

## **Game Over 751**

Chapter 751 I Don't Want To Stay Here

Elizabeth's expression was a little cold. She turned and told Madam Campbell.

"Grandma, I'll take them out for dinner. It's eady so late. They're hungry \*

Madam Campbell snorted coldly. "They haven't reached the punishment tune yet. They're not allowed to eat."

Only then did Abby in her arms relax. Her nose twitched and her hands gripped onto Elizabeth's clothes tightly.

"Lizy. I want to go home. I don't want to stay at Dom's house."

Upon hearing this, Madam Campbell cursed again.

"You're being rude. You have to call Uncle Dominic "

After saving that, she glared at Elizabeth, "Look at what kind of kids you raised. Sure enough, you were kicked out by the Wade Family You don't even teach your kids basic manners. In the future, leave the three of them to me. I'll teach them well In the future, they'll definitely be the most kids in this city."

Madam Campbell said triumphantly.

"Look at Dominic. He's a humble gentleman who's been praised by everyone in A City

Elizabeth patted her daughter in her arms and said softly.

"Grandma, there's no need to trouble you. Even if they don't understand this, it's okay"

After saying that, she turned her head and said to her two sons behind her, "Let's go eat."

She led the three children to the door. Madam Campbell was so angry that she chased after them.

The servant reminded her from behind, "Old Madam, walk slowly."

"Elizabeth, did I tell you guys go? All the dishes at home are ready. Don't leave."

Elizabeth stopped in her tracks. The little girl in her arms seemed to be tightening. Her loosened hand tightened her grip on her clothes

Lowering her head, she glanced at Abby and comforted her

"Don't worry, Mommy is here"

Arthur and Antony were not afraid. They looked cold and calm as if they were saying that none of you could bully my mommy and sister.

Madam Campbell was also stunned by the two little ones. Her gaze swept across the two little ones' faces and softened a little.

Lazy, take them to the dining table first. Otherwise, they'll think that the Campbell family won't give you food!"

Elizabeth smiled coldly. "Grandma, the kids are used to living with Ms. Elliott I'll send them home."

After saying that, she was about to leave when Madam Campbell called out to her.

"Hold on, I'll give Dom a call and ask him to talk to you."

The maid took out her phone and gave Dominic a call

Swiftly, the call was connected. The sound was a little noisy

“Hello”

Demmi’s voice was little deep Madam Campbell furrowed her brows.

Dom, where did you go? Go home and have dinner, okay?”

Young Master Dom, come, have another drink. “

A woman’s voice made Madam Campbell’s eyebrows furrow deeper and deeper It sounded like Dom had gone to a nightclub.

Previously, he had never been to these places. Even if he went there, he would not have anything to do with those women

Now, Dom had really changed. He was not himself at all

All of a sudden, Madam Campbell felt that Elizabeth was the one who made her grandson like this. It was all because of that woman that Dom

had become like this

The hatred grew stronger

“Dom, tell your wife that she has to follow the rules once she enters the Campbell family. She wants to take her three children away and you tell her that she could not.

Dominic drank the wine the woman fed him and smirked coldly

When he heard this, his gaze darkened slightly. Elizabeth wanted to leave. She was practically dreaming

Madam Campbell handed the phone to Elizabeth, and Elizabeth placed Abby on the ground, asking her two sons to hold her.

She took her phone and walked to the side to answer the phone.

“Hello.”

“Elizabeth, didn’t you promise me to move back? Why? Do you want to go back on your word? Do you know the consequences of going back on your word?”

Chapter 752 Endure

Elizabeth’s eyes were filled with rage. Her big round eyes glared and she lowered her voice to reply to him.

“I will bear any consequences myself! Don’t touch my kids.”

“Elizabeth, you’re with Matthew again today. Don’t think because I didn’t get angry at that time, I’m just a coward. Stay at the Campbell Residence. No matter what they do to you, you’d have to endure it. These are all you owe me.”

After saying that, she hung up

Elizabeth bit her lip. He said it so clearly, saying that they owed him so they had to stay in the Campbell Residence

She took a deep breath. Indeed, she had to repay what she owed others.

Elizabeth straightened her emotions and returned to Madam Campbell’s side to give her her her her phone.

“Grandma, we’re not leaving ”

Upon hearing this, tears welled up in Abby’s eyes and she shook her head at Elizabeth.

“Mommy, I want to go home! I want to go home!”

Arthur sighed at her and pulled her into his arms. He whispered into her ear.

“Sis, don’t be afraid. We’ll all accompany you! Don’t make things difficult for Mommy, okay?”

When Abby heard this, she glanced at Elizabeth. She seemed to understand everything all of a sudden. She bit her lip, not letting her tears

“Yeah, I’m not crying anymore.”

Antony patted her head affectionately. “Sis, we will protect you well.”

A faint smile appeared on Madam Campbell’s face. Sure enough, she listened to Dom.

“Let’s go! Let’s eat.”

Elizabeth took the three children to wash their hands and went to the bathroom on the first floor.

“I’m sorry, I have to make you suffer.”

Abby was completely out of emotions now. As long as it was for Lizzy, was she willing to do anything?

As she washed her hands, she raised her big eyes and said, "It's fine. I won't cry anymore. I'll stand properly. If she hits me, and I won't cry"

She was like an adult and she would be able to handle everything

Arthur and Antony laughed and Antony said indifferently.

"Don't worry, sister. We won't let anyone hit you."

Elizabeth looked at the three little ones comforting each other. She felt that it was all because of them she managed to hold on all these years.

If it weren't for them, she won't be able to survive. In the past, she was very weak and she thought she could no longer survive after leaving the Wade Family.

"Thank you, darlings! But you can resist. Don't worry, I'll deal with it."

Abby was wiping her hands. She asked.

"Why could not we go home?"

It was still good in the past. They lived in Star Villa. That was their own home. It was very comfortable and very happy!

Elizabeth's eyes flickered slightly. Thinking of Dominic's words, she let out a long sigh

"Since Dominic is our savior, we need to repay him. Therefore, we can only stay here for the time being."

Even though Abby did not understand, she nodded.

“Oh, I see!”

Arthur and Antony understood and didn't say anything

But since they had to pay it back, then let's pay it back! The four of them will always be together.

After washing their hands, the four of them went to the dining room. The round Chinese-style dining table was filled with people. Madam Campbell, Master Campbell, father of Dominic, and mother of Dominic.

And Dominic's uncle and her aunt, Anna

Everyone turned their attention to the four people who entered.

Elizabeth glanced at the table. There was no seat for them.

Mrs. Campbell stood up and pointed to a small table not far away.

“There are a lot of people in the house. There's not enough seats to sit. The four of you can have dinner with the servants first!”

Elizabeth glanced at the small table and it was obvious that the four of them were no different from servants in the Campbell Family

“Okay!”

“Yes,” she murmured, then brought the three children to sit at the small table.

The persons sat on the small table two elderly people, both of them were old servants of the Campbell Family

Chapter 753 Bastards

The two of them had always served Madam Campbell. Hence, they had the highest status among the servants of the Campbell Family.

One was Mrs. Chen, while the other was Mrs. Jackson.

When the two mothers saw the four of them sitting down, they glanced at each other and began to be nervous. There were not many dishes on the table, but they were now filling their plates.

The two of them were munching on the chicken wings. The food was delicious. This was prepared by the kitchen for the three children.

All of a sudden, all the wings went to their plates. Mrs. Chen said coldly.

“I really didn’t expect that one day, the Young Mistress of the house would come and eat food from the two of us. It’s really annoying ”

Abby’s face twisted as she watched the two of them swallow.

“Grannies, don’t eat like this. You’re a lady! Besides, eating too much will make you lose your undigested.”

The three children did not feel anything about the food being taken away.

All she did was hold her small plates and eat rice.

Mrs. Jackson and Mrs. Chen became unhappy and glared at Abby.

“Hmph, a bastard is teaching me about being a lady. What a joke.”

Elizabeth instantly became unhappy upon hearing this. She put down her fork to the table.

“You two, be careful of what you say.”

Mrs. Matt and Mrs. Jackson were not afraid. They had Madam supporting them, and either of them were afraid of Lizzy.

However, at this moment, they was stunned. Elizabeth usually looked gentle and weak. Unexpectedly, her temper was quite frightening.

The Campbell Family was seated at the main table. As servants, they would be punished if they bullied the Young Mistress.

Mrs. Jackson tugged on Mrs. Chen and told her not to argue with this woman.

After all, they had eaten all the food.

Abby couldn't take it anymore, so she took a glance at Elizabeth.

“Mommy, I don't want to eat anymore.”

“I want to eat chicken legs! I want to eat meal!”

This little girl could not be happy without meat. It would be too hard for her to eat rice only.

Elizabeth looked at her daughter and said.

“Darling, eat the rice.”

They has to stay here tonight. They could not order takeaway. It's even more impossible to get something to eat. She was afraid her daughter would be hungry, so she should eat some rice to fill her stomach.

Abby's mouth twitched in anger. She couldn't take it anymore.

Elizabeth was so upset looking at her daughter. If she had known, she won't have given that box of strawberry cake to Madam Campbell and kept it for the kids.

Now, it was too late to regret it

Arthur and Antony placed the chicken wings in Abby's plate. They were quick enough to take 2 chicken wings from them, which was prepared for the sister.

Abby's eyes widened. "Ah, meat."

Antony laughed. "Hurry up and eat."

Elizabeth watched and her gaze deepened. It was undeniable that these two sons were very attentive and sensible.

And when they encountered difficulties, they could always solve them.

Even though they did not resist this time, they were still trying to find a solution

Abby chewed on the chicken wings happily and ate a bowl of rice. After eating, she licked her fingers.

"Mommy, I've never thought chicken wings are so delicious. It's so full

A sweet smile appeared on her little face. Elizabeth's heart was warm.

Watching her two sons eat their rice made her feel very sad. She really couldn't endure these days anymore.

"I need to talk to Dominic and let the kids go home."

Otherwise, she would get a divorce, a firm one. No matter what he said, she would not compromise.

Only then did Mrs. Jackson and Mrs. Chen notice the chicken wings on the table. Both of them were surprised. They were so fast, how did this little girl have them?

It seemed that they would be moving faster tomorrow. they wouldn't be able to take any food from them.

Chapter 754 Paying The Debt Together

Elizabeth ate a few bites of rice. She was in a bad mood, so she didn't finish it and put down the plate.

"I'll take you guys to your room. You guys should wash up and rest early."

This is the Campbell family The Campbell family doesn't like the three children, so it's best for them to stay in the room.

So they won't be targeted. She held the Abby and the two sons walked on the other side of her. This picture was beautiful!

The four of them were all very good looking

Madam Campbell suddenly called out to her, "Lizzy, as the granddaughter-in-law of the family, you have to learn how to do housework. All the daughter-in-law of the Campbell Family need to cook."

Elizabeth tightened her grip on Abby and replied.

“Alright, Granny, I’ll take the kids upstairs. I’ll come down and tidy up later”

She could still understand what she meant.

Madam Campbell saw that there was nothing else to pick on her, so she didn’t say anything else.

Elizabeth and the four of them left the dining room. The people on the table opened the chat box.

Mrs. Campbell looked worried “Mom, can you really make her divorce Dom by treating her like this?”

Now that Dominic’s eyes had recovered, of course Mrs Campbell was free of any concerns.

Madam Campbell said indifferently, “No one can endure it, especially if her kids have to suffer together. Trust me, she won’t last long.”

Anna peeked at Madam Campbell and Mrs. Campbell

She sneered in her heart. Sure enough, these two women are ruthless people, bullying Elizabeth like this

If she told her cousin about this, she would definitely be very happy.

Upstairs, the Campbell family had prepared a children’s room for the three children. Abby’s bed was by the window. There was a bookshelf in the middle, and next to the bookshelf was a bunker. This was a bed for Antony and Arthur.

Elizabeth looked at the arrangement of the room. There was no word to say describe it but warm

A smile appeared on her face. “Please take a look at your room first. We might have to stay here for a while in the future.”

Abby walked into the room and looked at her bed and room.

The two sons also selected the bed. One got up the bed and the other got down the bed.

Their luggage had already been delivered Arthur and Antony took the luggage and helped her tidy up her clothes.

Elizabeth took out her phone and called Kai

“Kai, can you send some milk powder and other food to the Campbell family old mansion? Come in unknowingly

The kids were still young and needed to drink milk, but they would not give it to them

Hence, she planned to set aside milk powder and some orks, when they were hungry, they could have some

“Okay, I’ll text you when I get there”

At this moment, there was a knock on the door

Young Mistress, Madam asked you to go downstairs and tidy up the dining room and kitchen “

Elizabeth replied after hearing this

“Okay, I’ll be down right

She needed to bathe all Abby She was too young to bathe by herself. But her two sons could help

Elizabeth put down her phone and quickly walked inside.

The three children were busy. Antony stood on a small stool and hung Antony's clothes in the closet. Antony took it out from his luggage and they cooperated very well

On the other hand, Abby placed her photo and doll on the study table and the small c

She felt like Abby had suddenly grown up

Elizabeth sniffed. She felt moved and sad

It was all her fault. She did not give them a good life. Initially, she thought that the good days would come, but she did not expect it to be even more miserable. It was even worse than before

"Arthur, you and Antony should take a shower later. I'll come and wash your sister later"

The two sons looked at him and smiled brightly at her.

"Okay, Mommy!"

The two of them spoke at the same time, giving her a sense of security

Elizabeth left the room and went downstairs.

Chapter 755 She Won't Give Up

In the living room, the Campbell Family were eating fruits and chatting

When Madam Campbell saw Elizabeth come down, she called her.

"Lizy, come here."

Elizabeth walked over. "Granny."

Madam Campbell looked upstairs. "Have they slept?"

Elizabeth knew that she was referring to the three children. "It's almost time. They'll have to go to bed after washing up."

Isn't it a problem for kids to sleep at this hour? They don't have to listen to us after sleeping, right?

Madam Campbell pointed to the kitchen. You're the new wife of the family, so you need to do something for the family. From tomorrow onwards, you still have to buy groceries and cook. You should know all these, right?"

Elizabeth's gaze had a trace of surprise. It turned out that she not only had to work as a servant, but she still had to be a part time chef?

"I don't really know how to cook. I'm afraid everyone won't get used to it"

Mrs. Campbell said. "If you don't know, we'll get someone to teach you. Go wash the dishes and clean the kitchen!"

Elizabeth walked towards the kitchen. She heard everything in the living room.

Anna said. "It turns out that with one new wife, you can hire a few less servants at home. It's a good deal"

Madam Campbell harrumphed coldly. "If she can compete with a servant, then she'll be considered a little useful. The Campbell Family supports her and her three children, so she should do something"

Elizabeth pursed her lips Is the Campbell Family supporting me and the kids?

What a joke. Did she ask Dominic for money?

In the kitchen, Mrs Chen and Mrs Jackson were waiting there. Both of them were holding a large piece of watermelon in their hands and

Upon seeing the woman enter, the two of them gave each other a look.

It was obvious that the two of them were arranged by Madam Campbell to supervise her. They ate at the same table with the four of them just to give them a hard time.

Elizabeth ignored the two of them and walked to the dish washing table. She saw so many plates, all kinds of pots and pans. It was practically a little mountain.

“You haven’t washed any dish in a month, right?”

Mrs. Jackson said coldly, “Young Mistress, hurry and wash. You only have an hour. If you could not finish washing in an hour, you’ll have to be punished by the family rules.”

-Family rules?

Elizabeth turned her head to look at them. “What family rules?”

Mrs. Jackson and Mrs Chon looked at each other with a smile. “Well, you’ll know by then ”

If she couldn’t finish washing in an hour, would she be stabbed by needles?

“What are you waiting for? Have you not seen anyone eating watermelon? Young Mistress, hurry up and wash!”

One of them pushed her and she threw herself at the dish-washing table. Fortunately, she held on to the side of the dish-washing table.

Otherwise, her face would be stuck into the stack of dirty dishes.

She raised her head and glanced at the dishwasher not far away.

Averting her gaze slightly, she took out her phone and walked toward the two of them.

“Mrs. Chen, Mrs. Jackson.”

The two of them glared at her.

Elizabeth had twenty thousand in cash in her bag today. She wanted to take it back for Ms. Elliott, but now it was in use.

Even the elderly didn't know how to use their phones to pay, so they preferred cash.

She took the money from behind to the front. When the two maids saw the money, their eyes narrowed slightly.

It was obvious that they loved money.

Elizabeth also felt that there was no one in this world who did not love money, right?

She held the money with one hand and patted her palm with the other. Her eyes turned slightly.

“You two, do you want to work with me?”

Mrs Chen kept staring at the money, wanting it.

Mrs. Jackson bit her lip and asked.

“How should we work together? As long as we work together, can we get the money?”

Mrs. Chen asked anxiously, “Say it now!”

Chapter 756 We Will Listen To You From Now on

Elizabeth smiled. “Wash everything in the kitchen in an hour. The money will be yours.”

Upon hearing this, the two maids eyes lit up.

“Really?”

They asked at the same time, then stretched out their hand

“Sure, sure.”

Elizabeth saw that the two of them really had a tacit understanding!

Still, she clapped her hands with the money. Then, hurry up and work! As long as I’m satisfied, I’ll give all of this to you, and I’ll keep it a secret for you.”

Upon hearing that, the maids hurriedly threw away the watermelon in their hands. It was as if the watermelon was not sweet in an instant.

They quickly got back to work. Although they were the elders of the Campbell Family, they were too old to work and their salary was not high.

Of course, they would be willing to earn ten thousand an hour.

Hence, the two of them started washing the dishes and cleaning the kitchen.

Elizabeth stood at the side, her arms wrapped around her chest, watching them work.

40 minutes later, the two of them had already cleaned up the kitchen

Mrs. Jackson wiped the sweat off her forehead and said to Mrs. Chen, who was panting too

“We’re still as quick as we used to be. Let’s see how clean this place is.”

Mrs. Chen gave her a look, and the two of them looked at Elizabeth at the same time.

Elizabeth held the two stacks of money in her left and right hands and smiled faintly.

“That’s right. It’s very clean. I have ten thousand on each of my hands. All the dishes this month will be yours. Do you agree?”

The two of them were obviously a little disappointed. They thought it was just this time.

Mrs. Jackson said, “10 grand for just a month’s amount. We can not accept it!”

Mrs. Matt chimed in, “That’s right. We don’t have much to do at the Campbell Family. Madam Campbell treats us very well, so we don’t have to work so hard.”

When they were talking, the two of them looked at each other and they both wanted more money.

Elizabeth sneered, “The two of you are elderly in the Campbell Family, and only Madam Campbell gives you some respect. Can you get 15 hundred a month? I’ll give you ten thousand, and you won’t lose anything. And as long as I’m here for one day, you’ll be

After saying that, she glanced at the maids and said

“If you guys aren’t too willing to do so, I’ll pay three hundred this time!”

She was about to take out the money and Mrs. Chen quickly took it away

“I’m willing to Mrs. Jackson also rushed over to take the money from her. From now on, we’ll all listen to Young Matress

Even though the two of them were living in the Campbell Family, it was true as Elizabeth said Only Madam Campbells beings. Everyone else thought they were the losers of the Campbell Family They only knew how to eat and take money, and they did not do anything

They wouldn’t be unable to live without money As long as they had money, they wouldn’t i

Elizabeth saw that they had already settled the two maids. In the future, they at least woul

have a nice meal and wash the dishes and clean the house

Campbell family

able to eat. At least they could make the katis

Indeed, money could settle everything Fortunately, she was not short of money now Otherwise,

she would have

At this moment, Madam Campbell came in “Have you finished wi

Mrs Jackson and Mrs. Matt were counting the money. They counted them over and over agas

Upon hearing Madam's voice, they quickly put their hands behind their backs and at Madam Campbell.

"Old Madam, Young Mistress has already cleaned up the kitchen."

Madam Campbell saw it too. The kitchen was dustless and shining

There was a trace of surprise in her eyes. She did not expect this girl to be this good at housework

However, the more she behaved like this, the more she looked down on Elizabeth. She felt that she didn't look like a rich lady at all and he didn't deserve to be his eldest grandson's wife at all

Elizabeth originally thought that she could go upstairs, so she could take a bath for Abby

"Lazy, your husband is drinking outside. Go get him back."

Chapter 757 A Cold Kid

Elizabeth really wanted to say, if he likes to drink, then let him drink. If I go pick him up, he'll be upset.

However, in the Campbell family, if she wanted to live on and want her precious children to suffer less, she could only obey.

"Okay, I'll go get changed first"

Elizabeth went upstairs. Both of the maids had also left. They were afraid of losing the money, so they went back to the lobby to hide the MONEY

Elizabeth went to the three children's room and found that Abby was already asleep

She glanced at the time and realized it was almost ten o'clock. She was usually asleep at this hour.

Arthur and Antony were waiting for her. Antony smiled and said.

“Mommy, we’ve already comforted our sister to sleep. You can go and rest.”

Arthur added, “We’ve already taught my sister how to take a bath by herself. You don’t have to shower her anymore.”

Elizabeth looked at her daughter on the small bed. She was already asleep and changed into her pajamas, and her body exuded the scent of shampoo

“Yeah, you two should go to bed too. You need to wake up early tomorrow”

Even though they were already on vacation, she was worried about leaving the kids alone at the Campbell Residence, Hence, she wanted to tel Madam Campbell that the kids had to go to training classes, so she would send them back to her house every morning.

They’ll be back at the Campbell Residence tonight to face the trouble of the Campbell Family.

At this moment, Abby started talking in her dreams

Daddy, come pick us up! I want to go home!”

She can feel that Abby really doesn’t like the Campbell Residence. She really wants to go home. She wants to have a father to accompany her s that she can feel safe.

Arthur and Antony glanced at each other. They recalled what their sister said before she slept and wanted to ask Matthew to save them

The two of them could not help but want to tell her that Matthew was their Daddy.

They could also rely on him and ask him to take them away from this place.

Elizabeth patted the two sons' heads. They were very good boys. They should know what was happening today.

She felt sorry for them, but she couldn't do anything about it.

From now on, she could only try her best to solve the difficulties in the Campbell Residence

"Sleep! Good night

She kissed their cheeks and watched them fall down before she left

Elizabeth left their room and went back to her own room. When she picked up her phone, she knew that Kai had called several times

At the other end of the line. "I'm already at the Campbell Residence. Where should we meet?"

Elizabeth was really worried about the Haron children and she sighed

"Everyone else is guarding

Elizabeth pursed her lips and went to the innermost room on the right of the second floor. Just leave what I want in that bedroom

Only when she asked Kaito to stay by the Haron children's side would she feel at ease

"Okay, Mrs. Wade "

Kas replied and hung up the phone

Elizabeth stared at her phone for a while before a servant came upstairs to anger her. She hurriedly changed and went downstairs.

Initially, she thought that Madam Campbell and the others might still be there. She only realized it when she went downstairs

No one from the Campbell Family was in the living room. Only the servant was cleaning the house

When the butler saw Elizabeth, he walked over and stood at the stairway.

Young Mistress, Madam has instructed you to hurry and bring the Young Master back. It's quite dangerous for him to be alone outside."

Elizabeth responded, "Oh, I'll go look for him now."

She heard from Dominic's that he went to Night City tonight. She was very familiar with that place.

Elizabeth drove to Night City and to the chaotic second floor.

The second floor was called hell because it was a place full of different people.

Elizabeth was wearing a male outfit and a black cap. She looked like a cold and cool young man.

Chapter 758 My Name Is Saint

Elizabeth did not expect him to come to a place. It did not

She entered on the second floor. The lights were dim. Only the lights on the stage were brighter, and there were erotic dancers dancing

A lot of people on the dance floor were twisting their bodies and dancing happily.

Elizabeth took a glance at the table Dominic was sitting on

A few steps later, she was bumped by a few drunk men and took a few steps backward. She raised her hand to support her cap

“Are you blind?” The man in front sneered.

Elizabeth did not want to argue with them. Now, she was only here to take Dominic home, so she lowered her head and said

“I’m sorry!”

After saying that, she walked past them and was pulled back by another man. She was too thin, and these few men were very strong

Elizabeth stood still and her eyes lit up slightly. She deliberately suppressed her voice, making it sound hoarse

“What?”

“You want to leave just like that after bumping into our boss? Give us your money. Yes, give us money.”

The few of them were shouting loudly. It was obvious that they were gangsters from the streets. They liked to cause trouble and shake some money

Elizabeth was quite familiar with Night City, so she took out her phone and called the leader of the security team, saying that there was a fight on the second floor.

Soon, forty to fifty security guards rushed in and surrounded them.

“Why? Are you trying to make a scene?”

Elizabeth said in a rough voice, “We’re not making a scene. I’m just here to have fun.

After saying that, she walked past a few men and walked toward Dominic’s table.

The few men did not want her to leave, but there were many guards beside her, so they did not dare to do anything and could only let Elizabeth leave

Elizabeth finally found Dominic’s table. She saw him sitting beside her with all sorts of women in alluring clothes.

He held one of his hands, and there was someone feeding him wine. He laughed happily.

The expression on his face was like a slut. He was really different from Dominic she knew

Elizabeth walked into the room and chased the women away.

Only then did Dominic look up at her, but he did not recognize her at first glance. She was wearing men’s clothes, and she covered her eyes and nose

“Who the hell are you? Ask them to come back \*

He was a little drunk, and he began to curse while she was wearing a dress to

When he was yelling at her, he stretched out his long legs and kicked her legs. Elizabeth took a step back, then took off her cap, and her hair fell down like a waterfall

“Dominic, it’s me. I’m here to pick you up”

Samt squinted his eyes and smiled coldly

"Elizabeth, my wife "Hahaha, my name now is Samt 111 call you wong agam, I'll sell you to another man, do you believe me?"

"This place is really very chaotic. Something like what he said will definitely happen."

Elizabeth raised her hand to straighten her hair "Grandina asked me to pick you up. Let's go"

She hated her chin and asked him to leave

However, the man was still leaning against the sofa. His arms and legs were wide open.

Elizabeth's eyes narrowed. This was probably Dominic's plan. If he moved back to the Campbell family, he would leave and not return home.

The Campbell family would definitely think that she was the reason

She got to get back

Elizabeth walked closer to him step by step and held onto one of his arms

Her voice lowered, Samt's eyes narrowed slightly and he glared at her.

"Elizabeth, you don't have the right to control me. Let go, otherwise I will be rude "

Elizabeth came here prepared. Kai had taught her some moves, and she could use them

Suddenly, she took out a handkerchief and covered Dominic's mouth and nose. He opened his eyes and struggled.

But in just a few seconds, he fainted.

#### Chapter 759 Changed Again

Elizabeth watched him collapse and breathed a sigh of relief. She sat down beside him and rested. She was too nervous just now. She was afraid that if she didn't cover his mouth, he would definitely be on guard. If she were to fight Dominic, she won't be able to beat him.

Fortunately, the training from Kai was effective.

At this moment, her phone rang Elizabeth took out her phone and answered it

"Hello"

"Mrs Wade, Young Masters and Young Miss are already asleep. I'll stay here. Eut where are you now?"

Elizabeth was a little surprised. He actually cared about her whereabouts.

"Kai, you just need to do as I say. Don't worry about anything else."

Previously, she thought that she had hired this person from the black market at a high price. She did not know his background, but she only knew that he was very skilled and capable

They don't need to know each other. All she need is one for him to provide protection.\*

Elizabeth was becoming more and more vigilant now. She felt that he was acting unnaturally.

Kai also felt that he was a little abrupt when he heard her. It was mainly because of Boss instructions just now, otherwise he won't have asked her about her whereabouts up."

“Mrs Wade, of course I’m afraid that something bad will happen to you. When that happens, who is gonna pay me? If you’ll be fine. ‘Il hang

Elizabeth listened to the buzz after the phone was hung up. She couldn’t help but laugh. It turned out that she was overthinking.

Kaidid not investigate her whereabouts, just for the money.

She liked people who only cared about money. It was safe to use people like this

Elizabeth kept the phone and felt a pair of eyes staring at her. She turned her head and looked at it before she stood up in a daze.

In a fighting posture, Dominic actually woke up. Isn’t the dosage enough?

She was a little scared. She couldn’t defeat him alone. Dominic had been trained since young. How could she fight him?

Dominic shook his head, “Lizzy, what is this place?”

Elizabeth furrowed her brows upon hearing this. Is he pretending again?

“Hell in Night City.”

She was dumbfounded. She didn’t understand why he had changed like this.

Dominie furrowed his eyebrows. “Hall?”

He had heard about it before, but he had never been here before. In fact, he had been visiting Night City quite frequently. Because this girl had been working here for a few years, his secretly came here to protect her.

“Hell, just like the name, is not a good place.”

“There’s a lot of people here. She could not come here alone.”

He raised his hand to support his forehead. His head was a little dizzy. Did he drink too much?

However, he quickly realized that it was probably his other personality. He was the one who brought Lizzy here.

The only thing that he knew about that personality was that he said that he would take revenge for him and let the person who betrayed him get punished accordingly.

Dominic stood up and walked toward her, holding her hand.

“Let’s go.”

Elizabeth anxiously wanted to withdraw her hand and said in fear

“I just now, L.”

She wanted to say she did not do it on purpose, but even an idiot could tell that she did it on purpose.

She just wanted him to go home. It was not important what method she used, the most important thing was that he would go home.

Dominic saw that she was afraid of him and he sighed.

“Lizzy, if I usually treat you badly or become very strange, I hope you can forgive, that’s not my intention.”

He tightened his grip on her and his Gaze darkened.

“I said, I’ll always take care of you. Now that you’re married to me, I won’t change”

Dominic’s eyes were warm, and his expression was warm. He spoke in a gentle tone, completely different from the one named Saint before.

Elizabeth couldn’t help but ask, “Why did you say that your name is Saint? What’s the relationship between Dominic and Saint?”

“Saint?”

Chapter 760 Asking for Matthew’s Help

Dominic repeated himself. There was a trace of darkness in his eyes. It turned out that the person was called Saint

Elizabeth withdrew her hand and looked at him like she was looking at a lunatic.

“Don’t you know about it?”

Elizabeth did not quite believe it because it was unlikely that Saint and Dominic were two different persons.

Unless it was a ghost, or the two souls exchanged?

She had only seen this kind of plot in novels. She squinted her eyes and looked at Dominic, thinking that he must be playing tricks again.

“I’ve been fooled by his changing personality. I could not tell if it’s true or not, so I don’t trust him anymore.”

Dominic saw her expression and he let out a long sigh.

“I know you won’t trust me anymore, and you hate me deeply. But Lizzy, you have to believe that this really wasn’t what I want.”

That man, what is he trying to do?

At this point, Dominic decided to go back later and increase the dosage.

If I don’t sleep at night. I don’t think he’ll show up again.

Elizabeth thought to herself, regardless of whether you’re Dominic or Saint, I’ll leave after I’ve re-paved your favor. When the time comes, I

hope you can do what you say.

“Grandma asked you to go home. Let’s go!”

After saying that, she walked forward and Dominic followed her. When they were about to reach the door, the men just now appeared again.

This time, there were more people, followed by a group of people holding batons.

The passers-by ran away, and suddenly, there was a commotion in hell. There were a lot of people watching.

“Fight! Hurry up!”

“This time, I think the security here won’t dare to interfere.”

“That’s for sure! Look at how many people there are. It should be forty to fifty!”

The man that Elizabeth bumped into was loud and pointed at Elizabeth.

“It’s her. She bumped into me just now. Tonight, I’ll let you know that I’m a man you could not touch.”

After saying that, he roared coldly, “Go...”

All of a sudden, a group of people with batons rushed over. Dominic shielded Elizabeth behind him, but his head was hit hard, and blood trickled down his cheek

Elizabeth screamed in shock, “Dominic.”

Dominic started fighting with them. Elizabeth was so scared to see so much blood

The baton continued to strike on Dominic. He couldn’t defeat so many people on his own. If this continued, Dominic would die.

Elizabeth became anxious and rushed over to help him fight, but Dominic kept pushing her away

“Woman, stand aside.”

The man was cold at this moment. For some reason, she felt that he was very handsome.

Elizabeth fell from his push, so she shouted.

“You don’t want to die anymore?”

Elizabeth didn't care anymore. She rushed forward and kicked the two people holding the baton. Then, she kicked the other few. They used the baton to wave at her body, and Dominic blocked them all.

Dominic was so beaten up that he spat blood and kneeled on the ground. He looked at Elizabeth and said in a low voice.

"Call Matthew. He can settle it"

Night City was Matthew's business, so as long as you give him a call, these people won't be able to hurt her

Elizabeth took a few steps backward and gave Matthew a call.

The phone rang for a long time but no one answered. She spoke to herself anxiously. head.

"Matthew, hurry up and answer the phone! It's a life-threatening matter. Hurry up and answer the phone."

Dominic could no longer stand, but those people did not want to let him off. At the same time, they raised their sticks and smashed them at hi

The people beside them were delighted and clapped.

"Kill him! Kill him!"

Elizabeth looked up and screamed in shock.

"Ah..

If so many batons were smashed, Dominic's brain would definitely break.

The hell was indeed hell. No one stood up to help them. All of them were just watching a good show. It was as if they were satisfied to kill one person.
