

Game Over 851

Chapter 851 I Want To Adopt Three Kids

Madam Campbell was a little surprised. “Really? You’ve been practicing for more than fifty years. How can they be better than you just like that?”

After saying that, she walked toward the two little ones and reached out to caress them.

“H, these two guys are really good looking. They’re strong and firm! Let’s take Abby home tomorrow! From now on, you’ll treat this place as your home.”

By the time she said this, she had already stuffed desserts into the hands of the two kids.

Dominic secretly asked, “What did you guys do shopping today? Granny and Mom have already fully accepted you and treated you and the

three kids as family.”

Elizabeth was also confused until Dominic reminded her.

Only then did she try her best to recall what she had done to the two ladies of the Campbell Family today.

Suddenly, she remembered. Could it be because she was the CEO of S Group?

If it was really because of this identity, then she didn’t think it would last long.

After all, this company was left by Auntie Campbell to her daughter. If her daughter returned in the future, she still had to return it to her!

She sighed softly. This must be the reality!

“When you have a strong backup, when you have your own career and financial independence, those who look down on you will look at you

differently.”

If she didn't have S Group, they will ever like her and would only oppress her?

Anna really did not understand why the old lady and sister-in-law had changed after just a day.

She looked unhappy and took a dessert prepared for Elizabeth. This dessert was specially served for the royal family, it was hard for ordinary

people to buy.

She had been craving it for a long time, but could not afford it.

There were so many here that she could eat more. Before she could even put it in her mouth, she was scolded by Madam Campbell

“Anna, I didn't buy it for you. Put it down.”

Anna opened her eyes and took a glance at the dessert.

“I've already picked it up. Will anyone want to eat it after I put it down?”

After saying that, she took a bite, feeling that this taste really was absolutely divine.

Grandmother shot her a stern look. “If you had a kid for the Campbell Family earlier, you will have plenty of this dessert.”

Anna thought that the dessert was quite delicious. When she heard these words, she instantly became upset.

“Mom, what do you mean by that? Do you think I could not get pregnant? That’s because your son doesn’t want to have a kid. He wants to be a

DINK*

Upon hearing this, Madam Campbell looked at her son.

Laurence, tell me, is there a problem with you?”

Laurence denied, “It’s nothing”

In an instant, it became Anna’s problem.

Anna was so angry that she threw the dessert back onto the plate. “That’s right. I could not give birth, but you don’t know whether your

granddaughter in law can give birth yet! You guys can raise her kids like a fool!”

After saying that, she stood up and left.

Madam Campbell pointed at Laurence. “Hurry up and give me a grandchild.”

Laurence glanced at the door. “Got it, Mom.”

Elizabeth was talking to her two sons and she even asked them to eat some snacks.

Dominic patted their heads. "Since you're here, great grandfather has become happy. Thank you!"

Arthur and Antony looked at each other and Antony spoke up.

"It's what we should do."

You're our savior. It's only right for us to make your family happy.

After the family had dinner together, grandmother dragged Elizabeth out for a walk.

Arthur and Antony were in the room and they were having a video call with their sister.

Abby had already showered. The maid helped her dry her hair. Her face was as fair as milk.

Her big eyes stared unblinkingly at the two brothers on the tablet.

"I miss all of you."

Arthur and Antony spoke at the same time.

"We miss you too."

Madam Hilton was standing by the side. She was touched by this scene.

"Hey, your siblings really have a good relationship! Why don't you all come to our house! Be Matthew's godsons and goddaughter, what do

you think?*

After saying that, Marles Hilton roared.

“Ark Matthew to have his own sons and daughters

Chapter 852 Great Grandsons.

Abby trembled in fright. Madam Hilton was the same. She probably didn’t expect him to be here.

Arthur and Antony called her.

“Sister, are you alright?”

Only then did Abby take a glance. “It’s fine! It’s the handsome old man who’s unhappy because Daddy likes boys. Can a man marry a man?”

Even though Abby was a kid, she could still understand the conversation between adults.

Arthur and Antony did not believe it

“Don’t listen to other people’s nonsense. It’s impossible for him to like men. Trust me.”

“That’s good.” Abby smiled.

Otherwise, Lizzy wouldn’t be able to marry him anymore. In that case, she won’t have a daddy anymore. She really wanted him to be her real

daddy!

Upon hearing Arthur’s words, Master Hilton took the computer and aimed it at him.

He saw the two boys on the screen, the more he looked at them, the more they resembled Matt

He couldn't help but sigh, "These two boys and this girl. I like quite them a lot, but they're not the Hilton Family's descendants. It's a shame."

The thought of not knowing who their father was made her feel very regretful. If that father was Matt, it would be great.

He was so angry that Matthew slept with a man today.

Antony greeted him with a smile. "Hello, Great grandfather!"

Master Hilton laughed immediately, "Hello! Abby keeps nagging about you. Why don't you come over to our house tomorrow?"

He comforted her gently. The smile on his face was really rare.

Madam Hilton was a little surprised. What happened to the old man? Why did he suddenly change his personality?

Previously, didn't he hate these three kids?

Now, is it because of Matt that he wants to adopt them too?

If that's the case, it'll be great.

Arthur replied, "I will tell the great grandpa here tomorrow and then we'll go there"

The time of the video call was very joyful. The few of them chatted and laughed.

Even Master Hilton smiled joyfully

After he hung up the phone, Master Hilton let out a long sigh

“1(Matt was married, we would have lived a hite like this long ago”

Abby wrapped her arms around his neck

“Old man, you still have us! We like you a lot?”

Madam Hilton hugged her “My cute little gul It’s time for us to rest”

Abby looked at the door. “Is he back I want to sleep with his tonight”

“I feel good sleeping with daddy. I’m not afraid at night”

Besides, she liked to smell his scent.

Master Hilton harrumphed coldly, “He won’t be back Go to sleep!”

“Uncle Hilton is busy today. He will be back very late Abby will sleep alone in the children’s room, okay?”

Although Abby missed her daddy a lot, Mommy had told her that she had to be a good gul

Yeah, good night

After accompanying Abby to sleep, Madam Hilton and Master Hilton left the children’s room

Madam Hilton then asked, “You old man, didn’t you dislike them before? Now that you’ve changed so much, do you want to adopt them 7

1 Master Wade thinks the same way, then she was going to tell Lazy. After all, the Campbell Family would let her have a kid anyway.

She could leave these three to the Hilton Family

Master Hilton snorted coldly and put his hand behind his back.

“I just like smart children. Those two boys aren’t simple, don’t you know about this?”

At this moment, Matthew happened to walk from the corner of the staircase. His voice was soft and magnetic.

“What if they are your real great-grandchildren?”

Chapter 853 Conversation

Upon hearing this, their eyes lit up and they all walked toward him.

Madam Hilton held his hand and caressed it gently.

“Matt, aren’t you telling the truth?”

“Well, this kid likes Lizzy so much. It’s not for no reason, it must be because he’s disappointed her in the past.”

So he wanted to compensate her.

However, it was a pity that they broke up in the end. Now that Lizzy was married, it was considered a good marriage. Dominic was also an

outstanding person.

Thus, Madam Hilton had never thought of breaking up the family.

Matthew was in a good mood today. At the thought of Elizabeth's words, he felt so happy.

Master Hilton couldn't wait for him. "Come on. What are you trying to say here?"

Master Hilton was about to jump out of anxiety, but for the sake of his dignity, he still got it together.

However, he couldn't hold back anymore.

Matthew raised his eyebrows, looking slightly serious.

"Do you think it's possible?"

Before the announcement, he had to make them like Lizzy before telling them.

He had it planned, so even if he saw the two elders so excited, he still didn't spill the secret.

Master Hilton shot him a look. "I knew you were joking. Hmph!"

"Follow me to the study."

Madam Hilton saw that Master Hilton had already walked toward the elevator. She was a little worried.

"Matt, I've already told everything about you today, so if he asks about it later, you can say that you're just friends, not that kind of

relationship. Otherwise, I'm afraid that he'll punish you."

Matthew looked at the old man who was walking with his hands behind his back.

“He’s really getting old. When he was young, he often rode him onto his back like a horse.

Even though his expression was very serious and he treated him very strictly

But his heart was filled with love!

At this moment, looking at his bent waist and no longer strong body, he suddenly felt a little sorry for him.

He had never been an obedient kid. He did not follow their steps.

Especially about marriage and having a kid. Ever since he graduated from university, the two of them had argued countless times.

He decided to give in once.

Madam Hilton held his hand and followed behind Master Wade into the elevator to the first floor.

After entering the study, Matthew closed the door.

Master Campbell sat on the wooden sofa and smoked. His hair was completely white.

“Grandpa.”

Matthew walked to his side and stood straight.

Ever since he was young, he had always been like this. He would always stand in front of him.

Master Hilton stretched out his hand and placed the ashtray in front of him.

“Matt, sit down!”

Now that he had grown tall, he still had to look up at him. His neck hurt.

Matthew sat opposite him, holding his knees with both hands, sitting like a soldier.

“Matt, I know I didn’t let you marry Elizabeth before and hurt you. That’s why you want to anger me, so you found yourself a man. But, Matt,

you’re the only blood of the Hilton Family. Our family depends on you. Don’t let the Hilton Family disappear like this.”

His voice suddenly became so gentle. He didn’t scold or lose his temper. Instead, he spoke heartily

“It’s my fault. I didn’t discipline my son well back then. That’s why he did something wrong and passed away early with your uncle.”

Chapter 854 I Want To Marry Elizabeth

The old man’s expression was filled with sadness when he talked about the past.

But Matthew didn’t know about this. No one told him about it.

Frowning slightly, he asked. “Grandpa, what happened that year?”

Upon hearing his words, Master Hilton let out a long sigh

“Forget it, let’s not talk about it. That’s all in the past.”

The old man stopped talking about what happened back then. Even if Matthew were to investigate, he would not be able to find out.

The incident back then seemed to have been erased, leaving no trace.

Master Hilton looked at him and said, "Matt, do you understand my feelings? I lost my son, so don't let me die without being able to close my

eyes"

This time. Master Hilton made it hard for Matthew to refuse him.

"I won't disappoint you."

After saying that, he got up and said, "Grandpa, rest early!"

Matthew left the study. When he walked past the living room, Madam Hilton was still waiting there

Only Madam Hilton was relieved to see him come out unharmed.

"Matt, didn't your grandfather hit you?"

Madam Hilton had already thought about it. If there were any quarrels inside, she would definitely do her best not to let Master Wade hit him.

She regretted telling him everything that happened today. She thought he would listen to her and accept Matt and his boyfriend.

The old man was still stubborn, unable to accept new ideas.

“No, Granny Why aren’t you asleep yet?” Matthew asked.

By the time it was almost 10.30 p.m., the old couple would have a good night’s sleep and they woke up early in the morning too.

Madam Hilton held his hand. She liked to hold her eldest grandson’s hand.

Previously, the little kid growing up under their care and could give them a sense of security now.

Matthew cased the old woman’s hand gently “Grandma, the young man you saw today is Elizabeth. I’ll marry him in the future”

He did not have anything from Madam Hilton. Moreover, he needed Madam Hilton to be the one who convince grandpa

He wanted to give Elizabeth a beautiful marriage. After all, she had suffered so much because of him.

Madam Hillou’s eyes widened when she heard this

“Is it Lizzy? No wonder he looks so familiar. So it’s her?”

Madam Hilton was obviously very happy, but her face soon became bitter.

“Matt, we could not be that kind of people who destroy other people’s marriages. We have to have a bottom line.”

At the thought that she and Dominic were married, so she would rather accept a boy than a married woman.

Matthew withdrew his hand and wrapped his arms around her shoulder.

“Grandma, don’t worry. Your grandson won’t do anything stupid. I know what to do.”

Madam Hilton was still quite worried. After all, relationships had led many people to the wrong path, just like his father.

Therefore, she was afraid that her son would go on the same path as his father.

When they reached the second floor, Madam Hilton glanced deeply at Matthew

“Matt, don’t ruin other people’s marriage.”

After saying that, he let out a long sigh. Because Matt looked so much like her son, it reminded her of her eldest son whenever she saw him.

She couldn’t help but recall what happened back then.

Matthew smiled when he saw Granny’s serious expression.

“Grandma, don’t you believe me? Get some rest. Good night!”

Matthew went to the third floor. When he passed by Abby’s room, he went inside.

There was a maid guarding the room. She was sleeping. When she saw the person entering, she quickly stood up.

“Young Master, I didn’t do it on purpose.”

Matthew said softly, “Keep quiet. Don’t wake her up.”

The maid hurriedly shut her mouth and left the room.

Matthew sat down by the bed and looked at his daughter sleeping soundly with a doll in her arms.

He reached out and caressed her face gently. "Darling! You'll be able to call me daddy really soon."

Chapter 855 Video Chat

Abby seemed to have sensed him. She suddenly moved and whispered.

"Daddy. Hehehe..."

The corner of Matthew's lips curved up when he saw that she seemed to have him in her dreams and was smiling so happily.

Then, he leaned over and kissed her on the cheek. After kissing her, he tucked her in before getting up and leaving

When we were leaving the house, there was a maid at the door.

"Goodnight, Young Master!"

The maid was a nursery. She was hired here specifically to take care of Abby

"Take good care of her."

"Alright, Young Master."

Matthew went back to his room. After taking a cold shower, he changed into a black nightgown. When he was fastening his nightgown, he saw the thick scratches on his belly.

One inch further, the place had been licked by a girl.

He suddenly missed her, so he didn't tie the straps. He exposed the man's collarbone and called her via video call.

However, after being hung up. Matthew furrowed his brows slightly.

Didn't she just admit that she really liked him? Why didn't she even take his video?

At this moment, she sent a text.

"I'm taking a shower. It's inconvenient to take the video."

When he saw this, his Adam's apple rolled up and down.

Finger waved and he typed.

"I want to see, answer!"

The cold and cold tone was exactly the same as him.

Elizabeth was in the bathtub. Thinking of what happened during the day, she couldn't help blushing.

Now that she was in a tub but still needed to take a video call. What a wicked man.

At this moment, the video call rang again.

Elizabeth hurriedly straightened her hair and sank down again. The water reached her neck and she answered the call.

Matthew only saw her pretty little face. His eyes were filled with dissatisfaction.

He narrowed his eyes slightly. "Raise your phone, otherwise your face looks enormous."

Elizabeth opened her eyes slightly. Is her face enormous? Her face has always been very small ever since she was a kid.

Hence, she could only lift it up. When the part below her neck that was soaked in the water was exposed, Elizabeth realized that she had fallen

for his he

Matthew was practically a cunning wizard.

Matthew was already prepared not to blink, but his face darkened when he saw that the water had reached his neck.

"Did you run too much water?"

Elizabeth was no longer the innocent little girl. After being with him for so long, she understood a lot of things.

She laughed.

"Matthew, you're really bad enough. If you want to see my body, just say it. Why are you beating around the bush?"

Matthew's eyes lit up slightly and he swallowed.

“Teah, I want to see you. Sit up.”

Elizabeth only said it casually. She did not expect him to be so thick-skinned.

Hence, she looked down and shook her head at the screen.

“No. I am shy.”

This was true. Even if she had done anything with Matthew, and he had seen her body before.

But she really couldn't be naked during a video call.

Matthew saw her blushing. He didn't know if it was from steaming, or she was shy, but she looked beautiful and desirable.

He lifted his pajamas a little. “Let me show you first.”

Elizabeth's eyes widened in shock. She looked at his chest muscles. It looked firm and she knew that they felt good.

Hence, he swallowed a big gulf. Matthew leaned against the edge of the bed. The light in his eyes was strong, and his voice became hoarse.

“It's your turn.”

Elizabeth had already seen it. Of course she had to keep her promise, so she kept blinking.

All she needed to do was blink her eyes repeatedly to show that she was preparing herself. This girl was still fooled by him.

He was waiting, and actually felt something was hard.

Elizabeth moved upwards, revealing her callarbons and beautiful shoulders.

“Are you done?”

Chapter 856 Matthew Is Too Bad

After saying that, she sank again. Her face was already so red.

Suddenly, she had a strange feeling. It turned out that video chat could be so interesting

Matthew’s face darkened. The more she didn’t show it to him, the stronger his reaction was

Lowering his head, he looked somewhere and said coldly.

“Elizabeth, little Matthew said he misses y

s you.”

Elizabeth actually understood instantly. Her eyes were filled with panic.

She was too naughty today. She actually told him that she was full from eating little Patricks. Wasn’t this digging a hole for herself?

Ahhhh....

She was on the verge of losing her mind and wanted to hang up

Matthew’s eyebrows furrowed, as if he was feeling upset.

“Lizzy, help me.”

He stared at the screen with his deep eyes. Elizabeth could already feel his pam. For a moment, she didn't know what to do.

She pursed her lips. Then, what should I do? How should I help you?*

Matthew held his dick and said quietly.

Let me see you.”

Elizabeth was already able to communicate with him. She actually understood.

He want to release by myself, but he had to watch her while he masturb@te.

Elizabeth really felt like she had drowned in the water. This was simply too shameful. She didn't want it and didn't agree to do so.

But the man looked like he was in extreme pain.

“Hurry up!”

Elizabeth had no other choice. For the next half an hour, she could hear his deep breathing.

Her ears felt numb. She held the phone, allowing the screen to see every part of her body

She did not dare to show her face and only showed where he wanted to see.

40 minutes later, he let out a low roar, and Elizabeth's nervous heart relaxed. Why did he take so long?

She could not stand it anymore. Besides, he even said those words, making her feel extremely shy.

Just when he was done, she said.

“Goodnight, Mr. Hilton!”

After that, she hurriedly hung up the video, not daring to recall what happened just now.

She closed her eyes to calm herself down. After a while, she finally calmed down.

Dominic knocked on the door “Lazy, are you alright?”

Seeing that she had been bathing for so long, he was a little worried, so he came over to ask her

Elizabeth replied. “I’m fine. I’ll be out soon.”

However, her voice was trembling.

Sigh!

At this moment, Matthew sent her a voice message.

“Darling! Why did you hang up the video?”

Elizabeth rolled her eyes at the screen. Don’t you know?

However, she did not dare to say this. She could only clear her throat and speak more normally.

“My skin is almost puffy. Of course, I’m in a hurry to leave the water!”

A short while later, Matthew sent her another voice message.

“I want to hug you to sleep, hmm?”

The hmm was so seductive that Elizabeth shuddered again.

Doesn’t he have to be so seductive? It’s so terrifying that she’s goosebumps all over.

Elizabeth dried the water, put on her pajamas, and texted.

“There’s everything in your dreams! Good night!”

After sending, she wiped her face before pushing the bathroom door open and left.

Dominic was lying on the bed. When he saw her, he looked at her.

“Why did you take so long? I thought you fainted.”

If she doesn’t make another sound, he’ll take the keys to open the door.

Elizabeth felt extremely guilty. If anyone else found out about what she and Matthew did inside, it would be so embarrassing.

She then could no longer show up in public, so she hurriedly pulled open the quilt and went in. Her back was facing him, not daring to look into his eyes.

“It’s just a comfortable bath, so I took a bath for a while longer. I’m so tired, I’ll go to bed first. Good night!”

Dommie looked at the back of her head. He always felt that this girl came out of the bathroom a little differently. Her fare seemed to be

flushed. Wasn't she having a fever?

Chapter 857 What Does He Want To Do

Dominic walked to the other side of the bed and looked at her little face. Indeed, her face was red.

"Are you having a fever?"

Elizabeth closed her eyes when she heard this.

"No, it's just the heat. You should get some rest too! It's getting Inte."

All she wanted at this moment was to be quiet. She wanted to forget everything that happened today.

Otherwise, she won't be able to sleep tonight.

Dominie saw that she closed her eyes and her forehead was not burning, so he didn't think much of it and turned away.

Elizabeth woke up in the middle of the night.

She always seemed to be dreaming. She dreamed that she was in the water and couldn't breathe.

She opened my eyes abruptly and saw Dominic's handsome face. However, his expression was cold, and there was a strong hostility.

You..."

Elizabeth knew that he was Saint. Why did he show up in the middle of the night?

Sigh, she should have tied Dominic up last night.

It was because she was worried that he won't be able to sleep when he was tied up, so she didn't do it. Now, she was probably going to die in his

hands

"Elizabeth, you bitch! How dare you kidnap me! You're seeking death!"

As he spoke, he withdrew his hand and slapped her on the face.

Elizabeth could finally breathe. She pressed her neck and took a deep breath.

Previously, she really thought she would die in the hands of Saint. Fortunately, she could breathe now.

Saint burst into laughter when he saw how upset she looked.

"Get up, follow me."

Elizabeth subconsciously took her phone and looked at it. It was 3.30 am.

"Where are you going so late at night?"

This lunatic is really crazy.

Saint said coldly, "Just follow, don't talk nonsense, otherwise I'll cut your bro sons right away."

Elizabeth was shocked upon hearing this. Recently, she felt that her two sons were safe in the Campbell Family.

Hence, she did not ask the bodyguards to protect them secretly. However, this guy's words reminded her.

He could appear anytime. As long as he wanted to harm his two sons, it would be a matter of minutes.

She was scared, so she hurriedly stood up.

"Alright, where do you want me to go?"

As long as she went along with him, he probably wouldn't touch her children.

Elizabeth now felt that she was simply too humble. However, no matter how humble she was, as long as the children were safe.

Elizabeth was wearing casual clothes. Even if she went out like this, it wouldn't look strange.

However, she saw that Saint had already changed his clothes.

Dressed in a black leather jacket and underneath a pair of black trousers.

Different from the usual Dominic.

After exiting the bedroom, she bumped into a night waiter in the living room. When she saw the two of them, they saluted respectfully.

"Young Master, Young Mistress."

Elizabeth nodded her head, but Saint did not care about them at all.

“It’s so late. Where are you going?”

A normal person would be asleep at this hour, so the maid found it strange.

One of them was wearing everyday clothes, while the other one was in homewear. Did they get into an argument?

Especially the young master. He looked so cold, and his gaze was so dark that it was terrifying

Elizabeth smiled and said to them, “I’m a little hungry. We are having a night snack.”

The maid was even more puzzled. Isn’t there a chef at home?

No matter how late it was, as long as they wanted to eat something, he would come over to make it.

Saint saw her explaining with the servant, so he roared.

“Why are you talking to her? She could not save you. Leave quickly.”

Elizabeth’s whole body is shaking. What is he up to tonight?

Chapter 858

Elizabeth pursed her lips. She really wanted to ask the servant for help!

But the man was staring at her. She had no other choice.

All she could do was turn around and follow him. He went to the parking lot and picked up a sussy sportscar.

He had already got into the car. Elizabeth stood not far away. She thought of her phone which was thrown into the toilet.

Even if she wanted to call for help, there was nothing she could do. She comforted herself

“Elizabeth, don’t panic. At most, you’ll knock him out and let Dominic show up

After thinking about this, the nervousness in her heart disappeared.

He in the car was no longer in a hurry. He pressed on the horn, making her tremble slightly because the sound was too ear piercing

She walked towards the red car and opened the car door to get in

Elizabeth hadn’t fastened her seatbelt yet. The car flew away like an arrow, and Elizabeth bumped into the car window

She had to fasten her seatbelt and lock herself up.

Turning her head, she warned him, “Drive slowly. I’ll faint. If I vomit all over you, don’t blame me

A woman who used to be timid, but now she was quite brave and dared to yell at him.

Saint could not help but turn his head and glance at her with a cold smile in his eyes.

“Elizabeth, I have a wine date with someone. Don’t be scared later!”

Elizabeth looked at him suspiciously. Who exactly is this fellow meeting?

It should be impossible to frighten her

The car sped almost 200 miles on the road. Elizabeth thought to herself, a lunatic is a lunatic, He doesn't care about life at all

By the time they reached Dark Night Bar, the car slowly stopped and Elizabeth breathed a sigh of relief

It's good that she is still alive.

Saint got out of the car and tossed the car keys to the valet. Then, he strode inside.

Elizabeth got out of the car. She was wearing a white homewear and did not blend in here.

When they entered the house, the girls they met were all dressed in sexy and beautiful dresses.

Saint saw that she had been standing behind and was afraid that she would run, so he said coldly.

"Let's go"

Elizabeth heard his roar and could only speed up.

1/2

Along the way, she had been thinking about how to get someone to come over. However, without her phone, she couldn't remember anyone's number.

"Elizabeth, you're really stupid."

After giving birth, her memory had really deteriorated a lot. People said that a pregnant woman would be stupid for three years and she gave birth to three in a row. It would probably take around 9 years!

Followed Saint into the elevator to the top floor. The outdoor bar on the top floor was very famous in A City.

There was a professional band performing there. The young people who came here at night would jump along with the band.

When the elevator doors opened, one could see the entrance in the balcony.

It was very quiet. There was no one, and Elizabeth could even hear Peppa Pig

She furrowed her eyebrows slightly, unable to imagine that there would be cartoons that children liked in a bar like this. It looked a little

weird.

Saint took her hand and let her hold him before walking toward the entrance of the balcony.

A waiter wearing a dress welcomed them.

“Are you Mr. Campbell?”

Saint said coldly, “Yes, we have an appointment.*

The waiter led the way. “This way please.”

When they entered the open-air bar, they could see the huge place. There was a big stage and many tables under the stage, but they were all empty. The curtain behind the stage was playing cartoons.

Elizabeth really did not understand what was going on

He sitting at a table in the middle waved his hand and said, "This way"

Due to the dim lighting, there was only one outline of his body. She only knew that it was a man, but her voice resembled Matthew.

When Saint led her there, he suddenly saw a little girl sitting at a table in front of the man. It was her watching cartoons

"Abby?"

Chapter 859 Pasgen

She called out and the little girl turned her head and smiled at her.

"Mommy!"

Elizabeth was completely confused. What was going on?

At four o'clock in the night, Abby did not sleep at home. Instead, she was here to watch cartoons.

She was really frightened. She withdrew her hand and ran toward Abby

"Darling, why are you here?"

She should be sleeping in the Hilton's house at this hour. Why is this happening?

She was in a complete mess

She still remembered all the things she did with Matthew before sleeping. Besides, she believed that he would definitely protect her.

However, when Saint brought her out in the middle of the night, he saw such a weird scene.

She was going crazy. She was going crazy.

Abby smiled and pointed to the man on the table next to me. "Daddy brought me here. It's very fun here. There's food and I can watch

cartoons. I can even smg! Do you want to listen?"

After saying that, the little girl ran to the band. The people in the band bent down to listen to her and the music started.

Abby was carried onto the stage. She held the microphone and sang-

"I am a Barbie girl in a Barbie world."

"Life in plastic, it's fantastic."

You can brush my hair, undress me everywhere."

Elizabeth watched Abby sing and dance on stage. She was overjoyed. Moreover, she sang and danced as if she had been trained professionally.

She was really shocked. What was happening?

The person she trusted the most took care of her Abby this way?

Elizabeth turned around and walked to Matthew's side, her eyes filled with confusion.

"Matthew, it's so late. Why is Abby here?"

Only after she finished speaking did she realize something was even more strange. Saint sat beside him, and the two of them seemed to be very

familiar.

1/2

“Do you know him?” Abe pointed at him.

No, no. He knew Domine, but I don’t think he knew Baint

However, when did they get to drink together in the middle of the night?

Matthew clapped and said.

“Darling’ You’re singing very well!”

After saying that, he looked at Elizabeth and said, “Miss, you must have gotten the wrong person. I don’t know you.”

Saint looked at Elizabeth’s surprised expression and his eyes narrowed, as if he was in a good mood.

Elizabeth was completely confused. He didn’t know her but he knew Abby?

What?

Saint raised his wine glass. “Pasgen, come, let us brothers have a drink.”

Pasgen?

He's not Matthew?

"No, no. Abby called her Mommy just now, so he must be Matthew. It's impossible for two people to look so alike in this world."

Moreover, Matthew did not have any siblings, so she was sure that he was Matthew

"Matthew, don't pretend. You know Abby, but don't you know me?"

She went over and took the glass of wine from her and placed it on the table.

"Tell me, why are you with him? He's not a good person. He wants to hurt my kids."

"Why did you bring Abby to see him? Isn't this just letting a sheep get into a tiger's cave?"

Saint saw how pushy she was and turned his head to look at her.

"You're curious as well, why would Matthew like such a shrew."

Pasgen tapped lightly on the table, "So, you're Elizabeth?"

Elizabeth's eyes widened. She really wanted to curse.

"Did you lose your memory again? Don't you know me?"

"I'm not Matthew. I'm Pasgen. I like your daughter very much. She's smart and sweet. From now on, let her follow me. I'll definitely raise her

well”

2/2

Elizabeth’s heart thumped upon hearing this.

She took a few steps back instinctively. Could it be that Matthew also have a double personality disorder?

No, that’s impossible. A strong man like Matthew won’t have this disease.

Chapter 860 Drink This

Abby was still singing there, and Elizabeth’s heart was about to explode.

Then, she looked at Saint

“Is this real?”

She must be dreaming. She must be dreaming.

Saint was in a good mood when he saw Elizabeth was confused. He burst into laughter.

“Hahaha Elizabeth, are you that scared?”

Turning his head to look at Pasgen, he said, “Come here and have a few drinks with Pasgen.”

Elizabeth rejected him directly upon hearing this.

“No, I don’t drink.”

After saying that, she walked to Abby's side. She wanted to take Abby back so that it would be safer for her.

"I also have to arrange bodyguards. I can't let down my guard by everything in front of me.."

She was so scared now. Why is Matthew like this?

He was sick, or someone was controlling everything? If someone was controlling everything, it would be too scary.

Elizabeth hadn't even reached the stage when she was grabbed by Saint.

"Who asked you to come here? You could not touch Pasgen's daughter."

Elizabeth was grabbed by him. She was not stronger than him and she was dragged toward the direction.

"Saint, you're crazy. She's not Pasgen's kid. She's mine.*"

Saint leaned closer to her and laughed loudly beside her ear.

"Now that she belongs to Pasgen, no one would dare to take her away from him. Even Matthew."

Elizabeth was pulled back to Pasgen's side and pressed into a chair.

Pasgen raised his chin and someone came over to pour Elizabeth a glass of wine.

"Ms. Wade, not anyone could touch my daughter!"

Elizabeth's eyes were tearful Isn't Matthew unaware of this personality? Does Pasgen think that she's Matthew's d

ter, so

her?

Why is he a friend of Saint

The really felt that something wasn't right. Something wean's right

Elizabeth looked at the wine glass in front of her. She did not dare to drink it. What would happen to her if she drank it?

She may become one of these two lunatics.

Saint sipped on his wine and asked.

"Pasgen, you will become the ruler of this city in the future. You can have any woman you want. Only Matthew likes this kind of slut. How about we destroy her?"

While speaking, he had already taken out his gun and gently wiped it.

The light in her eyes was dim. Elizabeth was scared when she saw the gun.

No one knew that she had come here. Although she were familiar with the two men beside her, but she was not familiar with the two of them

at this moment.

Looking at the familiar faces, she was actually by them.

At this moment, Abby ran over and she stood beside Pasgen.

“Daddy, I’m done singing. I’m tired.”

Pasgen called out, “Someone, take Miss to rest.”

Elizabeth reached out and tugged on Abby “Darling, come to Mommy’s place.”

However, Abby ignored her and shook her head.

“I’m tired. I’m going to sleep

After saying that, she yawned. It was already so late.

Elizabeth stretched her hand but her daughter did not want to get close to her. This feeling was even more terrifying.

When the servant arrived, she held Abby’s hand.

“Daddy, I’m very happy tonight. Good night!”

After saying that, she waved at him again.

“Goodbye, Uncle!”

In the end, she looked at Elizabeth. “Mommy! You have to listen to Daddy!”

After saying that, she turned around and left with the servant

Elizabeth wanted to catch up but was interrupted by Pasgen's voice.

"Elizabeth, if you want to save Abby's life, listen to me."

After saying that, he poured Elizabeth a glass of wine. "Drink it."
