"

All of them heard what he said from afar and smiled.

"I didn't expect Mr. Johnson to have such a taste for tea!"

Jessica glanced at him indifferently. He was wearing an army green T-shirt and army green pants. He usually liked this color

"That's right. Looking young, but you like things that older people like. For example, playing chess, tea, and calligraphy."

Jessica felt that these hobbies did not match his looks at all. He was so handsome and bad. It was obvious that he was a playful womanizer.

Elizabeth looked at Matthew sipping on his tea and said softly.

"I think it tastes ordinary."

Leonard was obviously disappointed. "I'll make another tea for you."

It was as if he would quit until Matthew was conquered.

Elizabeth couldn't help but laugh. Matthew didn't like tea, and Old Mr. Hilton liked it.

Matthew only liked coffee. If he asked him to have tea, then Leonard would be trying to humiliate himself.

Upon hearing the voices of the two women, the two men looked over.

"I made some tea. Come and have a taste."

treasures and then looked at Matthew.

Jessica held Elizabeth's hand and went to the couch. After sitting down, she glanced at his tr

"Mr. Hilton, you probably don't like tea, right?"

Judging from his looks, I'm afraid he doesn't have such a little hobby as Mr. Johnson

Matthew took another sip of the glass.

"For me, tea tastes the same."

Elizabeth and Jessica laughed. However, Leonard was shocked.

"How can it taste the same? Try this again."

He poured another glass for Matthew. Matthew narrowed his eyes.

“Leonard, do you want me to drink tea and eat nothing later?”

I had tried ten types of tea. I’ve already had enough tea, and I don’t want to try it again.

Leonard looked disappointed. “Forget it. You don’t know much about tea. It’s boring. I’ll ask Nicolas to have a sip.”

He took out his phone and dialed the number of Nicolas. Soon, the call was connected.

“Nicolas, are you free today? I’m with Matt. Do you want to join in?”

Nicolas immediately agreed upon hearing that Matt was here.

“Okay, I’ll be here soon.”

“Take your girlfriend with you.”

After all, he and Matt had a woman by his side now. If Nicolas came, he would look more pitiful on his own.

Chapter 712 I Owe Her Too Much

“What do you mean by that? Are Jessica and Lizzy bera tao?”

Leonard merely bummed in acknowledgment. The man was even more energetic.

“Wait for me I’ll be here right now

Leonard frowned slightly when he heard his excited voice. Why is that fellow so happy? Is he that happy to hear that Jess and Elizabeth are here?

Hence, he looked at the woman with a lazy big wavy hair opposite him. She was very charming. Although she was pants, she was still so beautiful that he couldn't take his eyes off her a long shirt and

Could it be that that fellow has feelings for Jess?

Elizabeth picked up the cup of tea and took a sip. She knew a little bit of tea. It tasted sweet, and it was best among the best

Jessica asked, "What do you guys want to eat today?"

"Jessica's cooking is Ok, right? It's not good, but it's edible"

Leonard recalled that the four kids upstairs would be here too. There were too many people here, so he didn't have to make eight dishes

This way. Jessica will be very tired.

Recalling how hard she worked in the bathroom previously and how much he liked it, she had already worked hard enough.

"Let's eat hot pot! The one you cooked for me last time"

Jessica glanced at Matthew, "Mr Hilton, can you eat spicy food, right?"

Matthew had no objection. After all, he was here for her and the children.

"Sure."

Jessica stood up and said, "Please take a seat. I'll go get ready. We'll be ready soon."

Elizabeth originally wanted to go to the kitchen to help, but she couldn't do anything about hotpot.

Hence, she sat in the living room and sipped on her tea. She really liked tea.

Matthew saw her drink one glass after another, so he reminded her.

"Ms Wade, don't drink too much tea You might have insomnia at night"

Elizabeth's p gaze met his. He looked at her without the burning sensation he used to have, like he was talking to someone he just knew

A cold gaze and a cold voice.

Elizabeth put down the glass "Yeah, I'm not drinking anymore."

Leonard looked at the two of them. They looked like they had met for the first time.

Matt really knows how to act. If he were to become an actor, he would be a movie star right away.

At this moment, Abby came downstairs and she leaned against Elizabeth.

The little one sniffed and cried..

Elizabeth hugged her. "Darling, are you tired?"

Abby didn't say a word. Her eyes were closed and she was crying.

Elizabeth carried her to sit on her lap and patted her gently.

Elizabeth was surrounded by a beam of tenderness. The warmth and Lizzy made Matthew unable to look away.

Looking deeply into her eyes, she was the one who raised their three children.

Previously, a small cell in her belly, then growing bigger day by day. In the end, they were born. How much effort did she put into growing up until now?

Leonard, on the other hand, asked in shock.

“Is she asleep?”

Elizabeth nodded. “She’s sleeping.”

“Does she always look like this before she goes to bed?”

Elizabeth smiled and said, “That’s right. Her body has been relatively weak since she was born, because her nutrients have been absorbed by the two brothers in my belly. That’s why she loved crying since she was born. I have to hug her every night so she is able to sleep. I hugged her at night and kept hugging her until she was 8 months old before she slowly got used to sleeping in a bed.”

Those days was really tormenting.

She was tired and sleepy. Her kids were crying. Sometimes, she would cry with her. Because she was so young that she did not know how to take care of a baby.

Now that she thought about it, she was too weak back then.

Matthew listened to her and studied her from head to toe.

How could her slender arms and slender waist endure the three children? She still had to carry the kids all night, and his expression gradually darkened.

He felt that he owed her too much.

Chapter 713 A Sharp Tongue

Elizabeth patted Abby gently. Abby was already asleep.

She stood up and was about to carry Abby to Pearl's room. Matthew stood up too.

Elizabeth was stunned for a moment after taking the child in her arms. However, a faint smile flashed across the corner of her lips.

Matthew was already carrying Abby and heading upstairs. Leonard watched the scene and smiled.

"Elizabeth, aren't you going yet? Does he not know where Pearl's room is?"

Although the brothers liked to put down each other, they would always stand on each other's side during critical times.

Just like this, Matt was so thoughtful that he wanted to help him attack.

Elizabeth grunted in acknowledgment and quickly caught up with her.

Matthew was very careful in carrying Abby. It was obvious that he had never carried the child before. He smiled and said.

"Mr. Hilton, thank you!"

She patted his hand. "You don't have to be so stiff. You can do whatever you want."

Matthew merely glanced at her. "If she wants to sleep in the future, take her to bed. Don't keep hugging her."

The pair of slender hands of her would break if he twisted them gently. Holding a child that weighed about 30 to 40 pounds should be very good-looking.

Especially when she hugged Abby and sat up on the sofa just now, it hurt her legs and waist.

This was the first time Elizabeth heard someone telling her this. There was a trace of doubt in her eyes.

I'm always like this. Is there something wrong with me?

When they reached the second floor, Matthew saw that she was still in a daze, so he asked coldly.

"Where is Pearl's room?"

The necessities on the bed in Pearl's room must be suitable for the kids. He couldn't let Abby sleep in the guest room.

Elizabeth pushed one of the rooms open. "Here."

The interior of the house was very warm and cute. There was also a faint fragrance of milk. This kind of environment would make her sleep at

He carefully placed Abby on the pink little bed and carefully removed her shoes. Elizabeth watched this scene with tears in her eyes.

The children needed the love of the father. She must take that ring back and find the children's biological father

Matthew sat by the bed and looked at his daughter for a while. She looked especially cute when she was asleep.

Although her daughter looked very similar to Elizabeth, the expression on her face was quite similar to him.

Previously, he didn't realize that his two sons were very similar to him.

The corner of his lips twitched slightly. Now that he knew, he would definitely let them return to his side.

Matthew stood up. When he turned around, he bumped into Elizabeth and Elizabeth fell backward,

He reached out and wrapped his arms around her waist. The two of them looked at each other..

After a while, Matthew helped her up.

"Ms. Wade, be careful."

His voice was deep and his gaze on her was indifferent.

**

Elizabeth quickly wrapped her arms around his waist. "I feel a little dizzy. Mr. Hilton, can you let me lean on you for a while?"

She could smell the faint cold scent of his body when she was so close to him.

She couldn't hold back anymore and wanted to get closer to him.

When he let go of her, she was very disappointed.

Therefore, she pretended to be dizzy. She hugged his firm waist and didn't let go. Without any hesitation, she leaned into his arms.

Matthew furrowed his eyebrows slightly and looked down at her closed eyes. The corners of his lips turned cold.

"Ms. Wade, you're a married woman. Is this okay?"

He was reminding her that she was married.

Elizabeth was originally sniffing deeply into his scent, feeling his heartbeat, and the feeling of hugging him.

Her words were like a bucket of cold water pouring onto her body. She slowly opened her eyes.

However, she still did not let go of her arms around his waist. She pursed her lips and felt shameless. All she wanted was to hug him like this.

"Mr. Hilton, I know that I'm a married woman. I'm just dizzy and could not stand properly, so I beg you for help. I don't mean anything else. Don't overthink it."

But she still hugged him tightly."

I don't want to let go, I don't want to

Chapter 714 Not Wanting To Let Him Go

But looking at his frosty expression, he seemed unhappy, so she pursed her lips.

“Since you’re unwilling to help me, I’ll just fall”

After saying that, she reluctantly let go of him and even pretended to be dizzy,

Matthew knew that this girl would often blink her eyes when she was lying. At this moment, she was blinking.

He smiled faintly and reached out to pull her into his arms.

“Do I need to call a doctor for you?”

Elizabeth buried her sweet head in his arms, secretly laughing.

After he said that, she shook her head, “There’s no need. Just let me rest for a while, I’ll be able to recover. It might be low blood sugar.”

That’s right. That’s right”

The two of them hugged each other like this. Matthew squinted his eyes, unable to push her away or ignore her.

Especially today, knowing that the three children were his children and he even heard some details of her raising the children, all of his anger was not worth mentioning, he had completely abandoned them.

Elizabeth buried her face in his arms. She sniffed the scent of his body and hugged his narrow waist tightly. It felt so comfortable and at ease.

For the past few months, she hadn’t slept well. Now that she was hugging him like this, she was actually sleepy. She really wanted to sleep.

After a while, Matthew heard her breathing steadily. He lowered his head and looked at her.

He realized that this girl was already asleep.

He frowned slightly. Elizabeth, do you think I'm a sleeping pill?

You were able to fall asleep even if standing.

Matthew turned around and picked her up. Looking at her sleeping little face, there was a hint of smile on her face.

Just when Matthew lowered his gaze to look at her, she muttered a few words.

"Matt don't let me go!"

Matthew's face darkened slightly. Is she dreaming? Is she dreaming of him?

At that thought, a faint smile appeared on his face. He carried her and strode out.

When they exited Pearl's bedroom, there were three children standing by the door. Two little boys and a little girl.

When Arthur saw the woman in his arms, he asked.

"Is she sleeping?"

Why is Mommy sleeping? Isn't she sleeping with my sister?

Matthew smiled faintly. "Yeah, she's too sleepy. I'll take her to the guest room. Abby is asleep. Don't disturb her. Go and have fun!"

After saying that, the person had already strode further away and entered a room.

Pearl furiously asked, "How does he know which one is our room?"

Ever since Pearl stayed here, Matthew had never visited, so Pearl had never seen him.

Antony held Pearl's little hand. "He's a good friend of your Uncle Johnson. He should be here quite often."

Pearl told them that this house belonged to Uncle Johnson and he lent it to them.

Arthur felt that something was off. Mommy would never sleep without her sister. What was happening today?

He was a little worried about his mommy, so he walked over there.

At this moment, Jessica came out of the elevator.

"Abby, Arthur, Pearl, I've squeezed some juice for you guys. Go downstairs and have some."

As she spoke, she came over and caressed Abby's head.

"Let's go!"

Arthur wanted to go over and take a look. He wanted to know what happened to Mommy. He also wanted to know how he pursued Mommy.

However, since Aunt Jess was caressing the back of his head, he could only follow her downstairs.

The living room was lively.

Nicolas and Estelle arrived. Estelle sat on the sofa and sipped on the juice. Since it was freshly squeezed, she felt that it tasted great.

She gave Jessica a thumbs up and said, "Jess, this juice is amazing."

Nicolas stood up abruptly and waved at the two of them.

"Boys, come here for a while."

Chapter 715 Carry My Mommy To Sleep

The two little ones walked to his side and greeted him.

"Uncle, what is it?"

The two of them spoke at the same time.

Nicolas looked at the two of them deeply and nodded seriously. Sure enough, they looked alike.

"Where's your Uncle Hilton? And your Mommy?"

Matt already knew that these three little rascals were his. Could it be that he had done something to Elizabeth?

Even though she's married now, she could not resist that guy's seduction!

If it weren't for the bullet hitting his nerves back then, Elizabeth won't be able to get married, so it was such a pity.

From the perspective of Nicolas, Lizzy was in the wrong. However, when a man finds out about the existence of his kids, his thoughts will change.

Hence, Nicolas wanted to see what Matt would do. To snatch Elizabeth over directly or to do something else?

Arthur did not say a word.

“Uncle Hilton carries my Mommy to sleep.”

However, kids only said what they saw. They did not understand how adults would think otherwise.

Then, a trace of surprise flashed across the few of them. Then, they thought of a big show of erotica scenes.

Nicolas smiled wickedly and said to Leonard.

“Why is Matt so aggressive? Does he not care that Lizzy is a married woman?”

At this moment, the elevator doors opened. Matthew strode out and said coldly.

“Get your mind out of the gutter.”

Nicolas was shocked when he saw the man walking out. He smiled and said.

“Heh, I’m not thinking nonsense. I know you have a bottom line.”

Matthew walked to the sofa, sat down, and crossed his legs elegantly. He took out a cigarette, wanting to light it because he was a little annoyed. at this moment.

“Damn it. I could not keep my boundaries anymore.”

If it weren't for this bottom line and this concern, he won't be here at this moment. Instead, he would sleep on the bed with her.

But when he saw the three children there, he didn't light it up.

Their two sons weren't as fragile as they were, but the girl of Jessica's was, and her illness hadn't fully recovered yet.

Pearl was building Lego but kept failing, so she called out.

"Arthur, help me."

Arthur and Antony walked over at the same time, teaching Pearl patiently.

Looking at this scene, Nicolas suddenly had an idea.

"Matt, what do you think will happen if the two of them fall in love with a girl at the same time?"

They grew up with Pearl. Maybe they will like her!

Matthew shot him a sideways look. "That won't happen."

Moreover, they were still so young. Why were they thinking so much?

Even if it happened, he hoped that the two of them won't have to back down and compete fairly.

Leonard poured a cup of tea for Matt. Try my new product."

Nicolas originally wanted to watch a good show, so he wanted to see how Matt and Elizabeth got along. Now, it seemed that Matt did not change much.

It was as if they didn't know that Matt was their father.

He picked up the cup and took a sip, but his mind was still on Matthew, so he didn't find anything special about tea.

"How is it?"

"What do you mean?"

Nicolas looked at Leonard in confusion. Leonard was completely defeated and he kept the cup in front of him away.

"Nothing much."

Then, he started pouring the tea. Suddenly, he felt bored.

Nicolas couldn't help but laugh when he saw him like this.

"Leonard, it's fine if we don't understand, as long as Jessica knows your interest."

After saying that, he wrapped his arms around Estelle. "Estelle, don't you think so?"

Estelle was eating dessert. She glanced at him and pursed her lips.

"I won't understand anything medical. Don't force me to understand it."

At this moment, there was a sob from upstairs.

Chapter 716 They Will Be an Assistant

Matthew and his two sons stood up and ran upstairs.

Estelle was dumbfounded. “Wow, Abby is too lucky! She has two brothers who spoil her so much. But what’s wrong with Mr. Hilton? He seems to spoil Abby too!”

She is not even his real daughter. I’m so envious of her.

Nicolas hugged her and smiled wickedly.

“Daughter is father’s pressure. Aren’t you your dad’s pressure?”

Estelle was the only daughter in her family and she had three elder brothers. Hence, she was the most spoiled child in the family.

“That’s true. But Mr. Hilton, he’s a really good an! Even if she’s not his own daughter, he still treats her like his own. Sure enough, a handsome man has manners.

”

Nicolas’s gaze darkened slightly. This girl’s analysis was quite reasonable, but she might be disappointed.

The Mr. Hilton she admired the most was Abby’s biological father. But now that Matt hadn’t made it public, he didn’t dare to say it to her.

Upstairs, in Pearl’s room.

Elizabeth was already comforting Abby. She leaned on her and her big eyes were filled with tears.

“Lizy, I had a terrifying dream. I dreamt that you and my brother are gone.”

After saying that, she burst into tears.

Elizabeth couldn't help but laugh and gently patted her.

"Don't cry anymore. It's just a dream. It's fake. Brothers and I will never leave you."

"That's right. We'll never leave you," Arthur and Antony said at the same time.

Matthew watched this scene. Initially, he wanted to take the three children home first, so she would be frightened.

Now that he saw this, he gave up this idea.

He stood not far away and didn't walk forward.

When Abby saw him, she extended her hand toward him.

"Uncle, bug me!"

Matthew walked over Sure enough, they were blood related. The first time this little girl saw him, she said he looked like her two brothers.

He did not care at that tune, but now he knew that this was a blood relation.

Matthew took Abby and held her in his arms.

Abby wrapped her arms around his neck Feeling reheved, she narrowed her eyes and chuckled.

"I'm not afraid of anything now that you're hugging me."

Arthur and Antony glanced at each other. Even though her sister did not know that he was their Daddy, she had a feeling too

Elizabeth watched this scene and secretly sighed.

The scene was so beautiful! Unfortunately, everything was ruined and there was no hope.

After Abby was comforted, Elizabeth combed her hair.

Matthew watched from the side. In the end, he said coldly.

“You guys can go downstairs for dinner. I’m leaving now,”

His current status was not suitable to fit into their lives, so he still had a bit of stubbornness.

Elizabeth watched him walk away, feeling a little disappointed.

“Mmm, it hurls...”

Abby suddenly let out a sigh. Only then did she regain her senses.

“I’m sorry. I’ve hurt you”

Arthur and Antony were accompanied by one side while Antony pursed his lips.

“Brother, when can he let us reunite?”

Arthur suddenly felt that it was a little difficult.

He whispered into Antony's ear, "We need to help them."

If they were to wait for Matthew to pursue Mommy, they would probably be driven apart. That guy was too proud and did not want to lower his head.

Look at her just now. He obviously cared about her sister, but he pretended not to care.

If they hadn't understood him, they would have thought that he didn't care at all!

Looking at Mommy again, she was clearly upset that Matthew had left, but she never said it and did not dare to fight for it. Can the two kids not worry? In the future, they'll have to think of a way to help them come back together.

Chapter 717 Secret Care

Matthew walked out of Pearl's room and stood at the door. His family was inside, but he couldn't be with them. This feeling was very unpleasant.

Nicolas happened to go upstairs and saw the expression on his face. He raised his hand and adjusted his glasses.

He sighed when he saw the loneliness on Matt's face. It was a rare sight to see him like this today.

This fellow doesn't show anything usually, and they really could not see what he's thinking.

He walked over and called out to him.

"Matt, haven't you told them yet?"

After obtaining proof, he said that the three children were his. Elizabeth couldn't leave the children, so she would naturally compromise and divorce Dominic.

Matthew recovered immediately and said coldly,

“It’s not the time yet.”

After saying that, he walked toward the stair, but Nicolas of them didn’t understand. Why didn’t he say anything?

He almost died at that time. It was all because of protecting Elizabeth.

But he still didn’t want to talk about the children now. How long will this fellow remain silent?

Elizabeth brought the three children downstairs. When she saw Estelle and the others, she said.

“Estelle, you’re so beautiful today!”

Estelle was wearing a JK uniform today. Her hair was in two tall ponytails and she looked very sweet and adorable.

The young girls nowadays liked dressing like this. She liked it a lot too.

Estelle got up and walked toward her.

“Lizzy, you’ll be getting younger and younger. You look like you’re eighteen!”

The two of them went to the kitchen. Abby was mad and she pursed her lips.

“Why didn’t Estelle praise me for being pretty?”

Her big eyes flickered. Pearl ran over and held her hand.

“Abby, let’s go play with dolls!”

Arthur and Antony let out a sigh of relief. Is it that important for girls to compliment each other?

In the kitchen, Jessica wore an apron and was preparing hot pot. She made the best hot pots.

“Jess, it smells so good!”

Estelle agreed, “That’s right, I’ll have to eat more later.”

Elizabeth suddenly thought of Matthew. That fellow couldn’t eat spicy food, and his stomach wasn’t good either. Besides, he had just undergone surgery, so he couldn’t eat such spicy food.

Hence, she opened the refrigerator and took out some vegetables. “Let me make something light for the kids.”

Jessica turned to look at her, as if she knew something. She smiled.

“Okay, it just so happens that the kids could not eat something so spicy.”

Estelle was the young girl that was spoiled by everyone, so she didn’t know anything about the kitchen.

Standing at the side, she looked at the two of them and said.

“It’s too difficult for me to cook.”

But when she thought about it, she really wanted to cook for her husband and child when she got married!

Hence, she stared at him with her round eyes, wanting to learn.

If she wanted to capture a man's heart, then she had to capture his stomach first. She recalled that Leonard was usually a womanizer.

There were too many women by his side. Even though she had become his current girlfriend, her friends didn't approve their relationship.

They all thought that he was playing with her. Soon, he'll dump her.

Thinking of this made her a little unhappy.

"Lizzy, let me do it with you!"

She wanted to learn from them. After all, one of them had Matthew, while the other had the third son of the Johnson Family. These two were all young masters of prominent families in A City.

She felt that one day, she would be able to take down Nicolas.

Elizabeth cooked all of Matthew's favorite dishes: braised beef, freshly fried vegetables, chicken, and steamed meat.

Chapter 718 Apology

Jessica prepared the hotpot. The servant brought it out and started the fire. The dishes were all served as well.

She glanced at the cooked dishes and leaned against her.

"Nutritious. Not bad. Looks like your cooking skills have improved a lot."

She recalled that she used to be Matthew's chef for a while. Previously, she had tasted her cooking. Matthew was able to endure that, so he was indeed a real man.

probably because of the man's instruction, her cooking skills had improved.

Elizabeth glanced at her and burst into laughter.

"That's right. My cooking skills have improved. Try it later."

Estelle held a bowl and was eating her cooking. Then, she nodded at Jessica.

"It's delicious, especially this braised beef. It's so soft."

This dish was the favorite of he, so she had deliberately learned it from Ms. Elliott, and even asked her two sons to modify it for her. The taste was definitely top-notch. No place could have such a delicious food.

The two sons gave her this sense of confidence.

Estelle fed Jessica a bite, "Try it, it's too delicious! Ahh! I want to learn. Lizzy, you must teach me."

Jessica's eyes narrowed slightly, "Damn, it's better than Ms. Elliott's cooking"

After saying that, she bumped into Elizabeth with her body and said, "Sure enough, you deliberately learned for someone. Haha, I must tell

Elizabeth hurriedly grabbed her. "Jess, don't tell me. He forgot about me. Let's pretend this never happened!"

She was already very satisfied to be able to look at him so closely and cook for him.

When there was no one else, she would play dirty dumb again, she could hug her like today, she would be happy.

Jessica sighed, "Got it, I won't make things difficult for you, you are a married woman."

This sentence was the biggest excitement to Elizabeth..

"That's right. She's a married woman now, and Dominic is very different now. He's threatening her with her kids, and she doesn't even dare to mention about the divorce."

Everyday, she had to worry about the timid, afraid that he would hurt her three darlings.

At the dining table, Leonard eating hot pot made by Jessica Meanwhile, Nicolas gave her a thumbs up.

"Jessica, the cooking is good. You can open a restaurant now.

The taste of it was really good. It was both spicy and delicious.

Estelle ate the hot pot and looked at the braised beef in front of Matthew. It tasted delicious! She wanted to have another bite.

However, she was too far away, so Nicolas noticed it and asked.

"Do you want to eat this?"

He picked it up and placed it in front of Estelle.

Elizabeth's little mouth was half-opened. She specially made it for Matthew.

When Jessica saw this scene, she couldn't help but laugh and reminded him.

“That’s specially made for someone! Young Master, put it back.”

Estelle hurriedly cut a few pieces and told Nicolas person.

“Lizzy made this specially for Mr. Hilton. Hurry and take it back!”

Her face was flushed and she felt a little embarrassed. However, it tasted so good. She had never eaten such a delicious braised beef before.

Matthew took a glance at the braised pork. He had a bite just now and it tasted good.

It turned out that she made it especially for him. He smirked and said softly.

“Ms. Wade, the cooking is good.”

Elizabeth was initially a little angry when she heard this and was still kicking Jessica under the table. She did not expect him to be so straightforward and she smiled.

“Mr. Hilton, you should eat more.”

At this moment, her phone rang. Elizabeth glanced at it was a call from Dominic.

She did not want to answer it, so she put it on mute.

But after it automatically hung up, he continued to call. It seemed like if she didn’t pick up, he would keep calling.

“Hello,” she answered the call.

“Elizabeth, where did Hazel go? Were you the one who chased her away?”

Chapter 719 He Is Here

Elizabeth did not quite understand what he meant. Tan't Hazel at home? She's not with me. I won't chase her away *

She still hoped that Hazel could take him down and let him let go of her willingly

“Elizabeth, don't pretend You know that I slept with Hazel, so you chased her away ”

At this moment, Dominic was in the room of Hazel She took away everything she liked.

“Where are you? Get back right now!”

Elizabeth took a deep breath. This man is really unpredictable.

Yesterday was still so warm, and today was extremely cold. She didn't even know why his expression changed faster than the weather in British.

Elizabeth looked at the time and asked the three children at the dining table.

“Have you guys been full? It's time we go home.”

Abby was munching on the chicken legs. There was one in Matthew's bowl too. Elizabeth specially gave the kids one, including the one that was not spicy

“Uncle, hurry and eat! The chicken legs smell so good.”

She did not hear what her mommy was saying

The two sons were already full They put down their utensils and looked at their sister.

Pearl furiously said, "Aunt Lizzy, let's play for a while longer! I want Abby to sleep with me tonight."

She looked reluctant, and even Jessica felt that this was quite good.

"Lizzy, why don't you go home first and leave the three kids to me.

Matthew looked at her and said.

"Let's eat first. We'll leave after we're done."

The voice was very light, and it was very loud. Even Nicolas chimed in

"Lizzy, you only ate a few bites. Why are you rushing back? Will Dominic scold you?"

He had heard that Dominic had taken care of this woman for six years. He should treat her quite well.

Elizabeth's expression changed. It was obvious that Dominic was very upset.

If she didn't go back, he would definitely be even angrier.

Her gaze swept across the three children. That fellow might have done something to them, so she gritted her teeth.

"Jessica, let the three of them stay here tonight I'll leave first"

She got up and walked away in a hurry.

Estelle called out to her, "Lizzy, slow down."

Jessica stood up and chased after her.

“Lizzy, eat before you leave.”

After a while, Jessica brought Elizabeth back to the dining room and pressed her to the dining table.

“Why are you in a hurry? Eat and go home slowly.”

Jessica’s face was filled with distress. Besides, she knew Dominic. That fellow won’t make things difficult for her.

Elizabeth pursed her lips and took the chopsticks. Estelle helped her to prepare the dishes.

Suddenly, there were many food in her plate. She smiled at the people on the table..

Then, she lowered her head and started eating. However, everyone could tell that she was a little uneasy.

Especially when Matthew ate the dishes she cooked for him. His heart was warm. He could feel her special feelings toward him, but at this moment, judging from her appearance.

He suddenly felt that the food wasn’t so good anymore, and the rice wasn’t so good anymore.

He put down his chopsticks and sipped on the water slowly. His deep gaze remained on her.

Arthur and Antony also realized that something was wrong with Mommy. They knew that it might be a call from Uncle Dom.

“Mommy, eat more.

Elizabeth looked at her son. She nodded slightly because of the warmth.

No matter what, she would always protect her

While eating, she lowered her head and texted Kai.

“How is the training going? I need them to start work tonight.”

Elizabeth needed a large number of bodyguards to protect the three children, so she could not wait any longer.

“Sure! I’ll arrange for them to go there.”

Elizabeth breathed a sigh of relief upon hearing this. As long as the bodyguards that Kai had trained were by the three children’s side, she would feel much safer.

At this moment, Dommic called again.

Elizabeth answered, “Hello”

Thinking that he was urging her to go back, she was about to say that she w

“Come out,” he said coldly.

Chapter 720 They Meet Officially

Elizabeth felt her eardrums hurting from the shock. She pursed her lips and put down her chopsticks.

“I’m done. I’ll be leaving now. Jess, I’ll take care of the three kids tonight.”

Jessica stood up and Elizabeth said immediately.

“There’s no need to send me. There are so many guests here that need to be taken care of. Don’t worry about me.”

After saying that, she smiled, “Goodbye, everyone!”

She was no longer as anxious as before. She was afraid that they would notice her anxiety and that Jessica would follow her out.

Dominic might not have a good temper right now. She didn’t want to make Jessica worry, let alone Matthew and the others see him.

It was her choice. No matter how hard it was, she had to handle it.

Elizabeth walked out of the dining room. Matthew stood up and Leonard called out to him.

“Matt, where are you going?”

Nicolas bit on his chopsticks and looked like he was watching a show. Estelle said.

“He should be going to send Lizzy off.”

Nicolas smiled wickedly. “Not necessarily.”

“Matt, aren’t you pretending that you don’t know Lizzy? I’m sure you won’t express your feelings so clearly. It’s going to be a good show.”

Estelle harrumphed coldly, “Of course. He’s so good. He’s definitely going to send Lizzy off.”

Elizabeth had just walked out of the living room when Matthew followed her out.

There was a cigarette between his fingers. It was obvious that he did not follow her out to see what was happening. Instead, he came out to smoke.

Dominic's car was parked in the courtyard. When he saw Elizabeth come out, he stood up and strode towards her.

He grabbed her wrist. His eyes were dark, and there was a strong rage in them.

"Why are you here? Come back with me."

After dragging her to the car door, Elizabeth struggled and said.

"Let go of me. I can walk by myself."

Dominic pushed him into the car when he opened the car door and closed the car door angrily.

When he turned around and was about to head to the driver's seat, he saw Matthew coming out.

He clenched his fists and his gaze darkened.

Matthew also saw the way he treated Elizabeth. He narrowed his eyes and pulled the cigarette to his lips, taking a deep breath.

Dominic walked toward him. Elizabeth saw this scene and was shocked. She quickly pushed open the car door and got out of the car.

"Dominic..."

He yelled, then said anxiously.

“Aren’t we going home? We’re leaving.”

Dominic clenched his fists and strode toward Matthew. It was as if he was going to hit Matthew.

Previously, Dominic would not do this, but now, Dominic had changed.

Dominic did not listen to her. He grabbed onto Matthew’s tie with both hands.

“Matthew, Elizabeth is my wife. Don’t ever think of getting her. Stay away from her.”

His eyes were wide-eyed, and the darkness in his eyes was deep. He stared at Matthew with hatred.

Elizabeth ran over quickly and grabbed Dominic’s hand.

“Dominic, let go. He, he no longer remembers me.”

When she said this, she obviously saw disappointment on Elizabeth’s face and tears welled up in her eyes.

Dominic heard this and turned to look at her.

“Don’t remember?”

“That’s right. He had a brain surgery three months ago and lost his memory. He doesn’t remember me anymore.”

She growled, as if she was afraid that he won’t believe her.

Dominic looked at Matthew and laughed softly.

“You deserve it, haha...”

He suddenly let go, then hugged Elizabeth tightly and led her to the car.

When Matthew exhaled a cigarette, he said coldly.

“Ms. Wade, do I need to help you call the police?”

Elizabeth turned her head, her eyes full of panic.

“There’s no need. I’m fine.”

Dominic turned her head. “Don’t talk to him. Otherwise, you’ll take responsibility for it.”
