

Game Over 841

Chapter 841 So Sweet

Madam Hichon nodded. "There's no need to hide it. I'll definitely be attending your wedding. I'll about your grandfather

At this moment, Madam Ferguson and Rosabe arrived

The two of them walked over and Madam Ferguson pointed at her

"Why are you here in the lobby a private room?"

The moment they entered the door, they saw her, so they walked over directly

Rosalie was slightly shocked when she saw Matthew. "Matthew, is it you? You're so cool today Are you doing cosplay?"

Looking at the excited expression on Rosalie, she patted her forehead. What day is if today?

I should buy a lottery!

Madam Ferguson sat beside Madam Hilton and reminded her granddaughter.

"Rosalie, you're a good girl from a good family. Be careful of your behavior"

Rosalie smiled "Grandma, Matthew is usually a serious person. I didn't expect him to dress like this. That's why he's so excited"

Sitting on the other side, a waiter came over for their order.

face

The three of them even ordered desserts and coffee. It seemed like they were about to have a long talk

Elizabeth looked a little awkward. If she got up and left now, it should be fine.

When she thought about it, she wanted to get up. Matthew pressed her leg tightly so that she could not stand up.

She glared at him, but Matthew didn't mind it. He still took a cup of coffee with one hand.

Elizabeth had no other choice but to sit down obediently. His hand was pressing against his leg

Only then did Rosalie notice the young man next to her. "This is?"

She had never seen him before. Looking at him sitting so close to Matthew, they must be friends.

1/2

"This is my boyfriend," said Matthew softly.

Rosalie still doesn't care. A boyfriend means a male friend.

Madam Ferguson understood and asked.

"Rosalie, is this my future granddaughter-in-law?"

Rosalie was holding a glass of water and drinking. When she heard this, she spat out a mouthful of water and spat it directly at Elizabeth's

Fortunately, Matthew reacted quickly and raised his hand to protect her.

Hence, Elizabeth's face was fine. The water was splashed onto the back of Matthew's hand. This shocked Rosalie.

She still felt that her grandmother was talking nonsense. Matthew liked women.

However, seeing that he was so protective of the young man next to him and even trying to protect him, this relationship must be abnormal.

Elizabeth's eyes widened in shock, but fortunately, the water did not touch her face. Matthew's hand was reached in time. Otherwise, her face was going to get drenched in other people's saliva. It was disgusting even if she thought about it.

The atmosphere at the table was a little strange. The two grandmothers seemed to be chatting very vigorously, and their eyes were filled with

excitement

Rosalie, however, looked sad. She would rather believe that Matthew liked a woman with 3 kids than to accept that he liked a man.

"Two handsome men together. What should other women do?"

The world has lost two top grade handsome guys. Oh my god! Do you have to be so ruthless?

Elizabeth called a waiter and asked them to deliver a pack of disinfectant wet towels.

Matthew was wiping his hands with a wet towel repeatedly, looking very disgusted.

Rosalie's face turned from red to black and turned red again. Her whole body was shaking.

Madam Hilton smiled. "Rosalie, did you see them? They are so sweet!"

Madam Ferguson supported her chin with one hand. "See, public demonstration of affection!"

Then, she glared at her granddaughter, "Rosalie, look at Matt, he's found his man. When do you want to bring me a grandson-in-law? Both

men and women are fine, as long as the two of you love each other.

Chapter 842 She Is Not Your Child

Rosalie was going crazy upon hearing this. Her sexual orientation was heterosexual.

Hence, she furrowed her eyebrows and looked at the two elegant old ladies. She realized that something was wrong. Did they watch too many BL dramas often lately, so they thought everyone was gay?

Matthew asked, "Grandma, where is Abby?"

She was wearing a male outfit and a voice-changing device. No one would recognize her, but her daughter would definitely do.

Elizabeth spoke up after hearing this,

"Ladies and gentlemen, I have something else to attend to. I need to leave."

After saying that, she wanted to stand up, but the hand on her thigh was pressed tightly, and she was unable to get up at all.

Elizabeth turned her head and glared at Matthew. "I really have something to do."

Matthew smiled wickedly. "Even if it's a big deal, you have to stay here today. Didn't you see my grandmother here? She even said that she's supporting us. She wants to prepare suits for us. Don't let the old woman down."

He usually didn't talk much. It seemed like he had a lot to say today.

Elizabeth felt that something was off. How much did he like that kid so he dragged her away like this?

At this moment, Abby arrived and ran to Matthew's side.

"Daddy, are you here too? I bought delicious ice cream! Have a taste too."

As she spoke, she looked at the servant beside her and asked her to place the ice cream on the table.

The maid understood her very well and quickly put down the ice cream.

Abby brought a spoon to Matthew's mouth. Madam Hilton smiled.

"Abby is so thoughtful"

"I like this little girl too. Why don't I take her home for a few days?"

Elizabeth looked at the people at the table, who were talking about Abby. This little girl was just too delightful

Fortunately, she didn't see her when she came in. As long as she didn't move, she probably wouldn't see her.

At this moment, Abby looked in the direction of Elizabeth and her big eyes blinked.

Following that, she walked over and studied Elizabeth from head to toe.

Elizabeth was so nervous that she didn't dare to breathe too loudly. She didn't want to be exposed by this little girl. If that happened, Matth would definitely humiliate her.

"He already said that the two of them

iitable.

She would be shameless, so she was terrified.

Abby reached out to caress her face, then turned around and said to Matthew.

"Daddy, this uncle is so beautiful. His clothes look exactly like your clothes!"

Upon hearing this, Elizabeth breathed a sigh of relief and Madam Ferguson waved to Abby.

"Little darling, come here. Come to me. I'll give you cake."

Abby blinked at Elizabeth and ran to Madam Ferguson.

Rosalie couldn't bear to watch anymore and got jealous.

"She's not Matthew's daughter. Isn't it appropriate for you to spoil her like this? When she returns to her own home in the future, who's going

to spoil her?"

Elizabeth, isn't that woman married to Dominie? Why does she still pester Matthew?

She didn't show up, but sent her daughter. What's she up to?

However, if she finds out that he is gay, she'll be furious.

Madam Ferguson and Madam Hilton didn't care about Rosalie. They knew that this girl was jealous. She used to spoil her because there was

only one girl in Rosalie.

All of them cherished her!

The boys weren't easy to control, and they wouldn't let them play around, so they could only play with Rosalie.

Now that she had grown up and saw a little girl who was more favored than her, she definitely had a bad feeling in her heart.

Rosalie looked at Matthew. "Matthew, why did Elizabeth leave the kid to you? You're not the kid's father, doesn't your befriended mind?"

Chapter 843 I Want To Investigate Him

Since they were so in love, he would definitely mind if Matthew brought his ex-girlfriend's kid.

This is his ex-girlfriend's kid!"

Matthew turned to look at him. "Do you mind?"

Elizabeth shook her head. "I don't mind. I'll support you as long as it's something you want to do."

After saying that, she glanced coldly at Rosalie. Rosalie met her gaze, and there was a trace of surprise on her face.

Matthew is sick. Why does he like Elizabeth that much?

Obviously, the young man's eyes resembled Elizabeth very much. Was it because of this that he chose to be with him?

Madam Hilton glanced at the time. "Let's go eat! I'm hungry."

Matthew glanced at Elizabeth. Her outfit was not suitable for eating. If she took off her mask, she would be exposed.

He lifted his left hand and glanced at the luxury watch on his wrist.

"Grandma, we still have something to do. I won't accompany you for dinner."

After saying that, he got up and grabbed Elizabeth's hand.

"Let's go!"

Elizabeth bowed to the two grandmothers, "Excuse me."

Watching the two of them leave, the back view was simply too eye-catching.

Madam Ferguson and Madam Hilton were both dumbfounded. "Sigh, they are even more handsome than stars on BL drama!"

"What is BL?" Abby blinked.

Two handsome boys are in love with each other.” Madam Ferguson patted her chubby little face and said.

Abby’s eyes widened. Two boys?

She covered her mouth and sneered. It seemed like they were all fooled.

Lizzy is so cute. She pretends to be a man! However, she’s still so handsome! I like it too!

Rosalie poked the cake with a fork and was in a bad mood.

“Grandma, didn’t you say you wanted to help me and Matthew get together?”

Rosalie was familiar with Madam Hilton, so she did not feel shy and dared to ask anything in front of her.

Then look at this situation. Will he like you? Girl, don’t think about it. I think he doesn’t care about you anymore. Don’t waste your

women must find someone to love her, otherwise you’ll suffer in the future.

Madam Hilton said while feeding Abby.

“Rosalie! We could not guess what Matt’s feelings are, but he’s always treated you like a sister. He’s so stubborn that he thinks a sister can only

be a sister.”

Rosalie looked disappointed. Even the two grandmothers who loved her the most said this. What else could she do?

She touched the necklace on her neck. Previously, she thought that she could Matthew with this ring.

From the looks of it now, she had lost, and she had lost to a man.

The more she thought about it, the angrier she got. The hatred in her eyes was strong.

She took out her phone and sent a text.

“Check the details of the man next to Matthew. The more detailed the better.”

In no time, her man received a text, “Yes, Miss Rosalie.”

Matthew led Elizabeth out of the cafe. It was already dinnertime. Not only did they have lunch together, but they also had dinner together. It

was a wonderful day.

In the elevator, a handsome man hugged the handsome young man with one hand. Elizabeth actually wanted to escape from his arms.

However, he was still holding her. She did not have the strength to do so, so she could only let him hold her like this.

The elevator attracted the attention of countless people, and there were also some who were discussing in hushed tones.

Elizabeth might be wearing a mask and no one could see her face, but she still felt uncomfortable.

The two men hugged each other like this. Anyone would misunderstand.

She pushed Matthew, "Let go, I apologize, OK? I'm sorry for ruining your blind date!"

Chapter 844 Meat on Chopping Block

As she spoke, she wanted to remove her hand and hide.

But how would he let her go!

"Didn't you say that you want me to be your husband? You're going back on your word? But there's no such thing in my world."

Elizabeth's going crazy. Why could not she get rid of this guy?

Do you like men that much? It seems like men are more attractive than women to him.

You..."

Elizabeth was so angry that she really wanted to take off her mask and let him see who she really was.

At this moment, Elizabeth's phone rang. She took out her phone and looked at it.

It was a call from Dominic. She closed her eyes. It was inconvenient for her to answer, so she did not care.

When they reached the first floor, Matthew hugged him tightly, as if he was afraid that she would run away, and led her out

Elizabeth became anxious. "Hello, Matthew, what do you want to do? Let me go. I need to go home."

He whispered in her ear. "Fuck you."

After that, she was shoved into the car at the entrance. Elizabeth was terrified. She glanced at the driver and Esme in front of her, and she

patted the back of the backseat

“Help, help me.”

The two of them treated her like air and pretended not to hear her.

Esme said to the chauffeur beside him, “Did you hear anyone talking?”

He was speechless for a moment and stole a glance at the rearview mirror.

“No!”

Anyway, they did not dare to ruin what his boss wanted to do.

Moreover, it was a man who was thrown into the car. They didn’t dare to care anymore.

Esme laughed. “Oh, maybe I was hallucinating.”

Matthew got into the car and told the driver.

“To the nearest hotel”

Elizabeth slid her hands on the window, wanting to get out of the car. What should I do?

He, seeing that he is a man, couldn’t control his dick?

She did not dare to imagine whether Matthew would do to her when he found out that it was her.

Why did this fellow have such a huge change after a brain surgery?

“Are you so obsessed with men?”

Only then did she come to her senses. She tugged at Matthew and pointed at herself.

“Mr. Hilton, take a good look. I’m not your boyfriend, I’m not. I was just passing by today. I saw you look handsome, so I wanted to have your

number. I’m sorry. Please forgive me.”

She put her hands together and begged him.

Matthew saw how scared she was and smiled.

“Whoever dares to tease me, what will happen to them in the end?”

His voice was cold and intimidating.

Esme hurriedly took the words. “Well, if it’s a small mistake, his hands will be broken. If it’s a big one, he will be paralyzed.”

Elizabeth’s petite body shook violently. “Are you guys still killing?”

I’ve been by Matthew’s side for so long. Why didn’t I know that he killed?

“They... They must be lying to me.”

At this moment, the car stopped at the entrance of a hotel. Elizabeth hurriedly grabbed the seat in the front row and refused to get out.

She didn't want to be fucked in the ass. That's too scary.

When she thought about this, her eyes opened slightly. Why did she know about this?

Ahhhh! Elizabeth, you've become a bad girl.

Matthew glanced at him coldly, "Get out of the car."

Elizabeth shook her head. "I'm not going to get out of the car even if I die."

The corner of Matthew's lips curved upward into a wicked smile.

"Hurry, otherwise you might get hurt."

Elizabeth watched him push up his sleeves and could only slowly let go of her hands, then looked at him timidly.

"Can I not go to the hotel? I'm hungry. I want to eat."

Matthew shook his head. "Before you eat, I have to be fed."

Elizabeth shook her head. "No, I need to eat first. I'll have more energy after I'm full"

Matthew held her little hands with his big hands, not allowing her to disagree.

“I’m the one who set the rules of the game. Even if you die of hunger, you have to put up with it.”

He was too overbearing. Elizabeth was like a piece of meat on the chopping board and brought to the presidential suite on the top floor.

Chapter 845 Correct His Sexuality

The moment she entered the door, she was pressed against the door by him. A warm breath blew beside her ear.

“Be good. Otherwise, you will suffer.”

Elizabeth was leaning against the door. He was standing behind her and rubbing her.

She was shaking Oh my god, does he really want to go in from the back door.

Ahhhh!

Elizabeth was so frightened that she wanted to turn around. However, she was pressed against the door, unable to move.

The warmth of his breathed onto her neck. His voice was deep and magnetic.

“That’s right. I like you a lot. Be my lover from now on!”

After saying that, Elizabeth was carried up by him, he entered the bedroom, and threw her onto the big bed.

The curtains in the bedroom were tightly shut. This way, no one would be able to see each other.

Do I really have to be treated like a man?

“That’s too embarrassing. No way.”

“Matthew, it’s me. I’m Elizabeth, not a man.”

The corners of Matthew’s lips curved up slightly, and his voice lowered a few degrees.

“Mrs. Wade? Is it fun to play with me?”

After saying that, the man had already approached Elizabeth. His breath was very close to her, and Elizabeth suddenly understood.

Matthew was a person who could not be deceived. Now that she regretted it.

“Mr. Hilton, I just don’t want you to go on a blind date. I don’t want you to be with other people.”

At this moment, the lights in the bedroom turned on.

He lifted his tie and looked at her in bewilderment.

12

“Mrs. Wade, do you like me?”

Elizabeth was stunned. Could she say the truth?

Matthew started undoing the buttons of his shirt, forcing her.

“Mrs. Wade, look at your behavior! Do you want to be a woman or a man?”

Elizabeth watched him take off his shirt, revealing his muscular upper body and beautiful chest muscles. She really wanted to touch him

She even swallowed. At this moment, she really wanted to let go of everything

She gritted my teeth and admitted it.

“Yes, I like you, I like you a lot!”

Then, she got up and wrapped her arms around his neck. She took the initiative to kiss him.

The corners of Matthew’s lips curved up slightly. He allowed her to kiss him, and his hands did not even touch her body.

Elizabeth was very enthusiastic, but she could not feel his

response.

She stopped and retracted her mouth. Her face was flushed and she looked at him..

Their faces were filled with doubts. Previously, when they kissed, as long as she took the initiative, he could hold on for less than five seconds

and then kiss deeply.

What happened to him today?

Could it be that he was thinking that twink? He still liked men and had no feelings for women?

She felt so upset whenever she thought about this. She must get this man to the right track, no matter what methods she used.

Hence, she touched his chest and caressed the chest muscles that she wanted to touch the most. It looked like he was still unbothered.

Her mouth moved downward. She held onto the bright red little nipples, thinking the way he sucked hers, and took a deep bite.

Matthew's eyebrows furrowed, and his voice was hoarse.

"Lizzy..."

The voice of he was obviously unsteady, but Elizabeth tasted the feeling of victory.

"I don't believe it. I'll definitely make you straight again."

Matthew couldn't hold back anymore. Especially when her soft lips kissed him, she was indeed good at licking. A few times, he wanted to open

his mouth and bite her tongue tightly.

She could feel Matthew's tense body and she knew that he was good at suppressing himself.

Elizabeth smiled faintly. She pulled his big hand and put it into her clothes, wanting him to touch her.

A man's dark gaze landed on her beautiful little face, and his voice was even colder.

"Elizabeth, you're playing with fire."

Elizabeth smiled. She raised her face and said smugly

“That’s right. I want to play with fire. Do you want to accompany me?”

Chapter 846 Mr Hilton, It’s Time for Supplement

Matthew smirked. “That depends on your capabilities.”

Elizabeth knew that this fellow would not admit that he liked women until the last moment.

Elizabeth understood how stubborn this fellow was

Her gaze shifted downward. She knew his weakness. If she did oral, he would soon surrender.

Hence, she straightened her hair and lowered her body bit by bit. She caressed his belt with both hands and started to unbuckle it.

By the time the sound of the zipper was heard, Matthew’s breathing became very rapid. He lowered his head and looked at her delicate little

hands.

Her voice was hoarse and terrifyingly hoarse. Her gaze was darker and darker.

“W-What are you doing?”

Elizabeth extended her tongue and smiled seductively at him

“I’m hungry I want to eat?”

The bright red made Matthew’s body tremble. He actually yearned for it.

His eyebrows furrowed even tighter. His breathing was in a mess

“Elizabeth, don’t forget your identity”

Elizabeth’s identity was completely not related

Hence, he lowered his head to make him shut up. His breathing bightened, and his scalp felt numb

In the end, his big hands finally caressed her head and pressed on his d’ck, making her unable to move.

At this moment, there was a knock on the door.

“Matthew, open the door for me.”

It was Master Hilton’s voice. Elizabeth’s eyes widened. She was already in great pain with something big in her mouth.

She did not expect Master Hilton to show up at this time. She was terrified.

She raised my hand to pull him, because I couldn’t say anything. Her mouth and teeth started to move around.

Matthew furrowed his eyebrows. He suddenly cummed in her mouth.

Elizabeth’s eyes widened in shock and she coughed.

The expression on the man’s face was very dark. It was obvious that he did not like his performance. Elizabeth swallowed it and wiped her tod

He saw her swallow and his eyes sparkled. His game on her became even darker.

“Mr. Hilton, it seems like you need to take some supplements.”

At this moment, she did not forget to mock him.

Matthew cleaned himself up and put on the zipper.

“Next time. I’ll show you what I can do,” he said through gritted teeth.

After saying that, he put on his shirt and walked out of the bedroom.

Elizabeth suddenly remembered that Master Hilton was outside. She stood up, wanting to find a place to hide.

As she straightened herself, she ran into the bathroom.

At the door, Matthew opened the door and saw Master Hilton standing outside with a few bodyguards. His expression was terrible and his eyes

were dark

“Grandpa, how do you know I’m here?”

Master Hilton looked at the expression on his face and snorted.

“Get in and look for that man. Get that man out of here.”

Yes. Master.”

A few bodyguards were about to enter the door, but Matthew stretched out his hand to block it.

“Are you sure you dare to search?”

His sharp gaze warned them.

The bodyguards were in a difficult position. “Young Master, Master asked us to look for you.”

Master Hilton was even more furious when he saw that he dared to threaten his men.

“Today, I want to see which kid has seduced you to this extent. It’s still daytime, and you’re here in a hotel What do you want to do?”

The thought of his great-grandchild doing such that with a man made him feel like fainting.

He was the only kid in the Hilton Family. If I don’t do anything, then the Hilton Family will be doomed.

Without a successor, the Hilton Family would collapse.

Matthew held the door with one hand, not letting them in.

Master Hilton roared, “Get out of my way.”

Still, Matthew let go. His heart wasn’t doing well. He was afraid that he would get a heart attack, so he could only let them bu.

“Grandpa, I hope you’ll give me some dignity.”

He would never speak like this in the past. Even Master Hilton was surprised, he raised his

What is this young man?

That boy, how can he be more seductive than a woman?

Chapter 847 Take Responsibility

Matthew looked at Master Hilton and glanced at Dean.

Dean rushed forward to persuade him. "Old Master, your health is more important. Besides, Matthew is a grown man now."

"They're all men, and they understand men better."

Master Hilton was fuming with rage. He pointed at Matthew.

"I'm warning you. The Hilton Family only accepts women, not men. Don't listen to your grandmother. She's :

Upon seeing Master Hilton's expression, he asked.

sgone mad lately."

"As long as it's a woman?"

-At this time, Master Hilton only wants a granddaughter-in-law.

"That's right, as long as it's a woman.'

H

“As long as he’s willing to marry a woman, you can accept anyone?”

+

The corners of Matthew’s lips curved up slightly. If he had known that a rumor could handle his grandpa, he should have done this earlier.

Dean helped Master Hilton to sit on the sofa and helped him to breathe. One of the bodyguards had already gone to pour water and took the

medicines.

Matthew glanced sideways into the bedroom. He actually wanted to call Elizabeth out

Since Master Hilton had already said so, seeing that the person inside was her, he might have agreed to the two of them being together.

Besides, he still had three children.

However he did not want to use the kids to persuade the old man. He hoped that he would sincerely accept Elizabeth.

At that thought, Matthew entered the bedroom. He did not see her and went into the bathroom.

When she saw that the girl was hiding behind the curtain, her petite body shuddered.

Matthew smiled and called her.

“Let’s meet my grandfather.”

Elizabeth opened the curtain a little when she heard it was his voice and revealed her face.

“No, I could not see him.”

She and Matthew went out alone in a room. Besides, they indeed did some shameful things just now. She really didn't have the nerve to go out

to see Master Hilton.

Besides, she didn't even announce her divorce and she still had to help to cure Dominic!

Matthew thought that she was quite cute, and her previous behavior made him very satisfied.

22

Now, she was no longer obedient. There was a trace of darkness in her eyes.

“Hurry, you've already done something like that to me. Shouldn't y

t you

be

responsible?”

Elizabeth did not expect him to say this. Although it was only about ten minutes ago, she still felt awkward and embarrassed.

Her face was flushed and her big eyes were filled with hesitation. She looked at him.

“Matthew, I could not be responsible for you for the time being”

The expression on the man’s face darkened, and his gaze darkened.

“Lizzy.”

Elizabeth closed the curtain, not daring to look into his

eyes.

“Anyway, I could not go out to see anyone today. That’s all.”

Matthew stared at the curtain for a while before leaving the bathroom and closing the door.

By the time they returned to the living room, Master Hilton had already administered the medication.

“Grandpa, who told you I’m here?”

Matthew was still very calm. Someone must be sabotaging.

“That’s right. Someone called me and told me that you’re staying here with a man. Then I’m here.”

“Let me take a look at the number.”

Master Hilton handed the phone to him “It’s the number on the top. It’s a landline.”

Matthew called back and answered the call. It was a public phone call

After hanging up the phone, Matthew narrowed his eyes.

“Grandpa, let’s go home!”

Master Hilton looked in the direction of the bedroom, “Ask that brat to come out and let me see how good-looking he is.”

Chapter 848 I Like You

Matthew also wanted them to meet, but if she was unwilling to, he can’t use a gun to force her to come out.

Even if he was holding a gun, she won’t be afraid.

Master Hilton looked at him and he let out a long sigh.

“Sigh”

He got up and Dean came to help him. Then, they left the hotel.

Only then did Esme and the others enter. Young Master, I’m sorry! Master Hilton tied us the moment he arrived, so we haven’t informed you

Matthew glanced at them indifferently, “Watch outside.”

Esme knew that Mr. Hilton’s plan had been ruined and he must be in a bad mood, so he answered obediently.

“Alright, Mr. Hilton!”

After that, he quickly left the suite and went back to the bedroom.

He decided to let Elizabeth experience his power tonight.

It was also because he hadn't touched her for too long. The moment she came, she was so straightforward and put it in her mouth.

So seductive. Now that he thought about it, he could no longer control himself.

A trace of bloodthirst flashed in his eyes as he walked toward the bathroom.

Before entering the bathroom, he heard Elizabeth's voice.

"Dominic, I'll go home right away. Hmm, you don't have to wait for me to eat."

Yeah, I know. Ahh, Mom and Granny have prepared toys for us... No, it's impossible for me to wear them. Hurry up and hide them."

Elizabeth had already walked out of the bathing curtain.

When she saw Matthew, she covered her phone.

"Has your grandfather left? I should go back."

Matthew's gaze turned cold but he didn't reply to her.

Elizabeth hung up the phone and shook him.

"Matthew, I am talking to you!"

He stared at her like this but didn't make a sound. It was scary.

Matthew suddenly touched her little face, especially her lips. They were very red, and there was a crack at the corner

time, the corner of her lips cracked. She was really too delicate.

lips. In just a short

“Why don't you want to see my grandfather?”

Elizabeth heard this and a trace of understanding flashed across her eyes. He suddenly got angry because of this.

She removed his hand and moved further away from him.

Because the moment she got close to him, she couldn't control herself. She wanted to lean forward and do some indescribable things.

She felt that she was really weak. Especially today, when she saw him having a blind date with another woman, she was not calm anymore. When she saw him interested in men later, she lost control

The scene just now was so embarrassing! She really was too bold.

“Because I'm now the wife of the Campbell family.”

She still had to act as the daughter-in-law of the Campbell Family, so I could not see Master Hilton.

After saying that, she wanted to walk past him and leave, but Matthew held her hand and didn't let go.

He knocked her against the bathroom door and looked down at her.

“Elizabeth, since you know that you’re the wife of the Campbell family, what did you do to me just now?”

He was a little crazy, his dark eyes were staring at her.

Elizabeth also felt like she had gone mad. She had gone mad just now, which was why she was so bold.

Looking at his angry face, she softened her voice and caressed his neck. She rubbed his sexy Adam’s apple.

“Don’t be angry. It’s true that I like you, but I still have some things to do. When I’m done, I’ll definitely take responsibility for you.”

She started comforting him. She couldn’t make him mad anyway. After all, she admitted that she liked him.

She needed to seize this opportunity to win his heart again.

Matthew listened to her and his tense expression relaxed when he saw her gentle little face.

He lowered his head and kissed her on the lips.

Chapter 849 Sweet Time

The kiss lasted for about ten minutes. Anyway, the air in Elizabeth’s body felt like it was sucked out by him.

If he hadn’t hugged her, she might have slipped to the ground long ago.

When Matthew let go of her, he narrowed his eyes.

Elizabeth felt that as long as she defeated Saint this time, everything between her and Dominic would be over

After leaving the suite, Matthew wanted to hold her hand. She shook her head at him.

“Matthew, bear with it.”

Elizabeth might say that, but she really wanted to get closer to him. She wanted to hold hands with him, embrace him, and hug him.

Matthew could only put his hands into his pockets.

When they entered the elevator, he asked.

“Are you hungry?”

The two of them hadn't eaten dinner yet!

The reason Matthew brought her to the hotel was to scare her and see how she would react.

Secondly, it was to eat in the room without being disturbed by anyone.

In the end, her reaction made him forget about the second intention

Elizabeth saw that there was no one in the elevator, so she moved to his side and bugged his arm.

“I'm not hungry, because I've eaten a lot of little Matthew!”

After saying that, she buried her face in his arms.

Matthew smiled. It was a brilliant smile. He lowered his gaze and gazed at her intensely

Yeah, next time you'll eat more."

It sounded like an invitation. Elizabeth's face was buried in his arms, but her ears betrayed her. She was embarrassed.

When they reached the first floor, the elevator doors opened and Elizabeth hurriedly retreated to the side, keeping a distance from him.

Lizzy in the elevator just now disappeared.

Elizabeth's face was smiling, but she still felt a little upset. She really wanted to stick to him!

Matthew was even more upset. He didn't like how this girl pretended to be strangers.

But there was no other way. He really wanted to take her home and hide her.

Matthew knew that if he wanted to conquer this woman completely, he had to do as she wished and let her do what she wanted to do.

Otherwise, she would run away from him.

After arriving at the Campbell Residence, their car stopped and the door of the Campbell Residence opened.

The butler came out with a leas of servants. The butler opened the door for her personally.

"Welcome home, Young Mistress One of the servants at the back bowed and said loudly.

Chapter 850 Everyone Loves Him

Elizabeth was stunned in the car. Even Esme and the driver were shocked by this scene.

The calmest person in the car was Matthew. He had been holding Elizabeth's hand all this while. When Elizabeth saw the car door open, she quickly retreated.

Hence, he wasn't too happy. He thought of kissing goodbye.

Unexpectedly, the butler of the Campbell Family brought the servants out to welcome Elizabeth. It seemed that they were quite happy with Elizabeth's return.

Elizabeth turned her head and smiled at Matthew "Mr. Hilton, thank you for sending me back. Goodbye!"

After saying that, she got out of the car gracefully and walked toward the Campbell Residence. Behind her was a group of butler and servants. The scene was like she was greeting the queen returning to the palace.

Esme couldn't help but ask, "The Campbell family should value Ms. Wade a lot."

He wanted to remind his boss that Elizabeth was married, and that he shouldn't play with her anymore.

Even though it was normal for someone like his boss to play with fire, he could get any woman he wanted.

However, this Lizzy was different from ordinary women.

Previously, she married Dominic, and she almost killed Mr. Hilton.

"Why isn't Mr. Hilton learning his lesson?"

Matthew said coldly, "Let's go home!"

Elizabeth was baffled all the way. What happened today?

She couldn't help but take a look. It seemed that the Campbell family hadn't changed much

The only thing that changed were the servants of the Campbell family. The welcome manners were too much?

She was a little flattered!

The moment they entered the house, Madam Campbell and Shelby welcomed her too.

"Lazy, you're back. Are you tired?"

Madam Campbell took her hand and asked gently

Madam Campbell reached out and caressed her face. "I'm sure you're hungry. Look at how skinny Lizzy is. Let's eat!"

She said the last two words to the maid. The maid quickly ran into the dining room and asked them to prepare the dishes.

Aona, who was sitting on the sofa, was completely dumbfounded. What is going on?

"Are the old lady and sister in law going crazy?"

She couldn't help but kick her husband. "What's going on?"

Laurence was working for the whole day. How did he know what happened?

"How would I know?"

The two of them had always hated Elizabeth and wanted to chase her out.

But now they were being so attentive now. Something's wrong

Madam Campbell and Shelby pulled Elizabeth to the sofa and sat down. One of them was pouring water while the other was cutting fruits.

Elizabeth was also dumbfounded "Grandma, Mom. I can do it myself"

At this moment, Dominic came down from upstairs and saw his mother and grandmother treating Lizzy so well. The corners of his lips curved into a smile.

Sure enough. getting Lizzy to accompany them shopping once was a good idea.

Not only did he buy her pajamas, but he also personally waited to welcome her.

He walked toward them with a smile and glanced at the fruits and snacks on the table.

Dominic picked up one and put it in his mouth. Madam Campbell cursed.

"You kid, how can you steal your wife's food? If you want to eat it, go get the servant to cut it for you."

Elizabeth was shocked. They loved Dominic the most. How could they treat him like this today? She was completely confused.

Dominic laughed. "Okay, I won't steal from Lizzy. Give it to her."

Elizabeth looked at Dominic. All she could see in his eyes was a smile and a blissful feeling!

Arthur and Antony followed Master Campbell out of the study. Master Campbell was in a good mood.

“Lizzy, your two sons are not bad. I was teaching them calligraphy today. In just a few hours, they are already better than me. I really don’t deserve to be their teacher.”
