

## **Game Over 731**

### Chapter 731 I Want Mommy

Matthew carried Abby and went downstairs. The chauffeur was already waiting at the door.

When he saw Matthew exit, he got out of the car and opened the car door for him.

Matthew bent down and got into the car. Abby opened her eyes and looked at him before she burst into tears.

“Mommy, I want Mommy!”

When a kids is upset, she will be especially attached to her mother.

Madam Hilton had already changed her clothes and followed after her with her bag. She coveted Abby with a small blanket.

Watching her cry and make a scene made her heart ache.

“Quick, give Lizzy a call and tell her to come to the hospital”

Matthew originally did not want to inform her. It was so late and she might not be able to answer the phone.

lowever when he saw his daughter crying like that, his heart skipped a beat.

With one hand, he took out her phone and dialed Elizabeth’s number.

Elizabeth was sleeping soundly. However, she was still awakened by the calls one after another.

She took out her phone and yawned. She really wanted to curse. Who called her so many times at this time of the night? When she saw it was Matthew, she suddenly woke up.

Her hands were trembling and she was very nervous.

After a moment of daze, the phone automatically ended. She sighed and regretted not answering the phone just now.

Just when she was about to put her phone back, her phone rang again.

Elizabeth quickly answered the call. "Hello."

She could hear her heart beating.

"Abby is sick. Please come to the pediatrician at the hospital"

After saying that, he hung up. Elizabeth was stunned for a moment before she sat up.

"Abby?"

Then, she quickly put on her clothes and grabbed her car keys before running out.

She drove to the hospital. When she reached Abby's ward, she saw Matthew holding Abby.

The scene was very warm.

Like a father holding his sick daughter and comforting her.

Mrs Hilton saw Elizabeth and stood up to greet her.

“Lizzy, you’re finally here. Abby kept crying and wanted to look for you. Our hearts are about to shatter

Madam Hilton wiped her tears. She didn’t know why. Seeing Abby like this made her feel so sad, and her heart ached.

Maybe she wanted a great grandchild too much, so she treated Abby as her own great grandchild

Elizabeth looked at the grandmother “Grandma, it’s already so late. I’m really sorry to trouble you guys ”

Elizabeth felt a little guilty that an old woman won’t be able to endure staying up late.

“But aren’t Abby and Jessica at home? Why are they at the Hilton’s?”

She was a little puzzled, and Jessica didn’t say a word to her

“I’m fine. I’m fine, as long as Abby is fine

Elizabeth walked to Matthew’s side and reached out to take Abby.

Matthew didn’t give her to her. He said indifferently.

“She already asleep. I can hug her ”

Actually, she could be placed on the bed, but the little girl would wake up once she was placed down, so she could only hug her.

Even though she looked so small, his arms were still sore after wrapped around her for a long time.

He doesn't want her to hug Abby because he is afraid she would be too tired."

Elizabeth looked at Abby sleeping soundly in his arms. She knew that Abby wasn't very obedient when she was sick. She didn't want anyone else but her

She didn't expect Matthew to be able to comfort her properly. Shouldn't it take a lot of effort?

At this moment, Nicolas entered the room. He lifted his glasses and told Madam Hilton.

"Grandma Hilton, it's getting late. You should go to the hospital room to rest!"

After saying that, a nurse came over and supported her.

"Mrs. Hilton, I'll send you there."

Elizabeth felt that it was too late. It was almost four thirty. She smiled at the old lady.

"Grandma, go and rest' Matthew and I are here Don't worry."

Madam Hilton was indeed tired. She nodded and the nurses and servants sent her to the adjacent ward.

Elizabeth asked, "Nicolas, I want to ask about Abby's condition."

Chapter 732 Kick Him Out

Nicolas glanced at the man holding his daughter and then at the beautiful woman standing beside him.

They were supposed to be a family, but in reality, this woman had become someone else's wife. It was simply too dramatic.

Nicolas became serious "She's having a fever caused by food indigestion. She's relatively weak, so you need to be careful of her diet. Don't eat cold food and don't eat too much."

Elizabeth had always been controlling her diet, especially cold food.

Matthew suddenly said. "She ate a lot of snacks today and even ate three boxes of ice cream"

Elizabeth walked towards him after hearing this.

"Did she eat so much ice cream? I usually only let her eat two bites. Her stomach is poor and she could not take it."

How many times have I gone to the hospital?

It was as if the first time she met Matthew was at the hospital. That night, she was in a terrible state. Because of her fever, she was so nervous that she almost went crazy.

Matthew said in a low voice, "I'm sorry! It was my mistake."

He didn't know that his daughter couldn't eat these. They felt that as long as she liked it, he would give it to her.

He didn't want to restrict her. From the current condition, some things still need to be restricted. It could not be infinite.

Elizabeth was stunned for a moment when she heard this. Because Matthew was too nice, she was not used to it.

"I don't blame you. If she wanted to blame anyone, then she would blame herself. She left the kids at the Jessica's house, while Jessica allowed Abby and the rest to go with Matthew.

"Jess, you're the one who fuc"ed me up."

The time she spent alone with Matthew at the hospital in the middle of the night was tormenting to her.

Nicolas looked at the two of them and smiled wickedly.

“Matt, Abby’s condition is stable now. I’ll go home first. Estelle is still waiting for me!”

It was a rare sight that Estelle did not want to go home tonight. She stayed at his place but he was called over in the middle of the night. The girl was already very unhappy, so he had to hurry back.

Elizabeth came to send him off. Thank you, Young Master.”

After she sent him to the door, Nicolas suddenly asked.

“Lizzy, if the father of your three children wants to take them away, will you give them to him?”

All of a sudden, he wanted to know her thoughts. Now that he had confirmed that the three children were Matt’s, that fellow would definitely not let his kids stay out of sight.

And Lizzy and Dominic got married again, so he should take the three children back to the Hilton Family.

After all, the elders of the Hilton Family were pressing him, so he could bring the three children to shut the elders up.

Elizabeth’s eyes widened. She hadn’t thought about this question yet. She thought about it for a while and said.

“The kids belong to me.”

Even though the children have the right to know who their father is, but the kids are hers, she will not give them to him.

Nicolas laughed. It seemed that it would be difficult for Matt to pick up the three children.

He shook his head. He felt that Matt was too pitiful His woman was snatched away by someone else, and the kids also acknowledged someone else as a father. It was so difficult for him to take the kids back now, let alone snatch his woman back.

Sigh!

It was really too complicated. He had a headache thinking about it. He did not know how to deal with it, so he could only let Matt solve it himself

“I’m leaving Goodbye!”

Nicolas waved at her and strode toward the elevator.

As she walked, she texted Matthew

Tve already tested Elizabeth for you and asked her if she’s willing to let the biological father take the kids. She said she’s unwilling. Bro, I wish you luck!”

Matthew was originally reading the news on his phone. When he saw the message sent by Nicolas, he opened it and took a look.

Then, she looked up at the woman who walked in. Elizabeth saw him looking at her and pursed her lips, feeling a little uncomfortable.

“Mr. Hilton, let me carry her! You can go back and rest.”

Chapter 733 Sleep With Her

Elizabeth really couldn't find a reason to trouble him, so she didn't want it to be so awkward, so she said this.

Matthew tightened his grip on the phone. This woman is really heartless.

Even if she didn't know that he was Abby's father, she thought he was an outsider, but he had taken care of Abby for so long. Wouldn't it be appropriate to chase him away like this?

Matthew stared at her coldly, making Elizabeth feel even more uncomfortable.

She tried her best to recall that she had been very careful when changing before coming here. She wore a loose coat and long sleeves. The injuries on her body were not visible at all.

Was there something on her face, so she raised her hand and touch it.

"Is there anything on my face?"

The way he looked at her made her feel a little scared.

Matthew's lips curved into a cold smile. "Ms. Wade, it's already so late. Are you chasing me away? Have you ever thought that I'll drive and sleep on the road? Who will be responsible for a car accident?"

Elizabeth was stunned. Isn't there a chauffeur?

"Do you think the chauffeur can wait for me downstairs at this hour?"

Elizabeth was shocked. Could he hear what she was thinking?

"Mr. Hilton, don't you have a private ward here? Why don't you go to the private ward and rest? I'm sorry that you've been tired for so long."

After saying that, she was about to pick Abby up when Matthew grabbed her by the arm and said coldly.

“This will wake her up.”

He was right, and Elizabeth sucked in a sharp breath of pain. She bit hard on her lips and didn't make a sound.

Even though Elizabeth hid it well, Matthew could still see it from the expression on her face.

I know this girl very well.

Matthew carefully placed Abby on the bed. Only then did Abby wake up.

“Mommy...”

Her voice was hoarse and there was a hint of crying.

Matthew patted her gently. “Your Mommy is here. Don't be afraid.”

Only when Abby saw Elizabeth did she feel much more at ease.

“Mommy, Abby is in pain!”

She started crying to her mommy and sat down by the bed.

“Darling, the doctor said you are fine.”

She reached out and patted her forehead. The temperature wasn't very high, so it should have subsided a little.

"Sleep a little longer. You'll recover tomorrow."

Elizabeth coaxed her. When she coaxed Abby, her whole body was covered with a layer of warmth.

Matthew's gaze became warmer. Indeed, she was the gentlest and warmest when facing a kid.

"Mommy, come onto the bed and sleep with me," said Abby suddenly.

Elizabeth nodded, "Okay!"

She took off her shoes and climbed onto the bed. Her movements were adorable!

Matthew couldn't help but recall the way she and him were in bed. She was lying on the bed like this, and he bumped into her hard.

She would be afraid, then beg him.

"Matthew, be gentle. I almost got broken."

The thought of these scenes made his face darker. They had the most intimate time, but this girl secretly married someone else.

Clenching his fists, he turned around and prepared to leave.

She was chasing him here just now, so he's self-esteem was hurt and he decided to leave.

Just as he was about to take a step, Abby's sweet and crisp voice rang

“Uncle, don’t go. Why don’t you sleep with me?”

Before the infusion was done, Abby felt that her hand was still hurting. She needed him to accompany her so that the pain would be lesser.

Elizabeth and Matthew were stunned upon hearing this,

Elizabeth pursed her lips and pulled her tightly under the quilt, telling her not to speak.

“Mommy, why are you pinching me? It hurts!”

She was about to cry again as she spoke. Elizabeth was really so angry at her.

“I didn’t pinch you.”

Matthew sat down on the bed. “Okay, I’ll sleep with you.”

Chapter 734 The Same Bed

Elizabeth’s eyes narrowed when she heard this. Is he really going to sleep with us?

Abby was overjoyed when she heard this. Her sick face didn’t show a hint of smile, but she smiled now.

“Mommy, why don’t you sleep in the middle? I want to lean against the wall.”

Elizabeth became anxious. “Don’t move. There is a needle! Do you want to do it again?”

Let her sleep in the middle. She really didn’t dare to be so close to him.”

She did not believe in herself. She was afraid that she could not help but do something to him.

The moment Abby heard that she was going to do the needle again, she was terrified.

“Oh, then I’ll sleep in the middle”

After saying that, she tucked Matthew in. “Uncle, you have to cover yourself properly. Otherwise, you’ll get sick just like me.

That thoughtful little one. He really wanted to tell her that he was her Daddy, and he wanted her to call him Daddy.

“But he could not do it for now. He has his own plans.”

Abby pulled Elizabeth’s hand and placed it under her hand. Then, she pulled Matthew’s hand and placed it under her hand.

The the hand of Matthew was placed in Elizabeth’s hands. The little girl’s hand placed it in Matthew’s hand and she chuckled.

That’s good. I’m not afraid anymore.”

After saying that, she yawned. “I’m tired. I’m going to sleep. Mommy, Daddy, good night!”

She boldly called Matthew ‘daddy’, because she remembered that Matt had said that she could call him ‘daddy’.

Now that she was accompanied by her parents, she’s so happy!

Elizabeth wanted to tell her not to stop.

But when she saw the happy smile on her face, she couldn't bear it to do so.

When Abby was sick, she would miss her daddy, which was why she treated Matthew as her daddy.

She had always liked handsome guys. She couldn't walk when they saw handsome guys.

Elizabeth didn't say it out loud. Let her have that one!

Matthew glanced sideways at his adorable daughter and then sneaked a peek at Elizabeth. She was also staring at her daughter in thought.

He felt that this feeling was great. Her daughter was wonderful

Only after Abby was asleep did Elizabeth withdraw her hand. She felt that the back of her hand was about to burn. It was all due to the was of bis palm. It was so hot.

Matthew grabbed her hand. "Ms. Wade, when I grabbed your arm just now, you were in pain. Are you hurt?"

After saying that, he sat up and pulled her to sit up.

Elizabeth was shocked. His strength was so strong, and his movements were too fast, right?

"No, why is there any injury?"

Elizabeth still refused to admit. She looked to the side, not daring to look him in the eye.

Matthew narrowed his eyes. "Take it off. I'll check your body."

He had completely forgotten that he had forgotten about her.

Elizabeth was stunned for a moment, then slapped his hand away.

“Mr. Hilton, they all say that you’re a gentleman. It’s not your style to take off a woman like this!”

After saying that, she yawned. “I’m so sleepy. I’m going to bed.”

Then, she lay on the bed and pulled the quilt.

Actually, she wasn’t sleepy. She was just afraid that her secret would be discovered. She was paying off her debts. As long as she endured Dominic’s whip, she would pay off her debts.

I can be free now. I want freedom.

Matthew watched her shut her eyes and a drop of tear fell from the corner of her eyes. The tears seemed to fall into his heart and he felt bitterness.

What kind of life is this woman living?

Will Dominic make things difficult for me because of what happened during the day? Did he hit her?

He stared deeply at Elizabeth until she fell asleep and there was a steady breathing.

Matthew returned to the bed and looked up at the drip bottle.

Chapter 735 How Happy!

The next day, Elizabeth was awakened by Abby’s laughter.

“Daddy, Daddy...”

Matthew was woken up by her. Then, the little girl jumped on the hospital bed happily.

Elizabeth was awakened by her. When she opened her eyes, she raised her hand and caressed her forehead. It was obvious that she did not have enough sleep.

“Mommy, are you awake too? I’m so happy. We slept together last night”

She pointed to the man who just woke up beside her. His lazy appearance was really seductive. There was stubble on his chin and he looked very sexy

He narrowed his eyes and said indifferently.

“Good morning, babe

Elizabeth’s heart skipped a beat when she heard this word.

Abby jumped to his side and kissed him on the cheek.

“Daddy, good morning!”

Because last night, uncle said that she could call him daddy in the future. She liked him as her daddy.

Happy, very happy!

Elizabeth tugged on her little hand. “You’re being rude. Call him Uncle Hilton.”

After saying that, she said to Matthew, “Mr. Hilton, I’m so sorry. I troubled you last night. Also, Abby is not very young. She likes to call people around. Don’t be angry!”

He had a bad temper when he woke up. It was Abby's kiss in the morning and the beauty of Lizzy when she woke up, suppressing his anger.

Now that he heard Elizabeth say this, he instantly became unhappy.

The expression on his face darkened bit by bit, and his lips pursed into a cold word.

"I like her calling me like this."

After saying that, his large hand caressed her little face. "Darling, you'll call me Daddy, got it?"

Elizabeth stood rooted to the spot, not knowing what to do.

Abby threw herself into her arms. "Mommy, did you hear that? Daddy, I already have a daddy."

"Hiss..."

When the little girl rushed over, she happened to bump into her wound. After one night, it seemed to have worsened. It was so painful to touch her.

But when she realized that she was in pain, she hurriedly shut her mouth, wanting to pretend nothing happened?

"What's wrong? Does it hurt anywhere?"

She was about to tease her clothes, Elizabeth quickly pressed on it.

"Abby, you could not do this."

Abby knew that she couldn't let anyone see the areas covered by her vest and shorts.

But now she was only concerned about her wound. She looked like she was injured just now.

"It's fine. Daddy isn't a bad person. He won't watch you."

The corners of Matthew's lips curved upward. He thought that his daughter was really cute.

"That's right Daddy won't say it out even if he sees it."

Elizabeth,

"

Mr. Hilton's expression remained unchanged. Although he had lost his memory, he looked much colder than before.

However, he still looked like a pervert.

He still could see me! How shameless!

Abby didn't understand. She felt that Matthew was right.

"That's right! Daddy won't say it out, only the three of us know. Hurry, let me check. Are you hurt?"

Matthew wanted to know too. He had been suspicious last night and wanted to wait for her to fall asleep and sneak a peek.

However, she was afraid that she would think of him as a pervert if she found out

Now that he had an assistant to help him solve this matter, he was relieved.

Elizabeth pressed onto the hem of her clothes. "Abby, don't make a scene. Mommy is fine."

At this moment, the nurses entered. There were also Nicolas and Madam Hilton.

Nicolas held Madam Hilton's hand and the two of them chatted happily.

Nicolas's eyes narrowed when he saw the three of them on the bed. Even Madam Hilton looked the same.

"Did you sleep together last night?"

Elizabeth wanted to explain, but Abby took the lead.

"That's right! I slept with Daddy and Mommy last night. Our family of three is so happy!"

Chapter 736 You Slept Together

Elizabeth fainted. What did this little girl say?

"Abby Wade, what are you saying?" she asked coldly.

The moment she heard Elizabeth's serious voice, she was a little scared. After all, Mommy rarely acted this way. Only when she made a mistake would she call her by name.

Lowering her head, she poked her index fingers together, looking like she had made a mistake.

"I'm sorry! I shouldn't say that. But, I really like Uncle Hilton. I just want him to be my daddy."

Now that Mommy and Dom were married, they originally wanted to call Dom Daddy, but they refused to let them call him. They even said that

he was not their Daddy, so they were not allowed to call him that

Previously, she thought that Dom was a good man, so it was fine for him to be their Daddy, even though he did not look like his elder brothers.

But now, she felt that she still preferred Mr. Hilton more.

She ran towards Matthew and threw herself into his arms.

“Daddy, save me!”

She wrapped her arms around Matthew’s neck. Her chubby little hands were hugging tightly.

This was the first time Matthew felt his daughter’s hug. There was an unconcealed warmth and a smile on his face.

Nicolas looked at Matthew and couldn’t help but laugh. Knowing that a certain guy his daughter’s hug, he was also jealous.

Elizabeth stared at Abby with a cold face. She had no way to do anything to her.

Madam Hilton walked over and looked at the three of them on the bed. She was very sad!

If Lizzy and Matt were to be together, then they would really be a family of three. In addition to the two sons, they would be a family of five.

Sigh!

The more she thought about it, the more she felt that it was a pity. It was all the fault of that freaking old man.

If Matt married Lizzy, she might have a great grandchild in her belly.

Even though men all sucked, they could sleep with any woman who came to their doorstep, but their eldest grandson was not such a person.

He had no kid. Only in front of the people he loves can he behave like that.”

She had seen the person he loved before. Only she could make Matt lose her composure and have sexual urges.

“Lizzy, it’s all my fault. Last night, I fulfilled Abby’s wishes and got her to eat lots of snacks and ice cream. I won’t do it again

The infinite love will only harm the kids.

Now, the grandmother understood that she would have her own great-grandchild in the future and would restrain herself

She would love her great grandchild a hundred times more. She did not want to see her great grandchild be admitted to the hospital

Elizabeth got down from the bed. She raised her hand and caressed her face, feeling very awkward.

The nurse was measuring Abby’s temperature. She didn’t cooperate and the nurse had no other choice.

Matthew said softly, “Give it to me! I’ll do it.”

The nurse glanced at Matthew shyly, thinking that he was so handsome! Especially when he looked like as if he had just woken up.

“Thank you, Mr. Hilton.”

Matthew took the thermometer. “Darling, let’s measure the temperature and see if the fever has subsided. If the fever has subsided, we can be discharged.”

The way he comforted her was very warm. Even Madam Hilton had never seen him so gentle before.

She couldn’t help but sigh. Sure enough, every man wants a daughter.

Matt couldn’t hide either. In the future, I’m afraid she’ll be a complete daughter man.

Madam Hilton couldn’t wait anymore. She hoped that she would be able to carry a great grandchild next year. That way, she would be able to see Matt become a loving father.

Abby nodded after hearing that. “Okay! You’ll do it!”

She looked like she was going to go to the battlefield because Abby was very afraid of measuring her body temperature. The mercury thermometer was cold when it was placed under her arms. She was

afraid, it was like a needle.

Matthew smiled and carefully placed her underneath.

“Let’s wait for five minutes. Come and hug me.”

Matthew held her in his arms again.

At this moment, Dominic and the two kids entered the ward.

Chapter 737 Lizzy Loves Money

Nicolas saw the man enter, he raised his hand and caressed his forehead.

“Damn, why is he here?”

He did not dare to see what kind of war would happen in the ward.

Why don't he say he's busy and will leave first!

If a fight started, a dean like him would help Matt beat up Dominic. If the news got out, could his hospital still operate?

Madam Hilton smiled and said to Dominic, “Mr. Campbell, I missed the three kids last night, so I took them to stay at home for the night, but it was my fault that Abby fell sick.”

The grandmother explained, not wanting to make things difficult for Elizabeth.

Elizabeth stood by the bed and looked at the man walking in. His expression was warm, completely different from last night.

The more she felt, the more she felt that Dominic had two people inside him

“Mrs. Hilton. I know you like the three of them. If you want to see them in the future, just meet them. I don't mind. It's good that there's more people to love them.”

At this moment, Dominic was a gentle young man.

Madam Hilton laughed. "Mr. Campbell, you're a good person. No wonder the three kids like you."

Arthur and Antony looked at Abby on the hospital bed and walked over at the same time.

"Sis, are you still feeling uncomfortable now?"

The two of them spoke at the same time. They were indeed brothers, and they had a tacit understanding.

Nicolas saw that there was no fight, so he didn't run away and walked to the bed.

"Matt, it's almost time. Show me the thermometer."

Nicolas had become a doctor in charge now. He picked up the thermometer and looked at it.

Elizabeth's phone rang. She grabbed her phone from the bedside table and went into the bathroom to answer the phone.

"Hello."

It was a phone call from Kai "Ms. Wade, the ten bodyguards that have been trained are already there. They were guarding at the entrance of the Hilton Family last night, protecting the two young masters"

"Yeah, I'll trouble you guys from now on. Protect the three of them."

After hanging up the phone, Elizabeth called Scott and quickly answered the call.

"Mr. Wade, are you coming to the company soon?"

It was important that she went to Hilton Group for bidding today. Hence, she had to be there in person.

Elizabeth rolled her eyes and said, "I might be late. How about this! Let's meet at Hilton Group."

Matthew was still here. She had to think of a way to deal with him. Otherwise, the bidding would be a  
impassible.

After hanging up the phone, she washed up before leaving the bathroom.

The doctors and nurses in the ward had left. The two sons were playing with the ninth son by the bed.  
Matthew changed into a clean suit and

looked energetic.

Dominic was chatting with Madam Hilton. Madam Hilton obviously liked Dominic and her gaze was filled  
with admiration

Elizabeth could no longer tell what was Dominic's true colors.

At this moment, Ms. Elliott arrived.

"Lizzy, go to work! I'll pick Abby and the rest home."

10 elite bodyguards were underneath, and Kai was there too.

Ms. Elliott would be safe bringing the three children home. She gritted her teeth.

"Ms. Elliott, sorry for the trouble."

After saying that, she looked at Matthew, who was being served by an assistant. It was bidding day  
today, so he definitely had to attend, so he looked like he was going to work

Elizabeth smiled and said, "Mr. Hilton, will we be able to ride your car later?"

Dominic looked at her and said, "Lizzy, I'll give you a ride. There's no need to trouble Mr. Hilton."

Madam Hilton looked at the three of them, obviously there was something off.

But now, she supported Dominic very much. Because this kid has a good character and a good personality. Since Lizzy married him, she also

wishes and wishes for them to be happy!

As for my great-grandchild, it's a pity. I hope he can find someone to love.

Elizabeth's mind only had bidding and money. Only the company.

Today, our company is bidding for Mr. Hilton's company, so I'm taking his car."

Chapter 738 I Just Want Money

Dominic's expression changed slightly. He felt like he was getting further and further away from Lizzy

Yesterday, he was unconscious again and let him to show up.

Did he do something bad to Lizzy again? When she saw him, she looked very wary

He came to visit Abby because he was worried about Abby, and he also wanted to take her to work.

From the looks of it now, not only did she not ask him to pick up Abby, she also did not want him to send her to work.

All of a sudden, he felt defeated.

His hands were slightly clenched. He did not know how things would develop to this state.

He was already married to Lizzy, but there was not even the slightest bit of intimacy between husband and wife. The two of them even became strangers.

He would have to see a psychiatrist later. He had to make the other person disappear forever.

Matthew was about to go to the office. He reached out his big hand and caressed Abby's head lovingly.

"Baby, Daddy is at work. Remember to take your medicine obediently and be good."

She blinked and looked at him reluctantly.

She held his hand and rubbed it with her little face.

"Okay, I'll be good. You have to visit me tonight!"

Upon hearing this, Matthew's expression changed slightly. His warm gaze turned cold.

He wanted to see them every day too, but reality....

Yeah!" He said softly.

After saying that, he withdrew his hand and looked deeply at his two sons before turning around and leaving

Elizabeth hurriedly picked up her bag and looked down at her clothes. She had a wrinkled sleep, but she couldn't care less now,

"Baby, I'm leaving now."

After saying goodbye to the people in the ward, she quickly walked toward the door, wanting to chase after Matthew.

Madam Hilton smiled when she saw how anxious she was. She thought Lizzy was adorable!

"Mr. Campbell, don't mind. The two of them used to be together, but Lizzy at last married you. Don't worry, they won't do anything unethical"

Madam Hilton was very sure of this. After all, he understood the grandson he had raised.

As long as Lizzy hadn't divorced, he won't do anything to her.

Dominic smiled warmly, "I know."

He knew too much about Lizzy, so even if they were in the same room last night, he was not angry.

Elizabeth reached the second floor and saw that Matthew had already got into the car. Elizabeth was anxious and she quickened her pace and ran forward.

Only after she opened the car door and got into the car did she breathe heavily and wiped the sweat off her forehead.

Finally, she managed to catch up. The man's legs were too long. He took a step, and she had to take two steps, so it was tiring to chase after

Matthew stared at her coldly and said slowly.

“Ms. Wade, this is a private car, not a Uber. Please get out”

How frightening of him to be so cold! Elizabeth had seen it a long time ago.

She still feels upset experiencing it again, but today she told herself not to overthink.

“Elizabeth, don’t be angry. Don’t be sad. Everything will become money and a lot of money in the future if I win the bidding. Aren’t your goals in the future set? Don’t have feelings. All you need is money.”

“Drive”

Elizabeth first instructed the driver in front, Esme, who was sitting in the front passenger seat, did not dare to make a single sound.

Not to mention the chauffeur. After the chauffeur heard her, he responded.

“Okay!”

Then, he started the engine and said coldly.

“Am I your boss or is she?”

The driver was so frightened that he stepped on the accelerator and quickly responded.

“Of course, Mr. Hilton is my boss.”

Hence, she did not dare to drive anymore. She looked at Esme and asked him what to do.

Chapter 739 Plotting Matthew.

Esme pretended to be dead and did not dare to make a single sound.

To Esme, there were a lot of mistakes in the past. Now, he was only focused on working for Mr. Hilton, so he did not dare to interfere with

other business matters.

Especially when it was related to Elizabeth. Previously, he almost caused Mr. Hilton's life. Now, he didn't dare to say another word.

No one can change the decision of his boss.

Elizabeth wanted to go against his bottom line, then she could do whatever she wanted. They just needed to do their jobs.

When the chauffeur saw Esme like this, he also pretended to be dead. He could only listen to his boss anyway.

Elizabeth glanced ahead. The chauffeur did not listen to her. She knew that they were Matthew's men and would definitely not listen to her.

Especially Esine, who used to be very close to her, but since she and Dominic got married, he didn't pay much attention to her anymore. Usually when she greeted him, he would only be polite.

Elizabeth no longer cared about them. They were all acquaintances anyway.

Matthew noticed that she was not moving. He frowned slightly and raised his left hand to look at the luxury watch on his wrist.

"Ms. Wade, please get out of the car."

I'm in a hurry. Please don't delay me.

Elizabeth thought that as long as she stalled, he would bring her with him.

Unexpectedly, this fellow was more heartless than she imagined him.

He probably only became gentle when it came to Abby. He used to treat her that way too, but unfortunately, it would never happen again.

She pursed her lips, and there was a trace of sadness on her pretty little face.

Her big eyes blinked. After all, she was here today to win the bidding. Even though they weren't very likely to win, she wanted to try her best.

She rolled her eyes slightly, then raised her hand to undo the buttons of her shirt, and even rubbed her hair.

Then, she leaned into Matthew's arms and took a photo with her phone. She even pretended a sad expression. The scene turned into Matthew forcing her.

Matthew turned to look at her coldly. "What are you doing?"

Elizabeth had already taken a photo and saved it into her email. Then, she opened one and placed it in front of him

"Mr. Hilton, if winner of the bidding today isn't S Group, then these photos will be uploaded online. I've thought about president of the Hilton Group is a pervert, forcing a woman to do something immoral adline

After saying that, she found a few more chapters. "I can write it in other versions. Do you want to listen to me, Mr. Hilton? For example, forcing a minor girl, for example, choosing a girl every week, etc.

Matthew looked at the woman in front of him. Her hair was a little messy and her lips were reddened. Her clothes were half-opened, revealing her sexy collarbone. She was so damn sexy.

He glanced at the rearview mirror warningly. The two men in front received the signal and hurriedly sat up straight, their eyes unfocused.

Matthew smiled. "Ms. Wade, you're playing tricks, aren't you?"

Elizabeth raised her hand to comb her hair and raised her eyebrows.

"Mr. Hilton, didn't you notice it?"

After saying that, she tightened her grip on the phone. "Don't think that many of you can snatch my phone. I've already saved it in my email. It's useless to delete it."

Matthew smiled again. He hadn't thought that this girl would play tricks ever since she was a businesswoman.

"Oh! It seems like I could not do anything, right?"

Elizabeth straightened her hair and buttoned her shirt.

That's right. You have no way of retreating"

Matthew nodded slightly. "Alright, for the sake of my reputation, it seems that I can only choose S Group."

After saying that, she stretched out her hand and said, "Mr. Wade, it's a pleasure to work together!"

Elizabeth was stunned for a moment. Looking at his wide and big hand, she felt so secure.

She stretched out her hand to shake him. Suddenly, she realized that Matthew wasn't as difficult as it was said to be!

All she did was use a little trick and succeeded.

She was overjoyed. Her smile was sweet.

Chapter 740 Willingly To Be Tricked

Matthew withdrew his hand and pointed to the car door.

"In order to avoid suspicion, Mr. Wade, please get out of the car!"

Elizabeth now fulfilled her wish and waved at him.

"Mr. Hilton, goodbye. See you later!"

She pushed open the door and got out of the car.

The moment the car door closed, Matthew took a glance at the car recorder in front of him. Their conversation just now had been recorded. As long as he took this out, this little trick would be exposed.

Besides, with just a few photos, it was impossible for her to drag Matthew down.

However, he was willing to be tricked.

Elizabeth got out of the car and watched their car drive away. She even kept waving at the car.

“Goodbye, Mr. Hilton!”

She was in a good mood. This was her first time participating in a company project and she had managed it so easily!

When she was about to head to her own car, Dominic stopped in front of her and lowered the window.

“Lizzy, get in the car. I’ll take you to the office.”

When Elizabeth saw him, the smile on her face completely disappeared and she subconsciously took a step backward.

In the ward just now, she had the courage and followed Matthew.

Now that Matthew had left, there was no one around. When she saw Dominic, she would recall his warnings.

He didn’t want her to see Matthew.

She pursed her lips. “I drove here last night. You should go to the office!”

Dominic pushed the door open and got out of the car and walked toward her.

“Lizzy, did I do something to you last night? It doesn’t matter what I did. That’s not what I wanted. I’m sorry!”

Elizabeth’s eyes flickered slightly. He made this excuse again.

“Are you going to give me a candy after hitting me?”

Elizabeth took a step backward and moved further away from him.

“Dominic, I need to go to work. Otherwise, I’ll be late. I’ll be leaving now,”

Elizabeth turned around and walked to her own car. Dominic watched her leaving.

This time, he could clearly feel that she was afraid of him. What exactly did the other person do? He had no memory.

Sighing, he got into the car and told the chauffeur.

“Let’s go to Longray Tower”

He wanted to see his psychiatrist. No matter what method he used, he must defeat that personality and make him completely disappear.

Otherwise, that personality would ruin everything for him.

Elizabeth drove to the Hilton Group. After she stopped the car, she walked to the trunk and took out a set of clothes that she normally used.

When she was about to change into the bathroom, Scott walked toward her car.

“Mr. Wade, you’re finally here. The bidding is starting soon.”

Elizabeth looked calm. “Yeah, I know. I’ll go get changed first.”

Inside the bag was a pink silk shirt and a dark blue buttocks skirt. It was more formal.

Scott followed behind her and entered the elevator together.

“Mr. Hilton, I took a look. There are a few more famous shopping malls in A City. The competition is quite strong, and there should be a lot of companies illegal bidding with the government as a victim. It’s a bit dangerous for us to invest in just one bidding”

Elizabeth didn’t seem to be in a hurry at all, but there was still a hint of a smile on her face.

“It’s alright. Maybe we’re lucky!”

After saying that, a wicked smile flashed across her eyes. Matthew had been set up by her, and she had the bidding in her pocket.

Scott smiled. Sure enough, Mrs. Wade had never experienced this before, so she thought it was too simple.

He sighed. He originally thought that if he could get along with the Hilton Group, it would only benefit S Group.

But this time, the competitors were very strong. If they lost, they could only admit defeat.

It would be a lesson to Mrs. Wade and show her how cruel the business world is

The elevator stopped on the eighth floor. This was the venue of the bidding ceremony. After exiting the elevator, Elizabeth told Scott

“Go ahead. I’ll go in right after changing.”
