

Game Over 771

Chapter 771 Don't Think About Escaping From My Hands

"There's no need. Didn't you hear that they want her to get a divorce? As long as she's divorced, she won't have to face these things"

Jake's eyes glinted upon hearing this. That's true!

Otherwise, his boss wouldn't care. As long as Ms. Wade gets a divorce, his boss will have hope.

As his subordinate, he did not say much and served Matthew porridge.

"Boss, have breakfast first."

Matthew spent the entire night on the couch last night. He probably didn't sleep well, so he had to have breakfast.

Matthew had already washed up and was currently wearing his watch. After putting on his watch, he picked up his plate and ate some porridge.

"Jake, go outside and watch. Don't let anyone touch her."

Jake nodded and walked out of the ward

Outside the ward was very noisy, mainly because there were a lot of people coming out to see the commotion.

Elizabeth stood opposite Madam Campbell and Mrs. Campbell, Her expression was indifferent, neither humble nor arrogant.

"Okay, I choose to get a divorce. Please help me talk to Dominic "

Dominic did not allow her to bring it up. As long as she brought it up, he would threaten her with her kids.

The one who was talking about the divorce now was Madam Campbell, not her.

At this moment, Dominic came out. He was wearing a blue and white hospital gown and his head was wrapped in gauze. There were

bloodstains on the gauze and his face was bruised.

Madam Campbell and Mr. Campbell were deeply distressed by her face.

The two of them walked toward him “Dom, you’re hurt! Sigh!”

The two of them spoke at the same time, then started wiping away their tears. Sure enough, Elizabeth was a big jinx.

Madam Campbell asked, “Does it hurt? Why were you protecting her? If you don’t protect yourself, we’ll be worried about you.”

Dominic smiled slightly, then stretched out his arms to pull Elizabeth into his arms, and lowered his gaze to look at her coldly.

“Lizy, tell Mom and Granny that we love each other very much. You won’t divorce me.”

After saying that, he gave her a look, which meant that she would bear the consequences if she did not listen to him.

Elizabeth pursed her lips. She really wanted to say, I want to get a divorce and get a divorce immediately.

Dominic whispered, "Don't forget, who saved your lives? If you don't listen to me, I'll take their lives first."

Elizabeth's expression stiffened upon hearing this.

Dominic added, "I saved you last night too. You owe me a favor."

As he spoke, he raised his hand and pinched Elizabeth's little nose.

"Honey, tell Mom and Granny that we won't get a divorce. You love me a lot!"

The last four words came out of Dominic's mouth with great sarcasm.

"We want to be together for the rest of our lives," he chuckled.

Elizabeth saw the cold and terrifying look on his face. It was as if he had no intention of letting her go. In this lifetime, he would pester her like this and make her suffer

"He's different now."

Different from Dominic last night, he was like a completely different person.

Elizabeth was stunned and Dominic tightened his grip on her.

"Speak quickly."

His lips were very close to her ears. The warm breath blew on her neck. His voice was warning

Elizabeth pursed her lips. "We won't get a divorce."

After saying that, she stepped out of Dominic's arms and said.

"Mom, Granny, I'll leave first. I need to send the kids to class."

Dominic sneered, he already saw through Elizabeth's thoughts.

"Isn't there a vacation?"

Elizabeth explained, "They're having a training class."

Madam Campbell and Mrs. Campbell surrounded Dominic. At this moment, all of their attention were on Dominic, so they did not care about the woman and the kids.

After all, the three children had nothing to do with the Campbell Family. If they couldn't go to class, it had nothing to do with them.

Dominic's face darkened and his eyes narrowed.

Elizabeth, don't think about escaping from my hands.

Chapter 772 Stupid Woman

Seeing that Elizabeth had left safely, Jake finished his mission and entered the ward.

The handsome man inside had finished breakfast. He lit a cigarette between his fingers and was busy working in front of his business hand.

His hand was typing on it from time to time.

Frowning and relaxing at times.

Jake knew that he was changing a design draft and was not very satisfied with the designer's design, so he changed it himself

"Boss, Ms. Wade has left. However, she and Dominic don't want to get a divorce."

Upon hearing this, the man raised his gaze and his eyes darkened.

Annoyed, he took a deep puff of the cigarette.

She hasn't slept in the same room as Dominic. What does it mean when she said that she had been waiting for him, but not unwilling to divorce him?

Seeing that his days in the Campbell family weren't good, Matthew did not understand why.

This stupid woman.

Jake saw his boss' expression and explained.

"I think Dominic is threatening Ms. Wade not to let her talk about divorce. Although they look like they love each other, I can see the way

Dominic looks and Ms. Wade's expression."

He had been by Matthew's side for so long, so naturally, he was very good at observing

Matthew was not surprised to hear this. He just felt that something was wrong with Dominic.

"Remember to introduce me a girlfriend."

Jake was stunned. "Okay, boss"

“Isn’t he so concerned about Ms. Wade? They could not even get him to stop. Why is he so interested in the girlfriends now?”

Elizabeth went to the underground parking lot and got into her own car. Only then did she feel a little relaxed.

She rested her head on the steering wheel. She didn’t know how long would take before she could get out of this marriage.

Suddenly, she thought of Matthew, wondering what happened to him.

She took out her phone and dialed his number. Soon, he answered the call

“Mr. Wade”

1 beard his deep and magnetic voice over the phone Elizabeth could already imagine his current appearance

Either standing in front of the window, squinting her eyes and smoking, or sitting on the sofa, her slender and straight legs crossed elegantly. looking lazy and evil.

The upset she felt just now seemed to have disappeared.

A faint smile appeared at the corner of her lips, and her mood improved.

“Mr. Hilton, are you still in the hospital? How are you feeling? I need to leave first. I wish you a quick recovery.”

Matthew looked at his watch. It was 8.30 p.m. and it was about time he went to the office. Hence, he got up and walked out of the ward.

“Yeah, I’m fine. I’m going to the office.”

Elizabeth heaved a sigh of relief when she heard that he was fine. She hoped that he would be safe for the rest of his life.

“Oh! That’s good. I’ll hang up now. Bye!”

After hanging up the phone, Elizabeth glanced at the time and went back to the Campbell Residence to see what happened to the three children.

Abby cried so badly yesterday. She was afraid that her body wouldn’t be able to take it.

Elizabeth drove at an extremely fast speed and when she drove past Matthew’s car, he saw her profile.

He can recognize her with a single glance with her slender nose and red lips. Her side profile is beautiful and seductive.

In less than a second, the car had already driven far away.

After more than an hour, Elizabeth’s car stopped on the parking lot of the Campbell Residence. When she got out of the car, she saw the three children running in the courtyard.

She furrowed her eyebrows slightly and saw that Master Campbell was giving them instructions.

“Antony, run faster. Arthur, you’re too slow. Little girl, are you running? I am walking faster than you!”

Abby didn’t like running, but when she saw the stick in Master Campbell’s hand, she could only try her best to follow the two brothers.

And from time to time, she raised her hand to wipe the sweat off her forehead.

Elizabeth could tell that Arthur and Antony deliberately ran slowly, otherwise her sister wouldn't be able to catch up.

Chapter 773 So Pitiful

Elizabeth saw that the three children were in a good state of energy. They should have slept quite well last night.

She breathed a sigh of relief and walked slowly to their side. Fortunately, Abby had a good night's sleep last night, and she was afraid that she would fall sick in the middle of the night.

When Abby saw her, she smiled happily and called her.

"Mommy!"

Master Campbell saw that she had returned and his face turned cold.

"How is Dom?"

The Campbell Family probably knew about it and she replied to him.

"Dominic might still be staying for a few days. His injuries are quite serious, but it's just external injuries. Don't worry. Mom and Granny have gone too."

Upon hearing this, Master Campbell's face darkened. He put his hands behind his back and glared at her coldly.

"How did you take care of Dom? You went there to take him home. How did you get him to the hospital?"

Elizabeth lowered her head slightly. "It's my fault."

It was true that Dominic did it last night to protect her. That was why he was so injured last night.

She had nothing to say. Master Campbell snorted coldly.

“I think you don’t have the energy to take good care of Dom with the three of them around, so I’ve decided to send the three of them overseas.

They’ll get the best education abroad. It’s a good thing for you.”

Elizabeth decided to endure it until the divorce.

But now, it was absolutely impossible for him to send her kids away.

Her expression turned a few degrees colder and she straightened her back. Although she was wearing men’s clothes, she still looked amazing.

Elizabeth said softly, “Grandpa, it’s impossible for me to send them away. Since the Campbell Family could not accept them, I’ll take them back to my own home. Is this okay?”

After saying that, she beckoned the three children, “kids, let’s go home.”

Abby ran to Elizabeth. When she saw Mommy, she was no longer afraid of anything.

Arthur and Antony looked at her exhausted face and they were quite worried.

Before the two little ones could say anything, Master Campbell spoke up.

“Elizabeth, are you going to live separately with Dam? You already have your own kids, but what about have a descendent foo

Elizabeth passed the car keys to Arthur. Take your brother and sister into the car first. Great grandfather and I have something to talk about.”

Arthur led the two little ones to her car while Elizabeth walked toward Master Campbell

“Grandpa, I will never agree to send the three children overseas. They have to stay by my side.”

Her attitude was very determined. Master Campbell was so angry he glared at her.

“Hmph, you’re such an ungrateful woman. You don’t have to go to work anymore. How much can you earn? Go to the hospital to take care of

Dom first, then be a housewife at home.”

While walking, she scolded, “What kind of wife did Dominic marry? This woman is just pretty. What else does she have? Her education background is just high school, and she had kids before marriage. Even though she is the eldest daughter of the Wade Family, she still has a bad reputation.”

“Master, take care of your health! Don’t get angry because of these irrelevant people and hurt your body.”

Elizabeth stood rooted to the spot. A housewife. In their eyes, she only deserves to be at home and serve Dominic, right?

After Master Campbell finished speaking, he turned around and walked away. As he walked, he told the butler next to him.

“Spread the message. Next time, we’ll leave three meals a day to the Young Mistress to cook. I think she’s too free. If she finds something to do, maybe she’ll know who she is.”

The servants who were taking care of the flower grass in the yard were gossiping in hushed tones.

“It turned out that marrying the Young Master and becoming the Young Mistress is not a good thing. The Young Mistress is so pitiful”

“That’s right. We servants still have some free time!”

Chapter 774 She Begins To Suspect

Elizabeth took a deep breath. She did not take those words to heart at all.

Now, she did not need to rely on anyone. She could raise the kids herself, and if she wanted to go overseas, she would send them away when they grew up. There was no need for outsiders to interfere

No matter what others say, she won’t take it to heart.

She turned around and walked towards the car. The three children in the car looked at her with clear eyes, making her feel extremely warm.

“Mommy, let’s go home. I won’t let anyone take my sister and brother away this time”

Previously, they were afraid that it would be difficult for their Mommy to live in the Campbell family, and they were also grateful to Uncle

Elizabeth’s face darkened slightly

“I’m sorry I made you suffer last night. It won’t happen again. Let’s go home.”

“It’s fine,” Abby chuckled “As long as our family can be together, we can go anywhere! I’m even not afraid of starving”

She drove and brought the three children back to Star Villa. Ms. Elliott saw the four of them and welcomed them.

“Lizzy, why Why are you guys back?”

Mr. Campbell said that he wanted to take the four of them back to the Campbell Family, so he asked her to go back to Star Villa to take care of

the house and clean up

Elizabeth hugged Ms. Elliott “Ms Elliott, from now on, please take care of the three of them.”

She had already instructed Kai to install a security system in this house. Those bodyguards would be here too. No one could touch her children from now on

Ms. Elliott saw that Elizabeth was in a bad mood, and she seemed to be very tired, so she patted her on the back

“I raised the three of them. I could not separate from them. Don’t worry and leave them to me!”

Ms. Elliott felt that ever since Lassy and Dominic got married, she had become unhappy.

She couldn’t help but sigh. Sure enough, I should marry someone I like, otherwise I won’t be happy.

“Lizzy, didn’t you sleep well last night? Hurry and take a shower. I’ll make breakfast for you guys Have a good night’s sleep.”

Probably they were unhappy in the Campbell Family. After all, when Lory got married, neither of the three children were allowed to attend, neither were they allowed to show up.

She had long guessed that the Campbell family would not accept the three children.

“That’s logical How could a wealthy family like this accept someone else’s kids?”

Elizabeth glanced at the three children. "Darlings, are you sleepy? Do you want to sleep a little longer?"

Abby waved her little hand. "I'm not going to sleep. I'm sleeping well I'm just hungry. I want to eat something good."

When she said this, she looked at Ms. Elliott.

Ms. Elliott was heartbroken. She went over and hugged her.

"My little puppy, I'll go make something now."

Ms. Elliott held Abby's hand and she followed her to the kitchen.

Elizabeth walked up the stairs. She hadn't showered last night, so she had to go wash first. Otherwise, it would be too upset and it would smell.

Arthur and Antony followed behind. "Mommy, are you hurt?"

When they woke up in the morning, they had already heard the Campbell Family gossiping about how Uncle Dom suffered a serious injury last night to protect Mommy.

He was dressed in men's clothes. They couldn't see anything.

Elizabeth looked at them and smiled. She reached out and caressed their handsome little cheeks, especially their stern little faces. They looked like Matthew.

Suddenly, she realized that if she did not see Matthew, she could look at her two sons. Through them, it was as if she was looking at that man

When she thought about it, her smile became more sweet and beautiful

“I’m not hurt. I’m not hurt at all.”

At this point, she suddenly remembered that Dominic last night was the warm friend that she knew in the past.

He was protecting her and not letting her get hurt.

However, this morning, he just wanted her to suffer.

The difference was a little strange. Elizabeth was taken aback for a moment. When she regained her senses, she told her two sons.

“You guys go ahead! I’ll go upstairs and rest for a while.”

The two sons walked to the sofa, turned on the television, and prepared to watch the television for a while.

Elizabeth took out her phone from the pocket of her casual suit and dialed the number of Nicolas.

“Ms. Wade.”

Nicolas’s voice rang out.

“Young Master, I would like to consult a psychological illness.”

Nicolas heard and asked with a smile.

“What mental illness?”

Chapter 775 He Is Sick

Even though he was not a doctor in this field, he knew a bit of basic knowledge. After all, he had studied psychology before.

Elizabeth returned to her own room and put water into the bathtub.

Then, she sat down on the sofa. "It's just a person's personality changing. Sometimes he is warm sunlight, and sometimes he is dark and violent. It's like two people, and they're different souls."

Elizabeth had never understood before, but now she felt that it might be dissociative personality disorder.

She had seen on TV that the male lead had more than ten personalities.

Dominic furrowed his eyebrows. "This is a rare type of dissociative personality disorder. Who has this symptom? It's best to bring him to see a psychiatrist first to make sure."

Elizabeth also felt that he was right after hearing it. However, she felt that her doubts were correct.

The symptoms of Dominic were indeed a little similar. She needed to find a time and take him to see a psychiatrist.

"Young Master, do you have a good psychologist to introduce?"

Nicolas thought about it. He knew one. It was his classmate. When he was in school, he was ranked number one in psychology.

"I will test you his number to you. You can consult him if anything happens. Just say that you're my friend."

Elizabeth smiled. "Okay, thank you, Young Master. I'll treat you to a meal some other day."

After hanging up the phone, Elizabeth saw the message from Nicolas. His name was Jason Robert

After she sent him a message, she saw that he hadn't responded and thought he was probably busy.

Elizabeth put down her phone and went into the bathroom to take a shower.

In the living room, Arthur and Antony were watching television. They were watching an astronomical program. They were now more interested in astronomy.

Abby was in the kitchen watching Ms. Elliott cook. Then, she was really hungry, so she asked Ms. Elliott to bring her some desserts.

Holding the dessert box, she went to the living room and handed the small fork to the two brothers.

"I'm so hungry! Eat something first!"

Arthur and Antony weren't hungry. Although the Campbell Family didn't allow them to have breakfast, there were two big parks of junk food in their room. They ate a bit when they woke up.

Abby had eaten a lot too. However, the little one was starving

Abby looked at the television and couldn't understand at all.

Hence, she knelt on the carpet and ate with the fork in her hand.

"I really want to eat strawberry cake!"

Arthur and Antony finished watching the television and the show ended. The two of them looked back and saw the little sister's mouth full of cream.

The two of them laughed and Arthur wiped her mouth with a tissue.

"Have a bite."

Abby smiled and dug up a big spoon to feed the two of them.

A hint of a smile appeared on the corner of Antony's lips when he was suddenly fed.

Seeing her sister like this, he reached out to pat her head and asked.

"Sis, do you like Matthew a lot?"

Previously, he did not feel it. Now, he knew why his sister liked him so much.

After all, they were their father's kid. They were connected by blood.

Abby nodded. "Yeah, I want a daddy like him. He's so handsome!"

After saying that, her face flushed slightly and she chuckled.

Antony and Arthur glanced at each other, and the two of them nodded.

"Sis, let's ask him to pick you up. Why don't you stay with him?"

"Sure!" Abby smiled.

But in just a few seconds, she came to her senses.

“What about the both of you? Come on. Our family has to be together.”

Arthur caressed her head gently. “We need to accompany Mommy. If you’re with him, he can protect you well”

This was a method that Arthur and Antony had discussed. They wanted him to protect his sister, and they wanted to protect Mommy!

Chapter 776 Plotting Him

At this moment, Dominie entered the room. He was still wearing a hospital gown. His entire body was filled with hostility and he said loudly.

“Elizabeth, Elizabeth...”

Ms. Elliott heard the noise and came out of the kitchen.

“Mr. Campbell, you...”

Ms. Elliott was shocked to see him like this.

“Mr. Campbell, you’re hurt!”

Only then did Dominic glance at Ms. Elliott indifferently. “Where’s Elizabeth?”

In the living room, the three children were looking at him. Saint was a stranger to them, so no one went to him.

Kids were more sensitive and they could feel that he was different from Dominic.

At this moment, Hazel ran into the room.

“Young Master, the doctor said you could not be discharged yet.”

Just now, he received a call saying that Elizabeth had brought the three children home. He came straight from the hospital.

How could he let her go just like that?

Dominic shook off her hand, “Why are you following me here? Get out.”

His voice was cold, and his gaze was even colder. At this moment, his hostility was very thick.

Even Hazel was a little scared. In the past, she thought that the young master was the warmest person. As long as she was by his side, she was no longer afraid of anything

But today, he was so fierce, so terrifying

Elizabeth heard his voice and walked out of her room. She stood at the staircase on the second floor.

By now, she had already taken a shower and was dressed in a new outfit. Her long black hair was spreading on her shoulders. She was wearing a light purple straps top and a similar-colored cross- legged short skirt.

Her slender and fair limbs were revealed. She exuded a refreshing and delicate aura.

Dominic smiled slightly. “Elizabeth, you’re dressed so beautifully. Are you going to meet your old lover?”

Because he saw Matthew coming out of the ward.

Naturally, he understood that that fellow would not be here. The reason why he appeared here must have something to do with Klimabeth

Last night, there was Hazel accompanying him, so she and Matthew were in the same room.

The more he thought about it, the angrier he got. His eyes turned red gradually. His hands clenched into fists, wanting to a her.

Elizabeth crossed her arms in front of her chest. "Dominic, I'll decide on the three children's matters myself. Please don't do anything unnecessary

Dominic went upstairs, and Hazel followed behind him.

Young Master, slow down."

Ms. Elliott was a little unhappy when she saw Hazel. She was the only one who had seduced Mr. Campbell.

She still had the nerve to come back, so she called her.

"Hazel, come down. They'll settle their own matters."

Elizabeth only took a few steps to the side when she saw Dominic coming upstairs aggressively. She was not afraid.

Even though she knew that he was not Dominic, he was Saint, and his personality had split. Therefore, she was not afraid of him. If he wanted to hit him, then she could fight back.

When Saint walked to her side, he grabbed her hand, making her feel very painful

“We need to talk properly.”

He roared coldly, then threw her to the side. Elizabeth looked very petite in front of the tall Saint, and she stumbled a few steps after being thrown like this by him.

Elizabeth was thinking about how to bring him to see a rational doctor.

Only a doctor can cure Dominic’s illness. This personality won’t appear. Then, maybe everything will be better.

Elizabeth stood still and asked.

“Are you alright?”

She recalled that she still had anesthetic needles in her bag. Then, she could give him a needle and took him to the psychiatric hospital

This was the best way. When he woke up, he would see the doctor.

Elizabeth thought of this and pursed her lips. However, she saw her two sons coming upstairs from the corner of her eyes.

When they saw that Saint had pushed her just now, she smiled.

“Son, you guys go downstairs to have fun. I have something to talk to Uncle Dom.”

Chapter 777 Ask Daddy to Do His Duty

Arthur and Antony were worried, but they could tell that Mommy seemed to be in a difficult position.

“Brother, we need to send our sister to Matthew.”

Antony nodded. "I'll get a cab now."

He took out his phone and called a taxi. A car was nearby and it would be there in two minutes.

The two of them rushed downstairs and took Abby's hand and left.

"Sis, you should stay at Matthew's house for a few days. Remember to be a good girl. We'll come to pick you up in a few days."

The two of them held Abby's hand and ran outside. Abby was dumbfounded. Her big eyes flickered.

"Would you like to tell Lizzy?"

She looked into the house and saw that Hazel had returned. She hadn't spoken to her yet!

Ms. Elliott was cooking in the kitchen, and she hadn't eaten yet!

However, the two brothers did not care about this. They dragged her out and ran toward the main entrance.

Because this was the villa area, no other cars could enter.

They brought their sister to the main entrance. When the three of them ran to the main entrance, the car arrived just in time.

Arthur helped Abby into the car and reminded her.

"Stay at Matthew's house. Don't you like him a lot? Stay with him for a few days, got it?"

Abby nodded. "Okay, I'll be good. Come and pick me up now!"

Antony stood in front of the car and took a photo. The driver saw it too. He knew that the kids were very smart and were afraid that something

bad would happen to the kid in the car.

So they took a picture of his license plate. That way, even if something happened, it would be easy to investigate.

He couldn't help but smile and said.

"Don't worry, I'll send her there safely."

Antony and Arthur nodded, indicating that everything was done.

He had already sent the photo of the car to Matthew and told him to take care of her sister for a few days.

Watching the car drive far away, the two of them ran home.

Once they entered the house, they saw more than ton bodyguards. The leader was a man in black. There was a ballo green snake.

Arthur and Antony rushed to them and spread their arma.

"What do you guys want to do?"

The young masters did not know that they were the bodyguards for him.

Kai smiled faintly. He felt that the two boys were quite courageous. They were not afraid to see such a scene.

“Hello, young masters! We’re bodyguards hired by Mrs. Wade to protect you two.”

Only today did they receive a message asking them all to come here to protect the three children.

Arthur glanced upstairs. “My Mommy?”

“That’s right. Just call me Kai”

Antony pointed upstairs. “Hurry up and protect my Mommy.”

Kai furrowed his eyebrows. He saw that the man was not friendly to Mrs. Wade. He pushed her and yelled at her.

Hence, he transferred all of them here. With them around, that man wouldn’t want to do anything bad.

He led the group upstairs and entered the room.

Elizabeth saw that the man on the bed was already unconscious. She stood by the bed and looked down at the man on the bed.

“Mrs. Wade, are you alright?”

Elizabeth showed him the things in her hand. “I’ve learned a lot. He’s already unconscious.”

Kai’s cap was pressed down, revealing only his slightly curved lips.

Arthur and Antony, who were standing at the door, saw them too. They instantly felt that Mommy was becoming stronger.

They looked at Saint on the bed sympathetically. I'll see if you dare to hit her again.

"Why does he look so much like Uncle Dom?"

Arthur narrowed his eyes slightly. There was a cold and faint smile on his handsome little face.

"He's Uncle Dom, but there's just another personality."

"Are you saying that Uncle Dom has a dissociative disorder?"

Even though the two kids were only six years old, they knew a lot.

Chapter 778 Two Women You Cannot Provoke

At this moment, Dominic woke up. Seeing that the house was full of people, he sat up a daze Lizzy"

When he looked at Elizabeth, his face was full of worry, and he reached out to pull her

Elizabeth's eyes widened. Why is this happening?

"I doubled the dosage. Why did he wake up after five minutes of sleep? Is something v

Elizabeth took a few steps back and leaned closer to Kai

"Does the anesthetic you gave me not work? This is the second time Hell wake up in less than five min

Kai harrumphed coldly after hearing that

“You don’t believe me? That type of anesthetic I gave you can put an elephant down, let alone humans *

Elizabeth looked at the things in her hand and said, “Double dosages”

Kai was surprised too. He took the things from her and looked at them

The needle was indeed doubling the dosage, but why was this man alright?

Elizabeth took a few steps backward. “You guys tie him up. Hurry”

Dominic had a calm expression, but when he heard this, he was slightly surprised

“Huh? Lizzy, why do you want to tie me up?”

Kai raised his hand and four to five bodyguards went up to tie him up.

“Lizzy, let go of me. I am Dominic.”

Before he could finish his sentence, Elizabeth took a towel and stuffed it into his mouth.

“It doesn’t matter who you are. You have to listen to me today.”

After completing this series of movements, she clapped her hands

“I have to bring him to the psychiatrist today to see if he’s mentally ill ”

At this moment, Madam Campbell and Mrs. Campbell’s voices mag

Dom..."

The two ladies rushed in, and Elizabeth was a little stunned. Why would these tris api

She took a few stope beck

Elizabeth was really afraid of the two ladies of the Campbell Family. They loved Dominic too much. Now that Dominic was kidnapped by her, she could not imagine how they would take revenge.

Kai stopped the two women. Get out"

Madam Campbell and Mrs. Campbell patted Kai while Madam Campbell cursed.

"Go away What do you guys want to do to him? Don't you see that he's hurt all over?"

Madam Campbell hit him harder "Elizabeth, tell them to leave. Hurry up. Otherwise. I'll immediately get Dom to divorce you. Let's see how you're going to marry someone in the future when you are a divorced. Do you still want to get married with three kids? Think about it yourself."

Kai merely frowned slightly If it weren't for the fact that they were women and old, he would have pushed them a long time ago.

Elizabeth raised her hand and supported her forehead. If she told them that Dominic was sick, perhaps it was a mental illness, they would

definitely not believe it

Hence, she sighed and fiddled with Kai

"All of you, go!"

Kai glanced at her. "You're sure"

The two elderly women weren't some piece of work. They hit him so hard, they might be even more ruthless to her.

Elizabeth nodded, "Come down!"

Kai led more than ten bodyguards downstairs. He began to divide the tasks between the ones in the surveillance room and the ones in the courtyard.

Silence all of sudden. Madam Campbell and Mrs. Campbell rushed toward Dominic and helped him with the towel in his mouth.

"Dom, why are you here? Even the doctor said that you could not leave the hospital"

Dominic was dumbfounded, he had no idea what had happened.

The only thing he knew about last night at Night City and then he went to the hospital Initially, he decided not to sleep the whole night.

However, after taking a few infusion, he could no longer hold on. There was probably sleeping pills in his infusion.

Madam Campbell got up and walked toward Elizabeth. She slapped her hard on the face.

Elizabeth did not dodge. She would treat it as paying Dominic's injuries last night.

Dominic said anxiously, "Mom..."

Chapter 779 Murder

A loud applause rang out, Elizabeth's face tilted to the side, it was very painful.

Dominic's eyes were filled with distress. "Mom, don't you dare hit her."

He suddenly realized that marrying Lizzy home didn't bring any benefits to her, it seemed to make her feel even more troubled.

Madam Campbell scolded. "Dom, she deserves it. Didn't you see that he kidnapped you just now? If we were to be late, she may have killed you!"

When Madam Campbell thought about this, she became even angrier and glared fiercely at Elizabeth.

"Elizabeth, tell me, you have so many bodyguards. What are you planning to do? Do you want to kidnap Dom and ask for money from us? Or do you want to kill him?"

After Madam Campbell said that, she grabbed her and shook her hands.

"Speak!"

Elizabeth glanced at Dominic and suspected that he had a dissociative personality disorder. She couldn't say it.

After saying that, they would only think that she was looking for an excuse, so she kept quiet.

Madam Campbell suddenly let go of her, "No, I want to call the police. Such a vicious woman should be caught and she'll be imprisoned for the rest of her life."

She began to take out her phone. The ropes on Dominic had been untied, and Hazel's face was filled with anxiety.

“Young Master, are you alright?”

Dominic got out of bed and took her mother’s phone. The number had already dialed.

“I’m sorry. I hit the wrong number.”

He spoke to the phone and hung up.

Mrs Campbell was furious. “Dom, why would you help a woman like her?”

Dominic looked at Elizabeth. Half of her face was swollen. Her skin was too fair, so the five finger marks were obvious.

Dominic walked toward her and caressed her left cheek.

“Lizzy, I’m sorry!”

Only then did Elizabeth realize that Dominic was no longer Saint. His gaze and warmth were completely different from Saint

Dominic,” she blinked.

A surprised expression, as if she hadn’t seen him for a long time.

Dominic smiled faintly, “Yeah, I’m here. I won’t let a yone hurt you again.

Elizabeth’s eyes flickered. This is Dominic. He’s back to normal again.

Hazel saw the young master being so gentle with Wade and felt a little upset, but she knew that they were husband and wife.

She was just unnecessary, so she turned around to leave.

Elizabeth looked at her disappointed expression and knew that she was jealous.

“Hazel, don’t go.”

She walked towards Hazel and tugged on her sleeve,

“Hazel, don’t leave anymore. We hope you stay.”

Working in a place like hell was very dangerous to an innocent person like Hazel. Moreover, she hoped that she could stay and build relationship with Dominic.

Hazel shook her head. “Lizzy, I know I was wrong before. I shouldn’t have...”

After saying the last sentence, she lowered her head slowly.

Elizabeth had a smile on her sweet face. It seemed that during the time she left, she had learned a lot and had grown a lot.

She caressed her little face, “You stay, don’t leave! Go take a shower and change your clothes. Your room is still for you. Everything inside is the same as before.”

Hazel was very touched and her eyes were filled with tears.

“Okay!”

She responded with a crying voice, then glanced at the person inside.

“Lizzy, you have to protect yourself.”

When she saw Madam Campbell hit her just now, she felt sorry for her. She really wanted to go and help her.

Elizabeth smiled, “I’ll handle it. Go ahead!”

After Hazel left the room, Madam Campbell and Mrs. Campbell remained angry as they surrounded Dominic

“Dom, we could not just let it go like this.”

Madam Campbell spoke. When she looked at Elizabeth, her gaze was fixed on her like a knife.

Chapter 780 He Is Dominic

Madam Campbell held Dominic’s hand. “Let’s go. Why are you here? Go home”

Seeing her son like this made her heart ache.

Ever since he was young, they had always cared for him. Besides, he was very sensible since he was young. He was good at learning and had never made them worry about him.

Every time he was first place, and he managed the Campbell Group very well. Dominic had always been her pride.

But ever since he met Elizabeth, he started to disobey them, thinking about this woman all the time.

Previously, if it weren’t for his eyes and his illness, only Elizabeth could get him to cooperate with the treatment, they wouldn’t have agreed to this marriage.

Now, they really regretted it.

If Dom had never encountered Elizabeth in this lifetime, the Campbell Family wouldn't have become like this.

Dominic looked at the beautiful woman at the door. She had a good figure. Her skin was fair and her face was sweet

The only disadvantage was that her left cheek was swollen and the five finger marks had affected her perfection.

"Mom, Granny, you guys go home first. I have something to talk to Lizzy. We'll go home later and have dinner with you guys"

Madam Campbell and Mrs. Campbell were unwilling to go. What was there to talk to her about?

"Call the police and sue her for murder. Just let her go to jail"

But the two of them listened to Dominic.

Madam Campbell caressed his injured face. Her face was filled with distress.

Yeah, remember to come back earlier. Granny asked the servant to make soup for you. You've lost so much blood last night. You'll have to make it up."

The more she said that, the more her heart ached.

It was all Elizabeth's fault. If it weren't for her, why would Dom get hurt?

Mr. Campbell said coldly to Elizabeth, "Remember to bring Dom home earlier. You have to prepare dinner."

After saying that, she walked out of the door. Madam Campbell was reluctant to stay any longer. She sighed and walked away.

When she walked past Elizabeth, she rolled her eyes at her.

Take good care of Dom.”

The room fell silent. Dominic stood opposite Elizabeth and looked at Jeeply

He reached out to touch her left cheek, and Klusbeth quickly walked inside.

“Dominic, can you go to the hospital with me? I think you need to see a doctor.”

Dominic was stunned for a moment. “My head is fine. It doesn’t hurt anymore. I don’t need to see the doctor anymore. It’s your face. Do you have any ointment for swelling at home?”

Elizabeth became serious “Dominic, you’re really sick. Your different personality, he...

Elizabeth did not know if she could say this.

She didn’t know much about psychology. If she said it so bluntly, would he be unable to accept it and worsen his illness?

Dominic saw that she already knew, so he stopped hiding it from her. You know”

Elizabeth was surprised to see Dominic like this.

“So you know it yourself?”

Dominic sat on the sofa and looked at the door, looking a little lonely.

“I don’t know why I have this disease. I’m looking for a psychiatrist, but I haven’t found out the exact cause of it yet. He’s getting stronger and stronger. Jason said that my main personality is getting weaker and weaker. In the end. I’ll be completely possessed by that personality, and I will disappear forever.”

Elizabeth covered her mouth when she heard this.

“Disappear forever?”

Even though she hated Dominic before, she now realized that the person she hated was Saint, not Dominic

Dominic was still the same as before. The warm one was the good person she knew.

Dominic’s face darkened. “Lizzy, I’m sorry. I know he’s treating you badly and wants to hurt you. But I could not control him. He seems to

know everything about me, but I don’t know about him.”

Elizabeth nodded. “Let’s go see the doctor together today. Maybe I can help you.”
