

Game Over 721

Chapter 721 She Has a Responsibility for Dominic's Changes

Elizabeth did not dare to turn her head to look at Matthew anymore. Fortunately, he did not remember her anymore. Otherwise, if Matthew so as Dominic treat her like this.

What would be think?

I'm fine now. If he doesn't remember her anymore, he won't care about her business,

Dominic got into the car and drove away.

Matthew threw the cigarette butt onto the ground and stepped on his leather shoes.

He kept his gaze on the car until it disappeared at the entrance and the steel doors slowly closed.

He took out his phone and dialed a number.

"Follow Dominic's car. See where are they going."

"Yes, boss."

After hanging up the phone, the light in Matthew's eyes was dark, as if Dominic did not treat her well.

At this moment, Jessica heard the commotion and asked

"What happened?"

Only then did Matthew glance at her indifferently and ask casually.

“Ms. Wade, does she usually get abused at home?”

Jessica glanced into the courtyard, but she did not see Elizabeth and the others.

“Of course not”

She knew Dominic’s character well. That man was a ver warm man. He was so good to Lizzy that she had nothing to say.

How could he have been violent? It was a pity that Lizzy did not like him as a boyfriend.

“That’s good!”

After saying that, he turned around and walked into the house Jessica felt that Matthew didn’t seem too happy. Didn’t he forget about Lizzy?

Why was he unhappy? Could it be that even if he forgot about her, there was still a feeling deep down inside?

Dominic drove so fast that Elizabeth was so scared. She hurriedly fastened her seatbelt and reminded him.

“Drive slower.”

I could not get into a car accident. My three children need me. I don’t want to die.

Dominic smirked coldly and the smile in his eyes was cold.

“Why? Are you afraid of death? Elizabeth, you’re now my Dominic’s woman. If you want to die, you’ll die with me.”

After saying that, he suddenly laughed coldly. His low voice made the car feel chilly,

Elizabeth leaned against the seat, not daring to look outside. Because the car was driving in the traffic, it looked very dangerous.

She was afraid, but she didn't want him to see.

He laughed as he walked, looking haggard.

Until the car stopped, Elizabeth's heart finally relaxed. She took a deep breath and suppressed the annoyance in her heart.

Dominic turned his head to look at her and smiled coldly. Fortunately, Lizzy had calmed down.

Confronted with Dominic's cold gaze, she really did not know such a stranger.

"Get out of the car."

After saying that coldly, he pushed open the car door and got out of the car.

Elizabeth looked out of the window and saw him bringing her to the Campbell Residence.

Ever since they got married, he rarely brought her here. Previously, he said that he did not want to make things difficult for her. Therefore, he did not want her to appear in the Campbell Family as often as possible, so she was happy to do so.

She pushed open the door and got out of the car

From afar, they saw Mrs. Campbell and the housekeeper greeting her. Mrs. Campbell was wearing a green cheongsam, looking graceful and elegant.

She stood in front of Dominic with a smile.

“Dom, you’re back?”

Dominic opened her hand that was touching his face. “Don’t touch me.”

After walking into the house, Mrs. Campbell looked surprised and watched him leave.

Elizabeth looked at Mrs. Campbell’s disappointed expression and walked over to her and called her.

“Mom.”

Only then did Mrs. Campbell come back to her senses and her expression turned cold.

“Did you upset Dom again? Ever since you married him, I’ve never seen him smile. Previously, I thought he really liked you, so he allowed you

to enter the house. Although his eyes are better now, my son has changed. It’s all your fault for him being so cold to me.”

Elizabeth pursed her lips and secretly sighed.

“I’m sorry!”

Chapter 722 Threaten Her

When Mrs. Campbell saw her like this, she sighed and pointed at her.

“Elizabeth, how could you not cherish such a good husband like Dom. What kind of attitude is this?”

After saying that, she turned around and walked into the house. Elizabeth followed behind her into the house.

In the living room, Mrs. Campbell and Master Campbell were sitting on both sides of Dominic

Mrs. Campbell held his hand. "Dom, why don't you guys move back! Otherwise, it'll be too hard for us to see you."

Master Campbell's face was cold. He didn't want to pay attention to his great grandchild, but he glanced at him from time to time, probably wanting him to take the initiative to get closer to him.

He could not take the initiative like the old lady.

Dominic curved his lips and withdrew his hand.

"I'm here today to tell you guys that I want to change my name. Dominic's name doesn't suit me. I want to change my name to Saint

Campbell"

Upon hearing that. Master Campbell turned his head and glared at him.

"Change your name? Impossible. You can only call yourself Dominic."

Naming the Campbell Family was a big deal. Back then, they had hired a master to name them. Therefore, Dom was a good looking kid. He was well taught and had a good personality. That was why this name was good.

But they're not satisfied with his marriage at all now.

The old man snorted coldly when he saw Elizabeth. It was all this vixen. I didn't know what kind of medicine she had given Dom.

He acted like he had gone mad. He lied to them and even married this woman with three children.

Now that Dom was so rebellious, it was something they had never seen before, so they all blamed Elizabeth for it.

Elizabeth walked into the living room and greeted each other.

Dominic leaned on the sofa and looked at Elizabeth. Her expression was smug.

He seemed to like seeing Elizabeth being bullied but could not resist. He was extremely excited.

“No, I'm here today to inform all of you that I've changed my name.”

He tossed the household register on the table. Mrs. Campbell hurriedly picked it up and took a look.

Then, she sighed and persuaded him.

“Old Master, Dom has changed everything. Just let him! It's good that he likes it.”

They thought about the past few months, they had never seen their eldest grandson smile, so they hoped that he would be happy. Changing his name wasn't a big deal. As long as he liked it.

Master Campbell was enraged. He stood up abruptly and swung his walking stick toward him.

Dominic did not move and allowed him to hit him.

Grandma Campbell's heart ached. She held Master Wade's hand.

“Don’t hit him. He’s already upset. Ever since she got married, he’s never smiled.”

Mrs. Campbell couldn’t stand it anymore and asked Elizabeth coldly.

“Elizabeth, what’s going on? Why is Dom changing her name?”

Elizabeth was initially a little confused. She didn’t know what Dominic was going to do tonight.

All of this was all her fault. She pursed her lips, feeling helpless.

“I don’t know. You can ask him.”

“You don’t know? You’re his wife now. He’s closest to you. Who should know if you don’t?”

Mrs. Campbell cursed angrily and reached out to grab her

“Elizabeth, we’ve entrusted Dom to you. How did you take care of him? Look at how much he’s lost weight. He doesn’t have the sunshine smile from before, and he doesn’t laugh anymore.”

Mrs. Campbell suddenly spoke up. “We could not accept your three children. Ask the children’s father to take them away. Hurry up and have your own child with Dom

Dominic looked at her smiling coldly, looking very happy.

Elizabeth finally understood that Dominic was taking revenge on her

If Hazel didn’t come back, she would be scalded by the Campbell Family, and she couldn’t explain herself

At this moment, Elizabeth's phone vibrated.

She took out her phone and looked at it. It was a text from Kai

Chapter 723 Let Me Be You

Elizabeth looked much calmer after reading the message.

"Grandma, I could not do this. The three children can never leave me."

Mrs. Campbell's face darkened. "Don't be so dramatic. You probably don't even know who the father of the kids is, right?"

I've heard of this from Anna. Besides, what that woman said are is very unpleasant.

Elizabeth's expression changed slightly. She really did not know who the father is.

However, the ring was found and was in the hands of Rosalie. As long as she took it back, she would have a chance to find the children's father.

Previously, she felt that it was fine for children not to know who their father was, as long as she loved them enough.

But now, she felt that she couldn't be so selfish.

To let the kids know that they also have a father. At least they should know who the father is. This is the power they deserve, she could not take it away.

Dominic smiled slightly when he heard this

"Grandma, don't say it so bluntly. She's now the granddaughter in law of the Campbell Family. Be nice to her."

Mrs Campbell frowned her eyebrows slightly. "Dom, it's fine if you want me to be polite to her. Then you guys move back. I'll teach your wife lesson and let her know what she should do

Dominic raised his eyebrows, "Sure""

Elizabeth's heart tightened. What does he mean by moving back?

Mrs. Campbell agreed, "That's right, move back. That way, I can see you every day."

She glared coldly at Elizabeth. When you went back to the Campbell Family, I would keep a close eye on you.

Dominic did not have any objections throughout, and Elizabeth did not say anything.

After a while, Dominic stood up and said, "Let's go first. We'll go back and pack our things. We'll move over tomorrow."

After saying that, he walked over and dragged Elizabeth out of the Campbell Family's main building.

"Why are you leaving so quickly?" Madam Campbell and Mrs. Campbell were reluctant.

The two of them got up and followed them out of the house.

Dominic tightened his grip on Elizabeth's wrist. "That's right. You didn't mention about the divorce."

After saying that, he smiled coldly. His eyes were filled with coldness, and it was terrifying.

Elizabeth bit her lip. "I really didn't chase Hazel away. Can you not move into the Campbell Residence?"

If he wants to move here, then she could not live with her three children.

Dominic shoved her into the car. This is your punishment to see Matthew. But don't worry, the three kids will come together. We won't let you be separated."

Elizabeth's eyes narrowed slightly. "No, they could not come here."

The Campbell Family's current attitude was obvious. If they minded the three children, it would be even impossible for them to treat her kids nicely.

Therefore, she could not allow the three children to move into the Campbell Family.

Dominic slammed the door shut in order not to listen to her!

Elizabeth was anxious. She took out her phone and dialed the number of Hazel. Only Hazel would be able to change everything.

But why did that girl leave for no reasons?

She still hoped that she could help her out of this difficulty, hoping that she and Dominic would be together.

When Dominic walked to the driver's seat, Madam Campbell and Mrs. Campbell called out to him.

"Dom..."

Mrs. Campbell held on to him. "Dom, there's nothing missing at home. Why don't we stay tonight?"

Mrs. Campbell also said, "That's right, you haven't been home for a long time. I could not bear to see you leave."

A trace of darkness flashed across Dominic's eyes. He felt that they were so annoying.

Hence, she removed the old lady's hand "Call me Saint from now on."

As he walked to the driver's seat, he wondered if Dominic would usually be surrounded by these women. No wonder he was so weak that he couldn't even handle the woman he liked.

Don't come back anymore. I'll enjoy this life for you.

When he thought about it, his lips curved into a cold smile.

"I'll help you take revenge. Is this enough for you?"

Chapter 724 Look Down on Elizabeth

Dominic drove away while Mrs. Campbell sighed.

"Dom has changed. He doesn't love us anymore. Sigh

She looked at Mrs. Campbell in disappointment. "It's all your fault. Why did you agree to marry that woman at that time? Even if he's blind, he doesn't deserve such a bad won."

Madam Campbell always remembered that Anna told her that Elizabeth had sex with an old man when she was more than ten years old. Then she got pregnant and was kicked out of the Campbell Family.

Hence, the three children did not know who their father was, and Elizabeth did not dare to tell them.

How could a woman like her be worthy of her eldest grandson?

Her eldest grandson was talented and smart. He was one of the top figures in the business world. Even if he was blind, he shouldn't have found such a woman.

Anyway, Madam Campbell was not satisfied at all.

Mrs. Campbell sighed. Although she had deceived her family and helped Dom to marry Elizabeth, she even gave her such a huge commission.

But it was also because of Elizabeth that Dom was willing to cooperate with the treatment and healed. This point, neither of them knew her intentions.

She can only let my family blame her. It's hard to explain.

In the car, Elizabeth kept dialing Hazel's number, but her phone was switched off and she couldn't get through.

In the end, she gave up and exhaled.

"Where did she go?"

Dominic turned to look at her "What are you doing?"

"Dominic, I know you like Hazel, I can leave you..."

Before she could finish the sentence, Dominic interrupted her.

"You'd better not mention this anymore. Otherwise, you'll get a more terrifying punishment."

He warned her. His voice was as cold as ice.

Elizabeth looked at him like this, looking at this stranger, Dominic.

“Also, in the future, please call me Saint.”

After saying that, he turned his head and looked ahead. The car sped up

Elizabeth felt that he was getting increasingly insane. She didn't know what he was planning to do next.

When they returned to the villa, Elizabeth got out of the car. She hoped that Hazel would be at home now so that this lunatic could calm down

She can move into the Campbell family, but the three kids could not.

She walked quickly into the house. Saint got out of the car and glanced coldly into the house.

“Elizabeth, it was you who betrayed Dominic first. He cared so much about you, but you fell in love with Matthew. You deserve the pain now. I'll slowly torture you.”

He smiled wickedly and walked into the house.

Outside the door, a black car stopped. Jake sat in the car, gazing into the house, holding his phone and talking on the phone.

“Boss, Dominic brought Ms. Wade to the Campbell Residence first. When they came out. Ms. Wade was in a bad mood and she looked out of the window in a daze. Now they're back to Dominic's villa.”

Matthew was sitting beside Leonard's kitchen, watching the three children and Pearl play

Abby was very cute. She would occasionally smile at him.

“This daughter is really very cute. He's in a very good mood when he sees her!”

The two sons were training the dog. The flying platter would quickly chase after it and bite it before sending it back.

Pearl applauded and looked at the boys.

Matthew narrowed his eyes and said coldly

“Hack into the surveillance footage of Dominic’s house. I want to see how she is at home.”

Jake was slightly stunned after hearing this.

“Alright, boss.”

They had an grudge against Elizabeth. The last time his boss almost died because of her, so even though his boss was giving him an order.

The two of them were still reluctant.

Jake couldn’t help but say, “Boss, she’s already married. Aren’t you going to give up?”

He felt that this woman was not worthy of his boss treating her like this. She did not cherish him.

“Are you teaching me how to do things?”

The man’s low voice was a little hoarse

Chapter 725 Daughter Guy

Jake hurriedly replied, “I don’t dare”

After hanging up the phone, he stood up and walked toward Abby He reached out and pinched her cheek

“Darling, do you want to go to Uncle’s house tonight?”

The two elders at home liked kids. Why don’t11 bring them there first to familiarize them with each other?”

Even though thes had seen each other before, they got along well

However now that he knew they were his descendants, he felt that if they got along more often, the two of them would find out too.

“Are you sure?” Abby blinked “I miss the pretty old granny *

The two of them got along very well. From time to time, they would even talk on the phone.

“Of course, you can go anytime you want.”

“That’s your home. You can go anytime you want, darling ”

“That’s great! The house of yours looks alike a palace. I like it a lot.”

Matthew carried her with one hand and lifted his left hand to look at his expensive watch. It was already eight o’clock.

“Take your time. I’ll take my leave now,” he said to the two people who were still working in the vegetable field

Nicolas had a hobby of planting. He liked green and organic food, so he helped Leonard to grow vegetables after dinner

He even taught him how to take care of these vegetables and let him keep the urine. It was specially used to irrigate the vegetables.

Nicolas stood up and looked at him.

Seeing him holding his daughter with one hand, the corners of his lips curved up slightly

“Matt, you’re becoming more and more like a father”

Matthew said coldly, “Of course, after all, I am the father of three children, you could not understand.”

Leonard couldn’t help but laugh “Hahaha .

Nicolas’s face darkened and his heart was hit by Matt again. Damn it, I have a girlfriend too, okay? I’ll have a kids tonight.

After saying that, Matthew called out

“Abby, Arthur, go home!”

The two little ones reached out to caress the dog and handed the flying platter to Pearl

“Pearl, we’re leaving. We’ll visit you in a few days.”

Pearl was reluctant, she took the disc.

“Didn’t my mom say you’re staying at my house tonight?”

The thought of sleeping with Abby made her so excited!

Arthur reached out and patted her head. "There are some things that we need to take care of. Be good."

After being touched by Arthur, Pearl instantly became gentle and a smile appeared on her face.

"Alright! You guys have to come and play with me often!"

I'm bored at home alone. I'm on vacation now,

They walked toward Matthew's car. Antony was a little puzzled.

"Why are we going to his house?"

Arthur raised his eyebrows. "Our sister is going. Aren't you going? Don't forget that is our home too. Great grandfather and great grandmother need someone to accompany them."

Abby saw this very clearly. If they wanted to help Mommy

They have to deal with great grandfather first. Otherwise, it'll be difficult for Mommy to be with Matthew.

Antony didn't say anything else. He got into the car first, and Arthur got into the car too.

Matthew had intended to let them go, so he got the chauffeur to drive a van over and wait here.

Therefore, the three children did not need to sit separately. Abby acted like a curious baby in the car.

She opened the fridge and saw that there was alcohol and drinks inside. Then, she asked.

“Do you have ice cream?”

Matthew couldn't refuse her cute little face, so he said.

“Open the floor below and take a look.”

Abby opened her eyes and saw a huge chocolate ice cream. This was the one she liked the most, and she instantly felt that it was magical.

“How do you know I like this?”

Matthew smiled warmly.

“Darling, I know everything you like. In the future, tell me whatever you want. I'll buy everything for you.”

“Is it okay if I want a castle?”

After saying that, Abby giggled.

“Of course, I'll give you whatever you want.”

Chapter 726 Cultivate Relationships

“Really? I want a real castle. I want to be a princess inside and wait for my prince to show up.”

Little girls were like this. Their eyes were filled with fairy tales and they always liked Barbie princess and castle.

“Sure!”

Along the way, Abby was chatting with Matthew. She was very good at chatting. She licked the ice cream as she talked. She looked cute, and

Matthew carried her on his lap, enjoying the sweet time with his daughter.

Arthur and Antony aren't that interested in children's things.

"Why don't Mommy take us home tonight?" Antony asked in a low voice.

Arthur thought that his brother simply had so many questions. How would he know?

"Brother, when we arrive at the Hilton Family later, we need to make Great Grandpa fall in love with Abby. Do you understand?*

This was Arthur's plan. Settled Old Mr. Hilton first. As long as he liked his sister, he would like Mommy too.

"Then, there won't be any obstacles.

"Okay!"

After more than an hour, the car stopped at the parking lot of the Hilton Family. Although Matthew was living in the old mansion now, he would come back every day.

Nonetheless, Old Madam Situ would come out to greet him personally. There was a group of servants walking beside her. When they saw Matthew, they bowed respectfully.

"Young Master!"

Matthew was holding a little girl in his arms. She was wearing a pretty little dress. Her big eyes flickered. If she didn't take a closer look, she would think that he was holding a doll.

Madam Hilton had good eyes. She saw Abby and Arthur at a glance. She hadn't seen the two kids for a while, and they seemed to have grown taller and more handsome.

She happily called them, "Arthur, Antony, you're here."

"Pretty granny, and me, I'm here to visit you too."

She glanced behind Madam Hilton and did not see grandpa Hilton. She was a little disappointed.

Actually, she would miss that handsome old man too. For some reason, she would always want to see them.

Madam Hilton smiled and looked at the little one in Matthew's arms.

"Yes, Abby is here too. Welcome."

Matthew placed her on the ground, feeling reluctant. However, it wasn't the time for him to cultivate relationships. It was the time for them to cultivate relationships with the elderly.

When they entered the house, she saw Tiana sitting beside Old Mr. Hilton. When she saw the person entering, she was obviously disappointed.

"Matthew, you're back."

Then, she looked at the three children suspiciously. "Are my sister and brother-in-law here too?"

She deliberately pulled Dominic out to disgust Matthew and let him know that Elizabeth was married.

Matthew glanced at her indifferently. "Ms. Wade, what time is it? Aren't you going home yet? Isn't the Wade Family very strict?"

Tiana sensed that he was chasing her away, so she stood up.

"Grandpa, it's getting late. I should go home."

Old Mr. Hilton did not tell her to stay the today. He recalled how embarrassed he was that night.

Therefore, there was still a trace of grievance toward Tiana. Although she was doing that to help the Hilton Family, she was a little unhappy that she had drugged him.

Abby's originally thought Old Mr. Hilton would keep her, but she was disappointed.

She could only leave reluctantly

She had just walked out of the main building of the Hilton Family. Before she got into the car, he was so angry.

She took out her phone and dialed Dominic's number. Since he was her brother-in-law now, she naturally had her contact.

After a while, no one picked up. She got into the car and drove out of the Hilton Family Manor slowly.

Dominic answered the phone and his voice was a little cold.

"Miss."

"Brother-in-law, do you know where my sister is now?"

Dominic had just reached Elizabeth's room. He glanced at the woman who was reading in front of him. She was wearing a white PJ and her hair was not completely dry. It seemed like she didn't like using a hairdryer. She sat in front of the window and read, just to wait for the wind to blow her hair dry.

Chapter 727 Return The Debt

"If you have something to say, say it straightforwardly."

Dominic did not know what that woman was going to say. He was getting impatient,

"She brought the three children to Matthew's house."

Even though she did not see Elizabeth, but she must be there too.

Tiana

She was too bold. She was married, yet she dared to go to her ex-boyfriend's house so openly. If she didn't expose her affairs, she won't be

Upon hearing this, a trace of darkness flashed across Dominic's eyes. Then, he sneered.

"Ms. Wade, do you want me to have a fight with your sister?"

Tiana paused for a moment. She didn't want Elizabeth and Dominic to make a fuss. She hoped that they would stay in love with each other, so she won't come to snatch Matthew away.

However, she was the one who provoked Matthew tonight.

She touched her man, so she wanted to make Elizabeth's days difficult.

“Brother-in-law, I’m doing this for the sake of both of you. I hope you’ll watch your wife and don’t let her get into trouble outside.”

That’s enough. Don’t try to stir up anymore. I’m not going to believe you.”

After saying that, he hung up the phone and Elizabeth heard their conversation.

She closed the book and asked.

“Tiana’s call?”

Saint nodded, threw the phone onto the bed, and walked closer to her step by step.

Elizabeth watched him walk toward her and subconsciously took a step back.

Suddenly, he took out a whip from his waist and his sweet eyes lit up slightly.

“Dominic...”

Her gaze subconsciously looked at the whip. It was not unfamiliar to her.

Saint laughed coldly, “Call me Saint, I’m not that bastard Dominic.”

After saying that, he waved a whip at her and grabbed one of the leather whip with one hand and looked into his eyes.

“Dominic, I won’t let you hit me.”

Her voice was very cold, and there was a deep nasal sound, and she was even gritting her teeth.

Saint laughed loudly. "Elizabeth, don't forget who saved your life. Also, don't forget who saved your three children. If you dare to resist, then the lives of the three children will be in my hands, because I was the one who gave them a chance to live."

Elizabeth heard this and she let go of the leather whip.

A hint of hatred in her eyes.

"Get up, don't hide. This time, you need to learn your lesson. Don't ever see Matthew again. Do you hear me?"

Elizabeth pursed her lips. She was going to Hilton Group for bidding tomorrow.

She stood up, her back facing him.

Saint waved the whip one by one. The more he hit, the more excited he became.

"Elizabeth, I'm actually more excited to hit you than I am to see me. Since you chose this way, this is what you get."

The man's eyes were bloodshot and he was waving the whip. When he saw her waving every whip, Elizabeth's body trembled, he became even more excited and happy.

Elizabeth bit her lip lightly without even humming

He was their savior. Since he wanted her to return the favor, then she would do so.

After ten whips, Saint stopped. When he saw her sitting on the bed, he burst into laughter.

“Hahaha... Six years, it’s 365 whipping plus 6, count it out, how much do you still owe me?”

Elizabeth rolled up her sleeves and looked at it. Each mark was purple and the mark on her back was the most serious. She bit her lip and said.

“I’ve already paid you back six hundred and fifty times. Dominic, I’m looking forward to the day we’re done.”

Once she was done, she would definitely leave morcilessly.

Saint’s expression turned grim upon hearing this.

He used the hard whip and poked her on the back. It hurt so much that she turned her head and glared at him. He smiled again, I’m looking forward to it too.”

Chapter 728 Great Grandchildren Are In Front Of You

At the Hilton Family, Madam Hilton had a maid bring out a lot of delicious food to treat the three children.

Abby ate desserts and ice cream without hesitation.

Arthur and Antony weren’t very interested in the food, so the old lady brought out all the toys that she usually bought after visiting the mall.

There was Lego two kids who liked, so the two of them were playing Lego there.

Old Mr. Hilton watched this scene and pulled Madam Hillon’s hand.

“Are you really treating them like your own great grandchildren? They have nothing to do with you. No matter how much you love them, they’re not yours”

The more Old Mr. Hilton looked at it, the angrier he got.

If the Hilton Family could have three great grandchildren like this, he would have smiled when he was asleep. However, Matt's useless.

"He's almost 30 years old, but he could have one kid"

The more he thought about it, the more he felt that the kid was doing this on purpose.

He knew that they were looking forward to their great grandchild and hoped that he would get married soon. However, he kept avoiding it.

Elizabeth always controlled Abby's diet because she was not in good health.

Normally, she didn't eat too much ice cream, and she rarely ate snacks.

But she wasn't here tonight, she could eat whatever she wanted. She was so happy.

As she ate the ice cream, she jumped, "Thank you pretty old granny!"

The strawberry taste was the one she liked the most.

Matthew sat on the sofa opposite her and looked at the two elderly

The grandmother liked the three little ones, but his grandfather liked the kids, but he did not like the three little ones.

Narrowing his eyes slightly, he imagined the old man's face when he found out the truth in the future. He was a little happy, and the corners of his lips curved up.

“Abby, accompany your great-grandmother. I’ll go upstairs first.”

Abby nodded at Matthew. “Okay! Do you want to work? Don’t work too hard! Remember to rest early.”

Her mouth was too sweet. The old woman couldn’t help but kiss her on the cheek.

“Yo, look, I really like you.”

“I like you too!”

Matthew got up. “Grandpa, Grandma, I’m going upstairs.”

Old Mr. Hilton harrumphed coldly, “You brought back 3 kids y, what’s your plan?”

Matthew smiled faintly. “Don’t you like kids? These three are both good in looks and intelligence. They should fit your requirements very

“Hmph, they are not the Hilton Family’s kids. What’s the point of doing so?”

“When do you want to get married?”

Old Mr. Hilton glared at him and asked coldly. If he didn’t give him an answer today. I’m afraid I could not go upstairs.

Matthew thought about it. It would not be possible in the near future.

“Maybe next year!”

After saying that, Old Mr. Hilton walked up the stairs and threw a plate beside him.

After the plate shattered, there was a loud noise.

Matthew turned his head and looked at him. "It's best if you don't get angry. Otherwise, it'll be harder to see your great grandchildren."

Old Mr. Hilton was about to explode from his anger, "You brat. I'm not going to live long. It's all because of you. I want a great-grandchild. Do you hear me? I'll be dying soon."

Matthew smiled wickedly. Isn't the great-grandchild in front of you?

He went straight to the study and sat down at the desk. He turned on the computer, wanting to take a look at Elizabeth's situation.

However, there was no footage of the bedroom. He narrowed his eyes and dialed Jake's number.

"Is there no surveillance in his bedroom?"

Jake replied. "Yes, only in the corridor and the living room."

At this moment, Elizabeth pushed open the bedroom door and walked out. Matthew hung up the phone and looked deeply at the woman on the computer screen.

Chapter 729 The Family Will Be Not Separated.

She was wearing a white PJ and a long-sleeved long-sleeved dress.

After leaving the house, she walked in the direction of the stairway. She walked slowly before going downstairs.

Ms. Elliott was cleaning the living room. When she saw her come downstairs, she walked toward Elizabeth.

“Lazy, do you want some water? I’ll go get it for you.”

After she went upstairs, she usually only went downstairs after drinking water, so Ms. Elliott thought so.

Elizabeth watched her walk toward the kitchen and glanced at the storage cabinet on the television wall. She came down to take the first aid

She needed to take care of all the injuries on her body. Otherwise, the bruises tomorrow will be even more terrifying

Walking to the television wall, she took out a first-aid kit from the storeroom.

Matthew closed the camera and saw what she was holding. His gaze darkened.

“Why are you taking the first aid kit so late? Are you not feeling well?”

He said he just wanted to take a look and not to care about her, but at this moment, he was worried.

Ms. Elliott came out with a glass of water in her hand. She walked to her side and saw the first aid kit in her hand. She asked.

“Are you hurt?”

Elizabeth subconsciously tightened her grip. “It’s fine. I just accidentally fell when I was showering just now. Just apply some ointment.”

“Where? Let me see.” Ms. Elliott was worried.

Elizabeth took a step backward. “It’s fine. It’s not serious. I’ll go upstairs first.”

She dodged her and hurriedly walked up the stairs.

Ms. Elliott sighed. Ever since she got married to Mr. Campbell, she had become troubled. However, she recalled the incident between Mr.

Campbell and Hazel

Fortunately, now that Hazel had left, otherwise, she really did not know how to face that girl.

The girl looked simple and kind.

Unexpectedly, there was such a scheme hidden behind her cute and beautiful face.

Ms. Elliott looked at the water in her hand and silently took it back into the kitchen.

Elizabeth returned to her room with the first aid kit and applied the ointment for herself.

Matthew couldn't see her anymore. He hooliganly pulled the cigarette to his lips and took a deep

She was covered so tightly at home. It was obvious that she was guarding against Dominic.

At that thought, a faint smile appeared on Matthew's lips. The thought of her protecting herself made him happy

At that moment, there was a knock on the door. "Sir."

He heard Abby's voice. Matthew turned off his computer and strode toward the door. When he opened the door, he saw Abby holding a plate of cut fruits.

“I’m here to give you fruits.”

She smiled and moved the plate of fruits in front of him. The corners of her lips revealed two sweet little pimples.

Matthew felt that this girl was a miniature version of Elizabeth. Especially when she smiled, they looked exactly the same.

He took the fruit plate and carried her into the study.

This was the first time Abby entered his study. She looked at the bookshelf inside and stretched to the top of the stairs. Like a whirlpool, she raised her head.

“A lot of books!”

Matthew placed her on the sofa by the window and fed her an apple.

“Abby can come here if you want to read in the future.”

Abby didn’t know a single word now. She could only read the picture books that children liked.

Hence, she chewed on the apple and said, “Brothers will definitely like this place.”

Matthew felt that it was time to make a move.

“Do you guys want to move here? This way, we can meet each other every day. Besides, your two brothers can go to the study to read.”

This was a great temptation. For Abby, she would be very happy if she could see him every day. because he hoped that he could be her daddy, because he resembled his brothers.

“I’ll go back and discuss it with Lizzy. If she agrees, we can move here. However, she also wants to be together! Our family could not be separated.”

Chapter 730 Sick

After saying that, Abby grabbed another piece of apple and ate it like a small hamster.

Matthew was sitting beside her. He reached out and tucked the hair on her forehead behind her ear. His eyes were filled with affection.

“Of course.”

That’s good,” Abby laughed. “I like this place too.”

At this moment, Madam Hilton brought the two little ones in. When the two little ones saw the bookshelf in the study, their gazes were filled with surprise.

This was simply too shocking. Matthew’s study was like a huge library. This was something they had never seen before, nor could they imagine.

Madam Hilton caressed their hands. “You can take a look. There are a lot of books here. I’m sure you’ll be interested.”

Their gaze was deeply attracted, then the two of them walked upstairs.

Madam Hilton laughed. “They’re both young and well-educated. They know a lot too. They’ll be very happy if they can read a book!”

Previously, Matthew hadn’t thought of how to attract two sons. Now, he had one idea.

He had his study room. It turned out that he managed to settle them so easily.

Mrs. Hilton sat beside Abby and looked at her cute little face. She held her in her arms.

“Matt, this Abby is too cute. I like her so much. I think your grandfather’s words make sense. Get married earlier and make us some kids for

The old lady kissed Abby on the cheek a few times. She felt that no matter how much she kissed, it was not enough.

Abby was still munching on the apple, but when she kissed her, her big eyes suddenly flickered as she looked at her, making Madam Hilton’s heart melt.

Matthew asked, “You like Abby so much, you can treat her like your great-granddaughter.”

Madam Hilton smiled. That’s different.”

No matter how much she liked her, she was not the Hilton Family’s kid. It was different.

Matthew raised his head to look at the two sons on the bookshelf They were already attracted by those books, and the corners of his lips curved upward.

“Grandma, I’ll leave the three of them to you tonight.”

Madam Hilton it. “Yeah, you don’t have to worry about it, but you don’t know how to take care of a kids.”

At three o’clock in the night, Matthew was awakened by a knock on the door.

“Young Master...Young Master...”

Upon hearing the maid's voice, he asked.

"What is it?"

It's already so late. He's very sleepy. But maybe Grandpa isn't doing well, right?

He sat up, put on his slippers, walked to the door, and opened the door.

"Young Master, it's Miss Abby having a fever."

Upon hearing this, a trace of worry flashed across Matthew's eyes and he strode out. When they reached the second floor, she slept with her grandmother and her two sons.

After entering a client's room on the second floor, Madam Hilton sat by the bed and instructed the servant.

"Hurry up and call the family doctor over."

After giving the order, she reached out to caress Abby's head and mumbled to herself.

"Sigh, the family didn't have any children before, so there wasn't any medicine for children to take. The family doctor might not have it."

Matthew walked to the bed and saw Abby moving on the bed. She didn't sleep well and her face was a little red.

"Grandma, I'll take her to the hospital."

After saying that, she bent down and picked up Abby. Madam Hilton was anxious.

“That’s right. Let’s go to the hospital! The family doctor doesn’t have any medication for children.”

Matthew carried Abby and walked away.

“In the future, I’ll hire another pediatrician.”

Madam Hilton was stunned. “Huh?”

Is there a need for that? We don’t have any kids at home. Tonight, it’s just a coincidence that Abby and Abby will stay overnight.

“But, can it be that Matt has opened up and is going to get married and want a kids?”

Thinking of this, Madam Hilton followed behind and looked at his back and said.

“That’s right. The family should hire a pediatrician.”
