Chapter 821 She Is No Longer Restricted

Elizabeth raised her hand. "Okay, I won't make a sound."

Sitting beside Master Campbell, she said, "Let me sit beside Grandpa"

Saint's gaze darkened. She even didn't sit beside him, then he was the only one who could complete this chess match.

Samt lost quickly, and he did not seem like he was a chess player.

Elizabeth was completely sure that he was not Dominic.

Master Campbell furrowed his brows. "Dom, what happened to you today? It's been too long. Have you forgotten about it?"

No chess player will play like him. He is completely like a person who doesn't know chess.

kids.

Saint's expression didn't look too good and he got up.

"Grandpa, I've been busy all day. I'm not in the mood to play chess. Let's eat!"

He stood up and walked to the dining room. Master Campbell could tell that something was wrong with him.

"Lizzy, what's wrong with Dom lately?"

Elizabeth kept the chess pieces and smiled.

“He said it was because he was tired. He should be fine after resting”

By then, Antony and Arthur had already finished their homework and came downstairs. They walked to the living room.

“Mommy, we’re done with our homework.”

Elizabeth had already kept the chess and she stood up.

“I’ll take

se you guys to wash your hands.”

Master Campbell watched the family of three walk to the bathroom on the first floor. From the back view, he could see that they were smart

He let out a long sigh. Indeed, his family was not that outstanding in comparison.

Even Dom, whom he had always been proud of, did not seem to be as smart as her.

Fortunately, he had married Lizzy, and the Campbell Family had such good gens.

After dinner, Elizabeth played with her two sons for a while before returning to her own toom

The moment he entered the house, he saw Saint lying on her bed. He frowned slightly.

“Why are you here?”

Saint was playing games on his phone. When he heard this, he looked up at her and then lowered his gaze to play games.

“Do you think I want to come? It’s grandpa who wants me to have a kid with you.”

After saying that, he closed the game and looked at her wickedly.

“Honey, come, let’s have a kid.

After saying that, he had already walked toward Elizabeth and Elizabeth instinctively took a step back

“Samt, don’t do anything stupid”

It was Dominic last night. She was not afraid. Now it was Saint. She was a little afraid. What would this fellow do?

Seeing her retreat, Samt laughed even more wildly.

“Why? Are you scared?”

Following that, he reached out his hand to grab her. She instinctively slammed him on the shoulder and pressed him to the ground

She even grabbed the tie that he threw by the bed and tied his hands.

Saint was furious and he cursed.

ウド

“Elizabeth, let go of me.”

Elizabeth glanced at the man who was struggling on the ground. She went into the closet and took out a few ties and tied his legs.

You..."

He roared. After Elizabeth finished a series of movements, she patted the dust on her hands

"Stop yelling. If you continue yelling, I'll shut your mouth."

Now, she felt secure.

She wouldn't even dare to take a shower, let alone sleep.

"Elizabeth, I won't let you off the hook. Saint was really going to die of anger.

Elizabeth looked down at him, "I know! But I'm not afraid."

Now that Master Campbell was protecting her, she had support in the Campbell family. She was no longer afraid of anything

As long as her kids was safe, she was no longer afraid of anything

Saint twisted his body. "Damn it, is this how you treat the man who saved you? Let go, let me go."

Elizabeth entered the closet and took out her pajamas When she walked past him, she kicked him

"Saved me?"

It was still Dominic who saved me. What does it have to do with him?

This damned sick personality, you should quickly disappear. From today onwards, I'll teach you how to behave

Chapter 822 Forgotten Daddy

Saint felt that she would definitely be bound by what he did for her. Wasn't it the reason why she agreed to marry him?

But Elizabeth was different now. Knowing that he was not Dominic, she did not feel guilty at all.

Even if he hit him, it was for Dominic. Because of his appearance, Dominic became sick.

"Killing him is the best thing I can do for Dominic."

Elizabeth sneered. "This is also a way to repay my gratitude."

After saying that, she entered the bathroom and slammed the door shut.

Saint was so angry that he struggled. However, he was tied back and forth. He couldn't muster any strength and felt very upset.

Elizabeth entered the bathroom and took out her phone to give Abby a call.

"How is she living at the Hilton Family? Is she used to it?"

This was the first time this little girl left her and her two brothers. She would definitely not get used to it.

The call connected very quickly. "Mommy""

Her sweet little voice was heard and she smiled.

“Darling, what are you doing? You’re about to go to bed!”

Abby was sitting on Matthew’s big bed with a Barbie doll in her arms.

“I’m waiting for Daddy! He’s been summoned by Great-Grandpa. Is he going to be scolded?”

Just as she spoke, a man leaned against the door and said.

“How do you know I’m going to be scolded?”

The deep and pleasant voice made Abby smile. Even the woman on the other end of the phone was seduced by his magnetic voice.

The corners of her lips unconsciously rose.

“Great-grandpa told me! He told you to have a baby!”

Matthew walked over and sat down beside the bed. He reached out and caressed her face.

“Tell your mommy, if she has time, she should go shopping with me tomorrow, I need to go to a blind date the day after tomorrow. I need her

to pick out my clothes and tie, and also choose a present for my blind date.”

Elabeth naturally heard these words

She pursed her lips unhappily.

Abby blinked and said to the phone.

“L, did you hear that? Or do you want me to repeat it again?”

Khabeth and cols, “There’s no need. Tve already heard him. I’ll be free tomorrow. When the time comes, please contact i

Abby leaned against the quilt and similed happily

Kabeth heard the sound of the door closing Matthew must have entered the bathroom.

“Do you

Abby rejected her directly Theres no need. I’ll sleep with Uncle Hilton. You should rest early too! Good night”

Elbeth felt a little disappointed when she heard her daughter hang up the phone

She sighed. Abby, have you listened to the task that Mommy gave you?

If there were other beautiful women, you had to say that you are his daughter and keep those women far away from hum.

Elizabeth took a sweet bath and put on a face mask After drying her hair, she walked out of the bathroom

When she saw the man on the ground, she threw a thin blanket and got into bed to sleep

Sant kept staring at the ceiling Seeing that she finally came out, she took almost an hour and a half to take a shower. She must have done it

“Hey, how can I sleep when you tied me like this? Let go of me

Elizabeth wrapped the quilt tightly. "If let go of you, I won't be able to sleep. Mr. Campbell, please hold on for a while

Chapter 823 Do You Like Mr Hilton

"Elizabeth, let go of me!" Saint roared in anger

Elizabeth felt that he was too noisy, so she picked up a towel and squatted beside him.

The moment Saint saw the towel, his eyes widened.

Elizabeth shook the towel in her hand. "In order to let us have a good night's sleep. I'm sorry Mr. Campbell"

After saying that, she grabbed his jaw with one hand and stuffed the towel into his mouth with the other.

"Mmm... Wade....."

Before he could finish his sentence, he was stuffed tightly.

Elizabeth felt that the world was quiet right away.

She smiled at him. "Dominic always listen to what I say. If I let him sleep on the ground, he definitely won't have any objections, right?"

Elizabeth gently covered him with a thin blanket. This was Dominic's body and he couldn't catch a cold.

She got onto the bed, pulled the quilt, turned off the light, and looked down, taking a deep breath.

Elizabeth, sleep, and tomorrow will be a new day. Good luck, it will get better and better

The next day, Elizabeth woke up and felt that she had a good night's sleep. She had no dream all night.

When she sat up, she saw that the furnishings in the house were different from her bedroom. Only then did she remember that they were staying at the Campbell Residence.

Elizabeth moved to the side of the bed and looked at the man who was asleep under the bed.

Just when she was looking at him, he opened his eyes in shock

Elizabeth was so frightened that she shrank backward. Could it be that he didn't sleep all night?

"Did you not asleep or you just wake up?"

Dominic smiled. He wanted to say something but couldn't

Elizabeth saw his smile and knew that he was Dominic, so she slid down the bed and pulled the towel out of his mouth.

Dominic moved his face and he frowned slightly

"Lazy, did you tie him up all night? Why don't you let him talk?"

deep breath

“He’s not you, so I need to tie him up. Otherwise, I don’t know what he’ll do at night”

Dominic stood up and moved his limbs. He was tied all night. His limbs were numb and he felt very uncomfortable.

Elisabeth looked at him and said.

“Are you feeling uncomfortable?”

“No. I just woke up. I want to exercise.”

Elisabeth smiled after hearing it.

Dominic was like this. He always his best side in front of her. He had never accused her before. He was simply too warm.

“Then I’ll go wash up. I’m going to be late for work.”

Elisabeth entered the bathroom and started washing up. Dominic walked in after brushing his teeth.

“Abby’s phone.”

Elizabeth wiped her mouth with a towel and took the phone.

“Darling! Good morning!”

“Lizzy, have you woken up?”

Abby looked at the empty bed on the other side, feeling a little sad.

Daddy woke up very early! When she woke up, she was the only one left. She really wanted to kiss Daddy! She hoped that she could give him a

good morning kiss every day!

“Get up! Mommy have to go to work. Remember to be a good girl at Uncle Hilton’s house, got it?”

“Yeah, I know. But Lizzy, I heard Uncle Hilton say he’s going on a blind date tonight! He said she is a pretty young lady!”

Elizabeth’s face darkened upon hearing this, and she felt a little bitter.

“Yeah, I got it. It’s still early. You can sleep for a while longer.”

Elizabeth was about to hang up the phone, but Abby stopped her.

“Mommy, do you want me to ask my great-grandmother to take me to stop his blind date? I will say I’m his daughter.”

Mommy taught her this. She wanted to use this method.

Elizabeth smiled, “There’s no need, Mommy has an idea”

Mommy, do you like Uncle Hilton? Do you want to marry him? But you already have Dom, so what should you do?"

Chapter 824 I'll Take You to See the World

Elizabeth heard her daughter and knew that her little secret had been exposed.

"Darling, it's not like this. Don't tell Matthew! This is a secret between us, only you and I know."

"Alright!"

After hanging up the phone. Elizabeth quickly washed her face and put on makeup.

By the time she came out of the closet, Dominic was already waiting for her. He smiled at her.

"Let's go!"

Elizabeth was a little surprised. "I thought you would leave first."

Dominic walked over and pulled her hands into his arms.

"Since grandpa wants us to have a kid, could not we act more intimately?"

Elizabeth did not retract her hands and allowed him to lead her out of the bedroom.

She subconsciously looked at his head. "Dominic, how is your injury? That fellow probably didn't care about your injury."

He should go to the hospital to change his dressing and also check the healing of the wound.

Dominic agreed, "When I go to the office later, I'll go to the hospital to change my dressing."

When the two of them walked downstairs, everyone in the living room looked at them.

Madam Campbell's face darkened when she saw the loving couple.

"I wasn't at home yesterday. Why does their relationship seem to have improved?"

Shelby sneered when she heard this.

"Mom, you still don't know! Dad treats her well and doesn't allow her to do anything. He even bought her a lot of things, including accessories,

skincare products, and cake."

Madam Campbell was a little surprised. "Why is this happening?"

Shelby stood up. "Mom, you have to ask dad about this. Eat breakfast! I'm hungry."

Shelby walked to the dining room. Madam Campbell got up too. The servant came to support her and she raised her hand.

There's no need. I can walk by myself."

She hadn't gotten to the point where she needed help. The servant could only back down and didn't dare to help her anymore.

When Dominic saw her grandmother, he called her.

Good morning, Granny

Elizabeth said, "Grandma, good morning!"

Madam Campbell laughed happily when she heard Dominic's good morning!

"Good morning. Dom!"

But when she heard Elizabeth say that, her expression obviously changed.

"Lizzy, we're going shopping later. Come with us. I'll buy you a few decent clothes. Look at what you're wearing"

Elizabeth's clothes were custom-made by the company's designers specifically for her. Moreover, they were all handmade and unique.

Perhaps there was no logo on the clothes, so they thought it was a knock-off.

Elizabeth looked down and smiled faintly.

"Grandma. I have some clothes. You don't need to buy new ones for me. Besides, I have to go to work."

Madam Campbell was upset when she heard this.

"What's so important about your work? You have to go with us today. Otherwise you'll embarrass the Campbell family when you go out."

Dominic said indifferently, "You can ask for leave! Help me accompany grandma."

Dominic felt that as long as Lizzy spent more time with Granny, Granny would definitely like her.

Elizabeth nodded, "Okay!"

In the dining room, Master Campbell had finished his breakfast with Arthur and Antony.

He glanced at Dominic and Elizabeth, wanting to see some fatigue from them. After all, they had just gotten married not too long ago. Now

that they were going to have a kid, they would definitely have a lot of hassle at night.

He was young once. When he was married, he kept his wife awake all night...

"Dom, Lizy, sit beside me."

Master Campbell had always loved Dominic, so it was fine for him to sit beside him.

Today, he brought Elizabeth with him, indicating that she was the same existence as Dominic in Master Campbell's heart.

Anna stepped on her husband to let him see how much the old man loved her now.

It was all his fault that he did not want a kid, causing her to be humiliated in the house.

The two of them sat beside Master Campbell and he called out to them.

"Bring the Young Master and Young Mistress' supplements." For the sake of the descendants of the Campbell Family, they had to take good care of their health.

Chapter 825 Don't Just Care About Kids

Elizabeth naturally understood what it was.

A faint smile flashed across her face. She looked at Dominic and Dominic shrugged helplessly.

After the soup was served, the two of them did not hold back and drank the soup first.

Upon seeing how obedient they were, Master Campbell was in a good mood. He could not help but fantasize that he would be able to have a great grandchild in ten months.

He must be beautiful, cute, and smart.

Thinking of this, he reached out and caressed the two boys next to him.

It would be great if he would be as smart as them.

After breakfast, Elizabeth and her two sons strolled in the garden. Arthur and Antony missed their sister a lot.

“How is my sister doing there? Does she miss us?”

Elizabeth smiled. “That little girl probably doesn’t miss us. I don’t need to sleep with her anymore.”

“That’s good. My sister has grown up too.”

In this situation, they did not have to stay by Mommy’s side in the Campbell Family anymore. In fact, they could bring their sister back.

Arthur felt the same way too. Having Matthew take care of her for a few days was already enough.

They don’t want their sister to forget about them and rely on Matthew.”

“Mommy, bring my sister back when class starts.”

Elizabeth nodded, "Okay!"

Looking at the two sons' appearance, they had become taller.

She could already resemble the two of them when they grew up.

By then, they would be protecting their mother and sister.

Her hand caressed his head gently. "Son, I feel sorry for letting you suffer here with me."

Arthur replied indifferently. "We don't feel bad. We owe Dom a favor. We should pay it back together."

The two little ones had seen through everything and knew the reason why Mominy did all of this

Elizabeth was a little surprised. They even knew about this

"Antony, Arthur, if you feel unhappy, you can tell me. You're still kids. You don't need to think so much. I just hope that you'll be happy!"

She didn't want them to be so iver. They're

that she wants to try,

3/2

Antony shook his head. "Mommy, we're very happy!"

Elizabeth nodded. Perhaps she was overthinking

At this moment, the servant came over. "Young Mistress, it's time to leave."

Elizabeth kissed their faces.

I'm going to accompany your great-grandmother and grandmother. Be good at home. Call me if you need anything."

Elizabeth no longer needed to worry about them. With Master Campbell's protection, they wouldn't be bullied in this family.

Moreover, the two of them had successfully gained their status in the Campbell Family. She couldn't help but laugh. Why are they so smart?

Anyway, she was not that smart.

Elizabeth followed the servant to the parking lot and got into Madam Campbell's car.

She sat in the passenger seat while the other two sat in the backseats.

Madam Campbell said, "Let's go! We're heading to S Mall"

Elizabeth rolled her eyes. She did not expect them to go to S Mall She was quite surprised.

However, S Mall was quite popular in the women's market now, especially Flora, which was popular among all sorts of wealthy ladies.

Elizabeth was quite relieved. At least after she took over the company, she ran the company even more outstanding.

Shelby asked, "Lizzy, have you heard of S Mall? I heard that the CEO of this company is a woman. She's about the same age as you. Look at

how good she is doing. Don't just be busy having kids. Women should not only care about kids."

Chapter 826 Do Not Like Her At All

Shelby thought to herself. Dad ask you two to have a kid, but I didn't agree!

Elizabeth pursed her lips It was impossible for her to feel nothing

When she was eighteen, she got pregnant and gave birth to a kids. Even the father of the kids remained unknown, so she became the sinner, the person who was despised.

Her gaze sharpened slightly Thinking of Celine and her daughter, she felt that she should fight back.

Previously, she has nothing. Now that she had this ability, she could no longer sit and wait.

I'll at least make them suffer a bit

When Shelby saw that she didn't say anything, she asked again.

"Lizzy, are you listening to me?"

Elizabeth responded, "I'm listening"

However, her voice had become colder by a few degrees.

Shelby was stunned by her. She was a little intimidated, and inexplicably, she was a little scared.

Madam Campbell snorted coldly. "Why are you telling her all this? Didn't you hear from Anna that she just graduated high school and got

pregnant before she even went to university? Would a woman like her be interested in having a career?"

"Why would a woman like her deserve to be Dom's wife? Previously, they were fooled and thought that she was the eldest daughter of the

Wade Family and she must have been well-educated."

Who would have thought she was such a woman..

"Don't forget her wedding gifts were also fake. What else could not she do?"

Elizabeth did not know this before. Why were the wedding gifts fake?

She turned her head and asked.

"What do you mean by that?"

When she got married, she brought a lot of things. However, there were some things she did not tell them, like the piece of land that Matthew

gave her, and the hotel.

The rest was given by the Wade Family.

Madam Campbell neered, "Stop pretending. Your stepmother doesn't want to give you anything. In fact, there are only a dozen empty bouts

sent to the Campbell Family"

“What a joke

Elizabeth was puzzled. Indeed, she brought sixteen boxes of gold and silver over. However, after she came over, she left them in the C

Family’s loft.

She and Dominic weren’t staying here, so she didn’t care about the sixteen suitcases. She really forgot about them.

After hearing what they said, they must have seen the boxes.

Elizabeth did not say a word. She leaned against the seat. Sure enough, Celine had done this.

“I have to go and ask where the sixteen boxes of gold are.”

There weren’t many people in S Mall. After all, the brands here were all luxury brands, and no ordinary person could afford them.

Besides, some brands might not be bought with money.

Shelby held Madam Campbell’s hand. “Mom, Flora needs to make a reservation in advance. Do you really want us to go there?”

Shelby did not believe her. She felt that her mother must be old and did not know what was happening on the market now.

Elizabeth walked beside her and looked at everything in the mall. Everything was neat and in order, and she was very happy about it.

Moreover, the moment they entered the mall, they felt very warm. There were bright colors everywhere. Women liked this color.

When the two of them were waiting for the elevator, they found that Elizabeth was still behind.

Shelby said. "Look at her. It must be her first time here. She looks like she's never seen the world before."

Madam Campbell turned around and took a glance. Her expression changed.

You shouldn't have lied to us back then. She clearly isn't the real daughter of the Wade Family. Don't mention the kids, I definitely won't let

her in if I have known."

Shelby's expression changed, and she felt a little guilty.

"Mom, I didn't have a choice back then. Dom's eyes were blind and he didn't want to treat his illness. He only listened to Elizabeth and wanted.

to marry her, so I had no choice but to agree. But, after the marriage, Dom was indeed cured!"

Chapter 827 Lizzy, You Are Amazing

Madam Campbell had nothing else to say. She sighed.

"Alright, you're right. But..."

She didn't continue the last sentence. All she wanted to do was ask Elizabeth to quickly propose a divorce. This time, she had to look for a good

one for her eldest grandson.

“I must find a real wealthy girl I definitely don’t let this kind of bumpkin into our house.”

Elizabeth noticed that there was an advertisement board that was about to fall. She took out her phone and sent the photo to Scott.

Madam Campbell covered her face. “Quick, get someone to call her over. Why is she taking photos? Does she want to post it on her social media?”

How embarrassing”

Mrs. Campbell nodded and said to the servant next to her.

“Hurry up and call the Young Mistress over. The elevator is here.”

Elizabeth finished sending the message and asked Scott to communicate with the person in charge here and hang the advertisement properly.

The servant walked to her side, “Young Mistress, they asked you to go over. The elevator is here.”

Elizabeth sent the message and walked towards them.

Following them into the elevator, Shelby asked.

“Did you just take a photo and post it on Facebook? You’re not allowed to do so! It’s embarrassing”

Elizabeth was stunned. Who said she was going to post anything?

Madam Campbell saw her innocent expression and cursed.

“We’ve all seen it. You were taking photos in the lobby just now! Every time you come to a high-end mall, you’ll have to show off. You’re now the daughter-in-law of the Campbell family, so you should visit these high-end places often.”

Elizabeth finally understood. It turned out that they were talking about this.

She was working just now. However, she was getting more and more devoted now. When she entered the mall, she could see that there was something that could be fixed.

“But I’ve been misunderstood.”

She kept her phone and watched the elevator ascend. They went straight to the fifth floor. This mall only had six floors and the sixth floor was a dining area.

Below the fifth floor was all clothing and jewelry areas. Some of the internationally renowned brands also opened their shops here.

The brands on fifth floor were all owned by S Group.

Madam Campbell brought the two of them straight to Flora’s shop. When they entered, a clerk welcomed them.

“Madam Campbell, you’re here.”

She was very polite. Because she’s the VIP of Flora’s store, there are only ten people in A City who can get the VIP of Flora!

Thus, it was obvious that Madam Campbell had an extraordinary status.

She nodded slightly. “Didn’t you say there is something new? Let’s go and have a look.”

Shelby was a little surprised “Mom, didn’t you tell me you have to make a reservation in advance. Anna even hired someone!

All of a sudden, Shelby had a trace of admiration for Madam Campbell.

Elizabeth was not surprised because the ten VIP were all of A City’s prominent ladies

Madam Campbell was the elder of the second-largest family in A City, so of course she had one VIP card too

The clerk did not know Elizabeth. She was the CEO of S Group, and only the executives knew her.

Madam Campbell was looking at the jewelry. The custom made clothes she ordered hadn’t arrived yet, so she didn’t go around. Instead, she

sat in the lounge area and read the jewelry articles on a magazine.

Mrs. Campbell was still picking Because of the popularity of Flora recently, no one in her circle could buy it.

If she could wear one to attend the tea party, then she would definitely be the most dazzling one.

Elizabeth was not interested. After all, she had seen every new item here. She was the one who suggested this way of selling

She suddenly felt that her efforts were paid off. Her first reform after she took over the position had succeeded.

At this moment, Abbie called and Elizabeth answered the call

“Auntie Campbell”

The two of them hadn't contacted each other for a long time. Elizabeth was very happy to receive her call.

"Lazy. I heard that you run the company very well, especially Flora. It's amazing!"

Chapter 828 Who Are You

Elizabeth smiled, "Because you gave this company to me, so I have to manage it properly!"

Elizabeth felt like a little girl. She liked to be praised.

Ever since she got pregnant, she had never heard a single compliment. All she could hear was humiliation.

This was the first time she had done something serious, and it worked. She was so happy to receive a compliment!

"Lizzy, the company is yours now. I hope it will give you confidence and allow you to live the life you want."

This was Abbie's only compensation for her daughter. What else could she do?

Elizabeth smiled "Auntie Campbell, when can you come and visit me? Or can I visit you? I miss you."

Normally, they would send messages. She was just like her mother, making her feel very warm.

Besides, she had a special feeling about her. She liked her very much.

Abbie fell silent. "Lizzy, I'll visit you when I'm free."

Her identity was special She did not want to cause Lizzy any trouble, so even if she thought about her daughter, she could only endure it

Otherwise, she won't have left her in the Wade Family.

At this moment, Madam Campbell had finished reading the booklet. When she saw Elizabeth sitting opposite her, she said coldly.

"Lazy, it's been a long time since I come here. Don't let outsiders think Campbell family is treating you badly. Go pick some clothes and change

into them. You are embarrassing"

Abbie heard everything and it was exactly what she thought.

Lizzy did not have her mother by her side, and the stepmother of the Wade Family treated her badly, and now she was mistreated in the

Campbell Family again.

Elizabeth was afraid that Abbie would hear it, so she said.

"Auntie Campbell, I'll hang up now. I'm busy now."

After hanging up the phone, Elizabeth looked at Madam Campbell.

"Grandma, there's no need. I have a lot of clothes"

The company had a team to make clothes for her. She couldn't wear them at all

Madam Campbell was upset. "Pick something up You have to buy something today."

Elsbeth got up "Okay

endomly picked to sets of clothes One was a purple cost

ther was a dress

"Lizzy, these two are limited edition designs. Only this one costs six digits. You only pick the expensive ones, am I right?"

Elizabeth e did not pay attention to the price. She raised her eyebrows and smiled.

"I didn't pay much attention to the price. Are they too expensive?"

Madam Campbell was looking at jewelry! When she heard this, she shot her a look.

"I'll pay the bill. No matter how expensive they are, don't say something embarrassing."

Elizabeth said, "Grandma, I'll pay the bill."

After saying that, she walked to the cashier. Madam Campbell did not have any objections and sneered.

"If she can afford it, then let her buy it!"

Mrs. Campbell looked at the ring in her hand and felt that the green dress she just chose suited her the most, so she told the clerk.

"Warp this up too."

“Mom, don’t make things difficult for her. If she doesn’t have enough money later, we’ll be embarrassed!”

Madam Campbell thought so, so she took out a card and handed it to the clerk.

“No password.”

The clerk took it. At the same time, the manager of the mall arrived, followed by a group of executives.

“Mr. Yang,” greeted the clerk.

Did something happened? Everyone became very nervous and couldn’t help but glance at the three people in the store.

Madam Campbell thought it was for her. She straightened her hair and waited for them to greet her.

Mrs. Campbell also felt that this was too much. They were just shopping, but the executives of the mall showed up.

Chapter 829 Date

Mr. Yang led a group of executives and headed straight to the cashier.

“Mrs. Wade, I didn’t expect you to be here today”

These executives were also employees under her. Only Mr. Yang had seen her in person.

Elizabeth did not think of alerting the people here. When she saw Mr. Yang, she was also a little surprised.

“Mr. Yang. I’m just accompanying my family shopping I’m not here for inspection Don’t worry.”

Madam Campbell and Shelby, who were sitting in the resting area, were dumbfounded. Madam Campbell's eyes widened.

"Why are they calling me Elizabeth?"

The clerk at the side had already heard about it and then explained.

"This is Mrs. Wade, the CEO of S Group. This is our first time meeting her. She's so pretty!"

"Well, he has a good temperament."

Added by another clerk.

Madam Campbell and Shelby were dumbfounded. It took them a while to calm down.

"What? Is she the CEO of S Group?"

Mrs. Campbell asked in disbelief

Madam Campbell was also surprised "Shelby! Didn't you say that she's the eldest daughter of the Wade Family? Why is she the CEO of S

Group?"

Mrs. Campbell kept stopping Dominic because she knew Elizabeth's identity, status, and the fact that she had kids.

But she really didn't know about her hidden identity.

After Elizabeth finished talking to the executives, they left.

The clerk packed everything they bought and handed them to the servant. She even returned the card to Madam Campbell with both hands.

“Madam Campbell, you’re Mrs. Wade’s family, so you’re free of charge. From now on, you’ll be free of charge for hfe.”

Madam Campbell and Shelby’s expressions were terrible, and they looked awkward.

Previously, they even mocked Elizabeth coldly. Now, it seemed that her status was so noble. What if she had kids?

The ladies outside could compete with her.

The two of them changed their expressions. Only a woman hke Elizabeth was worthy of Dominie

That was what they thought, so Mrs. Campbell stood up

“Lizzy, I didn’t expect you to be the CEO of S Group. Why didn’t you tell us?”

Madam Campbell smiled and said, “That’s right! It’s such a good thing!”

“With such a granddaughter in law, it’s our honor!”

“Lizzy, are you hungry? Let’s go eat”

The sudden enthusiasm and warmth made Elizabeth a little uncomfortable.

“Oh, alright! There’s a restaurant on the sixth floor. Let’s go up and have a look.”

Even though Elizabeth knew that the Campbell Family did not like her and did not treat her well, However, in order to help Dominic treat his

illness, she endured all of their oppression and insults.

She was not generous. She just doesn't care.

Now, she did not need to think too much about people and things that were not important so that she would feel better.

They went to the sixth floor and chose a private restaurant. As soon as they sat down and ordered, Elizabeth's phone rang

Elizabeth took out her phone from her bag and looked at it. It was a call from Matthew.

When she saw the name Matthew" she smiled.

"Mr. Hilton," she answered.

"Mrs. Wade, I'm going on a blind date tonight, so I need to trouble you to meet me and help me choose clothes and gifts. Are you free now?"

Actually, she was not free, but she was free as long as it was about Matthew.

"I'll be here right away."

After hanging up the phone, Elizabeth looked apologetic.

"Grandma, Mom, I have something to settle. I could not accompany you for dinner."

Madam Campbell and Shelby said simultaneously, "It's fine, go!"

She was the CEO of S Group, so she must be very busy but she still accompanied them to shopping. This girl was kind.

Chapter 830 You Are Enchanting Enough

Elizabeth left the restaurant and hailed a cab to the restaurant Matthew sent her.

They could have a meal together. "It's been a long time since I've eaten with him."

Along the way. Elizabeth was looking forward to it.

She put on some makeup with her mirror.

Her makeup was usually light so that she could look better. In fact, she looked good enough without any makeup, but she looked a minor when she had nothing on her face.

When she went to work, she would put on some makeup so that she would look more mature.

The car stopped at the entrance of a restaurant.

Elizabeth got out of the car and walked to the entrance

Esme was already waiting at the door. It was Mr. Hilton who asked him to come out to welcome Ms. Wade.

He was still used to addressing her like this. Of course, when he talked to her, he did not call her Ms. Wade anymore.

"Mrs. Wade, please."

He became very polite and distant. Elizabeth could feel it too.

She nodded slightly. She knew that everyone around Matthew had prejudices against her because she married Dominic and betrayed their

boss. Naturally, they wouldn't give her a good attitude.

Elizabeth was not upset. It meant that the people around Matthew were genuinely good to him.

They reached the private room, the one Matthew the most, as long as there weren't many people, he would always book this one.

Elizabeth entered the private room and saw the man standing by the window smoking

Dressed in an exquisite black shirt with his slender body. His two slender legs were wrapped in high-end trousers. His entire body exuded a

noble and cold aura.

Matthew usually wore this kind of monotonous color. Moreover, there were a lot of black, but he was able to wear the same color in different

styles.

Elizabeth fell in his mighty beauty. Sometimes he was serious and cold.

But sometimes he was wicked and bad.

Sometimes, he was beautiful, youthful, and energetic.

The man who was smoking sensed her gaze and looked sideways at her. Their gazes met

Elizabeth's heart was suddenly stabbed. She looked away to calm herself down.

Even though she knew that she was shocked by his beauty, she still had to pretend to be calm.

"Mr. Hilton, I'm here."

She walked towards him with a smile, like a kid.

Matthew patted the ashtray and pointed to the table.

"Please take a seat. Order whatever you like."

Elizabeth was slightly disappointed. Sure enough, he had forgotten her, so he didn't even know what she liked to eat.

She sat down at the dining table. Matthew had already rung the bell and a waitress walked in.

"Mr. Hilton, are you ready to order?"

The waitress smiled and looked at him.

It was obvious that the waitresses here were very excited today, they all wanted to enter this room.

Elizabeth knew that as long as Matthew was around, there would be women who would want to throw herself in.

Unfortunately, she didn't know how to cherish him before. She didn't know how happy she was back then.

Even now, she was a little bitter. She didn't want him to see another woman, but she no longer had the right to stop them.

She could only look down at the menu and let the girl appear in front of me and smile at him.

After ordering the food, Matthew also finished smoking.

After sitting down, he looked at her. "Mrs. Wade, you're from the fashion industry. I'll leave myself to you today. I hope you can style me into a

celebrity."

Elizabeth smiled faintly when she heard this.

"Alright, since Mr. Hilton trust me so much, I won't disappoint you. However, I need to look at the information about your blind date so I can

style you into the man she likes."

Elizabeth was saying that, but what she was thinking was that if turned you into someone she hated, then your blind date would be ruined!
