

## Game Over 791

Chapter 791 I Am Not Interested in Men

Matthew had on a lot of things bha this, so he know what Mr. Chen was trying to do at a glance.

The gloss Instead, he asked the water to bring a disinfectant wet towel and started wiping his hands

The phre Luke touched just now, he wiped with the disinfectant over and over again.

Luke stood rooted to the spot. Looking at him like this, he suddenly felt embarrassed. He gripped the cup in his hand tightly and snorted

coldly

“Matthew, do you dislike me? Everyone says that you like young men. You even used thousands of bodyguards to protect a twink. We’re all of

the same kind, no one is more noble than another.”

After saying that, he drank the wine in one gulp. Young Master, I won’t accompany you today”

Luke tossed the glass and walked toward the door.

Mr. Chen looked surprised, then shocked Why would this brat dare to say anything?

“Damn it, if you ruin my business, I’ll kill you ”

Mr. Chen did not catch up It was obvious that Matthew did not hke this brat.

I’m getting more and more curious about the looks of that gorgeous twink. How could Matthew care about him so much? Even Luke could not

compete with him. How stunning can he be?

“Mr. Hilton, I’m sorry. My cousin is still young. Don’t be angry”

After wiping his hands, Matthew watched Abby while Abby ate her food happily.

Looking at the way she ate, he found she was so cute.

Matthew finished serving Tia before replying to Mr. Chen

“Mr. Chen, if you want to work together, don’t do this. I’m not interested in men, the same goes for women.”

He was only interested in Elizabeth, the mother of his kids.

Mr. Chen was slightly dumbfounded. He was not interested in men and women. This Matthew is really a pervert!

He laughed. “Mr. Hilton, of course I’m sincere. I’ll give you a toast”

Mr. Chen had no choice but to continue on his own. He could tell that Matthew was very concerned about the little girl. He looked toward

Abby and remembered the little girl’s face.

I need to have a good relationship with this little girl

After Elizabeth got off work, she received a call from Dominic. He was waiting for her downstairs and he went to the Wade Residence

together.

Scott took a contract and said. "Mrs. Wade, you need to sign this."

Elizabeth signed the contract and handed it to him.

"Get off work!"

Recently, they had been working overtime, and Scott had been accompanying her.

Scott laughed. Yeah, we can finally get off work on time today. Mrs. Wade, do you want to have dinner together and have a drink? Let's treat it

as a celebration of our partnership with the Hilton Group."

Elizabeth really wanted to go. It had been a long time since she had gone out to relax.

Previously, they were poor, but occasionally, they could go out with Jess. Recently, they seemed to be very busy, and even gatherings had

become a luxury.

"It's fine. I have something to do tonight. You can go!"

Elizabeth got up and walked to the lounge. She applied some makeup to make herself look better.

When she exited the company, Dominic's Benz was parked at the entrance. The black car was low-key and luxurious.

Upon seeing her out, the driver got out of the car and opened the door for her.

Young Mistress.”

Elizabeth had gotten used to this address when the driver called her. She nodded slightly and bent down to get into the car.

Dominic was wearing a silver suit. His face was warm and he looked like a handsome young knight.

Elizabeth felt like it had been a long time since she saw such a Dominic. It seemed like Saint had appeared more often, and she almost forgot

about the real Dominic.

Dominic smiled faintly like the sun.

“Lizzy, it’s been a while since I visited grandpa. After eating at the Wade Family, let’s go to the sanatorium to see grandpa.”

Elizabeth nodded after hearing this, “Okay.”

Actually, grandfather had asked Dominic several times, asking why he didn’t show up.

Elizabeth would always say that he was busy. If he wasn’t, he would come over.

At that time, she had never thought of letting him see her grandfather. If he went to see her grandfather, she knew what would happen, so she

did not dare to take the risk.

Chapter 792 Both You And Your Daughter Are Vixens.

Richard went out to pick them up when they reached the Wade residence. He was wearing casual clothes today and looked much younger.

“Lazy. Dominic.”

He walked over with a smile.

Dominic called him, “Dad.”

Elizabeth called him too, “Dad.”

“Let’s go in!” He smiled.

It was obvious that he was really happy. Dominic was more experienced in dealing with elders than her, and he was more skilled in dealing

with others.

Thus, Elizabeth could only follow him. Besides, he even brought gifts with him.

He bought Richard a bottle of wine and a membership card of beauty salon for Celine. He also bought cosmetics for Tiana.

Hence, Celine, who had gotten the things, was quite happy. She spoke politely.

“Dominic, you’re wasting so much money.”

Celine was very satisfied. Recently, her skin was not as good as before. She could use some cosmetology.

Naturally, she was overjoyed. She ordered the servants to accept the dishes and went into the kitchen to have a look at the dishes. She even

asked them to add some vegetables.

Richard saw Celine enter the kitchen and asked Elizabeth.

Lizzy, has Auntie Campbell visited you? When she comes next time, tell me that I'll treat her to a meal."

Elizabeth heard this and shook her head, indicating no.

However, why did he suddenly think of Auntie Campbell?

Richard was obviously disappointed, "You've been married for so long, hasn't she come for once?"

Elizabeth really did not understand. Why did he seem to be very interested in Auntie Campbell?

Elizabeth replied to her softly, "Although she acknowledges me as her goddaughter, I didn't even change the way I addressed her, so our

relationship isn't that good."

Actually, she knew very well how well Auntie Campbell treated her.

However, she had instructed her to keep their relationship a secret from the outside world, so she did not ask her to call her godmother.

Now Richard actually asked about her. It seemed that Auntie Campbell's identity was something even her father cared about.

Maybe it was for business!

Richard looked a little nervous when he saw Caline coming out He pointed at the snacks on the table

Have some fruits or snacks Dinner might take a while longer

He deliberately changed the topic. Dominic talked to him about some company matters and then talked about Master Wade

Elizabeth was eating an apple. Since she didn't eat much at lunch, she was really hungry

Today, Celine was acting not like her. She came out of the kitchen smiling happily.

"Darling, we can start eating in about half an hour."

She sat down next to Richard and looked at Dominic

"By the way, Dominic, when are you guys planning to have a kid? You've been married for a few months. Why aren't there any news about

babies?

Celine was hoping that Elizabeth would have a kid with Dominic so that Matthew would give up

The identities of the three children could be kept a secret forever

At this moment, Tiana returned. She was drunk af

The maid rushed over to help her up “Miss”

Elizabeth saw the people in the living room and pushed the servant who supported her

“Elizabeth, you vixen

She rushed to Elizabeth’s side Doming pulled Elizabeth to his sude and Tuna threw herself into nothing

Tuna saw this and she was infuriated

She held onto the sofa and stood up again. The scent of alcohol on her body was strong. How much did she drink? The scent of alcohol was

disgusting

“Elizabeth, you’ve married Dominic, and you could not get close to him anymore. So you send your daughter get close to him. You’re BE

shameless, and your daughter is shameless too! You’re an old witch, and your daughter is a little witch.”

Celine felt upset when she heard this

Chapter 793 Those Three Children

As long as the three children were related to Matthew, he would be nervous.

She walked over and helped her daughter up. "Tia, what are you doing? Why did you drink so much? There are guests at home. Don't make a

scene."

After saying that, she helped Tiana to the elevator while Tiana struggled.

"Mom, let go of me. I'm going to kill Elizabeth, because of her, Matthew doesn't even want to see me now. He drives me out every day. I'm also

humiliated. Besides, she even asked her daughter to call him Daddy. I'm so angry."

Celine felt even worse after hearing those words.

Her eyes were filled with worry. Did Matthew know everything?

No, no. If I knew, the situation would not be like this now.

Based on his love for Elizabeth, he would definitely take her back.

He doesn't know. He doesn't know.

In fact, Celine was not sure. She hypnotized herself and said that he definitely didn't know.

Celine brought Tiana to her room and placed her on the bed.

"Tia, your dad is at home today. What are you you?"

Now, she felt that Richard had changed. It seemed like he was very concerned about Elizabeth, and he would ask her to go home to eat from

time to time. It was still difficult for and Matthew to get married, so Elizabeth's good marriage was important.

Richard used to treat Elizabeth badly because of her mother. It was also because of her excellent scheming to make her mother hate Elizabeth

so much.

Now that she married Dominic, the Campbell Family was the second largest family in A City. Hence, he treated Elizabeth well, and his

intention was obvious. He valued her status.

Tiana burst into tears. "Mom, Matthew said today that he would never marry me. It's all Elizabeth's fault."

She slumped onto the bed and cried, her hatred strong.

Celine's heart tightened when she saw her daughter like this. She went over and hugged her.

"Tia, calm down. What's the point of him saying that? You're the granddaughter-in-law appointed by Old Mr. Hilton. It doesn't matter what he

thinks."

1/2

Tiana had thought so before, but now, even Old Mr. Hilton did not help her much.

I'm so helpless, so helpless.

"Mom, I want to kill Elizabeth I want to kill her

Tuna felt that she had lived in the shadow of Elizabeth ever since she was born, so she could only be the Second Mas

Moreover, in his grandfather's eyes, he always treasured only Elizabeth

Now, even the man she liked only liked Elizabeth. She hated it

Celine recalled her brother. In order to kill Elizabeth, he ended up in prison.

Ever since her brother did his time, his mother and sister-in-law kept asking her for money like a bottomless pit.

Tana grabbed her sleeve. "Mom, I beg you. I want her dead. I want her to disappear forever"

Celine nodded. I know you hate her, but I think her three children deserve to die too."

The incident back then was planned by her. She thought it would ruin Elisabeth's life, but unexpectedly, she gave birth to three precious

babies.

As long as the Hilton Family knew that the three children belonged to the Hilton Family, then Elizabeth and her children would be rich. They

would enjoy a glory and wealthy life.

Therefore, what's the point of taking Lizzy's life? I want her to live a painful life,

Tu, I'll handle this. Be good and stay in the room. I'll go down and accompany the guests."

She stood up, turned her head to look at her daughter in pain, and pushed the door out.

Celine even asked the servant to guard the door, not letting her go down and causing trouble.

In the dining room, Richard and Dominic even poured some wine. Elizabeth sat beside Dominst

Elizabeth did not eat it herself. She was a little lost in thought

Chapter 794 A Beautiful Twink

Celine entered the dining room and said with a smile.

"I'm sorry for Tiana. She drank too much. She was talking nonsense!"

After saying that, she sat down next to Richard and advised him.

"Darling, the doctor said that your blood pressure is high. Don't drink too much."

She seemed to be completely unaffected and transformed into a good wife and a good mother.

"Lizzy, you seem to have lost weight recently. Eat more."

Elizabeth returned her senses and looked at her. She was still smiling at her. Elizabeth felt that this feeling was very weird..

She had heard everything that her daughter said earlier.

Now that Celine was like this, she was hiding a knife in a smile.

Elizabeth did not dare to eat the food she had given her, fearing that she would be poisoned to death.

After the meal, Richard still had to drag Dominic to play chess. Dominic said that he would do this next time. He had something to do tonight,

so they have to leave first.

Because he could tell that Lizzy was not happy at the Wade Family.

Elizabeth and Dominic were about to leave when Christina and Francine of the Campbell Family entered the house. It seemed like the two of

them had come here on purpose.

When they saw Elizabeth and Dominic, the two of them smiled and talked to them.

“Lizzy, Mr. Campbell.”

Elizabeth called them, “Aunties.”

1/2

Dominic also called them, “Aunties.”

Both of them nodded slightly and walked toward Celine.

“Sister-in-law, the two of us heard some news and we’re here to inform you.”

Celine accompanied Richard and wanted to send Dominic and the rest off. She pointed to the living room.

“You guys sit there and wait for me for a while.”

Christina couldn't help but say, “Aiyah, this is a big deal. It's much bigger than sending Lizzy off. It's about the happiness of Tia!”

Celine was anxious by their nervousness, so she said coldly.

“What do you want to say? Say it straightforwardly.”

“We are all family, so I won't hide it from you. Lizzy, don't go and listen to me!”

Elizabeth turned around and looked at the two aunties. She also felt that the two of them were acting strange today and wanted to hear about

Dominic noticed it too. Lizzy wanted to hear it, so he stopped.

Christina saw that the others were looking at her and she sighed.

“There's a rumor saying that Matthew likes men. A few days ago, he mobilized tens of thousands of bodyguards to save a young man. I heard

that the young man was very handsome and was prettier than a woman. He definitely had a rare beauty! He was the one Matthew liked.”

After saying that, she sighed again. “If that's the case, how will you spend your days if Tia marries him? Sister-in-law, that's why we're here.

Don't marry Tia into the Hilton Family. Otherwise, what's going on?"

Elizabeth's eyes narrowed slightly upon hearing this.

Matthew liked men? Ten thousand bodyguards to save a young man?

Elizabeth,"

Dominic was a smart man. He recalled that Lizzy dressed like a male that night.

After that, he asked her to give Matthew a call. It must be that night.

"But the rumors are too dramatic. Ten thousand bodyguards?"

Hah!

"Dad, you don't have to send us off. We're leaving now."

After saying that, he dragged Elizabeth out of the room. Celine no longer cared about Elizabeth and the others.

The expression on her face changed. "These are all rumors. Who doesn't want to have a rumor with Matthew? Have you guys never thought

about letting your daughter have a rumor with him? It must be fake."

Richard, however, became slightly serious. "Celine, we need to investigate this matter thoroughly. Otherwise, Tia won't have a good life after

marrying to him."

“That’s right, Brother! Look at Lizzy. She’s married well, and she’s becoming prettier. Dominic treats her well. If Tia marries Matthew, it

sounds like a good match, but Matthew doesn’t like her, and she’s going to fight a man for her husband. It’s pathetic to think

Chapter 795 She Is Jealous.

On the way back, Elizabeth was lost in her thoughts. She leaned against the seat and stared blankly outside.

10,000 bodyguards to save a young man. What does Matthew have to do with that young man?

She actually felt a little jealous. Even if he was a man, she was jealous.

He treated this young man very well. Besides, the young man they described was so good looking

Sigh!

She let out a long sigh.

Suddenly, her eyes lit up. “Dominic, do you know the people from the City Hall?”

In fact, she did not even personally show up for their marriage certificate, so she was sure that Dominic knew someone in City Hall

Dominic looked at her and shook his head.

“I don’t know anyone.”

Elizabeth's eyes had a trace of disappointment. She pursed her lips and pondered for a while before she spoke.

"Dominic, I hope when you're awake, we can get a divorce. Marrying me is the decision of your another personality. He didn't exist, so our

marriage is also wrong."

Dominic's expression changed. As long as she saw him, she talked about a divorce, how much she hated this marriage.

"Since you want to get a divorce, let's go now."

Elizabeth smiled clearly. "Really? Thank you, Dominic."

Dominic said to the driver,

the City Hall."

After saying that, he took out his phone and made a phone call. He said that he was going to get the divorce and get someone to do it for them.

Elizabeth listened and knew that he probably knew someone.

After all, she did not participate in the marriage certificate. If he did not know anyone, how could he do it?

"Okay, Mr. Campbell."

Next, Elizabeth exclaimed, "Ah, we didn't bring our marriage certificate. Why don't we go back and get it?"

Dominic was amused by her surprised expression, then he let out a long sigh.

“Lizzy, don’t y

! you

like

ke me a bit?”

He stayed by her side for more than six years and then they got married. However, she only wanted to divorce him. It was really too sad.

Elizabeth peeked at him. From his face, she could see a trace of sadness.

However, she no longer wanted to suppress herself.

Especially after experiencing all these, she really wanted to break this kind of marriage, not wanting to be trapped in it.

“Dominic, I’ve told you, I’ve always treated you as my best friend. So I don’t have feelings for you, do you understand? It’s just...”

Elizabeth did not know how to explain herself so that he would understand. The more she spoke, the more confused she became

Dominic chuckled softly, “Do you think I’m a woman?”

"I'm considered an excellent man in A City! There are many women who want to marry me, but is he like a woman in Elizabeth's world?"

"No, of course you're a man. Besides, you're a very handsome and outstanding man. But love needs chemistry. So no matter how handsome

you are, no matter how outstanding you are, I don't have the chemistry. Don't be angry! I feel that Hazel is very fond of you."

After saying that, she winked at Dominic. It was obvious that she was hinting him!

Dominic's gaze on her deepened. If he insisted on not getting a divorce, he could keep her by his side.

But he understood Lizzy. The more he forced her to stay by his side, the more likely he would really lose her.

Although he was reluctant, he wanted Lizzy to remember him, even if it was the little bit of gratitude she thought.

Elizabeth saw him staring at her, and she slowly lowered her head..

"Dominic, I'm sorry if I hurt you!"

Dominic pulled her hand, "Lizzy, I'll agree to any requests you make. There's no need to feel guilty, and there's no need to feel sorry! I'm

willing to do all these."

Whether it was to save her back then and take care of her sons, or the divorce she wanted, he was willing to do.

Chapter 796 Divorce

Dominic's every word hit Elizabeth's heart, making her feel even more uneasy. She looked at Dominic and said.

"Silly!"

After the two of them settled the divorce procedures, Elizabeth was very happy when she received the divorce certificate that belonged to her.

Dominic looked at the smile on her lips and the expression on her face as she looked at the divorce certificate.

It seemed that this marriage was a right decision, at least she was happy now.

Dominic handed her his certificate as well.

"Lizzy, Saint will appear again. So keep this divorce certificate and don't let him find out."

This was a decision the two of them discussed and they will keep it from Saint Even though Dominic himself did not know if he knew about it.

But this certificate should be kept by Lizzy.

Elizabeth took it. "Yeah, I'll definitely keep it."

The two of them went to the sanatorium together. The sanatorium Master Wade lived in was a small villa with a small courtyard.

Normally, he liked pots and tea. There was a small courtyard, so when he was free, he would take care of his plants in the yard.

In the middle of the courtyard, there was a small pavilion with tea utensils. If there were guests coming, he would make tea and chat with

them.

Master Wade was resting here, and his condition was getting better and better.

By the looks of it, after leaving the troublemakers of the big family, one would be more energetic.

The two of them entered the small courtyard and found that Abby was playing butterflies in the courtyard.

Elizabeth called her, "Abby, why are you here?"

When Abby saw her, she ran towards her and asked, "Lizzy, are you here to visit great-grandpa too?"

"Let me ask you, how did you get here?"

Ms. Elliott said that the Campbell Family had sent people to fetch the children. She knew that the Campbell Family was trying to force them to

go home tonight. She thought that Abby was brought to the Campbell Family too.

When Abby saw Lizzy's unhappy expression, she turned and pointed to the pavilion not far away.

"He brought me here!"

In front of Mommy, she did not dare to call him Daddy. She would definitely be scolded.

Elizabeth and Dominic looked at the pavilion at the same time. A tall man was sitting there. He was wearing a black suit and his features were

handsome. His expression was cold and serious. His gaze was cold, his lips were tightly pursed, and his hair was neat

Master Wade was talking to him. He merely listened to it indifferently and did not respond

Elizabeth furrowed her brows Why is he here?

Hence, she patted Abby's little face and said, "You have fun! I'll go see your great-grandpa."

Elizabeth walked over and Dominic's expression darkened.

He had been feeling upset after the divorce, but now that he saw Matthew, he looked even more sorrowful.

He decided to accompany Abby.

Elizabeth walked to Master Wade's side, supporting his shoulder with both hands, and greeted him with a smile.

"Grandpa!"

Master Wade turned to look at her and smiled.

"Is Dominic here? He said he's busy, is he not willing to see me?"

The outside world agreed that Elizabeth and Dominic were in a good relationship. They were very loving!

Wade's grandfather was relieved to hear that.

Dominic smiled and called him, "Grandpa, I'm here."

He walked over and asked about Master Wade's condition.

Matthew was sitting there with an indifferent gaze,

Dominic nodded and greeted him.

Master Wade poured some tea for the two of them. "Have a seat! I just made a pot of tea. You two have a taste."

Dominic pointed at Abby. "I'll go play with Abby."

Elizabeth knew Dominic would feel awkward. He knew that the person she loved was here. They just got a divorce and would definitely feel

upset.

She did not expect Matthew to come either. Otherwise, it would not have been possible for her to bring him here.

Elizabeth stole a glance at Matthew. He was still as indifferent as ever.

He was talking to his grandfather about plants and he didn't even look at her. However, he actually knew stuff about plants. There was

probably nothing he didn't know, right?

Elizabeth asked, "Mr. Hilton, why is Abby with you?"

Chapter 797 Something Happened

Elizabeth was the most puzzled. Shouldn't she be in the Campbell Family?

However, thinking about it, she was much better being here.

Only then did Matthew cast a cold gaze without a trace of warmth.

Elizabeth still felt a little upset. It was not like before.

She held the hem of her skirt with both hands to calm herself down.

"Abby said that she thought of staying at my house for a few days. Do you have any objections?"

Elizabeth stared at him in a daze. It was as if she couldn't control herself when she looked into his eyes.

"No problem."

Recently, she had to help cure Dominic's illness, so even if they were divorced, she would not make it public.

Only after she defeated Saint would she really leave Dominic's life.

Therefore, she still had to spend some time in the Campbell Family. However, she did not dare to imagine what she would experience during

those days.

Thinking that her two sons were still in the Campbell Family, she was very worried.

“Mr. Hilton, can you let Arthur and Antony stay in your house for a few days?”

Of course, Matthew had nothing to say. Of course, he hoped that his own kids could live in his own home. Previously, he hadn't fulfilled his

duties as a father.

“Sure, but they don't seem willing to, they want to accompany you.”

She knows his sons best. Those two boys will not put their baby sister here unless they had to.

Even though they knew that he was their father, they had no intention of acknowledging each other.

Moreover, they even assigned him a mission. Only after he married their Mommy would they be able to reveal their identity. Otherwise, don't

even think about it.

No matter what, their goal was clear. His father had become a tool, and he had only contributed a few semen. If they wanted them to

acknowledge him, it was up to Elizabeth.

Elizabeth instantly understood when she heard this.

Sure enough, the two boys sent Abby to Matthew.

“Why did you let the kids stay at Matthew’s house?”

The more he listened, the more he felt that something was off. Could it be that Lizzy and Dominic really did not get along, or did they quarrel?

Dominic looked unhappy today.

Elizabeth only remembered her grandfather at this moment. She was stunned. How should she explain herself?

Matthew said indifferently. “Ms. Wade is quite busy lately. The kids have a week’s leave, but she doesn’t have time to take care of them. My grandmother and the three kids are relatively familiar. My grandmother has been looking forward to having great grandchildren, so she invited the

three of them to accompany her.”

Elizabeth replied. “That’s right, that’s the case.”

Master Wade sighed. “It’s all my fault, otherwise you can send them here. I’ll help you take care of them.”

Elizabeth reached out and caressed the back of his hand. “Grandpa, you just need to take a good rest and live a long life. You don’t have to

worry about anything else.”

At this moment, Dominic’s phone rang and he answered it.

“Dom, come back quickly. Something bad has happened.”

Dominic did not know what was happening? He asked.

“What happened?”

Your grandfather, your grandfather fainted.”

Dominic stiffened upon hearing this.

“Okay, I’ll be back soon.”

“Ering Elizabeth with you. If it weren’t for her, your grandfather wouldn’t be like this.”

After saying that, he hung up the phone and strode toward the pavilion.

“Lizzy, something happened at home. Let’s go home.”

Elizabeth was initially chatting with Matthew. It felt good. The two men beside her were her favorite. It was great to have tea together!

Elizabeth suddenly thought of her two sons. Did something happen to them?

She stood up abruptly. “Is it Abby and Arthur?”

Chapter 798 Why Is Abby So Much Like Matthew

Matthew noticed her panic and looked coldly at Dominic. If anything were to happen to his sons, he won’t let him off.

Dominic also sensed Matthew’s gaze. He didn’t respond, instead, he averted his gaze and looked at Elizabeth.

“Grandpa fainted ”

He said so just to make her feel at ease. But what exactly happened? They'll only find out after they're back.

Master Wade said, "Go home quickly!"

Previously, the Campbell Family and the Wade Family hadn't been in contact much.

However, they knew each other. Now that they had become relatives by marriage, it was only natural that they were worried about each other's health

Elizabeth nodded and then told Matthew and Master Wade.

"Grandpa, Mr. Hilton, take your time. We'll go first "

Holding her bag, she walked towards Dominic and asked him as she walked.

"Because of Arthur?"

The two boys had always been quite good, but they wouldn't let anyone bully them. It was terrifying when they fought back.

Dominic laughed, "Of course not."

Abby ran over. "Mommy, are you leaving?"

As she spoke, she looked at Dominic, "Dom, can you stop being mean to Mommy and my brothers?"

Only after hearing this did Dominic understand why Abby refused to let him touch her or play with him.

It turned out that it was also because of Saint

Dominic nodded solemnly, "No, I won't."

Elizabeth bent down and whispered into Abby's car.

"Darling, be good and stay by Mr. Hilton's side. Be obedient. If there's a beautiful aunt approaching him, tell her that he's married."

"Okay!" Abby chuckled.

She kept sending the two of them to the entrance of the small courtyard and waving her hand.

"Lizzy, Dom, bye!"

Matthew watched the two of them leave and realized that Dominic was different from the Dominic he met the other day.

"Today, he didn't have any hostility, nor did he have an arrogant aura. He had become gentler.

He took out his phone and sent a text.

"How is Dominic's condition investigated?"

Before long, Jake sent her a text.

"Boss, investigate it thoroughly. Dominic has dissociative personality disorder, it's confirmed."

Matthew narrowed his eyes. It turned out so.

Master Wade saw him looking at his phone, so he said.

“Matthew, if you’re busy, you can go home! Abby can stay with me, I can get someone to take her.”

Master Wade still did not want to trouble the Hilton Family. Even though Matthew was in a relationship with Tia, they might become a family

in the future.

However, Abby was Lizzy’s kid. It’s not appropriate to trouble the Hilton Family.

Matthew kept his phone and said softly.

“Old Master, I’ll take care of Abby.”

“She’s my daughter. It’s more appropriate for me to take care of her.” He thought to himself

Lizzy trusts him so much. Besides, Matthew is so strong that it’s hard to estimate.

It was best for him to protect Abby

At this moment, Abby ran over and rubbed her eyes. She leaned against Matthew, looking very sleepy.

Matthew carried her to his lap and asked gently.

“Are you tired?”

“Okay!”

Matthew patted her gently, looking like a good father.

Master Wade watched the scene and his gaze shifted to their faces. Then, he opened his eyes slightly, as if he had discovered something

incredible?

His hand that was holding the glass was trembling. His whole body was not feeling well.

He didn't look at them carefully before, but after comparing them so carefully, Abby and Matthew looked quite alike.

Especially the nose and mouth, they looked like they were father and daughter.

Could it be that the three children belonged to Matthew?

If that's true, then it's bad news. Something bad is going to happen.

The cup in his hand fell to the ground, and his breathing became faster. His large hand covered his heart

Chapter 799 Give Me A Great-Grandchild

"Someone help."

Following that, the doctors and nurses rushed over and quickly helped Master Wade into the house to feed him medicine.

After taking the medicine, he looked much better. He was lying on the bed, and he was already awake.

Matthew asked the servant to carry Abby into the car. He watched Master Wade's condition stabilize before he prepared to leave.

Matthew stood beside the hospital bed, looking unusually tall.

Not only was this man outstanding, but he also had a good body. His legs were long and shoulders were broad.

Master Wade looked at him. A man like him was indeed liked by a girl..

“Every woman in the world can like him, except for Lizzy.”

Matthew noticed that he wasn't in a good mood and said in a low voice.

“Old Master, take a good rest. I'll visit you later.”

After saying that, he instructed the doctors and nurses to take good care of Old Mr. Hilton and even asked Esme to give them some money.

After doing all of this, he turned around and left. He was about to walk to the door.

Master Wade suddenly spoke. His voice was a little hoarse and his breathing was unsteady.

“Matthew, Lizzy is married. I don't want him to get a divorce. Help me tell her to spend the rest of her life with Dominic. Dominic is a good

man. Let her cherish him.”

“That's not meant for Elizabeth.”

He was saying that to Matthew. He hoped that Matthew should give up no matter what happened in the past.

What should be forgotten is forgotten. Everything ends at the moment when Lizzy gets married

Matthew stopped in his tracks and didn't say anything. His eyes darkened slightly. It seemed that he still had a long way to go before marring

Lizzy. Then, he strode out.

Elizabeth and Dominic returned to the Campbell Family. Everyone was in Master Campbell's room.

When the two of them entered, everyone looked at them and Mrs. Campbell said.

"Dom, come and talk to grandpa to go to the hospital"

Dominic walked to the bed and called him.

"Grandpa."

Master Wade was lying on the bed with his eyes closed. He did not look like he was sick.

Only after bearing his voice did Master Campbell open his eyes.

Then, he sighed.

Madam Campbell was anxious and sobbed.

"Old man, say something! If you're not feeling well, let's go to the hospital."

After saying that, she scolded, "It's all their fault. How did you raise your kids?"

Mrs. Campbell turned her head and glared at Elizabeth. "How do you raise your children? They made old master so angry! What do you have

in mind?"

Elizabeth searched around the house when she entered, but she did not see her sons.

She pursed her lips. "Mom, this should be a misunderstanding. Arthur and Antony are very obedient. They won't anger grandpa."

Actually, she wasn't sure either. Those two boys wore a piece of work..

Previously, they had their sister around, so they would not take it too far.

After sending their sister off, the two of them would loose control. Elizabeth knew this very well

"Misunderstanding, look at Grandpa. How angry is he? They were the only ones in the study with Master Wade. If it wasn't them, could

Master Wade faint?"

Dominic saw them scolding Elizabeth and his expression turned cold.

"Mom, there's no evidence. Listen to grandpa."

Dominic looked at Elizabeth and apologized to her with his eyes, telling her not to care. He would settle everything.

Madam Campbell loved her son very much. Now that he had spoken, she won't dare to say anything else.

But that gaze was like a knife, like a knife stabbing Elizabeth.

Elizabeth walked to the side of the bed. "Grandpa, did Abby make you mad?"

Master Wade saw her and he let out a long sigh.

"Dom, when will you and her give me a great-grandchild? I could not wait anymore. You have to give me one or two in a year."

Chapter 800 The Genes Are Too Good

Everyone in the room was dumbfounded upon hearing this

Dominic did not expect his grandfather to say something like that, he smiled.

"Alright, Grandpa "

Elizabeth furrowed her eyebrows slightly The Campbell Family is forcing me to divorce Dominic

Why did he suddenly ask them to have a kid?

I don't understand. I don't understand at all

Mr Campbell's jaw dropped in shock Madam Campbell cursed

Damn old man, did you hit your head? What did you think of letting Dom and Elizabeth have a kid?"

Their family had agreed to let the mother and sons move here in order to give them a hard time and torture them Elizabeth would definitely feel sorry for the children and then divorce them.

“Why is Master Wade doing now?”

Master Campbell’s face darkened as he spoke coldly.

I’m very clear beaded ”

kida

He’s too clear headed. He asked the two children to do some tests in the study today.

No matter what testes they was facing, they could do them easily. Besides, he even found a few questions that were meant to test the genius

“No matter how smart these two guys are, they could not be a genius!”

Originally, he was waiting for the two boys to fail. However, it took them only half an hour to complete all the questions, and the way to solve

the questions was clearer and simpler compared to the correct answers.

The moment he saw the answers, he was so excited that he fainted

Now that he thought about it, he was also very excited. These two children must be 200 IQ. How could he let go of such smart gens?

Since Elizabeth was able to give birth to such smart kids, then their Dom was not bad. Their genes combined might be smarter.

Hence, after Master Wade passed out in excitement, and when he woke up again, he had an intense urge for them to have a kid.

He hopes that they can give birth to a few more babies, then it would be better

Madam Campbell turned her head and glared at Elsbeth “Why don’t you ask your two sons what they did to our Master?”

Elizabeth also wanted to see her sons, so she turned and walked out

After Elizabeth left. Madam Campbell patted Old Master Campbell’s hand a few times.

“You old man, stop talking nonsense.”

At this moment, Dominic’s father also rushed back. He had a meeting at night. He heard that Master Wade had fainted and was frightened, he

went straight back.

“What’s wrong with my dad?”

He walked to the bed and looked at the old man on the bed, his gaze full of worry.

Master Campbell snorted. “I will not die.”

He asked his wife, “What’s going on with Dad? He’s always in good health.”

Mrs. Campbell raised her chin and said, “Elizabeth’s two sons made Dad angry.”

Dominic turned his head and said, "Mom, grandpa said it wasn't Abby who made him angry. It was me. I'll put the matter of having kids on the

agenda."

Mrs. Campbell became anxious upon hearing this. "Dom, why are you so anxious? How old are you? You're still in your thirties. Don't be in a

hurry to have a kid."

Having a kid would be hard for him to divorce Elizabeth.

"I could not let them have a kid."

After thinking about this, Mrs. Campbell felt that she had to prepare in advance and decided to give Elizabeth contraceptive pills.

Elizabeth went out and asked the servant to find out that the two sons were still in Master Wade's study and were locked inside.

The expression on her face darkened slightly. She hurriedly ran up the stairs and went to the study on the first floor.

There were servants guarding the door. She wanted to go in but was stopped by them.

Young Mistress, Madam has instructed that no one can enter, and no one can let them out."

Elizabeth's mind was filled with the fact that it was already so late and they hadn't eaten yet.
