Chapter 801 Wanting To Keep These Two Boys.

In an instant, her anger rose, and her expression turned cold.

“Open the door.”

The two servants at the door jumped in shock. They didn’t expect her to lose her temper.

One of them repeated, “Young Mistress, it’s not that we don’t want to do so. We have to have Madam’s permission.”

Elizabeth walked forward, wanting to force the door open.

Neither of them dared to stop her.

“I’ll go tell Madam.”

Elizabeth did not want to say anything to them. They treated her kids like this so they were not worthy of her to explain herself to them.

After pushing the door open, she saw her two sons sitting at the carpet on the coffee table. There was a computer in front of each of them, and

they were focusing on typing on the keyboard.

They did not feel the door open, nor did he hear the footsteps of Elizabeth entering the door.

The two of them were very focused, not distracted at all.

Elizabeth looked at the two sons’ serious little faces and actually didn’t want to disturb them.

But it's almost Abby o'clock now. The two sons haven't eaten dinner yet, so they must be starving.

She walked to the two of them and called them.

"Sous"

The two sons raised their heads. Their hairstyle was the same and they looked almost the same, apart from their personalities.

Arthur is cold, and Antony is warm.

The one who was smiling at her was Antony. Arthur's face was expressionless, but there was a trace of warmth in his eyes.

Elizabeth's eyes were filled with distress "Are you hungry?"

There were tears in her eyes. They suffered a lot with her.

They loved their sister very much, so they sent her to Matthew. Even if the Campbell Family had any objections, they did not dare to tell Matthew.

The two of them closed the laptop at the same time. Antony pointed to their backpack.

"Mommy, we have something to eat. We're not hungry. Don't worry, we'll take good care of ourselves."

Arthur put the laptop into his bag.

"Do whatever you want to do. We'll always be by your side."

Elizabeth couldn't hold back her tears anymore after hearing their son's words.

She wanted to be a strong mother and she had to act like a super man in front of her children. But now, she really could not hold back anymore.

Arthur and Antony glanced at each other. They stood up and walked toward him, holding her hands tightly.

"Mommy, don't cry. We like to see you smile."

It was said by Antony, and it was also what Arthur and Abby thought.

All of them wished that their mother would be happy and like to see her smile.

Elizabeth's heart ached even more, but she didn't want to disappoint her two sons. She tried her best to squeeze out a smile and her

tear-streaked smile seemed even more enchanting

"Yeah, I'm not crying. I'm happy to have you guys accompanying me."

Antony tiptoed and reached out to wipe her tears. Elizabeth wiped it herself.

"I'll take you guys to eat."

She didn't ask what happened today. It didn't matter if Master Campbell was mad or not, she didn't want to ask.

If the Campbell Family wants to blame her, then it's fine. If the two of them make a mistake, she'll be the one who bears the responsibility.

When the three of them walked out of the study, Dominic happened to arrive at the door.

“Lizzy. I’ve already asked the kitchen to prepare food.”

He looked at the two children apologetically, “Antony, Arthur, this won’t happen again.”

Arthur asked, “Is Great-Grandpa alright?”

When the two of them saw him fall, they performed emergency treatment on him. Then, he was carried away by the servant. What was going on after he woke up?

Dominic reached out and patted their heads.

“Great grandfather is fine. He likes the two of you very much. He asked me to come down and apologize to you. I hope you can live in the

Campbell family peacefully. No one will bully you in the future.”

When he said this, he looked at Elizabeth.

Chapter 802 She Cannot Wait

“Lizzy, don’t object. Didn’t you say that you want to help me treat my illness? Since Saint wants you to stay in the Campbell family, then you

can stay here. With me here, I’ve already talked to my family and they’ll treat you as a family in the future”

Dominic had told her before that he wanted to give her a home

Even though they were divorced, he still wanted to fulfill his promise back then and give her a family, even if it was just a few short months.

Elizabeth shook her head, "Dominic, I can stay, but the two of them should go back with Ms. Elliott

She was worried. If she left them in the Campbell Family, what would happen?

What if someone tortures them?

"I don't want my kids to be in danger. I don't want them to experience all these horrible things in the adult world."

Previously, she did not think much of it. Dominic was so kind, and his family should be very kind.

However after spending days together, she realized that if they didn't like her, they wouldn't be kind to her. This was the truth in the world.

Dominic knew that she was worried about her two sons. "Let's eat first! When they're done eating. I'll send them home."

Dominic would fulfill any requests she made.

But the boys said firmly.

"Uncle Dom, we will stay."

In addition to that, Antony added in

"Where is Mommy, where are we

Elizabeth had no choice but to sigh.

“Alright, let’s go eat first.”

It seemed like she needed to bribe more people in the Campbell Family. It would be dangerous for her two sons to stay here.

She could not watch them all the time. Besides, they still had one week of vacation It would be much better if they were to go to school

After dinner, Elizabeth sent the two sons back to their rooms.

“Arthur, Antony, you don’t have to worry about me. Uncle Dom is sick. I want to help him treat his illness here. So you don’t need to accompany me. I’ll take care of myself, and your sister needs you”

She still wanted to persuade them to go home and not stay in the Campbell Family

The two little ones took a glance at each other. They sent their younger sister to Matthew because with him around, their younger sister wouldn’t need them

Besides, that man should also take some responsibility.

“Mommy, you should go to bed earlier! We won’t leave.”

Elizabeth really couldn’t do anything about these two kids. Ever since they were very young, they had a strong opinion.

Now that they’re older, they’re even more decisive.

She patted their little cheeks. “Let me take you a bath!”

Normally at home, Ms. Elliott would help them. The servants here would not care about them, so she had to do it herself.

Antony smiled. "Mommy, we're almost six. We've grown up, so we can wash ourselves."

There were more than ten days left before their birthday, and they would be six by the time.

Elizabeth smiled helplessly, "The two of you are too good, you never let Mommy worry about you."

It was getting late, she left her sons 100m.

She went to Mrs. Chen and Mrs. Jackson's room. They lived in the front building. When Elizabeth entered the small room, she saw the two of them drinking.

There was a stack of peanut and beef on the bedside table. The two of them were drinking and chatting. It was quite comfortable.

Upon hearing someone push the door open, the two of them got up in fright, wanting to hide the things on the table.

"Don't hide it. It's me."

Only then did the two mothers look at the person at the door. The two of them greeted her with a smile.

"Young Mistress."

Elizabeth walked to the table and looked at it. "You two know how to enjoy."

Mrs. Chen smiled and said, "We don't need to be on duty tonight, and Madam doesn't need us either, so let's have a drink and kill some time."

"That's right. It's all thanks to the money you give us. Otherwise, we wouldn't be able to afford the wine."

Chapter 803 He Is Taking a Bath

Elizabeth gave each of them a stack of money. The two of them were so happy that they could not close their mouths.

Young Mistress, you can tell us anything in the future. We'll be there as you please."

She already had their phone, so she could give them a call if anything happened.

Elizabeth glanced at the small room. Although the room was small, it was quite warm and comfortable to live in.

"I must say that Madam Campbell treats them quite well"

It was impossible for them to betray grandmother. At most, she could do some chores for me.

"I'll give you the money. I hope you can take care of my two sons in the future. If anything happens to them, hurry up and give me a call."

The two of them looked at each other and laughed happier.

With so much money for such a small thing, of course they were happy.

"Alright, Young Mistress."

Elizabeth returned to the main building from the second floor and was about to go back to her room to take a shower. She was really exhausted

today.

The moment they entered the living room, the servant welcomed them.

“Young Mistress, Master has instructed you to sleep with the Young Master in his room tonight.”

Normally, she would sleep in the guest room while Dominic would sleep in his own room

Now that Master Campbell had arranged it so directly, it reminded her of what he said to Dominic

“Got it,” she replied.

Then, they walked toward the stair, but the servant followed behind.

“Old Master has instructed us to watch you enter the Young Master’s room.”

Elizabeth was stunned for a moment, then smiled faintly.

1/3

“Okay, I’ll go!”

Followed by the two servants to Dominic’s room on the third floor, Elizabeth pushed open the door and told the person behind her.

“That’s enough. You guys go and rest!”

However, the two of them stood by the door. "Young Mistress, Master wants us to stay here tonight so you won't leave."

Elizabeth's eyes were filled with surprise. It seemed that Master Wade was determined to let her and Dominic have a kid.

She thought that after they left, she would be able to go back to the guest room next door.

From the looks of it now, it was impossible.

She slammed the door shut. Dominic had just come out of the bathroom. He was only tied to a towel by his waist. When he saw Elizabeth, his

eyes were obviously filled with surprise.

"Lizzy."

He called her gently and sighed.

"It's grandpa. He asked me to stay here. There's still someone guarding the door."

Dominic glanced at the door. Grandpa was indeed determined to let them have a kid.

"What do you think?" He laughed and teased her.

Elizabeth subconsciously took a step backward. "Dominic, don't forget that it's impossible for us to have a kid after we're divorced."

Dominic couldn't help but laugh when he saw that she was scared.

“Hahaha... Don’t worry, I won’t force you to do anything you don’t want. I’ll sleep on the floor. Is this okay?”

Elizabeth finally relaxed and her shoulders fell slightly

“I’m going to take a shower first.”

She entered the closet. A maid had prepared a set of pajamas for them. She chose the most conservative one with many buttons, long sleeves

and pants.

Elizabeth was reading her text with her phone in one hand while holding her pajamas in the other and went into the bathroom.

She locked the door and started taking off her clothes.

Just after taking off her clothes and preparing to take a shower, her phone rang.

Elizabeth picked up her phone and took a look. It was Matthew. She was so frightened that she quickly grabbed the bath towel and wrapped

herself

Her nervous face turned a little red. The bathroom had been used before, and the water hadn’t dissipated yet. It was a little hot.

After taking a few deep breaths, she glanced at the mirror and felt that everything was fine before answering the call

“Lizy...”

She thought Matthew’s handsome face would appear on the screen, but it was Abby’s cute little chubby face.

Her smile was sweet, and her voice was sweet too.

“I’m at da...”

2/3

She almost said that she was in Daddy’s room. She hurriedly changed the way she spoke.

“Heh, I’m in Mr. Hilton’s room. I’ll sleep with him tonight! I’m so happy!”

Elizabeth secretly asked, “Where is Uncle Hilton?”

Abby turned the camera and slid down the bed and walked toward the bathroom.

“He’s in the shower. Should I ask him to say something to you?”

Chapter 804 Jealousy

Elizabeth was startled. “Abby, no way. We could not take photos when someone is bathing!”

“That’s true, but her eyes widened, afraid that she’d miss something.

Abby walked to the bathroom door and knocked on it

Daddy... Daddy... Lizzy wants to see you take a bath.”

Elizabeth frowned when she heard this. What is this girl saying?

Then, the door opened a crack, and the man stretched out his hand.

“Give me your phone.”

Abby hurriedly handed the phone to him and covered her eyes.

“Daddy, I can’t watch a boy bathing. I’ll wait for you on the bed! Hahaha!”

After saying that, she turned around and ran out, jumping onto the bed.

Elizabeth really wanted to hang up the video right away, when she was in a panic.

The man’s deep and sexy voice sounded.

“Mrs Wade, what’s up?”

He was speaking in a serious manner. In fact, he had already heard what his daughter said just now.

Looking at the woman with a blushing face and a blurry gaze on the screen, the corners of his lips had a faint smile.

Elizabeth only focused her gaze after hearing her voice. She looked at the handsome face on the screen.

Leaning against the bathtub, he revealed his beautiful collarbone and strong chest muscles.

Does she deserve to see this?”

She couldn't help but swallow and secretly said to herself

Elizabeth, calm, calm.

He had already forgotten about the past. Now, he didn't even care about you. You were just his business partner, and Abby's mommy.

Yes, yes, don't be nervous.

Elizabeth took a deep breath and finally calmed down.

She boldly admired the way he was bathing. Her body was lying on the edge of the tub. Her narrowed eyes were slightly opened, and her entire

face looked like a god.

Her black hair was messy and damp. Her expression was serene and graceful. Her delicate and slender body was strong and charming.

1/2

Elizabeth had bathed with him before. However, she was a fool at that time and did not know how to admire such a beautiful man.

Now, she no longer had this opportunity, but she became so eager.

Looking at the screen, she was dumbfounded, obsessed with it.

Matthew furrowed his eyebrows slightly "Mrs. Wade, why are you looking for me? Could it be as Abby said, you just want to see me take a

shower?”

He spoke seriously with a calm expression.

Elizabeth snapped back to her senses and shook her head.

“Of course not! Children easily misunderstood what the adults said. I just want to thank Mr. Hilton for taking care of my daughter!”

Matthew raised his eyebrows. “There’s no need to thank me! I’ll have to trouble Mrs. Wade later and teach me some lessons regarding blind dates. I’m about 30 and my family is in a rush. It’s time to think about marriage.”

Elizabeth had a smile on her face, but when she heard this, her smile froze on her mouth, then disappeared completely.

It turned out that he was willing to take care of Abby just to ask her to teach him how to chase after girls?

A chill ran down her spine. She was upset.

“Oh, I’ll definitely tell you everything then. Everything I know.”

Now, it was Matthew’s turn to turn cold, and his voice lowered a few degrees, giving people the feeling of a cold winter.

“Yeah, then I’ll have to trouble you”

Elizabeth forced a smile. “Mr. Hilton, what’s the trouble? Our relationship is so good, and I hope you’ll be happy!”

The atmosphere turned cold. Matthew's gaze darkened as he thought to himself.

Didn't this woman say that she loves him? She didn't sleep with Dominic because of him. Now that she heard that he was going on a blind date

she didn't feel anything at all.

Damn it, this is love?

Elizabeth sneered. "Why did you ask me to teach you about blind dates? I have never been on a blind date before. I'm so mad!"

At this moment, there was a knock on the door and Dominic's voice was heard.

"Lizzy, have you finished bathing? It's almost time to sleep"

Chapter 805 A Man's Trick

Their voices weren't high or low, but both of them heard it clearly.

Elizabeth's eyes narrowed slightly. She wanted to cover the microphone but it was too late.

"Mr. Hilton, your take your shower. I'll hang up now. Good night!"

After that, the screen turned black and returned to the message.

Matthew held onto the phone, his gaze darkening

Dominic urged her to sleep. Did they sleep together?

After Elizabeth hung up the phone, she was in a bad mood and said to the door.

"I am not done yet. You should go to bed first!"

After saying that, she started showering.

After bathing, she dried her hair before leaving the bathroom and saw that Dominic was already lying down.

He lay beside the bed. When he saw her come out, he turned his head and his gaze was very deep.

"Don't worry, I'll sleep on the floor."

Elizabeth nodded and climbed onto the bed before turning off the lights.

She tightened the quilt. She was not afraid of Dominic because she knew that he was a gentleman.

Since she was too tired today, she soon fell asleep.

Dominic turned his head to look at her, he could hear her even breathing

Dominic's gaze darkened. Recalling the past few years, he always thought that as long as he didn't leave, he would always stay by her side.

One day, she'll see his existence.

He sighed. Tonight was the first time they got so close.

But he couldn't do anything. He could only stay here quietly. He didn't dare to sleep. He was afraid that if he fell asleep, Saint would appear.

Saint hated her so much that he would definitely not treat her well. What would he do? He couldn't fall asleep.

At this moment, Elizabeth's phone rang. She quickly picked up the call

"Hallo?"

She whispered, afraid of waking Dominic up.

"Mommy, I want you!"

Elizabeth was confused when she heard Abby's crying.

She hurriedly slipped off the bed and ran to the balcony to answer the phone.

The wind outside was a bit chilly. Elizabeth comforted softly when she heard her daughter crying beside her ear.

"Darling, didn't Mommy tell you to be obedient with Uncle Hilton? Or do you want Mommy to take you back now?"

She knew that little girl liked Matthew so much. If she were to take her back, she would definitely not accept it.

As expected. Abby stopped crying. She stared at Matthew with her big eyes, not wanting to leave him.

Matthew looked at Abby, and Abby immediately understood.

“Mommy, I want to be with Uncle Hilton. I miss you. Can you sleep with me for a while? As long as I’m asleep, you can go home.”

“Mommy! I miss you so much!

Upon hearing that her daughter was thinking about her, her heart began to tremble.

“Alright! I’ll be there now, but you have to be good.”

After hanging up the phone, Elizabeth went back to the bedroom and gently walked into the closet. By the time she finished changing and came out, Dominic had already put on his clothes.

“Where are you going? I’ll drive you.”

Elizabeth was a little surprised when she saw him. She thought he was asleep, but she did not expect him to still wake up.

“That’s Abby. She wants to look for me. I need to go and coax her.”

Dominic nodded “Are you going to the Hilton Family?”

Elizabeth nodded too. However, she felt that it was inappropriate for him to give her a ride.

“Dominic, it’s already so late. Go to sleep! I’ll come back after she falls asleep.”

Elizabeth only remembered the servants at the door when she reached the door. They should be waiting here!

Hence, she turned to look at Dominic, who was not far away, and she pointed at the door.

“They’re here. I need to trouble you to send me downstairs.”

Dominic smiled, “Let’s go! I’ll send you there.”

Elizabeth could only agree. When the two of them went out, the servant at the door was sleepy

Upon hearing the sound of the door opening, the two of them quickly woke up.

“Young Master, Master has said that you can’t sleep separately tonight.”

Chapter 806 The Same Bed

Dominic wrapped his arms around Elizabeth. “We’re hungry. Could we go out for a snack?”

The two servants hurriedly replied, “Of course ”

If the two of them were to talk together, then it wouldn’t be a problem.

Dominic was the eldest son of the Campbell Family and the head of the Campbell Group. His status was high, and the servants did not dare to offend him

Besides, he usually treats people very well. They all like him and respect him.

Dominic and Elizabeth left the Campbell Residence smoothly and went to the Hilton Family. The two families were in the same district. There was no traffic at night, it was only about twenty minutes drive.

Soon, they arrived at the entrance of the Hilton Family. Before Elizabeth got out of the car, she spoke to Dominic.

“Thank you, Dominic!”

She pushed the door open and got out of the car. She waved at him.

“Hurry and go home!”

Dominic raised his head and looked at the Hilton mansion. She said she would go back, but she probably not

Elizabeth walked quickly to the door and pressed the doorbell Soon, a servant came to open the door.

“Ms. Wade, Young Master asked me to pick you up. Please.”

Since the Hilton Family was relatively big, they drove the electric bike to pick her up.

When we reached the main building, there was a maid waiting at the entrance

She brought her into the house and went to Matthew’s room.

When Elizabeth stood at the door, the servant left. Elizabeth turned to look at her, because she thought that she would knock the door for

From the looks of it now, she could only face it on her own.

She raised her hand and was about to knock on the door when the door opened.

“Lizzy, what took you so long? I’m so sleepy.”

She held her hand and led her into the house.

Elizabeth saw the man leaning against the head of the bed. He was wearing a black nightgown. His handsome face was slightly lazy and his thin black hair was a little messy. His eyelashes were long, leaving his handsome face less of his usual coldness.

He stared at her with his icy cold black eyes. That fearless gaze made her feel a little awkward.

Elizabeth smiled faintly at him. "Mr. Hilton, I'm sorry to bother you

She turned to look at Abby, "Darling, why don't you go back with me! We're disturbing Uncle Hilton's rest here *

Abby yawned. Actually, she was already sleepy, but Daddy didn't let her sleep!

She struggled very hard to be able to stay awake until now.

Now that Mommy said she would go back, she was unwilling to do so. She dragged Elizabeth to the bed and pointed to the middle of the bed

"Lizzy, sleep here. I'll sleep here."

Elizabeth saw her sleeping in the middle and her eyes widened. This little girl really knows how to arrange.

Seeing that she was not moving, Abby reached out to help her undress.

"Lizzy, hurry, I'm so sleepy. I want you to hug me to sleep!"

Elizabeth held her hand. "Mommy can do it by myself."

Abby nodded and climbed onto the bed herself. She told the man next to her.

"Lizzy hug me, you hug her! The boy has to protect the girl!"

Elizabeth was really going to be embarrassed to death by this little girl. What was she saying?

If it was before, of course he can hug her.

But now, she and Matthew are no longer boyfriend and girlfriend. Although she still has feelings for him, he has forgotten about her and has no feelings for her at all.

He still wanted to go on a blind date!

Elizabeth's face turned cold when she thought about this. She could sleep on the same bed.

"In any case, he has no feelings for me, nor will he have feelings."

"Who's afraid of him?"

Elizabeth got into bed and fell into the blanket under the expectant eyes of Abby

Abby reached out and patted her. "Hug me. I'm so sleepy."

After saying that, she winked at Matthew, signaling to him that she had completed her mission.

Matthew complimented her. The little girl giggled and fell into Elizabeth's arms.

"I want to touch Mommy!"

The man's dark gaze darkened. His sexy Adam's apple bobbed up and down, and his blood flowed down uncontrollably

Chapter 807 Seduce Him

Elizabeth was on the verge of losing her mind. She grabbed her little hand

“Honey, you’re almost six now You’re a big girl now.”

Abby blinked in disappointment.

“Alright!”

She yawned again. Slowly closing her eyes, she fell asleep.

It was obvious that she was already very sleepy.

Elizabeth patted her gently. Her little hand was clutching her clothes tightly, as if she was afraid that she would leave

She sighed. She thought that as long as she was asleep, she could leave.

Now, as long as she moved, she would wake up.

The little girl probably had already thought of keeping her.

Only then did Elizabeth feel the warmth behind her. It was so close to her, especially the scent on her neck. It was very hot.

She did not dare to breathe loudly because she did not know if he was asleep or awake.

Elizabeth straightened her body and wanted to take a look.

She turned her head and saw Matthew’s handsome and cold face.

He was a charming mystery, making people unconsciously fall in love with him.

Elizabeth watched him fall asleep and even slept soundly.

She looked at him boldly and couldn't help but reach out her hand to caress his face and lips.

Just when she felt that she could look at him unrestrainedly and remember him, he suddenly woke up.

Elizabeth's hand was grabbed by him, and his enigmatic narrow eyes opened. His gaze was deep and cold, and his tightly pursed lips were filled

with a certain sense of stubbornness.

"Mrs. Campbell, where did you touch me?"

Elizabeth was initially still a little shocked. She thought of how to explain so that he won't misunderstand.

However, when she heard him calling her Mrs Campbell, she was upset. She rolled her eyes at him.

"I just touched your lips. I didn't kiss you."

In fact, she really had the urge to kiss him just now, but in the end, she managed to suppress it. She was afraid of hum

Matthew sneered when he heard this.

"Don't forget that you're a married woman. Kiss me? Do you think it's appropriate?"

The feeling of blood backflow just now was very bad. He really wanted to press this woman underneath him and make love to her like crazy.

After all, watching her photo and jerking off every night was a different feeling than touching a real person.

What Abby said to him to make his blood boil hot

However, when he thought that she was still another man's wife, he couldn't do it and didn't want to make things difficult for her.

Elizabeth heard this and refused to admit it.

"I'm not Dominic's wife now. I'm single" She said to herself

However, no one knew, so she wanted to tease Matthew.

Elizabeth moved to his side, then raised her head and kissed his lips. That feeling of touch swept over her like an electric shock.

Elizabeth was shocked. Why did it feel so good?

"Could it be that I haven't kissed for too long, that's why I feel so good. I want to kiss him again."

His eyes darkened slightly and he said coldly.

"Kiss me again if you have guts."

Elizabeth thought he wanted to kiss her too, so she leaned forward without hesitation.

He was about to go angry and his breathing became heavy. His long fingers blocked between her lips and his.

“Elizabeth, are you crazy? Don’t you know who you are? If you kiss me, that means you’re cheating”

Elizabeth saw him getting mad and chuckled. Is he really a gentleman?

She couldn’t help but laugh at the fact she had already put out but got rejected.

Then, she became even more unrestrained. Her small hand broke free from his big hand and wrapped around his tight waist. One of her legs even blocked his leg, clutching tightly.

Chapter 808 A Kiss That Has Been Lost a Long Time

The expression on him became colder and colder, and his voice became deeper.

“Lizzy...”

He looked at her with dark eyes. Elizabeth would be so frightened that would not dare to continue in the past.

But today, she didn’t seem to be afraid of him anymore. Because she was divorced and single.

So enjoyed it while he was here, because she didn’t know which woman would have his body in the future.

She boldly pulled his hand away, then aimed at his mouth and kissed on his lips. She even opened her mouth, using her tongue to invade his mouth.

He was unable to control himself, especially when facing her, he became weaker. Now that he was seduced by her like this, he completely lost his rationality.

Opening her mouth, he kissed her tightly.

The two of them seemed to have not kissed each other for too long. This touch made them extremely excited.

Elizabeth no longer felt as shy as before. She boldly cooperated with him and kissed him to the extreme.

Until Elizabeth couldn't take it anymore and started moaning in a low voice. This was the first time she experienced this feeling, and she couldn't help herself.

Matthew was panting heavily. He looked at her blushing face and how comfortable she looked.

A certain part of him was going to explode. It was so painful.

However, in the end, he stopped and panted heavily. Then, he got off the bed and left the bedroom.

Elizabeth was panting heavily. Her mouth was puffing. Her heart was pounding, and she was about to jump out of her chest.

Elizabeth heard the door slam and closed. She glanced at the door and he left.

She was actually a little disappointed, but this kiss was already enough.

She happily turned around and turned toward Abby. The little girl's little hand had already loosened.

However, she did not want to leave now.

Elizabeth reached out a finger and gently caressed Abby's little finger.

"Baby, thank you!"

If it weren't for her, she won't have kissed Matthew.

Elizabeth smiled happily. He probably remembered it too!

Because of the kiss, she was very happy. She was in a good mood and she slept well. Soon, she fell asleep.

However, after taking a cold shower, he subsided the heat and rolled over on the bed, unable to sleep

The next day, Elizabeth woke up. After washing up Abby, she even tidied her hair. The little princess led her out of Matthew's bedroom

Coincidentally, they bumped into Matthew who came out of the guest room. He was dressed in a black suit. He was handsome, but his expression was cold

When he saw the two of them, he merely glanced at them indifferently and walked towards the staircase.

Elizabeth kept looking at her with a sweet smile on her face, ready to say good morning to him

But his face was dark and he looked like he didn't sleep well, so she didn't dare to say anything

Seeing that he had left. Abby withdrew her hand from Elizabeth's and ran up quickly.

"Daddy, why didn't you sleep with us last night? A family should sleep together!"

Matthew glanced sideways at her. His dark clouds under his eyes were very thick

Because after kissing her, he didn't sleep the whole night. At this moment, he was in a bad mood.

Upon hearing her daughter's, he glanced back coldly.

"You stay at home today to accompany your great grandmother."

Elizabeth looked at the two figures in front of her. They were holding hands. Although the difference in height was huge, they looked extremely harmonious.

Like a father holding his daughter.

She pursed her lips in anger. She thought that the kiss last night would change their relationship.

It was as if. After kissing, their relationship got worse,

Previously, he was polite to her, but now, there was no more politeness, only indifference and aloofness.

She also signed. It seemed that it was only a kiss. What a heartless man!

Chapter 809 Unreadable Poker Face

Elizabeth went downstairs and saw Madam Hilton bent down and kissing Abby's little face. Abby was happily talking to her

Matthew had already walked into the dining room, leaving her with a stiff back

Elizabeth leaned closer to them and nodded at the old lady

"Good morning, Granny!"

Madam Hilton was shocked when she saw her. Then, she looked in the direction of the dining room.

"Lizzy, did you come last night?"

Elizabeth felt a little embarrassed “Last night. Abby was crying. She called me and asked me to sleep along her side, so I came over.”

Madam Hilton understood. She wanted to ask if the three of you slept together last night.

But the thought of her marrying Dominic, she and Matt probably wouldn't do that,

“Let's have breakfast

The grandmother smiled and said to her. She held onto Abby's little hand.

Elizabeth glanced at the time and said, “Grandma, you guys eat! I'm going to be late for work.”

After saying that, she turned to Abby and said, “Abby, listen to what Great Grandma and Uncle Hilton say ”

Abby nodded. “Remember to sleep with me tonight

Elizabeth's head ached when she heard this. Tonight? Could you just go home?

If she went home, it would be convenient for her to sleep with her.

Recalling what happened last night, she had a taste of him. However, Matthew's attitude toward her was simply too cold.

Sigh!

“I'm leaving now. Goodbye, Granny!”

She didn't say goodbye to her daughter because she didn't know if she should come here and sleep with her tonight.

Madam Hilton led Abby into the dining room. Old Mr. Hilton looked at Abby coldly.

"Hmph, you guys are really bored. Have a few children by yourself, why are you taking care of other people's kid?"

When Madam Hilton saw the old man's expression, she caressed Abby's little face.

"Abby, have breakfast Don't worry about the old man. He is crazy."

Since the old man told her to send Abby home last night, Madam Hilton had decided to live separately from him.

After that, he couldn't fall asleep the whole night. At this moment, he had two dark circles under his eyes. Of course, his mood couldn't get better.

Abby did not climb into the children's seat. Instead, she took a piece of tissue and walked to Old Mr. Hilton's side,

"Great grandfather, your beard is covered in milk. I will wipe it for you. When you're old, Abby will take care of you."

She spoke like an adult and gently wiped Old Mr. Hilton's mouth.

Old Mr. Hilton was dumbfounded. His cold face relaxed and his gaze warmed up.

Looking at Abby's cute little face, he really couldn't be indifferent to her.

His heart was almost warmed up. However, he was a proud old man, it would be hard for him to change his attitude, so he could only pretend to be calm

Actually, he was not calm inside anymore and his heart had melted into a puddle of water. Abby was too cute.

If only she was my great-granddaughter!

She's beautiful and cute! She's smart and sensible!

Sigh!

He let out a long sigh, not knowing when he would have a great grandchild

Thinking of a gathering in the afternoon, all the prominent figures in A City would be attending. It was a gathering of the elderly.

Every year, he would be listening to others showcase their grandchildren, grandchildren, grandchildren.

Previously, he had always been able to show off his great-grandchild. Until now, he was invincible.

But at this age, people started to show off their great-grandchildren

Therefore, every time he went there, she would be humiliated.

Fortunately, he hadn't participated for the past six years.

This year, he could no longer avoid it.

After Abby finished wiping his milk seriously, she gave him a sweet smile.

"It's clean now. Eat breakfast! Remember to eat more. Breakfast is good for your health!"

Chapter 810 Big News

Elizabeth rushed back to the Campbell Family. Her two sons were still there. She had to find an excuse to take them away.

After returning to the Campbell Residence, she went in and asked the servant

"Have my sons woken up?"

It's eight o'clock now. They're used to waking up early, so they should be awake

She just wanted to ask where they were.

The maid pointed to the dining room "They're having breakfast with master"

Elizabeth walked to the dining room. There was a table of people sitting in the dining room. There were many people in the Campbell Family members.

When Antony and Antony saw she entered, they called her.

"Mommy!"

The other people at the dining table turned cold, completely ignoring her

Elizabeth could feel that her arrival at the Campbell Residence was as if she had fallen into an ice cage.

However, she did not care about other people. She smiled at her two sons

“After breakfast, I’ll send you to class.”

Of course, this was an excuse. The school had a week off, and the training school had a week off too

“Lazy, take a day off for the two of them. They’re going to attend a gathering with me today.”

A trace of nervousness flashed across Elizabeth’s eyes. A gathering?

“Grandpa, but their lessons...”

“It’s just one day off. With their intelligence, there won’t be any problem.”

After saying that, he gave the two little kids a few shrimp.

“Eat more.”

Arthur and Antony looked at their Mommy and said to her with their eyes, “Don’t worry about us.

But how could Elizabeth not be worried?

At this moment, Madam Campbell gave the maid a look before the maid took out a plate of soup from the kitchen.

Young Mistress, this is the soup that Madam specially instructed to make for your health.”

Elizabeth did not intend to have breakfast. When she saw the plate of soup, she frowned.

Madam Campbell was afraid that she won’t take it, so she came over and pressed her to sit beside Dominic and placed the soup in front of her.

“Lizzy, have it. This is I specially prepared for you.”

In fact, she secretly said in her heart. You want to have Dom’s baby, there’s impossible. Drink it. Drink the soup.”

Elizabeth turned her head and looked at Dominic. There was a trace of hostility all over him, and his gaze on her was malicious.

She knew that he was Saint

Dominic was no as strong as Saint. As long as Dominic slept, Saint would take over his body.

Looking at the soup, she didn’t know what was inside.

But if she doesn’t drink this soup, I’m afraid she couldn’t leave today. As long as it’s not poisonous.

She picked it up and gulped down the soup in one gulp.

When she put down the plate, she glanced at Mrs. Campbell Mrs. Campbell breathed a sigh of relief and started eating breakfast.

Saint took her milk and whispered through gritted teeth.

“Did you go looking for Matthew last night? How many times did he screw you?”

Elizabeth heard this and a trace of nervousness flashed across her eyes. She shook her head at him.

“Stop pretending. Where did you come back from? I know very well. Slut!”

Elizabeth's gaze turned cold when she heard what he said.

She was not the slut. Saint was.

If it weren't for him, she won't have married Dominic, and everything today would not have happened.

She raised her eyebrows, "Take one to know one!"

The meaning of this sentence was obvious. Saint was so angry that he wanted to step on her to vent his anger. However, she dodged quickly and Saint stepped on his uncle's foot.

He yelled, "Ah! Who stepped on my foot? It hurts so much! His expression changed in pain.

Saint hurriedly moved away, pretending nothing happened?

His uncle glanced under the table and saw no one stepping on him. He was puzzled.

"Who was stepping on me?"

All of them denied it. Of course, Saint did not admit it as he ate his breakfast coldly.

At this moment, Anna exclaimed.

"Great news, the CEO of the Hilton Group has hired tens of thousands of bodyguards just to protect a young man. So Matthew Bikes men?"
