

Game Over 761

Chapter 761 A Naughty Young Man

At this moment, the phone was connected. Matthew ears were hurting from Elizabeth's se

"What is it?"

He had just fallen asleep when he was awakened by her phone. Moreover, she was so loud.

His voice was very deep, like the cold stream on the iceberg.

Elizabeth originally wanted to throw her phone and run over. Even if she blocked it herself, it was better than the sticks all hitting Dominic's

At this crucial moment, a waiter in a bar uniform flew over and kicked the sticks away

Then, she spread her arms and kicked the group of people in front of her.

Continuously, there were people rushing forward, and Hazel jumped up easily, kicking them all to the ground.

Elizabeth only breathed a sigh of relief when she saw this.

"Matthew, we're on the second floor of Night City. There's a group of people making a scene here. Can you send someone over? Please help

She didn't even know why Dominic wants me to call Matthew.

Shouldn't she call his men now? Besides, she also has a group of bodyguards. Shouldn't she transfer them here?

Matthew said coldly.

“Keep yourself safe. I’ll settle this for you right away.”

If it were a normal day, this man won’t have agreed to help them so easily.

Elizabeth’s heart skipped a beat upon hearing this. It was as if she felt extremely secure when she heard that he would send someone over.

The fear she felt just now slowly disappeared. She hung up the phone and walked toward Dominic and the others.

Hazel helped Dominic up. “Young Master, how are you feeling?”

When she said this, she glared coldly at the men who were beaten to the ground by her.

The men were scared when they saw her. They got up from the ground and ran away.

“Why did you guys run away? Come back here. I gave you so much money.”

But no one listened to him. He turned his head and gave Elizabeth a cold look.

He took out a gun from his arms. “Damn it, where did you find her? She’s so good at fighting. I don’t believe she’ll be faster than my bullet”

After saying that, he aimed the gun at Elizabeth “Brat, today is the end of your life”

At this moment, a group of bodyguards in black rushed up and the leader pointed his gun at the fat man

“You dare to cause trouble in the Night City, you’re probably tired of living.”

The man panicked and his hands were trembling.

“Dude, this is hell. Isn’t it common to fight? Besides, no one would interfere normally. What happened today?”

Previously, the security guards were on duty, but now the bodyguards are here. Who is this brat?

The man was sure that there were many of them and the security guard did not dare to interfere. That was why he started this fight.

The leading bodyguard smirked coldly. “Of course you’ve touched someone you shouldn’t have touched.”

After saying that, he took the gun from his hand and pushed him backward.

“Take him away.”

Following that, he walked toward Hazel. “Ms. Wade, Mr. Hilton asked us to come. Are you hurt?”

This was Mr. Hilton’s instruction. He said that Ms. Wade was being bullied here by a group of people. He asked them to come over and take a look at her. The most important thing was not to let her get hurt.

Elizabeth was dressed like a guy. When she heard him talking to Hazel like this, she couldn’t help but smile.

These people did not know her, so they treated Hazel as her.

Hazel supported Dominic and gave them a cold glance.

“You’ve got the wrong person. I am not Ms. Wade.”

After saying that, she helped Dominic out. The leader of the bodyguard was dumbfounded. Could it be a mistake?

“But this is the only place in hell where there’s a fight. What’s wrong?”

Elizabeth walked to his side and her sweet voice rang.

“Tell Mr. Hilton, I thank him and I will treat him to a meal someday!”

Chapter 762 Done

After saying that, she hurriedly chased after Hazel and the others. The bodyguard leading the team was dumbfounded.

The young man just now?

Oh, it turned out that she was a woman. She was Ms. Wade whom Mr. Hilton mentioned.

It seemed like she was doing very well. She didn’t even get hurt, so they could go back.

Elizabeth drove. Dominic and Hazel were seated in the back, while Dominic was leaning against the seat, covered in blood.

Hazel used a handkerchief to cover the wound on his head. Even now, the blood was still flowing, indicating that the wound was huge and

She suddenly burst into tears. “Young Master, you must hold on! If you die, I won’t live.”

Dominic opened his eyes and sneered.

"I could not die. Don't cry."

Hazel held back her tears, but her tears still streamed down her cheeks uncontrollably.

Dominic had no choice. "Where have you been recently?"

He asked indifferently, then glanced at the uniform on her.

"Working in the Night City?"

"When this little girl begged me to take her in, didn't she say that she doesn't know anything?"

Unexpectedly, after leaving him, she could still live a good life. Her progress was not small, and he felt happy for her.

If she stayed by his side, it would only be dangerous.

Saint seemed to have been taking advantage of this little girl, and this little girl didn't know anything and allowed him to do things to her.

"That's right!" Hazel nodded.

Thinking of how hungry she was, she went to take someone's bread and even got beaten up. She was so hungry that she could only look for a job. She didn't have any education, and she didn't know much.

All she could do was work at Hell in the Night City. This place was rather chaotic and no girl dared to work here. In order to earn money, she went there.

In fact, it wasn't difficult. It was just to bring some wine and some food, but she was constantly being touched by these men.

However, she was very quick. She could avoid being touched by others. After working for a few days, she had gotten used to it.

The money she earned was enough for her to eat. That was enough.

Elizabeth listened to their conversation and did not interrupt. She did not expect Hazel to be here.

If she hadn't appeared in time today, Dominic might have died here.

She quickened her speed and reached the hospital in more than ten minutes. The two of them helped Dominic into the emergency room.

The doctor was treating his wound. Since he had been spitting blood and the wound on his head was very serious, not only did he need to do various examinations, but he also needed to be admitted to the hospital for observation.

After the check-up and completion of the hospitalization procedures, it was almost two o'clock.

Elizabeth sat on the sofa tiredly, feeling exhausted. She took off her cap and put it to the side. Her hair fell, and she instantly felt more relaxed.

Sitting beside the hospital bed, Hazel watched Dominic undergo the infusion. She held his hand tightly and secretly cried.

Her voice was very low, as if she was talking to herself.

"Young Master, you must get better and don't let anything happen. It's so painful that you've lost so much blood."

At this moment, Elizabeth's phone rang and she quickly answered it.

"Hello."

Because she was too sleepy, she didn't see who it was just now and answered it.

"Lizzy, why aren't you guys home yet?"

Madam Campbell's voice came from the other end of the line. It was a landline number. No wonder it looked familiar. It was the Campbell Family's number.

"Grandma."

Elizabeth regained consciousness immediately. After all, the three children were still in the Campbell Family. She couldn't afford to offend the grandmother.

As long as she put up with it, the children would have a better life there.

"Grandma, Dominic still has something to do. He might not be back until tomorrow."

At this moment, the nurse entered

"This is the report for Dominic's checkup tomorrow. You should go and do them at seven in the morning. The doctor needs to take a look at it when you're checking the room."

Madam Campbell became anxious upon hearing this,

"Elizabeth, what's going on? Why do I hear that Dom is in the hospital? Is he not feeling well?"

Chapter 763 Does Matthew Like Men?

Elizabeth originally wanted to hide it, but the old lady must have heard what the nurse said just now, so she could only say the truth.

“That’s right. Dominic was beaten up at the nightclub...”

Before she could finish her last sentence, Madam Campbell exclaimed in surprise.

“What? He got beaten up. Who hit him? They’re too bold. Which hospital is he in? We’ll be there right away.”

Elizabeth pursed her lips and said, “Grandma, Dominic is already asleep. The doctor said that he will be under observation all night. He should be fine. It’s too late now. You should come back tomorrow morning!”

Upon hearing this, Madam Campbell was furious. “You’re such a shrew. Ever since you and Dom got married, bad things have happened. It seems like I need to find a witch for a fortune-telling. Are you a jinx of the Campbell family?”

After saying that, she hung up the phone and sighed.

The Campbell Family’s arrival tomorrow might lead to another disaster.

Suddenly, she realized that marrying wasn’t as simple as she thought it was. It wasn’t about two people but about two families.

Especially with her mother-in-law, she still had to deal with it!

Not on the top floor of Night City. In that luxurious suite, Matthew was wearing a neat black suit. He sat on the sofa and crossed his legs elegantly. He lit a cigarette with his fingers.

“Bring that person in,” he said.

Jake nodded, then walked to the door and pushed the door open. The fat man was pushed and stumbled a few steps before standing steadily.

Originally, he was still acting like a god, saying that he was a nephew of an official in A City, so he ordered them to let him go quickly.

Only when he saw that the person sitting on the sofa was Matthew, he was shocked.

“Mr. Hilton, I’m sorry, Mr. Hilton. I shouldn’t have caused trouble in the city.”

He was a gangster, but he had gained a little bit of reputation on the streets. Hence, he knew about the important people in A City, and he also knew whose property Night City belonged to.

Now that he saw Matthew appear in person, he felt that he might have fu”ked with someone he shouldn’t have. He regretted it now.

When Matthew exhaled a cigarette, he stood up suddenly and kicked him.

After kicking the man on the stomach, he fell backward and bumped into the wall. He spat out a mouthful of blood. Although it hurt, he was still very respectful

“Mr. Hilton, it’s my fault. I won’t do it again next time.”

Even if Matthew killed him here today, he won’t dare to say anything.

Matthew kicked him a few more times. The man fell to the ground, unable to get up.

He glanced at him coldly, “Fat fu”k, the one you hurt today is the one I, Matthew, love.”

Upon hearing this, he struggled a few times, thinking.

Matthew never had a girlfriend, nor was he married. It turned out that he liked men.

He climbed up and even spat out a mouthful of blood.

Her face was beaten up like a pig's head. He bowed ninety degrees..

"Mr. Hilton, I'm sorry. I'll go and apologize to him. I'll beg him to forgive me and ask him to point his gun at me."

Only then did Matthew return to the sofa and glance at his leather shoes in disgust. There was blood on it.

He noticed it and hurried over to wipe away the blood with his clothes.

Matthew smoked quietly but did not stop him. The dirty blood belonged to him, so he should handle it.

After he was taken out, he asked.

"Where is she now?"

Jake naturally knew who he was talking about.

"Ms. Wade is accompanying Dominic at the hospital. Dominic was seriously injured to save her."

Upon hearing this, his eyes narrowed slightly. His face was obviously darker and unhappy.

Jake took a step back and added.

“A female employee from not in Night City saved him. It seems that she has a special relationship with Dominic.”

Chapter 764 Pretending To Meet By Chance

“What do you mean by ‘special’? Say it clearly.”

The man said coldly and took another puff of his cigarette.

Jake was already used to the coldness of him. Ever since Elizabeth and Dominic got married, he had never been happy.

Once again, he had become the cold hearted iceberg man. He did not have a trace of humanity.

“She seems to be Dominic’s lover. She appeared at the most critical moment to save Dominic. She was also taking care of Dominic by the bed at the hospital. Ms. Wade paid for the bed fee and medication fee. Ms. Wade looks more like an outsider.”

Anyway, that was what the people on the other side told him.

Jake did not really like Elizabeth. It was because of her last time that his boss almost lost his life.

Hence, they all hoped that his boss would stay away from this woman so that he would be safe.

But when he heard the people on the other side say that, he suddenly felt that there maybe a reason behind Elizabeth marrying Dominic.

Matthew’s expression was obviously much better after hearing this.

He stood up. I’ll go take a look.”

Jake followed behind him and whispered.

I knew it! You could not help but want to visit her. It's already so late. You still have work tomorrow, Aren't you tired?"

When Matthew got into the car, he glanced at the time and realized it was almost three o'clock.

He took out his phone and dialed Nicolas's number. After ringing once, no one picked up, he continued calling again.

"Who's it? It's already so late. I will kill you!"

Matthew said calmly.

"Aren't you on duty tonight?"

When he heard that it was Matthew's voice, he clearly softened his tone. He closed his eyes and was extremely sleepy.

"Matt, it's already so late. What's up?"

Now that he is well, he will never have a recurrence of his old injury in the middle of the night, so he doesn't want to talk to him

"Do you know the people at the First People's Hospital?"

Due to Dominic's critical condition, Elizabeth and the others sent him to the nearest First People's Hospital

"What is it?"

Nicolas was completely awakened by him. He opened his eyes and glanced at the time. It was 2.58 p.m.

“Matt, you owe me a big time.”

“Help me contact a reliable doctor on duty. I need some help.”

“Okay, I’ll ask him to give you a call. I’ll hang up now. I need to contact the doctor over there.”

Elizabeth was extremely sleepy. She leaned against the couch and fell asleep. Suddenly, a nurse came in.

“Family of the patient, take this medicine to the first floor pharmacy.”

Elizabeth heard the voice and opened her eyes in a daze. She glanced at Hazel by the bed and saw that she was already asleep, leaning against the bed.

Rubbing her eyes, she took the bill from the nurse.

“Okay!”

The nurse turned and left. Elizabeth yawned and glanced at the infusion bottle. There was quite a lot of liquid. It won’t finish even after she took the medicine.

She took the blanket from the closet and covered it on Hazel. Then, she left the ward and took the elevator to the first floor.

It was past three o’clock, she was really sleepy. There were quite a lot of people in the hospital. Especially when she passed by the emergency department. Fortunately, there were a lot of people queuing up to see a doctor.

When they walked out of the pharmacy in the lobby, they saw a group of people entering. The leader was wearing a black coat, unusually tall.

Gillian couldn't help but take a glance and met Matthew's deep gaze.

The man's gaze was very indifferent. When he saw her, there wasn't any trace of change in his eyes.

Elizabeth, however, felt more energetic. It seemed that she was no longer sleepy and had woken up.

"Mr. Hilton, it's already so late. Why are you here?"

Is he feeling unwell somewhere?

Chapter 765 Divine Assistance

Matthew hadn't noticed her at first because he was wearing men's clothes and black pants. He even wore a cap.

Only after she spoke did Matthew hear her.

She went to hell and dressed up like a man. She was not that stupid.

Matthew cleared his throat a few times. "I have a cold, so I came to the hospital. Who are you?"

He deliberately asked this, Elizabeth took off her cap, her hair fell down, and then gave him a sweet smile.

"It's me, Elizabeth. I look like a man, right?"

Elizabeth felt that she was really annoying. She obviously chose Dominic and gave up on him.

But there was still a trace of hope in her heart. She felt that he had forgotten about their past, then she had the opportunity to let him know he again.

Because as long as she saw him, she would be very happy, as if all the unhappiness had disappeared, and all the gloom had dissipated.

Just like this, she seemed to have forgotten her current difficulties, her children were still in the Campbell Family, and how could she protect them properly.

At this moment, she was in a good mood and her smile was sweet. She felt that this encounter was quite wonderful

Matthew nodded slightly. "So it's Mrs. Wade. Is your husband okay?"

"Husband," he said coldly and unhappily.

He was supposed to be her husband, but now her husband was someone else.

Because of his care, the people around him did not dare to call Elizabeth Mrs. Campbell They called her Ms. Wade.

They were just worried that Matthew would feel uncomfortable when he heard it, so they have to take good care of his mood.

Elizabeth's expression changed when she heard this word. She wasn't used to it.

Previously, she called him husband. Deep down, she felt that Matthew was her husband. Now that it was Dominic, she was really not used to

Elizabeth said softly, "He... He should be fine."

With Hazel accompanying her, she was very relieved. Moreover, she hoped that Hazel and Dominic would be together for real so that she could be free.

“Mr. Hilton, why don’t you go and see the doctor! I still need to go get the medicine!”

Because of the word ‘husband’, there was a gap between the two of them, and the atmosphere was completely different.

Matthew only wanted to stimulate her. However, he regretted it. He came here because he wanted to see her.

Elizabeth turned around and walked toward the pharmacy. Jake saw the disappointed look on the owner and knew clearly why he came.

“Ms. Wade, can you please take care of our boss? We need to go to the doctor to get the prescription.”

Matthew smiled slightly when he heard this. It seemed like he was going to give Jake a raise.

Elizabeth turned her head when she heard this.

“Sure!”

She beckoned Matthew, “I’ll take the medicine and wait for you at the cafe in front with Mr. Hilton. Go back quickly.”

She was happy that she could spend more time with Matthew, so naturally, she would not refuse.

When Matthew walked to her side, she suddenly asked.

“You need to see a doctor! Look at your condition.”

She pointed at him and then pointed at his subordinate. He should go with him.

Matthew walked to his side and coughed a few more times.

“There’s no need. I’ve already communicated with the doctors here. They’ve prescribed me medicines.”

Elizabeth did not doubt at all.

She walked to the pharmacy to take the medicine. Matthew stood behind her and smiled.

Actually, he was the one who arranged her to come and get the medicine.

The two of them went to the coffee shop on the first floor. The coffee shop in the hospital was open 24/7. There was even snack available at night.

Elizabeth was holding the menu. When she saw that there were also various snacks, her stomach couldn’t help but growl.

Matthew said, “I’m hungry too. Order something to eat.”

Elizabeth recalled that she barely ate at dinner. It was no wonder she was hungry at this hour.

“Okay, then I’ll order more. Let’s eat together.”

Chapter 766 Worrying About His Health

Elizabeth ordered some Spaghetti, sandwiches, and salad. She ordered warm milk. If she drank coffee at this hour, she won’t even want to sleep tonight.

During the waiting time, Elizabeth’s belly kept grumbling. She raised her hand and caressed it.

“Don’t growl. It’s so embarrassing”

I haven’t eaten dinner yet. How could I be so hungry at this hour? She looked up at Matthew and smiled awkwardly.

“Haha!”

Matthew placed his hands on the table and stared at her coldly

“Mrs. Wade, haven’t you had dinner yet?”

Elizabeth was a little excited when she heard this.

“That’s right. You don’t even know that Mrs. Jackson and Mrs. Chen took everything...”

At this point, she quickly stopped and stroked her hair with her hand.

“Mr. Hilton, drink more water Drink more water when you catch a cold.”

Matthew could tell it was having a hard time in the Campbell family.

His gaze darkened slightly “Mrs. Wade, did you have a hard time at the Campbell Family? Do you have dinner with servants?”

He asked straightforwardly and Elizabeth waved her hand repeatedly

“No! No!”

She furrowed her eyebrows and scolded herself for being so stupid. How could she say such things to him?

Matthew's lips curved up slightly. "It's good that you are doing well Otherwise, you'll feel uncomfortable if you don't starve every day. I'll give you my food later Eatmore."

Elizabeth was stunned. Does she look like she could eat so much?

"There's no need. I ordered two portions. I'll eat my own."

Elizabeth felt more and more awkward.

What's happening now?

Elizabeth held the glass of water and drank. The more she drank, the hungrier she got. She could only put down the glass.

She looked up at Matthew. Why is it so late but he is still as handsome as ever? There's no trace of fatigue on his face.

The server placed the food on the table and told the two of them.

"Please enjoy your meal"

Elizabeth picked up the fork and started eating the Spaghetti Previously, she did not think that Spaghetti was so delicious.

Matthew looked at her. He knew that she was starving. She had nothing to do with grace now, but she was adorable.

She looked like a kid at times. She didn't have any bad intentions at all, and sometimes she was so smart. At least in the business world, she would even scheme against him.

At this moment, she was like a kid, the corners of her mouth were soaked with sauce.

Matthew picked up the napkin and reached out to wipe her mouth.

Elizabeth was stunned. She stared at him without blinking. He looked indifferent and wiped the corners of her mouth seriously.

He actually wanted to try her Spaghetti Isn't hers better than mine?

Hence, he wiped it with his fingers and put it into his mouth. His gaze darkened slightly. Sure enough, it tasted better.

Elizabeth did not notice that he put his finger into her mouth and kept eating happily

It was as if she was with Matthew. Her appetite had improved and she was in a better mood.

By the time Jake and the others returned, the two of them had finished their meal.

Elizabeth glanced at the time. It was already past four o'clock. She was too sleepy, so she was going to go back to the hospital room and sleep on the sofa for a while.

"Have you taken Mr. Hilton's medicine? You guys go home and rest early!"

She stood up and was about to leave when Jake saw the disappointment on Matthew's face and said.

"Mr. Hilton, you'll have to stay the night for observation, I'm afraid there is sequela of the old wound from before."

Matthew glanced at Jake upon hearing this. This fellow seemed to have become smarter.

Elizabeth stopped and turned around, her face full of worry.

“Ah, I see! Which floor are you staying?”

When she said this, her gaze landed on Matthew and she was a little worried about his health.

Previously, there was something in his head and almost killed him. He should be more careful.

Chapter 767 Girlfriend

Matthew glanced at Jake. He was the one lying, so he should continue the lie.

Anyway, it was his fault even if he was busted, and it had nothing to do with him.

Jake smiled. Fortunately, he actually went to see that doctor just now. He even asked about Dominic's ward and asked the doctor to arrange a room beside him.

Otherwise, his lie would really be exposed now.

All of a sudden, Jake felt that he was becoming smarter, and lie was able to read his boss's mind!

“On the 6th floor, room 603”

Dominic stayed at 602. This floor was for VIP's

Elizabeth smiled. “What a coincidence. Dominic stays at 602. Let's go together.”

She led Matthew and the others to the admission building. When they reached the sixth floor, Elizabeth pointed at 602.

"I'm here. If you need anything, you can look for me."

With her back facing the door 602, she smiled at Matthew.

Although there was a hint of reluctance in her eyes, she did not have a reason to accompany him. In the end, she turned around in disappointment and reached out to turn the doorknob.

She was still worried about Matthew. What's wrong with his body?

Besides, why is he here in the hospital so late? Shouldn't he be going to the hospital of Nicolas?

She was so busy eating that she forgot all of this

"Mrs. Wade, you could not sit in my ward for a while."

Matthew suddenly spoke up. She smiled. She had the same intention.

"Oh, alright, I'll go in and see if his infusion is done. Coincidentally, I want to go and see what's going on in the hospital room next door?"

It seemed that it was not because of him. It's because she wanted to see how the ward looks.

Matthew didn't say anything and walked into the ward.

The walls of the ward were all white, and the bedsheets was also white. There was also the smell of disinfectant.

He looked at the ward and stood by the door. Sure enough, the hospital was different from the hospital

Nicolas's hospital was decorated very comfortably. It did not look so cold.

Moreover, there was no such strong smell of disinfectant in his hospital.

Jake entered the room and looked around. He couldn't take it anymore. 1/2

When he came out of the bathroom, he saw that Mr. Hilton was still standing by the door. It was obvious that Mr. Hilton did not like this place.

"Mr. Hilton, why don't we go back?"

Anyway, he was just pretending to be sick. There's no need to condescend yourself.

Matthew didn't say anything. He walked to the sofa and sat down. He rested his long legs on the coffee table.

With a lazy look, he spoke leisurely.

"Jake, your EQ has improved a lot lately. Have you found a girlfriend?"

Previously, this kid was not as smart as he is now

Jake touched his head and smiled awkwardly.

"Yes, we just dated. In order to pursue her, I indeed read a lot of books and television."

Matthew felt jealous when he heard this

Even he had a girlfriend, but he was still single.”

“Yeah, go home’ Go accompany your girlfriend.”

Jake panicked “Boss, she supports my work. Besides, she doesn’t ask me about what I’m doing. She wants me to accompany you.”

After being with Matthew for so many years, he was loyal to him.

If he left like this, he would be nervous, afraid that his boss would not value him as much in the future.

Matthew lowered his gaze, feeling a little sleepy.

“Go on! I’m not comfortable with you here.”

He wanted to be alone with Elizabeth, and he didn’t want her silly little face to be seen by others.

Jake understood. After a moment of silence, he spoke up.

“Boss, actually I don’t think there’s anything good about Elizabeth. She’s already married and has chosen someone else. If you don’t forget about her like this, it’ll only cause you trouble.”

After saying that, he added, “My girlfriend is not bad. Why don’t I ask her to introduce a few of her friends to you?”

Elizabeth happened to enter and heard this.

“Well, what should I do and what should I say?” She was then standing by the door.

Chapter 768 So Handsome

Upon hearing the sound of the door, the two people in the ward turned their attention.

Jake hurriedly shut his mouth and said.

“Boss, I’m leaving now.”

After saying that, he turned and walked toward the door. Elizabeth took a step forward and left the door to him.

Jake glanced at her coldly, wanting to warn her, but in the end, he did not say it out loud.

He pushed the door open and walked out. The moment the door closed, there was a loud noise.

Elizabeth, who was so shocked that she was lost in her thoughts, trembled. Then, she looked at the man on the sofa, who was staring at her.

She pursed her lips. Her heart ached when she heard what he just said.

But this was the reality. It was impossible between her and Matthew. Those little fantasies were wiped out at this moment.

Jake wants to introduce a girlfriend to him?

However, there were so many women around him. Tiana was the one Old Mr. Hilton liked. Rosalie was her childhood sweetheart, and Jane saved him before

The three women, no matter which one, their status could not be shaken.

Previously, she believed that he did not like them.

Now, she no longer had this confidence. When she heard that someone else was going to introduce a new one to him, what kind of girl would she be?

She must be beautiful, noble, and talented.

After comparing, she felt that she was so lame.

Matthew saw her standing there and stared blankly at the door.

“Mrs. Wade, sit down!”

Elizabeth recollected her thoughts upon hearing his voice and walked to his side. After sitting down, she kept staring at his cold face.

This face is so beautiful!

The curve of the corner was clear and the bridge of his nose was very high. Her eyes were narrow and deep, and there was a trace of evil

The moment one exchanged a glance with him, he would fall for him.

Previously, she thought that men weren't important to her, nor did she feel that any male celebrity was handsome, nor was she starstruck.

Even though Matthew had his eyes closed, he could feel her gaze. The corners of his lips curved upward.

He liked her looking at her so bluntly. Besides, he saw from her face, it said, “I really like you.”

Matthew suddenly opened his eyes and their eyes met.

Elizabeth's eyes narrowed slightly. She was shocked, but neither of them looked away. After a while, Elizabeth could no longer take it.

His gaze was really too seductive. It was passionate and seductive.

She averted her gaze and asked.

"Does Jake want to introduce you to a girlfriend? What does she look like? Is she pretty as Rosalie? Is she talented as Jane?"

Tiana couldn't compete with these two ladies. If she won, that was because Old Mr. Hilton liked her.

Otherwise, she was nothing.

The smile on Matthew's face grew wider when he heard this.

He took out a cigarette and lit it. The faint blue flame danced in the air. It was beautiful

Following that, the faint blue flame was extinguished. The cigarette butt lit up with a red light, and a smoke floated in the air. The faint smell of tobacco.

"I don't know, I haven't seen her yet. My employer saw that I'm so old, but I don't even have a girlfriend, so he started to worry."

"Old?"

Elizabeth said to herself and smiled her.

"You're so young. How can you be old? And you're so handsome and wealthy. Girls like you!"

It was just that he did not like them.

Otherwise, the girl who wanted to queue to be his girlfriend could circle the earth a few times.

Matthew had never taken the compliments of others to him seriously. However, he actually felt that it was quite pleasant when it came from

He likes to listen!

Matthew took a puff of a cigarette and looked at

“What do you think? Am I handsome?”

Elizabeth looked at him and nodded repeatedly.

“Handsome, very handsome.”

Matthew smiled. Although the smile was short, it was still very beautiful

Elizabeth was dumbfounded. Her eyes were filled with enchantment.

Chapter 769 She Became a Dating Consultant

Elizabeth looked at him for more than ten seconds and quickly withdrew her gaze. She felt that if she continued to look at him, she was afraid she would lose her clothes tonight.

She could only lower her head and play with her hands.

Matthew saw the necklace on her neck. She was still wearing it.

This proves that she still has him in her heart.

However, the matter of her marrying Dominic seemed to be a little odd.

Sooner or later, he would find out. But Dommic, whom he met that day, was different from the man he met before.

Even Matthew felt that these changes weren't normal, so he was getting someone to investigate.

Elizabeth looked at the time and stood up

"It's getting late. You should get some rest now! Your body isn't feeling well. Don't stay up late."

After saying that, she walked toward the door and Matthew said.

"Mrs. Wade, if I go on a blind date, can I ask you for opinions?"

Elizabeth's heart tightened. It hurt so much. It was so uncomfortable.

She really was. But, after all, she's married.

However, if he really wanted to go on a blind date, maybe that girl was the type he liked. Maybe he really fell in love with that girl.

When she thought about this, she wanted to leave, pretending that she didn't hear anything?

She tightened her grip on the doorknob. "Okay, if there's anything you don't understand, you can come and ask me. A girl knows a girl better."

After saying that, she pushed the door open and walked out. 602 Standing at the door, she breathed a sigh of relief.

She walked into 602. The moment she entered the door, she saw Hazel being pressed onto the bed by Dominic. They were kissing.

Hazel patted Dominic. "Young Master, let go. Wade... Mmm..."

Her lips were sealed again, and Hazel patted him again.

"Let go."

After she struggled, Dominic let go of Hazel, his eyes were all red.

He looked at Hazel with a trace of desire. Hazel slipped down from the bed and straightened her clothes.

Her little face was flushed. You lowered your head.

"Elizabeth, I'm sorry!"

Now she knew that it was not right for her and the Young Master to be like this.

That was why she was determined to stay in Night City and not go back to disturb them.

However, when she would meet them tonight, seeing the young master like this, she couldn't take it anymore.

The young master just woke up and kissed her, and even saw Lizzy saw it

She felt that she really deserved to die. Lizzy treated her so well, yet she slept with her husband.

Elizabeth didn't say anything. "It's too late. Let's sleep!"

She did not feel uncomfortable seeing the two of them like this. Instead, she was delighted.

As long as Hazel could win over Dominic's heart, she would have a chance to free herself, and she could lead the children to live freely like before.

Dominic looked at Elizabeth coldly, then laughed coldly in a low voice.

"Elizabeth, now you saw your husband and best friend getting together? What do you feel?"

After saying that, he laughed. Even Hazel was a little surprised. He turned to look at Dominic and whispered.

"Young Master, don't say it."

After Hazel came out, she was more like an adult, she also understood this world a little.

Dominic reached out and pulled her into his arms. Hazel was so frightened that she was about to retreat but he warned her.

"Be good and sleep on my bed. I want to sleep with you and let her watch us."

Normal people wouldn't be able to endure such humiliation Fortunately, Elizabeth didn't love Dominic, so it didn't matter to her.

Hazel looked at Elizabeth and Elizabeth smiled at her, making her feel at ease and comforting Dominic first.

After all, he was injured. It wasn't good for him to be too agitated.

The reason he got hurt tonight was also because of her. Elizabeth felt that she owed him.

However, it was as if Dominic had turned into Saint the moment he woke up. His gaze was fierce, and his expression was filled with hostility.

The next morning, the three of them hadn't woken up yet because they had slept too late last night.

After the Campbell Family entered the house, they woke Elizabeth up. She opened her eyes and met Madam Campbell and Madam Campbell's questioning gaze.

Chapter 770 Divorce

Elizabeth took a moment to calm down before calling them.

"Mom, Granny."

"Bring her out for me," Madam Campbell instructed the servant.

Elizabeth turned her head and saw that it was fortunate that Hazel was sleeping beside the bed.

Maybe she woke up in the morning and climbed off the bed. If someone saw her sleeping with Dominic, then something bad would happen.

Fortunately, Fortunately!

She raised her hand and caressed her heart.

Mrs. Chen and Mrs. Jackson looked at her with a smile. "Young Mistress."

She was not used to seeing them smiling. However, she could feel how money worked.

It's so good to have money!

Elizabeth sat up from the sofa, straightened her hair, and put on her coat

Mrs. Chen reminded her, "Young Mistress, you have to be careful Old Madam and Mrs. Campbell aren't too happy. You might get scolded."

Mrs. Jackson also spoke up. "Listen, don't talk back. Let them scold you, otherwise Old Madam will punish you by the family rules. You could not take it."

Elizabeth nodded, "Thank you, I understand."

The two of them led her out of the ward. Madam Campbell and Mrs. Campbell were standing at the door.

Elizabeth walked over. "Mom, Granny."

"If you want to curse, then just curse!" Dominic was injured anyway, they would definitely blame her.

The incident last night had something to do with her too.

Madam Campbell glanced at her clothes with a look of disdain.

"What are you wearing? How do you look like a woman? You don't look like a rich lady at all!"

Mrs. Campbell tugged on Madam Campbell. "Mom, why are you telling her that? Look at her status in the Wade Family. She hasn't had a mother since she was a kid. How good can her stepmother be to her? It's just that she doesn't have a mother, that's why no one educates her and she's on the wrong path."

No matter what, in the eyes of the Campbell Family, she was the eldest daughter of the Wade Family.

But it was just a name. In the Wade Family, she might not even be as good sorrant

Can a stepmother treat her well? I know that Celine is not a simple woman. She wishes she can give Elizabeth to them and throw her to the

Campbell family like a piece of trash.

No she is here to harm the Campbell Family now. Look at Dom. His personality has changed drastically. He even got hurt when we asked her to pick him up

One after one.

Madam Campbell thought that there was no need to keep talking to her after hearing this.

“Lizzy, tell me, what’s going on with Dom? I heard it was you who caused this. Why did Dom get hurt just to save you?”

Elizabeth nodded. “Yeah, that’s what happened. When I went to pick him up, I bumped into a man. He refused to let me go. I didn’t expect hi to bring someone to take revenge.”

Madam Campbell was so angry that she took a few deep breaths and pointed at her..

“Elizabeth, look at you. Grandma asked you to come to pick Dom up and you held grudges? Did you do that on purpose? Are you trying to kil

Dom?

Madam Campbell could no longer hold it in. "You're here to harm the Campbell Family, Kneel down."

Their voices were very loud, attracting the attention of many people in the ward.

Elizabeth pursed her lips without any intention of kneeling.

Anyway, kneeling was no longer normal nowadays.

When Madam Campbell saw that she was not kneeling, she became angry. Mrs. Campbell hurriedly helped to ease her anger.

"Mom, Mom, don't be angry. Teach her slowly."

Mrs. Campbell comforted the grandmother.

After a while, Madam Campbell finally recovered. When she looked at Elizabeth, she said coldly.

"You'd better get a divorce with Dom! If you get a divorce, we'll have some peace."

All of them were standing at the entrance of 603. Matthew heard them all.

Jake could no longer stay in there. He clenched his fists and said coldly.

"Boss, do you want me to go out and help Ms. Wade? They're too much."
