

Game Over 811

Chapter 811 He Is Gay

After saying that, everyone on the table looked at her.

Mrs. Campbell said, "What's the fuss? Isn't it normal for a fatherless kid like Matthews to be suppressed and become a pervert"

The others at the table onbe smiled, except for the three of them

The expressions of Antony and Arthur changed Although they did not say anything, they still felt upset

Elizabeth's expression also turned gim. The news had already come out. It was probably true

Yesterday night, she kissed hun, and then he became so unhappy

Did he really change his sexual orientation?

After the brain surgery, not only did he lose the memories of dating her, but also changed his sexual orientation

She bit her lip tightly, unable to accept it

No. I must take him back. I could not let him be with a man.

When she thought about this, she suddenly had a fighting spirit.

She picked up the knife and fork and started eating breakfast Only after she was full would she have the energy to take Matthew away from

another man

Samt sneered at him. "Did you hear that? Matthew is a pervert. When you went to look for him last night, do you think he loves you after sleeping with you? He loves a man. Haha!"

Elizabeth's eyes darkened slightly and her gaze darkened when she saw him laugh at her misfortune.

As long as he spoke, it would make her angry to death.

However, if she wanted to cure Dominic's illness, then she couldn't be bothered by this guy.

No matter what he said. No matter how unpleasant it sounded, she had to remain calm.

"I must find out the reason why he appears. Dominic could not recall himself, so he can only find the cause in Saint.

Elizabeth took a deep breath and smiled at him.

"The other people's affairs have nothing to do with me. Also, don't misunderstand. Last night, I was there to accompany Abby. The things you

think didn't happen. Don't forget, I'm your wife now

1/2

She was trying to find out what kind of feelings he had for her.

The only thing she could feel was hatred. What was the reason for his hatred?

It was obvious that his expression had changed, and it seemed to be even darker.

An sit of hostility emanated from underneath his body, giving others the feeling

was about to erupt

Elizabeth closed her mouth, as if he was upset when he saw her. When he mentioned that she was his wife, he seemed even angrier.

She remembered this.

Saint saw that she stopped talking and he slammed the utensils down. He stood up and said.

This breakfast is too unpleasant. Let Elizabeth make it in the future and let her cook dinner too.”

After saying that, he glanced at Elizabeth coldly and strode away.

Hazel was standing not far away. Last night, the young master wanted to enter her room in the middle of the night, but she refused to let him

She wanted to leave the Campbell Family but the Young Master did not allow her to leave.

Now that she saw him arguing with sister Wade, she felt upset. It was all her fault.

If it weren't for her ignorance, Lizzy and the young master would definitely be fine.

She pursed her lips and Saint called her at the door

“Hazel, follow me to the office.”

Hazel's eyes narrowed slightly. She didn't want to go, but she didn't dare. She could only look at Elizabeth, hoping that she could help her.

“Hazel, go ahead!” Ms. Campbell said. “Dom always has you to take care of him. Go to the office and accompany him.”

Hazel kept looking at Elizabeth, and Mrs. Campbell cursed.

“Why are you looking at her? She doesn’t have time to accompany the Young Master. She has to go out to work. She thinks that her job is very

important After all, she needs to raise kids. It’s expensive.”

After Anna read the entertainment news, she decided to tell her cousin that Tiana still wanted to marry Matthew!

It’s better not to marry a gay man.

She put down the cutlery and asked, “Lizzy, how much do you cost working outside for a month? Ten thousand? I remember that you seemed

to be pregnant after graduating high school. You didn’t even go to university, so it’s not easy to find a job, right?”

Chapter 812 Plot Abby

Anna exposed everything about her. The Campbell Family did not treat her well.

Upon hearing that, Mrs. Campbell sighed.

“What did the Campbell Family do?”

She stood up and left. Master Campbell did not care. At this moment, she only cared about the two boys next to her and liked them so much.

Elizabeth glanced at Anna indifferently. Indeed, she and Celine were sisters. It seemed like she couldn't get rid of the shadow of Celine no matter where she went

"No."

Anna rolled her eyes. She knew what kind of job this girl could find.

She wanted to join the Wade Group, but her cousin would not agree to it. She thought she could live a good life with the protection of Master Wade.

In the end, her wedding makeup was cut off by Tia. Elizabeth was humiliated in the Campbell Family. Why would the Campbell Family treat her well?

"I think you're married to Dom, so just be a good wife. The allowance that Dominic gives you every month is enough for you and your three children. You can also help the servants to ease some burden."

Elizabeth could hear the implication.

"It turns out that you're a full time wife just to help the servants ease the burden. You are such a good wife!"

After saying that, she put down the utensils and wiped her mouth with a napkin.

"I'm going to work."

She glanced at her two sons and her sons looked at her too.

"Mommy, see you tonight!"

The two sons said at the same time, Elizabeth nodded slightly, then turned around and walked out of the dining room.

Anna rolled her eyes in anger, but she didn't know how to respond.

All she could do was spit at her back. Then, she stood up and walked out of the dining room.

She returned to her own room and sat in front of the dressing table in a fit of rage. Then, she screamed in surprise.

"Ah, my face is already wrinkled. I could not be angry

She hurriedly applied some cream on her face. After rubbing it, she propped her hands and cursed

Elizabeth, let's see who is going to win of late

After a while, she glanced at the corner of her eyes and confirmed that the wrinkles were gone. Only then did she let go and grabbed her phone to give Celine a call

Celine looked at her daughter who had been drunk recently. She had just reached home and fallen asleep. She couldn't even wake her up.

Only after her phone rang, did she pick up the call.

"Anna"

She was quite polite to Anna. After all, she was married into a wealthy family, and she had a lot of respect and status in the Woods Family.

"Celine, have you seen the latest entertainment news? Matthew likes men."

Celine had already received a lot of calls from relatives. They were saying that Matthew liked men. Everyone advised her to ask Tiana to give u on Matthew.

She curled her lips coldly. These people were hoping that Tia wouldn't be able to marry into the Hilton Family.

"I saw it. It's just news. It's not true. Our Tiana and Matthew are close! How could he like men?"

Anna heard it and thought about it.

"That's true. Nowadays, paparazzi like to write nonsense."

Celine glanced at her daughter on the bed. She couldn't help but sigh. It seemed that Tiana was really hurt this time.

Which man does Matthew like? Damn it!

"Celine, Elizabeth has recently moved back to the Campbell family. However, the Campbell family treats her badly. She has suffered a lot."

After hearing this, Celine's heart calmed down a little.

Suddenly, her eyes lit up. With Anna in the Campbell Family, it was quite easy to get rid of the three children.

Especially the little one. Isn't she allergic to seafood? If she ate some, her allergy would kill her.

"Anna, I prefer that little girl, Abby. She's usually close to me at the Wade. Can you help me take care of her? She likes seafood."

Chapter 813 Great-Grandson

Anna was a little surprised. Didn't Celine hate Elizabeth a lot?

It was really weird that she actually liked her daughter.

“Celine, aren’t you joking with me? Do you like that little girl, Abby?”

At the thought of that little girl, her expression changed slightly.

She looked quite cute. Her mouth was sweet, but she liked crying too much. She didn’t like kids who liked crying.

Celine was afraid that she would discover her intentions, so she explained.

“Because the little girl is too cute. I really like her. I will give a fat check if you help me take care of her.”

Only after hearing this did Anna seem to believe her.

“Sure, since you say so, I’ll take good care of her.”

After hanging up the phone, Celine patted her daughter.

“Damn girl, you only know how to drink. If Matthew doesn’t want you, won’t you think of a way?”

Anyway, she would get rid of the three children one by one

“But that twink, what should I do?”

Master Campbell asked someone to buy two sets of black and white suits. A pair of black a pair of white.

The two little ones were very handsome after changing into the new suits

Master Campbell stood in front of the two kids with his hands behind his back and examined them closely.

He nodded repeatedly, "Handsome, so handsome!"

Unfortunately, the two of them weren't his great-grandchildren. If he had such great-grandchildren, he would have smiled in his dreams.

Arthur and Antony glanced at each other. They looked really handsome in such formal attire

Arthur straightened his tie. "You look amazing!"

Antony smiled. "You too

There were many servants who appeared in the living room. All of them were young ladies, and e

"Wow, they are so handsome!" I'm a fan already. What should I do?

"Me too

"When they grow up, they'll definitely be very handsome."

Master Campbell was very satisfied. "We're leaving "

Arthur and Antony followed Master Campbell to an old house in the city center.

The house had been a hundred years old. From that iron gate, all of them inside were antiques.

The car drove in slowly. It was Arthur and Antony's first time here. The two kids were quite curious about everything here.

Previously, when they passed by the door, they could only look at it from afar. They heard Ms. Elliott mention it.

This house used to be the residence of a military official. It had always been a gathering place for the upper class society, but only those with sufficient status were qualified to participate.

Ms. Elliott's eyes were filled with envy.

She said she really wanted to go in and take a look. Who were the ones attending?

Arthur and Antony entered today. It was considered fulfilling Ms. Elliott's wish.

When the car stopped, a servant came over and opened the door for them.

The two of them got out of the car and followed Master Campbell

Master Campbell was also dressed in a suit today. He looked at the old-fashioned building and asked.

"Who's here?"

The servant greeted him respectfully, "Mr. Hilton, Mr. Ferguson has arrived. There are many guests this year."

Master Campbell nodded and led the two little gentlemen into the house.

The antique gramophone in the house was playing a record. Even Abby and Arthur had never heard this kind of music before.

Old Master Campbell entered the mansion and walked toward Master Hilton and Mr. Ferguson. The three of them were of the most

prestigious status and they knew each other well.

The three of them shook hands. Master Campbell looked at Master Hilton.

“Hilton, you’re finally here this year. Otherwise, we’d thought we wouldn’t see you again.”

Master Campbell and Master Hilton had never liked each other since they were young. Every time they saw each other, they would attack each other. Today was no exception.

Master Hilton sneered, “I’m sorry to disappoint you. I’m not dead yet.”

The atmosphere became a little awkward, Master Ferguson changed the topic, fearing that the two of them would start a fight

“Campbell, these two guys are so good-looking. Are they your great-grandchildren?”

Chapter 814 Protecting Daddy’s Honor

Master Ferguson brought the attention up to the two boys

Master Hilton took a glance. It turned out that they were acquaintances. Aren’t these Elizabeth’s sons?

“They are really pretty.”

“He doesn’t have a great-grandchild yet! This is his granddaughter-in-law’s kids. They are someone else’s kids.”

Master Campbell glanced coldly at Master Hilton upon hearing that. He knew that they would say this to him.

“Hilton, there’s only one grandson in your family. Aren’t you in a rush? But there’s no need to be anxious. After all, he might not like women.”

These old people did not have the habit of watching entertainment news, so they didn’t know that Matthew had been on the headlines recently.

Upon hearing this, Master Hilton was upset,

“Who doesn’t like women? Your grandson? Or your son? No wonder your second son still has no children. It turns out he doesn’t like women.”

Arthur and Antony couldn’t help but shake their heads when they saw the two great-grandfathers arguing. Why are they more childish than kids?

Is it fun to argue like this?

The two of them couldn’t help but glance at Master Hilton and thought to themselves that we were actually your great-grandchildren.

However, judging from his disdainful expression, he probably did not like the two of them.

So they won’t waste any more energy. “We’ll help Mommy deal with Master Campbell first.”

Master Campbell snorted coldly. “My kids are married. Everything is normal I am talking about your grandson, Matthew. Everyone knows about it.”

Master Hilton’s face darkened. “What news? Show it to me, otherwise I’ll break your teeth.”

Master Campbell called, "Arthur, Antony, come here, Find the entertainment news for this old man. Why don't we put it on the TV screen so we can watch it together?"

Master Ferguson watched the two of them fighting all over again. Never mind, let them argue!

Master Wilton sneered, "Heh, you asked two little rascals to do it. Do you know how? Even you don't know how to put news on the TV too!" You can do it if you know how." Master Campbell bickered.

Master Hilton was old, and he couldn't use smartphones at all. If he had known this, he would have brought Matt here

The two of them sat at one side, neither of them paying attention to each other

Arthur and Antony projected Master Campbell's phone to the television on the wall and clicked on Matthew's news CEO of the Hilton Group, Matthew, sent thousands of bodyguards to protect a beautiful young man. Look how affectionate his eyes were."

There were a few blurry photos below. Only Matthew's eyes were clear.

One can only see the back of the young man in the camera.

Even though it was just a back view, it was impossible for people to look away. She was skinny but curvy. From the back view, one could tell that he must be very good looking

A few other guests surrounded them and whispered.

"There are the photos. It could not be rumor, right?"

"I could not tell! Matthew's gay."

Sitting on the wooden sofa, Master Hilton's face darkened. The Fourteenth Master comforted him.

“Hilton, hold on! None of this is true. It’s just rumor. You have to believe Matt”

When Arthur saw the news, his expression changed. The man on the news was their father. Of course, he did not wish his reputation to be ruined.

Hence, she took out his laptop and typed on the keyboard.

About five minutes later, the news disappeared. And he hacked all the websites with this news.

“Let’s not talk about it anymore. This article is fake. It has been deleted. If you don’t believe it, you can look it all over the internet. If there is any of it, you can come to me.”

Master Campbell saw everything and smiled.

Chapter 815 Envy

Upon hearing this, the people present turned to look at Arthur and Antony.

“Are you a hacket at such a young age?”

Master Hilton did not quite believe what he said. He told the servant beside him.

“Take a look. Is the news still there?”

The young servant quickly took out her phone to check and shook her head at Master Hilton.

“Old Master, the news has really been deleted. Even those websites have been shut down”

Master Hilton furrowed his eyebrows. “The Hilton Group wouldn’t ignore such a scandal Maybe they got someone to delete them?”

Master Campbell saw that he did not believe, so he reached out and patted the heads of the two kids.

“Come, show it to all of you. Delete the second article and shut down the website what re tweeted the news.”

He knew that the two boys could complete such a small task.

The more he knew them, the more he liked them. They were simply geniuses!

Arthur started operating and only the tapping of the keyboard could be heard.

After about five minutes, the news disappeared. The others started searching, but they could no longer find it

Instantly, everyone in the hall became excited and all of them ran to Arthur and Antony

“Campbell, are these two kids from your family? They’ll be definitely outstanding when they grow up!”

“Those little rascals in my house are only crying all day!”

Arthur and Antony kept the laptops and placed them in their bag. The maid took their bags.

The two little ones stood beside Master Campbell. It was obvious that Master Campbell was very happy!

“They know that they’ve already won over Master Campbell. Someone will protect Mommy from now on.”

Master Campbell nodded triumphantly “Al they aren’t related to the Campbell family, the children born by the same mother must be equally smart.”

The crowd nodded. "That's right. The IQ of Dominic and the intelligence of these two children's mom are definitely the most perfect genes.

"Campbell, hurry up and ask them to give birth to a few more children! It's for the sake of society."

Master Hilton, who was sitting opposite her, had a dark expression, and he was furious.

Master Ferguson looked calm. He held his teacup and sipped at his tea, smiling

"Did you do that? His granddaughter-in-law is amazing!"

Master Hilton harrumphed coldly.

Elizabeth was with Matt before. The two of them loved each other so much, but he was the one who tried his best to stop them from getting together.

If he hadn't stopped them, their kids should have been born, and they would definitely be smarter than the two of them.

He let out a long sigh and recalled that Elizabeth and Elizabeth were sisters. Although they did not have the same mother, they had the same father, and their kids should not be stupid.

But he didn't have the nerve to say it now, afraid that Master Campbell would sneer him

"Your granddaughter-in-law must be very good-looking! She must be beautiful and also very smart."

Upon hearing that, Master Campbell was stunned for a moment before he laughed.

"Of course, she's very pretty! Not to mention that she's smart. Will Dom fall for an ordinary girl?"

Everyone present nodded in agreement.

Arthur and Antony glanced at each other, and the two of them laughed. He praised Mommy.

Master Hilton listened to the old men beside him. They said they wanted to meet Dominic's wife and find a wife for their own grandsons

He stood up. "I have something to do. I'll be leaving now."

Then, he walked out and Master Ferguson comforted the people present.

"Please take your time. Hilton's not feeling well. I'll go see him."

Master Ferguson came out too. He took out a cigarette and handed it to Master Hilton.

"Take one."

Master Hilton took the cigarette and lit it. He took a deep breath.

"Do you think Campbell really doesn't mind that the two boys are someone else's sons?"

Chapter 816 It Does Not Matter

Master Ferguson laughed. "What's there to be bothered about? They're so smart. As long as they treat them well and when they grow up. they'll definitely be good help to the Campbell Family. Besides, Dominic will have his own kids in the future who would be the future successor of the Campbell Family."

As he spoke, he sighed.

"I only have two grandchildren and one granddaughter. None of them are married. I need to rush them when I come back. Otherwise, our family will not be able to compete with the Campbell family in the future."

Today's gathering is a gathering for the elderly generation of the past. All of them were big shots when they were young.

Now, it was obvious that the Campbell Family was getting stronger. It was likely that they would become the number one big family in the future.

Especially the Hilton Family. It was obvious that they were about to decline

Especially the fact that Matthew was gay. Even though it was only in the news, everyone felt that the Hilton Family was about to end their glory.

Master Hilton's face darkened upon hearing this.

"I'll go first."

He tossed the cigarette to the ground and stepped on it. Then, he bent down and got into the car.

Master Ferguson looked at his unhappy expression and couldn't help but laugh and pointed at him.

"Hilton! You're a stubborn old man, but your grandson isn't under your control"

Master Hilton returned to the Hilton Family in the car. The moment he entered the house, he heard Abby singing a French song

He also saw his old wife smiling like a daisy.

She clapped her hands and hum along;

He was out there, getting angry while she was at home and having the moment of her life.

Abby was stunned when she saw Master Hilton returning

Madam Hilton looked at Master Wade. His face was grim, and he looked obviously unhappy. He used to be very happy attending such a gathering because he had the best grandson

What's going on today?

Madam Hilton said to Abby, "Abby, go to the courtyard and play. It will come over to accompany you later."

Abby nodded and the servant led her to the backyard

Madam Hilton poured him a cup of tea. "What's wrong?"

Chapter 817 How Could This Be?

Matthew stared at him with his cigarette. "What do you mean by that?"

"The entertainment news they posted today has been deleted, and the entire internet could not find anything about it."

Matthew frowned slightly. "I didn't ask someone to withdraw it."

Esme looked surprised. "Isn't that so? Who could it be?"

Matthew took a puff of a cigarette and puffed out a cigarette. He glanced at him indifferently.

"Do you care so much about that news?"

He didn't care. It doesn't matter if someone thinks that the person he likes is a man or someone else.

As long as the woman he wanted to protect was not involved.

Esme nodded. "It doesn't matter. After all, Mr. Hilton likes women."

"That's enough. You don't have to worry about this anymore. Go ahead."

Esme and his secretary left the office.

Matthew picked up his coffee and took a sip. He couldn't fall asleep last night, so he wasn't feeling well today. Only this coffee could make him feel better.

At this moment, his phone rang. It was Madam Hilton.

Matthew answered the call "Grandma, is something wrong with Abby?"

When he saw the phone call from home, the first person he thought of was his daughter.

"No, Abby is very good. It's your grandfather. He went to their gathering today and then wasn't too happy. He asked you to come back earlier tonight. Why don't you go on a date and come back late?"

Matthew laughed, "Grandma, I know he wants to urge me to get married and have a kid. It's fine. I'll go home as soon as possible. I'll hang up."

Madam Hilton couldn't help but ask, "Matt, because Lizzy married and you don't like women anymore?"

Madam Hilton was very open-minded, and she often read the entertainment news.

Even though she wished it wasn't true, as long as the eldest grandson was happy, she really wanted to see that boy. What does he look like?

The fact that Matt was so mesmerized and sent tens of thousands of bodyguards was a little unbelievable.

Matthew heard this and knew Granny had seen the entertainment news too.

"Grandma, do you believe that too?"

Upon hearing this, Madam Hilton was delighted. She knew her grandson well. How could he like us?

"Haha! Matt, pretend Grandma didn't ask."

Just when she was about to hang up the phone, he added in time.

"I'll bring my partner back to see you guys in the future."

After saying that, he hung up the phone. Madam Hilton was dumbfounded. It took her a while to come back to her senses.

Could it be that Matt really is gay?

Originally, the grandmother thought she could accept it, but she did not expect herself to be so upset.

After playing with Abby for a while, Master Hilton saw that it was too hot outside and led her back to the living room.

When he saw the old woman in a daze, he asked.

“What’s wrong?”

Madam Hilton sighed and replied instinctively.

“Matt’s probably getting married to a man. I need to prepare suits for them.”

“He is not! Unless he steps on my dead body.”

Only then did Madam Hilton come back to her senses. She knew that she had said the wrong thing

“Old man, don’t take it seriously. I was just talking nonsense.”

Master Hilton was so angry that he caressed his chest. “Tell that brat. The Hilton Family has to have offspring, he must give me a few children.

He must surpass the Campbell Family. He’s smarter and more intelligent than them.”

Madam Hilton thought to herself, He is not a pig. Why would you care so much about how many kids he will have?

There’s no need to be anxious.

Even though the grandmother was in a hurry to have a great grandchild, she believed in fate.

As long as fate comes, Matt will naturally have a kid.

However, it seemed that this fate wouldn’t fall on him.

She hugged Abby into her arms. It’s better to hug her more often! This is the only kid I can hug.

Chapter 818 Daughter In Law

Elizabeth got off work early because Saint sent her a text telling her to cook at home.

It seemed like she won't be able to go through this.

Fortunately, she had an assistant. She had Ms. Elliott buy some groceries, and she had already sent them to the company and kept them in the trunk of her car.

She kept the documents on the table in the drawer and locked it. She picked up her phone and bag and prepared to leave.

While waiting for the elevator, her phone rang.

Elizabeth smiled when she saw Jessica's phone call

"Jess, it's been a while!"

I don't know what this girl is busy with lately. When she's looking for me, she's always busy.

Jessica laughed, "I think you're quite busy lately, right? I heard that you've moved at the Campbell family and stay. How is it? How are you going to get along with your mother in law?"

Jess was married before. She and her mother-in-law rarely get along well.

She had been bullied by her mother-in-law quite a bit. When she was pregnant, she even asked her to wash her clothes. She could only kneel down and did the laundry, while Patrick said that was what she should do.

Jessica did not dare to recall how she had endured it before.

Fortunately, Lizzy was rich now.

Hence, she had a way to relax and deal with a lot of things

“It’s not that bad, Jessica ”

Jessica laughed joyfully, “Alright, I won’t laughing. Let’s talk about something serious! Have you seen the entertainment news today? Is it tru that Matthew has fallen in love with a man? Is he the bottom or Matthew?”

Elizabeth did not want to talk about this the most. At this moment, she felt a bit depressed when she heard it.

“Why are you talking about? I don’t understand.”

Jessica could sense her disappointment and she sighed.

“So it’s real? Matthew is really ruthless enough. If he could not have you, he’s giving up on women. Lizzy, you can also live a good life with Dominic!”

Previously, she felt that there was still hope for a divorce, at least Matthew was still around, now he had someone he hked.

The divorce would not benefit her at all. It would be better to continue this life with Dominje”

“We are divorced.*

“Ah, you’re divorced? Why are you still living with the Campbell family? You silly woman.”

Elizabeth walked out of the elevator and walked to her car. After getting into the car, she did not start the car.

Leaning against the seat, she looked out of the window in a daze.

“Dominic is sick. I need to help him treat his illness, so I could not make the divorce public. You have to keep it a secret!”

“What’s wrong with him again? Previously, he was blind, so you’re so soft hearted to marry him. Now that he’s sick again, is this man dying?”

Elizabeth was amused by her. “Just take it that his body is weak!”

Jessica had the wrong idea, she felt that Dominic might have trouble on bed.

“Jess, I’m going back to be a daughter-in-law. I’ll hang up now

Only then did Jessica recall what she wanted to say. “Lizzy, it’s very difficult to order clothes from your brand. Can I have the privilege and order a few clothes.” recently, Jessica opened a company that was specially for all sorts of rich ladies. She had been shopping with clients a few times and realized that these ladies especially liked this brand-Flora.

However, this brand was very popular. It was not something that could be bought with money.

Hence, she planned to purchase some clothes from Flora and make a lot of money.

“Sure! I’ll tell them tomorrow. Order whatever you want.”

Thank you darling. I’ll treat you to a meal in a few days.”

After hanging up the phone, Elizabeth drove back to the Campbell Residence.

When they entered the living room, they saw Anna and Mrs. Campbell chatting

“Sister-in-law, I’ve found a reliable person who can buy the latest clothes of Flora this season. Do you want it? If you want it, I’ll take you to their studio tomorrow for reservation!”

Mrs. Campbell became excited upon hearing this.

Chapter 819 Surprise

“Really? Of course I want it. You don’t even know that Flora is the brand everyone is talking about. It’s become an international brand and the most famous brand under S Group. If we can get it, it means that we’re of an extraordinary status ”

Elizabeth thought about it when she heard what they said. Before Flora was the weak link in S Group.

Hence, she changed the selling point, and it immediately caught the attention of the public.

She was about to go to the kitchen with her things when Anna suddenly called out to her.

“Elizabeth, have you heard of Flora?”

Elizabeth stopped in her tracks. “I’ve heard of it. However, it’s not easy to buy this brand. You need to make a reservation in advance.”

“Yo, that’s not bad! You even know Flora of S Group. Do you want it? I’m going to make a reservation with my sister-in-law, but you have to pay first. I could not afford to buy one for you.”

Mrs. Campbell tugged on her. “Why does a woman who goes to work at the company every day wear such expensive clothes? The little money she earns herself probably could not even afford the a button.”

Elizabeth replied, “Please make a reservation for yourself?”

After saying that, she walked to the kitchen. At this moment, Master Campbell, Arthur, and Antony came downstairs. Master Campbell saw Elizabeth carrying a lot of stuff.

The expression on his face darkened and he said coldly.

“Where’s the servant? Why did the Young Mistress bring so many things?”

Arthur and Antony had already ran toward Elizabeth. “Mommy! Give them to us.”

At this moment, the servant heard Master Campbell’s voice and ran over to take the things from Elizabeth,

“Young Mistress, give them to me!”

Mrs. Campbell and Anna were both speechless, especially Anna. This was the first time she saw Master Campbell protecting someone, except for Dominic, he was cold to everyone.

Even if she, the daughter-in-law of his youngest son, was afraid of him. Wasn’t his attitude toward her very good?

Maybe she had been married for many years and never had a kid.

She bit her lips quietly, feeling slightly jealous of Elizabeth.

Mrs. Campbell got up and called out to him.

Dad, Dom said that in the future, Lazy will make dinner and breakfast at home. He hes to eat what Ly makes

Actually, she wasn't sure if this girl could cook. However, Dam was trying to teach her what to do at a wife

Especially those who had married into a big family like the Campbell

The Campbell family did not have the money for the lazy. Besides, she brought her three children with her, of course she had to do the chores.

Master Campbell snorted coldly "There are servants and chefs at home. What does he want to eat? Tell him to come and tell me directly. I'll get a chef to cook for him. Lizzy is going to have a baby. She's

busy! She needs to take good care of herself

Anna finally understood what she meant. It was because she could not have a kid, so he was not good to her.

Now that Dominic's wife had arrived, even if she was a woman who had given birth to 3 kids, he no longer despised her!

Anna was a little unhappy and she stood up.

"Sister in law, I'll go and tell my friend first. Tomorrow, we'll go to that studio together for a reservation."

"Dad. I'm leaving," she said to Master Campbell coldly.

Master Campbell grunted in acknowledgment and treated her coldly.

Instead, he beckoned to Elizabeth.

"Lizzy, come here. They bought you your favorite strawberry cake. Come over and have it."

Elizabeth was completely shocked. The change in Master Campbell's perception of her was simply too unbelievable.

The boys laughed and Antony called her.

"Mommy, come here! Eat cake."

Elizabeth glanced at the two sons next to her. The change in Old Master Campbell's attitude toward her was probably due to the two sons.

Chapter 820 Got a Backer

Saint's car slowly drove into the Campbell Family's manor. He held Hazel in his arms and turned around to kiss her face.

"Darling, we're home. Remember to come to my room tonight."

Hazel's eyes were filled with rage and her face was wrinkled.

Thinking of how he tortured her in his office today, she felt so embarrassed.

She did not dare to scream, but he deliberately penetrated her private part so hard that she cried. Everyone outside probably heard her.

"He's really bad. She didn't want to go to the company with him, let alone have sex.

Previously, she was the one who did not understand. Now, she understood that the only ones who could do such things.

Even though she loved this man, he was already Lizzy's, she couldn't continue.

However, she couldn't defeat him. In just a few seconds, he could peel her off and possess her fiercely. After that, even if she wanted to resist, he was too weak.

It was impossible to say that she did not feel the pleasure, but this feeling mixed with guilt were tormenting her.

"Young Master, don't forget that I'm just your servant. Don't treat me like this next time."

After saying that, she pushed open the car door and got out of the car, running toward the main building.

Saint wiped his chin and smiled wickedly.

This little girl had grown up now. Didn't she expect him to go to her room every day?

Now that she even learned to resist. The more she resisted, the more he was excited, the more he wanted her.

The driver opened the door for him and got out of the car.

He smoothed the wrinkles on his suit and walked toward the house.

After entering the house, he asked the servant, "Has the Young Mistress prepared dinner? Tell her I'm hungry."

The maid took a glance at the living room and saw that the Young Mistress was playing chess with Master!

"Young Master, dinner is ready. We are waiting for you to come back."

Saint followed his gaze and saw Elizabeth playing chess with grandfather. He walked over.

“Lizzy, didn’t ask you to cook dinner? You didn’t?”

The questioning tone carried a strong warning.

Elizabeth looked at him. “I bought some vegetables and I was preparing to cook too, but...

“I asked her not to.”

Master Campbell said, “She’s not here to wash and cook. Don’t let her do this”

Elizabeth had completely conquered him. This girl was good at chess and Go.

Master Campbell thought that his skill was already quite good, but after playing with Elizabeth, he lost repeatedly

He had lost his temper. Even if Lizzy deliberately made let him win, he still lost

Master Campbell had already fully acknowledged Elizabeth’s intelligence

In fact, Elizabeth had learned these before and studied them seriously because Master Wade liked these.

Unexpectedly, it was still useful no

Saint looked surprised. Didn’t grandpa hate this girl a lot?

Previously, he kept telling him to get a divorce.

What's going on today?

Sitting beside Elizabeth, he took a chess piece.

"You know how to play chess?"

Elizabeth took it from him and gave him a sideways look

"Come on

After saying that, she was going to give the seat to him Saint did not expect her to do this

Just when he was about to say that he did not know how to play. Master Campbell spoke up

"Dom, come, it's been a while since we've been playing chess."

Saint was obviously in a panic. Elizabeth could see his expression but he remained his composure.

A cold glance at Elizabeth. This woman was setting him up

Master Wade had already begun, "Dom, use the white chess. I'll be black"

After saying that, he smiled and said to Elizabeth

"Dom's good at chess too. Don't teach him?"

If the husband and wife were against him together, Master Wade felt that he would lose so hard, so he directly killed thi
